

HULLS

By KERNEL GENE, aPc

As I recall the fables, a fiddler, fiddled away all the mice, and when he didn't get paid, took all the children.

It seems as though the American people have been paying the fiddler for many years but there appears to be a large variety of rats infiltrating our nation in larger quantities every year . . . and the rats seems to be having quite an influence on children.

I wonder if some of the high officials who are voting to use our tax money to pay their campaign expenses are not saying to each other - "why not, it will be just like taking candy from a baby."

The Kernel is not very well read, but it seems taxpayers should have a voice, or a vote, in this particular taxation. Of course, if the majority of taxpayers are for this new gimmick, I'll give my penny, and hope I get invited to some of the parties.

Remember the old yellow yams mother baked that oozed sugar when they were cooked. Mr. W. W. Davis brought some Bunch Yellow Yams that were crossed with Red Velvet sweet potatoes to the Progress office recently . . . also some pears and bell peppers. The yams and pears were delicious. The peppers and I don't agree with each other. Mr. Davis said he had about 20 bushels of the potatoes to sell. Mr. and Mrs. Davis seem to have the ability to grow most anything they want to plant.

CODY AND SUZY FARROW CELEBRATE BIRTHDAYS WITH JOINT PARTY ON 17TH

Mr. and Mrs. Larry Farrow honored their children, Cody, age 2, and Suzy, age 1, with an open house birthday party Sunday, September 17 in the formal dining room of the Brown Jug Steak House.

Some twenty friends called between the appointed hours of two and five o'clock to play games and eat ice cream and birthday cake.

Suzy's cake was decorated with hearts and Cody's birthday cake was in the shape of a football.

Party favors were bags of gum, suckers and balloons.

All Must Register For Voting In 1968

Everyone in Eastland County who wants to vote in 1968, is going to have to register in order to be eligible.

It will mark the first time that the county will be able to evaluate accurately its voting potential, because for years, over-age persons have not had to register. Recently enacted legislation is changing all this, and every voter will have to have his name on the registered rolls in order to be eligible to cast ballots in 1968.

That's the word from County Tax Assessor-Collector Edgar Altom, who cites amended voter registration law, passed by the 60th Legislature, and interpreted by Secretary of State John L. Hill.

The new laws amend the election code to require that all voters must be registered in order to vote at elections held on or after February 1, 1968.

This change is in keeping with the constitutional amendment voted on at the general election in 1966, Altom said.

This amendment, which does away with the exemptions from registration previously accorded to persons over 60 years old, living outside cities of 10,000 or more, does not become effective until February 1, 1968, and those persons may continue to vote without registration until that date in Eastland County, but must register if they wish to vote in elections held in the voting year 1968. There are no towns with as many as 10,000 people in Eastland County.

All qualified voters 21 years of age and above must register if they wish to vote in 1968 elections, Altom said.

The Gorman Panthers came out on top of a close-hard fought defensive battle with the Rising Star Wildcats Friday night by a score of 12 to 6. The Panthers had their troubles in blocking the Wildcat defense after having a rather easy opening game the week before with Evant. The Rising Star team, with its switching defenses, caused problems for the offensive blockers on the line. Both teams played a very tough brand of defense with each team only managing two first downs each in the second half.

This was the type of game the Panthers needed in preparation for the game with the Early Longhorns, who are known for their fine ball clubs. The Panthers will host the Longhorns on Friday night at Brogdon Field at 7:30.

In the battle with the Wildcats the Panthers managed a total of 153 yards on offense. However, they lost yardage on many occasions while attempting to pass.

I also want to thank the neighbors for taking care of my flowers and yard during the three weeks I was away from home. I love each of you and pray God will bless you.

The Panthers got on the scoreboard with 7:02 left in the first quarter. The Red and Blue took the ball on their own 27 yard line. The first play netted 1 yard and the second lost 3. With third down and 11 on the 25 yard line, Quarterback Daryl Hirst rolled to his left, hit the outside lane and raced 75 yards to the promise land in a picture-perfect scamper. The run for extra points failed.

The game rolled along on more or less even terms as far as offense is concerned until the final quarter of the game. With 5:56 left in the game Mike Duran, who entered the game as quarterback went to his left, bounced off of a would-be tackler at the Rising Star 25 yard line, cut to the outside and raced for the coffin corner for the second Panther tally. A pass try for extra points failed. This score was set up by Tommy Simmons recovering a Rising Star fumble on the Rising Star 25 yard line.

The lone Wildcat tally came with 2:27 left in the fourth period. Following a Panther fumble (one of the 5 Panther fumbles) the Wildcats netted 1 yard on the first play. Then lost 5 yards on a penalty. From the 41 yard line, Robert Clarke hit the left side of his line, ran to his extreme left, then cut back inside, then hit the sideline and raced for the score. The run for points failed, making the final score 12 to 6.

The Panthers looked real sharp on the defense all evening. They did a fine job of stopping the Wildcat offense. We especially liked the defensive end playing of Tommy Simmons, who recovered two Wildcat fumbles.

We look for the Panthers to do a real fine job both offensively and defensively on Friday night against the Early Longhorns after this weeks tough workouts. We feel that the Panther offense will again return to its regular fine form and will really roll against the Longhorns! Right, Panthers? See you at the game!

Postal Patrons To Receive Zip-A-List Kits For Zip Codes

Gorman letter carriers today started delivery of 400 ZIP-A-LIST KITS to every rural patron and kits are being placed in every boxholder in the area.

Postmaster Graydon Baze urged all residents to use the postal cards contained in the kits to obtain the ZIP Codes needed for addresses in their personal mailing lists.

Each household will receive eight cards with spaces for the addresses to be "zipped" by the post office and for the return address. No postage is needed, Postmaster Baze said.

The project is part of Postmaster General Lawrence F. O'Brien's program to make ZIP Codes more accessible to the mailing public and thereby increase the use of the codes in mailing addresses. In addition to the kit, which is folded like a closed accordion, a separate card is being delivered to remind residents of the local ZIP Code number.

"Zip Code is necessary all year 'round to increase the efficiency of the postal service," Postmaster Baze said, "but it is more important than ever around the holiday season. This year, the Post Office Department expects to handle well over nine million pieces of mail during the Christmas rush. Zip Code will be a great help in delivering that mail accurately and on time.

The postal official reminded ZIP-A-LIST users to print clearly and to include their return address so that the post office will know where to deliver the completed form. Last year, thousands of people throughout the nation forgot to include the return address and their efforts to cooperate in the project went for naught, he said.

B&B SPORTS

Herman and Joe Bennett

B&B

The Panthers won a hard fought defensive battle over the Rising Star Wildcats last Friday night. The Wildcats ran a stunting defense and the Red and Blue had a hard time adjusting to it. They won't be as surprised next time as they have had some good practice against this type of defense this week.

The leading ball carrier was Daryl Hirst again this week. Daryl had 61 yards on 23 trips, which is not bad considering he lost yards on 11 of these attempts. Mike Duran carried two times for 23 yards, while Doyle Shipman had 5 for 16 yards, David Guthery had 6 for 11 yards and Bobby Williams had 2 for a -1 yard.

B&B

Jim Tom Garrett was named "Headhunter" again this week for his fine defensive play against the Wildcats. Jim Tom had the most points on tackles and assists. Runner-up was Wayne Huff and followed by Ed Sutton.

Our nomination for Panther of the Week on offense goes to Mike Duran. If Mike continues to improve at quarterback, Hirst will move to either halfback or fullback and we will have an experienced man at quarterback for next year's team.

B&B

The Panthers have another tough game this week in the Early Longhorns. Early has always played tough against the Red and Blue and this week will be no exception. If the Red and Blue play good defense again this week

and the offense starts to roll, the Panthers will have their third win of the season.

Yea, Panthers! Dehorn the Longhorns! !

B&B

The B&B pickers had a good week in their first outing. Herman came up with an 85%, losing on Texas A&M and the tie between Oklahoma State and Air Force. Joe had 75%. His other loss was the Tennessee-UCLA tilt.

Things should really pick up this week as all eight Southwest Conference teams swing into action and this is the way they will go this week:

HERMAN'S PICKS - -

Miami over Northwestern (TV Game of the Week) Arkansas over Oklahoma State LSU over Rice SMU over Missouri Texas A&M over Purdue Texas over So. California Syracuse over Baylor TCU over Iowa Texas Tech over Iowa State Notre Dame over California

JOE'S PICKS - -

1968 Chevrolets

The 1968 Chevrolets are the very essence of modern design. Every line, every curve is in close harmony. It's a smooth, uncluttered look with roof lines compatible with body lines, grilles and bumpers that blend gracefully into long, rounded fenders. Clean, flowing, beautiful in their simplicity, these '68 Chevrolets are rich and advanced in styling beyond any you've ever seen.

A MORE SILENT RIDE
And for 1968, we've gone to every length to give you more peace and quiet inside. The most sophisticated computers have been used to strategically place body mounts and successfully isolate noise and vibration. Shock absorbers have been improved. The wheel stance on many models is wider for greater smoothness. Exhaust systems have been redesigned to make them whisper-quiet. Even the clocks tick more softly. A sound car is a silent car. The '68 Chevrolets are the most silent, highest quality cars we've ever built.

BETTER PERFORMANCE
There are new engines, a bigger standard Six and V8. There's a new 250-hp V8 you can order that runs on regular fuel. Many new engine components increase dependability and keep your new Chevrolet running stronger. There's a new rear axle ratio you can add for greater economy. On most engines equipped with automatic transmissions, there's a special heater for the carburetor which gives you more efficient performance in cold weather. And with every engine, you get the new GM exhaust emission control.

UNIQUE ASTRO VENTILATION
There's a whole new idea in ventilation, called Astro Ventilation, for Camaro, Corvette and the elegant Caprice Coupe. It's also available on many other models. By opening two new vent-ports on the instrument panel, you bring in outside air that can be directed where you want it. This way, you can leave your windows rolled up and add still more to your peace and quiet.

PROVED SAFETY FEATURES
You get the proved GM-developed engine absorbing steering column, folding front seat back latches, dual master cylinder brake system with warning light, plus many more new features. Among them: energy absorbing front seat backs, and safety armrests that shield the door handles.

MUCH MORE THAT'S NEW

THE GORDON
SPOT

By Dee Gordon,
County Agricultural Agent
Eastland County

Eastland County peanut farmers seem to be having an unusual amount of problems. The lesser cornstalk borer and the corn ear worms have been found in large numbers in all areas of the county. Spider mites have caused some damage, also.

Last Tuesday Phil Hamman, Extension Entomologist; John Bracken, Geigy Chemical representative, and I visited several peanut farmers in the Rising Star area. We found all the fields were infested with the lesser corn stalk borer, but their seem to be other problems also. Most of the vines had only three or four peanuts. Hammon and Bracken did not think the lesser corn stalk borer had caused this situation.

Hamman took some vines to the West Cross Timbers Experiment Station in Stephenville. Mr. B. C. Langley, superintendent of the

CARD OF THANKS

I want to take this method of thanking everyone for the many kindnesses shown me during my stay in the hospital and since my return home. To the entire hospital staff at Blackwell and especially Dr. Rodgers for his interest and kindness. A special thanks to my friends for the cards, visits, flowers and food brought to our home and to the friends who did my laundry and kept our yard, and for the prayers made in my behalf.
May God bless each of you.

Mrs. Virginia Green Is Guest Speaker For LVNA Meeting

Mrs. Virginia Green, Medical Records Librarian of the Eastland Memorial Hospital, was the guest speaker for the Licensed Vocational Nurses Association, Division No. 64, at their regular meeting Monday evening, September 11th.

Mrs. Green presented a very interesting talk on records being an integral part of a hospital. It is a necessity to keep charts on all patients up to date and Medicare has required more information and additional work to do this, Mrs. Green said. She pointed out insurance requirements, and stat-

ed the importance of securing all possible information on admission of accident patients.

After the business meeting, refreshments of cookies and iced punch were served by the Rising Star hostesses to the following: Laverne Allgood, Lucille Broom, Mary Jane Brown, Sadie Brizendine, Juline Casey, Gene Cox, Alice Eakin, Gladys Edwards, Christell Gaines, Grace Gray, Emma Gregg, Louise Kimmell, Luda Parsons, Naomi Mahan, Margaret Speed, Frankie Stacy, Elizabeth Stroud, Josephine Wallbraun, Billie West, Truie Wilson, Eleanor Wright, and visitors, Ina Mae Hooks and Lola Marschall.

Mrs. Elmer Underwood of Fort Worth was a weekend visitor with her mother, Mrs. T. F. Morrow.

HIGHER YIELD THAN LAST YEAR — Edgar Higginbottom brought this peanut vine by the Progress office this week (as the 48-inch rule shows its length), he says the 32 acres of irrigated peanuts on his farm, three miles south of Gorman, will yield above last year's average, which was 71 bushels per acre. The variety shown is the Argentine and was treated with Treflan for weed control. He, and his son, Teddy, have 142 acres under cultivation this year, with 32 acres irrigated. Teddy has 16 acres. Edgar stated that the hay yield from the peanut acreage from which this vine was taken will run approximately 50 bales to the acre.

Eastland County's Annual Pecan Tour Slated For Friday

The date of the annual tour of the Eastland County Pecan Growers Association has been set for Friday, September 22, with visits to four orchards in the Cisco area scheduled for inspection, it was announced recently by J. M. Cooper, Eastland, President of the Association.

The group will leave from the Spot Restaurant in Cisco at 9:30 a. m. on the above date with the first stop to be at the Howard Cole orchard, west of that city.

TOO LATE TO CLASSIFY: FOR SALE — Nice springer brood sow, Frank Park, Star Route, Carbon, Phone 3543. 1-9-21p

ATTENTION!

Our revival is still in progress. Our subject for Friday night, September 22, will be "The Scriptural Teaching of Receiving The Holy Spirit." Yes, the new Testament teaches that this experience is always accompanied by the sign of speaking in other tongues.

My friend, you owe it to yourself to hear this message. So come and bring your note book and pencil.

We will permit oral questions pertaining to the subject. **FIRST PENTECOSTAL CHURCH** Gorman, Texas

Cole has been developing this orchard for a number of years.

Second stop will be at the Leon Valley orchard just east of Scranton, managed by R. L. Ricks and owned by Jim Jennings, Abilene, Hobby McCall, and Bob Yarbrough, Dallas. This is one of the larger planted orchards in the county. It has made great improvements under Ricks management according to Cooper.

The third and last stop prior to lunch will be at the Dale Carlile orchard, east of Nimrod. This orchard was set out and managed for many years by Lee Lieske, Cisco.

Following lunch a business meeting will be held dealing principally with plans and the site of the annual county pecan show to be held in December. Those desiring to invite the group to hold the show in various towns in the county are invited to do so this time. A large pecan crop will be harvested in the county this fall.

The Earl Walker orchard, a mile south of Cisco, will be the fourth and final stop. Plans here call for the demonstration of some machinery for harvesting pecans.

Dr. Wendell Horne, Extension Plant Pathologist for Texas A&M, will be on the tour to discuss pecan diseases. Tom E. Denman, Horticulturist for the West Cross Timbers Experiment Station at Stephenville, will answer questions on pecan insects. County Agent De Gordon, R. L. Ricks, A. D. Ellington served as a committee to plan the all day affair.

J. M. Cooper Buried In Saturday Rites At Eastland Church

Mr. James M. Cooper, 60, former Eastland County Agricultural Agent, died on Thursday, September 14, at 7:20 p. m. in the Eastland Memorial Hospital, where he had been a patient for two days.

Funeral services were held at 2 p. m. Saturday, September 16, at the First Methodist Church in Eastland, with the Rev. Len Layne, pastor, officiating. Burial was in Eastland Cemetery under the direction of the Arrington-Hammer Funeral Home.

Born April 19, 1907, in Center, he married Betty Jo Siddons on May 23, 1934, in Marietta, Okla. He had lived in Eastland for 23 years, moving here from Breckenridge. In 1966, he retired as the county agricultural agent following 22 years of service in that office.

Mr. Cooper was a member of the Lions Club and past president of the Texas Agricultural Association of Agents. He was president of the Eastland County Pecan Growers' Association and was known as "the father of the Pecan Show" which he started and which has since spread across the state.

He was a member of the First Methodist Church and served as assistant teacher for the Men's 9:45 Bible Class.

Survivors include his wife, one son, Jody of Bryan; one daughter, Mrs. D. L. Kinnaird, Jr. of Eastland; one sister, Miss Lida Cooper of Center; and two grandsons, Jimmy and Dwight Kinnaird of Eastland.

Pallbearers were Ben Freeman of Ranger, Herman Schaefer of Cisco, Pat Miller of Eastland, Travis Hilliard of Olden, Cecil Schultz of Rising Star, and Sam Kimmell of Cisco.

Mr. and Mrs. S. R. Rodgers of Dallas visited Wednesday with his father, Mr. and Mrs. Don Rodgers.

Mr. and Mrs. Fred Bennett and boys of Cleburne visited during the weekend with their parents, Mr. and Mrs. George Bell and Mrs. Ruby Bennett.
