Cross Plains scored first in the initial period, after getting the ball on the Panther 36 yard line after a bad punt. The Buffaloes scored in six plays with a 24 yard pass setting up the tally and the score coming on a four yard pass.

The Panthers tried for a go-ains ahead field goal on their next possession after being held on the Cross Plains 35, but the attempt was blocked.

We feel with this week off in which to prepare, they should get well prepared to take the Tig-ers for their first district win. Right, Panthers?

The Gorman Cubs defeated the Hico Kittens on Tuesday night by the score of 30 to 20 when they hosted the Hico team at Brogdon Field.

The Cubs wasted no time in getting on the scoreboard, when on the first play from scrimmage after getting the ball on a fumble, Bruce Smith, Cub fullback, took a handoff on the Hico 35 and raced into the end zone for the score with 7:22 remaining in the first quarter. Smith also ran for the two extra points to put the Cubs in the lead 8 to 0.

The Kittens came right back after returning the kickoff to their own 42 yard line. The first play was an incomplete pass, but on the next play Galen Lindsey took the final handoff on a double reverse and ran 59 yards for a touchdown. The try for extra points failed, leaving the score 8 to 6 with 6:57 left on the clock in the first period.

The Cubs scored on their next possession after starting on their own 32. They scored in 13 plays with Rudy Espanoza getting the final yard on a quarterback sneak. Bruce Smith ran for the two extra points, making the score read 16 to 6 with 33 seconds left in the first period.

The Cubs scored again with 2:02 left in the second quarter. Billy Self was the leading attempts for 5-1 Hico got 122 yards on the ground. Billy Self was the leading attempts for 5-1 Hico got 122 yards on the ground and completed 6 of 26 passes for 4 yards in a reverse for the score. The try for points after failed. Or maybe you know you should do something about your hearing but can't stand the thought of having to wear that big thing hanging on you as you've seen on other people—or maybe you have heard they cost too much money.

Where do you fit in this picture? If you wear an Aid but do not hear with it, chances are that your hearing has changed or the Aid is out of adjustment. By testing you and the Aid, the Aid can be adjusted to where you can hear as good as you ever did. Thinking about getting a new one: A test will tell you if you need one, or can wear one. The ear operation: A test will give you the answer. Doing nothing about it: The test costs you nothing and you are not obligated in any way, so what do you have to lose—except your hearing. Afraid to wear one: The new Hearing Aids are so small you see people wearing them every day and the wear one. The new Hearing Aids are so small you see people wearing them every day and the wear one. Further installations are now being constructed for easier and quicker methods of sampling and handling your peanut crop at our drying facilities. Additional sampler, scales, dump pit, elevator and conveyors have been installed to speed up peanut handling with better supervision of the drying. New cleaners will also be available for faster and better cleaning. Drying and cleaning prices same as last year.

We are always striving for better methods for the convenience of our customers, The Peanut Growers.
