

## INDUSTRIAL PILOT PROGRAMS FOR COUNTY LAUNCHED NOV. 5

A pilot program designed to give new incentive to Eastland County's general economy through payroll expansions was formally launched as civic leaders from throughout the county met Thursday night at the high school auditorium in Cisco.

The program, which will be guided by Texas Industrial Commission, was instigated at the suggestion of Governor John Connally. Director Harry H. Clark of the TIC and Larry Miller, the West Texas co-ordinator for the state agency, attended the Cisco meeting and the meetings held in Ranger, Eastland and Cisco on Thursday.

The pilot program was prepared by Mr. Clark and his staff, using the experience of his 25 years in the field of searching out new payroll industries. He pointed out that the success of the Eastland County program would be watched with interest throughout the state and that the Texas Legislature would be asked next year for funds to enlarge the TIC's operation in the years to come.

To launch the program, the approximately 100 persons present, formed an organization to be known as "EC-65," which stands for Eastland County, 65. The organization voted to:

1. Form the EC-65 Club with annual dues of \$5.00.
2. Elect Tom Stevenson, manager of the Chamber of Commerce in Cisco, as secretary-treasurer.
3. Authorize the county steering committee to obtain suitable lapel button or pin for EC-65 Club members.
4. Authorize steering committee to plan five one day seminars that TIC will plan and stage once a month for the next five months to help club members become acquainted with what they will need to know and do to help attract payrolls.

In workshop-type talks, Mr. Clark and Mr. Miller presented to each of the individual meetings, as well as the county meeting, the details of the pilot program. They described the needs in seeking payrolls as five important fields, including:

1. Community Betterment — Make your community attractive and a desirable place in which to live.
2. Research — Obtain facts and figures needed by potential payrolls.
3. Site — Locate places that industry might want and have it ready for their purchase or lease.
4. Financing — Know where and how potential industries may obtain money for plants and so forth.
5. Prospects — Seek these from existing industries, Texas manufacturers who are expanding regularly, local ideas that might be developed, rumors that should be investigated and from regional organizations.

Mr. Clark and his staff will assemble a group of experts in each of the above five fields for the series of monthly seminars that will be held in the county.

Civic workers were invited to sign up as EC-65 Club members at each of the individual meetings held at Ranger Thursday at 9:30 a. m., at Eastland at 11 a. m. and at Cisco at 2:30 p. m., as well as the Thursday evening county-wide meeting. The minimum of 65 was obtained.

Represented at the night meeting were civic groups from Eastland, Rising Star, Ranger, and those from Gorman were Mr. and Mrs. E. E. Todd, Erich Arnold, W. C. Browning, Norman Park, City Commissioners Davis Smith, Arlon Smith, and Charles Underwood, Mrs. Art Prater, Mrs. Bernice Jeffs, Mrs. James Mears and Mrs. Estelle Craddock. E. E. Todd and W. C. Browning attended the morning meeting in Ranger. A. R. Rutherford of Cisco presided. A welcome talk was made by mayor John Webb.

The over all program will be managed by the steering committee that was created last September, including Ross Wilson, Walter Smith of Rising Star Morris Newnham of Ranger; Frank Deaton of Eastland; Mr. Rutherford of Cisco and County Judge Scott Bailey. Grady Hogue of the Cisco CofC

industry club, gave a report on his group's work and of the need they have experienced for the type of information that Mr. Clark had described as necessary to launch the pilot program.

Mr. Stevenson spoke briefly to pledge his organization's cooperation in the county-wide program. Mayor Newnham of Ranger reported on activities in Ranger where a firm of engineers had been hired to develop a master plan, including preparations of maps, statistics and data details for the city.

Judge Bailey told about a county water resources survey that will begin in the next few days. Initial work in this will be in the Gorman and Rising Star areas, with particular attention to be paid to locate water for irrigation.

At the conclusion of the meeting Mr. Clark stated: "The plan we are launching carries no guarantee, but it has worked in a good many towns, and we will do our part to guide and help you."

## Veterans Day! Did You Forget?

Did you forget Veterans Day? Those who fought for their country and you. Those who in foreign fields sleeping lie. Those in hospitals, the living dead, who no longer their loved ones and country know.

Have you forgotten? Are you too old to remember? Are you too young to know? Are you too busy to recall? Argonne Forest! Belleau Wood! The Lost Battalion! Salerno Beach! The Battle of The Bulge! Corregidor! The Frozen Steppes of Yalu! ! !

What a pity! Love of country is on the wane.

Only the living can assure these millions have not died in vain. Who will tell the heroic deeds? Not history, for in books there is only space to relate a battle won and the casualties, sons and fathers, history lumps together in numbers by the million.

But for us the lesson will go untaught, unlearned, the lessons showing the road to Peace, not just Prosperity.

Veterans Day was formerly Armistice. Armistice Nov. 11th, 1918 signified that young men could lay down their arms while old men talked peace. The talk continues — but remember Young Men fight the wars.

The day is gone but the need to remember is still with us. Lucretia Fairbetter

Dolls of Japan, Korea and China, dressed in native dress, also adorned the table. Mrs. Polnac was also dressed in a Japanese costume.

## 7 Gorman Band Members Named On All-District List

Seven students from Gorman made the All-District Band held at Eastland Saturday, November 7, 1964. To determine this, tryouts were held that morning for each student. Out of this were selected two eighty-piece bands. One, the All District Band, and the All District Second Band.

After tryouts were completed, around 12:30 p. m. a general assembly was held and it was announced which students had made which band. At 1:30 p. m. the All District Band rehearsed in the auditorium from 1:30 until 6 p. m. The All District Second Band rehearsed from 1:30 until 4:30 p. m.

A concert of both bands was held that night with an overflow crowd in attendance. The Gorman High School Band attended this concert. There were over three hundred students, representing twenty, five schools, who tried out for the All District Band.

A second meeting of the bands will be held in Brownwood on March 13, 1965. At this meeting both bands will rehearse and give a concert that night. Also at this meeting the band members will receive their All District patches.

These seven pupils are starting work now for All Region Band which will be held in Abilene on January 9, 1965. The All Region Band works on the same basis as the All District Band except there is only one band.

The students who made the All District Band were Mack Sutton, Utility Drummer, and Mike Foster, first chair Snare Drummer.

Students making the All District Second Band were Milton Taylor, cornet; Glenda Jordan, clarinet; John Gilbert, clarinet; Mary Kirk, clarinet; and Bobby Ward, trombone.

Mr. Herman Alsup, Director of Bands at Gorman, is to be commended for the splendid job he is doing with the bands.

# Panthers Whip Tigers 14-6; Host Blanket Friday Night

In one of the most exciting games that anyone would want to see, the Fighting Panthers won their second district game over the explosive May Tigers at Tiger Stadium Friday night 14-6.

The Panthers wasted little time in scoring as they scored the first play they got hold of the ball on a beautifully executed play that covered 64 yards as Jerry Ormsby took the double hand off and tossed a strike to end Robert Hunt who was in the clear and racked up the Panther's first tally.

The try for extra points failed and the Red and Blue took an early 6 to 0 lead.

Mrs. Keith Whitt, RN, and vocational nurse training instructor at Dublin Hospital, has completed a refresher course at the University of Texas.

While in Austin Mrs. Whitt visited in the home of her daughter, Mr. and Mrs. Henry Davis, who are students at the University.

## CARD OF THANKS

I would like to express my thanks and appreciation to Dr. Rodgers and Dr. Brown and the entire hospital staff for their excellent care during my stay in the Blackwell Hospital, and for the prayers, cards, flowers, and visits from my friends and neighbors. I will forever be grateful.

May God bless each of you.

Mrs. Donna Day

The Tigers wasted little time for their first tally as they came back on a sustained drive and with eleven minutes gone in the first quarter halfback Bill Lee skirted the Panther's left end for 20 yards and a touchdown. Their try for extra points failed and time ran out in the first half with the score tied at 6-6.

In the third quarter both teams could not score as the tough Panther defense stopped the ever-dangerous Rasberry and his pinpoint passing. The Panthers offense began to pick up in the fourth quarter and they began to move the ball real well but could not score until late in the fourth period after Mack Sutton covered a May fumble on the May 21 yard line. From this point Ormsby had two five yard carries to set up a first down on the May 11.

Welch hit the middle for 5, Hirst made 3, Welch hit for 1. From this point quarterback Daryl Hirst, playing by far his most outstanding game, was not to be denied as he quarterback sneaked, with some good blocking by center Robert Whitt and guards Mack

Sutton and David Kirk, for the second touchdown. Hirst came right back with the same play and made the two extra points to ice the game away for the Panthers. But the game was not over at this point because of the dangerous running and passing of quarterback Rasberry. The Panthers kicked off and the Tigers, on the first play, passed up field for about 20 yards, but Richard Pittman came up with the big play of the night as he miraculously intercepted the pass and the Panthers were moving the ball well when the game ended.

## Gorman Girls Win Over Desdemona In Cage Tilt 56-34

The Gorman High School girls opened their basketball season with a convincing win over the Desdemona girls Tuesday night, November 10 on the local court by a score of 56 to 34.

Catherine Stacy was high scorer for Desdemona with 24 points. Brenda Roberts had 4 and Vicki Tidwell had 6.

Gorman had 8 girls in the scoring column. Glenda Rodgers was high with 21 points. Kathy Browning, 9; Marilyn Shell, 7; Bennie Peveto, 6; Linda Warren, 4; Laverne Scitern, 4; Karen Collins, 3; and Linda Jarrett, 2.

In all 17 Gorman girls played in the contest. They are: Forwards: Glenda Rodgers, Bennie Peveto, Linda Warren, Marilyn Shell, Kathy Browning, Laverne Scitern, Lana Stacy, and Karen Collins; and Guards: Linda Jarrett, Joyce Burgess, Martha Foster, Judy Ervin, Juanava Collins, Mary Martin, Elizabeth Parr, Sharon Young, and Mary Kirk.

## Excelsior Studies Heritage for Peace

The Excelsior Club, meeting in the home of Mrs. Fanny Burkett Tuesday afternoon, enjoyed a roll call study of Heritage for Peace.

Mrs. John Kirk cited the various phases of literature, much of which is conducive to peace in thought.

Mrs. Eugene Baker read a poem giving a philosophy for living and getting along with people.

The National Anthem with the story of its composition was given by Mrs. Huron Polnac and Freedom To Worship was cited by Mrs. Lawrence Eison.

Mrs. Walter Underwood, speaking from the standpoint of art, told of the most enduring piece which are the sculptured monuments, including the old world Cathedral pieces and the new world's Mount Rushmore.

The contribution of one member, Mrs. Walter Steele, who is a hospital patient, was the stories, the poems, hymns, and legends of the Christ Child. A book, a copy of the translated works of Josephus which is one of her cherished possessions, was shown.

Other answers to roll call were chapter selections quoted from the Old and New Testaments, government documents, family traditions, and admonition drugs new and old. The living Christ was cited as the Greatest Heritage.

A colorful and tasty refreshment plate was served during the social hour.

This was one of those games that every boy who played was the star, both on offense and defense. The Panther line again came up with some good defense. Ends Robert Reeves and Robert Hunt, guards Mack Sutton and David Kirk, tackles Benny Matthews, Deryck Pocock and Ronnie Smith were simply outstanding, and the entire backfield gave that extra ordinary effort. Quarterback Daryl Hirst played an outstanding game in all departments. He mixed his plays well and utilized his passing attack by completing four of six passes for 100 yards. Jerry Ormsby came into his own in this game as he time and time again picked up that valuable third down yardage that a team needs to keep rolling. Playing halfback, Jerry is especially good on those quick openers and, of course, we cannot forget the perfect strike he threw to Hunt for the Panther's first touchdown. Richard Pittman played outstanding on offense and defense. Richard did some yeoman service all season, but he really came through Friday night as he, too, was a bright star on offense and defense. Doyle Welch, William Jay and Don Wallace played their usual good game. In fact, all the boys played real well and came up with a big victory.

Again it was gratifying to see the good number of Panther fans following the boys and this Friday night another capacity crowd is expected to see the Panthers put their third Tiger in their Tank as they have already beaten the Hico Tigers and May Tigers. Game time will be 7:30 on Brogdon Field.

Thinking they might get a breather, but to behold the Blanket Tigers beat the Rising Star Wildcats 12 to 6, and it looks like the Panthers are in for another rugged evening. Gary Overstreet, who was not suited out for the May game, will probably see some action this Friday night.

## Jesus Loves Even Me

A Composer of Popular Songs Turns to Hymn-writing

During the late 1850's and early 60's a poor man in his twenties rode about rural Pennsylvania driving an old plug he called "Fanny" to a ramshackle buggy that cost him twenty dollars. But, considering that he had to support a wife and feed Fanny on thirteen dollars a month, his buggy represented a sizable investment.

His name was Philip Bliss; a gentle, self-trained music-master. He had been too poor to afford an instrument and his first notes were learned on a flute he had cut from a cane back of his log cabin home in Clearfield County.

At twenty-six Philip Bliss wrote a song he called "Lora Vale." Lora was such a hit that the Chicago publishing firm of Root and Cady induced him to come to the Windy City and conduct concerts.

But the music master cared little for popular music. He wanted to write hymns and sing the songs of the church. This love led him to an association with Chicago's evangelists, D. W. Whittle and Dwight L. Moody. In ten years Philip Bliss was among the foremost gospel singers of the nation. One night he heard Moody tell of a ship wreck and he wrote, "Let

the Lower Lights Be Burning." He attended a service where the preacher said, "To be almost saved is to be entirely lost," and he wrote "Almost Persuaded." At thirty-five his royalties were counted in tens of thousands... which he gave to charity.

At the Whittle home in Chicago Bliss pondered the question that many hymns were written along the theme of man's love for God. He reversed the idea and one morning while his wife waited for him to come to breakfast he wrote—

I am so glad that our Father in Heaven  
Tells of His love in the Book He has given;  
Wonderful things in the Bible I see;  
This is the dearest that Jesus loves me.

Tho' I forget Him and Wander away,  
Still He doth love me wherever I stray;  
Back to His dear loving arms would I flee,  
When I remember that Jesus loves me.

Oh, if there's only one song I can sing,  
When in His beauty I see the great King;  
This shall my song in eternity be:  
"Oh, what a wonder that Jesus loves me."

This is one of a series presenting the story of the world famous religious hymns sung by the faithful of all creeds.

Clip and save these hymns. We will furnish you a folder to keep them in:

## J&S SPORTS

Joe Bennett & Speedy Clark J&S

You can please some of the people part of the time and part of the people some of the time, but a game like the Panthers played last Friday night against May will please all the Panther fans all the time. This was by far the most exciting game of the season and every boy played real good football. In fact, they had to be at their best as the May Tigers were an explosive outfit. Mr. Rasberry, Number 10, as most fans remember, had been one of the leading scorers of the area and had reeled off many 50, 60, 40 and 30 yard runs all season, and to keep him from repeating this performance is a great tribute to the Panther defense.

Two boys are "Panthers Of The Week" this week. Of course, every boy that played could have been selected as far as each one individual performances is concerned, but we thought Richard Pittman and Jerry Ormsby had their finest game this season. Ric-

### GRAYDON BAZE ATTENDS POSTMASTER MEET HELD IN BROWNWOOD NOV. 6-7

Postmaster Graydon Baze attended the Texas Branch of National League of Postmasters held in Brownwood Friday and Saturday.

A get-acquainted session was held at 7 p. m. in the Brownwood Motor Inn.

James Carpenter of Comanche, chairman, presided at the first meeting Saturday at 9:15 a. m. Mayor W. C. (Bill) Monroe gave the welcome address and W. W. Collier, Abilene postal inspector, gave the principal talk at the morning session.

Other speakers Saturday included Carrie May Gaydosik of San Felipe, Texas Branch President; W. B. Weathered of Fort Worth, postal service officer; and Dallas Farmer of Valley Mills, regional co-ordinator for the Dallas region.

hard and Jerry both picked up some valuable yardage on offense and did it the hard way. And both did real well on defense. In fact, Richard has helped out the pass defense tremendously this year as it was one of the Panthers weakest links at the beginning of the season. We should like to congratulate all the team, but particularly Richard Pittman and Jerry Ormsby this week.

J&S

Joe thought he had an upset called in picking Illinois over Michigan, but the cookie didn't crumble, and Speedy picked up a little on his average as he came up with an 80 percent mark and Joe got 70. The top five college football teams won their games and the bottom three lost theirs. Arkansas soundly beat a good Rice team 21 to 0 and are getting stronger each week. Ohio State was clobbered 27 to 0 and Texas squeaked by Baylor 20 to 14.

This weeks picks are:

Rice over Texas A&M  
Texas Tech over Washington St.  
Ohio State over Northwestern

A postal seminar was held Saturday afternoon. Moderator was Grady Martin of Silvertown, vice-president of Texas Branch. The panel included Weathered, Collier, R. D. Rheiner and Cloy Allen of Wingate.

A banquet at 7:30 p. m. concluded the convention. Speaker was Rheiner, director of the postal service office program.

## Hard Of Hearing Losses Are Different

Each hearing loss is different and each case must be fitted differently. In the past few years research has proven this over and over—for example.

1. Some people can understand talking to one person, but in a crowd everything seems to run together.

2. Some hear men's voices but cannot understand women or children.

3. Some hear good in small rooms, but in Mr. Treadway church or group meetings they miss part or all that is said.

4. Some can hear the sounds but cannot understand the words. 5. Some have head noises that stay with them day and night. We could go on and on, but it's obvious from the above that it is impossible to fit the many different types of hearing loss with just a hearing aid. Neither could you take one set of glasses and fit everybody's eye loss.

To fit the hard of hearing as they should be fitted, a complete test must be run to find the type of hearing loss they suffer from. Then using the Evaluator we are able to know what to build in your instrument to correct your hearing loss. With the Evaluator you will know exactly how you are going to hear before we send your prescription to the Lab to be built. In most cases the cost is less than you would pay for a hearing aid, so why take a chance.

Mr. Treadway will hold his regular hearing clinic at the Gorman Hotel in Gorman Monday, Nov. 16th. from 3 P. M. to 5 P. M.

If you have a hearing problem of any kind you owe it to yourself to come in for a test. (The test is free.) Remember — it's better to light a candle than to cuss the darkness.

Our Temple office is open each day to serve you, although Mr. Treadway is there only on Thursdays and Fridays. We do repair service and have supplies for all makes of hearing aids.
