NUMBER 1

CHAMBER COMMERCE HELD SPECIAL MEETING

The Chamber of Commerce held a special meeting at the office Raney-May & Garrett, on Wednesday afternoon at 3 p. m. for the purpose of talking over the proposition of a Glass Factory, with an Oklahoma, company by the name of Kerr-Hubbard & Kelly. Mr. J. C. Kelly represented the Glass factory, which is located at Blue Sand Springs, Okla.

A large crowd was present. Leman Brown the President, introduced Mr. Kelly. He put his proposition before us, and it sounds good to me. The directors of the Chamber of Commerce will outline a plan and put it before the members some time the latter part of the week.

The gentleman was very much impressed. Sand being plentiful, gas in abundance, the splendid location of our little city, with other natural resources, took pretty well with the northern gentleman.

When this factory comes, it will be a new one from the ground up. It will mean a great deal to everybody in town. Get busy fellows, let's pull this over.

First State Bank

Elects Officers

The meeting of the shareholders of First State Bank was held at the bank building on Monday night Jan. 6, for the purpose of electing officers for the ensuing year.

The Directors: S. H. Phillips, Miles Wofford, S. D. Harper, Leman Brown and P. P. Bond. The Officers: Leman Brown President, S. H. Phillips and Miles Wofford Vice President, P. P. Bond Cashier.

A ten per cent dividend was declared, \$3,000 was passed to the surplus fund and left a nice margin in un-divided profits.

Notes From The Oil Field

The Pippin well on the Burke has resumed drilling at 1430 feet.

Robertson's on Woodward are still fishing at 725.

Franklin on Pope No. 3 are fishing at 530.

Texas Company on Rice are fishing at 1930.

Gladys Belle on Schirmocker No. 4 drilling at 700.

Gladys Belle on Watson No. 3 drilling at 725.

Lucas No. 1 have had casing at 1200.

There has been a new location made on the Bough farm also one on the J. A. Robertson ranch on J. S. Martin survey No. 221.

Raney, May and Garrett received a car of Oakland. Sensible cars Saturday. These are of the newest models and are now on display in Santa Anna. Ask them for demonstration.

WOODMEN TO HAVE DINNER; ENTERTAINMENT

There will be a joint installation of officers—W. O. W. and Woodmen Circle, Saturday evening, January 17, at the Woodmen hall.

Also an old fashion social entertainment and—for all Woodmen and their families.

There will be several out of town speakers to present various matters to the members.

Come out and enjoy the evening with us.

Woodmen Committee.

Making Improvements

The above mentioned company is making an up-to-date undertaking parlor in the rear end of their large store buildings. Carpenters are busy at work making the change.

The undertaking parlor will be in the balcony, with dust proof rooms, and modern furniture.

The office for the firm will be on the first floor. We are always glad to report the improvements of our city. From the looks of everything, we will have to get busy.

PREACHING AT THE

BAPTIST CHURCH SUNDAY, JANUARY 11TH

Rev. J. M. Reynolds will conduct services at the Baptist Church Sunday, Jan. 11th, at the morning and evening hour, every member of the church is requested to be present. Bro. Reynolds comes on invitation of the pulpit committee, and if it is God's will we hope he will accept this charge permanently.

We have been without a pastor to long but we believe the Lord has led us, let us come praying that he may lead us in this as well as in the past, and if it be his will that we may secure the services of Brother Reynolds permanently.

BRINKLY COMPANY TO MAKE BRICK SOON

The Brinkley Brick & Tile Co., home office Coleman, Texas, held a meeting last Thursday, at which the following officers were elected.

Jas. E. Brinkley, president; Leon L. Shield, treasurer; J. E. Boog-Scott, vice-president; W. A. Gray, vice-president; J. B. Dibrell, secretary; C. C. Framp-ton, general manager. The Coleman National Bank was selected as depository of the company.

The Brinkley company recently acquired the Morris brick plant near Coleman and will directly begin the manufacture of plain brick. It is the intention of the company to enlarge the plant to much greater proportions, as time and conditions permit.

Improvements planned by the Brinkley company include a sewer tile plant to cost \$75,000, a fireclay brick plant to cost \$40,000. When their building program is finished the company expects to manufacture paving brick, fireclay brick, white brick, cement and glass. Natural gas will be used for fuel. The company also plans a big water reservoir for the purpose of impounding three or four million gallons of water. — Democrat-Voice.

PARKER-MELTON.

The following item from the Dallas News will be of interest to Santa Anna people. Mr. Parker is a son of Mrs. S. J. Parker of this place and was reared in this city. He has been connected with the Southwest General Electric Company for the past three years as city salesman.

Miss Minnie Marie Melton was married to James G. Parker Saturday evening at 7 o'clock at the manse of the First Presbyterian Church, 1105 South Harwood street, Dr. William M. Anderson, the senior pastor, officiating. Miss Jewell Garrett was the maid of honor and A. N. Bransford was the best man in the use of the ring service. The bride wore a tricotine coat suit and accessories and a corsage bouquet of pink roses and heather blossoms. The bride's mother and two brothers, Mrs. A. J. Melton, and W. F. and John L. Melton, were present. Two sisters of the bridegroom, Mrs. H. E. Hobson, with her daughter, Miss Mary Hobson, and Mr. and Mrs. H. L. Davis, also were present. The other guests were Mr. and Mrs. N. A. Lindsay, Mrs. W. J. Fuqua, Mrs. H. T. Hamilton, Misses Alamy Hamilton, Pauline Courtney and Harry B. Davis. Mr. and Mrs. Parker will be at home at 736 West Seventh St.

Births Reported

The following births were reported the following week.

Mr. and Mrs. E. Simmons, girl.

Mr. and Mrs. Lott, boy.

Mrs. and Mrs. Goney Huggins; girl.

Mrs. and Mrs. Albert Dean; boy.

Mr. and Mrs. P. P. Bond and Miss Atkins were Brownwood visitors Sunday.

FOR-PUBLIC WEAIGHER.

In announcing for office of public weigher at Santa Anna, I the undersigned, am not going to take occasion to "recommend myself" to the voters of the precinct. I have been a resident of this precinct a good many years. Was with the Santa Anna Telephone exchange a number of years and am now with the Wallace gin. Hence, most of you know me and will have your own opinion as to my qualifications for the office. I will present my name before the Democratic primaries and if you can support me in the race I shall certainly appreciate it and do my best, if elected, to make a faithful and efficient weigher.

Yours truly,

GEORGE M. WILLIAMS.

VOLUNTEER FIRE COMPANY DISSOLVES; MAY REORGANIZE

Santa Anna, Texas, Jan. 5th. Santa Anna Fire Company met at regular meeting with following present:

B. W. Ryan, chief and A. R. Brown, sec. Resolution as follows was adopted unanimously:

Realizing that it is impossible for the chief to create enough interest to keep together a fire company to transact business as if should be done. We therefore declare the Santa Anna Fire Co., dissolved until such time as its members sees fit to reorganize.

(Signed)

B. W. Ryan, Chief.
A. R. Brown, Secretary.

FAREWELL PARTY.

Mr. and Mrs. S. W. Childers entertained a few friends in honor of Mr. and Mrs. J. E. Seay, on Monday evening, December 28th. Mr. and Mrs. Seay will leave for St. Louis in a few days. Mr. Seay has been connected with the S. H. Phillips Drug Store for some time and has many friends that regret to loose them from our city. Music games and conversation passed a very enjoyable evening for the following: B. Weaver and wife, W. I. Mitchell and wife, E. M. Raney and wife, P. P. Bond and wife, E. W. Marshall and wife, Leman Brown and wife, G. W. Faulkner and wife and Mr. and Mrs. J. C. Seay.

J. L. Boggus and wife were here from Eastland, visiting friends and relatives last week.

SANTA ANNA NEEDS LARGE MODERN HOTEL

The people are coming in every week by the bunches. The local hotel and rooming houses are constantly turning people away, not having room enough to take care of the public.

A better location could not be found in the State, than Santa Anna, for a modern hotel.

There is a golden opportunity here for the man with a little money. There are numerous natural resources awaiting capital and the factory. Better investigate this city if you want to make some good investments.

REV. UMPHREY LEE

RETURNS TO AUSTIN

Rev. Umphrey Lee, son of Rev. Josephus Lee, the pastor of the Methodist Church, has returned to his home in Austin, after spending the holidays with his parents. During his stay here, Mr. Lee filled his father's pulpit three times, speaking to appreciative audiences.

Mr. Lee is director of the Wesley Bible Chair in Austin. This is an educational institution of the Methodist Church in Texas. According to the policy of the government, the State cannot teach religious subjects; but arrangement has been made where by the Bible, in its historical and literary aspects, may be taught by recognized educational foundations. The arrangement under which this is done, is substantially as follows. The University gives credit on the Bachelor of Arts degree for as much six hours (or two full courses) work in Biblical History or Literature, provided such instruction is given by an educational foundation, whose equipment and instruction equals that given by the State, the University itself being the judge. The Wesley Bible Chair is at present offering two full courses, which are recognized by the University.

In giving this credit, the University of Texas is in line with the most forward of the State Universities in the country. The principle of credit for such work has been recognized at the University of Illinois, and numbers of others are giving some such courses. Other churches have their chairs at the University, and considerable work of this character is being done.

CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Roysa City, Tex.—Mrs. Mary Killman, of this place, says; "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot...

I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

PROFITS OF A COLEMAN COUNTY FARM.

(From Temple Daily Telegram)

The Democrat-Voice, a Coleman county publication, relates the story of a farmer's experiences in that county this year that sounds almost like a legendary tale until one stops and reflects about the wonderful things that have been done in central Texas this year.

This farmer bought 119 acres of land near the town of Talpa for \$3,000, in November of last year, about \$25 per acre.

Working singlehanded he has accomplished the following: Sold off the place 3,000 bushels of oats at 60 cents per bushel or 60 per cent of the purchase price of the land. Marketed cotton to the value of \$3,750 and has a bale or two to pick, which will doubtless bring the total to around \$4,000 or 133 1-3 per cent of the original cost of the farm. Raised other feed crops to run another year, has some live stock on his grass and has flat broken for next year's crop 58 acres of his land.

In other words this farmer as the result of one year's work has paid for a home, made a good living, stored feed for his stock for next year, accumulated some live stock, banked about \$2,500 or \$3,000 upon which to operate and start a saving account, and has a lot of work done on next year's crop.

Or looking at it from another angle his farm profits have been nearly twice enough to pay for the land he was cultivating.

The Democrat-Voice attempting to lead us to believe that Coleman county is the place where dreams come true, says: "His first year's experience at farming in Coleman county is not unusual—many others have probably excelled or equalled him—but his year's work demonstrates what one man, singlehanded and with a will to work can do in this virgin field of opportunity."

Neither do we think this experience peculiar to Coleman county this year, it is more or less common to all central Texas. Even here in Bell county a renter on a farm valued at probably six times what this man paid, has raised such a bumper crop of cotton that the landlord is known to have left a standing offer to give him a deed to the farm for the renter's three-fourths interest in the cotton.

Bell county may be one of the oldest and wealthiest counties in the State; but Coleman county, you might say, still in her infancy of development, can make the Bell county man get up before breakfast, to compete with him.

A Santa Anna farmer bought a farm of 100 acres at \$40 per acre last year. Leased the land to one of the local oil companies for \$30 per acre. Made thirty bales of cotton, 450 bushels of corn, 50 tons of feed stuff, raised garden truck to run the family a year, sold eggs and butter enough to buy the winter clothes. Cut the winter fuel from the dead wood in the pasture, paid his doctor bill and renewed his home paper. This is the class of farmers we have in Coleman county. And we have plenty of them.

BLIGHT HARD ON CHESTNUTS

Disease Bids Fair to Wipe Out Completely Both the Tree and Fruit in Maryland.

According to the announcement of State Forester Besley of Maryland chestnuts will be scarce this year, and he also predicts that the chestnut tree and its fruit will some day be but a memory.

In the vicinity of Baltimore the chestnut crop is negligible. The fine groves that once were found in this section of the country have all but disappeared, following the ravages of the blight, and, according to the state forester, this will eventually be the fate of the chestnut wherever it grows. There is no remedy for the strange disease. The only hope is the mountain regions of the western part of the state. The blight is spreading all too rapidly in that direction, but as yet the region west of Hagerstown is still in pretty good condition, according to Mr. Besley. He reports, however, that the blight was discovered by him this season in Garret county. It is said to be a product of China and is supposed to have been imported to this country on some specimens of Chinese chestnuts which were planted in the vicinity of Long Island. State and national experts have worked on the problem unceasingly.

LOOKS THAT WAY

"You seem thoughtful, Flubdub. What's the matter?"

"Nothing. I have been promising my wife for years that I was gonna stop drinking."

"Well?"

"I'm beginning to think that I'm gonna stop."—Louisville Courier-Journal.

REMARKABLE PEDESTRIAN.

One of the most remarkable pedestrians ever known is probably Edward Payson Weston, who walked in one day from Philadelphia to New York, a distance of 95 miles. He left the city hall in Philadelphia at five minutes after midnight, and reached the city hall in New York at 11:35. A year later he walked over the same route he had walked 40 years before, beating his own previous time by many hours, and going 1,300 miles in 24 days and 20 hours. Of all the rivals an athlete has to face, the most difficult to overcome is his past self.

ONE LINE OF TREATY.

Official Washington is puzzling its head to interpret one line of the treaty with Austria, which provides for the "return of a certain object to Poland." Further than that the object is not identified, although every other thing which Austria is supposed to return is described in detail. The "object" may be a king's shin bone, a royal egg beater, a bottle of Paderewski's hair oil or almost anything else you choose to mention.

RAILROADS FOR EAST INDIES.

The colonial government of the Dutch East Indies proposes to build 10,000 miles of railways during the next 15 or 20 years. This is only possible, colonial officials say, by the investment of American capital and with the assistance of American engineers.

EMBARRASSING SITUATION.

"I thought you were opposed to work," said Meandering Mike.

"I am," answered Plodding Pete.

"But it's got so two or three honest loafers can't get together and stroll through the highways without being mistook for an I. W. W. parade."

STUFF THAT TRAVELS.

One of the great metropolitan daily papers of New York City poked fun at the getup of the "dope" in one of the unpretentious little weekly papers of that state. Nothing out of the way about that, to be sure. The average country paper is a good and willing mark for criticism. However, in the same issue in which the big paper handed the country brother some hot shots, the statement was made that a certain Mr. So-and-So had been to trainload of mules for shipment to New York state, and the wise guy who posed as a newspaper critic was of the opinion the stock "was to be used for breeding purposes."—Tecumseh (Neb.) Chieftain.

COTTON CONTINUES

TO COME IN

Cotton ginnings in Coleman County prior to December 13, 1919, amounted to 25,934 bales, according to figures compiled by Levy W. Smith, crop statistician for Coleman County. There are twenty-seven cotton gins in the county, twenty-four of which are operating. The weather has been open since December 13th and it is probable the ginnings to date may exceed 30,000 bales.

The Whole Secret of A Better Tire

Simply a Matter of the Maker's Policies

This you will realize—once you try a Brunswick—that a super-tire is possible only when the name certifies that the maker is following the highest standards.

For fire making is chiefly a matter of standards and policies—cost plus care. Any maker can build a good tire if he cares to pay perfection's price.

All men know Brunswick standards, for Brunswick products have been famous for 74 years.

Formulas, fabrics and standards vary vastly in cost. Reinforcements, plies and thickness are a matter of expense. And these variations affect endurance. It rests with the maker how far he wishes to go—how much he can afford to give.

For there are no secrets nor patents to hold one back.

To ascertain what each maker offers one must analyze and test some 200 tires—as our laboratories have done.

Then it is a matter of combining the best features and building according to the highest standards.

Once you try a Brunswick you will understand how we have built model tires, regardless of factory expense.

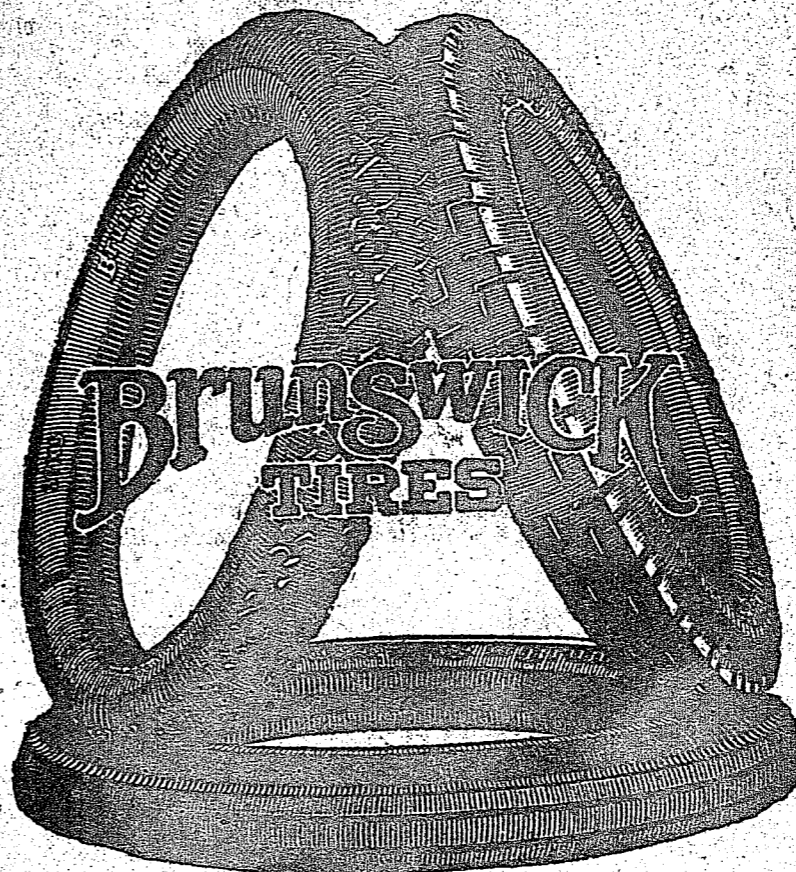

Yet Brunswick Tires cost you the same as other like-type tires. Our saving is on selling cost, through our nation-wide organization.

We realize that you expect more from Brunswicks, and we assure you that you get it. ONE Brunswick will tell you the story.

And then you'll want ALL Brunswicks. No other tire, you'll agree, gives so much for your money.

A scrub hog may look like a real hog, grunt like a real hog and eat like a real hog, but it does not produce profit like a genuine purebred hog when properly fed and cared for.

What kind of tracks have you on your farm? The tracks of purebred dairy cows, beef cattle, hogs, sheep and goats, and standard bred chickens lead to prosperity; but the tracks of scrubs lead to the mortgage shark and bankruptcy.

BIG MONEY IN ALMONDS

Dr. Strozier called at our office a few days back, with a hand full of almonds he gathered out of C. K. Hunter's yard. There are only a few trees in town, that we know of. These almonds were medium size, but as sound as any we ever saw anywhere. This is one tree that is being neglected, that is a valuable money maker. The nuts sell for 50c per pound the year round. Don't you think it would pay you to include a few trees in your fall orders. I am lead to believe that they would make good money.

Santa Anna's greatest need for the New Year is a citizenship unselfishly devoted to bettering the community. This is not a need peculiar to Santa Anna. It is the gravest defect of organized society—as is evidenced by the unrest in the land.

Perhaps no community can

boast a higher standard of citizenship than can Santa Anna. The town has a reputation for hospitality that extends far. The only reason that more people do not come here to make their homes is that they cannot get the homes in which to live.

This is unfortunate. It seems impossible to remedy it any more rapidly than homes are being built. There are many other ways in which the townspeople

WHITEST FLOUR IN TEXAS

HAVE you ever eaten biscuits that are so light and flaky that they almost melt in your mouth? Biscuits that were bigger than ordinary biscuits though sheer rising of the flour in the bread? Biscuits that taste better to a hungry man than anything else in the world?

That's the kind of biscuits made from

Sunset Flour

The Sunset Milling Company of Temple, Texas, is going to give away an automobile next June and the grocer that sells Sunset flour can tell you about it. When

you buy Sunset insist on knowing all about the automobile. It's a Ford, completely equipped with starter and lighting system.

Out of accumulated capital have arisen all the successes of industry and applied science, all the comforts and ameliorations of the common lot. Upon it the world must depend for the progress of reconstruction in which all have to share.—JAMES J. HILL.

The Successful Farmer Raises Bigger Crops

and cuts down costs by investment in labor-saving machinery.

Good prices for the farmers' crops encourage new investment, more production and greater prosperity.

But the success of agriculture depends on the growth of railroads—the modern beasts of burden that haul the crops to the world's markets.

The railroads—like the farms—increase their output and cut down unit costs by the constant investment of new capital.

With fair prices for the work they do, the railroads are able to attract new capital for expanding their facilities.

Rates high enough to yield a fair return will insure railroad growth, and prevent costly traffic congestion, which invariably results in poorer service at higher cost.

National wealth can increase only as our railroads grow.

Poor railroad service is dear at any price. No growing country can long pay the price of inadequate transportation facilities.

Justice Court of Precinct No. 1, Coleman County, Texas, Dec. 22 1919, upon a judgment of said Court rendered May 27, 1918, in favor of Jesse Sanders, plaintiff, against C. N. May and Mrs. E. N. May, defendants, I did on the 7th day of January, 1920, levy upon and seize as the property of the said Mrs. E. N. May, the following described land in Coleman County, Texas, to-wit:

FIRST TRACT: All of the S. P. May survey No. 12, Abstract No. 170003 of 320 acres surveyed by the G. H. & H. R. R. Co. and being the East one-half of Survey No. 12, Block No. 2, as surveyed by said Company.

SECOND TRACT: Also a tract of 258 acres out of the Benjamin Robb survey No. 6, Abstract No. 594, described as follows: Beginning at a stake in the North line of said survey 1900 vrs. from its N. E. corner. Thence S. 656 vrs. to the N. line of the D. W. Cloud Survey. Thence West 1790 vrs. to a stake. Thence N. 656 vrs. to a point in the N. line of said Benjamin Robb Survey a stake. Thence

E. 1790 vrs. with the North E. line of said Benjamin Robb Survey to the place of beginning.

THEREFORE, I will on the first Tuesday in February 1920, same being the 3rd day of said month, between the hours of ten A.M. and four P.M. on said date at the courthouse door of Coleman County in Coleman, Texas, offer for sale and sell to the highest bidder for cash the above described property, together with all of the right, title and interest of the said Mrs. E. N. May therein, and will apply the proceeds of said sale to the payment of said judgment and execution and costs of said suit and further costs of executing said writ.

Witness my hand at Coleman, Texas, this 7th day of January, A.D., 1920. 1-4

SOPHS

As we have had a very merry Christmas, most of us are ready to settle down to work, again. Most of the students say that they are glad to get back. We certainly missed Mr. McMurry and Miss Taylor Monday, as they did not get back from their vacation until Tuesday.

Mr. Earp: "Clara what did you do last night?"

Clara: "I dreamed I died and where I went, to."

Mr. Earp: "Was there snow

on the streets there."

Mr. Earp: "Eugene what did Christmas do for you."

Eugene: "It just simply ruined me."

Mr. Earp: "Clara, what happened to Napoleon after the battle of Waterloo."

Clara: "He lost his power—and then lost his breath."

Pearl says most people "spin yarn-s."

Miss Taylor; Ferry, what book did Dickens write that we have studied?" Ferry, "City of two tales."

AMBITIOUS YOUNG FOLKS.

Had it ever occurred to you that you had as well try to be a successful physician without attending a medical school, or a successful lawyer without attending a law school, or a successful minister without attending a theological school, as to try

to be a successful banker, or merchant, or business man of any kind without first being trained for business in the Tyler Commercial College. You would attend a university with a reputation if you wanted to make a first class doctor, lawyer or minister. Why not use the same

good judgment in selecting a business school in which to secure your training? The Tyler Commercial College of Tyler, Texas, is the business university of the South; it enrolls more students annually than any other similar school in America. Its students have come from 39 different states and seven foreign countries; its graduates are holding the very best of positions in the leading cities of the United States.

If you will spend from \$150.00 to \$250.00 for tuition, board and books for a course of Shorthand, Bookkeeping, Telegraphy, Cotton Cladding, or Business Finance, or better still, spend \$200 to \$300.00 and complete any two of these courses, you will have made the best investment of your life. What young man or woman with grit and determination cannot raise this amount? Hundreds of students who borrowed every cent of the money to attend this school, or gave their note for part of their tuition will readily tell you it was the best venture of their lives; they were soon able, through the good positions secured them by the college, to pay what they owed and continue to hold their good positions or go into business for themselves and succeed. If you always remain where you are, you will always be what you are. Think this statement over seriously. More than 300 new students, before this month closes, will be added to the fifteen hundred that are now here. Why not you be among the num-

ber? You can enter any day and take up the work. For large free catalogue, verifying the above claims and more, fill in and mail.

LET'S GO

Put one hundred men on an island where fish is the staple article of sustenance. Twenty-five of the men catch fish. Twenty-five other clean the fish. Twenty-five cook the fish. Twenty-five hunt fruit and vegetables. The entire company eats what thus is gathered and prepared.

So long as everybody works there is plenty. All hands are happy.

Ten more dry and hide part of the fish they catch.

Five continue to catch fish, but only work part of the day at it.

Fewer fish go into the community kitchen.

But the same number of men insist upon having the same amount of fish to eat as they had before.

The fifty men who formerly cleaned and cooked the fish have less to do owing to the under supply of fish. But they continue to demand food.

Gradually greater burdens are laid upon the fruit and vegetable hunters. These insist upon a larger share of fish in return for their larger efforts in gathering fruit and vegetables. It is denied them and soon twenty of the twenty-five of them quit gathering fruit and vegetables.

But the entire one hundred men continue to insist upon their right to eat.

The daily food supply gradually shrinks. The man with two fish demands three bananas in exchange for one of them. The man with two bananas refuses to part with one for fewer than three fish.

Finally the ten men remaining at work quit in disgust. Everybody continues to eat. The hidden fish are brought to light and consumed. Comes a day when there is no food of any kind. Everybody on the island blames everybody else.

What would seem to be the solution? Exactly! We thought you would guess it.

For we repeat that you can't eat, buy, sell, steal, give away, hoard, wear, use, play or gamble with WHAT ISN'T.—Ex.

No business man in any town should allow a newspaper published in his town to go without his name and business being mentioned somewhere in its columns. This applies to all kinds of business—general stores, dry goods, groceries, furniture dealers, manufacturing establishments, automobile dealers, mechanics, professional men and in fact all classes of business men. This does not mean that you should have a whole or half or even a quarter page ad in every issue of the paper, but your name and business should be mentioned if you do not use more than a two-line space. A stranger picking up a newspaper should be able to tell just what business is represented in a town by looking at the business mentioned in the paper. This is the best

Street Tax Notice

Chapter sixteen of the Civil Ordinance of the city of Santa Anna provides that all male persons between the ages of 21 and 45 years residing in the City of Santa Anna are liable and it is thereby made their duty to work the streets and alleys of said City, not to exceed five days in any one calendar year.

This applies to all persons who are not exempt by state law from road service.

Under the law each person is granted the privilege of paying three dollars (\$3.00) to the city Secretary on or before the first day of April as road tax and said person shall be exempt from road duty for the current year.

While you are paying your property tax, pay you road tax, so you will not overlook it. This order is published by order of the City Council. W. E. Baxtere, City Sec. 1-3

NEW YEAR'S TIME

—1919 is gone; just a memory remains. 1920 is here, crowded full of possibilities for us all. We've begun making resolutions, maybe; we usually do--we keep some of them, most of them we forget. There's one resolution though; we ought to make and keep, to save more this year than last--why not?

—You've balanced your 1919 accounts, it isn't what you made that counts, it's what you **SAVED**. That's the real test of success--make **TWO** resolutions this year, and **KEEP** them, **SAVE** invest in **W.S.S**--they help you save, and start the year with a **Bank Account**--we'll be glad to serve you, we know how--may we?
