**D. B. WARREN APPLIES FOR WATER RIGHTS PERMIT**  
 AUSTIN — D. B. Warren, Rte. 1, Gorman, Texas, has applied for a permit to appropriate state water. The Texas Water Rights Commission in Austin announced receipt of his application for the right to irrigate 40 acres of land and details of the plan are now under examination by Commission engineers.  
 Warren has a reservoir located

12 miles southeast of Eastland and 2 miles north of Gorman. It is on an unnamed tributary of Leon River, which runs into the Little River, which is a tributary of the Brazos River.  
 A public hearing will be held in Austin March 20, 1968, at 10 a. m. in room 810 of the Sam Houston State Office Building. The applicant and those favoring or opposing the project may appear then.

**Woman's Study Club Has American Heritage Program**  
 Mrs. James P. Morris, teacher at Ranger Junior College, lectured and showed slides to the members and guests of the Woman's Study Club on February 26, 1968

in the home of Mrs. Rudolph Haile. Mrs. Kuykendall, Mrs. Morris' mother, was a special guest, assisting with comments of interest during the program.  
 Mrs. Morris and her mother, Mrs. Kuykendall, spent six weeks in Russia during the summer of 1966 traveling over 3000 miles inside of Russia. She chose to show slides taken in Moscow and Leningrad. These included places of interest as well as pictures of the Russian people.  
 Her comments were very informative, interesting and humorous. Throughout her lecture the theme of Americanism was apparent in her comparisons of our culture to the Communist system. Communism strives for total control of the individual for the good of the state. Mrs. Morris quoted Benjamin Franklin saying that our Democracy may not be the best government that could be but that it is the best upon this earth.  
 Co-hostess with Mrs. Haile was Mrs. J. S. Ripley. All 15 members present, and the 3 guests, Mrs. Keith Whitt, Mrs. Bill McCabe and Mrs. Billy Shupp, continued to query Mrs. Morris and her mother during the refreshment hour. Their personal contact with the Russian people gave each of us an opportunity to get a more comprehensive view of the average, everyday life of the people.  
 This was our American Heritage program and a more fitting program could not have been planned. We all realized how blessed each of us are to be living in America. Mrs. Berenice Jeffs read the American Creed and it had renewed meaning for each of us. America has it - we must do everything in our power to see that we keep it - FREEDOM.

**Kokomo Club Stew Supper Nets \$31.50**  
 The Kokomo Home Demonstration Club netted \$31.50 on the Stew Supper sponsored by them on Monday night at the Club House at Kokomo. Half of the proceeds will be donated to the 1968 March of Dimes.  
 Approximately 40 guests were served during the hours of 5:30 to 6:30 p. m.  
 Following the supper guests were invited to the Community Building for games of "42". Some remained to just chat before the fireplace.  
 A brief business session was held prior to the serving hour with the following club members present: Mmes. D. F. Eaves, Albert Hendricks, Glenn Jordan, Cullen Rodgers, J. W. Henderson, Wayne White, Wilbur Floyd, J. W. O'Neal, George Bennett, and Oren Webb.  
 The next meeting will be held March 11, in the home of Mrs. J. W. Henderson. Visitors are always welcome.

**KEEPING UP WITH FRIENDS**  
 Weekend visitors with Mr. and Mrs. Les Wallace were his nephew, Mr. and Mrs. Wallace Lee Wilson of Lubbock, and his sister, Mrs. Christine Wilson of Killeen. Les Wallace is recovering nicely, but remains a patient in Blackwell Hospital.  
 Mr. and Mrs. Dale Kirk of Midland spent the weekend with his father, Holland Kirk, and sister, Mr. and Mrs. Herman Bennett and family.

**Q. How often do you get a bargain these days?**

**A. Every time you use electricity.**

True, your electric bill probably is higher than it was a few years ago. That's because you use more electricity to enjoy added comforts and conveniences.

During the past 10 years, the average price per kilowatt-hour to residential customers of Texas Electric Service has come down 27%. At the same time, the average annual use of electric energy by our residential customers has more than doubled.

Electric service is a big exception to rising living costs. It's one of the few things that costs less than 10 years ago.

Electricity, the clean modern energy that does so many nice things for you, is the biggest bargain in your household budget.

**WASHINGTON**  
"As it looks from here"  
**OMAR BURLISON**  
Congressman  
17th District

WASHINGTON, D. C. — THE CONGRESS IS FACING ACTION on three separate fronts. The first is, of course, providing what is needed for efforts in Vietnam. The second is the battle against domestic crime and riots. The third to bring about a more sound fiscal policy.

WHILE THESE THREE CONFOUNDING ISSUES hold a serious preoccupation of the Congress, attention is being diverted from the internal security aspect of our Nation. For years we have been intensely concerned about subversive activities but because of the great demand on time, more recent efforts towards an eye on subversive elements have not been adequate enough.

ALTHOUGH OPINIONS DIFFER AMONG people of good intent, many of the disturbances which have been afflicting our land have been inspired by communists and radicals. Conditions have given them a catalyst and an opportunity to foment civil strife in a most severe form. These are the people who want to see a disintegration of authority, both governmental and moral. This condition has been fed by the trend in our highest courts to tolerate such action and even assume a posture making it impossible to assert authority.

A NUMBER OF US IN THE HOUSE OF REPRESENTATIVES and others in the Senate, are now working to formulate legislation designed to plug loopholes discovered in some of our internal security laws and close gaps that have been blasted out by Supreme Court decisions.

AS AN EXAMPLE OF SOME OF THESE TRENDS, between 1919 and 1942 the Supreme Court accepted jurisdiction in only 11 cases involving communist subversive activities. Seven of these 11 were decided against the radicals and 4 sustained their appeal.

SINCE 1943 THE SUPREME

COURT HAS ACCEPTED 147 cases involving appeals by communists and other subversives. Of these, 93 were decided favorably for those charged and 54 against.

THE FACT THAT THESE RADICALS CAN WIN cases shows the impartiality of our judicial system in which the judges of our highest courts can overlook personal repugnance and grant justice when the law demands justice. At the same time these statistics show it has gone far to accept jurisdiction in border-line cases and has tortured the laws in such a way that there is an imbalanced weight against the safety of our Nation.

THE SUPREME COURT RECENTLY RULED VOID the Law on the statute books making it illegal for subversive elements or members of an organization found to be a communist front to hold jobs in defense plants.

WE PROPOSE TO DRAFT ANOTHER PROVISION which we hope to have enacted into law to cure this situation. In addition, it is hoped to absolutely prevent those who have been identified with subversive groups to hold positions in a labor organization, public schools or Federal agencies. The Subversive Activities Control Board, which has been virtually paralyzed since the Supreme Court struck down laws requiring communists to register will be revitalized. Under our proposal the Board will be empowered to determine who and what is inimical to the best interest of the Country. Since the Court's decision on a number of Federal cases have left a blank for our legal protection in this regard, greater tools are needed for our internal safety.

OTHER PROBABLE FEATURES OF LEGISLATION BEING DRAFTED are protection of Federal employees from reprisals for giving information to Congressional Committees which might implicate their superior's wrongdoing; making failure to surrender a U. S. passport upon request a heavy penal offense; providing severe penalties for col-

lusion with foreign governments to evade U. S. passport regulations; deny tax-exemption status to any organization making contributions to any group, or individual found on the subversive list.

FREEDOM REQUIRES VIGILANCE, both from within and outside this Nation.

### The Road Report . . . BY ARBA

**nearly half of the nation's eight million boats ride on wheels**

According to the Boating Industry Association. The wheels are on boat trailers, of which a record 153,000 units were sold in 1966, an 18 per cent increase over the previous year. Association officials recently cited the mobility of boat trailers as a major factor in the growth and popularity of boating. The Sport has become one of America's favorite pastimes.

# Thank You FRIENDS

We wish to thank you, the many friends and customers, for the many kindnesses and courtesies which you have shown us during the past 10 years that we have owned and operated the Burfeind Novelty Shop in Gorman.

We sincerely hope you will continue to favor the new owners with the same fine patronage which you have given us.

**Mr. & Mrs. Fred Burfeind**

## TEXAS PUBLIC SCHOOLS WEEK

The Texas educational scene is constantly changing — and, for the better, we might add. See for yourself the most modern innovations in teaching techniques and classrooms. Visit a community public school during Texas Public Schools Week, March 4th through 8th.

Teachers and administrators urge all interested persons and especially parents to visit, ask questions, and learn first hand what our Texas Public Schools are doing to ready our children for tomorrow's world. So, set aside a day during this special week to visit your child in his classroom. Talk with his teacher, and enjoy a day in the life of your child. It's a pleasant responsibility.

Visit a community school March 4th through 8th, Public Schools Week in Texas.
