Warren stated that the announsupport price is required under and presented evidence of the need for a peanut price increase. Grower representatives from the Differentials among various Eastern and Southwestern United States also participated in the February 10 hearing.

Warren also said that the South western Peanut Growers' Association will again aid peanut growket price on peanuts sold by ers of the area in the marketing

Peanut Sampler Demonstration

Mr. D. B. Warren, SWPGA Director from Gorman, has announced that the demonstration of peanut sampling and grading equipment originally set for 1 p. m. on Friday at Gorman has been moved up to 10 a. m.

The demonstration will be held in the warehouse located behind the SWPGA office building.

Inspection Service personnel will demonstrate its newly developed pre-sizer, splitter and sheller.

All interested growers are given a cordial invitation to attend this demonstration.

The FFA Creed

I believe in the future of farming, with a faith born not of words but of deeds - achievements won by the present and past generations of farmers; in the promise of better days through better ways, even as the better things we now enjoy have come up to us from the struggles of former years.

I believe that to live and work on a good farm is pleasant as well as challenging; for I know the joys and discomforts of farm life and hold an inborn fondness for those associations which, even in hours of discouragement, I cannot deny.

I believe in leadership from ourselves and respect from others. I believe in my own ability to work efficiently and think clearly, with such knowledge and skill as I can secure, and in the ability of organized farmers to serve our own and the public interest in marketing the product of our toil. I believe we can safeguard those rights against practices and policies that are unfair.

I believe in less dependence on begging and more power in bargaining; in the life abundant and enough honest wealth to help make it so - for others as well as myself; in less need for charity and more of it when needed; in being happy myself and playing square with those whose happiness depends upon me.

I believe that rural America can and will hold true to the best traditions in our national life and that I can exert an influence in my home and community which will stand solid for my part in that inspiring task.

Talking is all Right --

. . . . if you are running for office or courting your best girl, but when it comes to buying land or town properties don't let the owner talk you out of an abstract. The fact that the seller has owned the property for many years doesn't mean necessarily that his title is good. The safest plan is to get an abstract before you buy. The cheapest property on earth is too high if the title is faulty.

"CORVAIR HANDLES BETTER, STEERS MORE EASILY, RESPONDS MUCH MORE QUICKLY AND HOLDS THE ROAD MORE SECURELY THAN ANY STOCK FOUR-DOOR SEDAN EVER MADE IN THE U.S."

If you think we're enthusiastic about Corvair, leaf through the leading automotive, sports and science magazines and see what the experts are saying. Then, by all means, drive one yourself.

"Corvair's steering is so light that at parking speeds it feels power assisted; it is so precise as to be absolutely without play, and it is fast enough to allow complete control over every situation." -Karl Ludvigsen, Sports Cars Illustrated

"Steers like a feather and is extremely quick. . . . This is a beautifully designed automobile, engineered by real pros. ..." -Tom McCahill, Mechanix Illustrated

"Most surprising thing to me outside of the excellent handling characteristics was the feeling of roominess inside. . . . I didn't have the sensation of driving a small car and the headroom was greater

in the Corvair than in some standard

-L. H. Houck, Automotive News

"So far as shopping goes, the Corvair is a housewife's dream. It's small and easily maneuvered without any power steering, and so easily parked . . . it's a lot easier to unload a cart full of groceries into a front trunk at the supermarket than it is into a rear one."

-Rosemary Francis, Popular Science

"I want to state as firmly as I can that the Corvair handles as beautifully and is as safe as-if not safer than-any family car on the road today."

-Jim Whipple, Car Life

"There is none of the typical whine normally associated with rear-engined vehicles. Inside the car, the effect is quite unlike anything we have ever experienced. It almost seems that there is no engine, and the general effect is so quiet as to be almost uncanny."

-John R. Bond, Road & Track

"No written word can suffice for the genuine pleasure that you will receive behind the wheel of America's newest and most advanced contribution to transportation. . . . It is a great car." -Don Stewart, Motor Life

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.
