

Farmers Union Opposed To HB 6383 Allotment Transfer

This information is of vital interest to peanut farmers of this area, therefore, we are publishing this article in the Progress for their information.

Lyndell Coan and Joe Morgan gave their report to the Comanche County Farmers Union at their meeting held Friday night in the De Leon city hall. They had given testimony against House Bill Number 6383 which would apply to the 1968 and 1969 crop years. Seven people from Texas testified on HB 6383 and all were in opposition to the bill.

HULLS
By KERNEL GENE, aPe

"Press Time" comes around a lot faster than it did 20 years ago. Could be Father Time is slipping up on the Kernel. However, the Kernel has no complaints because his two papers are in good hands.

Joe Bennett, key man in the Gorman Progress, assisted by Estelle Craddock, Editor — and Herman Bennett, key man in De Leon — assisted by Nell Mohon, Jr., are doing an excellent job publishing the biggest paper in Eastland Comanche Counties — page size, that is — and from the remarks we receive, folks like 'em.

And sometimes we sort of take 'em for granted, but our correspondents are really the Key to our success. Without them our circulation would fall way below par. They spend many hours gathering news in their respective communities striving to let you and folks who are still interested in their former home place know what is going on.

If the pictures return in time you may find some photos in this edition of the singing at Kokomo. Returning from Lake Cisco Sunday morning, I stopped at Kokomo where they were having their all day singing.

Noting that most of the song leaders were adults someone asked why singing schools had been discontinued. Does anyone know why?

Thanks to Raymond Ragland for the fine tomato he brought

Congressman John R. Rarick of Louisiana at one time made a statement to the effect that "if this bill is passed, the only thing left in my state will be welfare, relief and social security." There were 18 men present at this meeting who have peanut allotments, ranging from 20 to 350 acres, all of whom said it would be a blow to the economy of De Leon, Comanche County, or a great part of this state.

If passed in its present wording, a farmer could sell his peanut allotment to someone in any area of the state. The buyer could then in turn transfer the allotment but could only transfer in accordance of the productivity of the land in his area. That is, if the land here produced 25 bushels per acre and 100 bushels where he transferred to, he could only use one fourth of the allotment from Comanche County and remainder would be turned back to the department of agriculture. The maximum total acres for peanuts in the U. S. today is 1, 610,000, so the possibility of loosing peanut allotment acres are great.

The "catch-all" to the bill was the last paragraph, which gave the Secretary of Agriculture the power, at his discretion, to do what he wished on peanut allotments.

Another problem this would create would be the inability of a tenant farmer to obtain a loan with which to produce his crop, after all, who could afford to loan money for a crop in a situation such as this.

Congressman W. R. "Bob" Poage of Waco is chairman of the Agriculture Committee in Washington, D. C. It seemed at the time he was pushing the bill as fast as possible from sub-committee.

CARD OF THANKS

I am deeply grateful to the many friends who have remembered me in so many wonderful ways during my past two years in the Blackwell Hospital, and Lawndale Home For Senior Citizens. A special thanks to the nurses and personnel at the hospital and Lawndale Home and to Mrs. J. Q. Eakin and Dr. Rodgers for making it possible for me to return to my home.

May God richly bless each of you.

50th Anniversary For S. E. Carters

Mr. and Mrs. S. E. Carter, Sr. of Desdemona will be honored on their Golden Wedding Anniversary, Sunday, July 16, 1967 with a reception from three to five o'clock in the afternoon, given by their children in the home of a daughter Mr. and Mrs. Doyle Johnson of Desdemona.

The Carters were married in Stephenville, Texas in 1917. They are retired farmers.

The couple's children are: Mrs. T. J. Rainey, Mrs. Lee

Jernigan, Mrs. Doyle Johnson, all of Desdemona; Mrs. M. E. Cannon of Houston; S. E. Carter, Jr. of Abilene; J. D. Carter of Fort Worth.

The Carters have twenty-two grandchildren and six great-grandchildren.

No invitations are being mailed but Mr. and Mrs. Carter is looking forward to seeing all of their friends and relatives, and hope they will be present.

tee to the full committee. Last Friday he had a meeting in Granbury with farmers from Hood, Parker and other counties in his district which lasted 3 to 4 hours. The farmers in his district expressed their feeling the same as the farmers at the Friday meeting in De Leon. The farmers, 18 of them, represented 3,364 allotted peanut acres in this area.

Speaker of the House Ben Barnes was present at the meeting and told those present he would help them Saturday morning, by telephone calls, to find out how other members of Congress from this area felt, at this time, on the bill. Congressman Omar Burleson of Anson, stated to Lyndell Coan and Joe Morgan, on their trip to Washington, D. C. that if there was anything he could do to help their situation to let him know.

Congressman Poage told Speaker Barnes he felt at the present time and in its present wording, the bill would not pass, but the bill could be amended at any time in any way. He stated that, perhaps to alleviate the problem in Georgia, Alabama and parts of South Carolina, a regional bill could be passed to help this region. These are the states, especially Georgia, who are pressing the bill. His thoughts were to limit allotment transfers to this region with a referendum vote of two-thirds of the county plus a restriction of not over twenty acres to be transferred, added to the bill.

Congressman Graham Purcell Chairman of the sub-committee, of Wichita Falls, stated to Speaker Barnes, he was of the same opinion.

The bill is to be presented to the full committee tomorrow, Thursday, July 13th., but no testimony is supposed to be heard except from certified mail or telegrams. The Farmers Union voted to send a telegram in opposition to House Bill 6383 and invited the Chamber of Commerce to do the same.

All farmers or anyone interested in the economy of this area, are asked to write their Congressmen in opposition to HB 6383 as it is now stated. Tell him in your own words in anyway you choose that you oppose this bill.

The following is a partial list and some of the most important people to send your vote of opposition to this bill:

Congressman Omar Burleson, House Office Bldg. Washington, D. C.

Congressman W. R. Poage, 2107 Rayburn.

Congressman Graham Purcell, 1210 Longworth.

Congressman Maston O'Neal, 453 Connor.

Congressman John L. McMillan, 2208 Rayburn.

4-H Booths To Be A Part Of The '67 P&M Festival

For several years the festival has staged a 4-H contest that involves Comanche, Erath and Eastland counties. There are three divisions in the contest: foods, clothing and crafts.

In the food department, one division is for cakes. Three classes may be entered: chocolate, white and German chocolate. In Division 2 for cookies, there are two classes: refrigerator cookies and drop cookies. In Division 3 for breads, there are three classes: yeast rolls, banana nut bread and quick breads. In Division 4 for candy, there are two classes: fudge and divinity.

In the clothing department under the Apparel Division, there are five classes of garments: tailored suit, dress, skirt, blouse and apron. There will be both a junior and senior division.

Under the Household Linens Division there are five classes: cup towel, pillow case, pot holder, luncheon cloth and sewing box.

In the craft department there are six classes: household article, jewelry, holiday article, leather or metal article, woodwork and miscellaneous items.

Ribbons are given for first, second and third places in each class of food, for each class in clothing, both junior and senior divisions; and first, second and third place ribbons are awarded in the six classes of the crafts department.

Peanut Growers Annual Meeting Set September 1st.

The 1967 Southwestern Peanut Growers' Association Annual Meeting will be held September 1 at the Tarleton College Student Center in Stephenville.

The program will begin at 9:30 a. m. and will be devoted to production research information of importance to the industry. Approximately 10 presentations will be made by members and staff of the experiment stations and extension services in Texas and Oklahoma. A complete report will be given on all of the past year's activities of the association.

Awards will be made to all peanut growers whose 1966 production will qualify them for membership in the Southwest Peacesters Club.

A complimentary lunch will be served at noon and door prizes will be given.

Prior to the meeting the SW-PGA Board of Directors will be meeting in the new office building in Gorman.

Herman D. Alsop Accepts Position At Tarleton College

Herman Alsop, Director of Gorman Bands for the past three years, has resigned the position. He has accepted a position as Student Center Director at Tarleton State College in Stephenville.

Alsop will also continue his studies at Tarleton to complete his music education degree.

The Gorman Schools now need three teachers to complete the faculty for the coming year: a coach, assistant coach and band director.

Delinquency Is Topic Of W.S.C.S.

The Woman's Society of Christian Service met Monday, July 10, 1967, in the home of Mrs. Barton Eppler for their regular business and yearbook meeting. There were thirteen members and three guests present.

Mrs. Barton Eppler, vice-president, presented the program on Juvenile Delinquency. Mrs. Dorothy Hatcher gave a paper of the School Dropout in relation to the Juvenile Delinquent. Mrs. Charles Duran gave the devotional.

Mrs. Melvin Shell, treasurer, announced that there had been three Honorary Baby Life Memberships given this month. They were Dana Lynn Fairbetter and Michael Anthony Perez, given by Mrs. Milton Fairbetter, and Kay Linda Acrea, given by Mrs. Gifford Acrea.

CARD OF THANKS

We want to thank each one of you for the words of sympathy, the food, the flowers and the many other kind things you did during our sorrow, at the passing of our loved one.

May God bless you.

H. M. GILBERTS TO RESIDE IN GORMAN

Mr. and Mrs. H. M. Gilbert of Carbon have purchased the lot on Roberts Street, next door to Mrs. Ava Mason, formerly owned by Bill Parr. They plan to move their farm home near Carbon to the lot around September 1st. The lot is now being levelled and preparations made for the foundation.

We are happy to have this fine family move to Gorman.

EASTLAND COUNTY SINGING CONVENTION COLLECTION AT KOKOMO NETS \$22.00

The offering made Sunday at the Eastland County Singing Convention was erroneously reported as \$10. On Sunday night a second offering plate was found containing \$11.47. This brought the final total up to something over \$22.00.

The money is used for the purchase of new song books for the Eastland County Singers Convention.

CORRECTION

Our apologies to the Timmons family for the error in the spelling of their name that appeared in the article of gifts to the Volunteer Fire Department, which appeared in last week's issue of the Progress. The article read the Timmons and Wright Reunions, and it should have read Timmons and Wright Reunions.

Johnny Torres Is Special Guest At Lions Club Tuesday

Johnny Torres was a special guest at the noon meeting on Tuesday of the Gorman Lions Club at the Brown Jug Cafe.

Johnny was enthusiastic in telling of his two weeks spent recently at the Texas Lions Camp at Kerrville. At camp he was placed in a group of 26 other boys to form an Indian tribe and he stated his tribe won first place in camping, singing and painting. He gave a detailed report of his two weeks activities at the camp.

A directors meeting has been called for 10 a. m. Saturday, July 15 at the Brown Jug.

At the business meeting E. N. Higginbottom was elected club secretary-treasurer. He replaces Herman Bennett, who is moving to De Leon.

R. B. Harper was presented a pin for signing up a member in the first three months of the year, during the club's 50th Anniversary. Other business discussed at the meeting was the possibility of the club holding a monthly farm auction, as a means of raising club funds. This will be discussed further at the directors meeting on Saturday and will be voted on at the next regular meeting on Tuesday, July 18, at the Brown Jug.

Gorman 4-H Girls To Compete In Co. Dress Revue

County Dress Revue will show a "Circus of Fashions" this year at Cisco as about 30 Eastland County 4-H girls meet first in the Chamber of Commerce building to be judged and then at the school to model for parents, friends, and special guests.

Teresa Browder, a sub-junior, will model a polished cotton dress made from scratch. Teresa would not let anyone help her except by showing her on another piece of material. "It's mine if it falls off of me before I get there," says Teresa.

Brenda Browder will model a blue print "A" line complimented with white lace trim. Brenda won the junior division last year and some of the girls are hesitant about competing against Brenda, but she says everyone has an even chance and she is quite sure the competition will be very stiff.

Barbara Williams will model a blue and green print sheath with a blue silk organza tent over dress which actually is 2 dresses in one. Barbara's dress is one worn mostly for parties, while the ones Teresa and Brenda chose to make may be worn to church or to school.

Monday, July 17 will be a big day for these girls as they stand before the judges showing off their outfits. Half of the score is how well the girl has chosen an outfit that looks well on her and how nice it looks with what she has chosen to wear with it.

This will be Teresa's first modeling experience, but with the coaching of Brenda and Barbara, who are almost used to it by now, she will do well.

4-H Record Book Workshop Held Here On Wednesday In Ray Williams Home

4-H'ERS AT WORK — Shown above are workshop instructors (standing) Brenda Browder and Bobby Williams assisting 4-H members with their record books. Seated and reading clockwise are: Kris Brown, Annette Jackson, Teresa Browder and Jeanette Jackson.

A local record book workshop, conducted by Bobby Williams and Brenda Browder, was held in the Ray Williams home last Wednesday night. They assisted many of the 4-H'ers to begin, finish, or just add to their old record books. These books include everything they have learned, done, or studied since they became a member of the 4-H Club. It even has a place for their own story, which should tell some of the things

they have learned from experience that they probably would not have learned if they hadn't been an active member of the 4-H Club.

Just ask any of these members, this is not an easy job, but is one that is well worth the effort. This is the basis for the medals given out each year at the achievement banquet. Later on when these members are juniors or seniors in high school they may use these books to apply for scholarships, to win trips to Chicago, Washington, D. C. and a tour of 4 states. If they aren't properly kept from the very beginning they may forget or leave out a very important part of it.

The Gorman 4-H Club has conducted this workshop the past 3 years and it has proved to be very successful. Last year every category entered from Gorman placed first in the county and went on to district competition. This year we will have about 12 books entered in 10 categories. This is a great improvement over the 6 last year. Those entering this year in the junior division are Teresa Browder, Dress Revue; Hardy Browder, Dairy; Brenda Browder, Achievement; Jeanette Jackson, Swine; Annette Jackson, Food Preservation; Christi Fuller, Home Management; Ricky Fuller, Swine; Danny Snider, Beef; Sha Rogers, Foods and Nutrition; and Kris Brown, Sheep. In the senior division, the entries are Bobby Williams, Santa Fe; and Barbara Williams, Dress Revue.

Newt Bingham was the oldest present.

Hiram Bingham sang, "Twilight Is Stealing" for his father, as it is one of his favorite songs.

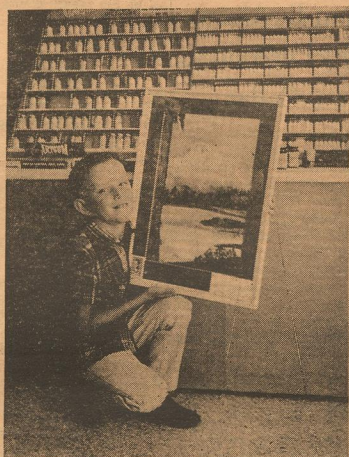

Little Cary Bingham, 4, was the youngest present. He is the son of Mr. and Mrs. George Bingham, Comanche and grand son of Mrs. Bertha Thornton and the late Everett Thornton of De Leon.

Minnie Nowlin, Trudie Butler, Linnie Stephenson, Irene Roe, Elsie Thornton, a group of school chums sang, "Whispering Hope" - beautifully.

It would be impossible to mentioned all that sang, played the piano or participated in any way to make this a very successful and happy reunion.

We were glad that Ona Welch Robinson was present Saturday night as she was injured in an auto mishap several years ago and can't go many places anymore.

Two colorful characters was Gus Hogan, "The skinned flea"

A YOUNG PAINTER - Robby Narell Watson, 9-year-old son of Mr. and Mrs. Dwaine Watson of De Leon, is shown holding a water color reflection which he painted. He has been taking art lessons approximately six months and works in water colors. Due to an asthmatic condition he cannot run and play like other children and he spends much of his time in sketching and painting. He is a student of Mrs. Bertha Blitch. Robby is the grandson of Mrs. Nellie Rowe of De Leon and Mr. and Mrs. A. B. Watson of Gorman.

and Stetson Bingham "minnow" because they are small. They have been close friends from childhood and seemed to enjoy themselves.

Bill Horton mentioned his new clothes, Herrell Kelley said he didn't have any new clothes but did have a new wife, which he introduced.

There were people from Lubbock, Waco, LaFeria, Abilene, Crane, Ft. Worth, Dallas, Missouri, Hindsville, Ark. and

many other places. In all 80 families registered.

Special thanks to Higginbotham of Comanche for the tent and large water cooler, and to Hugh Coan and Slick Robertson for making the stew, which was very good and enjoyed by all with all the other good food served at the lunch hour.

We regret the B. Ray McCorkels and numerous others were unable to attend. We thank each one for their

part in helping. It takes us all to make this reunion what it is. It is not just a school reunion but for all who wish to come. Plans are already underway for a cooling system for next year. Wade Butler was elected president and Jean Dukes re-elected secretary, with all the other officers and committeemen remaining the same.

TEXAS FARM BUREAU NEWS

McAllen (Spl) — It was a disgrace to democracy to see the biased manner in which

Senators Ralph Yarborough, (D-Tex); Edward Kennedy, (D N. Y.) and Harrison Williams, (D-N. J.) conducted themselves during the Senate subcommittee hearing on migratory labor last Thursday in Rio Grande City, M. F. (Mike) Frost, McAllen, Texas Farm Bureau secretary-treasurer and state director, said after the hearing was completed Friday.

The Senators present Thursday were not at all interested in listening to the farmers' side of the story concerning labor disputes in the valley. They gave union representatives much more time per witness than agreed before the hearing began. They also asked Farm Bureau, and Texas Citrus and Vegetable Growers and Shippers (who were represented by growers) not to read or discuss their statements at length, but to hurriedly summarize them in the interest of time.

Most of Thursday's hearing was devoted to discussing allegations against the Texas Rangers, Gov. John Connally and growers of the Valley — namely La Casita Farm.

It was quite obvious Thursday that the subcommittee did not come to conduct a fair and impartial hearing, but rather were completely partial to the union sympathizers. This was ever so evident Thursday morning when Sen. Williams, shortly before noon, offered to take some union witnesses to lunch, but later retracted this offer upon advice from his staff.

During union testimony Thursday, the bills supposedly under consideration were only briefly mentioned, instead; it looked like a kangaroo court was in session to do all possible to down grade the Rangers, Gov. Connally, Valley Growers and Starr County officials.

The subcommittee, Thursday refused to accept a transcript of an injunction hearing held the prior two days, where many of the same person testified under oath and cross examination.

"Friday was somewhat more gratifying to see Sen. Paul Fannin, (R-Ariz.), join the subcommittee and display objectiveness and fairness for all parties concerned," Frost added.

"In my opinion Texas does not need any Senator visiting the state in an attempt to decide whether or not we need the Texas Rangers or to publicly judge Gov. John Connally's actions concerning the Valley labor dispute," Frost concluded.

WACO, July 1, — Two Farm Bureau leaders testified last

week (June 29 & 30) during Senate subcommittee hearings on migratory labor in the Rio Grande Valley.

M. F. (Mike) Frost, TFB secretary-treasurer and state director of McAllen and Dwayne Bair, Hidalgo County Farm Bureau president, each presented testimony opposing the proposed Senate Bills concerning farm workers.

Frost told the subcommittee Thursday in Rio Grande City that "the unique feature of the employment relationship in agriculture is the vulnerability of the farmer as an employer to any work stoppage on his farm."

"While most industrial or commercial firms may suffer a reduction in profits as a result of a strike, it is rare for them to be disastrously affected."

"Compare this with agriculture. It is not possible to close down a farm due to a strike. Production must continue in tune with the season. Crops must be harvested when ready."

"If a strike should occur when a perishable crop is ready to harvest, of course this is the time a strike would be called; this would entail much more than a reduction in the farmer's profits for the year. More likely it would involve (1) a loss of income for the year and (2) a loss of money invested in bringing the crop to harvest stage which which would run (for fruits and vegetables) \$300 - \$400 or more per acre. A loss of this size would bankrupt most farmers."

"Collective bargaining would not equalize the bargaining power of farmers and workers; it would make farmers subservient to labor leaders wherever such leaders could establish the practice of collective bargaining."

"The extension of the National Labor Relations Act to the production of perishable farm products would probably result in some temporary benefits to some workers. These benefits would be temporary because, conscious of their vulnerability, farmers would necessarily make investments in mechanization of farm operations to reduce or eliminate their vulnerability."

"Other factors which must be considered is a comparison of return on investment by farms and industry, and the increasing volume of imports of high labor requirement crops from Mexico."

Bair told the subcommittee, Friday, "we are harvesting a crop on our farm for which we are receiving \$18 per ton and the harvesting crew is receiving \$15 per ton."

"Does this sound like we are taking advantage of these agricultural workers?" he asked.

"We are now finishing a fruit season where the harvesters received more dollars per ton on juice than the grower," he added.

"The point I make is that this type of national legislation is not going to solve our economic problem," he concluded.

KOKOMO NEWS

By MRS. GLENN JORDAN

Rev. A. C. Hardin of Carbon will be preaching at the Sunday services at the Kokomo Baptist Church on July 16 and 23 while the pastor, Rev. J. W. O'Neal, is on vacation. The Wednesday night services for July 12 and 19 have been dismissed.

A very large crowd attended the singing at Kokomo on Sunday, and the singing was very good. Among the singers were The Happy Hitters Quartet of Ridge, the Fisher Quartet of Eastland, the Continentals Quartet, a trio of Mrs. Claude Fuller, Christi Fuller and Debbie Holliday, the grandchildren of the late J. C. Timmons, founder of the annual singing at Kokomo, and many others. \$20.00 was received in the collection taken to pay the expenses of the Eastland County Singing Convention.

Rev. J. W. O'Neal, Mr. Lee Bishop and Mr. Jim Jordan attended the ordination service of Rev. Lowell Skaggs at Huckaby on Sunday afternoon. Rev. Skaggs will be the evangelist for the revival at the Kokomo Baptist Church from August 4 thru 13. C. L. Mohon, Jr. of De Leon will be the song leader.

Glenda Miles, Christi Fuller, Cassie Nelson, Bobby Rodgers and Glenn Jordan were honored with a birthday cake and Coke party in the Glenn Jordan home on Sunday afternoon. They all have birthdays within a week of each other in July. Others attending were Kathy Rodgers, Martha Preston, Mike Rodgers, Daryl Hirst, Teddy Jordan, Mrs. Jim Jordan, Mr. and Mrs. Clifford Nelson, Mr. and Mrs. Albert Hendricks, Mr. and Mrs. Doyle Preston, and Mrs. Glenn Jordan.

Mr. and Mrs. Clifford Nelson honored their daughter, Cassie Sue, on her 14th birthday at their home on July 7. Those helping Cassie celebrate were Mr. and Mrs. Ed Nelson and Scotty of Andrews, Mrs. Jessie Hagar of Moran, Mrs. Ollie Nelson of Gorman, Mr. and Mrs. Jim Jordan, Mrs. Glenn Jordan and Teddy, and Jimmy Nelson.

Patricia Everton of Abilene spent Sunday with her parents, Mr. and Mrs. Elver Everton.

Mr. and Mrs. Bobby Rodgers of Austin spent the weekend with their parents, Mr. and Mrs. Odie Rodgers and Mr. and Mrs. Joe Bob Browning. Mr. and Mrs. Neal Gilbert and family of Abilene also visited with the Odie Rodgers family. They all attended the singing on Sunday.

Mrs. Roddy Miles and Martha Preston of Abilene visited here on Sunday and attended the Singing.

HIGHLIGHTS And SIDELIGHTS From State Capitol

By Vern Sanford

AUSTIN - Air pollution is the prime topic of conversation in the Capitol at the moment.

After taking a look at the air pollution law just put on the books this year, members of the new Texas Air Control Board say the Texas law permits 80 times as much air pollution as do similar laws in some of the other states.

Elbert Hooper of Austin, the Board's attorney, told the directors that an exemption from control supposed to apply only to cotton gins (limiting air emissions to a maximum of 3 per cent of the process weight of any agricultural product) may exempt many industries.

He named the following as possible: lumber mills, rice mills, grain elevators, paper mills, cotton oil mills, produce plants, food processing plants, citrus processing plants, cotton seed delinting plants, flour mills, soybean oil mills, corn syrup plants, slaughter houses, wool scouring plants, nut processing plants, and possibly rendering plants.

"We might as well fold up and go home," said Board Member Henry LeBlanc of Port Arthur. "Maybe it would be easier for you to tell us what's left we can control," he told Hooper.

Some members observed that cotton gins would have to produce 50,000 to 60,000 micrograms with his grandparents, Mr. and Mrs. W. F. Platt, in De Leon.

Mr. and Mrs. Ben Rollins of Warren, Arizona are visiting her parents, Mr. and Mrs. J. A. McNeely. They also visited with Mr. and Mrs. Jim Jordan on Monday night.

Rev. and Mrs. J. W. O'Neal went to Anson on Monday to be with his brother-in-law, Mr. Thompson Young, who was to undergo surgery on Tuesday morning. They will also visit in Hamilton with her mother, Mrs. Frankie Scott.

Debbie Baldwin of Gorman and Randy Prescott of Odessa were visitors at the Kokomo Baptist Church on Sunday night.

Enjoying a party at the home of Paula Eppler on Sunday night after church were Connie Park, Debbie Baldwin, Dwayne Snider, Teddy Bennett, Johnny Eaves, Bobby Eaves and Danny Snider.

Mr. and Mrs. Gerald Scitern, Brenda and Annita of Fort Worth visited during the weekend with their parents, the Alvin Lasaters and the Alvis Sciterns.

grams of particulate matter to get eight percent concentration - and gins at best are not likely to exceed 40,000 to 50,000 micrograms.

Rep. Don Cavness of Austin and Sen. Criss Cole of Houston, co-authors of the Clean Air Act, say the legislative intent was to exclude only cotton gins from State Control. However, it may be necessary to amend the Clean Air Act in the 1968 special session to make this fact clear to industries which might want to be exempt.

Attorney General Rules - Any applicant for a water well driller's license in Texas must have resided in the state for 90 consecutive days prior to his application, Atty. General Crawford Matrin has held.

In other opinions, Matrin determined that:

• Department of Corrections may require return of a parole violator from New Jersey to serve the remainder of his sentence.

• New law didn't change requirements relating to specific affidavits on certain sworn accounts regarding claims, and the state comptroller can continue to issue warrants for properly submitted claims when such claims are submitted under affidavit.

• \$5 For Mentally retarded - Deputy Comm. Charles D. Barnett says the Dept. of Mental Health and Mental Retardation has been allocated \$18,400,000 in Federal Funds for the mental retardation program with another \$1,000,000 likely to be allocated.

Funds include grants for construction of new facilities.

The Court Speaks - Socony Mobil Oil Co. of Midland will have to bear the burden of a \$167,789 judgment for damages to equipment owned by two New Mexico firms because the State Supreme Court has affirmed an appeals court decision. Damages resulted from an oil field fire which started while a Mobil well near Seminole, Gaines County, was being acidized.

High Court also ruled that an applicant who is denied a beer license may appeal in district court, but someone who protested granting of the license has no right to appeal. A motorist's failure to appear in court when convictions for traffic violations are rendered against him does not protect him from Dept. of Public Safety suspension of his driver's license, Supreme Court ruled in Midland County case.

A divorced mother temporarily committed to a mental hospital does not necessarily lose custody of her minor children, to the father, on her release. So says the high court in an Austin case.

Latter two verdicts both reversed lower court findings.

AMENDMENTS DRAWN - On November 11, Texans will vote on six proposed constitutional amendments placed on the ballot in this order:

No. 1 - Allowing counties to put all tax money in a single general fund.

No. 2 - Permitting cities and other governmental units

When it finally reaches the point of debate in the House of Representatives, each becomes the most important appropriation, and the 13 others are not seen at the time. The over-all picture can not be seen until all appropriations have been concluded. This is usually near the end of a session of Congress.

UNLESS SUBSTANTIAL BUDGET CUTS ARE MADE in this new fiscal year, which just began July 1, a Gargantuan deficit must be faced.

LIKE THE OLD SOLDIER WHO NEVER DIES, so do obsolete Federal programs. New programs often come under attack because they have not been in existence long enough to build up a group of beneficiaries who will fight tooth and nail to see that benefits continue to flow. Yet, older programs which may be well outmoded continue because of empire-building in the Executive Branch and the efforts of a select group of program beneficiaries.

IN THE LATE FORTY'S the Rules were changed to bring all appropriation bills under debate at one time. In other words, it was a package deal. This procedure was abandoned because it was found too difficult to handle them all at one time and careful consideration was lost. There is talk of returning to this system in the hope of establishing priorities to establish a balanced look at appropriations in their entirety.

MANY TIMES THE APPOINTMENT OF ANOTHER COMMITTEE, Commission or the creation of another Agency is a waste of time and money. On the other hand, a point of desperation has been reached as to how to better control the huge expenditures of the Government.

ASIDE FROM THE FACT WE ARE HAVING TO FINANCE a war in Viet Nam, Government costs continue to increase by leaps and bounds. Not only has the cost of Federal Government increased tremendously with all its new activities, but the cost of government at all levels are adding to the burden of paying taxes, and unless better controlled, a point of no return is rapidly approaching.

EACH DEPARTMENT OF GOVERNMENT FEELS THAT what it is doing is the most important part of the Government's entire operation. This way of thinking extends to the individual Members of Congress in the various programs which directly effect their constituency and their area of the Country. There are those intensely interested in the conservation of natural resources, which is divided between the Department of the Interior and the Department of Agriculture. There is special interest in labor, health education and welfare. The State Department, Justice Department and Commerce Department come in for their partisan support. Public works are important to every Congressional District in the United States. Defense and Military construction is a must. The big cities are interested in housing and transportation.

EACH HAS ITS ARDENT SUPPORTERS. THERE HAS GOT TO BE SOME LIMITS, SOMEWHERE.

Mr. and Mrs. Charles Brown of Abilene arrived Tuesday for a visit with her mother, Mrs. Dorothy Hatcher.

THE GORMAN PROGRESS, Eastland Co., Texas, JULY 13, 1967

Sunday, July 23 Is Homecoming Day At St. Joe

An outstanding program is in store for those attending the St. Joe Homecoming on Sunday, July 23.

Rev. M. F. Richardson of Abilene will speak at the morning worship services. A good program is planned.

Basket lunches will be spread at the noon hour and there will be singing in the afternoon.

Everyone is invited to attend.

Mrs. Stanley Pearce and son of De Leon visited Tuesday with Mrs. David Davis and her parents, Mr. and Mrs. Vardie Huff.

Vietnam the first week in August. Mrs. Sharbutt's son (her "baby" as she calls him) returned to New York Sunday. He is fond of watermelon and said he was sorry he didn't time his visit to coincide with the Peach & Melon Festival.

Del said, "I'm enjoying the hospitality of this fine town and want to offer my sincere thanks to all you people, especially Mrs. Augie Waters, for taking such good care of my sweet 80 year "young" mother."

Del Sharbutt finished his 1:35 p. m. Newscast for the Mutual Broadcasting System in New York City, Wednesday, July 5th, rushed out to Kennedy International Air Port, and caught an American Airline Jet for Dallas.

Del's destination was De Leon, Texas and a visit with his 80 year old mother, Mrs. J. W. Sharbutt, and his sister, Mrs. Volva King. Del's father, the late Rev. J. W. Sharbutt, was pastor of the Gorman Methodist Church prior to his retirement.

Del's sister, Mrs. Volva King, a school teacher in El Paso, is visiting her mother, having arranged her vacation to coincide with her brother's quick flight

As It Looks From Here

WASHINGTON, D. C. - JULY 4TH REPRESENTS A MOMENT in history too well known to bear mention. To call attention, however, to certain phenomena in relation to its origin and its ultimate achievement -- the Declaration of Independence -- may enhance the day's meaning.

The Document was written in English.

Of course, everyone is aware of this fact, but the thought has just occurred at this particular time as we approach Independence Day.

"WHY" WE CAN ASK OURSELVES. -- "Why English?" Why was it not written in French, Spanish, Dutch or Portuguese instead? All of these were ahead of the British.

THE PORTUGUESE HAD HAD BEEN ENTRENCHED on the Continent over a century before John Smith was born. France had its territories for decades before Plymouth Rock was even given its name. Spain, by then owned practically all of South and Central America, plus all of Texas and large areas around

it. The Dutch were shipping cocoa in New Amsterdam long before the English changed the drink to tea and the name to New York. With all that competition, how did this country ever wind up in the English speaking column at all?

HISTORY SUGGESTS A NUMBER OF REASONS. The English, for example, were the only ones to bring their wives with them. Some other settlers did too, but it was the exception rather than the rule. Most of the original Latin-speaking residents were prisoners sent to the new Devils Island to satisfy their particular monarchs' lust for power and gold. They mingled with the natives and produced a kind of nameless society and impermanent family unit. They were never really their own masters. It was the free English mother, who demanded for her children the schools, the churches and a sense of order, that did so much to stabilize this land.

MAYBE THERE ARE OTHER GOOD EXPLANATIONS, but the one that touches us most is the realization that, of all the nations which sought to conquer this Continent, England was the only one that carried it out, not by kingly edict under the direct supervision of the Crown of England but essentially civilian groups who pooled their assets to create the trading companies that privately finance their own development. Free men -- risking their own capital in a venture for profit. That was the beginning.

UNDER THIS PARTICULAR SYSTEM CAME a different breed of individual with a different set of concepts of how he wanted to live. This was the hearty, fearless, rugged individualist of days gone by. The inevitable by-product of this characterization was the emergence of a sense of ownership and the development of responsible government under Constitutional Law. When the chips were down, these were the forces that won the final victory.

THESE WERE THE PEOPLE WHO WON THE FINAL VICTORY on the night of July 4, 1776. It was the night when a young patriot named Francis Scott Key, while a prisoner of the British on a ship in Chesapeake Bay, wrote on a piece

of scrap paper, "by the dawn's early light," when he saw the Star and Stripes above the Harbor of Baltimore City.

TO REMEMBER AND APPRECIATE THESE INCIDENTS of our heritage, and to recognize the system of a free government under Constitutional Law, is to exercise our patriotism.

THE SYSTEM WHICH GAVE US THESE THINGS and established our Nation was a philosophy which could not be beat then. It still can't.

DANIEL WEBSTER DESCRIBED THIS NEW GOVERNMENT AS "A more glorious edifice than Greece or Rome ever knew".

THERE IS PROPOSED LEGISLATION TO CREATE A Government Program Evaluation Commission to analyze old and New Federal programs to determine whether they are cost effective, whether they should be continued, and what priority they should be assigned. The Commission would report to the President and the Congress on or before February 1, 1969. It would be composed of members from private life appointed by the President, the speaker of the House and the President of the Senate.

WASHINGTON, D. C. - July 6, 1967 - HOW CAN GOVERNMENTAL EXPENDITURES be substantially reduced?

ONE WOULD THINK THIS IS A QUESTION that could readily be answered by any Member of Congress, but a lot of us, including the Chairman of the Appropriations Committee, remain in a state of real quandary as to just how it can be done.

ANYONE, OF COURSE, WOULD KNOW THAT IF WE SIMPLY reduced the scope of the numerous Federal activity it would cost less money.

BUT THE SITUATION IS SIMPLY THIS: There are 14 Departmental Appropriations, not including what we call supplemental. Supplemental are funds voted for the overall operation of all Departments when, at the end of a fiscal year, it is found that more money is needed.

EACH OF THESE APPROPRIATIONS IS HANDLED by a Subcommittee which sits for months, going over each item

MRS. W. H. DAVIS RETURNS FROM OKLAHOMA VACATION

Mrs. W. H. Davis of Desdemona has just returned from a trip to Tulsa, Okla. where she was the house guests of her niece, Mrs. Joe Farmer and her family, and her sister-in-law, Mrs. Jessie Cotton.

Highlights of her stay there included visiting the Will Rogers Memorial in Claremore, Okla., birthplace of the famous man; seeing a number of the many lakes in the Tulsa area, including Lake Spavinaw and Grand Lake; visiting Philbrook Art Center; and an "early" birthday luncheon at The Garden, where Mrs. Davis was the guest of honor. They dined in the Tulip Room, which is done in a delightful color scheme with tulip designs in the decor including drapes, centerpieces and even the light fixtures.

She also enjoyed touring the city and seeing a number of the interesting homes and the new Oral Roberts University, which has been receiving world-wide acclaim.

4-H Club News

Prepared By

Mr. Bob Cohen
 Assistant County Agricultural Agent

The 4-H Club program here in Eastland County is presently an expanding era. One of the 4-H Club members who is a vital link in this expansion program is Bobby Williams of the Gorman 4-H Club. Bobby is the 17-year-old son of Mr. and Mrs. Ray Williams of Gorman.

Bobby has been very active in 4-H Club work since he joined in 1958. Bobby frankly admits that he joined 4-H to get out of class, but he has done more than make 4-H an excuse. Bobby's projects are the basis of his activity. His projects include beef, swine, junior leadership, electricity, and

home improvement with major emphasis on beef and junior leadership.

Bobby has exhibited his beef projects in Abilene, Dallas, and Eastland; and this year plans to exhibit at the State Fair of Texas, as well as at Abilene, Fort Worth, and Houston. His beef projects have included both heifers and steers. Bobby serves as a Junior Leader in beef and swine projects in his local club. Younger members consult him when they want to know what should be done about some problem which pertains to their projects.

Bobby is a very fine junior

leader and has proven his ability in local, county, district, and state meetings. Bobby served as Vice-President of his local club for 3 years and is presently in his third term as President. He serves on the County 4-H Council as the District 4-H Council Delegate. In June at the District 8 4-H Council Meeting Bobby was elected the Boy's Vice-Chairman for 1968 and will represent the boy's from District 8 on the State 4-H Council.

This young man was a delegate to the 1966 State 4-H Club, Leadership Laboratory and served as an apprentice leader at the 1967 District 8 4-H Leadership Congress. At this Congress it was his duty to guide the work group, which he was assigned to lead, in their function as members. This included involving all members of the function group in planning and executing their assignments before the delegates to the Congress.

Among the many honors which Bobby has received are first Alternate Talent Club Tour Award Winner - 1967, 1st place record book in Leadership - 1966, and Gold Star Boy - 1964.

Bobby, a Gorman High School senior, is also active in other areas. He plays football and was a State Qualifier in the 880 yard dash in track. Upon graduation from high school, Bobby plans to attend college and major in some area of agriculture.

A tip of the hat to one of Eastland County's outstanding 4-H Club Members - BOBBY WILLIAMS.

DATES TO REMEMBER

July 21 - County 4-H Dress Revue.

August 1 - Record books due in County Agent's Office.

July 16-30 - Asst. County Agent gone for Summer Camp.
