Athletic Director Report

By A.D. Coby Tyson

Baseball season is officially underway as the Panthers took on Strawn Monday afternoon here in Gorman. The Panthers lost a close one, but got a look at some of their players and saw some live action that will definitely benefit them. The Lady Panthers softball team has scrimmaged Dublin and will play their first game Thursday against Hamilton at Hamilton. Both the baseball and softball teams will be hosting tournaments this weekend (Friday/Saturday) here. Kathy Marlow is still looking for help in running the concession stand and gate for those tournaments. If you would like to help please contact her or Coach Gerick.

Track has begun working out for the 2002 season that gets started next weekend. The JH will be hosting the Lions Club Relays on March 1st and the Varsity will be traveling to Roscoe on the 2nd of March. Anyone interested in working the JH relays here on March 1st may contact Coach Wilson.

Powerlifting has ended for most of the lifters, but Brian Hunt and Ashley Maupin are traveling to Bartlett to compete one more time before Regional. This meet will serve to better their totals and insure their standing in the Region. If they qualify for regionals, the girls will lift on March 1st in Plainview, and the guys will lift on March 9th in Floydada. All of our lifters competed well this year. Each one of them represented our school with class and pride. I am proud of their efforts and thank them for their contributions to our program.

James B. Hicks Announces Candidacy for Criminal District Attorney

I am pleased to announce that I am a candidate for Criminal District Attorney of Eastland County in the March 12, 2002 Democratic Primary Election. I am currently employed as Assistant District Attorney for Taylor County Criminal District Attorney James Eidson. I am primarily responsible for the prosecution of felony cases in the 42nd District Court. In the past two years, I have had the opportunity and good fortune to obtain numerous felony convictions for the state in cases ranging from capital murder, murder, aggravated robbery, to numerous felony convictions for drug related offenses.

My campaign will be based upon the promise that I will effectively prosecute criminal misconduct with a fair and unbiased outlook. If elected, I will bring 18 years of trial skill and experience in the area of criminal law to the office of District Attorney. I think that I will be able to establish a cooperative working relationship with all local law enforcement agencies. I will strive to open lines of communication with the public which is so essential for effective prosecution and the judicial process.

In speaking with the law enforcement community, I have had a very positive reaction to the course of prosecution that I wish to implement. I maintain the belief that if you question the way the judicial process is working, the best people to ask are the men and women who are on the front line in combating the war against crime.

Eastland County is like so many others that are currently under siege

from drug abuse and manufacturing of illegal drugs. This activity touches all of us in property crimes such as burglary and robbery where the perpetrator is stealing to buy drugs; crimes against persons as in assaults and family violence where often the assailants are high; to sale of this poison to our children. In the past years I have either prosecuted or defended cases such as possession of Methamphetamine. I have never found anything positive to come from this drug abuse. This problem must be stopped and the offender brought to justice. A vote for me will be a vote to stop this problem in its tracks.

My wife, Kathy, and I have lived in Cisco for two years, however, I feel that Eastland County is home. Our son, Garrett, recently graduated from Cisco High School, and our daughter, Autumn, is enrolled in Cisco Junior High School. I also have three children by previous marriage that enjoy spending time in Cisco as well.

Although I tend to vote for the person instead of the party, my Democratic roots stem primarily from my mother, June Tucker Hicks of Carbon. My father is J.B. Hicks, Jr. of Phoenix, Arizona. Both are graduates of Howard Payne University. My families are active members of Pleasant Hill Baptist Church of Carbon where my grandfather, Robert Tucker, was a deacon for in excess of 50 years. I owe a great deal of gratitude to my grandparents, Robert and Johnnie Hardin

Gorman ISD February Board Meeting

The Gorman Independent School District's board of trustees met in regular session Monday, February 12, 2002 in the Maxfield Elementary conference room. Before the meeting was called to order Bobby Rich offered an invocation. President of the Board Wendell Treadway called the meeting to order at 7:05 pm with a quorum of six members present. Beth Underwood was not able to attend. The minutes for the January 14 meeting were read and approved. Freddie Gilmore made the motion to approve the disbursements and Bobby Rich moved to approve the payroll. Both motions were approved.

The board addressed several items in the new business portion of the meeting. The board approved Bob Powell's motion for Gorman ISD to continue its membership in the Region 9 & 14 Food Purchasing Cooperative. The Integrated Pest Management Policy Revision received approval with the motion being made by Bobby Rich. After some discussion about the State Comptroller's Annual State Appraisal, Glen Glasson moved that Gorman ISD contract with McCreary, Velselka, Bragg, and Allen to represent the district in the appeal process. The motion passed with a 6-0 vote.

The board passed the motion by Rich to call for an election for two seats on the Gorman ISD

The Story of Mr Mc's Peanuts

While being gone for years, Mr. Mc's Peanuts, are now being sold at City Grocery in downtown Gorman.

More than 30 years ago the name Mr. Mc's Peanuts was created by Cliff McCormick and Willard Mann, owner of Mann's Convenience Store, now Taylor Convenience Store in Gorman, Texas.

Don McCormick, a police officer for the City of Celina and great nephew of Mr. Mc's founder, Cliff McCormick, was inspired to involve the McCormick family with Mr. Mc's Peanuts after the family stopped at a Dublin store where the peanuts were sold.

The family redesigned the label with the help of his grandmother and grandfather, Mr. & Mrs. W.C. Browning of Gorman--adding the history of the peanuts and picture of Mr. and Mrs. McCormick (who passed away over 30 years ago) on the peanut buckets.

The McCormick goal is to sell Mr. Mc's Peanuts all over the state of Texas.

Taken from article submitted by Don McCormick.

Mr. Wright provided a report of activities for the month of November and also stated that Students in grades 8 & 10 would be taking the Writing portion of the TAAS on the 19th of February and the 10th graders would be taking the Math and Reading exams on the 20th and 21st of February. He ended his report with the introduction of a new program entitled "Project Wisdom." Kokomo News

By Zelda Jordan

Many of the Kokomo people joined the large crowd that attended the benefit for Allen and Dena Scitern at the Gorman School Gym on Saturday night to enjoy the delicious barbecue dinner, the musical entertainment and the auction. What a wonderful sight it was to see the town and surrounding communities come together to help this young couple during this trying time of Allen's illness. Just shows what a loving and caring people we have in our area. Everyone had a part in helping through their donation of the food, cooking the briskets, helping serve, auction items, and the money donated. I think everyone really enjoyed the entertainment by the Upper Room, Messengers and The Continental 2. Those who helped organize the event certainly deserve a pat on the back.

Visitors at the Kokomo Baptist Church on Sunday morning were Gary, Rebecca and Emily Browning of Graham and Ima Boles of Clyde. The special music was presented by the choir: Woodrow Browning, Joe Bond, Jimmy Little, Oren Webb, Helen Browning, Kay Snider, Leona Wilson and Norma Webb with Daryl Hirst at the piano.

Larry and Betty Strube attended the 50th wedding anniversary celebration for Edith and Kenneth Bibbs in Rising Star on February 9. They also visited with Violet Burcham while in Rising Star.

Helen Browning, Kay Snider and Zelda Jordan visited with Johnnie B. Griffith on Tuesday.

We extend sincere sympathy to Johnnie B. Griffith and family. Her sister, Cecil Smith of Katy died early last week. Those from Kokomo attending the graveside service for Mrs. Smith at the Victor Cemetery on Wednesday were Johnnie B. Griffith, Bro. Clarence and Leona Wilson, Woodrow and Helen Browning, Kay Snider, Verna Lee Little, Betty Little, Nancy Hendricks and Zelda Jordan.

Johnnie B. and another sister, Inez and husband, Elda Goodson of Freer spent Wednesday night in Dublin. Other members of the family also visited with them.

Woodrow and Helen Browning went to Mineral Wells on Friday and got their grandson, Garrett Gatlin, and to Graham and got granddaughter, Emily Browning and brought them home to spend Friday night with them. They went to Perrin on Saturday to see granddaughters, Lesley and Melanie Gatlin play basketball and met Donna and Gary Gatlin there and Garrett went home with his parents.

Gary and Rebecca Browning of Graham spent the weekend with Woodrow and Helen Browning and Emily returned home with her parents on Sunday evening.

Sylvia Buchanan spent several days visiting with Kelly Buchanan and Tina Billingsley in West Columbia.

Sylvia Buchanan and Doris

Bradshaw of Gorman attended a banquet, sponsored by the Hocheim Insurance Company, in Stephenville on Saturday night.

Bobby and Mary Jane Little, Ima Boles of Clyde, Betty Little, Carolyn Little and Nelda Fails of Arlington attended the funeral of Zelda Mae (Mounce) Morrison in Duncanville on Saturday. Among Zelda's survivors are two sons, Johnny Little and Jimmy Little. We extend sincere sympathy to this family.

AG TALK

By Charlie Stenholm

House Agriculture Subcommittee Reviews Risk Protection Act

This week, the House Agriculture Subcommittee on General Farm Commodities and Risk Management met to review the progress of the Agricultural Risk Protection Act (ARPA) of 2000, legislation to reform the nation's crop insurance program.

There have been some successes resulting from ARPA: an increase in the amount of acreage that has been insured, and an increase in the amount of insurance that is in force. There is also evidence suggesting that producers are choosing higher coverage levels.

However, we continue to hear many of the same complaints that caused Congress to develop this law. There is still much fraud and abuse within the program, and policies insuring the cost of production are still not available for pilot testing.

USDA's Risk Management Agency (RMA) continues to be difficult to work with, and RMA and the Farm Service Agency (FSA) continue to have difficulty building the kind of cooperation needed to make improvements to the programs that they administer.

Not surprisingly, the RMA's acting administrator believes that considerable progress has been made in implementing this law.

However, the House Agriculture Committee will continue to monitor this law with an eye toward making it work as it was intended by Congress.

Ozona, Jeanna and Ronnie Pack of Carbon, Ronald and Lacy Majors of Gorman, Cory Pack and friend, Heather Hutto of PLano, James, Jo and Jason Norris of Kokomo, Donald, Jodi and Matthew Majors of Gorman, Alan, Jana and Cody Lynch of Denton, and Lisa and Randy Lewis and T. J. of Stephenville.

On Sunday afternoon Paula, Jeanna and Lisa picked up Imogene when she got off work and took her to Abilene for a birthday shopping trip and dinner at the Red Lobster. Lance Morrow of Abilene met them at the Red Lobster for the meal.

James B. Hicks Announces Candidacy for Criminal District Attorney

Continued From Page One

Tucker, who taught me during long summer hours of chopping cotton, hoeing peanuts and just general working on the family farm near Carbon that a man is judged by his honesty and integrity. Here, too, I developed my work ethics. I pledge both to the citizens of Eastland County.

Prior to moving back to Eastland County, I had a private law office in the Houston area. I was City Attorney for Hempstead and Waller for in excess of ten years. We closed a very profitable law office with the belief that the Lord wanted us in Eastland County. It becomes clearer by the day that it was a wise decision based upon faith and prayer.

I realize through personal experience that the key to a successful

District Attorney's office is good administration skill and a tough no nonsense attitude toward crime and the criminal element. Criminal conduct can be decreased and controlled only through a judicial system where the criminal suspect is made to respect others and understand that the judicial system while being fair is to punish those who refuse to obey the law. That is my philosophy in Abilene and I intend to bring it with me into the Criminal District Attorney's office here. If elected, I will devote all of my energy and experience to maintaining a District Attorney's office that all can approach and depend upon as the front line of defense in the war against crime.

On Sunday afternoon, those coming from Kokomo Baptist Church were Rev. Clarence and Leona Wilson, Joe and Glynda Bond, Jimmy and Verna Lee Little, Ruby Lee Kinser, Johnnie B. AG TALK

By Charlie Stenholm

The Senate Passes a Farm Bill

I'm pleased to say that the Senate finally completed action on a farm bill this week. By a vote of 58 to 40, the Senate passed the "Agriculture, Conservation, and Rural Enhancement Act."

The House version, known as the "Farm Security Act," was passed last October. The next step in the long process of completing action on this legislation will be a House and Senate conference, during which time House members and Senators will work out the differences between the two bills, along with input from the White House. I'm looking forward to serving as a confere.

The House Agriculture Committee hopes to begin the conference as soon as possible in order to have a final bill for the 2002 crop year.

I am still hopeful to have a farm bill out of Congress and ready for a presidential signature by mid-March, but the Senate bill is considerably different from the House bill and it will probably take some time to work out the differences between the two bills.

Under a budget agreement last year, \$73.5 billion was set aside for agriculture over the next ten years. However, the Senate bill renews farm programs only through 2006, authorizing \$45 billion in new spending over the next five years.

The Bush administration is particularly concerned that the Senate bill front-loads spending in the first five years, leaving farm programs shortchanged in the long-term. The House bill, on the other hand, spends the funding more evenly over a ten-year period.

One of the most significant differences between the two bills is the Senate inclusion of a provision to limit payments to producers.

Another significant difference is a Senate provision that bans packer ownership of cattle, sheep or hogs. Specifically, the Senate bill would ban packers from owning, feeding or controlling livestock for more than 14 days prior to slaughter.

The House bill does not include this provision that, by the way, was strongly opposed by the National Cattlemen's Beef Association.

Of this amount, \$1.9 billion would be designated for crop producers and \$500 million for livestock producers. The Senate voted to designate this \$2.4 billion as emergency spending, and this money would be in addition to the spending that has already been earmarked for direct payments to farmers for this fiscal year.

This is one of those areas that will raise budget concerns for the White House and for a number of folks in Congress.
