

# SANTA ANNA NEWS

..He Profits Most Who Serves Best"

VOLUME LIII

SANTA ANNA, COLEMAN COUNTY, TEXAS, FRIDAY, JULY 21, 1939

NUMBER 29.

## This Week in Our Town

"We should have taken that ad out last week," said Mrs. Bill Stiles when queried on the telephone about the "pasture for lease" advertised. "We have had so many people phone us about the pasture. It was leased right away after the ad first appeared in the News." More unsolicited testimony for the value of News ads. Another thing—every copy of the News that is mailed out goes home, you never see one in the postoffice trash baskets, and when a reader fails to get his or her copy, we hear from it right away.

"I bought as good a portable electric and acetylene welding outfit as I could afford, and it was a worth-while investment. It lets me do the work right and that gets me more work in that line," said the head man of the Densman Welding Shop recently. "It enables me to do electric welding out in the country where power is not available. If the work requires acetylene, we are equipped for that, too. Results count and I expect many future orders from satisfied customers." Which seems to be the right way to build a permanent business.

"Here are some real bargains you can advertise for us," said Roy Reid, of the Reid's Variety Store Tuesday. They seem to be just that. We're passing them on for your inspection and approval. Roy is holding down the store this week while Claude is away for a very, very brief vacation. Roy likes to return to Santa Anna frequently. He likes the town and people.

"We need some rent houses in Santa Anna," Mrs. G. A. Shockley agreed Wednesday when the subject of housing was brought up. "All of the nicer houses are occupied by owners. We need some to rent." Santa Anna has several vacant business houses, but no vacant rent houses. All of the nicer rent houses are furnished and can only be rented that way. The unfurnished ones are either small or old-fashioned, without modern fixtures or clothes closets. A few nice rent houses would bring in a mighty nice income for someone.

"Ripley ought to put him in his 'Believe It or Not'," said a local business man the other afternoon, speaking of the local newsboy. "You hear newsboys yelling 'Pay-pay' and 'Polper' and the names of the papers they sell, but the local newsboy just yells 'Wah' and 'Why' and lets you guess what paper he sells. And when he has no papers to sell, he keeps yelling 'Why' and 'Wah', probably as advance propaganda on the next edition. Be that as it may, this particular newsboy sells a lot of papers each day."

"Why don't you get someone to build a house for you?" asked one of the members at the Lions luncheon meet Tuesday. "There is always a demand for a large, modern residence in Santa Anna, and it looks to me like anyone with reserve capital would be glad to get a renter on a two and a half to five and a half year basis. Why, they could afford to build just what you desired under those conditions."

## Hospital Notes

Mr. W. C. Walton, Coleman, Texas, a surgical patient in the hospital was able to return home last week.  
 Mr. W. A. Myers, Canyon, Texas, was a surgical patient last week.  
 Mr. Curtis Martin, Hamlin, Texas, was a surgical patient last week and was able to return home Friday.  
 Miss Reba Jean Hardy, Santa Anna, Texas, was a surgical patient last Friday and Saturday.  
 Mrs. H. A. Burden, and baby girl, Santa Anna, were able to go home Wednesday. Baby born July 15, 1939.  
 Mr. V. W. Justice, Post, Texas, is a surgical patient.  
 Mr. F. D. Miller, Santa Anna, Texas, is a patient in the hospital.  
 Mrs. C. P. Shields, Trickham, Texas, is a patient.  
 Mrs. A. D. Donham and baby boy, Santa Anna, Texas, born July 18, 1939.  
 Mr. J. C. Childress, Merkel, Texas, is a surgical patient.

## Revivalist

REVIVAL MEETING GROWING IN INTEREST

The revival meeting at the local Assembly of God Church conducted by Evangelist E. R. Winter and his gospel singers of Coleman, is growing in interest with large crowds attending each service. The meeting is conducted in open air and will continue through next week it is announced by the Evangelist. You are especially invited to attend each service. The special singing by the trio, Mrs. E. R. Winter and Mr. and Mrs. W. H. Winter, is an asset to the services each night.

## Coleman's Rodeo Is One of West Texas' Best in Many Years

Coleman's fourth annual rodeo came to an end Saturday in a blaze of color. Contestants from four states vied for championship honors and the extra prize money at the end. Coleman people outdid themselves in making the four-day event one long to be remembered by not only participants, but those in attendance.

More persons saw the doedo closing night than ever witnessed a single performance in Coleman, and brought the total attendance to a new high figure for four nights, according to Sam Cobb, president of the rodeo association.

Color was added to the performance by the participation of Hella Temple Shriners of Dallas. The uniformed drum and bugle corps put on a special exhibition on the streets, marched in the parade and after appearing in the grand entry they gave a special program. The Shrine quartet sang, and Miss Hella Temple, who was Mrs. Ellen Beck Knox, accompanied the drill team into the arena.

Walter Woodward welcomed the Shriners to Coleman and the rodeo. George O. Wilson, illustrious potentate of the Hella Temple Shrine, responded. Marcus Weatherford, Coleman, past grand master of Texas Masonry, spoke.

Final winners in the bareback bronc riding covering the four nights of the rodeo were Cameron first, Barnett second and Heffner third.

Winners for the four nights in the calf roping were Goodspeed first, Avey Gamblin second, Rooney third and N. A. Pittcock of Aspermont fourth. Gamblin was the final winner in the matched calf roping with Goodspeed, each roping three calves each night of the rodeo. He won by 33.7 seconds on the 12 calves. Goodspeed's horse fell on the wet grass the first night and he broke his rope the third night, giving him slow time.

Winners in the saddle bronc riding for the four nights were Barnett, Rooney and Ralph Collier, Houston. Winners of Saturday night's contest were Barnett Rooney and Jim Bridges.

The State Fair of Texas will entertain 700 or more members of 4-H Clubs during the 51st Celebration, Oct. 7 to 22. Four 4-H club girls will be entertained one week and the boys the other week. Both groups are entertained at three-day encampments on the grounds.

Bank reports this month indicate that from a monetary standpoint West Texas is in an A-1 condition. Santa Anna's First National made a fine showing, as did the Coleman bank.

## Recent Rains Lend Strength to Tone of Western Marts

Ranchmen who contemplated selling within the next few weeks because of the continued drought lost their anxiousness last week when they measured one to six inches of rainfall, and selling tendencies changed to a "holding" attitude, with its consequent stiffening of prices.

Feeding was still in the highly scattered stage in West Texas, feed men said, but there would be many orders cancelled this week by ranchmen in the rain belt who were arranging to feed their animals when the rains came.

Lambs have been running about five pounds lighter this year than last year, according to J. Paul Jones, sheep buyer of Kansas City. Ewes, too, are not as fleshy as the ewes of 1938, and new grass will be a boon to them.

Rainfall has, too, prevented sale of young stuff that were in fine shape but faced with the prospect of severe range and consequent need for heavy expenditures for feed to see them through the dry spell, which a host of small ranchers could not afford.

Yearling ewes went as low as \$4 per head in the early summer of 1938 and as high as \$5.50 in September. The low this year has been \$4.50 and the high \$6.50. Lambs this year have sold from 5 1/2 to 6 1/2c. The effect of the rains in 1938 boosted the lambs to 7c and better and the growers are hoping for a repetition this summer.

Some sections have not yet had good rains this summer. In the southern part of Coleman county rains were spotted and some communities are finding grazing a serious proposition.

## WPA Pay in the 29 Counties of Dist. 19 Vary Considerably

Five security wage scales that range from as low as \$26 for the common laborer to \$66.30 for the professional and technical worker, are announced for the 29 counties in district 19 of the WPA by the district chief, Jno. C. Burnside.

Tom Green county was given the highest scale in the district, \$36.40 for unskilled labor up to \$66.30 for professional and technical workers. Basis of security wages is the 130-hr. work week.

The security wage scale, put into operation on July 1, is based on the population of the largest city in each county, figures being taken from the 1930 census.

The following wages are now in effect: Unskilled \$26.00, intermediate \$33.80, skilled \$44.20, professional \$48.10—Coke, Comanche, Crane, Crockett, Irion, Kimble, McCulloch, Mason, Menard, Mitchell, Pecos, Reagan, Runnels, Schleicher, Sutton, Up-ton Sterling; \$28.60, \$33.80, \$44.20, \$48.10—Glasscock, Martin; \$29.90, \$40.30, \$52.90, \$57.20—Brown, Coleman, Howard, Midland, Nolan, Taylor; \$32.50, \$39.00, \$44.20, \$48.10—Andrews, Ector; \$36.40, \$46.80, \$59.30, \$66.30—Tom Green.

## Boll Weevil Control Methods Are Outlined

To control the boll weevil we recommend the use of calcium arsenate as a dust only and this material should be used at the rate of from 6 to 10 pounds per acre per application, is the advice of Cameron Siddal, Assistant Entomologist of the Texas A. & M. College in reply to a query by J. W. Riley of Santa Anna. Dusting should be done at an interval of about 7 days, Mr. Siddal advises, and usually three applications are sufficient to control the boll weevil provided dusting has been started early in the season. When dusting should be started is determined by examining 100 squares in each of 4 or 5 points in a field and if 10 squares per 100 examined are punctured by the boll weevil, it is time then to make the first application of calcium arsenate.

Be sure to read the advertisements regularly. Failure to do so might mean a bargain lost.

## Coleman Co. News Briefs

An increase of \$47,155 in county valuations is announced by Tax Assessor, H. M. Brown. Tax rolls for the 1939 tax year of \$12,004,675. Beginning Sept. 1, the Central Colorado River Authority will receive half of the state ad valorem taxes under a special tax remission law.

While minor changes have had to be made, there has been a minimum of errors in surveying Coleman County farms for benefit payments, L. C. Corner.

ALEXANDER T. WELLS  
NEW YORK NEW YORK  
1938 PRESIDENT 1937  
LIONS INTERNATIONAL

College Station, is in the county this week "spot checking" the farms and, has suggested only a few changes in the work of the county committee, according to Arthur Pratt, assistant county agent.

The entire force of the district liquor control board decided to attend the Coleman rodeo last week in force. The first day of the four day affair they confiscated 69 bottles of beer and seven half-pints of whisky in raids on bootleggers. And for the next two and three days they didn't get a thing, according to Inspector E. S. Crider. The L-Men further reported that only three or four drunks were sighted at the entire session of the celebration.

Farm Security Administration clients in this county are placing their surplus feed in trench silos, according to Leon Ranson, county supervisor for FSA. The Farmers' Co-Op stalk cutter is being used in cutting the feed before it is stored.

Robert I. Bowen Jr., young druggist and president of the Coleman chamber of commerce, left Sunday afternoon for New York, where he will embark on the Santa Elena, Grace Line ship, for an 18-day cruise to South America and Panama.

Alton Witten, Coleman swimming pool operator and owner of a Coleman taxi firm, issues a challenge to all swimmers to equal a mark he set last week. Witten entered the water at the old city lake Thursday morning at 7:26 and remained afloat until 3:15 in the afternoon. He says that rain bothered him as well as the fish, which nibbled at him occasionally.

County Agent C. V. Robinson and two 4-H Club boys left Tuesday morning for Rockport, Tex., where they are to study protection of wild game at a school of instruction. Accompanying Mr. Robinson were Winston Elkinds of Echo and James Stafford of Rockwood.

## Brady Sheep and Goat Sale Set For Aug. 1-2

The third annual Brady Sheep and Goat Sale, August 1 and 2, gives indications of being more successful than the two previous auctions, and entries are coming in fast, M. J. Benefield, secretary, has announced.

The sale as in the past, is sponsored by the livestock committee of the Brady Chamber of Commerce.

A good number of ranchmen have already sent in their entry list of registered animals and a number of agriculture students are to dispose of their registered sheep and goats in the sale.

Local advertisers have some nice bargains this week.

## Texas Safety Party Will Visit in Santa Anna Tuesday 25th

Members of the Texas Safety Council will visit Santa Anna on Tuesday, July 25th, in the interest of Safety, and to confer with the heads of the Schools and Civic Organizations, offering the assistance of this association towards setting up a State Junior Safety Council to function during the next scholastic season.

Members of the party to visit, here will include Capt. J. C. Tappe, who is in charge of the Traffic Department, who will visit principal points of the city and brief addresses on Safety will be made.

"The Civic Organizations, Parent-Teacher Groups, as well as the Citizenship can aid materially in the reduction of deaths through accidents each year in Texas," stated Pierce Brooks, recent candidate for Lieutenant Governor, now Director of the Texas Safety Council. "This can be accomplished by impressing upon the minds of the children, as well as the adults, the importance of Thinking, Talking and Acting Safety. We can materially reduce the death rate of the youths of Texas by Traffic and Safety education in Schools."

The Council, composed of Texas business men and women is operated on a non-profit basis and membership is extended by honorary invitation.

Brooks stated: "The members of this organization devote one week of their time each year towards educating the public along the lines of Safety in the Homes and Factories as well as on the Highways."

## European Demand For American Farm Products May Gain

Federal farm officials predicted the first part of the week that the European demand for American agricultural products would improve during the next few months, largely as a result of foreign military expansion.

They reported marked improvement in industrial production and general economic conditions in countries which are important markets for United States farm goods.

This improvement, especially strong in Great Britain and France, is expected by officials at Washington to be reflected in increased consumer buying power and a consequent larger demand for American cotton, lard, fruits, tobacco and grains.

Official prediction for an upturn in agricultural exports came at a time when such trade was running 22 per cent in value below a year ago.

The agriculture Department reported that farm exports totaled \$652,781,000 in value for the 11-month period ending with June 1 compared with \$840,945,000 in the corresponding period a year ago. Imports of agricultural commodities classed as competitive with American products also declined, from \$489,959,000 a year ago to \$392,302,000.

On the export side, a sharp decline in shipments of cotton overshadowed increases in a number of important items, including tobacco, fruits, lard, pork products and wheat.

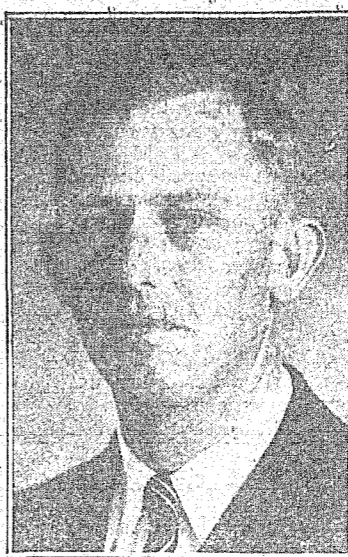

Farm officials believe an upturn in agricultural exports this Summer and Fall would do much to strengthen a commodity price level which has been slipping under the influence of large supplies and favorable new crop prospects.

## LIBRARY NOTICE

Until further notice the Santa Anna Library will be open to the public only on Saturday afternoon from one to six o'clock. Please return all books and no fines will be assessed.

Prizes totaling more than \$10,000 will be awarded Here-fords at the 1939 State Fair of Texas, Oct. 7 to 22, it has been announced. This is the largest prize money ever paid for the class of livestock. Premiums were increased due to the increased interest in this particular breed.

## Advanced

REV. DUNHAM LEAVES MONDAY FOR BIG SPRING

Rev. R. E. Dunham has resigned as pastor of the First Baptist Church here to become missionary for district 8, covering eleven counties in West Texas. He with his family will move to Big Spring Monday to assume his new duties.

The family was honored with a party on the church lawn Thursday evening.

## Santa Anna Schools Open For 1939-1940 Session on Sept. 1

The Santa Anna school board met Monday night, July 17, and set Monday, September 4, as the day that the schools will open for the 1939-40 session.

The board also accepted the resignation of Mrs. J. W. Riley, teacher in the primary grades; Miss Mary Gladys Pope who is a graduate of the Santa Anna high school and Daniel Parker, College, was elected to teach a division of the second and third grades.

The Frank L. Wilcox Company of Waco has just audited the school tax collector's books and found them to be in excellent shape.

All parents of children who do not live in the Santa Anna district and who want their children to attend the Santa Anna schools the coming year must transfer them during the month of July. You must do this in the County School Superintendent's office at Coleman.

## Coleman County Tax Rolls Show Increase

There is an increase in county valuations of \$47,155, according to figures released by County Tax Assessor-Collector H. M. (Shorty) Brown.

Tax rolls for the 1939 tax year aggregated \$12,004,675 as compared for the 1938 tax year total of \$11,957,520.

On the other hand, values rendered for state taxing purposes show a decrease of \$25,015 for the same two years. Reason for that decrease is that much property has been converted into homesteads during the past year. Homesteads are exempt up to \$3,000.

Beginning September 1 the Central Colorado River Authority will receive half of the state ad valorem taxes under a special tax remission law. Just how the other half of the state taxes will be handled under the general tax remission law is not known as yet.

## LOCAL BOYS SELECTED FOR GOVERNMENT WORK

Five Santa Anna youths have been selected for government work, measuring the farm acreage on Coleman County farms. These boys, John Frank-lin Turner, Rex Golston Jr., Ben Parker Jr., Bob Pearce and John Bob Sparkman, went to work in Coleman Monday.

Printing for the Annual Rodeo at Santa Anna is now coming off the presses. A bigger, better rodeo is planned, which will ultimately be West Texas' best.

## Heart o' Texas News Briefs

Eighty checks totaling \$8,093.55 for McCulloch County farm operators have been received from the AAA, with 50 other growers yet to be paid. It is announced.

Births in Brown County have more than doubled the number of deaths during the first half of 1939 according to vital statistics filed with the county clerk of Brown county. A total of 313 birth certificates and 146 death certificates have been filed, a total of 359 of both. During 1938 there were 834 births and deaths reported. Births are being a gain for this year over last.

Brown County's outstanding road bonds total \$1,482,200 with \$34,955.75 in a sinking fund for road and bridge purposes. It is announced.

The new fishermen's lodge, constructed by CCC labor has been completed at Lake Brown-wood State Park. The native stone structure provides accommodations for from 24 to 36 persons. Designed for large fishing parties, the building contains 18 individual rooms, two showers and a central clubroom.

Earl Bryant, Jr., Harnall College, State University, graduate from Dallas, won the Brownwood State Fair tournament 4 and 2 last Sunday from J. T. Hammett, a Big Spring boy. Ed. C. Gammell, Dallas, drove, Ed. Campbell, Big Spring, in 19 holes for the championship consolation. J. E. Burch, Big Spring, beat T. C. Smith, Big Spring, in the first flight final.

Final construction work and acceptance by the state highway department of the paved road from the Colorado River to Brady has not been completed, but the amount of an all-weather road between Brownwood and Brady isn't so far away. Officials of the district highway office in Brownwood said Saturday that rain held up cleanup work on the new highway, but that the work was expected to be finished soon.

Miss Pauline C. Gish, Brownwood, missed when thrown out of an automobile that overturned Tuesday morning at 12:30 o'clock, south of Coleman on the Cochran-Able highway was reported as satisfactory at Overall Memorial Hospital. She suffered cuts and bruises. Another woman and two men also were riding in the car. It was supposed the driver fell asleep for the machine struck the side of a small bridge. The car was badly damaged, having turned over twice within the distance of 100 yards.

Sale of around 90,000 pounds of wool at Brownwood has about cleaned out the S. S. Thompson company warehouse there. Only one clip of around 25,000 pounds remains in the warehouse of the 300,000 pounds stored there during the extremely dull month of June. The latest sale was of 12-month wool and was bought by Bill Fields, working for Tom Richey and the A. W. Hilliard company. Prices on the sales ranged from 22 1/2c to 24 1/2c.

Hay fever sufferers of Brownwood are reported one hundred per cent behind the ragweed eradication campaign sponsored by M. B. Rudman of Tyler, drilling contractor and president of the Texas Hay Fever Sufferers Association. The campaign which has received governmental agency would obtain all citizens to begin cutting their weeds this week and continue to keep them cut until at least August 15, in order that the weed will not pollinate this year.

One person was seriously injured and six others believed to have suffered less severe injuries Wednesday night in a three car accident seven miles east of Eden near Wellview store at 9 o'clock.

S. R. Callender, Richland Springs, received three broken ribs, and lacerations of the face and head. He was brought to Eden for treatment. Injuries to (continued on page three)

Editorial

The furor that is being raised over the action of the government in reducing relief wages through extension of hours, has no real right to exist in point of fact. The relief work is to the needy man, a means of riding over until he can find legitimate work and he has no quarrel with the hours and the rate if he can feed, clothe and house his family until he can find the work he wants or needs that will take care of them to the professional relief. It was a stunning blow for him to find that Uncle Sam would take care of him for the next few years at not less than 50 many hours of unskilled labor and many of the professionals frame an income a ten year old's capacity work for a union laborer's rate of pay. The idea that the WPA and any other government measure was not to give permanent jobs to anyone, but to give temporary relief. The combination of the government and capitalists has been devised until now professional reliefers consider it their duty to the government to support them through permanent jobs instead of the government being the servant of the entire people and not the wealthy daddy of the few. Another thing that has been taken that needs attention is a moving target that has been on the rolls continuously for a year and half. It is enough that one and a half years for anyone to either get a job or get on the rolls and save a living. There are men all over West Texas and in all parts of Texas who do not draw a cent of government money, work hard, support families and while they do not dress in fancy clothes, have automobiles and so on, they have what is the by-product of the nation's native pride and a sense of being objects of charity. To a lot of us, it looks like the way people are now that how to really work is in all parts, losing all ability and are becoming what you call robots. They are not being trained and are being trained in a way that is all the obligation of the old world and of the times. Is America to follow out? Instead of howling about how much relief or charity the federal government can do out from taxpayer's pockets, Americans by rights should be searching for a way to make little businesses secure so payrolls could take the place of charity and producers receive a living wage plus, so buying power could take care of

TRUTH about ADVERTISING

By CHARLES B. ROTH

FLY BY NIGHTS

WHENEVER Jeff Peters, the engaging hero in the book of O. Henry stories called "The Gentle Grafter," went into a new town and spread his samples of corn cure, ink remover, etc., out in front of him, he always took one precaution. He made note of how soon the next train left. He had to. Jeff never knew what minute he'd have to fold up his kit and hot-foot it for the station, with policemen and angry customers in close pursuit. He was that kind of business man. We call them "fly by nights." They still infect our cities and towns, but you never saw one of them advertise or build a lasting success. The man who advertises for your patronage shows that he has foresight and courage. He wants to establish goodwill and to remain in business, and the best way for him to do these things is to send down roots and advertise so that you may come to him whenever you need what he sells. Jeff Peters stands for the furtive parasite, hanging around the fringe of respectable society, dashing in and taking whatever he can, giving nothing in return, ready to flee at any minute, always expecting to have to flee. The manufacturer or merchant who advertises, however, serves notice that he has become a member of the community and society. He announces that he intends to be your business friend and to warrant your patronage. And you buy from such a man with perfect assurance that you will always get your money's worth. And you do. It's possible for you to go into some stores and find merchandise which glib salesmen assure you is "just as good." The fact that even they use advertised items as the standard of comparison, is proof enough that they recognize the permanent power of the force we call advertising. You as a consumer get more for your money if, in all your buying, you avoid the Jeff Peterses of business and select whatever you need from the stores of merchants who advertise and who sell advertised goods. A business organization which wants to get the most for the money sets up standards by which to judge what is offered to it, and in Washington the government has an elaborate Bureau of Standards. You can have your own Bureau of Standards, too. Just consult the advertising columns of your newspaper. They safeguard your purchasing-power, every day of every year. Charles B. Roth.

Charles Roth

increased production. And by "little businesses" we don't mean one-half-million to five million dollar corporations, but the little \$10,000, or even \$5,000, man and up. Million dollar corporations can take care of themselves pretty well. The action of Gov. O'Daniel in signing the bi-annum appropriations bill as he did should have a salutary effect. Our state and national governments are becoming top-heavy with employees whose value in the main is political. Every time some investigation or proposal comes up, a corps of clerks becomes necessary and in the main instead of officials considering economy, they thought turn to paying political debts, with the idea that one more on the public payroll makes no difference. But several thousand "one notes" begin to change the picture. Of course some worthy propositions are frequently caught in curtailment of public expenses, but at almost anytime the government can reduce personnel twenty per cent without effecting the functioning of the government. The politicians seem to have gone hog-wild throwing away public money and at the same time destroying the sources of taxes, which ultimately leads to government operation of all industry. Santa Anna business men who have funds for investment are losing out in the rural field, as folks find out their sorrow on trying to secure a home. We are not speaking of our own search for a residence, but from the comments of others. A man offered to buy a house here the other day and had to buy in our county seat instead. There are rent houses here - small ones and old-fashioned ones, and a few modern ones that have to be taken with their furniture as many folks have their furniture and desire big unfurnished houses. A few 6-room, modern houses could be kept rented all year round. The town is losing good citizens, and some of us are still "camping out" in hopes.

Current News Briefs

In one of the greatest scientific feats ever recorded four groups of chemists, working independently, reported simultaneously the synthesis of vitamin K, the new vitamin that stops internal bleeding. This means thousands of lives will be saved annually, for the synthetic makes the vitamin, which has been difficult to extract from natural substances, available in unlimited quantities. The vitamin previously was extracted from alfalfa. The chemists made it from coal tar. To the great surprise of the scientific world, the artificial vitamin has four times the potency of natural vitamin K. Hardly ever is a synthetic chemical so much better than the natural one.

General Briefs

University of Texas reports announced Saturday that money and properties valued at approximately \$2,500,000 from the estate of the late Will C. Hogg of Houston had been given the university to establish a distinguished lecture foundation. The transfer of the residue from the Hogg estate, which came to the university after heirs received their bequests, was completed Saturday. Hogg was the son of James Stephen Hogg counted as one of Texas' greatest governors.

Banks' Assets Being Criticized by the FDIC

The Federal Deposit Insurance Corporation Monday revealed that the 13,350 commercial banks whose deposits are insured by the Government are carrying more than \$200,000,000 of virtually worthless assets. At the same time the FDIC reported that 7,094 banks that are not members of the Federal Reserve System but are enjoying deposit insurance privileges, hold \$895,709,000 of substandard or hazardous assets. This information was developed as a result of a nationwide survey by FDIC examiners and was disclosed by the corporation coincident with the publication of its annual report to Congress. The corporation noted, however, that the nonmember Federal Reserve Banks have progressively reduced the amount of substandard assets. In 1938 only 12.4 per cent of their total assets were in this category. This compares with 15.6 per cent in 1937 and nearly 20 per cent in 1935. Nevertheless, the FDIC considers that general rehabilitation of several banks is necessary.

"I've been in business here a long, long time and everyone knows it and knows what I sell" is a stock phrase with a few merchants in every community. True. And everyone knows that Sears Roebuck & Co. is in business, where they have a store, and what they handle. But the day they quit sending out advertisements about those things you know they have their trade will dribble down to a lot of loyal friends, employees' families and stockholders' families. And no one knows it better than they.

Legion Auxiliary to Convene During the Legion Convention

One hundred and fifty American Legion women's auxiliary units over the state are booking delegates this month for what promises to be the biggest convention in the auxiliary's history. The Texas-wide meeting will be held in Waco August 26-29 in conjunction with the state Legion convention. The auxiliary attendance is expected to exceed 500. Headquarters for the women will be at the Hotel Raleigh. Registration booths, however, will be open throughout the four-day encampment at both the Raleigh and Roosevelt hotels, according to Mrs. Tom A. Holt, of Waco, in charge of the registrations. Miss Hallie Stewart, in charge of transportation and housing of the delegates. Two auxiliary luncheons, one honoring the past presidents on Tuesday, the other a divisional affair for all delegates on Monday, will be held at the Karem Shrine Temple. A tea honoring Gold Star Mothers attending the convention will be held in Cameron Park at the park clubhouse Monday from 5 to 7 p. m. The auxiliary delegates will arrive in the city on Saturday. Sunday they will meet in sessions with the Legionaires. Business sessions, beside those held during the luncheons, will be had Monday and Tuesday. Mrs. William Wyatt of San Marcos, state president of the auxiliary, will be in general charge of the Waco convention. Mrs. B. J. Harman is in charge of local arrangements.

Headquarters for the women will be at the Hotel Raleigh. Registration booths, however, will be open throughout the four-day encampment at both the Raleigh and Roosevelt hotels, according to Mrs. Tom A. Holt, of Waco, in charge of the registrations. Miss Hallie Stewart, in charge of transportation and housing of the delegates. Two auxiliary luncheons, one honoring the past presidents on Tuesday, the other a divisional affair for all delegates on Monday, will be held at the Karem Shrine Temple. A tea honoring Gold Star Mothers attending the convention will be held in Cameron Park at the park clubhouse Monday from 5 to 7 p. m. The auxiliary delegates will arrive in the city on Saturday. Sunday they will meet in sessions with the Legionaires. Business sessions, beside those held during the luncheons, will be had Monday and Tuesday. Mrs. William Wyatt of San Marcos, state president of the auxiliary, will be in general charge of the Waco convention. Mrs. B. J. Harman is in charge of local arrangements.

Fifty Cent Levy Must Precede All State Aid

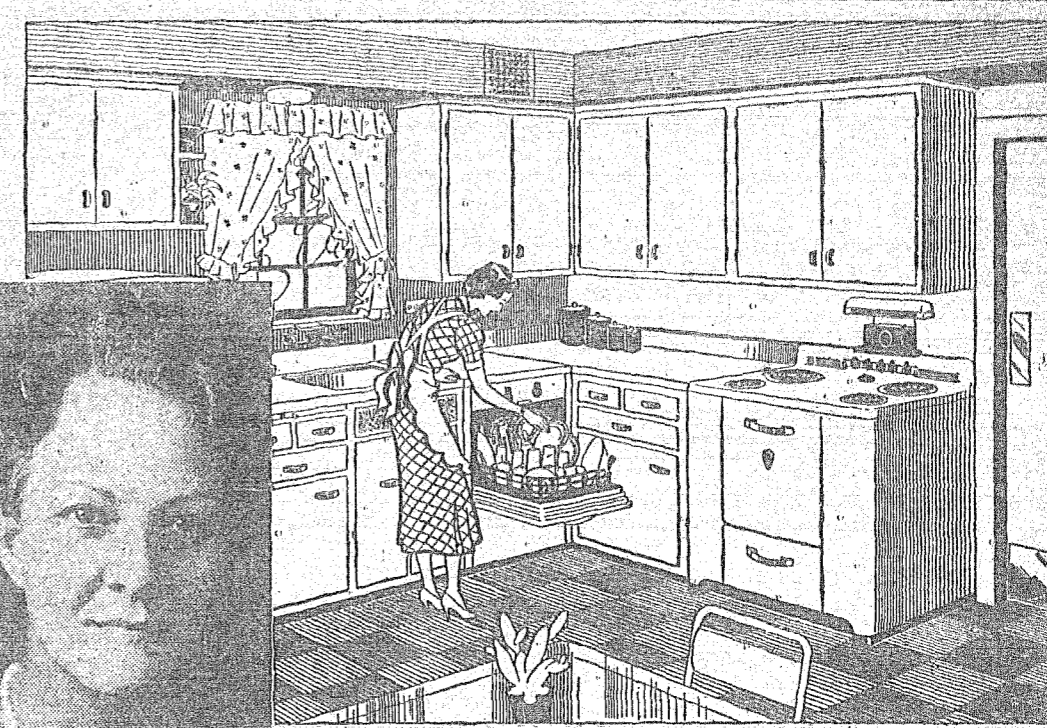

All school districts in order to obtain state aid must have levied and collected a tax of at least 50 cents on the \$100 valuation for local maintenance purposes. G. D. Holbrook, deputy state superintendent of public instruction, told 200 school men of eight counties who met in the district courtroom in Brownwood Tuesday morning to hear explanation of new school laws. Holbrook discussed the new equalization bill at length. He said the joint legislative committee named under the bill to help administer state aid will positively make no exception to the maintenance tax rule. Following is the text of the tax levy provision: "No school district shall be eligible to receive aid under the provisions of this act unless it shall be providing for the annual support of its schools by voting, levying and collecting for the current year a local maintenance school tax, exclusive of the tax for interest and sinking fund, for bonds, of not less than 50 cents on the one hundred dollars of property valuation in the entire district, and provided further, that the property valuation shall not be less than said property is valued for state and county purposes. All income from a maintenance tax exceeding the required 50 cents maintenance tax may be used at the discretion of the local school authorities of the district for any lawful purpose. Any or all maintenance tax above 50 cents shall not be included in the calculation of need for aid."

Any or all maintenance tax above 50 cents shall not be included in the calculation of need for aid."

Wells of New York Is New Lions President

A new King Lion was crowned in Pittsburg, Pennsylvania when the international convention of Lion Clubs unanimously elected Alexander T. Wells of New York City president of Lions International. Wells, who is a lawyer, served the past year as first vice president and was United States representative upon the International Council of Lions Clubs. He succeeds retiring president Walter F. Dexter, state superintendent of public instruction in California. The new president is a native of New York City, where he has always lived. He was educated in the public schools and at St. Lawrence Academy, New York, Dwight Preparatory School, the New York Law School. He has been a member of the Bar of the State of New York for the past thirty-three years. Wells has held many offices both in his own Lions Club and in the International Association. He is a past district governor of New York state, has served on the board of directors, was chairman of the committee on international relationships for one year, and in 1936 was elected third vice president. In succeeding years he has been unanimously elected to fill the second and first vice presidencies.

'Come Into the Kitchen', Invites Modern Woman

The kitchen today can be the loveliest room in the average home! "This is possible because time and labor saving electric servants keep it clean, cool and cozy," says Miss Eudora Hawkins (inset), home economist for the West Texas Utilities, who frequently visits in the numerous homes here which now are equipped with the electric range. "Come into the kitchen" is a standing invitation in thousands of homes where women are proud to show the beauty of cooking equipment and the ease with which they cook," Miss Hawkins declares. She insists that the electric range is the foundation for an all-electric kitchen, supplemented by electric refrigerator, dishwasher, hot-water heater and the many smaller appliances designed to "take drudgery out of the home."

The Santa Anna News—Betty Crocker Home Service Department

FOR HEALTHY SUMMER APPETITES

It's a mistake to assume that summer meal planning should be geared to languid appetites and minimum food requirements.

So in presenting the following recipe for a meal-in-a-dish affair that comes from sunny Italy, it's hearty and delicious and savory—and easy to prepare—once you've checked your supplies to be sure that you have all the ingredients.

- 1/2 lb. spaghetti (about 2 cups uncooked)
1 cup olive oil (or other cooking oil)
1 lb. hamburger
1 cup canned tomato soup (undiluted) or tomato paste
1 1/2 tsp. salt
1/2 tsp. pepper
1/2 tsp. cayenne pepper
1/2 tsp. Worcestershire sauce
1/2 cup grated cheese

Cook spaghetti in 2 qts. boiling water, to which 4 tsp. salt have been added, about 15 minutes, or until tender. Drain, chop onion, garlic, red and green pepper, carrots and celery in oil until onions are a golden brown.

Question: Now I want to ask you for a recipe for mush. My family dearly loves fried mush, and to find a recipe is beyond me.

Answer: In the first place in making mush, plan to use only four cups of boiling water for each cup of corn meal with the other seasonings which you choose to include.

Question: A club I belong to is having a progressive dinner. My part is the cocktails. What kind of a fruit cocktail would you serve and what would you serve with it?

Answer: In the first place, a melon ball cocktail is especially refreshing. Cut balls from ripe watermelon and cantaloupe with a small round cutter for this purpose—or just cut in cubes.

If you worry about Betty Crocker, if you dread to step the next mail, just drop a card to her in care of your newspaper, and ask for this week's menu.

Sanco Camp Meeting Begins Thurs., Jul. 20

The sixteenth annual Sanco Camp Meeting will begin Thursday night, July 20 and continue through Sunday, July 30.

On five days, beginning Monday, July 23, a vacation Bible school for children, intermedates, young people and adults will be held, with arrangements in charge of Mrs. L. S. Bird of Sanco.

Rev. T. Perry Brannon, Chattanooga, Tenn., will do the preaching. Rev. Brannon, who is widely known as an evangelist over the South, conducts regular services over Station WDDO, Chattanooga, and is a pastor in that city.

A four-page pamphlet is being distributed giving the plan and basis of the meeting, to which people of all denominations are invited.

Each day at the camp begins with a sunrise prayer service, Bible classes, song services, grove meetings and night services at the tabernacle fill the day.

A large tabernacle, dining hall, two church buildings, a shower bath and well are located on or near the camp grounds, where Highway 208 crosses Yellow Wolf Creek, ten miles north of Robert Lee, near the Sanco Springs, in the mountains of northern Coke county.

Directors have announced that wood, water and camp sites are furnished free, but have advised campers to bring with them all other items needed in camp.

New Brown Co. Dam Would Water 30,000a.

Water needs in the Pecan Bayou valley include municipal supply for Brownwood, water for irrigation of 30,000 acres and for domestic consumption and livestock on farms in the valley.

There are about 9,500 acres of arable land in the area now being developed for irrigation by the Brown county Water Improvement District No. 1.

Examination of these areas, however, indicates that there is a total of only about 20,000 acres in both districts which could be irrigated economically.

The report set out that by increasing height of the dam by 17 feet and installation of 10 forty-foot tainter gates 20.5 feet high with sills at elevation 1425, the Lake Brownwood reservoir at maximum designed water surface elevation, "would extend about 23 miles up Pecan Bayou and about the same distance up Jim Ned Creek.

There are some developments in the proposed additional reservoir area. Brownwood interests have title in fee simple to all land in the reservoir below elevation 1425, and own flowage rights between elevation 1425 and elevation 1435.

Byrds, a small community with one store; the State highway from Brownwood to Cross Plains; several miles of county highway; a number of lake-shore camps near the dam; four cemeteries; a few shallow-depth oil and gas wells; two small tank farms; and the Brownwood State Park. Most of the buildings in the park are on bluffs and would not be affected.

Poultry News

Care and Feeding of Growing Pullets

In experiments at the Poultry Division of the Texas Agricultural Experiment Station designed to study the effect of the confinement of pullets on their resultant egg production, longevity and livability, it was found that they should not remain in batteries longer than the first 3 or 4 weeks if batteries are used to start them.

It was also found that it was a better practice to start these pullets in a brooder house with a sunporch where they could get more exercise and have a better chance for development even though there was a higher mortality in chicks started under this system of management.

Death of a sheep on the D. G. Cooper farm north of the Coggin ranch, near Brownwood, last Friday was believed Monday to have been caused by anthrax, although additional laboratory tests were being made by Dr. T. O. Booth, Fort Worth, state veterinarian, to positively identify the bacillus that caused the animal's death.

Cereals and Milk Best of Low Budget Food

Milk and whole-grain cereals should be the top items on the family grocery list, where food costs must be held to a greatly restricted budget, advises Louise Bryant, specialist in home management for the A&M College Extension Service.

Next, buy potatoes, Miss Bryant says, "for only a small amount of money spent for potatoes provides so much of what the body needs."

Then, as money permits, tomatoes or oranges, a vegetable in addition to potatoes, a second fruit, eggs, a little meat or fish, and a little sugar may be added.

Salazar Ready to Die If God Wants Him To

Time, eight months of it, has diverted part of the public spotlight's glare from the dark face of Frank Salazar, Bible-reading Mexican ex-farm laborer, convicted with the murder of Paul Kennedy, Milles farmer, Dec. 15, 1938.

Fate and fortune merged eight months ago today, Dec. 17, to paint a lurid and morbid picture that made the Southwest gasp at its position as one of section's most publicized and possibly hated characters.

Salazar has been in at least five Texas jails, since he was apprehended Dec. 18 by Austin officers. He has seen the slowly grinding wheels of Texas court procedure defeat every move he has made to continue living.

Salazar doesn't know what the courts will hold on his rehearing motion, which is supposed to be considered by the Court of Civil Appeals at Austin on October 4.

The jails food apparently suits Salazar. He said that he weighs 150 pounds at the present time gaining 15 pounds since he was apprehended near Austin. At one time he weighed 155 pounds, but he said "Lately I've burned out on the food."

J. L. Edwards, jailer, said that Salazar was a model prisoner. He reported that he had had to discipline Salazar only once and that was for talking with persons on the street while standing near a window.

Anthrax Death Toll Grows Among Sheep

Death of a sheep on the D. G. Cooper farm north of the Coggin ranch, near Brownwood, last Friday was believed Monday to have been caused by anthrax, although additional laboratory tests were being made by Dr. T. O. Booth, Fort Worth, state veterinarian, to positively identify the bacillus that caused the animal's death.

The number of animals that have died with anthrax as the probable cause of death now totals about 20. Additional deaths of blooded Herefords on the Coggin ranch and in that vicinity have swelled the number, which formerly stood at 17.

Authorities have succeeded in curbing spread of the disease, and none has been reported except in the immediate area where the original outbreak occurred.

Coleman Co. Workers Warned Not to Strike

Workers in Coleman county this week were advised not to walk off a job and expect to draw all their unemployment benefits.

H. H. Rumph, supervising examiner for this district, said: "Quitting without good cause may result in a claimant being assessed one of the stiffest penalties of the unemployment compensation law."

He explained that the penalty for quitting without a good cause ranges from the loss of one benefit check to the loss of all benefit checks.

TEXAS POPULATION HAS INCREASED, FROM 7,000 ESTIMATED IN 1806 TO MORE THAN 8,000,000 PERSONS (ESTIMATED) IN 1939.

NOTICE IS HEREBY GIVEN that the undersigned has filed his application with the Clerk of the United States District Court in and for the Western District of Texas, Waco Division, for an order authorizing him to sell and convey to Mrs. Juanita Lane, a widow, the North-east one-fourth (NE 1/4) of the West one-half (W 1/2) of Block Seven of Clow's Second Addition to the town of Coleman, Coleman County, Texas, together with all improvements thereon situated.

THAT COFFEE FLAVOR

IF YOU'RE a coffee addict, you'll love these desserts. In fact, even if you are not a coffee addict, you'll love them anyway.

First of all, here's a coffee flavored cake with a coffee custard filling and a whipped cream topping that's really a complete dessert in itself, and a grand company dinner dessert at that.

Whip cream until stiff. Whip in confectioners' sugar and coffee flavored milk. Spread over top and sides of Mocha Cake.

Then here's a smooth velvety chilled dessert with a delicate tan coloring and a delightful coffee flavor. It looks ever so inviting piled in sherbet glasses and accompanied by wedges of feathery light angel food.

Coffee Mousse is another chilled dessert with a delicate coffee flavor. You can make it easily and quickly in your mechanical refrigerator some time when you have a cup of good, strong, left-over coffee on hand.

When a live Legion post is found, there a live, up-and-coming community is found. It does not follow that the Legion makes the town a live one, but somehow they always happen to be together.

American Legion

In those communities where the American Legion maintains active posts, the public finds a great satisfaction in seeing a large number of public activities handled by an efficient group dedicated to the welfare of not only their nation from a military standpoint and their comrades in arms from an economic and health standpoint, and community from a standpoint of local pride.

maintain a large post. As to the uniforms, there are three ways: to use only the Legion cap, to wear Legion cap and uniform, or the uniform worn in the service in 1917-18-19 with a Legion Medal or Ribbon.

The place the Legion fills in the community can no better be shown than evidence of legionnaires at public assemblies testified to by caps, medals or ribbons. When in a public assembly this touch of color is found, it lends prestige both to the post and community.

encampment last week. Mr. and Mrs. Billy Stewardson of Fort Stockton visited in the A. L. King home Friday.

Mrs. Oran Wise honored Mrs. Wells Vernon with a pounding Monday.

Our Wildlife

BY JOHN R. WOOD State Game Warden

Fishermen Urged to Be Careful Too many times has the author noticed this year the careless fishermen in the overloaded boats. Many small crafts venture far out into the large lakes of this section of Texas loaded with fishermen without provisions having been made in case of a twin over.

William J. Tucker, executive secretary of the Game, Fish and Oyster Commission, recently stated: "The very same chap who is the most careful hunter in the world will do the most utterly absurd things while in a boat. A bill to enforce safety rules upon the fresh waters of Texas failed to squeeze through the Legislature during the closing days, but if fishermen will observe a few common sense rules there will be fewer casualties."

Tucker's safety suggestions: Don't permit a boat to become overloaded; don't venture on a big lake in a small craft without any thought of perils of weather (State Game Wardens recently rescued four boatloads of fishermen on Lake Buchanan in a single day). Don't stand in the boat when another person is casting; don't stand up a la tightwire act to change seats; don't lash around without regard to harm to other from a plug with many hooks; don't land a canoe improperly; don't use bottle bait while in a boat; don't race large boats to closely small craft. Don't forget your boat might turn over any minute. Will you be without a life preserver and down as many many others have done? It is better to be safe than sorry.

Recently State Game Warden T. E. Radford received permission to kill a wild bear which had killed some twenty-five sheep in Trans-Pecos country. The bear was tracked down and killed. He weighed 465 pounds.

Kill all wild house cats.

South at the 1939 State Fair of Texas, at Dallas, Oct. 7 to 22, it has been announced by Frank P. Holland, director in charge of livestock.

Premiums have been increased in practically every classification of livestock. Beef cattle alone has been increased to more than \$20,000, and one of the features of the livestock show will be the Hereford classification for which \$10,000 in awards will be made.

Due to the increased herds of dairy cattle in Texas premiums for this classification has been increased to \$7,500, as have the awards offered in the various swine classifications.

Texas has rapidly forged ahead during the past few years as the outstanding beef cattle state in the entire union, and is selling many animals of registered stock to farmers of the South and the Southeast for breeding purposes.

State Fair officials plan to invite many officials and visitors from Southwestern states to visit the Hereford and other livestock shows at the Texas Fair. The governmental cotton program of the past few years has necessitated the change of cotton acres to feed stuffs and farmers in former cotton belts are turning to livestock to dispose of these crops.

"The Breeder-Feeder movement has thoroughly demonstrated the fact that beef cattle can be bred, fed and finished in Texas or any other cotton state." Mr. Holland said. "The governmental program has helped in this and Texas and other cotton states will be finishing more livestock each year."

Active buying all over the West Texas wool country last week saw more than 10,000,000 pounds of wool shipped to Eastern markets. It is estimated that less than 15,000,000 pounds remain in this section. Eight-month wool hit a new high for the season, bringing 24c. During the week 12-mo. wool brought as much as 26 1/2c, within a half cent of the year's top.

H. D. C. News

SANTA ANNA CLUB MEETS TODAY A demonstration on preparing and serving light refreshments will be given by Mrs. Eva Conley and Mrs. R. P. Watson Friday, July 21, at 2:30 p. m. when Mrs. W. A. Standley is hostess to the Santa Anna Home Demonstration Club.

Roll call will answered with a suggestion suitable for the parade entrance for the annual rodeo in August and "Why I Should Like to go to the Annual Encampment August 2 and 3.

Plans for the encampment will be made at this meeting and suggestions for 1940 year book programs will be turned in. This meeting is of importance and will be beneficial. All members are urged to attend. Visitors are welcome.

Buffalo H. D. Club

Mrs. W. A. Gage of Fry was hostess and leader when the Buffalo Home Demonstration Club met at her home, Friday afternoon. The subject, "Diverses" was demonstrated with three different kinds, spiced punch, lemonade and tomato juice cocktail, by Mrs. Gage.

Tomato juice cocktail was given as follows: pour 1 1/2 cups chilled tomato juice into one half cup chilled milk, stirring vigorously. Add 1/2 cup chopped ice, 1/4 tsp celery salt, 1/2 tsp salt and serve immediately in chilled glasses. Smacks or crackers add the finishing touch to this refreshment.

These drinks with an assortment of fancy cookies and crackers, with ice cubes, garnished with cherries, grapes and mint leaves piled high in each glass, were served buffet style to seven visitors: Mesdames, Hubert Lane, E. O. Baker, Bud Myers, E. H. Hight, Homer Lovelace and Misses Katherine Yates and Reba Saylor and eight club members.

The next meeting will be in charge of Mrs. J. B. Crawford, July 28. Mrs. O. C. Myers, Jr., Reporter.

F. F. A. News

Four F. F. A. boys, J. T. Garrett, Joe Bruton Flores, Ford Holt and H. W. Norris, with their sponsor, A. D. Pettit, left early Thursday morning to attend the state F. F. A. convention now in session in Temple. All of the boys are members of the state F. F. A. band. H. W. will receive his Lone Star key at the meeting. The group will return Saturday.

Heart o' Texas...

(Continued From Page 1) his 12-year old son had not been determined. Bob Williams, Mil-

lerview, his sister, Mrs. George Click, and baby, both of Paint Rock, and two men believed to reside in Brady were others involved in the accident. The two men were taken to Brady. The collision occurred when a car, driven west by the Brady men, started to pass that driven by Williams, crashing with the car of Callender going east.

Rapid progress is being made on construction of the Brady Creek bridge, all difficulties having been ironed out. Pouring of concrete has been completed for the south pier.

Brady's building permits for the first half of this year are nearly three times the total for the same period last year. Permits through June 30 amounted to \$137,473, compared with \$48,237 for the same months last year.

Plans for Lake Brownwood summer regata have been abandoned, it has been announced, though dates for the event originally were set for June 30. Members of the sponsoring organization felt that better results could be obtained by their co-operation in the county-wide drive to promote irrigation in that region, joining in the Chamber of Commerce development program.

Highway 23 from Brady to the Brown County line is now open to traffic, the paving of this stretch of 25 miles of road having been completed by Morgan Construction Company. The pavement closes the only dirt gap between Brady and Fort Worth.

Lions Club News

During the luncheon hour Tuesday Mayor Geo. M. Johnson made a talk to the Lions Club discussing the proposed street improvements for the city. A. D. Pettit, who returned from College Station last week, made a brief talk.

R. A. Jeffreys was voted into the membership of the club. The organization voted to reimburse Rex Golston and Fred Turner for having paid the membership fee in the Freight Rate Equality Federation. Rev. M. L. Womack was asked to arrange the program for the next meeting.

John Little of Woodson and G. Preston Tate of Comanche were visitors. Members present were Vernon Ragsdale, J. E. Kirkpatrick, F. C. Woodward, R. W. Willis, Claude Reid, Hardy Bigg, Geo. M. Johnson, J. J. Greig, J. W. Riley, D. L. Pieratt, Rex Golston, R. A. Jeffreys, M. L. Womack, D. D. Byrne, O. A. Etheredge, A. D. Pettit and R. L. Hunter.

Trickham News

By Metz James The union meeting is progressing nicely. Thirteen have joined so far.

Several from here went to the funeral of Mrs. Wagner at pop outa "Amoyon" purpawed Sunday after a long illness. Mrs. Shields was taken to the Santa Anna hospital Monday.

Several from here attended the rodeo at Coleman last week. Mr. and Mrs. Whitley spent Sunday in the home of Mr. and Mrs. Charley Bowden.

Miss Ruth Henderson spent last Sunday with Miss Cora Lucille Lancaster.

Miss Inez James attended the Rollins and Bible reunion at the Buchanan Dam last Saturday and Sunday with Mr. and Mrs. J. W. Johnson and son.

Word was received last week from Ervin Bowden, son of Mr. and Mrs. Charley Bowden that he was married to Miss Rita Ennis in Reno, Nevada.

Little Bobby Jack James of Fort Stanton, New Mexico is visiting with his grandparents, Mr. and Mrs. C. E. James.

Mrs. C. D. Fenley returned Monday after a weeks visit with her brother in Comanche.

Misses Lorraine Martin and Tany Marie Stacy were dinner guests of Mrs. Whitley last Thursday.

Oil Briefs

A shower of oil in the Caddo lime, Brownwood, with approximately 130 feet of porosity was reported this weekend in the R. P. Lynn and W. F. Kearns of San Angelo No. 1 J. E. Rice, Brown county wildcat 4 miles west of Brooksmith in section 25-M&P survey. Casing plugs will probably be drilled out Sunday or Monday. Top of the Caddo was picked at 970 feet, with saturation reported from 990 to 1,120 feet. Plains Production company No. 1 Mrs. M. L. Grades, wildcat in the Salem community four and a half miles northwest of Bangs, has been abandoned at 1,360 feet.

States Oil corporation of Eastland and H. O. Wooten and others of Abilene No. 3 W. R. Stockard, south outpost to the Coleman county Novice pool, was scheduled to reach the Gardner sand, Strawn series, this weekend on rotary drilling. The test about a mile west of Novice and 590 feet from the north and west lines of the southeast quarter of section 23-T&NO survey, was last reported drilling below 3,350 feet. The pay horizon is expected near 3,620 feet.

Anzac Oil corporation of Coleman is the new pool opened last month on the Morris ranch, was drilling with cable tools at 735 feet. The test is 660 feet north-west of the discovery well and is David Breeding survey No. 728.

Anzac No. 4 Overall, in the pool six miles south of Coleman is scheduled to reset eight-inch casing and cement at 1,592 feet after drilling out iron in the hole. It is a workover job, the well having been completed in 1927 for 60 barrels daily.

Jim Quinn of Coleman, trustee, No. 1 Rogers is underreaming casing at 1,530 feet. The test is in the David Moss survey No. 50, located 150 feet from the west and 2,600 feet from the south lines, about three miles southeast of Camp Colorado.

C. D. Currie of Coleman is moving equipment from Comanche County and digging slush pit for a second test for oil to be drilled on the McCord ranch west of Coleman by J. D. Kynaston and Culbertson Bros. & Co. of Fort Worth and J. D. Bozeman of Philadelphia. The test will be about 400 feet from the east line and 1 1/2 miles from the south line of J. W. Meeks survey 159, on a block of slightly more than 4,000 acres. No. 1 McCord, drilled to 2,686 feet, found some oil in the Overall sand, which produces in the Overall pool south of Coleman at around 1,500 feet, but water spoiled the showing. No. 2 McCord will test the same horizon and if production is not developed will continue to 3,500 feet.

MOZELLE HIGH SCHOOL TO BE ONE OF LARGEST IN COLEMAN COUNTY

Mozelle High School of Coleman county will be one of the largest in the county in number of scholars during the 1939-40 school term. Number of high school students will be linked around 250 while the number of students in the consolidated district's elementary schools will be around 600 as the result of several agreements made by the Mozelle school board and the boards of neighboring schools. The agreements mean that students in the other districts will be given advantage of an affiliated high school and transportation to and from that school at a cost less than it would require to operate their own schools.

TO THE BUYING PUBLIC OF THIS TRADE TERRITORY:

Dr. and Mrs. R. R. Lovelady were spectators at the semifinals in the Brownwood Golf tournament Saturday.

## Deaths

### MRS. F. E. WAGNER

Funeral services for Mrs. F. E. Wagner, who died Sunday, July 16, were held at four o'clock Monday afternoon at the Cleveland church with Rev. L. P. Jennings officiating, assisted by Rev. Howard Smith of Brooksmith and Rev. Dennis of Brownwood.

Doshia Amanda Thornton, born at Cuthbert, Ga., Sept. 2, 1867, has been a resident of Coleman County since she was nine years old. She was married to F. E. Wagner, June 2, 1895 and to this union were born nine children.

She is survived by her husband, two daughters, Mrs. A. L. Brookesmith and Mrs. Clark Miller of Santa Anna, and six sons, Hilliard E. of Brawley, Cal., Ernest E. of Monument, N. M., Julius E. of Hobbs, N. M., Silas C., Bunk and Fred H. all of Santa Anna. She also leaves a sister, twenty grandchildren and a large number of nieces and nephews.

Early in life Mrs. Wagner joined the Methodist church and later became a charter member of the Nazarene church at Cleveland.

Pall bearers were E. C. Haynes, E. R. Tucker, E. S. Ellis, R. C. Perry, R. B. Hibbetts and Elmo Eubanks. Flower girls included Mattie Haynes, Elfreda Genz, Doris Cupps, Zaida Miller and Mesdames Grady McIyer, R. B. Hibbetts, E. S. Ellis, Elmo Eubanks and Grady Buse. Burial was in the Cleveland cemetery.

### MRS. NANCY ELLEN GIBSON

Mrs. Nancy Ellen Gibson, born in Tenn., Nov. 2, 1862 died at her home in Coleman, Monday, July 16.

## 17. Funeral services were held Tuesday afternoon at the Central Baptist Church in Coleman with Rev. L. A. Hansen of San Angelo officiating.

Mrs. Gibson had been a resident of Coleman county since 1908. She is survived by five daughters, Mrs. Gaston King of Valera, Mrs. Ernest Lesner of Coleman, Mrs. Robert White of Temple, Mrs. Hunt Bruner of Valera and Mrs. A. B. Goiding, Station; two sons, J. D. Gibson of Vickery and W. A. Gibson of Krum; three sisters, one brother, twenty-three grandchildren and six great-grandchildren. Grandsons were pall bearers.

Burial was in the Valera cemetery with Mead Undertaking company in charge of arrangements.

## CARD OF THANKS

To everyone who assisted us in the illness and burial of our wife and mother, we offer heartfelt thanks. May Providence deal kindly with each of you is the wish of

The Wagner Family.

## NOTICE

An open meeting of the W. O. W. and Woodman Circle will be held Friday night, July 21. All members and families are invited to attend.

—Joe Flores, Clerk.
