In an age when more and more people, especially the younger generation, are being taught to look to the government for support and security it is encouraging to read where a few young people are striving to think for themselves and retain their independence.

The following article was copied from a school column, "Wildcat Tales," which is published in the Rising Star Record. The writer is the assistant editor on the school staff.

WHY I PLAN TO ATTEND COLLEGE

In our world of today, a college education is almost essential. For the young person trying to find a job, a college degree is of utmost importance. It has been proven that the college graduate is much more successful than the untrained man. I realize that these facts are true; therefore, I have made plans to attend Howard Payne College in the fall.

I desire to attend college for several reasons other than the educational opportunities offered. College will give me a chance to broaden by interests, meet interesting people, and develop my personality; also, college will make it possible for me to develop my abilities, ideas, and plans. Going away to college will give me the opportunity to shoulder more responsibilities and be more independent.

Success in life is not handed to us on a silver platter. I feel that it comes from doing your best by discovering and developing your talents and abilities. The difference between success and failure often depends on the

Children's Pictures Taken Free And Published In The Progress

It is an undisputed fact that the responsibilities of tomorrow's world, our Nation, and Community will rest upon the shoulders of the children of today. Since this is true, the publishers of this newspaper would like to give you a good loko at these future "World Builders".

The only way we can do this is by publishing pictures of them in a feature series. To assure the latest and best reproduction pictures . . . they must all be of uniform size and quality.

An expert children's photographer with all the necessary equipment for this specialized work, will be here Tuesday, Feb. 2nd. Pictures will be taken at the Progress office and will be open from 10 a. m. to 5 p. m.

No Charge to Parents

There is no charge to the parents. There are absolutely no strings to this invitation. It is bonafide in every sense of the word. Parents do not have to be subscribers, nor even readers of this newspaper to take advantage of this feature. Neither are they obligated to purchase pictures after they are taken. Those

Short funeral services were held in Sweetwater at the Patterson Funeral Chapel on Tuesday, January 19, 1960 at 2 p. m. with Bro. Preston Barrett officiating. His body was brought to Gorman late Tuesday afternoon.

In 1929 he transferred to Roscoe, Texas in the same capacity and was there until 1939 when he transferred to Sweetwater and became a postman where he served until Feb. 1957 when he retired.

GORMAN AREA HIT BY LOW TEMPERATURES

Below freezing temperatures came in on a cold wave that hit Gorman early Sunday and sent the mercury skidding to a 26 degree reading. The winds were calm early in the day but before noon a brisk breeze was blowing and that always makes it seem colder, especially if we're use to nice warm days. However, at this season of the year we can expect almost any kind of weather.

Overheard someone say Tuesday that the temperature had been as low as 16 degrees. On Wednesday morning old Jack Frost was really glistening in all his glory as the sun came up. We really did have a heavy frost, but with as much moisture as we have I doubt if anything is very badly damaged.

OUR TOWN

By Ted Bickle

There has been very little change in the number of flu cases being reported. Perhaps this clear cold weather will bring the break that we need to stop the spread of the germs. Let us hope so - indeed. So far our schools haven't had to be closed but an awful lot of the grade school youngsters have been sick. There were 48 reported out one day last week.

If our cold weather will only prevail instead of rainy damp days maybe everyone will soon be out of bed and back to school or to work. No one likes to be a shut-in for long.

Our outside temperatures have been very low but the sun is shining and I hope it stays with us for several days at least.

Since so many have been sick and the weather cold it has been "soup consuming" season. As the old saying goes - "Put the big pot in the little one and make dish-rag soup" - but it doesn't take long to get "fed-up" on soup. I didn't intend to publish a recipe this week for I thought most of you would be trying out some of the prize winning recipes that came out of the big Pillsbury Bake-Off Contest. I am anxious to try my luck at the grand prize winner - Madri Gras Cake. It sure does sound good (and rich).

MARINATED LIMA BEANS

- (Julie Benell Recipe)
- 1 1/2 cup cooked large dry limas
- 1 clove garlic
- 1/4 cup sour cream
- 1 tsp. minced parsley (optional)
- 1 tsp. vinegar
- 2 tbsps. salad oil
- 1/2 teaspoon sugar
- 1 teaspoon salt
- Paprika

Drain beans. Crush garlic against side of bowl. Add sour cream, parsley, vinegar, oil, sugar, salt and generous dash of paprika. Pour over lima beans. Chill. Excellent with ham. A good way to use up left-over beans, too.

Do any of you readers have the Open Sesame pie recipe? I misplaced mine and would love to have a copy. It was the grand prize winner in the Pillsbury Bake-Off Contest in 1956 I believe.

MRS. BATES, MARCH OF DIMES COUNTY CHAIRMAN, IN GORMAN MONDAY

Mrs. J. A. Bates, of Ranger, County Chairman of the March of Dimes, and her assistant, Mrs. M. A. Abel of Eastland, paid a call to the Progress office Monday to take a look at the quilt that Mrs. Mary Ann Echols made to be auctioned off and the money donated to the March of Dimes.

The ladies admired the quilt very much. You'd better get your

Local Fans Get Paid For Having Fun! Ellery Queen Never Had It So Good - -

Today is C-day! . . . "C" standing for clues or cash - possibly both!

You've been looking forward to it, (if you've been reading the last two issues) and now it's here - the "Who's Who in Gorman" contest.

In our first announcement two weeks ago, we suggested a comfortable arm-chair. NOW we find out that there's one school of thought among "Who's Who" fans that strongly favors the kitchen table!

WSCS To Sponsor Lord's Acre Quilt Project

Members of the Woman's Society of Christian Service, meeting in the home of Mrs. Dona Moorman on Tuesday, adopted a project to raise money for the building fund to be promoted in connection with the Lord's Acre plan for 1960.

The project was presented by Mrs. J. W. Griffith. She is making a quilt-top of fan design in multi-colored pastels. The object of the project is to cover the quilt with names of every member of the church and Sunday School and of any one living in Gorman or elsewhere who will and does contribute one-half dollar to the building fund. The one-half dollar must be given to representatives of the Woman's Society before the deadline April 1, 1960.

The Society will meet during April to complete embroidery of names and to quilt. The quilt will be sold in May.

Having one's name on the quilt is a must for members of all Methodist families and certainly desirable for anyone.

In the absence of Mrs. Donald Bolt, who was detained by illness, Mrs. Moorman was in charge of the program Tuesday. Those participating in the second session of the study of "Africa" were Mesdames John Dowd, Edward Harrison and Melvin Shell.

Mrs. John Kirk attended as a guest. She assisted the hostess in serving.

Mrs. W. G. Kirk will host the January 26th. meeting.

H. W. Sims To Head Co. Pecan Growers

H. W. (Hank) Sims, Eastland, was named President of the County Pecan Growers Association at their annual mid-winter meeting at Cisco Monday night.

Sims replaces Oscar Schaefer, Cook Community, who has served as head of the organization since its inception by County Agricultural Agent J. M. Cooper, several years ago, it was said.

The new president has been developing a native pecan grove on his farm in the Mangum Community for the past few years. He is also an employee of the Texas Electric Service Co.

Doss Alexander, Pioneer, was elected vice-president. Pete Dunning, Cisco, has been serving in that capacity for the past year.

Charley Underwood, Gorman, was elected as the new secretary-treasurer in place of B. B. Freeman, Ranger.

J. W. Sitton, Cisco, was named as a director for a two year term. C. T. Barton, Rising Star, was re-elected for another two year term of office.

W. D. Thurman, Cisco, and C. E. Smith, Rising Star, are two other directors who have another year to serve in their tenure of office.

The date for the 1960 pecan show was set for December 9-10.

bid in!

Mmes. Bates and Abel travel over the county together in the interest of the worthy cause.

Either way, turn to the "Who's Who" ad of this issue and see what kind of latent detective skills are now lurking within you - just waiting to be discovered!

It's simple (at least, we try to make it look that way). All you do is start looking for clues in the "Who's Who" section. All the clues will relate to one local person. See if you can identify him (or her). THEN, see if you can locate ALL the clues in this issue that apply to that person. Check first all the little ads in the "Who's Who" ad . . . then go on to any other ads of ANY of the sponsoring merchants in this issue.

Remember, we give you a LITTLE BIT of help . . . one or more stars in the little ads in "Who's Who" means that same merchant has one or more ads elsewhere in this issue of the paper. Will there be clues in those other ads too? . . . Why don't you check and see?

Don't get complacent if you find a clue in an ad. It's possible that there may be more of them in that same ad . . . up to five in any ad. And don't get discouraged if you fail to find a clue in any given ad . . . we'll tell you right now that SOME ads don't have any clues in them (your only problem is to figure out which ads they are).

Dr. F. C. Feezor To Speak At Baptist Brotherhood Meet

Dr. Forrest C. Feezor, Executive Secretary of the Baptist General Convention of Texas, will be the speaker Tuesday evening, January 26, in the First Baptist Church of Gorman. At this meeting of the Cisco Association Brotherhood, the Gorman Brotherhood will serve a chili supper from 7 to 7:45, and the program will begin at 7:45. According to Herbert Ekert, president of the organization, this speaker is no exception to the rule that Cisco Association Brotherhood always has outstanding speakers and programs.

After having served Texas Baptist as Executive Secretary since 1953, Dr. Feezor will retire this year. Before becoming secretary, he served as pastor of the Broadway Baptist Church in Ft. Worth and the First Baptist Church in Waco. He is a graduate of Wake Forest College where he lettered three years in football and four years in basketball.

He was vice-president of the Southern Baptist Convention in 1951-52 and before his selection as executive secretary he was president of the Baptist General Convention of Texas.

S. E. Carter, program chairman, urges that the men and boys in this area take advantage of this rare opportunity to hear this great servant and leader in the kingdom for more than 34 years.

Texas Electric Installs New Heating System

Step right up - step right in - Into the Texas Electric office in Gorman, that is, and enjoy the comfortable even heat. An invitation extended to all by Mr. T. J. Hallmark, manager of this area.

On Thursday, January 14, 1960 the company installed a new 5000 watt wall automatic heating unit in the main office.

The even 72 degree temperature eliminates frosted windows, so you are able to see in or out at all times.

A representative will be glad to talk with you about installing one or more in your home.

Entering the contest is the simplest thing you can imagine. Just take ANY slip of paper (even the back of your paycheck will be accepted) and write down the name you believe is correct for this week's WHO'S WHO. Under that name, list every clue you can find in ALL ads of ALL sponsoring merchants in this issue. Don't look for clues in news items, editorial matter, or any places other than ads of sponsoring merchants. It's possible that, by coincidence, there could be clues elsewhere in the paper - but these would not count as clues in this contest. Count ONLY those you find in ads of sponsoring merchants (every sponsoring merchant has a little ad in the "Who's Who" ad).

Don't forget your own name and address on your entry! Also your phone number would make it quicker to notify you if you are the winner.

You can drop your entry in any of the four merchants whose ads are bordered with the heavy border in each week's "Who's Who" ad. These are the only places where entries will be accepted - and especially they will not be accepted at the newspaper office.

You may enter more than one if you wish. Just drop one entry off at as many of the merchants whose ads are heavily bordered as you wish to visit. BUT ONLY ONE PER PERSON AT ANY ONE STORE (more than one will disqualify all entries of that person for that week).

Here's an odd thing we learned from the copyright owners of the "Who's Who" program . . . Seems like some folks figure that if they put their entry on an unusually large piece of paper (or cardboard) it would stand a better chance of being drawn. But among many hundreds of drawings in newspapers all over the Northwest, as far as can be determined, none of these unusual entries has ever been drawn. This, mind you, with hundreds of DIFFERENT people doing the drawing! Some of our psychologist friends might want to look into this!

Don't put your entry into an envelope - and this applies especially when more than one member of the family submits an entry. There have been cases where there were five or six entries in a single envelope - which of course cut their chances of winning way down.

Remember, you don't have to buy anything to enter . . . you don't need any special entry blank . . . you don't have to be present at the drawing to win, and you don't need to be a subscriber to the Progress to enter. The contest is just lots of fun and challenge for the whole community.

Remember also that every member of the family old enough to fill out his or her own entry blank is most welcome to enter - and don't keep secrets from each other! . . . You can share your information on WHO you think it is and what clues you find. That increases your chances to win - as does entering at more than one store.

One final word . . . if you don't drop off an entry at one or more of the places, you can't possibly win!

Happy hunting!

COUNTY JOHNSON-FOR-PRESIDENT CLUB TO MEET

A meeting of the Eastland County Johnson-for-President Club will be held Friday morning in the commissioners courtroom at the courthouse at Eastland at which time a new president of the club will be elected.

The meeting will be held at 10 a. m., according to Lloyd Bruce of Ranger, vice-president of the organization. The election of a new president was made necessary by the recent death of Judge Clyde Garrett, who was serving in that capacity.

Who's Who in Gorman

WHERE TO LOOK FOR CLUES

Clues may be hidden in ANY ad in this group ad. When a Star appears in any of these ads, it means that additional advertising of that merchant appears elsewhere in this issue of the paper, and additional clues may be hidden in any of those ads, also!

Clues will be scattered . . . there may be from one to five clues in any ad - or none. This is a contest of skill - and we intend to do our best to outwit you. We invite you to do your best to outwit us!

WHO'S WHO CONTEST RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You MAY submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week - but only one entry per person at any one store (more than one will disqualify all entries of that person for that week.) Anyone may enter unless a member of your family is employed by the Gorman Progress. Sponsoring merchants and their families (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into that Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win. Not necessary to be a subscriber to the PROGRESS to participate.

3. WHO'S WHO may be anyone in the GORMAN territory. Clues to his (or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchants elsewhere in the paper.) When a star * or stars ** appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill, and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts!

4. If, by coincidence, the name of the WHO'S WHO or other facts about him) happen to appear in news items, editorial matter or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think the WHO'S WHO is. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then, drop your entry at any Sponsoring Merchant whose ad is between the heavy borders in this issue. You may enter at all four if you wish! There are no other places where entries will be accepted—and mail entries will not be accepted. Any member of the family may bring in all entries for that family. Children under 12 must be accompanied by an adult.

6. This week's contest starts when you receive this issue, and closes at 4 p. m. of the following week. At that time (4 p. m. next Monday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$7.00. If THAT entry also lists every correct clue (and NO false clues) hidden in all ads of sponsoring merchants, a BONUS of \$5 will be added. Whenever this BONUS is not won, it will be added to next week's BONUS—which will continue to grow until it is won! Winning BONUS requires a PERFECT list of correct clues—the exact number and all copied correctly.

7. Every possible precaution will be taken to prevent typographical errors that might be mistaken for clues, but errorless typography CANNOT BE GUARANTEED (by anyone). The publisher of The Gorman Progress will be the judge in all questions, and his decision final.

Family participation gives you a better chance to win the jack-pot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss!

Got any Perry Mason in you? Think YOU can outwit the contest? Remember you can't win if you don't enter!

Mrs. Annie Allison Breaks Hip In Home Accident

Mrs. Annie Allison, of the Koko Community, did not get her new year started off as she would like to have. There were repairs being made in her kitchen and she tripped over some material on the floor, fell and broke her hip.

She was taken to the Eastland Memorial Hospital. It had been seventeen days last Sunday and she was still in the hospital. But reports from Mr. and Mrs. O. N. Justice, who visited her Sunday, says she is improving nicely.

WORTH MORE BECAUSE THEY WORK MORE

Chevy's new torsion springs and Sturdi-Bilt design are changing everybody's ideas about how much work a truck can do. Last year's schedules are out—Chevrolet trucks ride faster over the rough runs to get in more trips a day! Big repair bills are no longer a problem—Chevrolet trucks soak up punishment that means downtime to other makes! And trade-in time's put off for extra thousands of miles—'60 Chevrolet trucks stay new like never before!

New Dollar-Saving Prices
Step-Vans, 4-Wheel Drives, many light-duty models with automatic transmissions—all are lower priced. Prices have also been reduced on all optional V8's.

New Torsion-Spring Suspension
Eliminates I-beam shimmy and wheel fight! With torsion springs up front there's a brand-new, smoother, easier handling feel behind the wheel. New rear suspensions include wide-based coil springs in most light-duty models; tougher variable-rate leaf springs in medium- and heavy-duty models.

Electronically Balanced Wheels
Front wheels and tires are balanced at the factory. Helps make that new ride revolutionary!

New Cabs—Wider, Safer, More Comfortable
Many models are a whole 7 inches lower (without sacrificing road clearance), so it's easier to hop in and out of cabs. Still there's more space inside; more room for hats and hips, more foot room with suspended pedals. Cabs are safer, too; new build makes them 67% more rigid.

Plus Improvements All Through the Line
A new steering linkage system that cuts vibration, means better control. There's new V8 efficiency. Sixes long famous for saving. New key-turn starting. Higher, wider visibility. Talk to your Chevrolet dealer about the world's most advanced trucks.
