Heard fishing was good at Frank A. Gray Memorial Park. Thereasa agreed to bait my hook and remove any fish that might be tempted to get hooked. While fishing I reminisced about the good times folks have had in the pool and park. Then I thought of the many hours members of the old Quarterback Club, Junior Chamber of Commerce and Gorman Community Club spent each year in cleaning the park - draining and scrubbing the pool, etc. Quite a few can recall working around the clock. To drain the pool it was necessary to rent apump or use a fire truck. Not many people know that using a four inch line and running it 24 hours would not drain the swimming pool completely. Sometimes the fellows would have to wade in slush ankle deep to load wheel barrows. After a few years it was difficult to get anyone to help with this work.
