New Jap Air Base Under Heavy US Bombardment

WASHINGTON, Dec. 14. (AP)—American air forces in the South Pacific were reported by the navy today to be continuing their heavy bombardment of the new Japanese air base at Munda on New Georgia island in the central Solomons.

The Sunday attack on the Munda airfield as reported today apparently was the fourth heavy aerial assault made on the enemy base, constructed as a buffer and an offensive threat to the American airfield on Guadalcanal. The Munda positions are first attacked on December 9, according to navy communiques.

At least one of 11 enemy destroyers was sunk, taking uncounted hundreds to a watery grave, and from four to seven others were known to have been hard hit by American sea and sky slugs. But whether they weathered the two-day storm of blows late last week and reached their beleaguered Solomons outpost with supplies and troops was not stated in the Sunday navy communique which also told of other American attacks in the southwestern scene as well as a sky stab in the winter-locked North Pacific.

Japs Build Airfield—A communique reporting that army bombers blasted a flying field in the Munda area (1) in the New Georgia group of the Solomon Islands revealed for the first time that Japs had constructed an airfield only 100 miles from Guadalcanal.

Nazis On The Run Again

War Dead—Blanket-covered bodies of those killed in the occupation of French Morocco rest in this wagon as it is drawn up to the docks at Safi. Information was unavailable on the nationality of the casualties.

Reds' Drives Running Into A Deadlock

Germans Holding, But Can't Make Counterattacks. MOSCOW, Dec. 14. (AP)—The double-barreled Russian offensive on the Stalingrad and central fronts appeared to be approaching a deadlock today with the Germans unable to get a sustained counter-offensive rolling, but still slowing the Red Army's progress with vicious and repeated counterattacks.

Fortified Line Is Broken; US Airmen Play Major Role

By GEORGE TUCKER. CAIRO, Dec. 14. (AP)—Unprecedented fight-bomber attacks and steady land pressure have broken Marshal Rommel's fortified line east of El Aghella and sent the remnants of his African corps into a fresh withdrawal toward Zaita En Nofilia, 90 miles west of that strategic center, the British said today.

110 More Dancers Perish As Flames Sweep Building

ST. JOHN'S Newfoundland, Dec. 14. (AP)—Fire and panic in the midst of an old-time barn dance cost the lives of 110 merrymakers and injured 102 others as a servicemen's hotel and recreation center went up in flames Saturday night only 200 yards from the fire station on St. John's main street.

Motor Column Blasted By Artillery

ALLIED HEADQUARTERS IN NORTH AFRICA, Dec. 14. (AP)—American and British artillery have broken up a German motor column northeast of Medjer El Bab, it was announced today, while the French high command in Tunisia reported destruction of an entire troop train by French guerrillas operating between Sfax and Sousse.

Atlantic Sinking Revealed By Navy

WASHINGTON, Dec. 14. (AP)—The navy reported today that a medium-sized United States merchant vessel was torpedoed and sunk by an enemy submarine in the Atlantic off the northern coast of South America early in November. Survivors have landed at an east coast United States port.

Japanese Forces Thrown In Retreat

CHUNGKING, Dec. 14. (AP)—Thrown back in their initial winter drive in Yunnan, Japanese forces have retreated to the vicinity of Peichiao where fighting is continuing, the Chinese high command reported tonight.

Cotton Marketing Program Approved By 6 To 1 Vote

WASHINGTON, Dec. 14. (AP)—Cotton growers in 19 southern and southwestern states appeared today to have approved federal control over the production and marketing of cotton for the sixth successive year. Incomplete but fairly conclusive returns from an agriculture department referendum held Saturday showed 642,234 farmers favoring federal control and 103,186 against, with a majority of the returns tabulated.

More Japs Said To Be In Manchuria

CHUNGKING, Dec. 14. (AP)—An official Chinese review of conditions in Manchuria said today about 1,000,000 Japanese troops are now concentrated in that region and Japanese military preparations there have been increased considerably in the last year.

Youth Signup Is Extremely Light

The nation's sixth registration—this time of youngsters who have become 18 years old since June 30—was proceeding slowly in Howard county after three days of registering had failed to produce more than 25 youths.

All British Internees In West Africa Are Released

WASHINGTON, Dec. 14. (AP)—All British internees in French West Africa have been released, it was learned authoritatively today. Word of this action by French authorities has been received by the state department here and by the American embassy in London, and coincides with broadcasts by radio Dakar to the effect that serious differences between the Darlan administration in Africa and the British government have been clarified.

Lad Gives His Sensations About That First Jump With Parachute

What a young paratrooper thinks about on the eve of his first jump and sensations of that all-important leap are graphically told by Pfc. Ray B. Hood in a letter to his parents, Mr. and Mrs. R. R. Hood, 304 W. 10th street.

Ray is in Co. R, 3rd Bn., 1st parachute training regiment at Fort Benning, Georgia. After graduation at Westbrook, he enlisted six months ago in the army and is still only 17 years of age. In his basic training at Camp Roberts, Calif., he was presented with a certificate of merit as anti-tank gunner and bayonet fighter and as one of the six outstanding men finishing the parachute airborne command school, he is being sent to a communications school for further study. Here's his story of events leading up to his initial jump:

"... We packed our chutes to jump... Everyone was very, very careful putting each piece of silk where it belonged. When Sunday afternoon rolled around we began to 'sweat' it out, as they call it here. Everyone wondered what-

Reorganization Programs Mapped By Republicans

WASHINGTON, Dec. 14. (UP)—Reorganization of the Office of Price Administration and the National Youth Administration and the Farm Security Administration were listed by house republican leaders today as among their first objectives in the 78th congress.

They said they expected that many democrats, lukewarm toward the Roosevelt administration, would support at least part of their program.

Reorganization of congressional procedure was placed high on the agenda by Representative Dirksen of Illinois, long a dominant voice in house republican circles.

"I intend to introduce at the very start of the new congress next month a resolution that I hope will lead to a streamlining of congressional procedure," Dirksen said.

His resolution will call for creation of a special committee to study the entire subject and to make recommendations for more efficient operation. Dirksen has advocated establishment of a point congressional war committee to coordinate the work now done by more than half a dozen senate and house committees.

"Not since the days of Andrew Jackson has there been any substantial change in the congressional procedure," Dirksen said. "It seems to me that it is about time for a little modernization in the interest of efficiency."

Dirksen, who executed his views after consulting with party leaders, said he believed the new congress should and would "honorably discharge" the National Youth Administration and the Farm Security Administration. Both of these agencies, he averred, no longer are needed.

4-H Added As New Class In Draft Lists

WASHINGTON, Dec. 14. (UP)—The Office of War Information issued today the following list of selective service classifications, revised to include the new category created by the recent order suspending induction of men over 35:

1-A Registrants available for general military service.
1-A-O Registrants who are conscientious objectors available for noncombatant military service when found acceptable to the land or naval forces.
1-C Registrants who have been inducted into, enlisted in, or appointed to the armed forces.
2-A Registrants who are necessary or essential in their civilian activity.
2-B Registrants who are necessary or essential to the war production program, excluding agriculture.
2-C Necessary or essential men in agriculture.
3-A Registrants with dependents, engaged in less essential industry or less essential agriculture.
3-B Registrants with dependents, engaged in an activity necessary to the war production program.
3-C Registrants with dependents engaged in essential agriculture.
4-A Registrants who before induction have become 45 years of age, since they registered.
4-B Registrants who are deferred specifically by the law itself.
4-C Registrants who are aliens not acceptable to the armed forces or who waived their rights to become citizens to avoid military service.
4-D Registrants who are ministers of religion or divinity students.
4-E Registrants who are conscientious objectors available only for service in civilian work of national importance.
4-F Registrants who are mentally, morally, or physically unacceptable to the armed forces.
4-H Registrants who are 25 to 45 years of age. New class.

SUGGESTION FOR OPERA—Helen Jepson (above), Metropolitan Opera soprano, models this long-skirted New York evening creation suitable for wear at the opera. The bodice is of flesh pink silk satin, the long billowing skirt of black silk and rayon chantilly-type lace. The gown has the formal, restrained "covered-up" look expected to be popular this winter.

Downtown Stroller

Walked up the street with Mrs. F. J. DULEY who was en route to the hospital to visit Mr. DULEY. They have their fingers crossed that son, FRANK, can come home for Christmas leave. Here's hoping it works out right for them.

Mrs. J. E. HOGAN and her two little daughters were downtown yesterday afternoon drinking a soda pop. The girls looked awfully cute in little brown coats and knit caps. They were quite the center of attention.

Took a drive out through the city park and up on scenic mountain Sunday and say, even the monkeys seemed glad to see us. There wasn't another soul in the park or even on the highway during the time we were there. This gas rationing doesn't include such trips we gather.

Capt. OBIE BRISTOW was in the office Saturday and it was the first time we had seen him in uniform. He looked good although we say he has lost quite a little weight. He was en route to Childers where he is to be stationed.

Talked for a while with Mrs. J. R. FARMER and CLARIND/ MARY SANDERS down at the USO. Seems Saturday night the center had over 750 soldiers visit there during the evening. That's a lot of fellows for the small space that the hall takes up.

COTTONSEED REPORT

WASHINGTON, Dec. 14. (UP)—The census bureau reported today that cottonseed crushed in the 4-month period, Aug. 1 to Nov. 30, totaled 2,074,795 tons, compared with 1,783,102 tons in the corresponding period a year ago.

Hyperion Club Has Party At The Home Of Mrs. Young

"White Elephant" Gifts Exchanged

Mrs. J. B. Young entertained members of the Hyperion club with an annual Christmas party at the home of Mrs. V. Van Gieson and Mrs. Young Saturday afternoon.

The program opened with the Lord's Prayer given by Mrs. Bob Piner, and followed with a pledge led by Mrs. James T. Brooks.

Mrs. B. Reagan, charter member, welcomed new members to Big Spring and to the Hyperion Club.

Speaker for the afternoon was Mrs. Sam L. Ellis, who gave an illustrated talk on China, Japan, and experiences of Col. and Mrs. Ellis in the Philippines.

Mrs. Morris F. Arson reviewed the book, "The Seventh Cross" by Anna Seghers.

The entertaining rooms were decorated in a Christmas motif and each guest brought "White Elephant" gifts which were exchanged.

A large lighted tree was in the living room and Mrs. Bill Tate distributed gifts.

The lace covered tea table was centered with a Yule poinsettia flanked with red berries and red, white and blue tapers in cathedral holders which accented the season motif with a patriotic theme.

Attending the party were Mrs. Sam L. Ellis, Mrs. J. H. Isbell, Mrs. N. E. Meadors, Jr., Mrs. Paul S. Dewell, Mrs. Joe J. Robnett, Mrs. J. W. O'Connell, Mrs. R. L. Braaswell, Mrs. J. P. Dairyland Supplies All Milk For Local Bombardier School

Between 1 and 5 o'clock every morning heavily-loaded Dairyland Creamery milk trucks rumble out to the Big Spring Army Air Force Bombardier School with the day's supply of milk.

The exact figure of the milk consumption is, like many other details, a military secret, but it is known that soldiers drink lots of milk, and the entire supply, furnished by Dairyland, must meet rigid pure food requirements.

Jim Kinsey, manager of Dairyland, which lists among its products whole sweet milk, coffee cream, buttermilk and ice cream, is trying to get a little milk to all his customers, but the growing milk shortage is becoming an increasingly serious problem.

He first was forced to discon-

tinues the retail service to delivery customers, and Kinsey, conscious of the growing seriousness of the shortage, tackled the job of contacting all dairy farmers and urging them to increase production of whole milk as much as possible. However, gasoline rationing forced him to abandon the project and to rely solely on the existing supply.

Shortage of milk is not the only headache Dairyland has experienced. An acute shortage of labor was adjusted sometime ago with the hiring of four women as bottle fillers and milk receivers—positions never before handled by women.

All products are bought and distributed locally, except for a small supply of milk sold at Coahoma.

Kinsey says they are giving as good or better service than the men because they stay on the job better, so the labor problem was licked, along with many others brought on by the war, but the milk shortage becomes more critical with each passing day.

For this reason, customers who are forced to cut down on their normal supply and to conserve milk in a hundred different ways should not blame the grocer, the creamery or the farmer. Each is doing the best possible with the amount available.

Complete—Or as complete as wartime conditions will permit is the line of office supplies found at the Thomas Typewriter Exchange, 107 Main street. Interior of the firm is pictured here, with Mr. and Mrs. Eugene Thomas, who founded the business in 1935. While typewriters themselves go only to eligible persons, the repair work is more essential than ever before, and Thomas stresses complete servicing. (Photo by Kelsey).

Full Line Of Office Supplies Is Maintained By Thomas Firm

Office supplies of all standard character are available to people of the Big Spring area through the facilities of the Thomas Typewriter Exchange, 107 Main street.

Operated by Eugene Thomas, who founded the business in 1935, and Mrs. Thomas, the business carries ample stocks of ordinary and better quality stationary, standard forms such as ledger sheets and binders. Thomas also carries an extensive supply of duplicating paper, stencils, and ink for duplicating machines. Also available are any of a number of filing supplies, including boxes and small drawers, and a host of miscellaneous items such as glue, paste, pens, pencils, notebooks, etc.

In addition Thomas Typewriter Exchange also carries on quick and efficient servicing of any make of typewriter and ordinary adding machines, along with some servicing of more intricate office mechanisms.

The exchange also carries a reasonable stock of typewriters which would be available for persons who are certified as eligible purchasers by the ration board.

Thomas came to Big Spring in 1932 when the depression was more a topic for conversation than typewriter repairs or office supplies. However, he liked the field, which he considered more advantageous than that he was in at Abilene. He had a comparatively new car and made the territory from Monahans to Lamesa. Frequently, his oil company clients offered to give him a typewriter to repair another. But eating typewriters just couldn't be done.

By 1935 Thomas felt that the field was opening for new typewriters and became Royal Typewriter representative for Howard, Martin, Dawson, Borden and Hancock counties. Each county had from one to five schools using typewriters and after they tried Royals, they went almost 100 per cent for the machines.

Big Spring has kept Thomas Typewriter Exchange busy almost since it was started. Since 1935 two mechanics in addition to Mr. and Mrs. Thomas were required to handle the volume of trade, but war difficulties have reduced the available labor supply.

Contain Those Needed Vitamins Darby Breads Important In Balanced Diet

With the government's plea for citizens to eat right to stay healthy, Darby's Bakery, 510 Main street, is glad to tell about its vitaminized breads which fulfill requirements for healthier eating.

In addition to the well-known Sally Ann bread, which is a trademark name that stands for tasty bread, the bakery makes two brown breads. One is cracked wheat made with honey and the other is one hundred per cent wholewheat loaf with more vitamin B-1 content.

In these days of wartime, health is an essential factor on the home

ness and illness are hours adding up for the enemy, so government posters inform.

Needed vitamins in Darby-made breads help to keep citizens of this area in good health and on the job.

Due to the war, many of the bakeries' peacetime services have had to be suspended and in order to keep the sugar content of the bread up to its usual standard, the bakery has had to cut down on output.

But since 1935 the bakery has been serving this area and with the return of normal times, will again furnish extra services that have pleased customers in the past during peace time.

Quality products have always been the byword of Darby's Bakery, and as far as times will allow,

REDDY KILOWATT'S Tips on How to Improve Your Lighting:

USE ONE LARGE BULB INSTEAD OF TWO OR THREE SMALL BULBS.

There is one time when 2 X 2 doesn't equal 4, and that's when you add lamp bulbs. One 150-watt bulb gives more light than three 50-watt bulbs, so where practical, use one or two large bulbs instead of three or five smaller bulbs.

Semi-Finals Old Story To The Teams Battling Again This Week

Amarillo And Breck Set Up As Favorites

By RICHARD WEST
Associated Press Staff

Four football teams with glorious pasts meet in the Texas schoolboy semifinals Saturday.

When Amarillo meets Sunset in Dallas and Austin journeys to Breckridge it will be the eleventh time these schools have advanced that far.

Amarillo has been in the semifinals six times, Sunset and Breckridge twice and Austin once.

Amarillo has an added incentive to win Saturday. Should the sandstorm win the state championship this year—and it is heavily favored—the panhandle city will hold the state record for most championships. Right now Amarillo and Waco are tied with four each.

Both games Saturday will start at 2:30 p. m. Breckridge expects upwards of 5,000 and in Dallas' new high school stadium the crowd should exceed 12,000. Victories are not new to Amarillo.

Twelve times it has won district titles, been in the quarterfinals 9 times, semifinals six times and won the whole business four times.

For Breckridge: five district titles, in the quarterfinals twice, semifinals twice and tied for the title once.

Austin: District title five times, quarterfinals five times and semifinals once.

Sunset: District title five times, in quarterfinals twice and semifinals twice.

All are primed to improve that record Saturday.

Amarillo crushed San Angelo Saturday 33-6 to prove it is the team to beat. The Bobcats tried a ten-man line to stop the Sandy ground attack. Amarillo, showing the stuff of which champions are made, retaliated by complet-

ing 11 of 55 passes for 233 yards. Sunset, trailing 0-7 at the half, stormed back to score two touchdowns in the third period and eliminated Highland Park (Dallas) 13-7. Again it was the bruising line play of the Bison forwards and an alert last-half defense that brought victory for the perennial Dallas champion.

Breckridge, still moving with Norman Carey and Capt. Jack Ray leading the way, edged by Lufkin, the east Texas power, 21-13, in a thriller. Ray scored all the points for the winners and again the brilliant jitter McKinney paced Lufkin.

Austin's Maroons upset John Reagan of Houston Friday night

in Austin 19-0, not only stopping the heralded Wilton Ferrell but presenting a dazzling offensive of their own to show they intend to have a say about the 1942 title.

Breckridge, with an advantage of playing at home, rules a slight favorite over Austin and Amarillo is a decided favorite over Sunset.

Steers Take On A Team From 813th Squadron Tonight

Having been taught that anybody can be beaten by supposedly inferior competition, the Big Spring Steers will be on the rebound this evening at 8 o'clock when they tie into the 813th School Squadron from the Big Spring Bombardier School.

Last Friday the Steers took a pair of drubbings from Forsan, the first string taking it 24-16 and the second team bowing 18-11. By reason of their brand of play earlier in the week, the Steers had been heavily favored. But their play was ragged and they missed many seemingly sure shots.

Personnel of the 813th team has not been announced, but it is made up of young men such as adorned the 812th squad which gave the Steers a 34-29 edging. That team included stars from college, prep and amateur teams the length and breadth of the land, and from the game the Steers learned enough to come back two evenings later and nose out an officers contingent, 32-30.

Ernest Bostick was held out of the Friday fray at Forsan, and that doubtless dulled the offensive edge for the Steers. His knee may be well enough to permit play this evening. Woody Baker, first sub guard, is still out with an incised leg to let a cartilage lining dissolve. Billy Mims has been filling in capably as a running mate for Dewey Stevenson at guard. Other starters this evening will be John Ulrey and Red Cagle, forwards, and Peppy Blount, center.

Ray Robinson Goes After His 40th Straight

PHILADELPHIA, Dec. 14. (AP)—Lew Tendler, the old infighter of boxing, turned restaurateur, rates Ray "Sugar" Robinson as "the kind of a fighter who comes along only once in a hundred years."

Along with some 10,000 other Philadelphians, Tendler plans to be at the arena tonight to watch the hard-hitting Harlem welterweight go after his 40th straight ring victory in a 10-round clash with Al Nettlow, on leave from the U.S. Navy. A capacity crowd is expected although Sugar is a top-heavy favorite.

Lew, who fought such ring greats as Benny Leonard, Johnny Dundee, Terry McGovern and Rocky Kansas, and knocked out George Chaney in one round, says of Robinson that "he does everything in the ring and does it well."

But while he's willing to praise Robinson to the skies, Tendler shies away when asked to compare him with some of the greats of other days, Leonard, for instance. "You can't compare them, the game has changed too much," says Lew.

Bible Has Plenty Of Freshman Power To Use Against Ga. Tech

DALLAS, Dec. 14. (AP)—The Southwest conference has voted immediate participation by freshmen in athletics and if Dana Bible down at Texas takes advantage of it—look out Georgia Tech.

Texas' 1942 freshman football team was acclaimed one of the finest since Bible took over in 1937—and that's saying something.

Against the ramblin' wrecks in the Cotton Bowl New Year's Day he could toss a half a dozen big linemen and four fine backs that would unquestionably strengthen his eleven.

Whether the conservative Bible will do so is problematical. In Dallas for the Southwest conference meeting over the weekend he said he planned no additions to his variety unless injuries forced him to.

Here's a sample of what he could throw against Tech:

Gene Hill, all-stater from Wichita Falls, one of the best passers ever to enter the university; Frank Guess, triple-threat from Wharton; Wayland Hill, the 188-

Rice And LSU In The Week's Cage Feature

By The Associated Press

A hot contest between the Rice Owls and Louisiana State Tigers will highlight this week's Southwest conference basketball schedule as four teams continue their non-conference competition.

Louisiana State, always a power in the Southeastern conference, will engage the Owls Thursday and Friday nights at Houston. Rice was co-champion with Arkansas in the Southwest last year.

Texas, rolling along with jumping Johnny Hargis and that brilliant transfer, Buck Overall, will play five service teams and one is a corker—the star-studded Corpus Christi Naval academy.

This week's schedule:

Monday: Arkansas vs. Kansas "late at Fayetteville."

Tuesday: Texas vs. Kelly Field at San Antonio; Southern Methodist vs. Denton Teachers at Denton.

Wednesday: Texas vs. San Antonio Cadet Center at San Antonio; Arkansas vs. Camp Crowder at Neosho, Mo.

Thursday: Texas vs. Gulf Coast Training Center at San Antonio; Arkansas vs. Drury College at Springfield, Mo.; Rice vs. L.S.U. at Houston.

Friday: Texas vs. Randolph Field at San Antonio; Rice vs. L.S.U. at Houston; Arkansas vs. Southwestern Missouri Teachers at Springfield, Mo.

Saturday: Texas vs. Corpus Christi Naval at Corpus Christi; Arkansas vs. Ouachita College at Fort Smith.

Last week's results:

Texas 56, Southwest Texas State 47; Arkansas 50, East Central Oklahoma State 30; Texas A&M 54, Randolph Field 41; Texas Christian 48, North Texas State 40; Rice 51, Stephen F. Austin 44; Texas Christian 43, North Texas State 34; Rice 48, Stephen F. Austin 35; Texas Christian 39, Kelly Field 30.

New Bowling Champ Hits 217 Average

CHICAGO, Dec. 14. (AP)—Connie Schwogler wrapped \$1,500 around his bank roll today and juggled home a huge trophy after winning the national match game bowling championship with one of the most remarkable pin spilling displays in popular sport's history.

The 25-year-old Madison, Wis., stylist, who backs up his free and easy deliveries with 220 pounds, averaged 217.18 in the 62-game finals, winning 55 games and losing 17 while smashing a total of 15,637 pins to collect \$68,37 points.

He kept the championship in Wisconsin, where it had been monopolized by his rival, Ned Day of West Allis, for the last four years.

Day, fagged out before entering the final three-day stretch after beating Johnny Crimmins of Detroit in a special 90-game challenge match, finished in eighth place with 319.15 points. Another Badger State ace, Frank Benkovic of Milwaukee, vaulted into the runner-up spot with 332.40 points to make Wisconsin's domination of the meet complete.

Andy Varipapa, the Brooklyn instructor, placed third and Crimmins stepped into fourth. Buddy Bomar, the Houston, Texas, sharpshooter who paced the qualifying field of 100 bowlers from 42 cities and 16 states with an average of 210.8, faded into ninth place with an average of 197.

Schwogler, second in the eliminations and third in the meet's inaugural last year, posted a 299 for the highest score of the entire tournament and strung up other games ranging around 240 to 280 during his bid for the crown.

Maintaining a wide lead the final three days, the 10-year veteran received encouragement and instructions from his father, Tony, who won an American Bowling Congress title 33 years ago.

Schwogler was assured of the trophy after rolling only half of his 24 games last night for a 25.79 points lead.

Great Line Play Gives Redskins A Win Over Bears

WASHINGTON, Dec. 14. (AP)—The Washington Redskins, a vastly under-rated club if ever there was one, occupy the top rung of football ladder today and they'll probably remain there for the duration.

Magnificent line play along with some superb passing and kicking by Slingin' Sammy Baugh thrilled 36,000 frozen but happy spectators as the Redskins trampled all over the hitherto unbeatable Chicago Bears yesterday to win the professional football championship by a score of 14 to 6.

"We beat their pants off," gloated Ki Aldrich, 210-pound Washington center from Texas Christian who played the full 60 minutes and was the outstanding performer in a forward wall that stopped the Bears' vaunted "T" formation cold.

Aldrich, Wee Willie Wilkin, Bob Masterson, Ed Cigera, Bill Young and others of the Redskins line turned in what unquestionably was the greatest exhibition of blocking and tackling and charging seen in the pro league all season. Chicago's Sid Luckman, Gary Fagligtelli, Frank Mamicki, Bill Ossmanski, Hugh Gallner, Ray Nolting, Charlie O'Rourke, to mention just a few of the big names of the Bears' hall of fame, ran into a stone wall almost every time they took off.

The Bears, who had run up a streak of 24 consecutive victories and were billed as the greatest combination in football history, were definitely off the beam. They couldn't open any holes in the Redskin line. Buckman was off on his passing. Fagligtelli wasn't clicking with his running attempts and Gallner wasn't getting the blocking he needs to make headway.

Baugh really set the stage for Washington's victory with two fine quick-kicks that caught Chicago flat-footed in the first period. Then, in the second, Sammy pitched a

UCLA Has Look At Georgia Plays

LOS ANGELES, Dec. 14. (AP)—UCLA's Bruins, new football champions of the Far West, participated today in a preview of the Georgia style of play.

Cece Hollingsworth, who scouted the Bulldogs in their game with Georgia Tech, directed a squad of reserves in Georgia plays. The Bruins regulars went after impersonators of Frankie Sinkwich and Charlie Trippi in a brisk game of touch football.

UCLA will not let up until the day before the New Year's game in the Pasadena Rose Bowl. Line Coach Ray Richards had charge of the squad today. The boys left heavy equipment in their lockers and were attired in light pants and sweatshirts.

Swimming Stressed In Fitness Program

CHICAGO, Dec. 14. (AP)—The Amateur Athletic Union re-elected Lawrence Di Benedetto of New Orleans, La., president, urged the adoption of a nationwide physical fitness program revised to emphasize swimming, and selected sites of 1943 championship meets before closing a three-day convention yesterday.

The convention did not name sites for national competition in men's outdoor track and field, wrestling, ice hockey, volleyball and codeland and did not choose a 1943 convention place, although St. Louis, Columbus, O., and Pittsburgh entered bids.

Techsters Start In Drilling Grind

ATLANTA, Dec. 14. (AP)—After spending last week in light drills and signal work, the Georgia Tech squad was slated to get down to business today in preparing for its Cotton Bowl clash with the University of Texas.

With the exception of Pat McHugh, star wingback who missed the closing game of the season due to a leg injury, the Jackets are in top shape. McHugh is expected to be in condition within the next ten days and probably will play considerably against the Longhorns.

Pro Leagues Want To Skip College Draft

WASHINGTON, Dec. 14. (AP)—Nine of the National Football League's ten club-owners favored passing up the annual draft of college players at the regular December meeting today, because of the doubt over the loop's war-time future.

The big question among most of the owners heading for the meeting room was in trying to decide just how to go about cancelling the draft and still stay within the loop's constitution.

Unanimous vote is required for cancellation, and the owners couldn't get it because of the one member opposed. However, the others couldn't see any good reason for having the draft. Because no one knows where the drafted players—most of whom are slated for military duty—will be by next fall.

The actual question of suspension of all operations for the duration isn't expected to come up until the annual meeting next April or a special meeting later. But more than one of the magnates already were convinced that there would be no more National league football until the war is over.

What's Mrs. Petrov got that you haven't got?

Meet Mrs. Petrov, citizen of the Soviet Union! When the Nazi Panzer Divisions approached the small Petrov farm in the Ukraine, she knew what to do.

The wheat, so near to harvest time, went up in flames. The potatoes, stored in the cellar, were soaked with kerosene. The jars of fruits and preserves were smashed, and the cow, which had given her children so many quarts of precious milk, was shot.

After piling her two young children, a few blankets and some food on the farm cart, Mrs. Petrov did one more thing. She went back to the house where she and her husband had been so happy . . . where they had worked so hard to make a home for their family—and applied the torch.

Now, everybody in this country knows that Americans are as patriotic—as capable of sacrifice—as grimly determined to beat Hitler as are the Russians or anybody else on earth.

But—by the Lord Harry—do we have to wait till a Nazi tank comes rolling up the street before we prove it?

We aren't being asked to burn our homes and destroy everything we own. Please God, we never will be.

But we are being asked to join the Payroll Savings Plan and put at least 10% of our earnings into War Bonds! We're being asked—not told—to loan money—not give it! And to loan this money at a good rate of interest and for good reasons! We're being asked to buy War Bonds to help win the war—to provide a nest egg for the future—to provide peacetime jobs and peacetime goods and a generally decent world that the fellows who are doing the fighting can come back to.

That's *our* job. And it's a job that won't be done until every mother's son of us is buying bonds until it hurts.

There are, right now, still people who ought to be buying War Bonds through the Payroll Savings Plan—and aren't.

Right now, while some of the people in the Payroll Savings Plan are setting aside more than 10%—a lot of others are investing less.

Let's change that situation—quick! If you aren't in the Payroll Savings Plan—sign up tomorrow. If you're already in, but haven't hit 10% yet—raise your sights. And if you can put in more—do it.

What's Mrs. Petrov got that we haven't? Nothing! Let's prove it!

- WHAT YOU SHOULD DO:**
1. Already investing 10% of your pay in War Bonds through the Payroll Savings Plan—boost that 10% if you can.
 2. Working in a plant where the Plan is installed, but haven't signed up yet—sign up tomorrow.
 3. Working in a plant where the Payroll Savings Plan hasn't been installed, talk to your union head, foreman or plant manager—and see if it can't be installed right away. The local bank will be glad to help!
 4. Unable to get in on the Payroll Savings Plan for any reason, go to your local bank or wherever bonds are sold. They will be glad to help you start a Plan of your own.

"TOP THAT 10% BY NEW YEAR'S!"

BUY U.S. WAR BONDS THROUGH THE PAYROLL SAVINGS PLAN

Editorial - - The Quality Of War Writing

Someone remarked the other day, in print, that some of the best writing in the history of modern warfare has come out of this conflict. Several war correspondents have been decorated for bravery under fire, several have been killed, many others wounded. This means simply that correspondents stick close to the men who do the actual fighting, share their hardships and dangers, and suffer casualties accordingly.

Shortage Of Physicians One Of Major Problems

By JACK STINNETT
WASHINGTON.—Here (and elsewhere) are rumblings that may break forth any minute into one of the major manpower problems of the war—the growing shortage of physicians and dentists to care for civilians.

That. Nor is there any quarrel with giving the fighting men the ultimate in medical care. The point is that somehow the health of the home front must be kept up, too, and that the 85,000 (more or less) physicians left in civilian practice are just about minimum, provided they were equally distributed in all states, cities and defense centers, which they aren't.

It's certainly borrowing trouble to contemplate what might happen if we had a recurrence of (or something similar to) the "flu" epidemic of World War I, but contemplating just such a possibility with the prospect of losing another 15,000 medicos to the armed services is what has health officials between a fit and a fiddle.

If there is any state left that has the ratio of one doctor to 1,000 persons, it hasn't been reported here and in states hardest hit by enlistments and the voluntary draft of medical men, the ratio is rapidly approaching one doctor to each 3,000 persons.

Compare this with apportionment in the military forces of one medical man to approximately 135 men. That doesn't mean, of course, that every physician has only 135 men to look after. With specialists, surgeons, etc., devoting themselves to special treatments, every army or navy doctor's brood is much larger than

Hollywood Sights And Sounds— Contracts Not Always What They Seem To Be

By ROBBIN COONS

HOLLYWOOD.—This is the tale of a happy actor, resigned to sticking to his last. For a while, anyway. His name is Richard Whorf. On the M-G-M contract list he is called an actor. On the Warner contract list, where his name used to be, he was called an actor-writer-director.

He already had his first story written. "Just a little thing for a B picture. I didn't want to be expensive," he said, "but I did want a chance to direct it and show—or see—what I could do."

So he played in three movies: "Blues in the Night" and "Juke Girl" and "Yankee Doodle Dandy." He never got near a director's chair, and nobody—as yet—has seen fit to list his script for production. So he and Warner's had a friendly talk, and he went over to Metro where the roles "Keeper of the Flame," "Assignment in Brittany," "Bataan Patrol" are adding up.

WELL... THAT'S THAT! BATSY CARDIGAN'S PARTY IS ALL ARRANGED, AND THAT WILL PLEASE SCOOP!
I HEAR YOU'RE GOING TO ENTERTAIN SOLDIER BOYS, TOO!! IF THAT LITTLE RED-HEADED SERGEANT SHOWS UP DON'T YOU DARE ROLL THOSE EYES AT HIM!
OH, I WON'T LORETTA, I PROMISE!!
THERE GOES SCOOP! I BETTER SEE HIM BEFORE HE GETS BUSY IN HIS OFFICE!!
YOU'RE A PRETTY LUCKY KID!! THE GENERAL HIMSELF IS GOING TO SELECT SERVICE MEN TO BE YOUR GUESTS!!

IN SEARCH OF A WEAPON WHICH WILL DEARM THE JAPS WITHOUT INJURING MISS QUICK, SCORCHY LIGHTS ON A FIRE HOSE... AT HIS SIGNAL, FLETCH TURNS ON THE WATER.
HAVE A DRINK ON ME, BOYS!
AFTER THIS SCORCH, WELL NEED MOPPING-UP OPERATIONS!
