WASHINGTON

"As it looks from here"

OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C. - THE WAYS AND MEANS COMMITTEE of the Congress has launched hearings on our tariff and quota structure.

WITH THE EXCEPTION OF SOME PRODUCTS, the United States is continuing to find itself in a growing deficit position in our trade balance with all countries of the World. Our trade with all countries, except Canada and Latin America, shows sharp disadvantages. For instance, our exports to Japan during the period from 1960 through 1969 rose 141 percent while our imports grew by 325 percent. Our imports from Germany rose about three times compared to growth in our exports.

LATIN AMERICA BEING THE EXCEPTION, our exports during the same period grew by 36 percent while our imports rose only 19 percent.

IN TOTAL WORLD TRADE OUR EXPORTS for the 9-year period increased 84.6 percent while our imports went up 146 percent.

ONE CHIEF DIFFERENCE IN IMPORTS from Latin America is the fact that raw materials and foodstuffs continue to be the main import. In cases of raw materials, the processing usually involves a couple of steps in its delivery to the U. S. It is simply the gathering of the product, its loading and unloading. On the other hand, the great increase in import value occurs in manufactured goods which require, in most cases, seven or eight different steps. The sharp difference is accounted for by the relative labor content in the two forms of products.

AT THE PRESENT TIME, ABOUT two-thirds of all our imports consist of manufactured goods. Just a few years ago, less than one-third were of this nature.

ANOTHER DISCREPANCY IN OUR BALANCE of trade comes from the practice of basing the value of imports on the foreign price rather than the value when landed at our ports of entry. The result is an undervaluation of our imports by several billion dollars a year. Applying the true value on goods laid down in this country, our trade deficit is in the magnitude of five to six billion dollars in terms of competitive trade, in-

stead of a surplus claimed by some of our free-trade advocates.

WHILE IT CERTAINLY WOULD NOT BE A WISE policy not to have trade as free as possible with foreign countries, our commerce and labor in effect subsidizes foreign manufactured goods. In most instances, we simply can not compete with low wage rates of foreign nations. The vast majority of our wage earners have their pay set at a minimum by law which can not be lowered even if it were desirable to do so. This, connected with new productive capability in most foreign nations, creates disadvantages to our own manufactured products, growers, producers and labor. About the only major exports which have a favorable position in World trade is heavy machinery, automobiles, aircraft and computers. This is true simply because we have more advanced technology in these fields but the gap is being closed. In 1960, we exported almost five times as much machinery as was imported. This ratio was narrowed by about two-to-one during the last eight years. Import problems are occurring in agricultural products which if continued could have a most serious effect on our farmers and ranchers.

AT FIRST GLANCE, IT COULD EASILY appear more imports would result in more competition and a lowering of prices to the consumer. This may be true in the early stages of some particular item but once the market is taken over, competition decreases and prices increase. As an example, there are advocates of permitting uncontrolled oil imports from the Middle East with the idea that the end product would be cheaper to U. S. consumers. In the first place, adequate and steady supply from this source is a dangerous assumption. Second, to become dependent on energy sources outside our own border would eventually leave us at the mercy of their own prices. Excessive imports will decrease incentive for additional discoveries which is absolutely necessary if we are to maintain our self-sufficiency.

ON A RELATIVELY EFFICIENT BASIS, the productivity of American industry continues to lead the World. The lead, however, is shrinking and low foreign wages combined with a growing ability to produce is closing the gap to a degree for deep concern. We must buy if we expect to sell but a better balanced position in World trade is needed.

THIS COMPLICATED SUBJECT WILL be a consideration of the Ways and Means Committee for several weeks to come.

NEWS FROM LAWDALE

Mrs. J. F. Dean, Mrs. Jess Richardson and Gynt Kirkpatrick visited Helen Claxton and Pearl Roberts.

"Write Hanoi" Campaign Being Urged by Red Cross

The American Red Cross is launching a new "Write Hanoi" campaign urging Americans to write to the President of North Vietnam expressing their indignation over that country's treatment of U. S. prisoners.

There has never been anything pleasant about war, and certainly the perverse attitude Hanoi has taken in its treatment of captured Americans is one of the low points in the unhappy history of warfare.

In centering its appeal around World Red Cross Day, May 8, the American Red Cross is emphasizing the importance of humanitarian efforts of 113 Red Cross, Red Crescent, Red Lion

TO THE CITIZENS OF COMANCHE, DE LEON, GORMAN, DUBLIN AND HAMILTON:
Re: Proposed Dump Ground 7 Miles North of Comanche on Highway 16 for City of Comanche and De Leon:

We, the citizens of the community of Van Dyke are bitterly opposed to the location for the new dump ground for Comanche and De Leon. Most of us are retired or near retirement age. We have spent hundreds of thousands of dollars for our homes and land and expense of beautifying them and improvements. We do not want the infestation of rats, mice, flies, the scent of dead animals, the hundreds of stray cats and dogs put out at the dump. There is a good chance of pollution of our water wells. We would like to live out our remaining years without all this horrible situation about us. Also, it will desecrate highway 16 which is a main artery to Lake Proctor. We have something to be proud of in our beautiful Lake Proctor. Why place such an eyesore in such a conspicuous place? We suggest you find a remote place in a hill section where it could be out of sight to the general public and land would be much cheaper than the said 21,000.00 for this 67 acres. Too, the water drainage from this dump has less than one mile to flow into Lake Proctor via Rush Creek. Would you care to drink the water from the runoff of a dump such as this? Drive out 7 miles from the square of Comanche, take a look on your left at a metal gate with a small dirt tank just to the north. You will see what we mean. Can we expect to draw visitors or new homeowners with this staring them in the face? Surely our public officials have better judgement than this. We ask you to use common sense and reconsider this matter.

Signed:
CITIZENS OF THE VAN DYKE AREA

and Sun societies. This day is observed by 225 million society members worldwide in commemorating the birth of the movement's founder, Henri Dunant, Swiss financier and philanthropist.

No matter what political views each individual American has about war, all are in agreement that something must be done about treatment of prisoners as set forth by the Geneva Convention. This agreement, to which North Vietnam is a signatory, calls for prompt identification of prisoners, adequate diet and medical care, communications with other prisoners and their families at home, prompt repatriation if seriously sick or wounded, protection from abuse or reprisals, and free access to prisoners and their place of detention by such a neutral intermediary as the all-Swiss Inter-

national Committee of the Red Cross.
Mr. and Mrs. Bobby Carl Simpson of Odessa and Bobby Charles Simpson of Hardin-Simmons University visited Saturday with Mr. and Mrs. Speedy Clark and Bill.
Anita Goble of Fort Worth is visiting this week with Mr. and Mrs. James Miears.

national Committee of the Red Cross.
Mrs. D. E. Pulley, chairman of the Eastland County Red Cross Chapter, which is sponsoring the new drive, says letters protesting the treatment of American servicemen should be sent to the following address. Airmail letters weighing one-half ounce or less should carry 25 cents in postage:

Office of the President
Democratic Republic of Vietnam
Hanoi, North Vietnam

KOKOMO NEWS

By Mrs. Glenn Jordan

A large crowd attended the homecoming at Kokomo on Saturday.

Mr. and Mrs. John O'Neal of Hamlin visited with Mr. and Mrs. Albert Hendricks and Mrs. W. A. O'Neal on Saturday after attending the homecoming.

Mr. and Mrs. Charles Bryant, Kevin and Karen of Carbon, Mrs. Bill Hardin, Randy, Ronnie and Rodney of De Leon, and Mr. and Mrs. Larry Bryant and Susie of Lake Leon spent Mother's Day with their parents. Mr. and Mrs. Hoyt Bryant, Mrs. W. F. Bryant was also a visitor in the Hoyt Bryant home.

Mrs. R. Q. Graham returned home on Friday after spending a week with her son, Mr. and Mrs. Clifford Graham in Monahans. Another son, Lt. and Mrs. Bill Graham, visited with them until Wednesday and they took them to El Paso to catch a plane to their home in San Diego.

Mr. and Mrs. Joseph O'Neal and Bill of Austin spent the weekend with his parents, Rev. and Mrs. J. W. O'Neal.

Mr. and Mrs. Roy Dennis and family of Midland spent Sunday with her mother, Mr. and Mrs. Q. D. Fuller.

Christi Fuller, Mary Jo Clearman, Judy Webb, Jimmie Hawley, Cassie Nelson and Tina Sanders rendered the special music at the Kokomo Baptist Church on Sunday morning. Mrs. Claude Fuller was at the piano. There were several visitors, but I did not learn all the names, so will not attempt to list them.

Rev. J. W. O'Neal and a group of young people of the church presented a program at the Lawndale Home for Senior Citizens on Sunday afternoon.

Mrs. Susie Wharton of Carbon, Mrs. D. S. Gothard of O'Brien, Mr. and Mrs. Clifford Nelson and Cassie of Carbon, Mrs. Ollie Nelson of Gorman, Mr. and Mrs. Jim Jordan and Mary Jo Clearman were dinner guests of Mr. and Mrs. Glenn Jordan and Teddy on Sunday.

Mr. and Mrs. Bill Brown and Kris visited with her parents, Mr. and Mrs. Henry Lovell, at Carbon on Sunday.

Mr. and Mrs. Albert Hendricks have recently added a utility room to their home and remodeled the kitchen.

Mr. and Mrs. D. F. Eaves have moved a house to their farm here and will be remodeling it.

Work is progressing on the Kokomo Baptist Church building. They were putting the rafters up on Tuesday.

Mr. and Mrs. Bobby Rodgers and Kevin of Brownwood and Mr. and Mrs. Mike Rodgers visited with their parents, Mr. and Mrs. Odie Rodgers, on Sunday.

I know there were probably more visitors in the community during the Mother's Day weekend, but the news was not turned into me, and I did not have time to call everyone to get the news.

Make the happy cooking scene

with an electric range that cleans its own oven

If you like to cook but hate to clean, you'll love an electric range that has a self-cleaning oven. You just set it and forget it. Cleans itself automatically while you take care of other things.

Electric range surface cooking units clean themselves, too. And the outside of the range itself is as easy to clean as a china plate. Forget the scour-and-scrub routine. Buy an electric range and make the happy cooking scene.

ASK YOUR DEALER ABOUT HIS SPECIAL WIRING OFFER!

Do You Like To Hunt or Fish?

Do you like to hunt or fish? Do you enjoy the natural beauty of our countryside? Is it sometimes difficult for you to find a good place to enjoy these activities? If you answer yes to any or all of these questions, you should be concerned about the conservation of our natural resources.

When our natural resources are depleted, the beauty of the land will also be gone. Good wildlife habitat will be rare and good hunting will be a thing of the past. Many ponds will be unsuitable for fishing because of silt and other pollutants that result from barren watersheds.

Directors of the Leon-Bosque Resource Conservation and Development Project are interested in developing programs to improve our natural resources. This will enhance wildlife production and increase the recreation potential of the five county area. Smart hunters and fishermen look for conservation farms and ranches. They encourage landowners to consider wildlife in their plans of operation. The primary concern of farmers and ranchers is to make a living from their land and other resources. However, many landowners realize that better fishing and hunting can result from their conservation activities without interfering with farming and ranching operations.

It is becoming clear that the sale of wildlife-related recreation can provide significant income to landowners. In many cases the net income from wildlife may exceed the net income from the livestock operation. The future demand for this type recreation will make wildlife management economically important to the landowner.

More than 85 percent of this country's hunting land is privately owned. Most of the wild game is found on land used primarily for the production of crops, livestock and wood products. It is apparent that landowners will be responsible for the quality of future hunting and fishing. Maintenance of wildlife habitat is essential.

Farmers and ranchers affect the hunting and fishing by the way they manage their land. Technicians of the Soil Conservation Service encourage landowners developing conservation plans to include consideration for fish and wildlife species.

Cover and strip-crops provide

Mrs. James Isbell, Brenda and Janice of Austin visited Sunday with Mrs. Nettie Isbell and Frances.

Weekend visitors with Mrs. V. Crews were her daughter and family, Mr. and Mrs. K. A. Moos and Ginger, and sister, Mrs. Annie Whitaker of San Angelo.

Mr. and Mrs. Delmar Shugart and daughters of Granbury were weekend visitors with her father, Mr. and Mrs. E. E. Todd, and his parents, Mr. and Mrs. Roy Shugart.

Mrs. Dick Pair and Mrs. Ray Williams visited Saturday in Ft. Worth.

Weekend visitors with Mr. and Mrs. G. E. Norris were their children, Mr. and Mrs. M. A. Storey, Christi and Lor of Mineral Wells Mr. and Mrs. J. D. West of Morton Valley, and also Jim West and Judy of Arlington.

Mr. and Mrs. Horace Hallmark and family of Hartshorne, Okla., Mr. and Mrs. George Burrows and children of Breckenridge, Mrs. A. L. Allredge and Sandy and Mr. and Mrs. Bill Cagle and family of Eastland, Mr. and Mrs. Fred Rogers and family and Mr. and Mrs. Bid Hallmark and family of Gorman visited over the weekend with their parents, Mr. and Mrs. George Hallmark.

food and cover as do windbreaks, field borders and fence rows. Ponds are popular spots for doves and ducks as well as many mammal species. They also provide good fishing when properly managed.

Native rangeland and improved pastures can be managed to benefit wildlife while providing more grazing for livestock. By resting native pastures periodically, a better cover is maintained on the land. The improved cover not only provides shelter for wildlife, but prevents erosion of top soil and reduces the silt deposited in streams and reservoirs.

Selective brush control as to areas and methods can benefit wildlife and livestock. On the other hand, indiscriminate destruction of brush may eliminate good wildlife habitat. Overgrazing of grassland is usually harmful to wildlife as well as livestock. Lack of good conservation cropping system tend to reduce game populations.

The treatment of privately owned land is the choice of the landowners. They will largely determine the quality of our rural environment in the future. They will continue to play a major role in the increase or

Gift Party Honors Miss Janda Bloyd May 3 At De Soto

Miss Janda Gail Bloyd and Billy Ferrell Taylor were honored with a wedding shower and family dinner in the home of Mr. and Mrs. Delbert B. Hill of De Soto Sunday, May 3rd.

American Beauty Pink, the bride-to-be's chosen colors, were carried out in the home's decorating scheme in honor of the couple to be married Friday, June 19th. The gift table was centered with an elongated hanging bird cage decorated in white roses, pink ribbon and contained two love birds in gold and white. Floral arrangements consisted of cupid containers holding white roses and pink gladioli and candles. The pink color scheme was used in the custom designed wedding cake. The two tiered confection was topped with four dozen pink roses and was supported by Grecian swan columns and accented with lily of the valley.

Junior hostesses serving at the gift table included Miss Sherrie Denise Hill and Miss Kelli Dee Hill, cousins of the groom-to-be. Mother of the groom, Mrs. Albert Taylor, and the bride-to-be were presented white and pink butterfly trimmed carnation corsages.

Guests attending included Mr. and Mrs. Gary Hill, Mr. and Mrs. Bill R. Gibson and children, Cheryl and Donnie, and Mrs. Lasoa Hill, all of De Soto. Out of town guests included Mrs. Lola Brockington of Lancaster, Mr. and Mrs. Basil Gibson and daughters, Kathy and Paula, of Tyler, Mrs. Bud Allen and Mrs. Bonnie Blanche Cox of Gorman. Irving guests included Dearly and Anthony Hoffman. Others were Eddie Hill and Jansi Hill.

decline of wildlife. Wildlife habitat must be maintained or we must give up hunting.

Whether you are a landowner, a hunter, a fisherman, or someone who likes to get out and enjoy nature, you should be concerned about the wise use and development of our natural resources.
