Barbara Kinser To Become Bride Of Eddie W. Baker

Miss Barbara Ann Kinser will be married to Eddie Wayne Baker, son of Mr. and Mrs. Weldon Baker of Cisco, on September 15 at 8 p. m. in the Gorman First Baptist Church.

Barbara is the daughter of Mr. Rex Kinser of Gorman and Mrs. Genetta Kinser of Eastland.

Friends and relatives are invited to attend.

Swine Short Course Set Here Sept 14-17

A swine short course for adult farmers will be held September 14, 15, 16, and 17th. under the sponsorship of the Gorman High School Vocational Agriculture Department according to Mr. W. R. Taylor, Superintendent, and Mr. E. C. Bramlett, Teacher of Vocational Agriculture.

Mr. Joe Tocquigny, swine specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Animal Husbandry at Texas A&M University, will do the instructing in the course. He is headquartered at Texas A&M University.

Mr. Tocquigny holds a B.S. degree in Agricultural Education from Texas A&I College, and an M.S. Degree in Agriculture from Texas A&I. He has been a Hampshire breeder and commercial feeder for the past ten years maintaining a fifteen sow herd.

"Many swine short courses in various parts of the state have been taught by Mr. Tocquigny and all have met with outstanding success," according to Mr. J. B. Payne, area supervisor of vocational agriculture, Stephenville. Arrangements for the adult education short course in swine husbandry and in other fields are made through Mr. Payne's office.

The short course at Gorman is scheduled to begin September 14 at 7:30 p. m. in the vocational agriculture building. Other meetings in the series of four will be held September 15, 16, and 17th. During the dates the short course is in progress, Mr. Tocquigny will be available to assist students with individual problems and to provide on-the-farm instruction, according to Mr. E. C. Bramlett.

Farmers interested in attending the short course should write or call the superintendent of schools, Mr. W. R. Taylor, or the teacher of vocational agriculture, Mr. E. C. Bramlett. An entry fee of \$2.00 will be charged. Swine Production Short Course Certificates are to be presented to each student who attends all the training sessions.

Mr. Tocquigny states that the short course will be adjusted to wishes and interests of farmers enrolled, but that he expects to cover such subjects as selecting and breeding, feeding and feeding requirements, management, disease and parasites, housing and equipment, and marketing.

"Short courses in swine production, as well as in other areas, are now available to farmers throughout the state under the cooperative program between the Texas Education Agency and Texas A&M University," stated Bob Jaska, associate professor, Department of Agricultural Education at Texas A&M University, who coordinates the program.

"This cooperative program" states Jaska, "is designed to make the services of specialists available to conduct short courses under the supervision of public schools. Such a program will enable teachers of vocational agriculture to provide improved educational services to farm people." Specialists are now available in the fields of beef production, insect control, farm management, farm electrification, farm (arc) welding, swine production, tractor maintenance, dairy science, pasture and oxy-acetylene welding.

An Open Letter

I am often appalled by the reluctance of many church people to assert themselves on moral issues. They are so fearful that they will offend some, that they become "clouds carried by the wind!" There is almost no reasonable argument for legalized alcohol. The "boot-leggar" cry is always given, but the mere fact that some people break the law is no reason to do away with the law. The Eighteenth Amendment was not being enforced and so we did away with it. By the same token, the law against killing is not being enforced, is this cause to do away with it?

"It will stop our children and youth from going to other towns to get beer." This is a familiar phrase, but will it stop the youth from the surrounding towns from coming here to get their beer? These youth are not going to buy it where they live for fear of being recognized and seen, so they will come here and be killed on the same hi-ways. Is it better for the youth of any other town to be killed, than our own youth?

"We might as well get the revenue." This is often heard, but the revenue is so small and the cost of additional law enforcement is so great that no one realizes anything of consequence. If it is only money we desire, it is more profitable to peddle dope. It has already been proved that it cost four dollars to get every three in liquor revenue.

"People are going to drink." There are some ninety millions of people who are indulging in drinking today, as compared with something more than ten percent of that total before the repeal. Is this an indication that legalizing alcohol makes it less desired? Some of us lived in Prohibition days, and the drinker was labelled. No self respecting citizen wanted his label, or his company, but today he has been lifted out of the gutter and given a place in society. The difference between the old drunkard of prohibition days, and the drunkard today is found in what he drinks and where he drinks it. It is no less wicked to get drunk on champagne, than it is corn whispy. It is no less wicked to get drunk on legalized liquor than it is on illegal liquor.

This is a free country, and we can vote our convictions. If we have some exalted convictions, lets keep them and not vote something in that would impair them. We can live in filth until it no longer bothers, we can look at trash so long that it no longer bothers us, and we can smell a skunk so long that he no longer stinks. Any self respecting parent should resent his neighbor drinking in the presence of his children. Legalize alcohol and this will happen. Do not be deceived, they will not stop with off-premises consumption. This is the "foot in the door" policy of the liquor industry.

Alcohol will make no town a better town. Mineral Wells has more people and less business than Weatherford, it is wet and Weatherford is dry. I am told that Eastland is a better town than Ranger and it is dry and Ranger wet. There is no argument for legalizing the sale of beer, or any other product that impairs the mental and spiritual qualities of God's children.

Panthers Will Open Season With Graham B Friday At 8

The Gorman Panthers will open the 1964 football season with the Graham Steers "B" team on Friday night at 8:00 p. m. on Brogdon Field.

It being almost an impossibility to rate a "B" team, but at the same time with the Graham Steers

a Triple A ball club and having had some real good ball clubs the past few years, one can expect their B squad to be pretty rugged. In all probability the Panthers should be about a two touchdown favorite, but injuries still plague the Red and Blue and at the moment it looks like Gary Overstreet, the Panther's leading ball carrier and linebacker deluxe, will miss Friday nights tilt. Jerry Ormsby will be out about four more weeks and this will leave

the probable starting lineup as follows: Ends William Jay and Tommy Kirk; Tackles, Deryck Pockock and Ronnie Smith; Guards, Mack Sutton and David Kirk; and Robert Whitt at Center. This is a well experienced line and should give a good account of themselves Friday night. In the backfield Coach Newby will probably start all-around player even though a freshman, Daryl Hirst at Quarterback, Don Wallace and Richard Pittman or Jackie Harrison at the halfback spots, and Doyle Welch at fullback. Daryl Hirst did a fine job at the quarterback position in the scrimmage with Lometa last Thursday afternoon.

The Panthers have been working hard since August the 11th, and except for the boys who have been injured, should be in fine shape for the first game of the season.

A large crowd is expected to see the Red and Blue take the first game of the 1964 season.

Workshop Set For Area Masons In Desdemona Sept 24

Officers and members of eight Masonic Lodges in this area have been invited to attend a workshop which will be held at 8:00 p. m., September 24th, in the Masonic Hall at Desdemona. Eastland, Breckenridge, Cisco, Rising Star, Gorman, Ranger, Carbon and Desdemona Lodges are invited.

The workshop is being held to enable Masons to study common problems of Masonic Lodges and their operations. It will be conducted by J. D. Molder of Brazos, chairman of the Masonic Workshop Area covering four nearby counties.

The workshop is part of a statewide semi-annual program held for the quarter-million members of nearly 1,000 Texas Masonic Lodges. It has been authorized by John R. Collard, Jr. of Spearman, Grand Master of Masons in Texas. He urged all officers and members of the invited lodges to attend and said other Masons are also welcome.

STOP! — The Caution light recently installed at the intersection of Hwy. 6 and F. M. 8 was put there to help drivers protect their lives and the lives of others.

The RED blinker facing on F. M. 8 warns the driver to STOP and check through traffic on Hwy. 6 before proceeding. The AMBER blinker facing Hwy. 6 warns drivers to slow down.

Personnel of the Texas Highway Dept. are doing a magnificent job on our roads and highways. The majority of accidents are caused by careless or indifferent drivers. Give the other driver the right-of-way and you will stand a better chance of reaching your destination.

Miss Rita Jarrett Eddie Robertson Wed Vows Read

Miss Rita Jarrett, daughter of Mr. and Mrs. Clifton Jarrett, was married to Eddie Robertson of Austin at 8 p. m. Sunday, September 6 in the New Hope Baptist Church by Rev. Arlan Clements.

The bridegroom is the son of Mr. Edward Howard Robertson and the late Mrs. Robertson of Venezuela, South America.

Miss Glenda Rodgers, cousin of the bride, was maid of honor.

Mr. Larry Campbell of Austin was best man.

The bride wore a white lace sleeveless dress fashioned with a

fitted bodice, bell shaped skirt and scooped neckline. Her veil of illusion was held by a crown of pearls. She carried a cascade of white roses atop a white Bible.

Her jewelry was a single pearl pendant, a gift from the groom.

The bride is a sophomore in Gorman High School.

After a wedding trip to Fort Worth the couple will live in Austin. The bridegroom is a 1963 graduate of Longview High School and is assistant manager of a Seven-Eleven Store in Austin.

COMMISSION STRESSES MOSQUITO CONTROL & TRAFFIC REMINDERS

The City Commission of the City of Gorman, in regular meeting last Friday, voted to immediately begin a spray program for the control of mosquitos in the city. They also point out that the city program will be much more effective if the individual citizens and property owners will assume responsibility for taking steps to destroy the breeding places of mosquitos on their own property.

Water should be emptied from old pans, tubs, tires, and other containers. Tall weeds and grass should be cut, and wherever possible, moved to the city dump ground or burned. Health authorities emphasize that such precautionary steps should be taken

through the duration of the last summer season in order to reduce the possibilities of diseases carried by mosquitos.

The Commission wishes also to remind drivers in the downtown area of a long standing city ordinance which prohibits parking on the side of the street to the drivers' left. Crossing the opposite lane to park and backing across a lane when leaving a parking place is also prohibited. The same ordinance makes double parking a violation. The Commission members ask all drivers to be reminded of these simple but vitally important rules and appeal for the cooperation of everyone.

In other matters the Commission discussed steps to be used in the collection of delinquent taxes. Collection procedures will be initiated at an early date. It was also agreed to secure the assistance of Mr. Cecil Mayes of Breckenridge to help in bringing about improvements in the city's book-keeping and record system.

Further discussion was held regarding the advisability of the city's leasing of the local airport. Provided such a lease is signed, there will be specific safeguards which will prevent any expenditures on the part of the city for maintenance and improvement of the airport or its facilities, other than occasional use of a maintainer. Any such lease contract also must release the city of any liability in connection with accidents. The advantage of the city's leasing the airport would be to make possible certain improvements through Federal grants which are not available to privately owned and operated airports.

Other business included reports on the progress of new sewer line installations, street paving plans and plans to repair the roof on the fire hall.

Mary Martha Shell Becomes Bride Of Joseph Robert Browning September 5

Miss Mary Martha Shell became the bride of Joseph Robert Browning, Jr. in a candlelight ceremony in the First Methodist Church at eight o'clock in the evening Saturday, September 5th, with the pastor, Rev. B. C. Huddleston, officiating.

Parents of the couple are Mr. and Mrs. Wilbur Theodore Shell and Mr. and Mrs. Joe Bob Browning.

Nuptial music was presented by Mrs. Glynn Kirk of Brownwood, organist, and aunt of the bride, and Warren Wallace, III, of Midland cousin of the bride, was the vocalist.

Given in marriage by her father the bride wore a floor length gown of white peau-de-soie', featuring a scooped neckline, long tapering sleeves. Appliques of embroidered Alencon lace enhanced the fitted bodice. The controlled bell skirt with carriage back swept into a chapel train accented by the same lace.

Her shoulder length veil of illusion fell from a pearl encrusted crown. She carried a cascade of white roses centered with a white Orchid.

Miss Linda Shell, sister of the bride, was maid of honor and the bridegroom's sister, Kathy Browning, was bridesmaid. They wore ice blue peau-de-soie' floor length gowns accented by contrasting blue velveteen cummerbunds and full length velveteen trains. A garland of blue flowers held their circular veils and they carried cascades of white spider mums.

Other bridesmaids were Marilyn Shell and Ann Kirk of Brownwood, cousins of the bride, Sylvia Hendricks and Beth Rhymes. They wore dresses identically to the honor attendants.

Joe Ed Baze was best man. Groomsman and ushers were Larry Kirk of Brownwood, Terry Shell, cousins of the bride, and Jack Johnson of De Leon and James Morris of Brownfield, cousins of the bridegroom, Gene Snider and Bob Rodgers. Gary and Ronnie Golden of De Leon lighted candles.

Lynn Brogdon was flower girl and Mark Morris, a second cousin, was ring bearer.

A reception was held in Fellowship Hall of the church immediately following the ceremony. Members of the house party included Mmes. C. H. Coleman of Crowley, La., A. A. Sherred of Timmath, Colorado, Henry Davis of Austin and Misses Maurine Buckley of Dallas and Linda Harrison of Gorman.

Following a wedding trip to Colorado the couple will be at home the 14th, of September at 706 East 23 1/2 St., Austin, Texas.

The bride is an honor graduate of Gorman High School where she

was a member of the Beta Club. She is a freshman at the University of Texas.

Salutatorian of the '63 class of Gorman High School, the bridegroom attended Tarleton State College and is now attending the University of Texas School of Pharmacy.

The bridegroom's parents hosted the rehearsal dinner at the Brown Jug Cafe.

Mmes. O. T. Shell, M. E. Shell, W. W. Wallace of Cisco, and C. H. Coleman of Crowley, La., hosted the bridesmaid luncheon at the Lone Cedar Country Club Saturday, September 5th. Blue and white, the bride's colors, were used in the epergne' of flowers, and place cards.

Hostess gift was of crystal.

Luncheon guests included Misses Mary and Linda Shell, Marilyn Shell, Ann Kirk, Kathy Browning, Sylvia Hendricks, Beth Rhymes, Maurine Buckley of Dallas, Linda Harrison and Mmes. A. A. Sherred of Timmath, Colorado, Henry Davis of Austin, W. T. Shell and Joe Bob Browning.

George Bush A Responsible Conservative

"I BELIEVE THAT CONSERVATIVE GOVERNMENT AT ALL LEVELS IS THE BEST FORM OF GOVERNMENT."

This great nation of ours was built on Constitutional Government and on the principles expressed by Thomas Jefferson . . . that government is best which governs least. I believe in self-government, and I am willing to rely on the intelligence of the American people to govern themselves under the American Republic of States.

A FREEDOM PACKAGE FOR AMERICANS . . . I would like to see created a "Freedom Package," not only for all Americans, giving them freedom from bigger and bigger government, but also a "Freedom Package" for the millions of persons enslaved by Communism all over the world.

This "Freedom Package" would consist of a firm and positive foreign policy; a policy to return the

government of this nation to its citizens and to keep it close to the people, relying on their intelligence to govern themselves under the American Republic of States; putting God and prayer back into our schools and lives; providing job opportunities for our earners; and encouraging individual initiative and responsibility.

FOREIGN POLICY . . . I advocate the establishment, once and for all, of a firm, positive foreign policy that will not confuse and perplex our allies and will regain for the United States the International prestige it has forfeited. Strength in foreign policy is the real hope for peace in our time. We can extend freedom through helping our friends and standing up to our enemies.

FEDERAL ECONOMY . . . The free enterprise system must be unfettered. A strong free economy means jobs opportunity and prosperity. A controlled economy means loss of freedom and bureaucratic bungling. I favor a balanced budget.

MEDICAL CARE . . . I oppose any medicare program which would overburden the social security system and lead to socialized medicine. I favor the Kerr-Mills approach. I oppose the King-Anderson approach.

CIVIL RIGHTS . . . I oppose the Civil Rights Bill on the grounds that it transcends civil rights and violates many other rights of all the people. Job opportunities, education and fair play will help alleviate inequities and should be encouraged. Sweeping Federal legislation will fail. Texas has a responsible record in this field, and Texas is capable of solving its own problems in this difficult area. I stand strongly opposed to violence and lawlessness on all sides.

PUBLIC EDUCATION . . . Education is a responsibility of the states. Federal aid inevitably means eventual Federal control. I favor retention of more tax money by the states to build the local and state education programs. We must meet the challenge of education, BUT at the state and local levels.

MILITARY STRENGTH . . . I favor a strong military posture. We cannot disarm when our enemies continually reiterate their intention to bury us.

UNITED NATIONS . . . As presently constituted, the United Nations is deficient and has been a failure in preserving peace. The United States has taken the responsibility for the freedom of the western world. We must not relinquish this responsibility to the General Assembly. All nations should pay their dues or lose their vote.

NATO . . . NATO should be supported to the utmost. I feel that the NATO Alliance is the most practical tool for peace and should not be neglected. We should explore the possibilities of an even greater and stronger Atlantic Alliance.

TEST BAN TREATY . . . As ratified by the Senate, this treaty will not work. I would be for a treaty with adequate, foolproof safeguards. I am not opposed to discussions to explore various avenues toward peace, but we must deal from a position of strength.

CUBA . . . Under Castro, Cuba is a menace to our national security. I advocate recognition of a Cuban Government in exile and support of this government to reclaim its country. We should encourage the Organization of American States to support this exile government. We must reaffirm the principles of the Monroe Doctrine.

RED CHINA . . . Red China must never be admitted to the U. N. In the event this does occur, then I advocate withdrawal from the United Nations.

FOREIGN AID . . . Foreign aid should be reduced drastically except in those areas where technological and military assistance is necessary to the defense of the free world and is economically advantageous to the United States. We should use foreign aid to strengthen our friends and extend freedom, not to placate our enemies.

THE CONNALLY RESERVATION . . . This reservation assures the United States the right to control her domestic problems without alien interference, and I support it.

IMPORTS . . . I have supported a thorough reappraisal of our oil and beef import programs. The ever-increasing ratio of imports is seriously damaging these two Texas industries, and I have supported legislation to correct the situation.

AGRICULTURE . . . Agriculture must be restored to a free market economy, subject to the basic laws of supply and demand. Subsidies certainly cannot be removed overnight, but I would endeavor to get government further out of agriculture, not further in.

OIL MATTERS . . . I favor the depletion allowance, a meaningful oil program to restrict oil imports, and legislation to free the gas producer from Federal control at the well head.

LABOR . . . I support Texas' right-to-work law. I believe every worker should have the right to join a union, but I do not believe a man should be forced to join a

CARD OF THANKS

Allow us to express our heartfelt gratitude to all those who contributed in any way to make the burden lighter in the passing of our loved one, Mrs. Nora Harper. Your concern was manifested in your kind words spoken, the splendid showing of flowers, food brought to our home and to the

union to hold a job. I believe in free collective bargaining and that every man is entitled to a fair wage.

TRADE POLICY . . . I believe our entire trade policy needs a penetrating reappraisal. Our basic policy is based on the premise that if American industries are destroyed by foreign imports, workers will be trained in other fields of employment. I am unalterably opposed to uncontrolled imports produced by cheap labor flooding the American market to the extent that our industries must close their doors and the workers be retrained in new fields. I feel this is the cause of much of our present unemployment.

THE SUPREME COURT . . . I believe in supporting the law of the land. I am strongly opposed to the present Supreme Court's propensity to legislate and the left-leaning directions of its decisions.

I AM CONCERNED ABOUT THE EROSION OF OUR MORAL FIBRE AND RELIGIOUS HERITAGE . . . I believe that prayers in the public schools on a voluntary basis are in keeping with the great traditions upon which this country was founded. Americans must not let this country be weakened by attacks upon its great spiritual heritage. Vicious attacks in the courts on prayer in the schools or on any reference to God in our lives must be repudiated.

Gets the DIRT OUT But Treats the Peanuts GENTLY!

LONG DIGGER-SHAKER

WITH PATENTED VINE LIFTER

- When it comes to digger-shakers, you'll find the LONG tops. A patented lifter action knocks out dirt as vines are lifted off the shaker chain. Keeps chain from dragging vines under, too! No other shaker has this important feature.
- Throughout, you will find a heavier, stronger-built machine to give long, useful life. Special flattened points shed grass better and reduce peanut loss caused by stripping.
- Many other features, too . . . adjustable vine deflectors, adjustable shaker pick-up drive, precision machined gear box operating in oil, ball bearing pillow block bearings and double V-belts.
- Let your LONG dealer show you this shaker today. See for yourself why it does such a good job.

HOW TO MAKE LIGHT WORK IN THE KITCHEN

Properly planned lighting in the kitchen makes meal preparation easier, more pleasant and more efficient. It helps eliminate little annoyances like misread recipes . . . dishes (or vegetables) that have to be washed twice. For a well-lighted kitchen you need two kinds of lighting:

GENERAL LIGHTING

. . . to provide a pleasant level of over-all room illumination without glare or shadowy areas. As a suggestion for the average rectangular kitchen, a 12-inch enclosed ceiling fixture with a 150-watt bulb, or a shielded fluorescent fixture with two 40-watt tubes usually will provide adequate light.

LOCAL LIGHTING

. . . to eliminate working in your own shadow at the sink, range or work counters. Use over the sink either incandescent or fluorescent lamps, shielded behind a facing board or recessed into ceiling. A shielded fluorescent wall bracket is recommended over the range. Shielded fluorescent tubes under cabinets will provide ample light on counter tops.

A Texas Electric lighting specialist will be glad to help you with suggestions for better light in your kitchen.

On Christ, the Solid Rock, I Stand

A cabinet maker takes up writing

"On Christ, the solid rock, I stand; all other ground is sinking sand." That line ran over and over in the mind of a 34-year-old London cabinet maker as he walked toward his woodworking shop.

Edward Mote was happy. He had learned his trade; had worked at it for wages and now he ran a woodworking business of his own. Always busy, Mote spent his spare hours writing articles for London periodicals. And, now and then, when a key line would hit him, he tried his hand at writing verse. But most of all Edward Mote was happy because his once confused mind was settled on his belief in God. He had been brought up in a home where the Bible was not permitted and his playground had been the streets of London. But after he became a man he attended Tottenham Court Road Chapel where sermons of the renowned John Hyatt set his mind at ease.

Edward Mote's cabinet shop ran itself that day in 1834. He had a theme for a poem and he wanted to get it on paper. Closeted in his little office he wrote the caption "Gracious Experience of a Christian" and, as he put it, "In the day I had four verses complete and wrote them off." The Sunday following Mote went to the home of a minister friend whose wife was near death. Groping for words, the cabinet maker thought of his verses. He sang them for the dying woman and, at the conclusion of each verse, added the line "On Christ, the solid rock, I stand; all other ground is sinking sand." It was only then that Mote realized he had written a hymn. He had a thousand copies printed for friends; a hymnal picked it up and "The Solid Rock" has been sung ever since.

Mote gave up his cabinet business, entered the Baptist ministry and at 55 built a church at his own expense. When his congregation offered to deed the property to him he said, "I only want the pulpit." At 77, in 1874, he looked up at friends at his bedside and said, "The truths I have preached will do to die upon." And so passed a man who had been reared in a Godless home, learned an honorable trade and gave it up for the ministry but whose memory will live for generations because he took time off from his work one day to write . . .

My hope is built on nothing less Than Jesus' blood and righteousness; I dare not trust the sweetest frame, But wholly lean on Jesus' name.

When darkness seems to hide His face I rest on His unchanging grace; In every high and stormy gale, My anchor holds within the vales.

His oath, His covenant, His blood, Support me in the subliming flood; When all around my soul gives way, He then is all my hope and stay.

When He shall come with trumpet sound, Oh, may I then in Him be found; Dressed in His righteousness alone, Faultless to stand before the throne.

On Christ, the solid rock, I stand; All other ground is sinking sand.

This is one of a series presenting the story of the world famous religious hymns sung by the faithful of all creeds.

Bid Let For 13.8 Miles Of Highway In Eastland County

A contract for 13.8 miles of construction on State Highway 206 in Eastland County has been awarded to a San Angelo firm, it was announced in Austin this week by the State Highway Commission.

Strain Brothers submitted the low bid of \$985,019.86 on the project. Grading, structures, flexible base and two course surfacing treatment is expected to take 325 working days, according to E. M. Pritchard, District Highway Engineer at Brownwood.

R. P. Haun, Resident Engineer at Eastland, will be in active charge of the project while it is under construction.

A NEW SON FOR MR. & MRS. GARTH PRIDDY

Mr. and Mrs. Garth Priddy announce the arrival of a son, Marlin Douglas, on September 4, 1964 at the Blackwell Hospital in Gorman. He weighed 7 pounds and 12 ounces.

Maternal grandparents are Mr. and Mrs. Ben Koonce of Desdemona, and paternal grandparents are Mr. and Mrs. Max Priddy of Rising Star. Paternal great-grandmother is Mrs. Bettie Peterson of Gustine.

This young man represents the

MIRIAM POYNOR, daughter of Mr. and Mrs. O. B. Poynor of Ranger, and granddaughter of Mr. and Mrs. Gene Baker, will leave September 12th. for Fort Worth where she will enter Texas Wesleyan College.

Miriam finished Ranger High School in three years, and while in high school she was a member of the Beta Club and the RHS Band.

5th. living generation on his mother's side and all five generations were present Sunday to welcome him. Besides him and his mother, there were Mrs. Ben Koonce, Mrs. Koonce's mother, Mrs. Beulah DeGuire, and Mrs. DeGuire's mother, Mrs. Allie Kay of Desdemona.

J&S SPORTS Band Boosters Club Elect New Officers

In the scrimmage with Lometa last Thursday afternoon the Lometa Hornets scored four touchdowns while the Panthers had three. Inexperience promised Coaches Newby and Felts some nervous moments, particularly in the secondary as the Hornets reeled off long gains. While on the other hand the Panthers had to make their scores the hard way. Daryl Hirst directed the Red and Blue with three sustained drives.

Doing a good job of moving the ball were Don Wallace, who was running low and hard, and Richard Pittman, looking real well at halfback, and Doyle Welch doing yeoman service at fullback. Welch did an exceptional job at fullback considering the fact that he had only worked out a few days prior to the scrimmage. With a little more experience Richard Pittman should become the Panthers most exciting ball carrier.

The expected tough Panther defense did not materialize as the Hornets ran almost at will on their end runs. It may be that the scrimmage with Lometa took all the boys mistakes out of their system and we look for a real good ball game Friday night.

The Southwest Conference began their fall workouts the first of September with Coach Neely's Rice Owls favored to win the Crown this year with Texas second and Arkansas third. It looks as though the SW Conference will be more balanced than it has been in several years.

Fortunately, for those of us in this area, NBC is going to televise the NCAA games this year, which means that we will be able to get them over Channel 9, Abilene. Four regional games will be brought to this area this season. The first one is the SMU-Florida tilt; Arkansas vs. TCU; Texas vs. Oklahoma; and Rice vs. Texas Tech. The Thanksgiving Day classic between A&M and Texas has been dropped from this year's TV schedule.

The Gorman Panther Band, under the direction of Mr. Herman Alsup, have been working real hard and should be in tip top condition to lend the Panthers support on Friday night. At last count the band had forty-one members. It is gratifying to have a real interesting band going. It certainly adds to the School Spirit.

The first meeting of the Band Boosters Club was held in the newly decorated band hall on Tuesday night. The band hall looks very nice with a little paint here and there, plus several other improvements. The following officers were elected for the 1964-65 year: President, D. O. Munn; Vice President, Mrs. Charles Duran; Sec'y-Treasurer, Mrs. Travis Smith; and Reporter, Mrs. Frankie Jo Harper. The Refreshment Committee is as follows: Mr. and Mrs. Arnold Butler, Mr. and Mrs. Hulon Lasater, Mrs. Donald Bolt, and Mrs. Charles Duran.

We will serve programs at all home games and the proceeds go to the Band Boosters. It was also voted to serve refreshments to the band and their visiting band after all home games.

To those parents who were not present we urge them to remember to come the first Monday night in each month to the Band Boosters meeting. We are very proud of our new Band Director, Mr. Allsup. He is working real hard with the band and they are looking very good. Come out Friday night and root for our band as well as our football boys. It helps!

Rural Carriers To Distribute Acreage Survey Cards Of 64

Postmaster Graydon Baze announced today that Rural Mail Carriers will begin distributing 1964 Acreage Survey Cards to patrons on their routes about September 12.

The Post Office Department assists U.S.D.A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1964.

To be sure this community is well represented in the survey, Postmaster Baze urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are D. R. Clark, Route 1; W. O. Parr, Route 2; and A. O. Clark, Route Three.

CARD OF THANKS

We wish to express our sincere thanks for all the wonderful things done during the illness and passing of our dear mother and grandmother. To all the employees and staff at the nursing home who were so kind and attentive to her. To the doctors and nurses at the hospital and for the beautiful flowers, food and to those who served it.

May the Lord bless each of you.
The Family of
Mrs. Edd Wright

Miss Ann Wallace Kin Of Mrs. Shell Dies In Auto Crash

Elizabeth Ann Wallace, 21, daughter of Mrs. Forbes L. Wallace of Cisco, and cousin of Mrs. W. T. Shell of Gorman, died with a companion in a two-car collision near Temple about 10:30 p. m. Friday.

Miss Wallace was a passenger in a car driven by a friend, Julius Pagon, 21, of East Cleveland, Ohio, who was also killed.

Miss Wallace was employed by the Bank of Southwest at Houston and was enroute to her home in Cisco to spend the Labor Day holidays with her family and to attend the Saturday wedding of her cousin, Mrs. Joseph Robert Browning.

She was born in Franklin, La. September 1, 1943, and came to Cisco 16 years ago. She attended Cisco Junior College, Texas Tech and moved to Houston to work in the bank about a year ago.

Funeral services were held at 3 p. m. Sunday in First Presbyterian Church with Rev. William Gould of Fort Worth officiating. Burial was in Oakwood Cemetery.

Willing Workers Meeting Held In Educational Bldg.

The Willing Workers Sunday School Class met in the Educational Building of the First Baptist Church on Tuesday evening for their regular monthly meeting. Mrs. Tom Thompson was hostess.

The business meeting was called to order by the class president, Mrs. Tom Thompson. The opening prayer was given by Mrs. Rob Kinser. Minutes of the previous meeting were read by Mrs. Jack Mauney, class secretary. The treasurer's report was given by Mrs. Oda Monroe.

The devotional, taken from the 6th. chapter of John, using verse 12, was given by Mrs. George Blackwell.

The meeting was closed with prayer by Mrs. Hulon Pullig. During the social hour refresh-

Its Off To College For Local Students

It's back to college this week for many Gorman students. Some have had a three months vacation, some attended six weeks of summer school, and some have been employed in summer jobs.

Texas University, Sam Houston State, Tarleton and North Texas State University are drawing most of the students.

Linda Shell, a junior art major, will return to NTSU. She attended six weeks of summer classes. Linda Harrison, a sophomore, and Bess Underwood, a senior education major, will also return to the campus. Beth has employment in Denton.

Carol Ramsey, who has had a summer job at Southwestern Peanut Growers' Association, will return to Texas Wesleyan College where she is a junior elementary major. Also returning to TWC will be Miss Edith Bolt, a senior, who has held a summer job at a youth camp in Colorado.

Carolyn Gilbert attended six weeks of summer classes and will return to Abilene Christian College where she will graduate in January.

Russell Fuller has returned to the McMurry campus where he is a senior music major. Russell spent the summer working on his father's farm.

Mr. and Mrs. Bobby Browning will return to Texas University where they also attended summer classes. Mr. and Mrs. Michael Davis (she is the former Tomasine Whitt) will continue their studies at Texas University. Terry Shell, who has helped his father at the Gorman Peanut Company during the summer, will return to Texas University where he is a sophomore accounting major.

Returning to Tarleton State College will be Joe Ed Baze, who has worked as sub rural carrier during the summer. Frankie Kim-

ments were served to guests, Annette and Jack Jackson, and members, Mmes. Marvin Lewis, Rob Kinser, Effie Broom, Oda Monroe, Chester Henderson, Jack Mauney, Jesse Parker, George Blackwell, Tom Thompson, V. W. Day, J. O. Jackson, J. C. Cook, and Hulon Pullig.

meil, who is employed as book-keeper with Lawndale Home for Senior Citizens, will continue his work and also attend classes at TSC. Ronnie Page will return as a junior business major at TSC. Pat McCormick will return on a tuition honor scholarship. She is an elementary education major. Richard Watson, an employee at Shelby Corner Drug, and Bobby Rodgers will be freshmen at TSC.

Beth Rhymes, Barbara Jobe and Sylvia Hendricks, spring graduates of Gorman High, will con-

tinue business classes at Draughns Business College in Abilene.

Thomas Seay, who has been a summer employee of Texas Electric Service Company, will attend Arlington State College as a freshman electrical engineer major.

Rodney Stephens will return to Ranger Junior College.

Terry Clark will return to Hardin Simmons University following six weeks of summer classes.

Students returning to Sam Houston State will be Wesley Warren, Jackie Don Simpson, Max

Grice, Charles Reeves and Roscoe Reeves.

Larry Anderson, who attended Ranger Junior College last year, will attend HSU.

Mr. and Mrs. Charles Brown (the former Carol Hatcher) will attend Hardin Simmons University and ACC.

E. C. Bramlett will return to Texas Tech as a pre-med major.

There are other students entering and returning to college but we were unable to get an interview with them.
