MR. TRAMMELL'S BEST FRIEND IN TOWN IS HIS SUNGLO DEALER

WE'RE GETTING 75% EGG PRODUCTION WITH SUNGLO"

says

H. R. TRAMMELL

Route 3, Stephenville, Texas

H. R. Trammell has been a flockowner for 15 years. But five years ago he changed to Sunglo Feeds and found his Sunglo Dealer is a mighty good friend to have. For example, on Sunglo Laying Feed his 600, year-old White Leghorns, which he keeps in range houses, are giving him a profit making 75% production! His 400 older birds, about two years

old, are still averaging 60% production. If you're getting anything less than Mr. Trammell's egg production record, wouldn't now be a good time to get Sunglo Laying Feed? Just remember: What your hens need...is IN Sunglo Feed. All the vitamins, minerals, proteins in just the right balance to get you extra eggs for extra profits.

It's an Old American Custom -

... for people to lose things including their eye glasses and title papers. We later find our glasses on our noses but we seldom, if ever, find our abstracts. There is really no excuse for losing anything we have if we will be careful. Right now we are in the process of losing our Freedom, and will if we don't arouse ourselves and fight. We can make you another abstract if you lose yours, but if you lose your Freedom, it's gone forever. Freedom has a high price!
