Woman's Study Club Enjoys "Asian Tour"

When the club year begins in September, the group is glad to be together again, and the programs (and the total meeting) seem so good. And there's a little fear that as the year progresses, the quality just cannot be maintained, but that doesn't happen. Fact is, each meet seems better and better. That is how it was last Monday evening when the Woman's Study Club gathered in the home of Mrs. Ray Rankin.

Miss Ozella Pulley welcomed guests, Mrs. James P. Morris and Mrs. Adkins, both associated with Ranger Junior College, and Mrs. Kuykendal, mother of Mrs. Morris, all of Ranger, and Mrs. Charles Brown of Whitesboro. Miss Pulley continued with the club business, kept brief in order to devote the evening to the program, "One World."

Mrs. F. R. Haile reported on the status of the "Big Thicket Project," a hoped for park that is a dream of the Texas Federation of Women's Clubs. Several bills are pending in Washington to create this National Park.

Mrs. Ray Rankin introduced the program with the quote, a prayer, "God grant us peace among all Nations." Mrs. James P. Morris, an avid traveler, presented highlights of her Asian tour in picture and commentary. Beginning in the crowded city of Tokyo, Japan, Mrs. Morris described hotel accommodations, shopping centers, homes, their furnishings, and foods (she always makes it a point to eat the native foods of the countries she visits). Life style, clothing, working - Mrs. Morris seems acutely sensitive to the feel of the country she travels; she seems so much more than the usual tourist attractions, although she sees those, too. From Tokyo, other cities

in Japan were visited before she went on to Hong Kong, Thailand, Taiwan, and other points. Her vivid descriptions make Mrs. Morris an interesting speaker, as well as a very entertaining one. She had presented her Russian tour to the club in 1968, and remembering, members anticipated hearing of the Asian area. If possible, this one was even better. And during refreshments, everyone kept Mrs. Morris busy answering questions.

And speaking of refreshments, those, too, seem to get better and better as the year progresses. Mrs. Rankin served carrot cake and coffee or cold drinks from the buffet style refreshment table as her guests served themselves from a bountiful supply of chicken salad and pimiento cheese sandwiches, orange and carrot gelatin, twenty-four hour fruit salad, cherry-pink angel salad, olives, pickles, chips - all so delicious, and plenty for seconds.

Discussion and questions of Mrs. Morris continued as everyone enjoyed more coffee and another sandwich, until all the guests from Ranger decided they must leave. Yes, club does seem to get better and better.

Cook the automatic way!

Choose
AMERICA'S FAVORITE
the
Electric Range

There's nothing nicer for the kitchen than a new flameless electric range with an automatic oven and automatic surface unit.

Just pop the meal into the automatic oven. Set the time and temperature controls. Then do something else while the oven sees to the cooking.

The automatic surface unit keeps the food in the pan at the right cooking temperature. No scorch-

ing. No boil-overs. No reason for pot watching. If you include an oven that's self-cleaning, all you have to do is let it clean itself automatically!

Nice? Very nice. It's easy to see why electric ranges are the Number One seller in the country.

There are many other good reasons for choosing America's favorite. See your appliance dealer soon about a new electric range.
