Gorman Choir Competes At District

Look-out The Messengers, apparently there are even more singing talents to rein from the big city of Gorman.

Madelyn Wilkins, John Paul Sheppard, Bruce Sheppard and Mark Blaylock competed in the TMEA All District Choir tryouts on Saturday, Sept. 26th at Granbury High School.

Madelyn placed 19th in the Alto II section, John Paul placed 1st in the Bass II section, Bruce placed 3rd in the Tenor II section and Mark placed 11th in the Bass II section.

The three boys will advance to the next round of try-outs on Oct. 31st at Burleson High School for a chance to sing in the All-Region Choir and continue their quest to be in the All-State Choir.

Lisa Laminack, Band Director, was gracious enough to bring John Paul, Bruce and Mark to entertain the Gorman Lion's Club at their regular meeting on Oct. 6th. Not only do the boys deserve an applause for a job well done, but Lisa is to be applauded for her support and encouragement in developing these young talents.

Panthers Blank Santo 28-0; Host Evant For Homecoming

GAME AT A GLANCE table with columns for Gorman and Santo, listing statistics like First Downs, Rushes/Yds, Passing Yards, etc.

The Gorman Panthers remained unbeaten in District 14A with an overwhelming victory over the Santo Wildcats on Friday night by the score of 28-0.

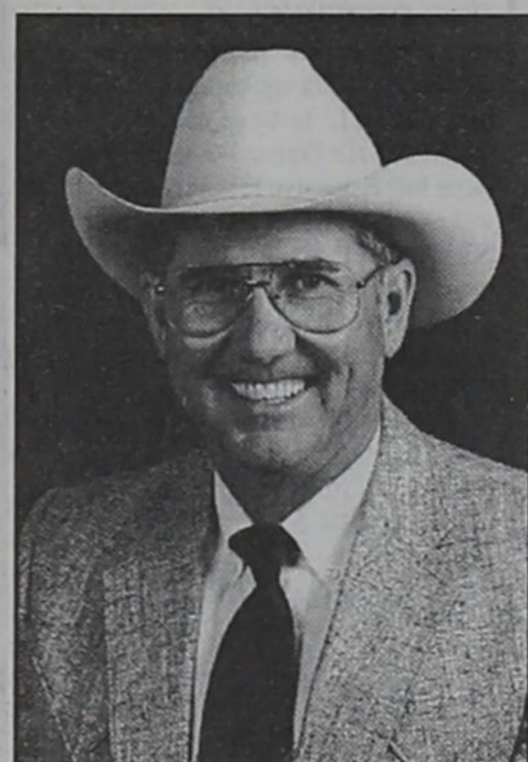

On their second possession of the first quarter the Panthers got the ball on their own 40 and went the distance in just 5 plays with Margarito Sanchez getting the honors from one yard out with 3:07 left in the period. The drive featured runs of 14 and 7 by Sanchez and a beautiful run of 37 by Cisco Madera to set the Panthers up with a first and goal at the Wildcat 1. Richard Svarosky kicked the point after and the Big Red were out front 7-0.

The second quarter was played on fairly even terms with neither team managing a scoring drive. The ball exchanged hands several times via the fumble route.

On the second half kickoff the ball was returned to the Gorman 43 on a fine return. From there the Panthers scored in 7 plays with Dathan Wright racing in from 25 yards out for the score with 8:12 left in the third. The drive featured runs of 8, 7 and 3 by Blake Guthery, a 3 yard keeper by Cody Foster, a 7 yarder by Wright and a 4 yarder by Sanchez. Svarosky booted the point after and Gorman was up 14-0.

The Panthers got another drive going on their next possession but gave up the ball on a fumble at the Wildcat 30.

Gene Kea Touts Experience And Dedication In Race For Eastland County Judge

Gene Kea, Democratic candidate for Eastland County Judge, cites 29 years of experience in Law Enforcement and with the Criminal Justice System as his major qualifications.

Gene began a career in public service with the U.S. Army in 1966 through 1968. This service included a tour in Viet Nam.

After the tour in the military, Gene joined the Texas Department of Public Safety in 1968 and began a career of state service that lasted for over 29 years. The first nine years, Gene served as a uniformed officer for the DPS. During that time, Gene earned a Bachelors of Arts degree in Law Enforcement from Wayland Baptist University. In 1978, Gene was promoted to Texas Ranger and served in that capacity for 20 years. Nearly 17 of those 20 years were in Eastland County. This service included fighting illegal drugs, investigating crimes, and testifying in court for the prosecution of these offenses.

During Gene's service in Eastland

Then after holding the Wildcats on downs at the Santo 38 the Panthers put on a drive for another score, going 62 yards in just 2 big plays with Dathan Wright grabbing a Foster pass and raced 37 yards for the score with 10:09 left in the fourth. Svarosky kicked the point after and Gorman had a 21-0 edge.

After holding the Wildcats on their next possession the Panthers got the ball on their own 8 when Wright intercepted a pass. From there the Big Red scored in 7 plays with 3:50 left when Cody Foster rolled out to his left on a option for 5 yards before pitching out to Madera on a play covering 34 yards. The drive featured a 10 yard run by Foster, runs of 4 and 13 by Sanchez, and runs of 19 and 3 by Blake Guthery. They also over-

came a 10 yard holding penalty. Svarosky added the point after kick and the final score was 28-0.

Sanchez led the Panthers on the ground with 122 yards on 18 tries, Guthery had 84 on 12 carries, Madera got 71 on 4 trips, Wright had 40 on just 3 carries and Foster was 24 on 5 keepers. Wright had an outstanding game, both on defense and offense.

The Big Red Defense really got with the Wildcats in the second half after giving up 100 yards in the first half but only allowed 16 more yards in the final 2 quarters to stop the Cats. Gorman will need another stellar performance, both offensive and defensive when the host the always tough Evant Elks in the Homecoming Game on Friday night in an important District 14-A race.

Go Get 'Em Big Red!

Coaches Corner

Another week is finished in our football season and it seems as though the season is flying by. Last week our junior high team played Santo and camp up a little short by the score of 6-0. The kids played great defense throughout the entire game with Santo's only score coming from a punt return. The junior varsity ran up against a tough Baird team and came away with a disappointing 28-0 loss. However our varsity team hosted Santo here last Friday night and won big by the score of 28-0. The varsity boys played great, especially in the second half and remain undefeated in district play 3-0 and 5-1 for the season.

This week our junior high team will travel to Evant on Thursday night to take on Evant's junior high team. That game will start at 6:00 p.m. Evant is another district team that had to drop their junior varsity schedule so we are desperately looking for a game to fill that spot for our junior varsity. Unfortunately, these things tend to happen to teams in our classification. We hope to find a game for these kids, as we feel it is important for them to be playing each week.

This is a big week for our varsity football team, as it is another key district game as well as homecoming. Homecoming is always a special time at Gorman, as all of the exes come back to see old classmates, renew old friendships, and see the Panthers play on Friday night. We hope we can give you a great game to watch. Let me extend an invitation to any ex football player to stop by the fieldhouse, meet the coaches, and tell us about your memories as a Gorman Panther. The homecoming game will start at 7:30 p.m.

Our Spirit Club will be out in full force Friday night selling T-Shirts, Caps, Spirit Towels, Decals for your car, Memberships, Game Ball Raffles, Chances at a \$1,000.00 give away, Chances at a Field Goal for a \$50.00 Cash Prize, and something else I am sure I am forgetting. Make sure you buy your chance at the \$1,000.00 give away as their will be only 200 tickets sold at \$10 apiece. The drawing will be held at our last home game which will be Rising Star on October 30th. Our Spirit Club meets every Tuesday night at 7:00 in the cafeteria. Make plans to attend.

At our last home game Ed "Golden Toe" Cox was the lucky winner of the Field Goal Try as he drilled a 30 yarder through the middle of the up rights. Congratulations Ed, I am sure you will be donating your winnings back to the Spirit. It just goes to show you what years of practice, and dedication will get you.

Remember the junior high game at 6:00 on Thursday in Evant and the homecoming game here Friday night at 7:30. Hope to see you in the stands.

The Messengers In Concert

The pastor and members of First Baptist Church would like to invite you to come and be a part of our evening service on Sunday, Oct. 18th at 6:00 p.m. The Messengers, a gospel quartet from FBC, will present a concert here at the church. They have currently completed a new recording project entitled "Without The Cross" and they will be performing songs from this new release. I believe that all who attend will experience a rich blessing and a wonderful time of worship through song unto our Lord.

Craig Rhoton, Pastor

## Ruby Kate Vandergriff

GORMAN — Ruby Kate Vandergriff, 97, formerly of Lubbock, died Friday in a De Leon hospital.

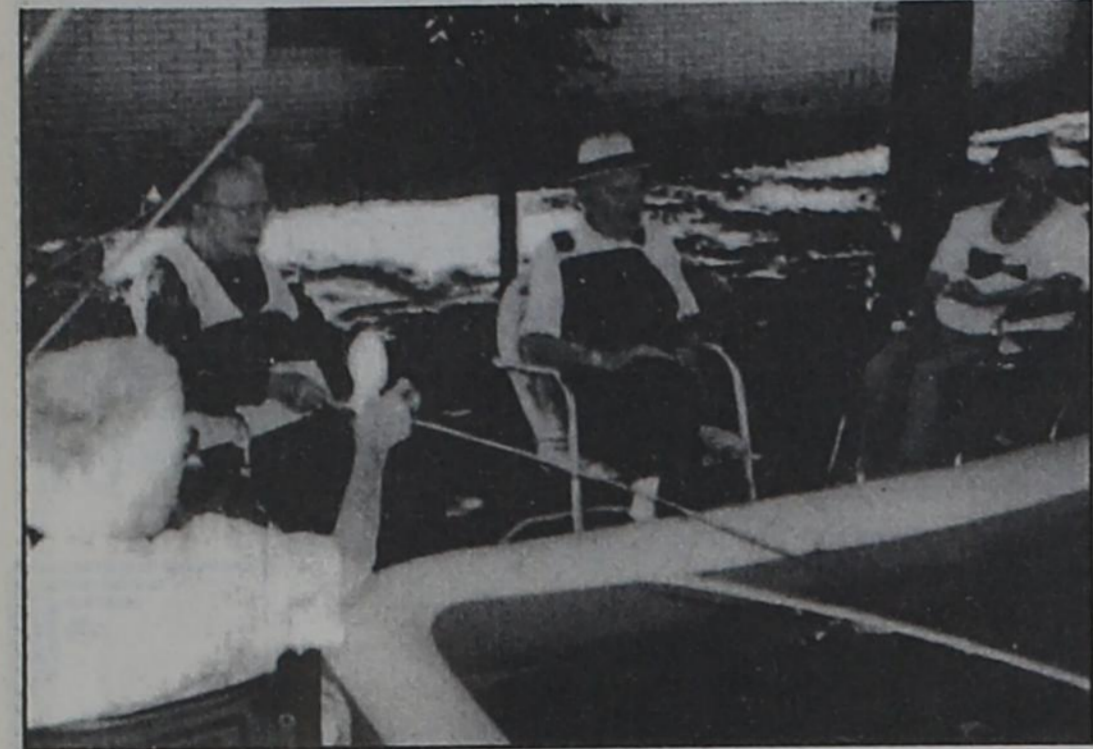

Graveside services were Monday in Resthaven Cemetery in Lubbock with the Rev. James Price officiating, directed by Higginbotham Funeral Home.

Ms. Vandergriff was born in Georgetown and was a homemaker. She lived in Lubbock for many years before moving to Cisco and Gorman. She was a Methodist and was the widow of Dailey Vandergriff, whom she married in 1922 in Clarendon.

Survivors include one sister, Nannie Margaret Richardson of Wichita Falls; and several nieces and nephews.

## Gone Fishing

Friday morning, October 10th, the residents of Heritage Manor went fishing. Everyone had a great time as activity director, Ina Smith had prepared a wading pool full of fun things to catch. She even had a few fake snakes swimming around chasing the determined fisherman's bait!

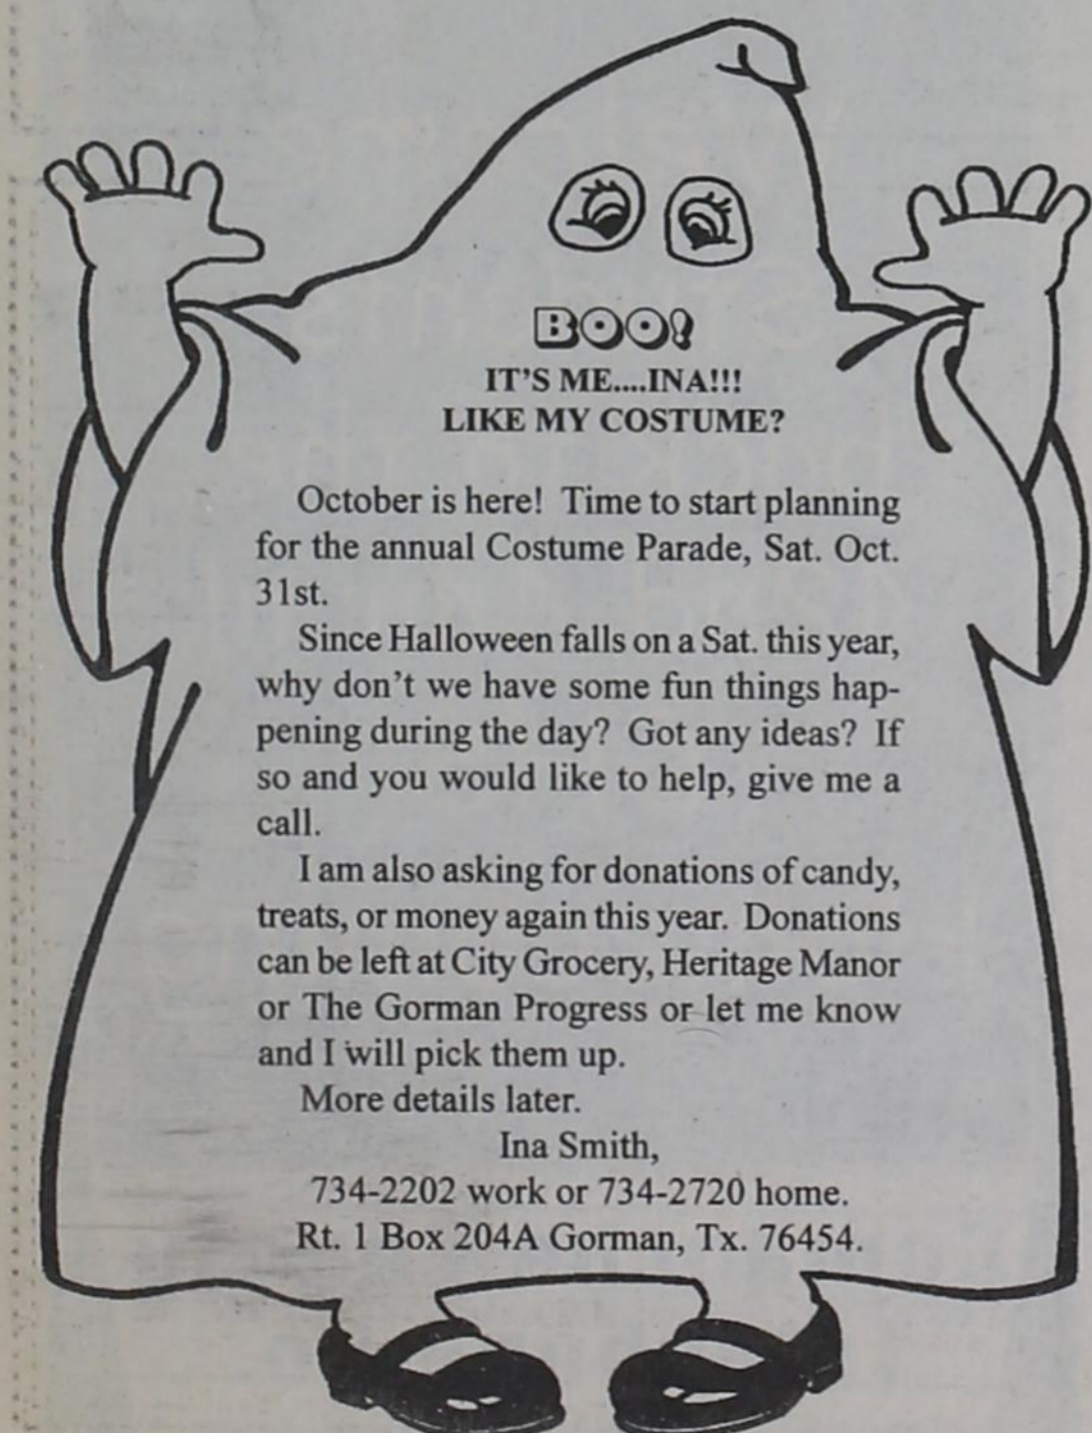

A.V. Seay, Ora Mae Atchison, Jack and Mildred Bellows try their luck at fishing.

Ollie Halcomb has landed a whopper, but Veno Hale seems unimpressed as she concentrates on catching "the big one"!

Ina Smith can't seem to resist a fresh dip in the pool. Don't she know she is scaring all the fish away?!

October is here! Time to start planning for the annual Costume Parade, Sat. Oct. 31st.

Since Halloween falls on a Sat. this year, why don't we have some fun things happening during the day? Got any ideas? If so and you would like to help, give me a call.

I am also asking for donations of candy, treats, or money again this year. Donations can be left at City Grocery, Heritage Manor or The Gorman Progress or let me know and I will pick them up.

More details later.

## DOES THIS BELONG TO YOU?

## THIS SUNDAY WE'LL HAVE GOOD NEWS FOR THOUSANDS OF TEXANS. WILL YOU BE ONE OF THEM?

Every day, banks and businesses report unclaimed cash and valuables to the state—uncashed checks or refunds, forgotten bank accounts, jewelry and the other abandoned contents of safety deposit boxes.

Once each year, in an effort to reunite these unclaimed assets with their rightful owners, we insert the most recent **Unclaimed Property** list in the Sunday editions of 33 daily newspapers across the state.

In the past year, we've returned *more than \$38 million* in unclaimed property to Texans.

But more than \$800 million *remains unclaimed*. And in selected Sunday newspapers, we'll print the updated, latest edition of the list.

- Pick up a Sunday newspaper carrying the list and look for your name and the names of your relatives.
- Or call us toll-free at **1-800-654-3463**.
- Or visit our Web site at <http://www.window.state.tx.us>.
- Or write to **Comptroller John Sharp, Unclaimed Property Section, P.O. Box 12019, Austin TX 78711-2019**.

If you find your name on the list, give us a call, drop us a line, or send us an e-mail at [unclaimed.property@cpa.state.tx.us](mailto:unclaimed.property@cpa.state.tx.us) and we'll get you back together with your property.

nal cases. The Code of Criminal Procedure, Article 4.17 (transfer of certain misdemeanors) states: "...on a not guilty plea before a non attorney county judge, the judge may transfer the case to a district court having jurisdiction in the county..." The use of may indicates that the transfer of the case is at the discretion of the county judge. If the county judge does not transfer the case, he can try to case. The Court of Appeals has also ruled that the trial of a criminal case before a non-attorney county judge does not violate due process.

Judges of the constitutional county courts must be "well informed in the law of the state," but are not required to be lawyers. Intensive training provided by the Texas Department of Public Safety academy; required hours of continued training over the last 29 years; a bachelors degree in law enforcement; and over 20 years experience as a Texas Ranger, has Gene "well informed in the law of the state." He has investigated crimes and prepared cases for prosecution. This preparation included insuring at all elements of the crime, as set out in the penal code, were met; all physical evidence was obtained, collected and maintained so as to be admissible in court; and all interviews and interrogations were conducted in a manner that did not violate the rights of the defendant, but provided justice for the victim. Gene Kea has first hand knowledge and understanding in the law of the state.

As a non-attorney county judge, I can and will devote 100% to the business of Eastland County.

During this campaign I have made several visits to each community in the county to meet as many of you as I could. If I missed meeting you, let me take this means and opportunity to ask you to vote for the experience and dedication that I will bring to the office of County Judge of Eastland County.

Thank you,

## Unclaimed Property

In the last decade, the state of Texas has returned more than \$300 million in unclaimed property to its rightful owners, but more than \$800 million remains unclaimed. The money comes from forgotten bank accounts, abandoned safe deposit boxes, uncashed checks, uncollected wages, and other sources.

On Sunday, October 18th, the State Comptroller, John Sharp, will publish his annual Unclaimed Property list in selected Texas newspapers. We have printed the names below that will appear in our surrounding communities. If your community does not appear in this issue, it will be printed in the larger newspapers on the 18th. If your name does appear and you need further assistance or information, you can call 1-800-654-3463 or visit their web site at [www.window.state.tx.us](http://www.window.state.tx.us).

Thursday, Oct. 1st Maxfield Elementary had their awards assembly. Students were recognized for Honor

Roll, Attendance and Accelerated Reading points. Also, during the 3rd-6th grade did a wonderful job singing for the other classes.

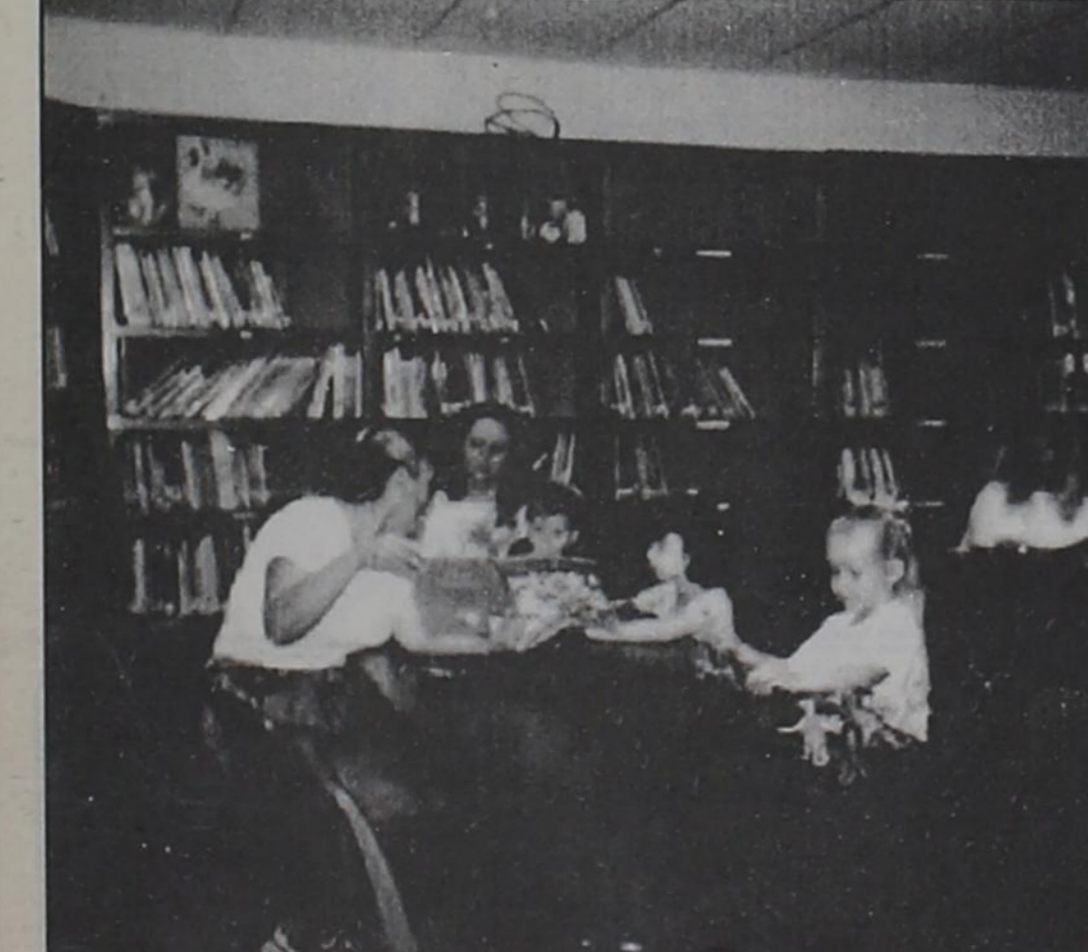

During Positive Action, the 5th and 6th grades help Ms. Campbell in Ms. Taylor's classroom. The morning Pre-

K works with 6th grade and afternoon Pre-K works with 5th grade. Shown above are: Krista Brown, Andy Abbe, Estaban Leal and Amber Ervin.

In the social studies lessons, Mrs. Spivey's third grade class had been discussing legacies. They learned that a legacy is a valued part of one's past that is still treasured today. A legacy may be an heirloom, a name, or even a story that is passed down from one generation to the next. Several of the students shared legacies from their own families' past, and we found it very interesting to know what each other's families treasured. A special treat was when Larry Keith, Aaron's dad, who is also a member of our local school board,

took time out of his workday to come to our classroom and give a presentation on his family's history. He and Aaron shared pictures and stories of the Keith family, dating back to the 1850's. Aaron's great-great grandparents, Barry Moore and Sarah Jane Keith, were the first couple to be married in Eastland county, on July 14, 1863. They settled in the Fort Blair area, near Desdemona, and raised 16 children. The class was fascinated by the old photos and tales of the Keith family. Thank you Larry for sharing your time with us.

Story time Tuesday was a big success! Linda Norris volunteered to be our reader and set up a great activity for the children. After reading *Flower Princesses* the children made their own prince and princess crowns. Rebekah Powell, Rachel Tucker and Sean Payne came for storytime.

The next story time will be October 27th at 9:00 a.m. in the elementary library. Hope to see you there! There will be a parent workshop to discuss ways to help our children's learning process. The workshop is set up for Monday, October 19th at 6:00 p.m. The location will be announced later.

The word of the week is "Creative" which means to be able to make something new.

This is Homecoming Week and the bon-fire will be Wednesday night at 8 p.m. by the baseball field.

Students will be participating in a mock election, Tuesday, Oct. 27th. More information will be included in next week's newsletter.

The elementary is collecting aluminum cans. Students can bring them to the collection can outside JR's office. This money will be used for playground projects.

There will be a PTO meeting after school Wednesday. All are invited to meet in the Elementary library.

Thank you for letting us work with your children.

Friday, the fifth and sixth grade parents are invited to Heritage Day at 2:30.

Your student has been given an application for the Positive Action Team. Please return the completed form to their teacher.

**The Methodist Food Bank of Gorman.**

Quietly tucked away among the Cottonwoods on the corner of Roberts and Potter in west Gorman, is the United Methodist church. Quiet except on Fridays, because that's when the back door starts to see lots of action in preparation for the Friday afternoon operation of the Food Bank.

The Food Bank is open every Friday from 3 to 5pm. In the month of September, it helped 154 Gorman

families for a total of 292 people (or roughly 20% of Gorman's population).

Most of the church members are retired from the work force, but not from community service. Over the past years, they have tried several projects to help others, but when the Food Bank got started, it almost took on a life of its own. Like most good ideas backed with hard work, it kinda developed and enveloped itself.

It started with Brother Bob investigating the story of the "lost Senior Center bus" and the failed "commodities" program, to see if it could be returned/restarted. After many dead ends, he eventually came in contact with Emmett Payne of Central Texas Opportunities, Inc. in Coleman, Texas. In March of 1998, Emmett, CTO admin. asst. Barbara Metcalf, and the Executive director of the Food Bank in Abilene, Inc., Nancy Gibson, met with Brother Bob, at the parsonage in Gorman and made some far reaching decisions. The Methodist Church applied to be a local Food Bank, working in connection with the Food Bank of Abilene, Inc.

With the problem of supply solved, distribution was the next hurdle. In talking with recipients of the old "commodities" program, Brother Bob learned of several previous policies that either didn't fit Gorman's community or were wasteful or unfair. The present method started with the old method and evolved through trial and error. It is basically simple. Distribution was set up like a regular grocery store, where people could choose what and how much they wanted or needed (or could use, so they didn't get too much to use before it spoiled) until their money ran out. The only difference being, the Methodist Church supplied the money.

Actually it is play money, (called "SAWBUCKS" because of the picture of a carpenter's saw and antlered deer on one side) that is distributed according to the size of the family. Different foods are priced differently, according to availability. A two person family unit would get ten sawbucks. That would be enough to select the following (from the variety on the four tables of food): vegetable oil, peanut butter, tuna, soup, corn flakes, rice or beans, pineapple, raisins or prunes, bread or tortillas canned corn, green beans or refried beans and tomato sauce, or a similar variety. A family can come to the Food Bank twice a month, but not two weeks in a row.

This program is not intended to completely supply all the food necessary for a family to live on. Rather, to supply as much as possible from the surplus food supply available. That way, the family's limited amount of money could be used on luxuries, like electricity, water, rent, and school clothes.

To handle the problem of storage, the food is picked up in Abilene on Friday morning, set out on tables in

the church fellowship hall in the forenoon, and distributed in the afternoon. Very little is held over to the next week. This also allows for some perishables (bread, produce, frozen meat) to be distributed without special cold storage facilities.

**Who is eligible?** Anyone that lives in the 76454 zip code area and has income less than the Texcap guidelines.

**Example:** A single, separated, divorced, or widowed person with an income of less than \$287 weekly (or \$1242 monthly). A family of four that has a TOTAL family income of less than \$585 weekly (or \$2,537 monthly). Applications can be obtained on Fridays at the Food Bank or by calling Brother Bob at 734-2546.

**Who comes?** Mostly elderly widows that are trying to still live on their own on Social Security. Also, hardworking people just like you that may just not have access to the opportunity for as much income. If you know of a low income family, please mention our program to them.

**Where does the food come from?** Some is surplus and comes from government programs, like peanut price supports. Other food comes from manufactures, big and small, that have over produced and would rather give it away than have it go to waste. Still other food comes from private donations and local food drives. The costs involved are mostly storage and transportation.

The Gorman Methodist Church provides facilities and volunteers, but funding is by the private donations of its members (and special fund raising events) and is in addition to the Church's regular operating budget.

If you would like to help, tax deductible donations can be mailed directly to:

## Sharing with Brother Bob

By Bob Beeman

One thing I like to do when I talk with my friends at Heritage Manor, is to get their response to something I take for granted today. Their life "without" or "before" helps me keep things in perspective. Example: Life before the modern car forced people to put some planning into trips (and decide if the trip was really worth the effort).

Anyway, we got to talking about learning to drive. Cynthia Earls said she never learned to drive, not even a wagon. When she was six, her dad tried to teach her to drive the wagon. Holding the reigns scared her so much, she was afraid to ever try again. Maybe six was too young.

Jack Bellows learned to handle a team from behind a "2 section harra" (harrow?) and claims to have plowed 1000 miles. Knowing Jack the way I do, I checked the math before I believed him (1000 mi. divided by 3 mph divided by 8 hr day = 41.6 days... okay he could have plowed that much). He said when he learned to drive a wagon, he didn't know enough to be scared. He learned to drive a car by watching his dad and not doing what his dad did. His dad was so used to driving a wagon, he would get excited and forget to apply the brakes. Instead, he would pull back on the steering wheel while

hollarin' WHOA. Of course the car didn't stop, and they had the dents to prove it.

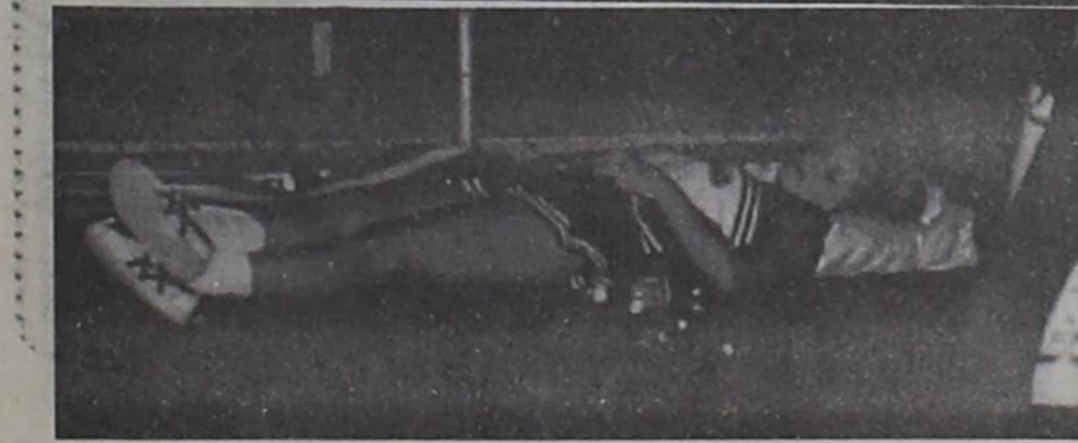

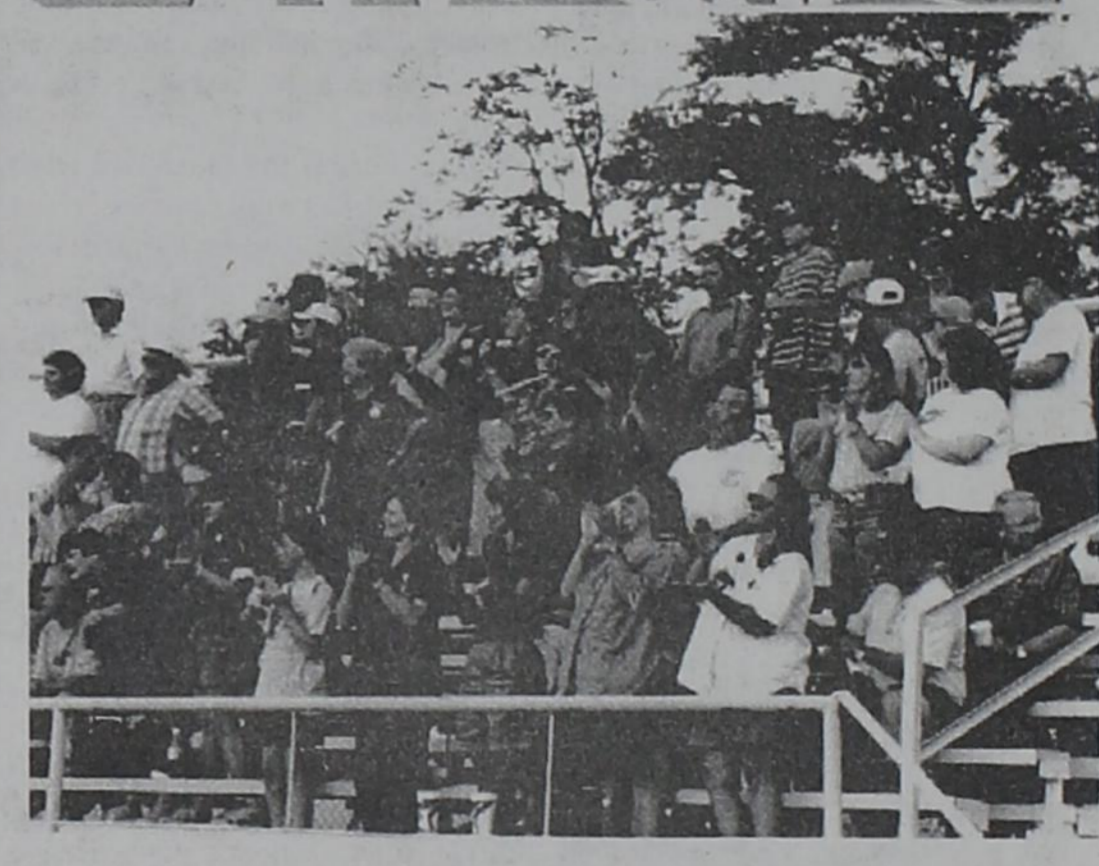

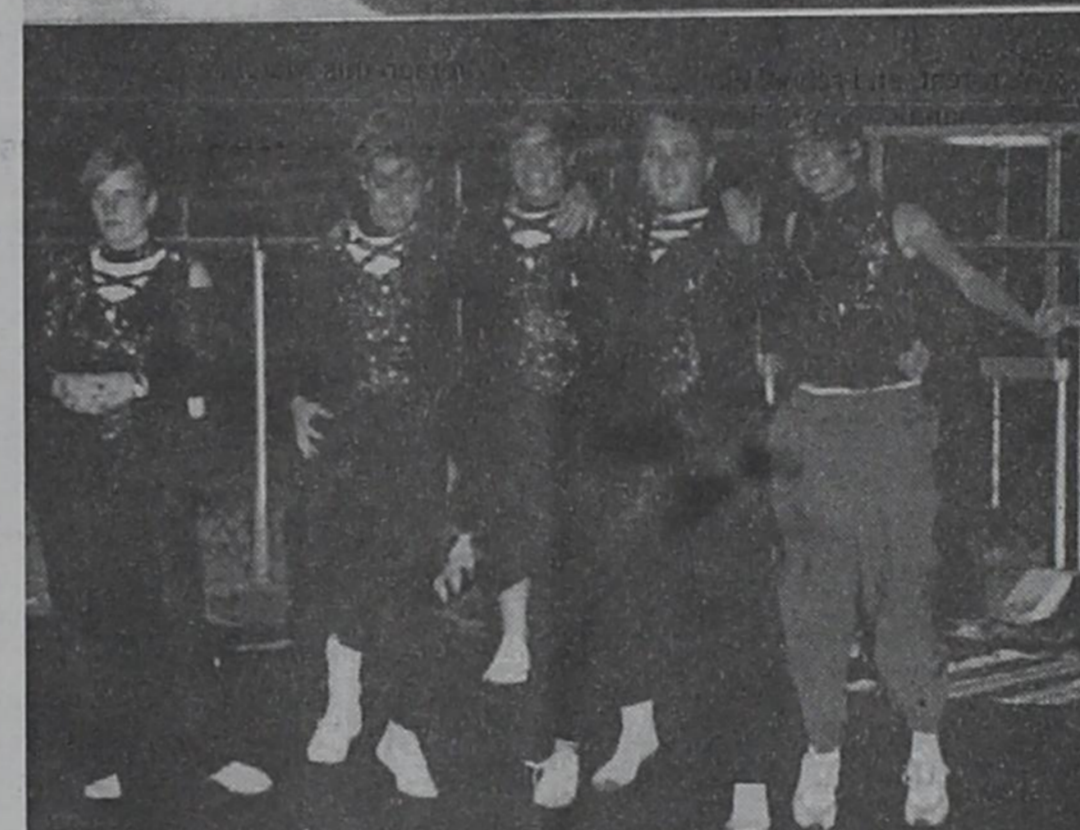

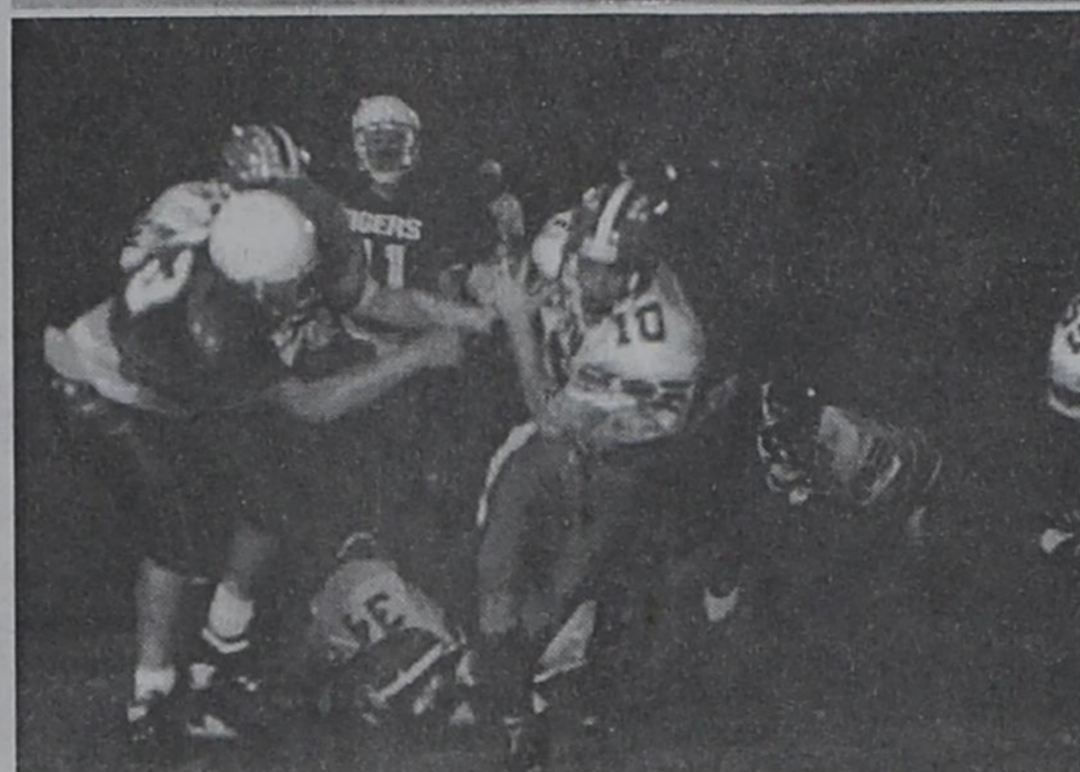

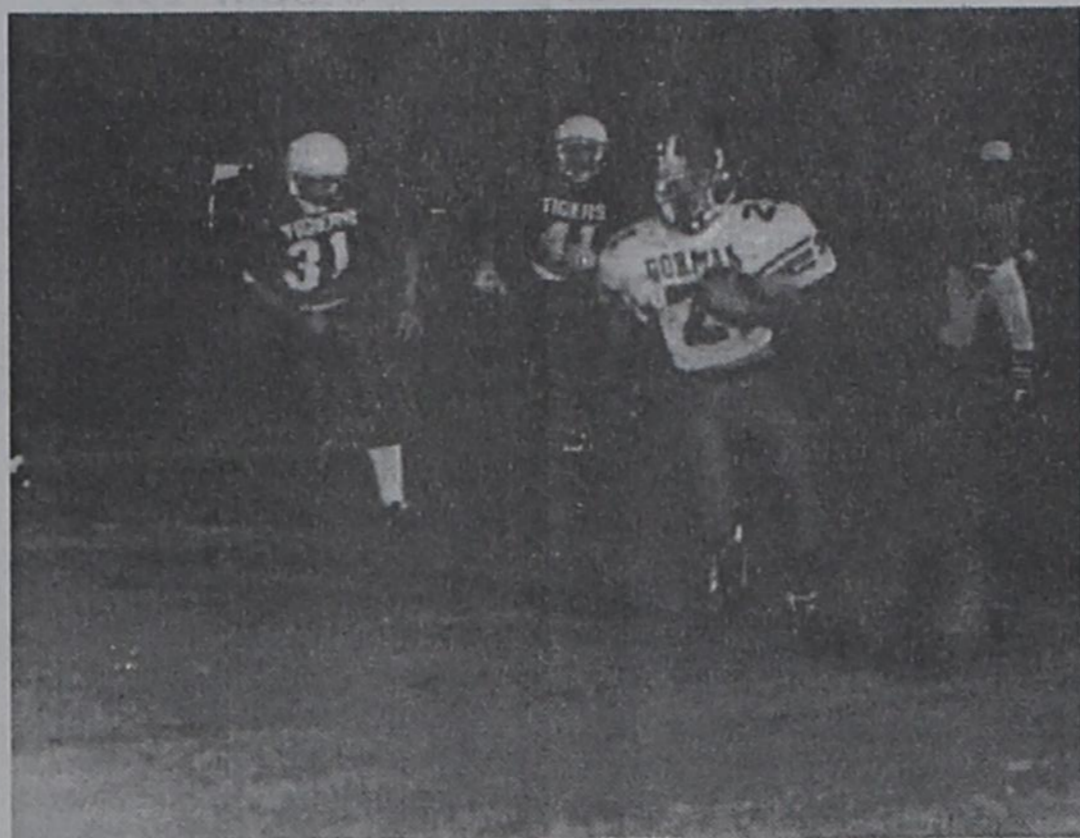

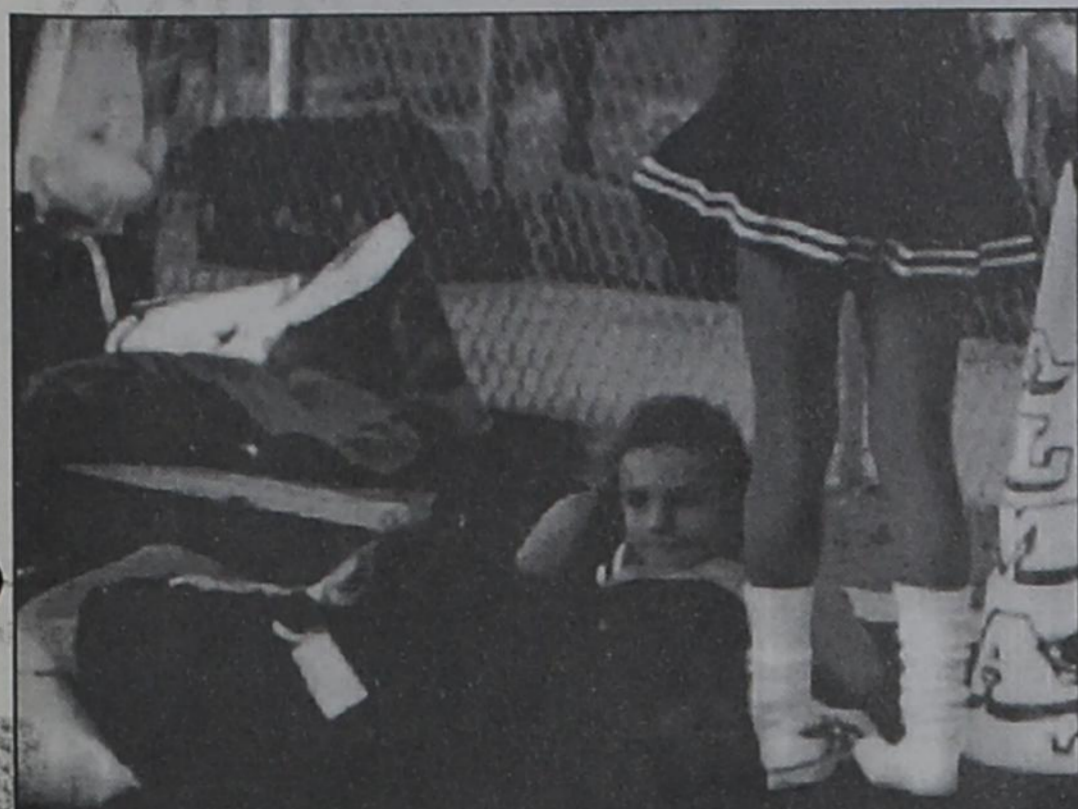

S.D. Gilmore remembers taking a corner too fast, in a wagon, and having to jump off before it turned over. His first drivers license cost \$16 and he didn't have to take a test.

Patty's sister taught her to drive a wagon and there was never a problem.

A.V. Seay didn't learn to drive 'till after she got married. They had a '38 Chevrolet Coup which was easier to shift than a Model T. She remembers getting her first license, because the "lawman" rode with you and made you nervous.

That reminded me of when I took Drivers Ed in high school. It took me two tries to pass the test (the written test was no problem but the "lawman" rode with you for the driving test and made you nervous). I felt dumb. I also remember a couple years later, when my dad retired from the USAF (we were living in Burkburnett, Tx.) and his and my mom's out-of-state driving licenses expired. My mom got the DPS pamphlet and studied it and passed both tests the first time. It took my dad 3 tries. I didn't feel so dumb after that.

Till next time, Brother Bob

## A Note From The Administrator

Hi! We had shows this weekend that gave us about an inch of rain and some cooler weather for now. Isn't it great! Heritage Manor in the near future is going to be adding a wound care program.
