Leon Homecoming Set July 18 At Gray Park

Dale Gilmore, President of the Leon Homecoming Association, has announced that Sunday, July 18 is the date set for the Leon Homecoming to be held at Frank A. Gray Memorial Park (Bass Lake), 2 miles SW of Gorman. All former residents and friends are invited to attend. A basket lunch will be spread at the noon hour. Mrs. Florence Richardson is the Secretary of the Leon Homecoming Committee.

Company, Southwestern Peanut Growers' Association, Blackwell Hospital, Gorman Public Schools and the Federal State Inspection Service.

A complete breakdown was given of major property items owned by the City. These included several trucks, the city apartments, two houses, several acres of land, several water well pumps, fire fighting equipment, a quonset type storage building, gravel spreaders, street paving equipment and various other items.

In discussing the record of the City Commission for 1964-65 the mayor mentioned work done regarding negotiation of the Proctor Water Contract, the installation of a new water well near the Methodist Church, completion of several new housing units in cooperation with the local housing authority (W. C. Smith, Chairman, Gus Frossard and Ben R. Townley), additional fire fighting equipment and paying the remaining \$3,000 on a note at the bank for the road maintainer. Also mentioned in last year's report were the replacement of over 100 water meters, improvements to the city apartments and fire hall, 20 blocks of street paving, the setting up of a systematic bookkeeping system (to be completed this year), and re-organization of the city field force. A plan to add 24 new street lights along Highways 6 and 8 and in residential sections was also explained.

The proposed city budget for 1965-66 was distributed and briefly reviewed. A copy of this budget appears elsewhere in this issue.

It was stated that the City again plans to pave 15 or 20 blocks of street this summer and to add 12 or 15 blocks of new and enlarged water lines.

A major discussion was given to the current project south of town of constructing two large lagoon type sewage purification ponds to be connected to the sewage treatment plant by about a quarter of mile of 8 inch pipe line. This is approximately a \$7,500 project being required by the State Health Department as a step to prevent pollution of the water in Lake Proctor. The City Commission has spent many hours in planning this project, looking at plans presented by the engineer and negotiating for easements, purchases of property and actual construction. The two new lagoons will be on the east side of the Bass Lake Road on property formerly owned by Melvin and Wilbur Shell.

Plans were discussed for the continuation of the collection of delinquent taxes. Approximately \$3,000 in delinquent taxes were collected by the City last year and major emphasis again will be placed on this matter during the coming year.

Other matters discussed by the Mayor included the law enforcement situation in Gorman, the Railroad situation and possible avenues for additional recreation facilities.

WHAT A REUNION — The Ex-Wolverines returned to Carbon in packs Saturday - 950 registered which didn't account for all the cubs and friends. 543 lined up for chow.

Kernel Gene found it impossible to take pictures and get information, too, so just settled for pictures of classes from 1929 through 1933. If I don't get the pictures in this week's Progress, they will be published next week.

Carbon's next reunion has been set for 1970. Glenn Justice was elected chairman. Congratulations to the Carbonites who did all the ground work which made their meeting a howling success.

Other new officers are J. E. Jackson, vice president; Mrs. Juanell Brown, secretary; and Mrs. Ardith Bean, treasurer. All are Carbon residents.

Don't know how you feel about "State's Right-to-Work Law", but if you are in favor of trying to protect what's left of our State Rights you might write your Congressman Omar Burleson and Senator Yarborough and let them know how you feel. President Johnson and Senator Yarborough have already expressed their desire to do away with this law. Why they want to give Unions full power to control labor through out the United States is beyond my comprehension.

CARD OF THANKS

I wish to express my thanks to everyone who helped to make my stay in the hospital so pleasant. For the lovely cards, flowers and your visits, I am grateful. I especially thank Dr. Rodgers and the hospital staff for the good care and attention given me.

Mrs. Pauline Gray

Now's the time to consider freezing a few eggs. Frozen whole eggs are handy for scrambling or for cooking and baking. Be sure you use eggs of the highest quality. Prepare the eggs quickly, then freeze promptly.

Here's how to do it: Break the eggs into a bowl. Stir slowly to blend yolks and white. Do not beat. Put blended eggs through a food mill or medium-mesh strainer. For each cupful of eggs, add 1/2 tablespoon corn syrup or sugar - for eggs you will use in cakes and cookies - or 1/2 teaspoon salt - for eggs you will use in scrambling. This prevents the eggs from becoming gummy.

Now, place the prepared eggs in rigid moisture-proof containers. Put in each container only as much egg as you will use at one time. Five large eggs make one cup.

Allow a half-inch space for expansion at the top of each half-pint or wide-top pint container; three-fourths inch in narrow-top containers.

You are ready to seal and freeze the eggs at 0 degrees or lower. Stored at this temperature, the eggs will retain their quality for 9 to 12 months.

To thaw the eggs, place overnight in the refrigerator. Use within 24 hours. Then cook thoroughly.

Molded gelatin salads need not come out watery after freezing and thawing. To avoid this, simply use one-fourth less liquid than usual.

When using lemon-flavored gelatin, for instance, use 1 1/2 cups water instead of the 2 cups recommended on the label. Not only will you avoid weeping salads, but the celery in them will also stay crisp. To thaw frozen salads of this nature, it is recommended to thaw overnight in the refrigerator.

Mr. and Mrs. Blackie Foreman and children of Fort Worth and Mr. and Mrs. James Riggs spent the weekend here.

L. A. Harbin To Make Farm Bureau Tour In Five Mid-West States

L. A. Harbin, Route 1, Eastland, will leave July 11 on a week-long Farm Bureau-sponsored bus tour of five mid-western states to observe operations of county Farm Bureaus in those states.

Harbin will join approximately 175 other County Farm Bureau leaders from all over Texas in the seven-day tour through Oklahoma, Kansas, Missouri, Iowa and Illinois. This "Institute on Wheels" is designed to give a first hand look at programs carried on by effective county Farm Bureaus in some of the most important farming areas of the U. S. It replaces the annual Texas Farm Bureau Institute which has been held each summer since 1949.

Four, and possibly five chartered buses will be used - departing from Houston, San Antonio, Abilene, and Lubbock. The buses will rendezvous in Oklahoma City. They will be joined there by other buses carrying county FB leaders from Oklahoma.

After leaving Oklahoma, the caravan of buses will be divided into tour groups, each one taking a slightly different route to visit not only county FB offices, but also farms, feedlots and other outstanding agricultural facilities in the five states on the itinerary.

The county Farm Bureau leaders will hold a big rally Wednesday evening, July 14, at the headquarters of the state Farm Bureau in Blooming, Illinois. There they will be joined by another bus group from Arkansas to hear an address by Charles B. Shuman, president of the American Farm Bureau Federation. Presidents of the three southwestern states, including C. H. DeVaney of the Texas Farm Bureau, will be in attendance.

On the way home, the group will stop in St. Louis Thursday, July 15, to see a baseball game between the St. Louis Cardinals and the New York Mets. The Texans will arrive back home on Saturday, July 17.

The mobil training school is the second phase of the TFB's leadership training program for 1965, and is a major activity in the organization's "accelerated program" this year. It complements area leadership training school held over the state in February and March.

BENNETT FAMILY REUNION HELD WEEKEND OF JUNE 24

On Thursday, June 24th. the sisters of Newton F. Bennett began gathering for a family reunion. Mrs. Mabel Wood of Dalhart and Mrs. Faye Dorsett of Lubbock arrived on Friday. They were joined by Mrs. Maggie Pirtle of Lott, Texas. All enjoying being together in the home of their only remaining brother, and wife. Visiting all the old home places, and as many old time friends as time would permit.

It was the first time for the family to be together since the death of their mother, Mrs. Irene Bennett, in October, 1954. Their dad, having preceded her in death in June 1951. Also a brother, Odis Bennett, deceased September 1953. All surviving children were present at the N. F. Bennett home.

On Sunday all the sisters, along with their brother, Newton, and wife, attended services at the New Hope Church where all of them were raised and attended church as children. It was a pleasure for the family to see and visit again with old friends and especially to sit again in the Little Church where they had worshipped with their beloved parents.

Visiting in the Bennett home while all were there were Mrs. Bertie Self, Mrs. Myrtle Holland, Mr. and Mrs. W. R. Collins and girls, Mr. and Mrs. Mitchell Campbell, all of Gorman, Mr. and Mrs. S. L. Craighead and children of Odessa, Mr. and Mrs. Claude Tucker and sons of Ranger, Mr. and Mrs. Vernon Hamilton of Cisco, Mrs. Allie Gilbert and Brooks of Carbon, and Mrs. Bess Bennett of Staff.

A wonderful time and many, many remember-whens... a visit long to be remembered by the three sisters as they departed for their various homes on Sunday evening.

The family plans to continue these family get-togethers each year. Hoping to meet at different homes, if possible.

"This will be the most informative school ever held for our Farm Bureau leaders," stated Wayne Little, Waco, TFB organization director. "The tour is designed primarily to study successful county Farm Bureaus that are effectively serving their members," he said.

As It Looks

From Here

Omar Burleson, M. C. 17th. District, Tex.
WASHINGTON, D. C. — GREAT MOMENTS IN AMERICAN HISTORY: Columbus refuses to turn back. The Mayflower lands at Plymouth Rock. A settlement starts on the James River. The Colonies break with England. 'Tis the "Star Spangled Banner." The defenders of the Alamo answer Santa Anna. Our Flag is raised over Alaska. Gold seekers rush to California. American women get the right to vote. Two Americans orbit the earth together.
...ON JULY 4, 1776, America declared its independence from the British Crown. Of all events affecting our Nation, this is the greatest.
THE CENTRAL EASTERN SEABOARD OF OUR COUNTRY, of which Washington is the center, is full of history and historical reminders.
FROM THE CREST OF THE BLUE RIDGE MOUNTAINS to Gettysburg, to Philadelphia, to the Capitol in Washington, Virginia and Chesapeake Bay, is history itself — Jamestown, Williamsburg in Virginia, and Fort McHenry at Baltimore.
ON THE NIGHT OF SEPTEMBER 13, 1814, Francis Scott Key, whose home stands on the District of Columbia side of the Potomac River bridge named after him, wrote the "Star Spangled Banner." Our Flag and the song it inspired are inseparably woven into the American fiber. It was the Garrison Flag of Fort McHenry, still flying defiantly after 25 hours of bombardment of the Baltimore fortress by the British, which led Francis Scott Key to write the poem, since set to music, that is now our National Anthem.
AS A YOUNG WASHINGTON LAWYER, FRANCIS SCOTT KEY had sailed under a flag of truce to the British Fleet in the Chesapeake Bay. His mission was for the release of a friend, Dr. William Beanes, who had been captured by the British after burning the Capitol and the White House. Although Beanes was released, the truce team headed by Mr. Key was detained by the British during the attack on Fort McHenry in Baltimore.
IN HIS ANXIETY FOR THE OUTCOME OF THE BATTLE, Key remained on the ship's deck all night. When "by the dawn's early light" he saw the Flag waving, his pent up emotions gave way and he expressed himself in the immortal lines.

4-H's Enjoy County Camp At Lake Cisco

"A Great Success" was the opinion of all the boys from Eastland, Callahan and Shackelford Counties attending the annual 3-county Camp held in Cisco Park on June 28 and 29th. Bobby Williams of the Gorman 4-H Club, proclaimed that fact very loudly with his 3 blue ribbons and one red one he won in events held during the two days. 60 boys competed for ribbons in track and swimming events, horse shoe pitching, and baseball. Bobby said he would have won another ribbon in horse shoe pitching, but his partner, Reggie Underwood, hadn't eaten enough Wheaties.
The camp was well supervised and moved steadily from one event to another until all boys retired to their cots about 11 p. m. That is everyone thought they were all in bed until a lawn sprinkler came on that happened to be in the middle of some cots. The offended boys gave chase

THE REPORT GOES THAT HE WAS UNABLE to put all his thoughts on paper during those turbulent moments, but finished that night when he had safely returned to Baltimore.

A FEW DAYS LATER, WITHOUT TITLE OR THE AUTHOR'S name, it was printed in handbill form and distributed on the streets, in the shops and hotel lobbies.

SOON THE LINES WERE BEING SUNG TO THE tune of an English ballad popular at the time. Its name, "To Anacron in Heaven." Slowly the song grew in popular affection, and in 1931, President Hoover signed the bill making it our official National Anthem.

THE ORIGINAL MANUSCRIPT OF "The Star Spangled Banner" is enshrined in the Maryland Historical Society in Baltimore, which paid \$26,400 for it. It was purchased from the Estate of a Henry Walters, a citizen of Baltimore. The huge original Fort McHenry Flag, which measures 42 by 30 feet, is displayed in the new Museum of History and Technology in Washington, D. C., and Fort McHenry is a National Shrine.

TO REMEMBER AND APPRECIATE THESE INCIDENTS of our heritage is to exercise our patriotism.

ON THIS FOURTH OF JULY WE MIGHT REMEMBER, TOO how Daniel Webster described our Constitutional Government, "A more glorious edifice than Greece or Rome ever knew."

BURLESON REUNION HELD MONDAY AT DE LEON

Lowery and family, of De Leon, Mr. and Mrs. Dee Burleson, Austin;
Mr. and Mrs. Charles Crosswhite and family, Portland, Texas, Mr. and Mrs. Howard Iley and family, Mr. and Mrs. Jimmy Burleson and family and Mr. Harold Burleson, Fort Worth, Mr. and Mrs. Roy Jack Burleson and family of Athens, Mr. and Mrs. Johnny Edwin Burleson and family of Stephenville, Mr. and Mrs. Paul Norris and family, Carbon, Mrs. Alvena Reynolds, Pat and Mike, Mr. and Mrs. W. B. Moore and family, Jesse Moore, and Frankie Jo Harper, Gorman, Mr. and Mrs. Doyle Burleson of San Angelo, and Lisa and Kim Miers, De Leon.

with wet beach towels in hand and Shackelford County boys decided it was bed time, too.

Each year 4-H boys from 9 to 21 are offered this 2-day vacation for a nominal fee of usually less than \$2.00 (and a few groceries which they carry) which would cost much more if they actually paid for what they receive. All who attend want to go back, and if you don't think so ask Gabe Wright. He and Randy attended last year and it was undecided who had the most fun.

This is a time of complete recreation which the boys take away from their regular 4-H projects and at the end of the 2 days each boy goes home, tired, but happy, and maybe with a new pair of blue jeans, less one knee which didn't quite take all the blow, it also took the hide as he slid into base, but they will all agree, "IT WAS WORTH IT," and I'll see you next year.
