## 1ST. METHODIST NEW SUMMER PROGRAM SET

The official board of the First United Methodist Church voted Sunday to discontinue the formal ritual of the worship service for the summer months with emphasis on the more relaxed, informal atmosphere in the form of worship as well as the form of dress.

The portion of the worship service to be deleted is the responsive reading, affirmation of faith, doxology, Gloria Patri, and the Lord's prayer.

The Methodist Hymnal will be replaced with the old song books and a church bulletin will not be used. Songs will be selected that everyone can sing and lay persons of the church will participate more in prayer service, etc. A few amens and hallelujahs from the members will not be objectionable.

The mode of dress will be whatever suits you that makes you comfortable, short sleeve shirts, no ties, kakis, blue jeans, casual wear dresses or pant suits.

The informal program is being used to encourage the members and visitors to attend more regularly the weekly worship services.

A cordial welcome is extended to everyone to attend the services. Church school is 9:45 and worship service at 10:50 a. m. each Sunday morning and evening services at 7:00 p. m.

**Hearing Tests Are Important**

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) a i r conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you, then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it . . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the City Library at City Hall in De Leon on Monday, June 18th from 10:30 A.M. til noon. We invite you to come in for your free test.

We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries for your Aid, and can always save Mr. Treadway your money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.

# BETTER YIELD

You know, some people figure they can get by pretty good with second best. Well sir, that's the kind of thinking that'll make a good peanut farmer snicker to himself. If he was to take that attitude, he'd be out of business before long.

Folks who grow peanuts for a living will be real quick to tell you that the quality of their peanuts depends a whole lot on the quality of the seed. And right there's the reason why Star Brand Certified Seed Peanuts are so popular in this part of the country. The people at Gorman Peanuts take the very best care of their seed.

They grow it on choice irrigated land. It's combined at a slow, steady speed so it won't be damaged. Then it's field dried.

And they have electronic equipment that culls out all the damaged and ballhead kernels. Then to assure you of the finest quality, all splits are removed before and after treating. The last step, and one of the most important, is that they don't treat their seed until the dealer calls in your order.

Of course, there's a lot of other important steps involved in getting the excellent quality seed that bears the Star Brand label. Tell you what, why don't you drop by your dealer who handles Star Brand Seed and get him to tell you some more about it.
