Not being up-to-par on my Emily Post I hope that I have used the correct heading under Mrs. Underwood's picture.

Food for the body and Food for best man. the mind was in plentiful supply A reception was held in the night.

applying to the art of playing Worth. football and how it can develop Attending the wedding from Jones in 1937 and to this union ity. This question was, "Can you tion. pay the price to represent your team?"

Change that to read, "Can you pay the price to represent your town?"

manship, and Hard Work to make visit or live in." a winning team."

If every citizen of this community would strive to practice this statement, think what a difference it would make in our daily lives.

Glad to know the young folk are enjoying the Library books. All but two of the new books were borrowed by Friday afternoon.

If the weather clears off by February 18th. we will have Open House at the Progress Office and the Library. With the February 16th issue I will begin my 17th, year as an "aPe" of the Gorman Progress.

Not many of us want to back up "to the good ole days" but some of them were fun. Can you remember the box suppers, singings, etc? If so, you will enjoy the party being sponsored by the Rebekahs Tuesday evening, Feb. 14th. at the Fire Hall.

The 1961 Texas Official Highway Travel Map with "Over 60, 000 miles of Motoring Pleasure" as its theme, is now available to the general public. You may obtain one by writing the Texas Highway Dept., Box 5064, Austin.

A section entitled "Facts About Texas" boils down the essential data on Texas' terrain, history, industrial and recreational diver-

HOUSE PAINTING

Professional painters rely on skill and experience to provide a good looking and protective paint finish. "Do it yourself" advocates must understand that a good paint job requires more than a can of paint, a brush and a surface to be painted.

The cost of paint is usually a small portion of the total painting cost. For appearance and durability, it is a good investment to buy a high quality paint pro-

The quantity of paint needed can be determined by totaling the FOR SALE — 5 room rock house, square foot area of each surface modern conveniences, rock gar- to be painted. The area can be age, cement floor. Will sell at calculated by multiflying the bargain. See B. F. Clement or height or width of each surface 3-2p by its length, in feet. Total area divided by the square foot coverage per gallon, recommended by the paint manufacturer, gives the number of gallons of paint required for each coat. Generally, primer coats cover about 450 square feet and finish paint coats cover about 650 square feet of

Brushes, as with paint, should not be an economy purchase. A good paint job cannot be applied with a poor quality brush. For the requirements of home painting, three brush sizes should be available, 3½", 2½" and 1½". Other equipment may be needed and should be available before undertaking a painting project. This includes wood stirring paddles, proper paint thinner, drop cloth, putty knife, wire brush, sandpaper, dusting brush and putty.

WSC Meets With Miss Ozella Pulley

Over the snow and through the mud - and indeed, that was just the kind of night last Monday was - when the members of the Woman's Study Club slid up to the door of Miss Ozella Pulley. The Pony Express had not a thing on a group of club women determined to meet and eat. Ah, the aroma of coffee on a cold winter night! Upon arrival, Ozella had sandwiches, salad, olives, datenut loaf topped with whipped cream and coffee all ready and waiting to be devoured by willing participants. In keeping with Valentine's Day, which is only a few days away, the napkins and heart-shaped mints added a cheery touch.

Someone finally remembered, amid all the visiting, that we had some business and a program planned. Roll Call was answered with "New Trends," and it was almost alarming to think what a

push-button age we are living in. MR. DICK GRAY Along the line of business, old HAS MAJOR SURGERY and new, it was decided that each member would donate a book to derwent major surgery in a Tusthe new Progress Library and at con, Arizona hospital Friday. a later date, perhaps, sponsor a Mr. and Mrs. Gray were in book drive. New books are being Tuscon with their string of race added to the library each day for horses which they had entered in all age levels and if each one who the races being held there. uses the library would feel as though it were his own, each of Room 342. us could take a great deal of pride in having a nice place to spend leisure time.

We would like to thank Gene sister, Mrs. Curt Williams. Baker for buying so many of our chocolate bars to give away with renewal subscriptions to the Progress. He always manages to give a helping hand with any project we have. We appreciated each and every one who helped us. Mr. Baker just bought more of

While we are appreciating people, Jack Harrison is another person who always lends a helping hand and we want him to know that his work installing the water fountains at school will not go unnoticed by us or the school children.

The program for the evening was "Living Trends of Tomorrow." Mrs. Graydon Baze explained about the \$500,000,000 socialogical experiment "Century City," in Los Angeles, California which is designed to create a new and easier way of life for its inhabitants. The designer is Welton Becket, head of the largest one-boss architectural and engineering firm in the world. "Century City" is to be a concrete-and-steel expression with businesses, shops, entertainments, and dwelling units stacked on top of each other instead of spread out as in a shopping center. Perhaps we can keep an eager eye on this project to see how it will be accepted in this space

The Mothers' March of Dimes had originally been scheduled earlier in the evening, however, because of the inclement weather, had to be postponed again.

Look for these extra values when you buy auto insurance

1. Financial strength-A strong insurance company means added security for you. 2. Coast-to-coast operations-A nationwide network of service offices and agents mean you'll get fast help wherever you are when trouble strikes. 3. Professional Agent Counseling -He'll recommend proper coverage . . . help you when you have a loss.

On all counts we recommend auto insurance by the Hartford. See us for this top quality protection.
