Area Residents To Get Insurance Rates Reduced

Area residents can expect a major reduction in the cost of extended coverage insurance on their homes by January 1, State Rep. Joe C. Hanna, said today.

The announcement came after a day-long meeting Monday between State Insurance Commissioners and Rep. Hanna and Rep. Renal Rosson of Snyder, chairman of the House Interim Committee studying extended coverage in Texas.

The savings to area residents will be brought about by changing not only rates but territorial lines, according to Rep. Hanna. The changes will result in a 15 to 25 percent reduction to the people, he believes.

The Interim Committee has been studying the rating system of extended coverage in Texas since June, and Rep. Hanna has contended that the system which makes rates in this area as much as 3 1/2 times higher than rates in adjoining counties is inequitable and basically unfair.

According to Rep. Hanna, Insurance Commissioners Durwood Manford and Ed Price agreed that extended coverage insurance here is definitely excessive, and that meaningful changes would be made bringing about reduced rates. Rates and territorial lines are scheduled to be changed, effective January 1, according to the Commissioners.

Gorman Site To Be Point For WTRC Sale

Col. Tex Herring, chairman of the Cattleman's Round-Up for Crippled Children Farm Equipment Sale, has announced that Troy Johnson of Gorman will be serving as area farm equipment chairman for the Gorman area.

The sale is the final phase of the Cattleman's Round-Up for Crippled Children to benefit the West Texas Rehabilitation Center in Abilene. Herring said the sale is set for 10 a. m. Saturday, November 11, 1972 at the Tex Herring Equipment Company in Lawn, Texas. Herring added that he hoped everyone in the Gorman area will contribute some farm equipment or farm related item for the sale. He said, "We're taking anything from trace chains to tractors."

The Troy Johnson Trading Center will be the area gathering point for items. Donors should contact the area chairman, Troy Johnson.

Troy states "if people will bring the items they want to give for the auction to my place I will label them and see that those in charge of the sale will know who gave the items and will acknowledge same."

Mr. and Mrs. Tommy Clark of San Marcos were weekend visitors of their parents, Mr. and Mrs. Bo Hood and D. R. Clark.

GENERAL ELECTION TUESDAY

The General Election will be held Tuesday, November 7 at the Fire Hall. Odie Bright will serve as the election judge and clerks will be Dorothy Hatcher, Donnie Parker, Viola Eaker, Frances Simpson and Doris Kent.

Polls will open at 8 a. m. and close at 7 p. m.

Persons wishing to vote should bring voter registration certificates. All persons who have registered 30 days prior to the election are eligible to vote.

Methodists To Sponsor Sale November 9-11

The 1972 Lord's Acre Program of the First United Methodist Church will culminate with a sale of food products, decorative items for the home, clothing items and hand work on November 9, 10 and 11th. The sale will begin at 9:00 a. m. each day and will be held in the grocery store section of the Masonic Lodge Building next to Higginbothams.

This project involves the entire community as one of its major goals again this year is the raising of funds to assist in purchasing a major piece of hospital equipment — a portable X-Ray Unit. This is a vital part of the hospital diagnostic system and is used in emergency accident cases as well as for patients who, for any reason, cannot be taken into the regular X-Ray room. Other uses of money raised include various repair and maintenance activities pertaining to local church property.

Mrs. Helen Collins is heading the arrangements committee that is organizing the sale. Othell Clark has assumed the responsibility for a committee to clean and prepare the store building for the sale.

Coffee and baked items will be available throughout the 3 days for shoppers, lookers and those who wish to drop by for refreshments.

Rehabilitation Nursing Educ'tn Held in Gorman

Basic Rehabilitation Nursing Techniques for Community Hospitals and Nursing Homes was the topic discussed by Jack Heath, administrator, and Doylene Shipman, RN director of nursing service of Blackwell Hospital; Lillie Ogle, RN, director of nursing service, Lawndale Home; Verna Hancock, RN, coordinator of Health Services Education in West Cross Timbers Project GRO Area; and Freda Daugherty, training coordinator from Rosewood Rehabilitation in Houston.

Meetings were held in each of the above facilities to obtain help in developing a meaningful program.

With the assistance of project GRO member hospitals and nursing homes, the Rosewood Rehabilitation Center is designing a training program that will include a package of training aids. When completed, representatives from Gorman and other project GRO Areas throughout Texas will travel to Houston for an intensive training period. They will then return home and begin to use rehabilitation techniques and to implement rehabilitation nursing in-service training programs in the Gorman community.

Both the Project GRO network of Community Health Care Service Education, and the rehabilitation nursing

Know Your School

By C. L. Garrett, Supt.

I guess that many of you are wondering what happened to the annual Halloween Carnival, which has been sponsored by the school for the past several years. After much consideration of the amount of time that was involved by faculty members, students, and parents, the decision was made not to have the carnival this year. It was decided that some other project would be substituted for the carnival as a money-raising project for the athletic fund, which was the main purpose of the carnival.

For this year the faculty will sponsor a night of fellowship and fun with a chili and bean supper. The date for this event has been set for Monday, November 20, at a time yet to be announced. It is our plans to try to have some type of program that will appeal to all age levels, which will be presented by some of the students under the direction of the faculty. More details of the program will be announced later.

Since this event is for the purpose of raising funds for the athletic department, the Booster Club has been asked to assist. I wish it were possible that we could manage without having any type of fund raising projects for the school, but am sure that you can realize that in a school our size with limited finance, this cannot be done. We may be calling of some of you to help out either with labor or food to be served. Committees will be working on the details and if you are asked to help, I am sure that you will do so. Mark your calendar now for November 20th for chili, beans and pie.

Federal All-Risk Crop Insurance Available in 1973

WASHINGTON, D. C. — Congressman Omar Burleson announced today that Federal All-Risk Crop Insurance on peanuts will be made available to growers in seven Texas counties starting in 1973.

The counties in which Texas peanut growers will have the opportunity for the first time to insure their peanut production expenses against loss from unavoidable causes are Comanche, Eastland, Erath, Frio, Hood, Wilson and Atascosa.

"This action is most gratifying," Congressman Burleson stated. "I have made personal pleas to the Federal Crop Insurance Corporation, as well as the Agriculture Appropriations Subcommittee in the House of Representatives for such an arrangement. This is a great advance for peanut production in our area."

Mr. and Mrs. Iley were married on November 1, 1922. She is the former Lera Gowan.

CHURCH OF CHRIST TEENAGE CLASS HONORED WITH PARTY SUNDAY

Mr. and Mrs. Fred Rogers were hosts for a Halloween party after church services Sunday night for the Teenage Class of the Church of Christ.

Following a series of games and a scavenger hunt, refreshments of pimiento and chicken salad sandwiches, varieties of dips and chips, cake and punch, were served to the following: Kellye Stewart, Tammy Simpson, John Mearns, Deliah Eaves, Brent Foster, Mark Eaves, Ronald, James

The Tigers got on the scoreboard in the second quarter after starting a long drive from the Panther 48 when Ronnie Schulze bolted the final yard for the touchdown with 11:20 left on the clock in the second period. The run for the two point conversion failed and Blanket led 6-0.

The Panthers took the kickoff on their own 25 and Bill Baze rambled to the Panther 44 on a QB sneak before losing the ball on a fumble. From here the Tigers scored in ten plans, featuring a 27 yard pass play, with Ronnie Schulze getting the final 2 yards off his right side with 7:00 left on the clock. Schulze also added the extra point to make the score 13-0.

On the ensuing kickoff the Panthers took over on their own 20, lost 5 yards on a penalty, then as Bill Baze faded back for a pass try, Phillip Wright pulled him down in the end zone for a safety, and the Tigers were ahead of the surprised Panthers 15 to 0.

However, from this point on the Big Red Gang came to life. After kicking to the Tigers via a punt the Panthers took over on their own 40 after a fumble recovery. From here the Big Red moved the distance in six plays with Kelly Henderson electrifying the Gorman fans on a beautiful 17 yard scamper off his right side for the touchdown with 3:30 left in the first half. A pass to David Porter added the two-point conversion.

The Big Red Angry Gang again stopped the Tigers cold on the following Blanket possession and took over the ball following a punt on their own 15 yard line. One running play got 2 yards, the Tigers were penalized 5 yards, then Henderson got a first down on a five yard burst. Then Bimbo Roberts added 3 yards on a run before Bill Baze hit Henderson on a beautiful pass down the middle, which Kelly caught and raced 69 yards for the score with 1 minute left in the half. A pass for the 2 point try failed and the Panthers had pulled to within 1 point of the Tigers 15-14.

JOE ROBERT UNDERWOOD HONORED ON BIRTHDAY

Joe Robert Underwood was honored on his sixth birthday Thursday afternoon, October 26th at the Fire Hall by his parents, Mr. and Mrs. Bobby Underwood. Also present to help with the celebration were his grandmothers, Mrs. Gene Underwood and Mrs. J. E. Lawrence.

Guests enjoyed games of London Bridge, Farmer in the Dell and Flying Dutchman.

The beautiful birthday cake was white with "Happy Birthday Joe" decorated in brown with a football made of chocolate. It was baked by Mrs. Doyle Preston.

Those attending were Buddy Broom, Russ Gressett, Jeff Ripley, Julie Brown, Lisa Foster, Genny Davis, Rhitt Harrison, Ashley Musick and his brothers, Aaron and Adam.

Also attending were Mrs. Musick and Joe's great-grandmother, Mrs. Marvin Lewis.

NEAL GURIN OF CULVER STOCKTON COLLEGE, KENT, MO. SPENT THE WEEKEND WITH HIS FAMILY.

Mrs. Gladys Lucke visited last week in Lamesa with her sister, Mr. and Mrs. Earl Heald. While there she also visited other relatives in Lamesa and Tarzan.

Mr. and Mrs. Britton Rhymes of Breckenridge spent Sunday with his brother, Mr. and Mrs. Frank Rhymes.

The Panthers went ahead for good in the third period when Bill Baze broke up the middle on a quarterback sneak, hit the open seam and raced 27 yards for the tally with 3:30 left in the third quarter. The kick for point failed and Gorman led 20-15.

The Panthers added the insurance touchdown with 6 minutes left in the game when Bimbo Roberts hit for the last 2 yards off the left side for the TD. Baze added the two pointer on a roll out, to make the final score 28 to 15, giving the Panthers their second victory. And it was a well deserved victory for the Big Red Gang.

After the Panthers came out of shock, they played a great game. The defense really got the ole spirit built up and did their job in a superb fashion. David Moore is our pick for the outstanding defensive player of the week. He showed great improvement in this game. Also a big slap on the back should go to Kenneth Butler for his job at a tackle position. He turned in a fine job. Richard Hattox and Steven Stinnett got numerous tackles from their defensive line positions. On offense we feel a big hearty "well done" should go to Larry Thompson, center, for the fine job he has been doing on the snap back. Also for his fine blocking. We also feel that Claude Ridens had his best night of the season at his end position with some fine blocking and the beautiful 38 yard pass he hauled in late in the game to keep a drive alive. Gosh, the whole Big Red Gang did great! Don't you think.

Henderson was the leading ball carrier with 105 yards on 13 carries. Roberts had 64 on 16 trips. Baze had 22 on 6 keeps with his yardage being low due to two pass try losses of 15 and 4. Kenneth Butler carried 1 time for 1 yard.

The Panthers will host a very fine Lometa ball club here Friday night at 7:30. The Hornets are leading the District 6-B race with a victory over Eden last Friday. The Hornets had better not come to town too overconfident however, because the way the Big Red have been improving the past few weeks, they are just apt to get knocked off. In fact I predict that we will do just that. Right, Panthers?

See you there.

HULLS

By Kernel Gene Baker, aPe

Perhaps you are wondering about the pictures above, because I doubt if many of you know them personally. They became members of the Quarter Century Club at the Texas Electric Service Co. Banquet which was held in Eastland Monday evening, Oct. 30.

Organized in 1948 the Quarter Century Club now has 51 members, many of whom are still active workers with TESCO. While listening to Burl B. Hulsey, Jr., president of TESCO, speak of the growth of their company from 9,750 customers to over 15,000 — and their increase in generating power from 107,000 kilowatts to over 30 times that amount, I looked at the pictures of these men. They work for me, and you. If they failed to do their job, the next time we pushed a button on the wall, or tried to start our presses, nothing would happen.

Final Rites For Mrs. Mabaline Powers Oct. 26

Funeral services for Mrs. Mabaline Powers, 56, were held at 10 a. m. October 26th in the Singleton Funeral Home Chapel of the Chimes in Andrews with the Rev. Ronnie Armstrong, pastor of the Calvary Baptist Church of Andrews, officiating. Burial was in the Andrews Cemetery.

Mrs. Powers, a native of Gorman, died October 24th, 1972 at 2 p. m. at the Permian General Hospital after a three year illness. She moved to Andrews four years ago from Morton.

Survivors include three sons, Tommy Wayne, Robert Lee and Troy Lee Powers, all of Andrews; three daughters, Mrs. Joe Ann Meredith, Mrs. Patsy Blake of Ontario, Oregon and Mrs. Billy Hobbs of Andrews; her mother, Mrs. La Underwood of Gorman; sister, Mrs. G. T. Leonard, and a brother, Homer Underwood, both of Gorman; and 17 grandchildren.

Pallbearers were Guy Ferguson, Dale Gross, Kenneth Henderson, Bernie Hobbs, Jerry Hobbs and Louis Perkins.

METHODIST CHILDREN HONORED WITH PARTY

It was "Treat" instead of "Trick" for 18 children of the First United Methodist Church children's department Sunday school classes last Sunday when the youth's class "treated" them with a Halloween party.

Fellowship Hall was decorated in the Halloween theme with Halloween faces for the children to take home, also Halloween faces painted on balloons.

Refreshments of homemade cookies and punch were served.

The party was held following the devotional lesson of the children's department.

Mrs. Bob Green is teacher for the youth class.

Closer home, Mr. Armstrong, manager of De Leon-Gorman area; W. C. Browning, J. S. Ripley, and Mrs. Mary Revels, assist Mr. Kilowatt in making our way of life easier.

Thereasa and I always enjoy these meetings. Others attending from Gorman were Mr. and Mrs. Ripley, Mr. and Mrs. W. C. Browning, and Miss Ozella Pulley, a Quarter Century member, and her guest, Mrs. Estelle Craddock.

Mr. Hulsey, speaking of the future, said: "just at the time when the nation's need for electric power is rapidly increasing, we are faced with both an energy crisis and a rising concern for the environment that is challenging the industry's ability to meet these needs."

"These major issues were brought into focus recently by the President in a message to Congress when he said our objective must be the 'blessings of both a high energy civilization and a beautiful and a healthful environment.'"

"Meeting both of these objectives will require more and more electric power to continue to improve our standard of living and to help clean up the environment."

Hulsey stated that in 1930, electricity accounted for only 10 percent of the nation's total energy consumption. Today it represents 25 percent, and by 2000 it is expected to supply 40 percent of the total energy needs.

He said that demands on the supply of natural gas have made it necessary to seek other long-term sources of fuel. Lignite reserves are being developed as an additional fuel source, but since lignite also is limited, the company is looking to nuclear power as the only proven reliable fuel source that has enough energy potential to meet future electric power needs.

The company announced plans last August for construction of its first nuclear plant near Glen Rose in Somervell County. It is scheduled to be in operation in 1980.

G. C. Acreas Honored on 42nd Anniversary

Mr. and Mrs. G. C. Acree were honored in observance of their forty-second wedding anniversary with a family dinner Saturday evening in the home of their son, Mr. and Mrs. Jan Acree of Friendswood.

Co-hosting the dinner were their daughter, Mr. and Mrs. Mack Sutton of Austin. Judy Phillips of Houston was a guest.

The dining table was covered with a white linen cloth, centered with an arrangement of pink carnations and purple statice. The special cake was decorated with pink roses.

The Acreas visited Friday in Austin with the Mack Suttons.

Weekend visitors in the home of Mr. and Mrs. W. C. Browning were their children, Mr. and Mrs. Joe Lewter and family of Sherman, Mr. and Mrs. Gene Snider and family, Mr. and Mrs. Woodrow Brown and family of Kokomo and Mr. and Mrs. Eddie Browning and family of De Leon.

De Leon Harvest Festival Slated For Saturday

The Harvest Festival has become well known in Comanche and adjoining counties. At least five churches, probably others, have used it to accomplish great things for their respective Methodist Churches.

November 4th is the day for the De Leon Methodists to celebrate their 10th festival. It is always a joy to welcome friends from other towns and

other churches to share this day of real Christian fellowship. It makes the celebration a little more joyful.

The day begins at 10:00 a. m. and ends with a barbecue dinner from 5 to 7 p. m. followed by the lively auction at 7 p. m. with Anthony Brinson, auctioneer.

A big, BIG WELCOME awaits everyone at the De Leon City Hall this Saturday, November 4th, when the Methodist folk of the De Leon Parish put together their 10th Harvest Festival.

Tomorrow's Housekeeping

By Samantha of Lestoil Homemakers Service

There was a news item the other day about a telephone company which has started hiring male telephone operators. Seems men feel this is a job they can handle as well as women. Now, if our men were only liberated enough to feel housework shouldn't be limited to women's work — wow!

One of the problems seems to be that housework, per se, just doesn't have a strong masculine image. But there are ways to try to change that... it's all a matter of attitude and the right approach.

For example, instead of saying, "Gee, you forgot to take the garbage out again tonight," try something like, "Honey, the garbage can is so heavy, I can't possibly lift it. Do you think you might be able to manage it for me?" Or, rather than, "Look, I've got fifteen million things to do this afternoon, can't you wash the car for a change?" try, "Darling, the last time I washed the car, I made such a mess out of it, do you think you could do a better job?" If he's the man he thinks he is, he'll immediately take over.

To get him off to a good start, make sure you have man-sized equipment all ready for him to use. Give him big sponges, big rags. Nothing small and sissish.

A pail of water will do away with grease and grime in a jiffy — used full-strength straight from the bottle, it works wonders on white wall tires and on getting dead insects and dried dirt off bumpers and grill. There's even something about Lestoil's pine scent that men like! It seems to smell masculine.

Cleaning out the garage is another "man-sized" job that calls for Lestoil's special grease dissolving ingredient. It cuts right through those oil stains on the garage floor... or on a cement driveway. Great for the basement floors, too.

Cleaning basements, attics, storerooms, playrooms, patios, outdoor barbecue areas, are all jobs that (with the right kind of nerve)

KOKOMO NEWS

By MRS. GLENN JORDAN

The weather the past couple of weeks is not what the peanut farmer would order, and they are anxiously awaiting sunny weather again so that they may resume the peanut harvest. We have had rain or drizzle almost every day for two weeks for a total between three and four inches.

Mrs. Wheeler of Carlsbad, N. M. and Mr. and Mrs. Floyd Wood of Carbon were visitors on Sunday night. A treat was in store for Mrs. Wheeler and Mrs. Wood when Bro. Joe O'Neal asked their brother, Albert Hendricks, to render the special music.

Mmes. J. C. Clearman, Vernon Fields, J. L. Morrow and J. C. Rodgers attended the Texas Baptist WMU meeting in Abilene on Monday.

Mr. and Mrs. J. C. Clearman visited with their daughter, Mary Jo, in Brownwood on Saturday and attended the homecoming activities at Howard Payne.

Mr. and Mrs. Jimmy Nelson and family and Cassie Nelson of Lewisville, spent the weekend with their parents, Mr. and Mrs. Clifford Nelson. They all attended the funeral of Mrs. Jimmy Nelson's aunt, Mrs. Lilly Keener, in Abilene on Friday. Mrs. Keener was killed in a car accident at Ranger on Wednesday night. We extend sincere sympathy to her family.

Mr. and Mrs. Odis Rodgers spent Monday night in Brownwood with a son, Mr. and Mrs. Bob Rodgers and Kevin.

Mrs. Aubrey Jacobs was able to return to her home on Monday from the Hendricks Memorial Hospital in Abilene. She is feeling much better, and we wish her continued recovery.

Weekend visitors with Mr. and Mrs. Euell Allison and Alice Ann were his cousin, Mrs. Ralph Hutchison and daughters, Mrs. Louise Beeler and Mrs. Nelda Beeler, all of Truro, Iowa. Others visiting in the Allison home on Sunday were Mr. and Mrs. J. C. Allison of Eastland, Rev. and Mrs. Weems Dykes and Jane of San Angelo, Mrs. Edith Foster, Carolyn and John of Lake Leon, Mr. Ed Allison and Miss Annie Allison.

Mrs. D. F. Eaves and Mrs. R. Q. Graham visited in Abilene on Sunday with Mr. Whitt Graham in West Texas Medical Center and Mrs. Aubrey Jacobs in Hendricks Memorial Hospital.

Mr. and Mrs. Bunk Wheeler of Carlsbad, N. M. and Mr. and Mrs. Floyd Wood of Carbon were visitors during the past week with Mr. and Mrs. Albert Hendricks.

Mr. and Mrs. Albert Hendricks visited in Eastland Sunday with Mrs. Geneva Sessum at Eastland Manor Nursing Home.

Mmes. J. C. Clearman, D. F. Eaves, J. L. Morrow, Albert Hendricks, Cullen Rodgers and Odis Rodgers of the Kokomo HD Club, were in Eastland to assist with the Senior Citizen's Bazaar and concession stand on Thursday and Friday.

**HALLOWEEN
PROTECT CHILDREN
FROM CRACKPOTS**

The most frightening horror of Halloween does not stem from the ghosts and goblins who ring doorbells with masked cries of trick or treat. Rather, it is the grotesque behavior of crackpots behind some of those doorbells who turn the children's evening of make-believe into a haunting nightmare.

Every year at this time, newspapers carry the heart-breaking stories of children who have been innocently duped by sick minds. Yet, every year the cautions go unheeded and November 1 sees the same stories all over again.

There is a solution to the problem, and it's a very simple one. Get together with your neighbors and plan an indoor trick or treat party for all the children. Buy your Halloween treats at a reliable store and buy only known brands of candy. A full line of safe Halloween candy is offered by Luden's, Inc., the Reading, Pa. candy and cough drop manufacturing company. Included are full size and miniature versions of their popular 5th Avenue and Nut Log candy bars as well as a wide variety of individually wrapped bagged items including candy corn, Spooky Treats, candy wafer rolls and many others.

Whether you buy Luden's or another nationally advertised and reputable brand, be sure that you give - and your children take - only wrapped candy with its original factory seal.

By playing safe, you won't have to worry which witch is which!

FOR SALE - Rubber Bands Typewriter and Adding Machine Ribbons. Gorman Progress, 734-5410.

**Why You Should Re-Elect
President Richard Nixon Nov. 7**

**LET'S LOOK
At AGRICULTURE
And
STOCK RAISING**

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses—and we're helping provide jobs on trucks and ships at the same time.

**HERE ARE SOME
OF THE REASONS**

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesmen in recent history by appointment of Earl Butz as Secretary of Agriculture.

WASHINGTON
"As it looks from here"
OMAR BURLISON
Congressman
17th District

WASHINGTON, D. C. — IT IS ANYONE'S APPRAISAL whether the 92nd Congress, just concluded, was a "do-something" or "do-nothing" one.

THE DEMOCRATS CONTEND THAT it is a "do-something" Congress while the Republicans generally brand it otherwise.

THERE IS A VAST DIFFERENCE, of course, in the quantity of legislation enacted and its quality. Insofar as quantity is concerned approximately 240 measures have been passed which may be considered as major with many, many others considered of less importance nationally. These latter measures had to do with amending certain laws and some apply to specific cases and areas of the country.

FOR THE LAST SEVERAL YEARS, the emphasis has been on legislation dealing with social and educational matters, including health.

IN THE FIELD OF HEALTH near \$4 billion has been provided in new laws to train more family doctors and nurses. The sum of \$1.5 billion has been provided to find cures for cancer.

IN ADDITION, MONEY HAS BEEN provided for research on several types of a n e m i a control, multiple sclerosis research, communicable disease control, heart, blood vessel, and lung disease research. The Vocational Rehabilitation Act, providing new aids to the severely handicapped and other disabled persons, is extended.

ADDED TO THE PRESIDENT Higher Education Act is a system of Basic Education Opportunity Grants; a program of direct institutional aid to colleges and universities and grants for occupational and dvocational education, including what is known as the National Institute of Education, which proposes to develop new and better methods of teaching at every level from pre-school to post-graduate.

THE HEAD START PROGRAM was broadened to include children of working families in the voluntary day care program.

VETERANS EDUCATION ASSISTANCE was considered

ably increased and provides for vocational rehabilitation for returning veterans. In addition educational benefits were increased by 25 percent and provisions were made for increases in medical care as well as a boost by 10 percent in benefits for disabled veterans.

BENEFITS WERE INCREASED for an estimated 20 million senior citizens such as nutritional meals for those who need them, low-cost transportation, employment opportunities, community centers, pre-retirement training, and health and education services, and centers to study the variety of problems facing older people.

A NATIONAL INSTITUTE OF AGING was created to conduct research on special health problems of the elderly. DRUGS, JUVENILE DELINQUENCY AND CRIME were treated in numerous pieces of legislation. Principally, they are the establishment of a National Institute on Drug Abuse, increasing funds on specific projects under the Community Health Centers Act, providing grants to states to develop new drug abuse programs, establishing a Council for Drug Abuse Strategy and the requirement for federally funded health facilities to provide needed treatment for drug addicts.

ADD TO AS IT LOOKS

A NUMBER OF BILLS WERE PASSED relating to consumer protection — truth-in-lending, wholesale meat and poultry inspection, truth-in-packaging, automobile safety, toy safety and fair credit reporting, to name a few.

PROTECTION OF THE ENVIRONMENT received high priority in the Congress. A measure entitled "The Water Quality Standards Act" provides \$24.6 billion towards cleaning up the Nation's water. A far-reaching measure towards controlling air pollution and conservation of our resources and wildlife is another major enactment. Probably the most prominent bill dealing with rural areas is the Rural Development Act for the purpose of improving conditions of rural living. It provides loans and grants for improvement of facilities, increasing job opportunities on farms and in small towns.

IN THE AREA OF FOREIGN POLICY and military actions, the so-called SALT Agreement was approved to limit strategic weapons. A treaty with the Soviet Union was approved by the U. S. Senate limiting the number of ballistic missiles.

THE SELECTIVE SERVICE ACT was amended to extend the draft to June, 1973, at

DESDEMONA NEWS

By Mrs. Ethel Keith

The rain and bad roads were the main causes of low attendance at the churches on Sunday morning.

Morgan Roberts is expected home early this week. He underwent surgery at the Harris

which time it is supposed to end. Increases in military pay were provided in order to encourage voluntary enlistments.

THE PRESIDENT VETOED what was known as the Accelerated Public Works Act at a cost of \$5 billion and his veto was sustained. Several other vetoes were exercised by the President with one overridden. This increased railroad retirement by 20 percent, the same as the social security increase.

THIS BY NO MEANS COVERS major legislation but only a few highlights. Should a special session not be called after the election, numerous proposals will be facing the 93rd Congress.

SINCE THE CONGRESS will be in adjournment at least for the time, this weekly release will be suspended until again in session.

Hospital and is reported to be home early this week.

The C. M. Bratons of Kilgore visited Mrs. W. H. Davis last weekend and found Mrs. Davis as a bed patient as she was sick all the week.

Mrs. Beulah Deguire is home doing fairly good following surgery recently at Stephenville, and "unk" Dave is a patient in the De Leon Hospital, but he will be going to Abilene to stay two weeks with his daughters while she is recuperating.

Dasha Johnson was a patient in the De Leon Hospital, but is home now.

Art Shoemaker is a patient in the Gorman hospital.

Mrs. Ethel Riggs is a patient in the hospital and is considered quite ill.

Mr. and Mrs. Chubbie Forman and son, Ricky, visited Sunday with her mother, Mrs. Nannie Guthery, and also with her brother, Mr. and Mrs. Pug Guthery, and Karen and Belinda and Karen's daughter, Holly Gaye.

Mr. and Mrs. Howard Iley of Fort Worth had as guests the past weekend Mr. and Mrs. Leroy Burleson, Mr. and Mrs. Jimmy Burleson and two children from here and Mr. and Mrs. Jack Burleson and son of Athens.

Read
any good
clothes
lately?

You'll find some very interesting reading on the labels in the new clothes you buy.

After July 3, 1972, all garments manufactured that require care and maintenance for their ordinary use must carry a permanent label giving instructions for care and maintenance.

Any questions you have about whether to wash and dry or to dry clean will be answered right on the label.

For home laundering,

you'll find electric dryers are designed for a wide range of modern materials — including polyesters and other permanent press fabrics.

This is just one of many reasons why the flameless electric dryer is America's favorite.

Here are a few tips on how to keep your new permanent press clothes looking their best without spending hours ironing:

1. Never dry more than one washer-load at a time.
2. For truly wrinkle-free

clothes, try drying half a load, so they'll have lots of tumbling room.

3. Try fabric conditioners. They not only make clothes softer, but they cut down on the static electricity that makes clothes cling together and wrinkle while drying.

4. Clean your dryer's lint trap after each load, to increase drying efficiency.

5. Read your instruction book carefully to get the most out of your dryer's unique features. File instructions for future reference.
