

HULLS By KERNEL GENE, aPo

Glad no one was passing when our awning caved in last week. Had just finished running up our flag for the Fourth when it happened. Guess the guardian angel was watching over the Kernel.

Mrs. Gloy Stone of De Leon, Distributor for the Fort Worth Star-Telegram, has taken over Sutton's route. Mrs. Stone stated that Bobby Eaves would be delivering the Star-Telegram after July 22. Congratulations, Bobby. Many young men have started their business career with a newspaper route.

Did you fill in the questionnaire and return it to the Chamber of Commerce? If you misplaced your copy of the Progress with this questionnaire you may obtain another one from E. G. Henderson or the Progress office.

Glanced over several of the replies received to date. They are good. Especially do we appreciate those from the routes, Carbon and Desdemona. All of the suggestions are fine and most of the subjects mentioned are being worked on.

The Industrial Committee checks out every possible prospect and is constantly looking for new industry for Gorman. Of course, one of our big problems is labor and housing. Sewerage, streets, alleys, lots unowned, building fronts, merchandise, library, youth center, and local news media are a few of the other suggestions.

Presuming "local news media" is in our department, we would appreciate knowing where we are failing. We believe our correspondents in Oliver Springs, Desdemona and Kokomo do an exceptionally fine job of sending in the news. If you phone or bring your news to the office, we do our best to print it like you want it. In fact, there have been times we have stopped the press to put in a special announcement which was late getting in. Occasionally, we are all out of the office for a few minutes, so if you phone and we don't answer, try again. Too, if no one is in the front office look in the back shop. If we can't publish the news that you and your neighbors are interested in then you won't be interested in subscribing to the Progress. Without YOUR subscription our advertisers will not need our service. Without the advertisers we will be out of business. So, the more we all get together, the happier we all will be.

Merchandise and Prices: - This is a problem in every town. When I see someone in town that looks like a visitor or stranger shopping I try to engage them in conversation, especially if they are from one of our neighboring towns in Eastland, Comanche or Erath County. It may sound odd, but quite often they state prices are on a par and sometimes less than prices in their own town.

I have the same problem in my printing department. I have to compete with mail order printers, and large printing and office supply houses from the surrounding towns and all over the state. However, I do printing for customers in towns in every section of Texas. So, when I miss a job in Gorman I strive to find the reason and try to give a little better service. And I may add that your support of the Progress has helped me install one of the finest printing plants you will find in the State, especially for a town the size of Gorman. Our smallest job has been 'one calling card' and our largest 'one million copies of special form.' Yes sir, we are bragging.

Like every merchant, we strive to carry as complete a line of office supplies and printing material as possible but every week we receive a call for something new. Last week we filled two orders for office furniture . . . both out of town customers, incidentally!

What I am trying to say is that all merchants have their problems and do their best to meet competition and they want your patronage.

Store Fronts - A few merchants in Gorman would like to improve the fronts of their buildings, but being tenants instead of owners, run into complications. Cost of material, labor, rent, etc., all become a part of this.

New Air C'ditioner For Fire Hall

The Gorman Duplicate Bridge Club has installed a new air conditioner at the Fire Hall. This is one of many of the improvements the club has contributed to the Fire Hall for the enjoyment of all who use it.

The Fire Hall has become the most popular meeting place for all the clubs, organizations and any kind of meetings, as well as family reunions. It is one of the most used buildings and is in constant need of repair and improvement.

The Duplicate Bridge Club has contributed most of these improvements as well as appliances of stoves, refrigerators and air conditioners and tables.

Weeds, Etcetera - One letter mentioned a lot of old house on the edge of town which has become an eyesore and could be a health hazard. The owners do not live here. This is one of the problems city officials face. After due notification to the owners the City can have these lots cleaned and the owners have to pay the bill.

Personally, I think Gorman has an exceptionally fine group of people handling their city affairs. At present streets and alleys are in pretty bad shape - BUT when you consider the type of weather we have had this year, it has been almost impossible to keep up with all the work to be done.

Someone suggested an all day working with a big picnic lunch on Main Street. Sounds like fun.

Soft Water - Inclement weather has slowed down the work on the filter plant at Lake Proctor, but the project is still progressing. One of these days we will have soft water.

Youth Center - Job Opportunities - A youth center has been tried twice but somehow didn't seem to take hold. If some of you teenagers want to meet at the office, I will see what I can do to help to get it started.

As to jobs - Government restrictions, state and federal, are such that a small merchant cannot hire youngsters anymore. This has been a sore spot with the Kernel as many youngsters in the past were able to earn spending money while attending school and learn a trade at the same time (without any cost to taxpayers) by working part time in small newspapers and printing plants. Of course, they were not paid a Master's wage, but today they are tops in their chosen vocations.

Young people are not to blame for this. Unions and politicians have stressed less work and more pay for doing nothing until our nation accepts it as a way of life. Now politicians want to guarantee everybody a yearly wage whether they work or not. I wonder how much Mr. Humphrey is willing to take out of his pocket to finance this program? The Brains will probably figure a way to add this tax burden to your Social Security . . . if it becomes a law. The hippies, and dead-beats will enjoy a better life at our expense.

LOWER TAXES - No community can grow without increasing taxes. Sort of like raising a family, but not near as pleasant. In the past a large portion of our school and county taxes have been paid by oil development and the railroad. Thanks to those who purchased the Katy line from Gorman to Dublin, our school district only lost about half of their railroad taxes, and the City of Gorman did not lose any.

I am in favor of more pay for teachers but this will mean higher taxes. The State is going to increase teachers salaries, which means that for each \$1,000 raise our school district will have to raise approximately \$150. This must come from the taxpayer. The State is getting their's from the increased Sales Tax. Actually, if we would all place a fair rendition on our property and belongings, it would probably ease the burden on everybody.

Library - A city-owned public library can only be operated by taxes. Here, the 'ole Kernel has let his Progress Family down again. For the past twenty years I have been hoping to own a building where I could have a library for the community. Of course we still have the Progress Library next door, but I just haven't been able to dress it up. I am still hoping to make this dream come true.

HOSPITAL, and other suggestions will be discussed in forthcoming issues. Thanks for your response and keep them coming. All of our problems cannot be solved at once, but we are making an effort.

Double Ring Ceremony Unites Miss Kay Frances Craddock, Everett McDaniel 8 New Families Move To Gorman

Miss Kay Frances Craddock of Sundown and Pvt. Everett Buell McDaniel of Levelland exchanged wedding vows at 2:00 p. m. Saturday, July 6 in a double ring ceremony at the First Baptist Church in Sundown, Texas.

The bride is the daughter of Mr. and Mrs. W. A. Craddock of Sundown and the granddaughter of Mr. and Mrs. Roy Crawley of Ranger. Parents of the bridegroom are Mr. and Mrs. Wade McDaniel of Levelland.

The Rev. Glenn Reece performed the ceremony before an altar background of a single basket of white gladiolas and blue mums flanked on either side with palms and candelabra entwined with greenery. Family pews were marked with white lighted candles with blue and white satin ribbon.

Miss Carolyn James of Sundown, organist, played traditional wedding music and accompanied soloist, Danny Clark of Sundown, as he sang "Whiter Thou Goest," "Love Is A Many Splendor Thing" and "The Lord's Prayer."

Escorted to the altar and given in marriage by her father, the bride chose a formal princess gown of white peau de soie and venice lace featuring a lace scalloped camelot neckline and three-quarter length elbow flared sleeves also applied on the lace with a scalloped hemline. The fitted bodice fell gently to the A-line designed skirt and caught a bouffant chapel train at the back, held by a matching bow. The Alencon lace covered pill box

Cedric Bettis Hired As Principal For Gorman Hi School

Mr. Cedric Bettis has accepted the position as high school principal to replace Mr. Smith, who took a position in Brownwood. Mr. Bettis is a graduate of Baylor University with a Masters degree in Physical Education and a minor in social studies. Mr. Bettis has coached in Ballinger and Belton before coming to Desdemona four years ago as superintendent. He will be teaching social studies and health in high school. Mr. Bettis is married and has two children. They are members of the Baptist Church.

Mr. Garrett reported to the Board that the Federal Funds for Title I had been cut over \$1400 from last year. With this cut in the Federal Funds it appears at this time that money will not be available for a teacher's aide. The school has employed an aide and a teacher during the past two years from Title I funds. This year's allocation has been cut to less than \$8000 for Title I. Title II funds have been cut from \$830 to \$328 for this year. Title II is used for library materials only.

Did you get hot at the Miss Gorman Pageant? Many people have expressed the desire to have the auditorium air conditioned. The board has discussed this matter and would like very much to do this but at this time with the building program going on, the school will be short of money. The board is curious to know if the various clubs and organizations of the community that make use of the auditorium would like to help raise funds for this project. It would be very fine to have the auditorium air conditioned so that it could be used at any time in comfort. If there is any one individual or organization that would help on this project, contact Mr. Garrett or one of the board members. Cost of the project would be \$600-\$700.

Reception in Joe Craddock Home - Immediately following the ceremony the bride's uncle, Mr. and Mrs. Joe Craddock were hosts for a reception in their home.

The bride's table was laid with a floor-length white net cloth over blue, and centered with the bridal bouquet and four white candles in crystal holders. Crystal and silver appointments completed the table setting.

Mrs. Richard Patton of Levelland served the three-tiered wedding cake, which was decorated with pale blue sugar spun roses and topped with a miniature bride and groom. Mrs. "Butch" Giddens presided at the punch service. Miss Linda Edwards registered guests. Other members of the house party included Miss Debbie Craddock, Mrs. Earl Houx, Mrs. Edward White and Mrs. Bishop Craddock of Comanche.

History Of Music Given At W. C. S. C. By Mrs. Don Bolt

Mrs. Donald Bolt, speaking to the Woman's Society of Christian Service on Tuesday morning at the United Methodist Church, told of music in the life of man. She traced the development of music with the progress of civilization as she gave emphasis on church music.

The first instruments used in expressing man's emotions in praise to God or as the case might have been to his gods, were of the simplest construction having only three tones. She cited the lute or lyre as an example.

Possibly the first form of song was the chant, much of which is and was used by the Hebrews and which had its place in the Westward Ho era of the United States.

Great progress was made during the Renaissance in the invention of both wind and string instruments and in music composition by the Masters, Hndel, Bach and Beethoven, among others.

At the close of her address those present enjoyed hearing excerpts, Glory to God and the Hallelujah Chorus from a recording of The Messiah.

Mrs. Charles Duran gave the devotional, reading from Isaiah

HONORS COUNTY DRESS REVUE GORMAN YOUTH TAKE TOP

These 40 Eastland County girls were graded on how well they stand and model their dress, how well the pattern and material fits their personality, how well they have constructed it, and their record books are judged very closely to see what each girl has learned and how they are putting their knowledge to use.

Brenda Browder served as a junior leader and along with her mother and Mrs. James Kinser helped the other girls and Krista Henderson and Kathy Ripley make their dresses. Krista and Kathy didn't think they had time to make their record books and were unable to model at the county show, but from what we heard they would have come in winners, too. All of these girls learned how to use a machine, 'thimble, lay on and cut out a pattern, and several other things that they will be using for years to come.

Ray Burns Takes Honors At B'wood Pecan Show

Ray Burns won a first place with his Barton in-shell variety from the Texas State Pecan Show Judging held Monday at the opening of the 47th Annual Texas Pecan Growers' Association Conference.

Some 398 entries from across the state were judged in the show by Herman Hunrichs and E. L. Whitehead of Oklahoma State University and B. G. Hancock of Texas A&M University.

Other area winners in the show were C. E. Smith of Rising Star who walked away with several honours, having three first place and five second and five third place ribbons, making him the largest single winner of this area.

W. H. Smith of De Leon won a first place with Burkett and a second with the native Mohawk.

The near 400 visitors to the convention gathered at 9:00 a. m. Tuesday for the hearing of the 16 scheduled papers concerning pecan production. On the program were specialists from the Texas Extension Service, Texas A&M University and pecan association officials.

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C. — IN 1951, THE CHAIRMAN OF THE FOREIGN AFFAIRS COMMITTEE of the Congress, with two other members of his Committee, made an exchange visit with the House of Deputies of Uruguay. One primary purpose of our return contact was to make known our awareness and concern that beef imports from their country were out of line with their ability to produce and that the origin of their exports was mainly from the Argentine.

THIS IS BESIDE THE POINT EXCEPT TO EXPLAIN that three U. S. Congressmen (2 Democrats and 1 Republican) in trying to make a good impression committed a "faux pas", which was almost fatal to our mission.

On the morning of our official visit to the Chamber of Deputies—their members called Deputados—we were given a white carnation for our lapel. We thought it nice and pinned it on. Advised by our Ambassador that white identified one political party and a red flower represented the other, we quickly accepted a red carnation and wore both, looking something like a pot plant.

MOST COUNTRIES WHICH HAVE ONLY TWO OR THREE political parties have some representative insignia. It may be an animal, a fowl or other objects of identification.

OURS, OF COURSE, ARE THE DEMOCRATIC DONKEY AND THE REPUBLICAN ELEPHANT. IT WAS IN 1870 THAT THOMAS NAST, a political cartoonist, first used the donkey as a Democratic Party symbol.

ON JANUARY 15, 1870, HARPER'S WEEKLY PUBLISHED a Nast cartoon depicting the donkey in the "Copperhead Press," (anti-war faction) kicking a dead lion which represented Secretary of War, Edward M. Stanton. Writers at the time interpreted Nast's cartoon representing the Democratic Party as one of "noise and obstruction" which he believed it to be.

THE DONKEY WAS USED IN CONNECTION with Andrew Jackson's campaign for the Presidency. Jackson's proposals to help the people were viewed with alarm by the opposing Party, which labeled him a "Jackass."

JACKSON SEIZED UPON THE OPPORTUNITY to capitalize on name calling and won a sweeping victory.

THE SYMBOL CAUGHT ON, ALTHOUGH SOME RESEARCHERS have since said that Nast did not actually portray the donkey as the symbol of the Demo-

DESDEMONA NEWS

By MRS. ETHEL KEITH
Mrs. Doco Williams has been a patient in the De Leon Hospital for several days and is reported

slowly improving at home.
Mrs. Morgan Roberts was a surgical patient in the De Leon Hospital a few days the past week.
Mrs. Polly Brown was a patient in the Dublin Hospital a few days last week, but is home at present.
Mr. and Mrs. Bernard Keith

Vicki, Tami and Bradley Mark of Houston spent the long weekend holidays with his mother, Ethel Keith, and together they attended the Cisco July 4th entertainment at Lake Cisco. Also attended the entertainment at the amphitheatre at Kendrick on the night of July 4th. Bernard and family left for home Sunday evening, but Vicki stayed behind with her grandmother and will go to Odessa early this week and then on to Canyon City, Texas for a two week band encampment.

Mr. and Mrs. Glenn Thiebaud of Kilgore spent the long holiday weekend here with her parents, Mr. and Mrs. R. P. Lewis.

Mr. and Mrs. C. S. Eldridge had their children home for the week end.

The women of this community fixed a Sunshine Box and sent it to Mrs. Helen Collum, who is a bed patient at her home until her baby comes.

Mrs. Ina Jones of Olden spent Sunday night with her sister, Mrs. Ethel Keith.

Mrs. Lenn Brown and daughter, Bonnie Huff of Fort Worth, Lucille Prazdal of Summerville visited the R. A. Browns on the past Sunday. Also Robert Brown and family were weekend visitors with his parents, the Browns.

Miss Pamela Williams, daughter of Corpus Christi, is here to visit Ulena Roberts for an extended visit.

Quite a number from here were in De Leon Monday afternoon to attend the funeral for Delton Nabors. Delton was a mortician and very much admired by all who knew him.

Graveside services were held on Monday afternoon at 5:00 for Mrs. Evie Carr of Kermit.

Evie Logston married Oscar Carr and to this union was born three boys, Ewel (Ford) Carr, Bud Carr and Felton Carr.

Evie is survived by her husband and the three sons and several grandchildren. The Carrs have lived in Kermit for several years.

Friendly Ladies Challenged In Study Of Faith

The Friendly Ladies of the Methodist Church, meeting in the parsonage Wednesday evening, June 27 for their regular monthly get-together, were challenged to a depth study of several facets of Christian living.

Mrs. Clinton Revels lead the devotional, "Faith and Our Belief." With selected New Testament scripture she told how faith is increased by belief in God's omnipotence and His omnipresence, which pointed out can be recognized by his constant care. The creator and ruler of the universe, whose work never ends, yet He has time to provide our daily bread. The devotional was

August 1 Deadline For Crop Reporting

County farmers will be required to report their acreage in the county office no later than August 1, Mr. R. G. Lyerla, Chairman of the Eastland ASC County Committee, announces. This date is the deadline for reporting these acreages. This includes peanuts, cotton, feed grain, and diverted acreage. Wheat reporting has been completed.

Failure to report the acreages will result in loss of credited history for 1968 and loss in price support payments, Mr. Lyerla states.

closed with an intercessory prayer for divine guidance.

The question "to judge or judge not", a carry-over from the Sunday morning class session, was considered. Mrs. Charles Duran termed "judging one another in Christian fellowship as a virtue allowed, perhaps a duty if performed in humility and love."

During the business session, conducted by Mrs. C. R. Day, the class agreed to pay for purchase of a player to be used in the Children's Department. The player will facilitate the use of additional study material.

Cherry cream pie, a delicious and attractive culinary concoction of the hostess, Mrs. Joe Davis, was served with coffee and, or cold drinks during the social hour.

MINNIE ASH UNDERGOES SURGERY IN LUBBOCK

Minnie Ash underwent major surgery on Monday in Methodist Hospital in Lubbock.

Minnie has many friends in the Gorman and Desdemona area who will be wishing to send her well messages. She is in Room 631 at the hospital and mail will reach her at this address.

GEORGE BELL UNDERGOES EMERGENCY SURGERY

George Bell underwent emergency surgery on Sunday, July 7 in Harris Hospital in Ft. Worth.

Mrs. George Bell was a patient in the hospital and Mr. Bell was at the home of his daughter Mr. and Mrs. Fred Bennett in Cleburne.

Both are recovering satisfactorily and cards and letters may be sent to them at the hospital. Mr. Bell's room is 500 and Mrs. Bell is in Room 566.

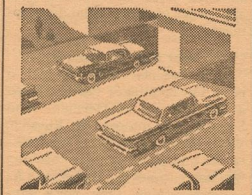

Mr. Lyerla goes on to state that 901 farms will have to report, of which 150 farms had reported as of July 1. Farmers who have received or requested measurement service, either before or after planting, will still have to report their acreages in the county office. Mr. Lyerla further states that all farmers will have to come in to the county office themselves and report this acreage before August 1st.

Mr. Lyerla is urging and asking for full cooperation of the farmers with the county office on this matter.

Velma Bennett visited from Saturday to Wednesday in Cleburne with Mr. and Mrs. Fred Bennett and family.

let's not let a computer come between us

Sure, we use computers. They are great for speed and accuracy and efficiency. With more than 370,000 customers to serve, we don't know what we'd do without them for paper work and to figure out things.

But computers will never take the place of people, because to a computer everybody's just a number. Computers don't smile, or call you by name, or show a personal interest, or reflect a friendly and helpful attitude. Not even ours.

So we have real living, breathing people . . . friendly people ready and anxious to help when you have a problem or want information about your electric appliances or electric service. We're trying to live down the computers. This may be the computer age, but we're not going to let a computer come between you and us, ever.

Surmounts His Handicaps

By LLOYD MAFFITT

Following article was taken from the Friday, June 21 issue of the Burlington, Iowa Hawk-eye:

At the recent commencement exercises of Indiana University, two of the candidates for the degree of Master of Arts were a 23-year-old ex-Burlington woman and her 24-year-old husband.

They are Carol Ross Stacy, daughter of Mr. and Mrs. Tom A.

Ross, 603 Harrison Ave., and Mike Stacy, son of Mr. and Mrs. Elmer J. Stacy of Fort Worth, Texas, and grandson of Mr. and Mrs. W. J. Ormsby of Gorman, Texas.

The couple almost immediately started working on doctorates.

Mike Stacy plans to enter the diplomatic service despite a handicap so severe that a lesser man would never attempt it.

In 1950, when he was 6, Mike was stricken with polio. As a result, his left arm is dead - he carries it in a leather sling - and his right arm is crippled.

The disease didn't affect either his mind or his spirit, however, and he taught himself to operate an electric typewriter with his toes and has mastered three foreign languages - Spanish, German and Russian, of which the last two at least are extremely difficult.

Mike is downright casual about his impediment which, he says, "doesn't slow me down much - I do about everything a normal person does."

He does indeed. In addition to carrying a brain-cracking college load, Mike enjoys cooking - he whumps up gourmet meals for the small dinner parties he and Carol give - and he and she teach classes of first-graders in the Sunday School at Bloomington's First Methodist Church. One Sunday Mike cooked a Mexican dinner for the youngsters.

In recent months he and Carol have had the experience of being landlords. They rented a large house and have been sub-renting rooms to students to help make ends meet.

"We try to rent to foreign students, so we and they can practice languages - they English with us and we Spanish or whatever with them," Carol related.

Mike had just completed the first grade in school in Ft Worth when he was stricken. He was completely paralyzed and never got back to school until he was a sixth grader and couldn't master the art of writing until he was a high school sophomore.

During the months he was in the hospital, he and some 40 other polio victims were given such schooling as they were able to absorb by a woman who came to the ward to teach them - a challenge to the teacher, as the children were of different ages and stages of educational development.

Bent For Languages

Mike learned that he had a bent for languages and obtained a BA degree in German and Spanish. He minored in Russian. While working on their doctorates, he and Carol will be teaching Spanish studies at Indiana. As undergraduates, they were supported in part by stipends obtained under the National Defense Education Act.

Mike's MA is in Russian; Carol's in Spanish literature. As a result of a conference with

HIGHLIGHTS And SIDELIGHTS From State Capitol

By Vern Sanford

AUSTIN, Texas - When the special session of the 60th Legislature called it quits and went home, its accomplishments seemed scant - from a cold statistical point of view.

During the 30 days of the session called by Gov. John Connally, the 150 House members introduced 32 bills, and the 31 senators kicked in 30. When all was said and done, only five House bills and no Senate bills were passed.

However, two of those House bills were the reasons Connally called the session in the first place. So their passage within the allotted 30 days gave an appearance of success to the session.

One, of course, was the bill making state appropriations for the fiscal year beginning September 1, and the other was the tax bill to raise the money to pay for all those appropriations.

Texas taxpayers will start feeling the bite October 1 when the one-cent increase in the state

U. S. State Dept. officials, Mike decided to qualify himself in both Latin American and Russian language, literature, culture, politics, and economics.

"The State Dept. wants its men to be familiar with at least two areas of the world," he explained. "Right now, both Russia and the USA have their largest diplomatic corps in Latin America, and that's where he wants to go."

Mike and Carol met in Monterrey, Mexico, where they had gone for summer Spanish study. They were married two years ago - June 21, 1966 - in Oak Street Baptist Church.

Their wedding day fell on the golden wedding day of Carol's grandparents, Mr. and Mrs. Arthur Clarence Rieke of 1200 Cook St.

Winning Essays

By a quirk of fate, Carol, when she was 16 and a Burlington high school junior, won first prize in an essay contest. The subject: Hiring the Handicapped. The sponsor: The President's Committee on Employment of the Physically Handicapped.

A few days later she won second place in a state-wide essay contest sponsored by the United Nations Ass'n. The following year - 1962 - she won third prize in the same contest. That spring she graduated from BHS and in '66 she got a BA at the University of Iowa.

The Stacys agree - despite Mike's outstanding scholastic record - that for some inexplicable reason girls tend to do better at languages than boys.

The Stacys said that none of the languages they've studied, however, was so difficult for them as English - with its notorious disregard of its own rules - is for foreigners.

The Stacys got their MA's in absentia - they missed commencement so they could be in Burlington for the BHS exercises.

"I'm glad we did, too," Carol said. "My sister, Mary Beth, was awarded the Marilee Fladt Scholarship, and we wouldn't have missed that for anything - it was a complete surprise to us all."

Mary Beth plans to follow in the footsteps of her brother-in-law and sister, studying languages at Indiana.

sales tax, the one-cent increase in the motor-vehicle sales tax and the 50-cent-per-\$1,000 increase in the franchise tax go into effect.

Rep. Frank Lombardino of San Antonio sponsored the only other new law of interest to the average citizen. It prohibits the carrying of pistols or other concealable weapons into alcoholic-beverage establishments.

AUTO INSURANCE RATES RISING - State Insurance Board experts have recommended an increase of about 2.8 per cent in auto insurance premiums.

Although statewide averages are misleading since rates are set by 40 different territories, liability coverage appears to be going up on 33 zones for most drivers. Young drivers face higher rates in 22 territories, lower in seven and the same in 11.

Bigger increase will be for comprehensive and collision policies where the insurance board staff has recommended a hike of 7.7 per cent and 7.1 per cent respectively. Insurance company spokesmen claim rising cost of parts and repairs has offset a better traffic accident record.

CITY SALES TAX UP - Cities are finding the new local option sales tax a better money-maker than they figured when more than 270 voted it into effect during the last few months.

Collections for the first quarter of 1968, generally the worst business period every year, ran about twice what was expected. Here's the way it turned out for the 14 cities which pioneered the sales tax:

Aransas Parr, \$15,746; Austin, \$641,003; Bracketville (pop. 1513), \$994; Corpus Christi, \$544,765; Elgin, \$4,867; El Paso, \$709,686; Henrietta, \$4,756; Ingleside, \$2,688; Nacogdoches, \$58,835; Orange Grove (pop. 1109), \$1,318; Port Aransas, \$2,107; Taylor, \$17,116; Texarkana, \$101,765; and Wichita Falls, \$236,235.

SALES TAX SCHEDULE - When the new increase in the state sales tax goes into effect on October 1, shoppers in cities which have adopted the city sales tax will begin paying the first of the four pennies when they spend their first 13 cents.

Tax applicable to city-sales-tax-covered sales: From 1c to 12c, no tax; 13c to 37c, one penny; 38c to 62c, two pennies; 63c to 86c, three pennies; and 87c to \$1.12, four pennies.

Shoppers in areas where there is no city sales tax are facing this schedule: 1c to 16c, no tax; 17c to 49c, one penny; 50c to 83c, two pennies; and 84c to \$1.16, three pennies.

However, the Legislature did kick in a few more exceptions. One exempts sales through a coin-operated vending machine when each sale is for 16 cents or less, and another will exempt shipping charges when they are figured separately from the price of the commodities.

A third will exempt machinery used exclusively on farms or ranches in the building or maintaining of roads and water facilities, and exempted from the new third state penny will be sales resulting from a written contract entered into before October 1, and sales for which bids were submitted prior to October 1.
