

FORT BLAIR CONFEDERATE MEMORIAL TO BE DEDICATED IN DESDEMONA AUGUST 14

The Confederate Memorial Marker for Old Fort Blair, near Desdemona, will be dedicated during Homecoming at Desdemona Saturday, August 14.

The marker is located on Highway 16 south of the city limits on the Desdemona-De Leon Highway, near the home of Mrs. Doy Williams.

Fort Blair, the largest far western "family fort", was used throughout the Civil War. It was during the years 1857-1862 when the Indians, especially the Comanches, were active along the frontier that Charles Culpepper Blair, an early Eastland County settler, established the fort, which bears his name.

Other families who lived in Fort Blair were the Ellisons, Kuykendalls, Gilberts, Manskers, the Blairs, Jaspers, and McGoughs.

The fort had twelve log cabins, fourteen square feet, and fourteen feet apart in two parallel rows. The space between the cabins were walled up by pickets. Ammunition and supplies could be brought only by making long, dangerous trips to the Brazos settlements to the south. It was difficult to spare men from the fort for the trips, because they, of course, also served as the fort's defenders against Indians.

C. C. Blair, founder of Fort Blair, was born in Ireland and came to the U. S. when he was 20 years old and settled in Georgia. He later moved to Tennessee, and then to Eastland County in 1855. He married the former Mickey Reeves, and they had nine children. The three sons were Mark, Owen and Loyd, and the six girls were Sarah Jane, Charlsie, Melzora, Delphia, Adaline and Nancy.

Sarah Jane was married to Berry Moore Keith, son of Gabriel and Jane Keith. They were the first couple to be married in Eastland County. The wedding took place at four o'clock on a July afternoon in 1883 in the yard at Fort Blair. Performing the ceremony was Rev. Coker of Comanche. The marriage license was purchased in Comanche as the courthouse in Eastland County had not been built.

B. M. Keith took his bride to the wilderness, near what is now Desdemona, and pre-empted 160 acres of land and built a log cabin. Here he lived the rest of his life as he increased his original land holdings. He was a charter member of the Texas Rangers and the Texas Cattleman's Association. Keith also served in the Confederate Army.

He and his wife had 16 children, including two sets of twin boys. Two of the children survive, Mrs. Middie Eoff of Abilene and Alf Keith of Norman, Oklahoma.

A great-granddaughter, Mrs. Pug Guthery (nee Vonnie Rue Keith) lives in Desdemona, and two grandsons are Mack Keith of Monahans and Bernard Keith of Odessa.

Other Eastland County residents and direct descendants of the late C. C. Blairs are Mary Cheney, Moody Carr, Frona Ames, Ranger,

and Cecil Carr, Desdemona. In charge of the Fort Blair Memorial service will be Mike Collins of Eastland, chairman of the Eastland County Historical Survey Committee.

The Memorial Marker was set July 14 by the highway engineers.

The erection of Confederate Memorial Information Markers is part of the Civil War Centennial Commemoration in Texas. The markers are designed to interpret and commemorate the role of prominent Texas Confederates, battles, frontier outposts, coastal fortifications, manufacturing plants, and military supply centers.

New Hope Baptist Church Sets Revival Services August 13-22

Rev. J. A. Clement has announced that revival services at the New Hope Baptist Church No. 2 will begin Friday, August 13 and continue through Sunday, August 22nd.

The Rev. Moody Smith, pastor of the First Baptist Church of Carbon, will be the evangelist.

Mr. Don Nichols of Carbon will be in charge of music.

Services will be held twice daily at 10 a. m. and 7:30 p. m.

Rev. Clements extends a cordial invitation to everyone to attend the services.

PEANUT GROWERS TO MEET AUGUST 18 - STEPHNEVILLE

Ross Wilson, Manager, Southwestern Peanut Growers' Association, has announced that the Association's Annual Meeting will be held at Stephenville on Wednesday August 18. A large number of growers and others interested in the peanut industry are expected to assemble at 9 a. m. in the Student Center on the campus of Tarleton State College for this meeting.

The Association, whose membership exceeds 10,000 growers, completed its 28th. year of operation on June 30, 1965. The Association's activities are administered by a board of 7 directors, 4 in Texas and 3 in Oklahoma. The scope of operation also includes the peanut production areas of New Mexico, Arizona and California. The principal function of the organization is carrying out the peanut price support program in the Southwest for the U. S. Department of Agriculture. Wilson points out that in addition to this function, the Association has been given other responsibilities in recent years. These include the handling of government owned shelled stocks in cold storage, supervision and record keeping relative to the diversion of surplus stocks and functions related to the peanut quality control program under the recently established Peanut Marketing Agreement. The Association has also been active through the years in research and promotional activities on a state and regional basis. A complete report will be given at the Stephenville meeting on all phases of the 1964-65 operation.

Another highlight of this year's meeting will be a report by Dr. George P. Donaldson, Executive Secretary of the Georgia Agricultural Commodity Commission for Peanuts. Extensive promotional activities are being conducted and financed by peanut growers in Georgia and Alabama, and these will be described by Donaldson. Also, the growers will hear reports on the latest research findings on soil fertility, weed control, leaf spot, nematode control and harvesting and curing practices. These subjects will be discussed by staff members of Texas A&M University and Oklahoma State University.

Other activities on the agenda include the awarding of certificates for outstanding production accomplishments, the awarding of door prizes and lunch, compliments of the Association.

FINAL RITES FOR O. C. POWERS HELD AT DESDEMONA

Funeral services for Otha Clyde Powers of Sacramento, California, were held Monday, August 9 at 4:30 p. m. in the First Baptist Church in Desdemona with the pastor, Rev. Darrell Dossey, officiating. Burial was in Howard Cemetery.

Mr. Powers died Wednesday, August 4, 1965 in Sacramento, California.

He was born March 15, 1903 in Desdemona and was the son of the late Mr. and Mrs. Payton Powers. His wife, Olive, preceded him in death in 1955.

He is survived by two brothers, Sam Powers of Desdemona and Payton Powers of Lockney; four sisters, Pearl Duncan of De Leon, Jane Terry of Dallas, Zenna Watson of Fort Worth, and Ethel Quinn of Amarillo.

Pallbearers were Frank Fonville, James Ryon, Felix Sparks, Moody B. Koonce and Pug Guthery, all of Desdemona, and Cecil Goff of Albany.

Revival Meeting At Oliver Springs Church Set For August 15-22

The revival meeting at Oliver Springs will begin on Sunday, August 15th, and continue through the 22nd.

Bro. Charles Fox is the pastor, and he will bring the speaker with him from Fort Worth.

The public is invited to come and bring someone with you and enjoy these inspirational messages.

Gorman Panthers To Begin Workout Sessions Monday

Coaches Dave Smith and Joe Ellis will begin the fall two-a-day football workouts on Monday, August 16th. Under new regulations the Panthers will work out for two weeks in shorts prior to putting on full uniforms. This new practice is believed to cut down on injuries.

Returning lettermen are ends: Tommy Kirk, Robert Reeves and Tommy Clark; center Robert Whitt; linemen: Buddy Eaves, Dwayne

Snider, Bobby Underwood, John Shell, Robert Redman, Jerry Wallace, Ed Sutton, three year letterman Mack Sutton, Jimmy Warren, Bobby Williams, Neil Clement and backs: Daryl Hirst, James Jay, Jackie Harrison and Bobby Ward.

The Panthers will be very inexperienced in the backfield and some of the boys that have played on the line, in all probability, will be moved to the backfield.

The 1965 "Big Red" may be short on experience but Coach Smith says that he believes that this group will make up for that with "desire".

The Coaches have planned a stronger grade school program and are hoping to get into the district that the high school participates in order to build up the entire athletic program. The coaches have invited all who wish to watch the Panthers work out at any time the opportunity presents itself.

All boys interested in playing football are asked to meet at the school on Thursday, August 12, tonight, at 6:30 p. m.

Not too much is known at this time as to who will be the favorite District Champion. Gorman and Rising Star are the defending champs and with Bangs having practically an all Sophomore team last year, will probably get the nod for the favorite to win the District.

The "Big Red" will open the season this year with the Graham Steers "B" team on Friday night, September 9th. at Brogdon Field.

\$7700 LOCAL SEWAGE SYSTEM PROJECT IS COMPLETED AND NOW IN OPERATION

A major city sewage system modification project was completed and put into operation last week. Total cost of the project was approximately \$7700 which is very close to the amount originally estimated. The improvements include the construction of 2 large earthen lagoons into which sewage initially treated in the city Imhoff Plant is piped. Approximately 9,700 cubic yards of earth were excavated for the lagoons. The lagoons will serve as purification ponds and will eliminate the pollution of streams and rivers in the area. It was necessary to contract about one-fourth mile of pipeline (8 inch clay line) which was laid underground to carry the waste

from the treating plant to the purification ponds. Easements were obtained by the City from property owners where the pipeline is located. The line extends from the main sewage treating plant to the new purification ponds located in the northwest corner of a farm owned by Melvin and Wilbur Shell. The ponds and the dikes which surround them cover some 4 to 5 acres of ground. The 2 lagoons will be connected to each other by a 12-inch pipeline since both will eventually be in operation in the purifying process.

Bids were let by the City for the excavation work on June 28 and the low bidder was Adrian Bryant of Gorman. City employees under the supervision of Mr. Rupert Buntin laid the pipeline and performed most of the other tasks involving manual labor. Other temporary help was also used as needed. City officials are generous in their praise of the work of Buntin and other city employees on the job.

This project was made mandatory by the State Health Department to prevent pollution of streams in the area and particularly those having outlets in the Proctor Reservoir. However, this does not minimize the importance of this project to the City of Gorman.

Boren Engineering Company of Abilene handled the engineering duties, surveys, blueprints, etc. in connection with the work.

J. L. Hamilton has returned from Austin and a training period with the Wear-Ever Company with whom he is employed. He will be working part time in the Gorman area.

James Reed, who is a music major in Hardin-Simmons University, will direct the music.

A feature of the morning services will be missionary experiences by Dr. Stover. Testimonials will be given during the week by various individual members of the congregation. Plans are being made to make these services inspirational as well as informative.

Huron A. Polnac, pastor, and members of the congregation extend an invitation to everyone to attend the revival services.

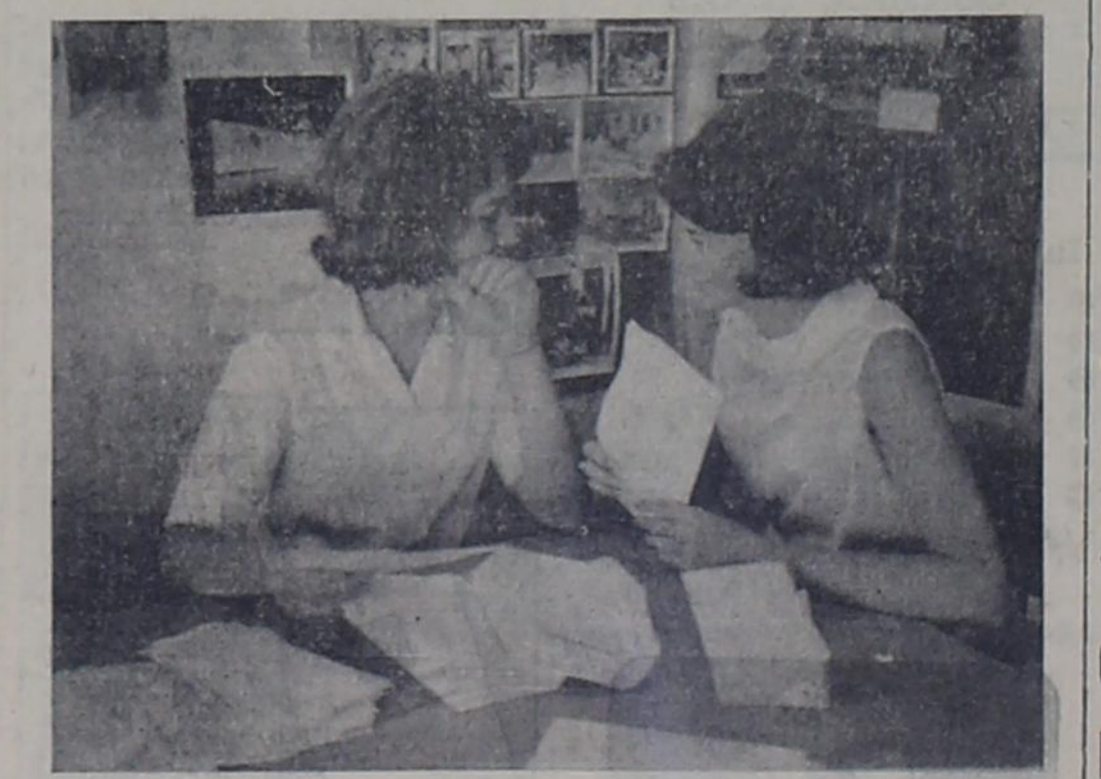

Dr. S. S. Stover to Hold First Baptist Revival Here August 15-22

The Revival at the First Baptist Church opens next Sunday August 15th, and continues through Sunday, August 22. Dr. S. S. Stover, a Missionary to Brazil will be the evangelist.

Dr. Stover attended Tarleton State College and received his B. A. degree from Texas Tech. He received the Master of Theology, Master of Religious Education and Doctor of Religious Education degrees from Southwestern Baptist Seminary in Fort Worth.

He has served as Missionary in Brazil since 1940. He has held many prominent positions, among these Executive Secretary of the Brazilian State Convention for many years.

BUSY "C's" — Miss Carolyn Clark and Miss Carole Rankin are two young ladies, juniors in high school, who are helping out on the Eastland County Employment Survey by inserting letters and forms in envelopes to persons who may be interested in future employment. A self addressed envelope is enclosed.

One of the first questions asked by people seeking industrial locations is "what is your employment potential?" Accurate filling out of the form will enable the committee to give an accurate account of the potential of employees in Eastland County.

This committee is composed of men from all towns in the county who are working together in an effort to bring industry to the county.

If you have not received a form through the mail, you may secure one at the Gorman Progress office.

She has six children, nine grand children and 12 great-grandchildren.

Those home for the day to help her celebrate were Mr. and Mrs. Ira Ford of Lamesa, Mrs. Gladys Stark of El Paso, Mr. and Mrs. Harold Stephens of Odessa, Mr. and Mrs. Glen Ford and Jim of Fort Worth, Mr. and Mrs. D. L. Clark, Ricky and Cathy and Mr. and Mrs. Terry Clark of Grand Prairie, Mr. and Mrs. D. R. Clark and Tommy, and Mr. Tracy Harwell of Gorman.

City Commission Meet Held On August 5th.

The Gorman City Commission met in regular session on Thursday, August 5. Mr. D. L. Boren, Engineer in charge of the recently completed sewage system construction project, reported that the system was given a final check and was operating satisfactorily. A description of the project is given elsewhere in this issue.

The Commission finalized plans to do some street paving work beginning immediately. This work has been delayed since the sewage system project has required almost full time of the city field force. City employees have been working on this project for about 6 weeks.

Ross Wilson reported to the Commission on his findings relative to expanding local recreational facilities. A discussion had been held on this matter with officials of the Farmers Home Administration, an agency which assists rural areas in various projects. Specific plans in this regard have not been finalized since present findings are incomplete.

Other action of the Commission included an agreement to move toward the establishment of city ordinances banning the discharge of air-rifles and other firearms in the city limits and the banning of bicycle riding on downtown sidewalks. Numerous complaints have been heard by Commissioners on both matters and both are considered extremely dangerous to persons and property in the city.

Marilyn Shell Is Guest Speaker For Friendly Ladies Coffee Tuesday

For just a little while on Tuesday morning, the Friendly Ladies group was verbally transported on a most exciting tour, a complete escape from the usual routine of dishes and cooking. It was a regular coffee meeting for the group, but this coffee had an unusual program.

Mrs. M. H. Fairbetter was the hostess at her home and opened the meeting with the devotional. Based on the scripture, "In as much as ye have done it unto the least of these," Mrs. Fairbetter brought to the group a story of work being done to aid the needy, and the hungry of the world.

Mrs. G. C. Acrea presided during the brief business session. Minutes of previous business were read by Mrs. W. O. Parr, and Mrs. Charles Day gave the treasurer's report.

Mrs. Acrea then introduced the program - Miss Marilyn Shell presenting her view of Europe as experienced on the recent trip she made in company with some one hundred other Methodist young people and sponsors. Having read and studied in school for years about other countries, Marilyn said that arriving in Paris, France that early morning was like walking into a book. Suddenly it was there and real and almost unbelievable, and it was very different indeed from Gorman, Texas. They saw most of the famous things people are supposed to see in all the countries visited - France, England, Switzerland, Holland, Germany, Italy - and, like any good group of Methodists, they visited and attended church in many big and famous and different churches and cathedrals, and they had time to shop and walk and see the people, their shops, their customs, and their money. Money and language seemed to create most difficulties. It all must have been most exciting - in presenting it, Marilyn had the ladies mentally planning what to pack before reality asserted itself and thoughts of lunch began to seep into mind.

Coffee time brought forth many questions. As Mrs. Fairbetter served orange juice, coffee, cold drinks and assorted dip and cookies, Marilyn talked about the foods they were served in the various countries and displayed foreign money and pamphlets. Everyone thoroughly enjoyed the escape, and no doubt, all the ladies plan to go - just as soon as the washing and ironing are done.

DESDEMONA NEWS

By MRS. ETHEL KEITH

A few miles north of Desdemona on Highway 16 was the scene of a car wreck Sunday at mid-afternoon when a car driven by a man named Dollberry of Gorman plowed into the rear of a pickup driven by Maborn Wilcoxson. The impact sent Wilcoxson to the hospital at Eastland. Art Shoemaker had first aid and was released. A woman in the Dollberry car was considered most seriously injured. Gary Wayne, son of Rev. and Mrs. Darrell Dossey, only had a knot raised on his head above the left eye.

Mr. O. C. Powers of Sacramento, Calif. died last Wednesday and was buried at Howard Cemetery on Monday. The many friends of the Powers families extend their sincere sympathy.

Little Deborah Dianne, daughter of Mr. and Mrs. Bucy Guthery, who fell from the pickup in which she was riding, remains in the hospital at Gorman.

Mrs. R. P. Lewis remains a patient in the Gorman hospital following a fall at her home three or four weeks ago. Mrs. Lewis expects to be sent to Abilene for further treatment sometime this week.

Mr. and Mrs. L. Z. Tate and Mr. and Mrs. Rodney South and baby daughter, all of Hobbs, N. M., visited Sunday afternoon with his parents, Mr. and Mrs. Gordon Tate.

Mrs. Morgan is a patient in the De Leon Hospital.

Little Miss Pamela Williams, daughter of Mr. and Mrs. Less Williams of Corpus Christi, is here visiting her grandmother, Mrs. Docy Williams, and Ulenda Roberts.

Mrs. Brown visited Mr. and Mrs. Bob Koonce on the past weekend and attended services at the First Baptist Church.

Also Mr. and Mrs. Payton Powers of Lockney spent the weekend here with a brother, Mr. and Mrs. Sam Powers, and attended services at the First Baptist Church Sunday morning.

The Annual Homecoming will be held here Saturday, August 14. Come and meet your friends. There will be catering service at the noon hour by Eubanks, Cisco.

Sweaters are important parts of fall and winter wardrobes. They can be high fashion items as well as practical.

Selection of a sweater usually depends on several considerations: Individual preference, activity of the person, clothing budget, and the method of care the garment will require.

Sweaters are cut and sewn as in regular fabrics, or are shaped by full fashioning where the designs are knitted to a particular shape. The full fashion sweaters are more expensive.

Many of today's sweaters have decorative trim. Take time to evaluate the extra cost of decorative trim in relation to the service the sweater will get and the maintenance cost. The trim should require the same care as the rest of the sweater.

The finish around the sweater neck is important. Necks can be finished by single or double thickness of ribbing. For soft yarns, as cashmere or nylon, a double thickness keeps the shape more adequately.

Buttonholes should be of fine stitches with well-tacked ends. Always read labels carefully for care instructions. Jot down a description of the sweater on the label and file it for future reference. If sweaters are inadequately labeled, do not purchase.

Careful laundering of sweaters is essential. Wool sweaters should be washed in cool water with a mild, neutral soap, then blotted and dried flat. Some of the wool fibers are treated chemically for stability and are machine washable. Many of the synthetics may be machine washed and dried at low temperatures.

Mr. and Mrs. L. F. Mears, Jr. and Joyce of Austin, spent the weekend with his parents, Mr. and Mrs. L. F. Mears. Joyce remained for a weeks visit.

Mrs. Rosa Boucher has returned from a ten day visit with relatives in Waco, San Antonio, Houston, Winnsboro, Bells, Bonham and Brookstone. Visiting in Mrs. Boucher's home on Saturday were Mr. and Mrs. J. C. Hansard of Portales, N. M. and Mr. Nolan Cleary of Post.

Mrs. W. H. Davis and Mr. and Mrs. Aaron Henslee were in Tulsa, Oklahoma recently where they attended the funeral services for Mr. W. L. Cotton, a brother of Mrs. Davis. This community extends their heartfelt sympathy to this family.

Mr. and Mrs. David Lewis and Mr. and Mrs. Joe Stewart spent the past weekend here with their mother, Mrs. Omata Lewis.

Kathy Grisham of Abilene returned home Friday from a two weeks visit with her grandparents, Mr. and Mrs. B. E. Belyeu.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

It is not beyond the realm of possibility that there will be one of these days an avowed card carrying communist as United States president.

This can come about, because the United States Supreme Court has been doing the best it can to make communists respectable members of the American society.

In another recent 5-4 decision, C. W. Harder ruled the high court overruled the law passed by the Congress prohibiting known communists from holding office, in labor unions.

Prior to this time it ruled that Congress had no right to impede the delivery free through United States mails communist propaganda from abroad. It also ruled State Department has no right to refuse passports to communists.

In other words, the sum total of these most peculiar decisions is to the effect that communists have the full rights and privileges of any citizen.

This is somewhat tantamount to a situation that would result if local Humane Society, or SPCA was able to enforce a rule that you could no way interfere with any rattlesnake you may find slithering around your home.

What makes this court position even queerer, if anything can, is at the same time Americans are killed in Santo Domingo, in Vietnam, seeking to

stop communist conspiracy. If it be true that no one can serve both God and Mammon, how can anyone equally serve the American flag and the communist manifesto.

If it also be true that the billions spent in foreign give aways, and in foreign information services, and in the Peace Corps are for the purpose of selling the world on the evils of communism, what do decisions like this do to the achievement of this noble purpose? How can the Congolese, the Vietnamese, or even the man in Bologna, Paris, or Vienna be impressed with the dangers of communism when U.S. highest court says that communists should be treated with full privileges of a loyal American citizen.

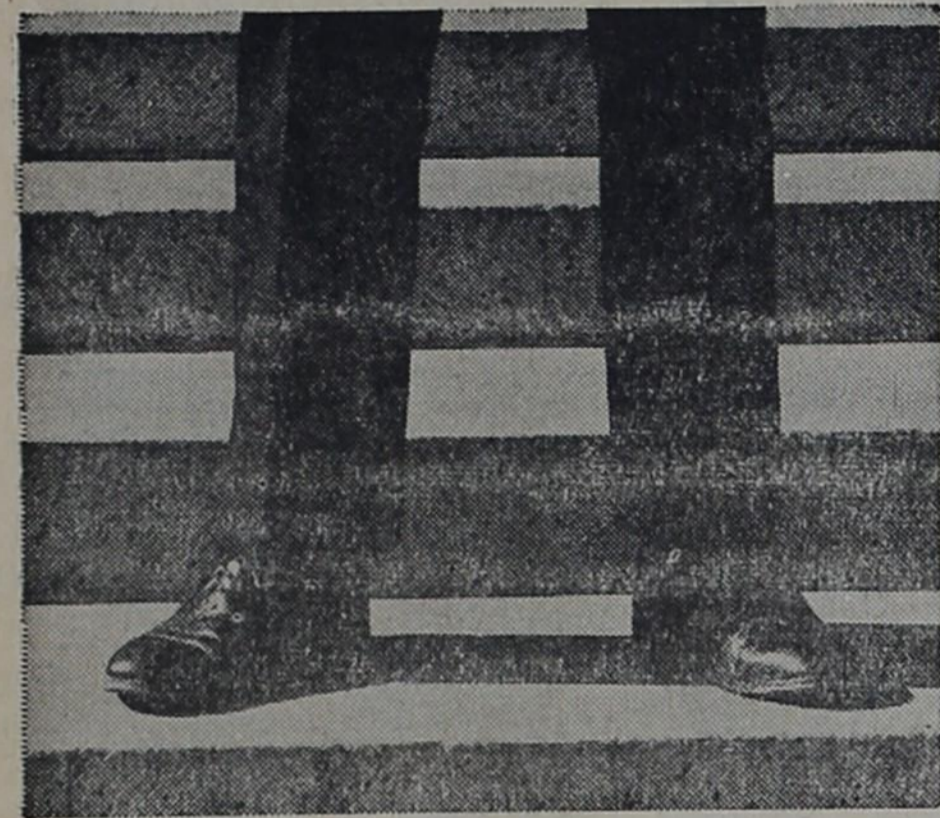

It is also interesting that this decision comes at a time a drive is on in Congress to repeal that section of Taft-Hartley labor law which permits states to have laws that allow people to work without paying tribute to a union.

By huge majorities the nation's independent business proprietors, voting through the National Federation of Independent Business, have opposed any such repeal. Now, all should be opposed.

Because if unions can force everyone to pay tribute to them, and if they can be headed by avowed, known communists, the Kremlin has won the cold war. There is often a difference between technical legality and common sense. It should never be forgotten that Adolf Hitler seized Germany without committing illegality against the constitution of the Weimer Republic.

Can private enterprise...

stand on its own two feet?

Here are two good reasons for saying Yes.

One: a great many individual companies and local communities already are solving employment problems—without leaning on the federal government or draining tax-payer dollars from the U.S. Treasury.

Two: now American enterprise, through the National Association of Manufacturers, has launched a major, nation-wide program called STEP (Solutions To Employment Problems). STEP is searching America to find proven solutions to employment problems. Reported solutions are carefully verified, written up in case study form, and made available without charge. For more information, write to STEP, National Association of Manufacturers, 277 Park Avenue,

Owners who have to make Peanut Combines Pay... know they can depend on

LONG

Read what Mr. Howard M. Ange, farmer and custom operator has to say about Long peanut combines and drying equipment—

"I had one Long and one competitive make peanut combine. Traded the competitive machine back for another Long after the first season. I like the Long since it has the lowest maintenance. I am not bothered by breakdowns and can get in more harvesting time. Especially like the way it picks peanuts up off the ground—like a baby in a cradle. It picks under any conditions, wet or dry. I picked this year in the field with other machines that had to stop because of wet weather. I get good service and have never been to my dealer that he didn't get help. Long fans, heaters and drying wagons work just fine."

Mr. Ange has two Long peanut combines and 17 Long drying wagons. He grows 80 acres of peanuts and harvests approximately 600 acres for others on a custom basis.

LONG PEANUT COMBINES Can Be More Profitable For You, Too!

Whether you are a custom operator or a grower you will find that Long peanut combines will pay off with extra money and peanuts. Long's proved record of lower upkeep means less down time and more harvesting time. Sometimes this can be the difference between profit and loss when you have to harvest in a hurry due to

weather. Every hour counts then. You will find that LONG does a good clean job and will help you get more peanuts, too.

See the LONG combines at your dealer now. Let him show you why so many growers and custom operators have found the Long to be the best combine they can buy.

STRANGELY ENOUGH, IT SEEMED THESE MARRIAGES usually worked out. Probably it was because there was no other choice for the bride and groom. NOW IT IS REPORTED THAT THERE IS A COMPUTER to determine and advise on marriage.

QUALITIES — taste, interest and other personal characteristics and catalog them against an equal set of characteristics in the opposite sex. When these two match for the best compatibility, something goes 'bong' and out comes the perfect match.

AT LEAST WE ALL KNOW OF MANY PRE-COMPUTER NUPTIALS which have lasted for a lifetime. No punch-card wedding can yet make this claim.

IT SEEMS IT IS ABLE TO SORT OUT GOOD AND BAD IRRELEVANT INFORMATION — FISH COME IN "SCHOOLS." Buffalo come in "Herds," but without a little research, we did not know Foxes came in "Skulks" and a load of toads is called a "Knot." It is doubted this sort of information will sell, but it might be more interesting than summer T. V. repeats.

AUTOMOBILE MANUFACTURERS ARE DILIGENTLY working on safety features for new model cars. Collapsible steering wheels, improved seatbelts, better brakes and lighting — all this but nothing yet which controls the driver.

AMERICA IS SUPPOSED TO BE THE MELTING POT of the world. We can all agree it is

the pot, but how much it has melted to assimilate ethnic groups is subject to question. In the cities are the ghettos of the various races of the world. In politics it seems necessary to divide power among the races and religions in order to make a strong ticket. As an example, in some States one Senator must be of a different nationality than the other. It is sort of the unwritten law. In certain appointments it seems emphasis is placed on these factors as a prime qualification. We talk of ignoring race, creed and color for all purposes in our National life, yet this is where the political emphasis is being placed.

THE NAVAJO INDIANS ARE INSISTING THAT THE Internal Revenue Service allow deductions for professional visits to the Medicine Man. It is reasoned that medical expenses are medical expenses and medicine men are medicine men, whether they wear stethoscopes around their necks or feathers.

IN CASE WE EVER WONDER WHY JAPAN is able to undersell us in the market place, maybe a fringe benefit will give a clue. Instead of the conventional coffee break which takes up time, the Japanese manufacturers are going in for the "Yawnbreak." Every half hour the worker gets 90 seconds in which to yawn. The report is that they even have a loud-speaker which gives yawning instructions.

THERE IS ALWAYS AN INNOVATION to old products as well as the creation of new. An advertisement recently gave the benefits of square poker chips instead of round. Statistics are offered to show that the round chips roll off the table an average of six times during any game. Square ones do not. This is one instance when the "square" is best.

DEMOCRAT-LABOR LIBERAL CONGRESSMAN William F. Ryan of New York startled a Committee of Senators the other morning by saying, "A Federal Judge should not just accept the law, he should mold it, develop it, create it."

"Did I hear you say create the law," said Senator Sam J. Ervin of North Carolina.

"Yes sir, I said create it," said Ryan positively. "The Judge's philosophy is terribly important."

"Why not abolish the Congress," Ervin commented. "If Judges should take such an attitude it would mark the end of the reign of law in this Country."

Magna Carta Hall is one of several halls at the Douglas MacArthur Academy of Freedom depicting the history of freedom from 4,000 B.C. to the present time. It was designed specifically to establish the Northern European and English tradition in the development of America. Osborne Robinson, one of England's outstanding designers and authorities on historical fashion has been commissioned by the Academy to paint a mural in the hall. Robinson began the work in early July after completing some eight months of research on the project. The Academy of Freedom is an honors program operating under the Department of Social Sciences at Howard Payne College in Brownwood, Texas. Non-political and non-sectarian, its basic philosophy is to make freedom meaningful and real to those who follow its course of study.

Proposed CONSTITUTIONAL AMENDMENT NUMBER FOUR ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 14 proposing Amendments to Section 4, 22 and 23 of Article IV of the Constitution of the State of Texas, so as to provide a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office and Secretary of State; and certain statutory state officers; providing for the necessary election and the form of the ballot; and providing for the necessary proclamation and publication.

RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 4, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 4. The Governor shall be installed on the first Tuesday after the organization of the Legislature, or as soon thereafter as practicable, and shall hold his office for the term of four years, or until his successor shall be duly installed. He shall be at least thirty years of age, a citizen of the United States, and shall have resided in this state at least five years immediately preceding his election."

Sec. 2. That Section 22, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 22. The Attorney General shall hold office for four years and until his successor is duly qualified. He shall represent the state in all

suits and pleas in the Supreme Court of the state in which the state may be a party, and shall especially inquire into the charter rights of all private corporations, and from time to time, in the name of the state, take such action in the courts as may be proper and necessary to prevent any private corporation from exercising any power or demanding or collecting any species of taxes, tolls, freight or wharfage not authorized by law. He shall, whenever sufficient cause exists, seek a judicial forfeiture of such charters, unless otherwise expressly directed by law, and give legal advice in writing to the Governor and other executive officers, when requested by them, and perform such other duties as may be required by law. He shall reside at the seat of government during his continuance in office. He shall receive for his services an annual salary in an amount to be fixed by the Legislature."

Sec. 3. That Section 23, Article IV of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 23. The Comptroller of Public Accounts, the Treasurer, the Commissioner of the General Land Office, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution, shall each hold office for the term of four years and until his successor is qualified; receive an annual salary in an amount to be fixed by the Legislature; reside at the Capital of the state during his continuance in office, and perform such duties as are or may be required by law. They and the Secretary of State shall not

receive to their own use any fees, costs or perquisites of office. All fees that may be payable by law for any service performed by any officer specified in this Section or in his office, shall be paid, when received, into the State Treasury."

Sec. 4. The foregoing Constitutional Amendments shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1965, at which election all ballots shall have printed thereon the following:

"FOR the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

"AGAINST the Constitutional Amendments providing a four-year term of office for the Governor, Lieutenant Governor, Attorney General, Comptroller of Public Accounts, Treasurer, Commissioner of the General Land Office, Secretary of State, and any statutory state officer who is elected by the electorate of Texas at large, unless a term of office is otherwise specifically provided in this Constitution."

Sec. 5. Nothing contained in this Resolution shall be construed so as to extend the term of office of any officeholder previously elected to a two-year term.

Sec. 6. The Governor shall issue the necessary Proclamation for the said election and have the same published as required by the Constitution and laws of this state.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 24 proposing an Amendment to the Constitution of the State of Texas by amending Article VII, Section 17, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning; providing for allocation of funds therefor; authorizing the issuance of bonds or notes and the pledging of allotted funds for the payment of same; providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 17 of Article VII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 17. In lieu of the state ad valorem tax on property of Seven Cents (7¢) on the One Hundred Dollars (\$100.00) valuation heretofore permitted to be levied by Section 51 of Article III, as amended, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Two Cents (2¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the continuing payment of Confederate pensions as provided under Section 51, Article III, and for the establishment and continued maintenance of the State Building Fund as provided in Section 51b, Article III, of the Constitution."

"Also, there is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Ten Cents (10¢) on the One Hundred Dollars (\$100.00) valuation for the purpose of creating a special fund for the purpose of acquiring, constructing and initially equipping buildings or other permanent improvements at the designated institutions of higher learning provided that none of the proceeds of this tax shall be used for auxiliary enterprises; and the governing board of each such institution of higher learning is fully authorized to pledge all or any part of said funds allotted to such institution as

hereinafter provided, to secure bonds or notes issued for the purpose of acquiring, constructing and initially equipping such buildings or other permanent improvements at said respective institutions. Such bonds or notes shall be issued in such amounts as may be determined by the governing boards of said respective institutions, shall bear interest not to exceed four per cent (4%) per annum and shall mature serially or otherwise in not more than ten (10) years; provided further, that the state tax on property as heretofore permitted to be levied by Section 9 of Article VIII, as amended, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall never exceed Thirty Cents (30¢) on the One Hundred Dollars (\$100.00) valuation. All bonds shall be examined and approved by the Attorney General of the State of Texas, and when so approved shall be incontestable; and all approved bonds shall be registered in the office of the Comptroller of Public Accounts of the State of Texas. Said bonds shall be sold only through competitive bids and shall never be sold for less than their par value and accrued interest.

The following state institutions then in existence shall be eligible to receive funds raised from said Ten Cent (10¢) tax levy for the twelve-year period beginning January 1, 1966, and for the succeeding ten-year period:

- Arlington State College at Arlington
- Texas Technological College at Lubbock
- North Texas State University at Denton
- Lamar State College of Technology at Beaumont
- Texas College of Arts and Industries at Kingsville
- Texas Woman's University at Denton
- Texas Southern University at Houston
- Midwestern University at Wichita Falls
- University of Houston at Houston
- Pan American College at Edinburg
- East Texas State College at Commerce
- Sam Houston State Teachers College at Huntsville
- Southwest Texas State College at San Marcos
- West Texas State University at Canyon

Sul Ross State College at Alpine
Angelo State College at San Angelo

"Eighty-five per cent (85%) of such funds shall be allocated by the Comptroller of Public Accounts of the State of Texas on June 1, 1966, and fifteen per cent (15%) of such funds shall be allocated by said Comptroller on June 1, 1972, based on the following determinations:

"(1) Ninety per cent (90%) of the funds allocated on June 1, 1966, shall be allocated to state institutions based on projected enrollment increases published by the Coordinating Board, Texas College and University System for fall 1966 to fall 1975.

"(2) Ten per cent (10%) of the funds allocated on June 1, 1966 shall be allocated to certain of the eligible state institutions based on the number of additional square feet needed in educational and general facilities by such eligible state institution to meet the average square feet per full time equivalent student of all state senior institutions (currently numbering twenty-two).

"(3) All of the funds allocated on June 1, 1972, shall be allocated to certain of the eligible state institutions based on determinations used in the June 1, 1966, allocations except that the allocations of fifty per cent (50%) of the funds allocated on June 1, 1972, shall be based on projected enrollment increases for fall 1972 to fall 1978, and fifty per cent (50%) of such funds allocated on June 1, 1972, shall be based on the need for additional square feet of educational and general facilities.

"Not later than June first of the beginning year of each succeeding ten-year period the Comptroller of Public Accounts of the State of Texas shall reallocate eighty-five per cent (85%) of the funds to be derived from said Ten Cent (10¢) ad valorem tax for said ten-year period and not later than June first of the sixth year of each succeeding ten-year period said Comptroller shall reallocate fifteen per cent (15%) of such funds to the eligible state institutions then in existence based on determinations for the said ten-year period that are similar to the determinations used in allocating funds during the twelve-year period beginning January 1, 1966, except that enrollment projections for succeeding ten-year periods will be from the fall semester of the first year to the fall semester of the tenth year. All such designated institutions of higher learning shall not thereafter receive any general revenue funds for the acquiring or constructing of buildings or other permanent improvements for which said Ten Cent (10¢) ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any such institution, in which case an appropriation in an amount sufficient to replace the uninsured loss so incurred may be made by the Legislature out of any General Revenue Funds. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this Amendment, and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose. This Amendment shall be self-enacting. It shall become operative or effective upon its adoption so as to supersede and repeal the former provisions of this Section; provided further, that nothing herein shall be construed as impairing the operation incurred by any outstanding notes or bonds heretofore issued by any state institution of higher learning under this Section prior to the adoption of this Amendment but such notes or bonds shall be paid, both as to principal and interest, from the fund as allocated to any such institution.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at the General Election to be held on the first Tuesday after the first Monday in November, A.D. 1965, at which election all ballots shall have printed thereon:

"FOR the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning."

"AGAINST the Amendment to Article VII of the Constitution of the State of Texas by amending Section 17 thereof, providing a method of payment for the acquiring, constructing and equipping of buildings and other permanent improvements at certain state institutions of higher learning."

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this state.

County Farm Bureau Queen Contest And Barbecue Set Aug. 20

The Eastland County Farm Bureau Annual Barbecue and Queen Contest will be held the night of August 20th in the City Park in

Eastland, Texas. The Farm Bureau Board of Directors met August 3 at the office location and named Henry Fry, Rt. 4, Cisco, as Chairman of the barbecue. Tickets for the barbecue will be \$1.25 for adults and 60c for children. A planning meeting will be held August 17 at the City Park for the barbecue committee. This is the 15th year Eastland County Farm

Bureau has had a Barbecue and Queen Contest. Beryl June Blackwell, daughter of Mr. and Mrs. E. E. Blackwell, Rt. 1, Ranger, was the first Farm Bureau Queen.

To enter the Queen Contest a girl must be a daughter or sister of a Farm Bureau member who is actively engaged in agricultural production. She must be single and between the ages of 16 and 22 on September 1. Each contestant will be required to speak approximately one minute on "Why I Am Glad My Family Belongs to Farm Bureau." The purpose of the Queen contest is to give recognition to the Farm and Ranch girls. Girls will be judged on grace, poise, charm, vivaciousness, and all the other qualities that go to make up winsome Texas future homemakers. There are three main points on which they will be judged, namely: (1) appearance, (2) poise, (3) personality. The 1965 Queen will be crowned by the reigning Queen Miss Kathy Brown ing, daughter of Mr. and Mrs. Joe Bob Browning, Rt. 1, Gorman, and will represent Eastland County at the District Queen Contest that will be held in the Brownwood Coliseum in Brownwood August 31.

Mrs. Dora Schaefer, Rt. 2, Cisco, is Chairman of the contest and serving with Mrs. Schaefer are Mrs. Delma Cantwell, Rt. 3, Ranger and Mrs. Dortha Easter, Rt. 2, Cisco. You may contact these women or the Farm Bureau office in Eastland. Girls that have entered so far are: Sharon Harbin, daughter of Mr. and Mrs. L. A. Harbin, Rt. 1, Eastland; Kathy Rogers, daughter of Mr. and Mrs. Alton Rogers, Ranger; and Louise Woods, daughter of Mr. and Mrs. Gordon Woods, Cisco.

Employment Survey Now Being Taken In Eastland County

Your Eastland County Employment Survey questionnaire should arrive in the mail this week — and your careful filling out of the form and returning it as soon as possible could be your major contribution towards landing an industry for the county.

Questionnaires are being mailed to every known address in the county, and also will be available throughout the county in the hope that the work skills of the population can be accurately determined.

Jack Arrington, co-ordinator for the county-wide project, said that the forms are not to determine if a person is employed, nor are they job applications. What the survey is to determine is if a person is available for employment, and also what skills or training he or she might have had in the past, whether they are using that skill or training now or not.

All towns in the county are participating, and everyone over 16 years of age, except those retired persons are being urged to fill out the forms. Additional forms will be at the chamber of commerce offices in Eastland, Cisco, and Ranger, and at the newspaper offices in Rising Star and Gorman.

All personal information on the forms will be kept strictly confidential, with only the totals of the various skills being made available to industrial prospects. The information gained will be used by all industrial-seeking individuals and organizations throughout the county to provide labor market data to industrial prospects as the need arises.

It is hoped that those who receive forms and have no use for them, will pass them along to those who can use them, or who have been missed in the mailing. The questionnaire is for both men and women, Arrington emphasized.

Everyone is urged to complete the questionnaires as soon as possible and mail them back in the postage-free envelope as soon as possible so that the information on the local labor market, including the types of skills available in this county, can be tallied — and put to work as another tool in encouraging industry to come to the county.

VERNA MAE WEBB NAMED MOST COURTEOUS IN BORGER CONTEST

Verna Mae Hamrick Webb, who has been winning most popular and best all around girl and queen contests since her high school days in Gorman, is continuing to win contests with her pleasing personality.

Verna Mae, a retail clerk at Mull's Fashions in Borger, was recently named winner of the Friendliest and Most Courteous Employee contest.

She was presented with a framed certificate and a \$50 U. S. Savings Bond.

The Webbs have been in Borger since 1941, where Mr. Webb is an employee of Phillips Petroleum Company.

The Borger News Herald publication gave the following account of Verna Mae's activities. "An active participant in the First Baptist Church. She is also a member of the Phillips Garden Club and for the past seven years has been honorary sponsor of Phillips Semper Fidelis. She terms herself as a football fan, not having missed a game at Phillips in years. She comes from a family of football players, and is proud of the Bulldog and Blackhawk Stadiums."

Verna Mae was voted "Coming-Home" Queen of Gorman High by Exes last year, and was presented at the half-time activities of the Homecoming Game.

She is the daughter of Mrs. Marvin Roberts of Gorman.

County USDA Defense Board To Take Tour of Underground Facility

The Eastland County USDA Defense Board has completed arrangements for a visit to the nation's first protected underground facility, near Denton, on Sept. 8, according to J. G. Merdith, local ASCS Office Manager and chairman of the group.

Permission has been secured and plans have been completed with officials of the underground defense center for the visit, he said.

Besides Merdith, others of the Department of Agriculture Defense Board include E. E. McAlister, SCS, Homer Cole, FHA Supervisor and County Agent J. M. Cooper, all of Eastland.

The chairman said that the county judge, county civic defense authorities, school personnel, and other key personnel over the county were also being invited to participate on the tour and observe the underground center.

The group will leave from in front of the Methodist Church in Eastland at 9 a. m. on the above date with arrival time at the center at 1:30 p. m. They will be briefed prior to the tour of the underground facilities. They will likely eat lunch in Denton.

Expected arrival time back in Eastland is 7 p. m. Those who go from Ranger may join the group at the Ratliff Feed Store on the highway there at 9:15 a. m.

The USDA Defense Board has certain duties and responsibilities relative to food supplies in a case of a national emergency.
