#### DONALD WAYNE FOX **RECEIVES DEGREE**

Donald Wayne Fox, son of Mr. and Mrs. T. W. Fox of Grand Prairie, was awarded gree by the Kirksville College of Osteopathic Medicine, Kirks

ville, Missouri. The degree was conferred at the May 22 graduation exercises. Having completed four years of professional study in the clinical and basic sciences, Dr. Fox will enter internship at Grandview Asteopathic Hospital in Dayton, Ohio.

While a student at Kirksville, Dr. Fox was a member of the Undergraduate American Academy of Osteopathy and the Undergraduate Chapter of the American College

of General Practitioners in Osteopathic Medicine and Surgery.

He served his social fraterof Texas at Arlington where nity, Iota Tau Sigma, as preshe earned a BS degree in 1966 and at East Texas State in an MS in 1968.

He received pre-medical Dr. Fox is the nephew of preparation at the University Mrs. Hazel Decker of Gorman.

## Letter To **The Editor**

When I scan the list of hospital patients in the Telegram I notice there are people from almost every community in the county represented. Names familiar to me from earliest childhood. It sets me to wondering how life has treated these old friends, and I breathe a prayer for all who still live and upon descendents of these families. For instance, would anybody know about the descendents of the following families: Russells, Capers, McDaniels, Davids, Rogers, Tankersleys, Underwoods, Suttons, Sprad-

lings, Echols, Pritchards, Moates, Cranfills, Summers, Wimballs, Halls, Bryants, Burlesons, Gleasons, Martins, or Alsabrooks?

This is not complete list but are names which flash upon the canvas of memory and arouse a sense of gratitude that DOYAL RHODES, Owner I knew them and they contributed pleasure to my early life. If any of these are still

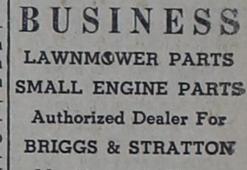

living, or if there are the descendents of these names, it would be a great joy to have a word concerning them, and

how they are doing. All of the ones named above lived in and around Gorman. and will always be in my memory and my prayers.

Electric service, which does many things well all year round, is doing the most for you when it's adding to your comfort and convenience in the summertime.

Refrigerated air conditioning, evaporative coolers and fans help make life more pleasant under the Texas sun. Refrigera-

tors and freezers work harder in summer. Your other electric appliances stay on the job, too. Increased use of electricity in the summer -mainly for air conditioning-means higher

electric service bills. But considering how much it does for you, electric service is a big value Particularly in summer, when it's doing the most for you.

### Ask for a copy: 8 . AYS TO SAVE MONEY ON AIR CONDITIONING.

Summer comfort

makes your electric service

a big volue.

If you'd like some tips that may help you save on your air conditioning operating cost, call our office and just ask for a copy of "8 Ways." We want to help you get the most value from your electric service.
