Mayor Proclaims Farm-City Week November 17-23

Whereas the strength of America and the greatness of Texas was founded and has thrived upon individual and mutual contributions by agriculture, labor, business, and industry; and

Whereas these groups contribute greatly to the prosperity of this area and to the well-being of consumers throughout the state and nation, and

Whereas a greater recognition of the interdependence between agriculture, business, labor and industry will lead to a better mutual appreciation of the contributions of each:

Now, therefore, I, T. L. Jay, Mayor of the city of Gorman, do hereby designate the period from Nov. 17 through Nov. 23, Farm-City Week in Gorman, to be observed as an integral part of National Farm-City week.

I request local groups, civic clubs, and farm organizations to emphasize the interdependence between the family farm and the city in their programs at meetings; in discussions, exhibits, pageants King Theatre To and whatever other means will strengthen the ties and increase the appreciation of the value of these contributions to the welfare labor, business and industry.

There is an Old Chinese Proverb

. . . which says that every long journey begins with the first step. Likewise, all achievements require the act of starting. He who never starts, never does, never enjoys, never grows, never really lives! Failures usually follow wrong starts. For example, if one is to deal in real estate, he should start right by getting an abstract with every purchase. In this, he is not only obeying the wisdom expressed in the Proverb, but following the course of many others in this field who have enjoyed successful careers.
