

## HULLS

By KERNEL GENE, aPe

Gormanites or Gormanians, whichever you prefer, never seem to get excited about civic affairs. They are not exactly complacent but seem to have a philosophy of "why worry worry, until worry, worries you." I like being a Gorman-nut.

From time to time I have heard many complaints about a man in town who has received very little public acclaim. He is a man who has devoted his life to the people in this community . . . and in the twenty-two years I have known him, I have never heard him grumble. He is none other than Dr. D. V. Rodgers.

Sometime in the near future, a banquet will be held to honor Dr. Rodgers. Knowing that many people would like to express their appreciation for what he has done for them personally, or their families, Kernel Gene will be happy to publish these letters. In fact, I already have a few. So, if you would like to write a letter to the Gorman Progress please do so in the near future. Final details of the banquet and date will be announced later.

Thanks for the letter and comments I have been receiving on the "Right-to-Work Law". Two more letters follow:

March 18, 1965  
Dallas, Texas

Dear Kernel Gene:

Enjoyed reading the letter from C. C. Reeves about the so-called "right-to-work" law and your answer. Your answer was very moderate for several reasons. No matter how much time one spends studying a problem, you can never learn all the answers, so that makes it very hard for anyone to be wholly right on a given subject, and that includes Mr. Reeves as well as you and me.

There are many good arguments on both sides of this question, and a few proven facts.

I would like for Mr. Reeves to consider these facts. In the 19 states having "right-to-work laws" the economic growth is well above, the union membership is growing faster, and even the population increase is stronger, than in the 31 states having forced union shops. Now if the "right-to-work laws" are so terrible, how can these be proven facts?

I'll venture an opinion of my own on another matter. There is a great clamor by the politicians and columnist about "the right-to-vote," but nary a word about the "obligation to vote intelligently." Now I fully endorse the right of everyone to vote if they can

## Sylvia Ruth Hendricks To Wed Glen Buchanan

Mr. and Mrs. Albert Hendricks announce the engagement and approaching marriage of their daughter, Sylvia Ruth, to Roy Glen Buchanan, son of Mr. and Mrs. Joe Buchanan of Winters, Texas. Vows will be read in the Kokomo Baptist Church at 7 p. m. Saturday, April 10.

A reception will be held immediately following the ceremony. Friends and relatives are invited to attend the wedding and reception.

## NEW SON BORN TO MR. & MRS. KENNETH RAINEY

Mr. and Mrs. Kenneth Rainey of Route 3, Gorman, announce the arrival of their son, Quentin Jack, born Sunday, March 21, 1965 in Blackwell Hospital.

Quentin Jack weighed 6 pounds and 6 ounces.

meet a few simple qualifications. You know, and I know, if you read and study and listen diligently on all candidates and all issues. We also know that since less than half the qualified voters vote in all elections they should, and of this limited number, so few really try to understand all the issues at stake, "the obligation to vote intelligently," is sadly neglected.

I would like to see the press and the politicians start a campaign something like this: "The right to vote is the obligation to vote intelligently." Then, perhaps, we could weed out a few unworthy politicians and laws.

## MARCH OF DIMES DRIVE NETS \$206.99

Mr. Joe Collins, Chairman of the Gorman March of Dimes Drive announced Tuesday that the drive has been completed and that the total amount raised was \$206.99.

The Mother's March, sponsored by the Woman's Study Club, raised the largest amount, totaling \$105.00. The Gorman Grade School raised \$43.83, High School \$3.21, and the business houses and counter containers and the outsiders basketball game between Eastland and Gorman netted a total of \$54.95.

Mr. Collins expresses his appreciation to all the workers who participated in the fund drive and to all the nice people of Gorman for their wonderful response and generosity.

## Community Club Plan Improvement Project For Pool And Park

The Gorman Community Club met Monday at 7 p. m. at the Hotel Coffee Shop for a steak dinner and regular meeting with 15 members present.

Joe Bennett, club president, presided at the business meeting.

The club, who has sponsored the management and improvements of Frank A. Gray Memorial Park and Pool, are vitally concerned with the work to be done at the park and pool to get it in condition for the summer.

Everyone is aware of the damage done in September by the flood waters of the 12 inch rain that ravaged the park and pool, washing the foundation from under several of the bath houses, causing them to collapse and also washing out part of the earth dam near the bath houses pushing it into the upper portion of the pool. One of the rest rooms was destroyed when the bath houses collapsed.

Mr. W. C. Browning and Arlton Smith were appointed to supervise the repair work which will get underway in the near future.

The club is urging all men, young and old, to join the club and pitch in to help get this most worthwhile project completed.

The club meets each fourth Monday night. Dues are \$5.00 per year.

## Carbon Junior Play, "Hillbilly Courtship," Set For Friday Night

The Junior Class of Carbon High School will present its play Friday, March 26, at 7:30 p. m. in the Carbon High School Auditorium. The play entitled "Hillbilly Courtship," is a farce in three acts.

The cast will include the following: Luke Stilsby played by Lindian Reynolds; Emmy Peppin portrayed by Jeanna Norris; Ma Peppin played by Rhonda Jackson; Lulu Triffet played by Nancy Justice; Seedie Triffet portrayed by Debbie Jackson; Wash Jeddo portrayed by Danny Hobbs; Sol Silverstein played by Jerry Cook; Louis Cattaro portrayed by Tim Warren; Bridget O'Flannigan played by Beth Cate; and Reverend Boswell played by Larry Purdom. The play is under the direction of Mrs. Velsie Rawson.

Admission is 50c for adults and 25c for students. Tickets may be purchased from members of the cast or at the door. The public is cordially invited to the evening of entertainment.

## To The Citizens Of Gorman

In announcing for Place 3 on the City Commission I had given considerable thought to the importance of this position.

Realizing it is my privilege to seek this office by virtue of being a citizen and taxpayer of Gorman I earnestly solicit your support.

If I am elected I shall do my utmost to serve to the best of my ability in a fair and impartial manner for the good of all citizens.

Your support and vote will be appreciated.

## DEDICATION SERVICES SLATED SUNDAY FOR FIRST METHODIST

The Gorman First Methodist Church will be dedicated Sunday, March 28, beginning with the morning worship service. Bishop W. Kenneth Pope will preach at the 11:00 a. m. service. Introducing the newly appointed Bishop of the Dallas-Fort Worth area will be Dr. S. Wayne Reynolds of Cisco, District Superintendent. Rev. Robert Sanders of Waxahachie and former pastor, will bring the 2:30 p. m. message. The local pastor, Rev. B. C. Huddleston, will also participate in the services.

A luncheon will be held in Fellowship Hall at the noon hour.

The First Methodist Church of Gorman was organized in May of 1891 by the Rev. H. S. Anglin. There were thirteen charter members. By 1905 there were 161 members, and a brick church was dedicated in 1908, on the present site. The building committee was Dr. E. W. Kimble, W. A. Waldrop and T. L. Gates. Gorman became a Station Charge in 1905.

The present building was completed in 1958 under the leadership of Rev. Robert Haynes, and the committee of W. G. Kirk, M. E. Shell, R. C. Mehaffey, Mrs. W. M. Blair, Mrs. A. A. Brown, E. F. Harrison, Z. O. Mehaffey, J. E. Walker, Jr., W. T. Shell, D. J. Jobe and John S. Kimble. An indebtedness of \$22,500 was incurred to be repaid in 15 years. It has been paid in six and one-half years.

The parsonage was built in 1963 under the leadership of Rev. Robert Sanders and his building committee, M. E. Shell, W. M. Brogdon, Mrs. Dorothy Hatcher, Mrs. M. F. Allen and Gene Baker, at a cost of more than \$22,000.00. A loan of \$13,500.00 is in the process of being paid off. The church has met two payments. The only two that have come due. In all, a property evaluation of more than \$120,000.00 has been accumulated in the past nine or ten years, and the church owes only a total of \$12,000.00.

Rev. Huddleston and the church membership invites all former members of the church and friends throughout the area to attend the dedication services.

## Charlie L. Garrett Named Superintendent Of Gorman Schools

Mr. Charlie L. Garrett, of Ranger, was hired on Monday night, March 15, by the Board of Trustees of the Gorman Independent School District as superintendent of schools and was given a one year contract.

Mr. Garrett replaces Mr. W. R. Taylor, who resigned to accept the superintendent's position at Dublin.

Garrett, a native of Eastland County, has served as principal of the Ranger High School since 1955. He served as high school principal for eight and one-half years at Carbon before going to Ranger in 1952.

A son of the late Mr. and Mrs. T. B. Garrett of Carbon, Garrett received his Bachelor of Science degree from Daniel Baker and his Master of Education from Hardin-Simmons University in Abilene and has had twenty-nine years of teaching experience in Eastland County Schools.

The Garrett's have one son at home, Jim Tom, who will be a Sophomore in high school. Other children of Mr. and Mrs. Garrett are Chuck Garrett, who resides in Fort Worth where he is employed with the Fort Worth Police Department. His wife is the former Cindy Halbrook of Ranger. Their daughter, Sue, resides in Houston. Her husband is Billy Mac Nichols, also a Ranger native.

The family are members of the First Methodist Church and Mr. Garrett is serving his fifth year as Chairman of the Official Board of the Ranger church.

"Our stay in Ranger has been a most pleasant one," Garrett said, "but we are looking forward to getting settled in Gorman."

Mr. Garrett will take over the duties as superintendent here on July 1st.

All visitors are welcome.

## Area Fruit Crop Not Believed Seriously Hit By Low Temperatures

Hope exists for Eastland County's fruit crop after the temperature dropped into the low 20's three nights last week.

Naturally, there are reports of scattered individual fruit damage where single trees had blossomed out, but the larger orchards aren't believed far enough out to have been damaged.

Earliest blommer, traditionally, is the apricot and not many of these had put out, it is believed. However, another sudden drop in temperature, say around April 1, which could be the "Easter Snap," would, indeed, damage the local fruit potential.

Many of the individual trees bore the black blooms Saturday.

Temperatures dropped to 18 degrees Saturday morning for the lowest reading for the present cold wave.

## Rev. Moody Smith Is New Pastor At Carbon

Rev. Moody Smith, a graduate of Howard Payne College, is the new pastor of the Carbon Baptist Church, preaching his first sermon there on March 14.

Rev. and Mrs. Smith, former residents of Desdemona, moved to Carbon from San Saba where he was pastor of the Herren Baptist Church for almost three years.

They have three children, Brenda, age 13, Becky, age 10, and Michael, age 5.

On Thursday evening, March 18, a regular meeting of the Future Homemakers of America was held at the Home Economics Cottage. Twenty-five members were present.

Vice-President Glenda Jordan presided over the session in the absence of the President, Joyce Joiner.

Anita Acrea presented the program for the evening. She spoke on the subject, "Should I Go To College?"

Following the meeting, refreshments were served from a buffet attractively arranged by girls in the Homemaking classes.

**HOMEMAKERS ATTEND  
AREA IV MEETING**

On Friday and Saturday, March 19 and 20, Linda Warren, Joyce Joiner, Kathy Browning, Jean Munn, Connie Park, Lana Stacy, Kimberly Hailey, and their FHA Advisor Miss Carolyn Gilbert, attended the Area IV annual meeting of the Texas Association of the Future Homemakers of America at Tarleton State College in Stephenville.

FHA Mothers attending the meeting were Mrs. Hailey and Mrs. T. D. Joiner.

Jean Munn performed an outstanding service to the Gorman Chapter by serving as the voting delegate to the general voting session. Area officers and state representatives were elected in regular session in the auditorium of the Home Economics Building.

The other members represented the Gorman Chapter at the Talent Show which was held in the Student Center. This show is one of the highlights of the convention and is made up of members of FHA from various chapters in Area IV.

On Saturday, Joyce Joiner was among the girls presented as applicants for the State Degree of Achievement. The State Degree is the highest award that is offered by this organization.

Kimberly Hailey was also on the program of presentation. Kim has previously achieved her State Degree.

**County Budding And Grafting School**

**Set For April 13th At Cisco Junior College**

The date for the annual Eastland County Pecan Budding and Grafting School has been set for April 13th, with the morning session scheduled to be held in the cafeteria at the Cisco Junior College beginning at 9:00 o'clock according to word today from the County Agent's office.

Demonstrations and lectures on when, where and how to bud, when not to bud, latest techniques of grafting, new type of grafting, when to cut the string, when to force the bud, preparation and storage of dormant pecan bud and graft wood, coverings and other items will be given at the morning session.

After a Dutch lunch in the cafeteria at noon the group will go

to the Kent Wood pecan grove, 3 miles south of Cisco in the Leon River bottoms for a practice session.

A limited supply of cold storage pecan bud and graftwood of some of the new varieties including the Wichita, Choctaw, Comanche and Apache as well as some of the older varieties such as the Western Schley and Burkett, will be available to those desiring it. Budding tape and a few of the double bladed pecan budding knives will also be available.

The school is free to anyone either in or out of the county desiring to learn how to bud and graft pecans. Women as well as men are welcome to attend it was explained by the committee in charge of the arrangements.

The school has been held annually for many years and many men and women have learned how to propagate pecans by attending. At the 1964 affair there was over 100 people from 18 different counties who registered.

**JOB AND BUSINESS OPPORTUNITY AT STAKE**

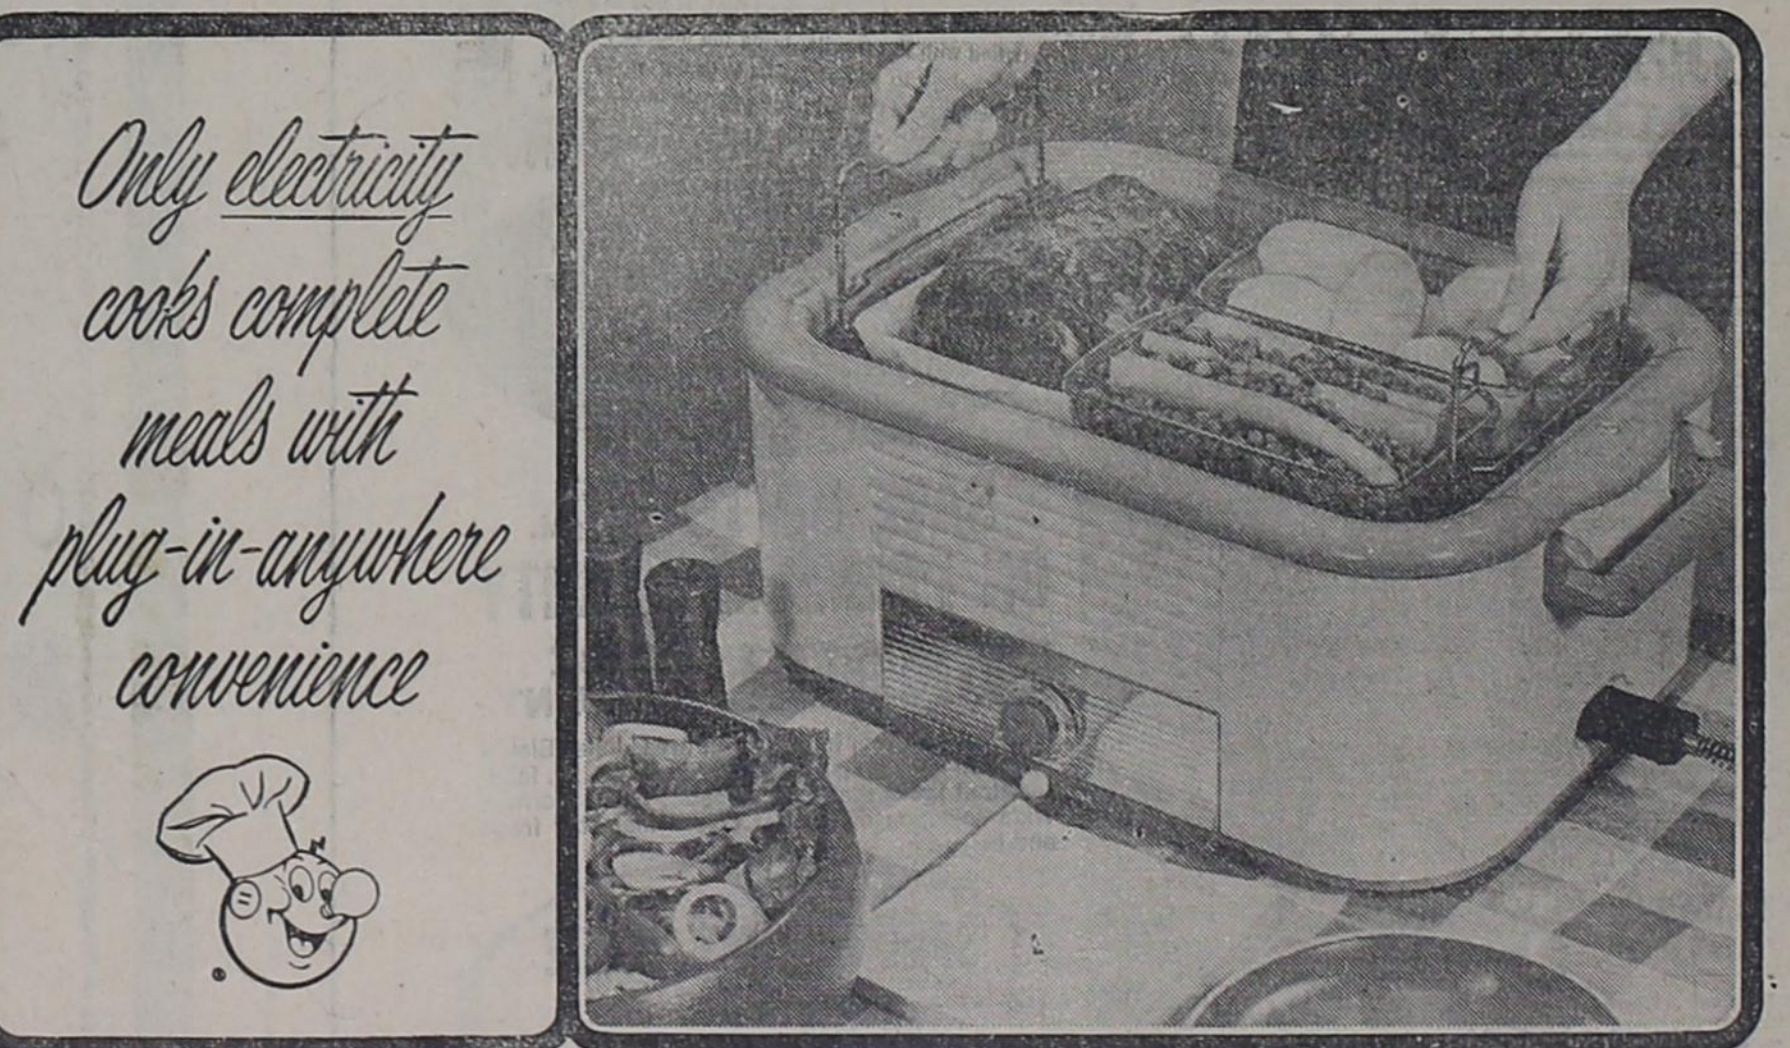

**WHY NOT REMOVE THE FENCE?**

The "fence" must be torn down if Texas is to get its just share of new and needed industrial growth and expansion. Texas must have industrial growth if our economy is to expand and provide more job opportunity. Farming, mining, and manufacturing are the three main foundation pillars that support our basic economy. Farming and mining as sources of employment are growing weaker. Manufacturing (or processing) must be strengthened to bear more and more weight or the economy will topple. Special lures to industry, though temporarily appealing, are not the answer. A good business climate, as reflected through governmental intent, will provide the appeal that will secure the stable industries essential to the long-range growth of the economy. House Bill 54, now pending in the Legislature, would, if enacted, remove a major defect in the Texas business climate by amending and up-dating the antiquated Texas Workmen's Compensation laws. House Bill 54 is being opposed by a "vocal few" who, either because of selfishness or lack of understanding, want the law to remain in its present inadequate, antiquated form. Will these few be permitted to impede the progress of the economy and the resultant benefit to the many? This is the question the Legislature must answer. Job and business opportunity is at stake.

Our Thought For The Week:

A good listener is not only popular everywhere, but after awhile he is apt to know something.

Mr. and Mrs. B. A. Hirst were visiting the Hardy Parkers in Eastland Friday. Mr. Parker is not too well.

We are sorry to lose Mr. and Mrs. S. E. Mears from our community, but hope they will be very happy in their new home in Gorman.

Visiting Mrs. J. N. Watson Sunday afternoon were Mr. and Mrs. Jessie Atchison and Mr. and Mrs. R. H. Watson.

Mr. and Mrs. Jim Falls and children of Dallas spent the weekend here with her parents, Mr. and Mrs. Charlie Atchison.

Mr. and Mrs. John Dominey and Mr. and Mrs. Bill Dominey of Rule were here Sunday visiting the Irvin Domineys and attending the golden wedding celebration of the Clyde Setzlers.

Visiting at Oliver over the week end with friends and relatives were Mr. and Mrs. Ernest Daniels of Mexico, Mr. and Mrs. Bernice Daniels and family of Houston, Mr. and Mrs. Nattie Watts, Jr. and Mrs. Nattie Watts, Jr. and children, all of Waco, Mr. and Mrs. C. V. Tunnell, Mrs. Mamie Love, Mr. Press Parks of Dallas, all visiting the Clyde Setzlers Sunday.

We are sorry to report that Mr. Willie Henderson is a patient in the Gorman hospital. We are wishing him a speedy recovery.

The B. A. Hirsts were supper guests with the Loyd Glassons at Desdemona last Sunday night.

## As It Looks From Here

Omar Burleson, M. C.  
17th. District, Texas

WASHINGTON, D. C. — SENATOR BOB BARTLETT OF ALASKA recently stated on the Senate Floor that doctors had found a high percentage of toxic poisons in the bodies of Eskimos. The theory is that some migrating fish from the United States and Canada are supposed to account for a part of it. The remainder has been accumulated from Caribou and reindeer meat, but certainly neither has been down in this part of the country. It was determined that they fed on perennial grasses which, unlike seasonal grasses, had collected a large amount of pesticide fallout. Since no pesticides have been used within hundreds, and probably thousands of miles, the theory is that, like radiation fallout, residual poisons from pesticides can, in one way or another, travel vast distances.

IN 1961, THIS COLUMN QUOTED Dr. Clarence Cottam, Director of the Welder Wildlife Foundation at Sinton, Texas, who said, "When man in his frenzy to make a quick dollar depletes the productive soil, encourages its erosion or adds poisons to it that, directly or in-

directly, endanger plant and animal life, he is jeopardizing his own security and future."

THE FOUR BASIC INGREDIENTS FOR LIFE ON EARTH are soil, water air and sunshine. Life is curtailed or handicapped to the extent that any of these requirements are made unuseable or unavailable.

PESTICIDES, WHEN USED WISELY AND SKILLFULLY under responsible practices, have done much to improve agriculture and effect better health.

IMPROPERLY AND EXTRAVAGANTLY USED, they are doing much unnecessary damage to wild life and to human health.

RACHEL CARSON WROTE HER BOOK, "SILENT SPRING," in 1962, but it was obvious a long time ago that the problem of pesticides and insecticides was bound to mount and grow before adequate answers were found.

AGAIN IN 1961, THIS COLUMN POINTED TO THE NEED for research on direct and indirect effects of residual poisons to humans and wildlife for these reasons:

1. Some medical authorities believe cancer and blood diseases, as well as serious nutritional disorders are related to chemical poisons and their carriers.

2. Highly toxic and long lasting pesticides cause numerous deaths of birds, mammals, fish and other organisms beneficial to human life. Tests strongly indicate some of these chemicals reduce natural reproductive rates in birds and animals and weaken them to the point where they fall victim to predators and disease.

3. Poisons washing from fields into streams and lakes not only kill fish, birds and mammals but threaten to contaminate surface and subsurface public water supplies.

4. Residues of poisons build up or accumulate in tissues and can be transmitted to man through the consumption of domestic meat products and wild game as well as milk and raw vegetables.

5. A rapidly increasing list of pests are developing immunity to some chemicals, requiring larger and larger dosages, which creates additional hazards.

RATHER EXHAUSTIVE STUDIES ALREADY SHOW:

1. Minimum dosages required to control pests should not be exceeded.

2. More emphasis be placed on the development of selective chemical pesticides which will control specific pests without damage to valuable resources.

3. It is important that emphasis be given to biological control methods. As an example, the sterilization of the male fly by radioactive cobalt has proved successful in the control of screwworm.

AS WAS POINTED OUT IN THIS NEWSLETTER IN 1961, "The use of poisonous chemicals will become a more acute problem unless, by research, better methods and practices can be developed."

## CARD OF THANKS

Our sister and daughter, Neita Lee, join me and our mother, Alma Craig, in saying a great big "thank you" to the doctors and all the hospital staff for the good care given me while I was a patient, and mother, who continues to be a patient in the Blackwell Hospital. To all who expressed your kindness and are continuing to do so with prayers, visits, cards, letters and flowers, and the many, many other deeds of kindness, we are truly grateful.

May God richly bless you with such blessings as he has in store for each.

Sincerely,  
Mrs. Ida De Voll

## CARD OF THANKS

I wish to express my appreciation to my friends for the cards, visits, flowers and other kindnesses shown me during my stay in Blackwell Hospital. I especially want to thank Dr. Rodgers and Dr. Brown and the nurses and hospital staff for their excellent care and kindness.

Mrs. W. B. Higginbottom

## CARD OF THANKS

I wish to express my sincere thanks to all my friends and neighbors who were so thoughtful of me during my recent stay in Blackwell Hospital. My thanks to each of you who sent cards, flowers and visited me. A special thanks to the doctors, nurses and hospital staff for the many kindnesses shown me.

I am now living at Lawndale Home For Senior Citizens and would appreciate visits from my friends.

Mrs. D. P. Holliday  
and children

Mr. Hardy Tidwell, who is employed in Mexico, was home for the weekend.

Miss Jean Riddell, daughter of Mr. and Mrs. William Riddell, and Mr. Carmen (Gene) Grimshaw were quietly married at the First Baptist Church Saturday afternoon at four o'clock. This community wishes them a long happy life.

### SENATOR TOM CREIGHTON TO SERVE AS GOVERNOR-FOR-A-DAY ON APRIL 20

A statewide celebration honoring Texas Sen. Tom Creighton of Mineral Wells is expected to be one of the outstanding public events of the year, when the newly elected senate president pro tempore becomes "Governor-for-a-Day" on April 20 in Austin.

Sen. Creighton, who has represented the 22nd senatorial district since 1960, will on that date assume the duties of chief executive by virtue of his election on January 12 to the post which made him third in line of succession to the governorship. It is the highest position that may be held by a member of the state legislature.

Second in line to Texas Governor John Connally is Lieutenant Governor Preston Smith. However, both officials will be out of the state, thus creating the vacancy in the top executive office.

In assuming the responsibilities of the governor's chair, Senator Creighton will carry on all routine duties for the day. Following a brief ceremony in which he will take the oath of office, a reception is to be held for friends and guests during the morning at the governor's offices in the capitol building. A press conference is scheduled with the capital press corps, and for some 50 visiting newsmen, television and radio representatives who are expected for the

event from all major areas of the state.

At the noon-hour, Governor Creighton will join his family for luncheon at the executive mansion. Later, he will resume his official activities in the capitol offices, where a number of conferences and meetings with constituents and other state and district leaders will be held as a part of the day's official program.

A dinner honoring Governor and Mrs. Creighton will be held at the Commodore Perry Hotel in Austin.

A steering and coordinating group has been named for organizing and assisting the committees which will be in charge of the Governor-for-a-Day program. Heading the arrangements groups are Chairman C. G. Lee, D. E. Clemens, state Democratic executive committee member, representing the 10-county 22nd senatorial district; Perry Horton, J. F. Bailey, Marshall Hamilton, Sam Hawes, Dr. H. A. Zappe, and Grady Elder. O. B. Lance has been named chairman of public relations for the state-wide event.

Clemens, who is heading the Governor-for-a-Day ticket committee, has emphasized that this is a public event and that dinner tickets are available to anyone at \$5 per person.

Indications are that the day's various functions will involve a number of prominent officials from industry, as well as political and judicial posts, at both the state and national levels, and that most of these personages will be present for the evening festivities and banquet program.

Senator Creighton has taken an active role in numerous community and state-level projects since his graduation in 1950 from the University of Texas School of Law.

As a partner in the Creighton & Creighton law firm with his father, the late J. R. Creighton, and brother, John R. Creighton, he was in 1952 and again in 1954 honored as one of the outstanding men in Mineral Wells. He served as local president and later as state vice-president of the Texas Junior Chamber of Commerce, and a national director of the U. S. Jaycee organization.

Creighton is past president of the Mineral Wells Lions Club. In 1959, he was named president of the Palo Pinto County United Fund, and has served as district commissioner of Boy Scouts and regional vice-president of the Texas chapter of the Association of the U. S. Army.

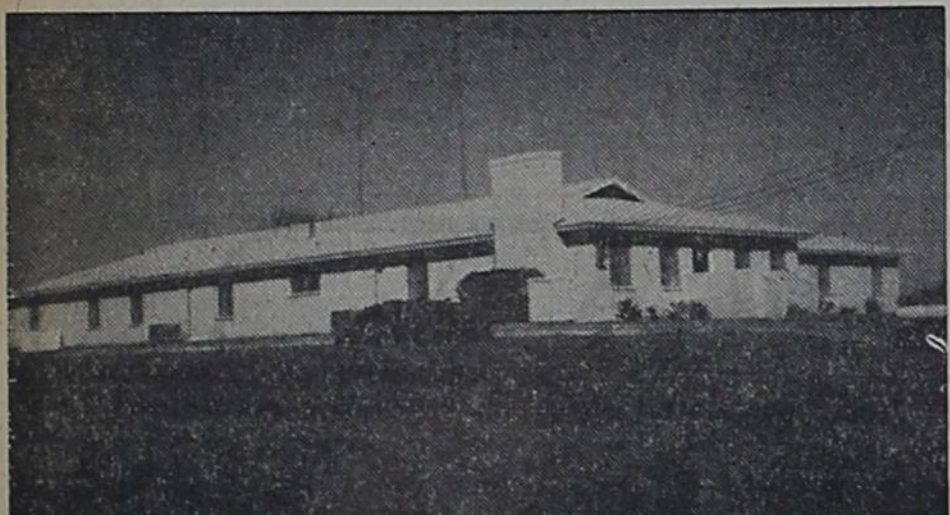

Prior to his election in 1960 to the office of Senator for his 10-county district, Creighton served eight years as county attorney for Palo Pinto County. Married to a Mineral Wells girl, Sue Sparks, they are the parents of three sons, Thomas William Creighton, Jr., 13, Kenneth Roy Creighton, 11, and Mark Creighton, 8. Many friends in Mineral Wells recall that Tom and Sue were married on a national network program, known at the time as "Bride and Groom."

As a member of the state senate, Creighton served as chairman of the Interim Election Law Study Committee of the 58th Legislature prior to election to his present post as head of the senate body.

Mr. and Mrs. Butch Boyd of Cisco visited Monday with their parents, Mr. and Mrs. G. O. Boyd and Mr. and Mrs. Orval Treadway.

Miss Don Moorman of Fort Worth was a weekend visitor with her mother, Mrs. Dona Moorman.

Dallas, Texas  
March 22, 1965  
**JUST A THOUGHT.**  
Repeal of our Right-to-Work Laws would:-

(a.) Force businesses to unionize and thus create jobs for hundreds of completely unproductive union representatives — people who "free-load" in the economic cycle.

They produce nothing and have as their principle objections the creation of issues to justify their existence.

(b.) Eliminate many marginal producers from our way of life — people who can contribute less than a fair, or average, amount of work in a given area of employment per day. These are the young learners, the handicapped, etc.

Union deadbeats are dedicated to the proposition that everyone must have a "union wage" (and pay their dues), so there is no place

for marginal producers unless they are forced to become a burden on the businessman instead of an earner of their fair share of the businesses' production.

(c.) Hasten the day when we are completely socialized and our moral fiber is completely destroyed through the "something for nothing" philosophy. Witness the scandalous "feather-bedding", "slow-downs", etc, now permeating our economy. "A fair day's work, for a fair day's pay" no longer is our slogan.

It has been replaced by "Take pride in your ability to get paid for doing nothing — and pay your dues."

Most businesses and manufacturing concerns which are non-unionized pay as much or better than unionized concerns — and without supporting a bunch of otherwise unemployables who call themselves "representatives of the masses," but are truly nothing more than a drain on the normal economic process.

Union representatives are almost sickeningly single-minded in their headlong effort to unionize everything in sight, irrespective of the wages, benefits, and working conditions already being enjoyed by employees in a particular concern. They try just as hard to unionize concerns already doing better than the average as they do those doing less than the average. They want POWER, i. e., DUES! Something for nothing. Suck the workers dry for doing nothing! Club him if he speaks out in a meeting! Get him fired if he fails to pay his dues. Let him fail to pay his church, his doctor, his rent or his grocer, but fire him if he fails to pay his dues!

Gene: the above are a few thoughts from volumes that could be written by someone with the time and inclination.

**Funeral Services Held Wednesday For Sister Of Mrs. W. C. Emerson**

Mrs. W. C. Emerson received word Tuesday of the death of her sister, Mrs. F. S. Lasater in Fort Worth. She had been ill for five years.

Services were set for Wednesday afternoon.

Another sister, Mrs. Robbie Tolleson, and her husband of Anson, arrived in Gorman Tuesday to accompany Mr. and Mrs. Emerson to Pilot Point for the funeral services.

**MONDAY, APRIL 5TH IS THE DEADLINE FOR RELEASING UNPLANTED PEANUT AGREAGE**

Mr. Jesse C. Meredith, County office manager of the Eastland County Agricultural Stabilization and Conservation Service, has announced the following information to the farmers of this area.

**Peanut Acreage Release & Reapportionment**

April 5, 1965 is the last day to release peanut acreage that will not be planted. In most cases farmers releasing acreage will be given full history credit for releasing the acreage. If you do not plan to plant, we urge you to release by the deadline. This will help you and your neighbor. Requests for additional acreage far exceeds the released acreage at this time. Requests for additional acreage may be filed by the April 5, 1965 deadline.

**Feed Grain Sign-Up Ends March 26**

Friday, March 26 is the final date to file intentions to participate in the 1965 Feed Grain Program. Advance payments can be made when you file your intention. The minimum diversion is 20 percent of the feed grain base and the maximum diversion is the larger of 25 acres or 50 percent of the base not to exceed the base for the farm. Additional information on the program can be obtained at the ASCS office.

**Winter Cover Crops**

Producers are reminded that winter legumes planted under the 1964 ACP program must be left on the land until April 15, 1965, before plowing under. Rye cover crop planted for wind erosion con-

trol must be left on the land until the land is prepared for spring planting. Please remember that rye or winter legumes planted under the ACP program may not be harvested in any manner.

**1965 ACP**

Producers interested in cost-share on approved conservation practices must file a request before beginning the practice. When the practice is completed, sign and return the application for payment, which will be furnished when the practice is approved.

**Change In Farming Operations**

If you buy, sell or lease land, please advise the County ASCS office promptly in order that your records may be brought up to date. This is extremely important as a purchase or the sale of land affects farm allotments and bases.
