CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Richard Lee Rodebush, De endant, Greeting: YOU ARE HEREBY COM-MANDED to appear before the Honorable 91st District Court of Eastland County at the Court-house thereof, in Eastland, Texas, by filing a written answer at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 18th day of November, A. D. 1968, to Plaintiff's Petition filed in said court, on the 30th day of Sep-tember, A. D., 1968, in this cause numbered 24,984 on the docket of said court and styled Madeline Ann Rodebush, Plaintiff, vs. Richard Lee Rodebush, Defend-ant. YOU ARE HEREBY COM-

A brief statement of the nature of this suit is as follows, to-wit: This is a suit for divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served rithin ninety days after the date f its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Eastland, Texas, this the 2nd day of October A. D., 1968. (SEAL)

Here's why J. O. (Junior) Jackson, Route 3, Gorman, Texas, feels that way about his new Lilliston, which he's using right now:

"I like it because you can run in a lot more conditions with it than you can with other peanut combines. And there have been no maintenance problems whatever with my 1500. "It does a fine job picking, and that new diverter on the '68

Lilliston keeps the dirt and dust off the operator. "I've run with the other combines, but I find that you can do more with the Lilliston, especially in tough conditions."

> **Overwhelming testimony proves** the Lilliston first in the field

Have you seen the new Lilliston?

The Rising Star Wildcats were picked to waltz through the dis-trict race with honors this year, but the Gorman Panthers came within an inch of upsetting their lofty ratings and also spoil their homecoming. The Panthers bat-tled the Wildcats from start to finish and if it had not been for those red flags in crucial situations, the Red and Blue could have won the game. The entire team is to be com-mended for the all-out effort, a-long with the coaches Neill and Smith, in preparing for the game.

cock. Sounds in preparing for the game. With so much outstanding play ti was most difficult to select the boy that would get the "Head hunter of the Week" award, but a very deserving boy barely edged out a couple of his team-mates and that player was Bill Kirk, a junior, and an end that has been improving each game. J&S

J&S Each week when we select the teams we think will win in our predictions we usually can (we thinks) pick at least two cinches. Last week we both pick ed Houston over Okiahoma St. thinking these were those cinch es, but boyl, did weg t a wrong number. Not only did Ohio State beat Purdue, but shut them out 13-0, the highest scoring team in the nation. Just shows to go ya you can never tell about the game of football. We both hit a 70% average this week, and as the Southwest Conference gets to playing each other we can expect more up-sets. Maybe we will be lucky to get a couple this week. Neverthe-less, it looks this way for the weekend: In 1964 Wilhelm's place die

In 1964 Wilhelm's place did not have enough forage to run an animal unit per 35 acres. Since that time he has built 2710 feet of cross fences, planted 17 acres of coastal bermudagrass, and dozed 96 acres of mesquite and tak brush. Wilhelm has 139 acres planted in K. R. Bluestem, side-oats grama, and bluestem mix-tures. There is approximately three times as much forage on the place than there was in 1964. The loct stop will be at Hath-

the place than there was in 1964. The last stop will be at Hath-cock's place. When he acquired this farm, the oak brush was so thick that cows could hardly be found in the pastures. In 1966 he began a rotation-deferred graz-ing system on his rangeland with goats and cattle. He sprigged 86 acres of coastal bermudagrass to graze in the spring and summer. This allowed him to rest his rangeland during the growing season. He built 2 ponds for live-stock water, constructed 340 feet season. He built 2 ponds for lave-stock water, constructed 340 feet of pipeline for livestock water and built 1796 feet of cross fences At the present time his range-land is almost void of brush and has an excellent stand of blue-grass and Indiangrass. Hathcock's mercelond will carry an animal angeland will carry an animal unit to 15 acres and his coastal mermudagrass will carry an ani-nal unite per 2 acres for six nonths.

WOULD YOUR CONGRESSMAN **VOTE FOR GEORGE WALLACE?**

Some fine Texans are tempted to vote for the 3rd party candidate because they admire his stand and his statements on some of the major campaign issues . . . ?

STQP AND THINK WHAT WILL ACTUALLY HAPPEN ... The best that Wallace supporters can hope for is

enough strength to throw the election into the turmoil of a Congressional election by the House of Representatives ...

THEN WHAT HAPPENS?

The answer is certain and simple. Wallace supporters are at the mercy of Washington Politicians! Every vote for George Wallace automatically becomes a vote for Hubert Humphrey!

THERE IS A BETTER CHOICE

A vote for the NIXON-AGNEW ticket is a positive vote for "change" with the definite promise that our Na-tional Affairs will take a new direction ... the direction you want it to take!

YOU CAN TAKE OUR WORD FOR IT!
