CUBS DOWN

NUMBER THIRTY-SIX

PRESS POINTS By JOE BENNETT, Publisher

The weather sure has been great for the farmers this past several days. If this weather continues to favor us as it has then it won't be long before all the goobers will be ready to dig and boy that's just what most of the peanut growers are waiting for.

Seems that a good number of peanuts that were being dug too early were grading rather bad, so a large number of the growers are letting the then the peanuts can be harvested and the grade should be improved greatly.

ments on the column last week. Sure hope everyone agrees that we need to get off, the road we have been raveling and get back to the fundamentals that made our country the envy of every other nation in the world. And this uals will voice their opinions and also let the leaders of our country know what we want them to do. After all, they are, supposed to be representing the people and not just to get what they can for themselves. Heard something on this

line on the news this week. It seems that people are really beginning to "holler" to their because I heard on the news that President Ford has been asked to get rid of Secretary of Agriculture Butz and get the ladies of the church. someone in the office who understands agriculture and who the farmers a fair shake.

One thing is sure . . . if ments were crystal. something isn't done, and soon the farmers are going to get tired of being pushed around ies, mints and peanuts. and just grow enough for their own needs. Then where will Pam and Robin Watson, pre- win. the rest of the population be. sided at the register book. They sure can't make it if they don't have anything to gifts were attractively diseat. Cattle graze on reclaimed land near TESCO's lignite coal operation near Fairfield, Texas. The dragline used for recovering the lignite can be seen just over the hill.

environment.

# Ten months ago this peaceful Texas pasture was a coal mine.

The lignite coal found here is being used to generate electricity for Texas Electric Service Company in our Big Brown plant near Fairfield, Texas.

Our main fuels are natural gas and oil, and they will continue to be for several years. But new supplies of these fuels are increasingly difficult to obtain.

Using lignite, and by the 1980's nuclear fuel. will help us reduce our dependence on natural gas

One advantage of using lignite is that it isn't being used extensively for any purpose other than the generation of electricity.

After removing coal from the land you see here, it was reclaimed — the soil was replaced, tilled, fertilized and a variety of grasses planted - to make its productivity equal to or better than before. Now it is used for raising crops or cattle. At Texas Electric, we're continuing the orderly

development of our power system so that you'll continue having the electricity you need. And we're doing it with full concern for the

GORMAN

# The Opening of HAIR FASHIONS

....I am returning to Gorman after a number of years. I am a graduate of Gorman High School and finished Beuty School in Dallas, where I worked for many years in a beauty shop.

I am a well-trained Hair Coloring Specialist. I took my training at Roux Laboratories in Jacksonville, Florida and traveled for five years working with experts in the Cosmetology field, holding clinics and classes over Texas and Oklahoma. I also took training in the Wella Laboratories in Englewood, N. J. and traveled the Houston and Galveston area with quite a large territory holding clinics and classes. I have taught Hair Coloring in Beauty Schools, Vocational Schools for each of the companies I worked for.

Having had a good course in the Professional Hair Coloring Field, it is good to come back to my hometown and serve the many I have known through the

I will specialize in Hair Coloring, Bleaches and Frosting

I WILL SPECIALIZE IN HAIR COLORING, BLEACHES AND FROSTING

Lo will still be in the shop for her customers and also Pat Frasier.

I sincerely solicit your patronage and extend a SPECIAL INVITATION TO EVERYONE to drop by for a visit and REGISTER for FREE DRAWINGS.
