OPPOSED SO-CALLED CVIL RIGHTS

STANDS FOR SOUND PRINCIPLES,

In Congress he has stood for sound principles of government.

A RECORD OF SERVICE

AND ACHIEVEMENT

Omar Burleson has a seasoned, demonstrated, record of ability and achievement . . .

Beginning as County Attorney for Jones County in 1931, he has moved up, step by step. He served Jones County as its County judge for three terms unopposed. Later he became an agent of the Federal Bureau of Investigation, and afterwards served three and one-half years in the Navy during World War II.

HE HAS OPPOSED VIGOROUSLY -

"The Tidelands grab by the Federal Government; helped pass bills on different occasions con firming our title in our off-shore lands."

CORRUPTION AND INFLUENCE-PEDDLERS

"Burleson and other independent members of Congress have led in the relentless drive to expose and bring to justice those who betray the public trust. He is vice-chairman of the Committee which appropriates funds for investigations which have shown up waste, graft, and inefficiencies, etc. "

SOCIALISTIC TRENDS -

"He has fought against socialized medicine, socialized agriculture, socialized housing. He feels that any flaws in our own methods should be corrected within the framework of our own American free enterprise system."

LABOR AND BUSINESS MONOPOLIES -

"Burleson holds that where they conflict, both labor and business monopolies should be subservient to the public interest. He supported the Taft -Hartley Act, the inclusion of labor unions in the anti-racketeering law to curb the power of labor racketeers and protect honest union members against Communist leadership in certain unions."

WISE, SOUND, COURAGEOUS

While others may falter and evade, Omar Burleson has been wise, sound and courageous in his stand for a strong and solvent America; for real and not just lip-service.

He favors a FOREIGN POLICY, administered by men in whom the people have confidence, to unite the free world against communist aggression. He called for Acheson's resignation two years ago.

... He has stood for PREPAREDNESS, has fought for a 143 group Air Force, second to none; a strong Army and Navy equipped with the modern weapons American genius can produce.

He has supported a program for deserving Veterans, with ample provision for the wounded, disabled, their widows and orphans Has supported hundreds in their problems with the Veterans Administration.

Omar Burleson has supported the recommendations of the Hoover Commission to abolish duplications, over-staffing and inefficiency . . Opposes additional taxes; fights for economics that can enable reductions of the budget.

This is a brief statemnt about a very important matter — the 76th Representative District, comprising Eastland, Callahan, and Shackelford Counties.

THE OFFICE OF STATE REPRESENTATIVE, AS YOU DOUBTLESS KNOW, IS ONE OF THE LOWEST PAID, BUT ONE OF THE MOST IM-IMPORTANT IN OUR STATE. THE KIND OF STATE GOVERNMENT WE WILL HAVE FOR THE NEXT TWO YEARS WILL BE DETER-MINED, IN A LARGE MEASURE, BY THE KIND AND CHARACTER OF MEN THE PEO-PLE OF TEXAS ELECT TO THE LEGISLATURE IN THE APPROACHING PRIMARY.

THE LEGISLATURE RUNS TEXAS. IT NOT ONLY MAKES OUR LAWS, BUT LEVIES OUR TAXES AND SPENDS THE MONEY. IT IS WITHIN THE POWER OF THE LEGISLATURE - THRU GOOD OR BAD LEGISLATION - TO MAKE OR BREAK ANY BUSINESS OR IN-DUSTRY. THE TEXAS LEGISLATURE HAS GROWN UNTIL IT IS NOW A BILLION DOL-LAR INSTITUTION.

WE ARE CONVINCED THAT MR. L. R. PEARSON IS THE BEST QUALIFIED MAN FOR THIS IMPORTANT OFFICE. HE SERVED US ABLY AND EFFICIENTLY IN THREE SES SIONS OF THE LEGISLATURE. HE HAS DEMONSTRATED THAT HE IS CONTENT TO DO WELL THE JOB AT HAND, WITHOUT TRYING TO BUILD HIMSELF UP TO A BETTER PAYING OFFICE. HE IS EXPERIENCED, CAPABLE, SOUND, ENERGETIC. HE KNOWS HIS WAY AROUND IN THE LEGISLATURE, AND GETS THINGS DONE. ALSO, HE KNOWS THE VALUE OF THE TAX DOLLAR. HE DOES NOT FAVOR SPENDING THE STATE INTO HOPELESS DEBT, AND IS PLEDGED AGAINST ANY NEW OR ADDITIONAL TAXES. ALSO HE IS PLEDGED AGAINST CREATING ANY NEW BOARDS OR COMMISSIONS. HE HAS SPONSORED SOME OF THE MOST BENEFICIAL LEGISLATION THE STATE HAS HAD IN THE LAST SIX YEARS.

WE WILL NEED HIS ABILITY AND GOOD JUDGMENT IN THE 53RD LEGISLATURE WHICH CONVENES IN JANUARY.

Cadet Billie D. O'Neal of Texas A & M University is successfully going into the final weeks of the Ordnance Reserve Officer Training Corps Summer Camp at Aberdeen Proving Ground, Md. Cadet O'Neal as one of the 817

college-student ROTC men who are here, from 45 states, the Dis trict of Columbia, and Hawaii, to take intensive study in Army Ordnance subjects, drill, and phy sical training. The students represent 65 American colleges and universities.

On July 31, closing ceremonies will mark the end of the sixweek camp with the return of the students to their homes the majority to prepare for their senior year of college; some 90, who will be commissioned, to await call to active duty.

During the busy weeks of camp Cadet O'Neal has gone through rigorous Army training, but the time has not been without periods of entertainment and participation in competetive sports.

In the field of ordnance he has received detailed instruction from the Ordnance Corps' technical instructors, using the Proving Ground's development and testing areas, and its museum. Included in the instruction was a fourth-week trip to Letterkenny Ordnance Depot in Chambersburg, Pa., where the cadets studied automotive rebuilding and ammunition renovating processes in action.

Cadet O'Neal is the son of Mr and Mrs W A O'Neal of Route 1, Gorman, Texas.

> Comprised of Callahan, Eastland, and Shackelford Counties

IT BEING IMPOSSIBLE to meet and talk with each voter in this three-county district, I take this method of giving you my views on certain pulic issues that will come before the 53rd session of the Legislature to convene next January, 1953. In addition to former statements made upon announcing my candidacy which appeared in each newspaper in the district, I wish to make this further statement:

- 1. There is so much confusion regarding the teachers' certificate law that a new certificate law should be written. I shall favor a law written in such plain language that the teachers and the people as well, can make certain of its meaning.
- 2. I favor continued support of our Junior College program and adequate salaries for the teaching profession, especially the class room teachers.
- 3. I shall oppose the movement to abolish the 21-member State Board of Education which is now elected by the people, same to be substituted by an appointive board with main office in Austin.
- 4. The Federal Government has recently passed legislation adding an extra \$5.00 per person for the needy aged and the Blind and \$3.00 each for Dependent Children. I shall favor necessary legislation to match same with State Funds. Federal Funds will be available October First.
- 5. The New Matter in the election code (House Bill 6) should be amended. The proponents and sponsors of this measure stated that the Bill would purify Texas politics and put the government back in the hands of the people, yet, it has developed that the results of the first election held under this new code, has developed into a State-wide and National scandal.
- 6. Briefly repeating my former statement: I shall favor the out-right repeal of the "Car Inspection Law." It is an added, unjust burden on the people.
- 7. I favor the repeal of the "Car Insurance Law," or radically changing its provisions by amendment so as to make it fair and just to all car owners alike.
- 8. I favor retaining our present Rural Road Program and that our local roads and local road fund be kept under county control.
- 9. I shall oppose any effort to set aside the "Road Bond Assumption Act," which has meant so much to
- 10. I shall oppose a State Bond Issue for any purpose. I am opposed to any new tax levies or increasing present rates as I am fully convinced that the present levies of around two million dollars daily will more than meet expenses, make necessary improvements for State Agencies, and lay up an emergency balance.

These are my principals-I shall steadfastly follow same, as is known by my past official record. On this I solicit your vote and help in this campaign.

Dear Friends and Voters:

Friends, it is regrettable that at last I am forced to reply to the questions asked by opponent through the press and otherwise.

First, my life and actions have at all times been an open book. In all my races I have run on my own merits and not the faults of others and, as a result of so doing I have the respect and friendship of each and every opponent I have ever had prior to this race.

Friends, don't you think it would be ridiculous and down right silly for us to go around asking people for whom they voted two years ago or any other time as to that matter. It is a sacred duty and privilege cherished by us all to vote as we please. If he knows so much about it why didn't he tell you how I voted and why? If he will take a close inventory of his record the past nineteen months he will readily see why I voted as I did.

As to the other question I have already answered it in all papers when I stated I would render all decisions based on law and evidence. No one wants justice meted out to the law breaker more than I. The guilty must be punished and not paroled for more violations.

As to the Walker Case you, my opponent, have had nearly two years in office and an attorney hired to assist at an expense of five thousand dollars with which to prosecute and still you are using it as a political football to further your own interests. Since you take the position you do I'm just wondering if you are not figuring out some way to drag it out for another two years so you can holler wolf if you should be elected.

You have spent thousands of dollars and accomplished nothing. Why haven't you used your influence to dispose of this Case profitably and as quickly as possible and devote more time to the County's business? The only burning thing I find throughout the County about the Walker Case is the foolish expenditure of the peolpe's tax money.

Dear friends, it was not my fault that this was requested by my opponent. I am very sorry indeed that it had to be, and if you elect me your County Judge I promise you that I shall put forth every effort to rid the County of every blot and conduct the affairs of the office in a courteous, efficent, and dignified manner you pay for and expect to get.

Sincerely,

THE TRUTH ABOUT **OLD AGE ASSISTANCE**

Governor Allan Shivers wrote and helped pass the first Old-Age Assitance Law in Texas.

He stands for equitable distribution of funds for the needy.

Two years ago he was one ofthe leaders who tried to get more money for the aged, a cause that failed because the voters disapproved a constitutional amendment.

Governor Shivers has, in the past and will in the future, advocate making available to our deserving aged citizens not merely enough for a meager existtence, but sufficient funds to carry them through the evening years of life as proud, dignified citizens.

An increase of \$5 in each pension check is due next October.

THE TRUTH ABOUT **COUNTY ROAD FUNDS**

Farm-to-market road building has been the greatest in history during the Shivers' administration.

During Governor Shivers' administration, Eastland County has received \$1,060,918.00 rural road benefits from state highway user taxes as follows:

License fees \$366,233, road bond surplus \$95,477, bonds paid \$203,508, construction of farm-to-market roads \$242,-700, authorized but not under construction \$153,000.

In this county, 15 miles of farm-to-market roads have been built, and an additional 14 miles have been authorized for construction, for a total of 29 miles.

Governor Shivers' administration has consistently supported the Eastland county road building program and will continue to do so in the future.

AN OPEN LETTER

DEAR VOTER

I take this opportunity to answer a vicious, scandalous and false newspaper article calculated to injure and defame my personal character and integrity. This attack is a last minute attempt to mislead and prejudice the people of Eastland County in order to obtain the office of District Judge by a distortion of the truth.

THE FACTS ARE THESE: The Commissioners Court of Eastland County made a contract with Horace Walker to collect delinquent taxes, which contract was approved by the Attorney General and Comptroller of the State of Texas. I, as an attorney at Law, was employed by Mr. Walker to examine abstracts of title in connection with this contract. I performed those duties. I had no authority whatsoever over the tax monies collected, or the

prosecution of tax suits, nor have I done anything in connection with this tax matter, which seems to have been a political football, which has been in the least dishonorable.

In connection of the case against Mr. Walker, I will say this: if Mr. Walker is guilty he should be punished to the fullest extent of the law. I have had no part or parcel in these cases, except that I have been subpoenaed as a witness for the State of Texas.

With reference to the property in Limestone County: My opponent is evidently unaware that it is quite customary and usual for real estate men and Attorneys to purchase and handle property for their clients, and this was done by me in several instances. There is absolutely nothing wrong in that.

It strikes me as very strange indeed that inasmuch as investigations have been going on for several years that I have not been attacked until this late hour in a political campaign with the imputation of a wrongful

I have made several campaigns and i no campaign has anything unfair, derogatory or un-c/ristian-like ever appeared against any of my opponents. I have always contended that a man who is unclean in politics will probably be unclean and unjust in public office.

It is regretable that any person who is a candidate for such an honorable position as that of District Judge would countenance any article such as has just appeared by letter and in the press of Eastland County, and would conduct a campaign for such a high office on such a low political plane.

> "Deliver me not over to the will of mine enemies: for false witnesses are risen up against me, and such as breathe out cruelty."

I have always been interested in court procedure. Early during the boom, due to a large amount of litigation, the 91st District Court was created, even then, dockets of the two courts were crowded. Several years ago one court was discontinued. The salary of the District Clerk is larg-

er now, than during the oil boom. In my campaign, I appreciate the support and encouragement of my friends both old and new. It is nice to hear a voter say: 'Keep knocking these doors, as you are now." Sometimes an office holder is inclined to brag how he performs the duties of the office. It is the duty of any public officer to perform his services politely, honestly, and efficient-ly; if he cannot or does not, he is not worthy of the honor that the people have bestowed upon

If this office of the District Clerk is a good thing, pass it around; if it is a burden, let someone else bear if for awhile. I would like to be that person. I assure you that if I am elected, I will not ask for ten or eight years in office. I am asking the people of Eastland County for a fair chance and consideration, please give me your vote.
