By JOE BENNETT, Publisher

Boy this cold rainy weather is sure making it rough on the peanuts and the peanut farmers of this area. The moisture doesn't seem to be hurting the peanuts as much as the cold weather which is not allowing the temperature to rise enough to help mature the peanuts so they may be dug. But on Tuesday night the weather seemed to be clearing somewhat with the sun shining during the day. Maybe after the early morning low temperatures the next several days, maybe it will warm up during the days and let the peanuts complete their maturity so that the peanut farmers can dig and harvest their crops before its too late. Let's all hope and pray that the Good Lord comes through with the right kind of weather for the farmers. After all, how goes the farmer, so goes the economy of this area.

So when you snuggle into your warm bed tonight, say a few words of prayer for a spell of warm and drier weather.

Received the following letter on Tuesday from Jonnie (Broom) Bell concerning the Homecoming recently held at GHS:

Hi,
How come I didn't receive an invitation to the "Homecoming?" I finished in 1943. I know that is a long time ago but we used to have the record for having the largest class that had graduated. I don't know if we still have that record or not but there were 43 that graduated that year, including your brother, L. A.

My sister and I had planned to come but her husband (E. C. Key) is in the V. A. Hospital very sick. He will have a colon removed next week and be in the hospital another month.

My husband and I both sell real estate and work in the same office. If you know of any of the good old Gorman people that is moving to this area I would be happy to help them find a home.

I really enjoy the paper. You're doing a great job.
Jonnie (Broom) Bell

Thanks for the kind words, Jonnie. I appreciate them. I will see to it that you are on the Homecoming Invitation List next time. Sure am sorry to hear about Ernest. Sure hope he comes through the surgery in fine shape. That family has sure had more than its share of troubles. I was also sorry to hear about the death of Butch. Our sympathy goes out to the entire family.

Ralph and Ruth Dunn were in the office the other day and handed me a copy of an article from the 1919 Publication "Communist Rules for Revolutions."

We have printed this or a similar article a few years back in the Progress, but I thought that it might snap the people of our country and nation out of our complacency and put all of us back on the right track before it is too late, if it isn't already.

Here it is:
"Corrupt the young, get them away from religion. Get them interested in sex. Make them superficial, destroy their ruggedness. . . . Divide the people into hostile groups by constantly harping on controversial matters of no importance. . . . Destroy the people's faith in their natural leaders by holding up the latter to contempt ridicule and obloquy. . . . By encouraging government extravagance, destroy its credit, produce fear

NEW FIRE TRUCK ARRIVES ON MONDAY

NEW FIRE TRUCK — Shown above is Fire Marshall Gene Foster and Thomas Birdsong, III, with the new rural fire truck which arrived in Gorman Monday. Mr. Birdsong, through Birdsong Peanuts, gave the final \$3,000 needed for the purchase of the truck. The company had previously given \$2,000, making them the largest single contributor to the fire truck fund.

The First National Bank and other business firms, organizations, and clubs gave nice contributions also, as well as individuals. The fire truck fund was an all-community effort. The City purchased the 1974 Chevrolet chassis at a cost of \$5,200. Total cost of the truck and equipment was \$17,000.

Riggs Welding and Machine Co. of Stephenville built the tank and equipment for the truck. The truck is designed as a pumper as well as a rural tanker and classified by the state as a rural tanker. It has an 800 gallon tank meeting state requirements, which is necessary to receive a 2 percent credit on key rate for fire insurance for the city.

The truck is equipped with an 18 horse auxiliary pump. Also it can pump water with a power take-off pump. It has two, five gallon stainless steel pumps that can be used on small fires or inside for a small fire in a home. Other equipment includes one 15 lb. CO2 extinguisher, one 20 lb. dry chemical extinguisher and one 12-foot extension, state approved, ladder and one 12 ft. roof ladder with hooks.

Safety equipment, especially to the firemen, are two 30 minute airpack units to be used in making entrances into smoked-filled houses or where fire occurs. The tanks hold enough oxygen for a 30 minute period.

An electric hose reel, mounted on red line and also an electric recline hose, as well as other standard equipment, is included on the truck.

The truck is built with an extended front grill guard for moving heavy equipment. Low rear compartment of the truck is constructed for carrying special equipment, and all hose nozzels are the newest

of inflation with rising prices and general discontent. . . . Form unnecessary strikes in vital industries, encourage civil disorders, and foster a lenient and soft attitude on the part of the government toward such disorders. . . . By specious argument cause the breakdown of the old moral virtues—honesty, sobriety, conscience, faith in the pledged word, ruggedness. . . . Cause the registration of all firearms on some pretext, with a view to confiscating them and leaving the population helpless."

Does this sound like what has and is happening in our nation today. Read this over again and let it sink in real good. Then maybe all of us get up off our cans and get on our knees and ask the Good Lord to forgive us for what we have done and make Him a promise (and keep it) that we will do all in our power to break this trend that has almost destroyed the vital things that this nation was formed on and what we must return to if we are to turn the tide and restore our nation and its people to a rightful balance.

And remember to smile, because God loves you!

and most modern on the market, which is recommended by the state. It also has the standard emergency lights, spotlights, etc.

Fire Marshall Gene Foster stated this brings the Gorman fire fighting equipment up to 4 fire trucks, three rural and one city. The present pump truck has seven more eligible years if it continues to meet state tests. The city pump truck is in need of repair in the near future.

The new truck will provide much needed safety for those firemen fighting fires and the new equipment will add to the efficiency in which the firemen can work.

Gorman can be proud of their volunteer fire department and especially the men who give so unselfishly of their time in this free community project effort in fighting fires throughout the community.

Local Residents Receive Minor Injuries in Mishap

Rev. and Mrs. Robert Cope and John Robert, pastor of First United Methodist Church and Rev. A. B. Hunt, pastor of First Pentecostal Church, received minor injuries in an auto accident that occurred early Wednesday morning at the intersection of Winkler St. and Hwy. 6.

Rev. Cope was entering the highway from Winkler Street and did not see Rev. Hunt approaching in his pickup traveling west. The Cope family were taken to Blackwell Hospital, treated and released. Rev. Hunt was taken to Eastland Memorial Hospital and was kept for observation of a possible back sprain.

Rev. Cope's auto was heavily damaged and the pickup was not damaged as badly.

Buddy Woosley Honored By Electric Co-op

Forty-two employees of the Comanche County Electric Co-op met at the Kokomo Community Center building Tuesday, Oct. 16, 1974 at 7:30 p. m. to honor Mr. H. J. (Buddy) Woosley, Jr. and his wife, Jessie. Buddy is retiring after 27 years service. 25 years of this service was as a service man and crew chief in the Eastland office area.

Mr. Woosley was presented a Polaroid Land Camera by fellow employees.

The co-op also recognized "Miss Kokomo", Miss Nelda Little, daughter of Mr. and Mrs. Jimmy Little.

The Kokomo HD Club served turkey or ham and dressing with all the trimmings. Members of the HD Club taking part were Mmes. Odis Rodgers, Billy Walker, D. F. Eaves, J. D. McNeely, Cullen Rodgers, Alvin Lasater, J. L. Morrow, J. C. Clearman, and Albert Hendricks, and guest, Miss Deliah Eaves.

Concern Expressed Over Poor Quality of Peanuts

Peanut buyers are expressing concern over the poor quality of peanuts that are being marketed here in Central Texas during the first two weeks of October. Checks with local graders indicate that the poor grades are being caused by a large percentage of immature kernels in the samples, reports county agent De Gordon.

Many of these peanuts are from dryland fields or from fields that have only supplemental irrigation. The peanuts have in most cases been planted for 115 to 130 days. In a year of normal rainfall in this area this is sufficient time to allow maturity. "However, we must remember that rainfall patterns in 1974 can in no way be classed as normal," says Gordon. Due to the rainfall that fell the first week in August, the peanuts are about one month behind what their actual age indicates they should be. For this reason, the grades are poor, the yields light and the value per acre low. To put it in a more straight forward term, Gordon advises growers to leave those peanuts in the ground for additional time if at all possible. If adequate foliage disease control has been maintained throughout the season, there is no reason why the peanuts can't stay in the ground and mature.

The cooling of soil temperatures at this time of year coincides with reduced levels of Pythium Pod Rot and Southern Blight in the fields. Most of the sprouting that is being seen in peanut fields is the result of pods that were damaged by disease and insects earlier in the season. The gains achieved by leaving the peanuts should be much superior to the losses. A ten point increase in grade will add approximately \$40 to \$50 per ton, which is equivalent to 200 to 300 pounds of peanuts per acre.

The number one thing that the American peanut farmer has in his favor is the ability to guarantee the world market a quality peanut. This position must not be endangered by production of an immature and thus poor quality peanut. Gordon says the rain early this week should not damage peanuts unless the wet weather continues for several days. However, it may damage some individual fields where disease has been a major problem.

CUBS DEFEAT SANTA ANNA; TO HOST R. STAR

The Gorman Cubs traveled to Santa Anna on Thursday night and won their third straight victory by defeating Santa Anna 14-6. Timothy Swanner and Weldon Needham made the touchdowns.

The Cubs will play the Rising Star Cubs here Thursday night. Game time is 7:30 p. m. Boost the Cubs by attending the game. They are playing some fine football.

WSC Enjoys Film Tour of New York and Hawaii

Ten members of the Woman's Study Club and one guest, Mrs. Ray Williams, met in the home of Mrs. Kim Cockerham on Monday evening, October 14th.

Mrs. Williams gave the program. She showed some slides of New York and Hawaii. She went to New York with George and Sue Burrows and while she was there she was able to do a little sight-seeing. Some of the slides were pictures of the Brooklyn Bridge, Empire State Building and the United Nations Building.

Mrs. Williams also showed some beautiful scenery pictures of Hawaii. The pictures of flowers, trees and mountains were very colorful and lovely. It was a very enjoyable program.

After the program the meeting was called to order and the minutes and treasurer's report were read. It was called to the member's attention that we were asked to establish a library in Gorman, but that is a project that the City is committed to do. They have said they would put a library in Gorman and they are receiving funds for the project.

Our next meeting will be on October 28th at the home of Mrs. John T. Brown.

Mr. and Mrs. Eugene Baker visited from Thursday to Sunday in Tyler with their daughter, Mr. and Mrs. Carter Hart and family, and attended the Rose Festival.

Deborah Watson, Jackie Boyd to Pledge Vows

Rev. and Mrs. Bob Watson of De Leon announced the engagement and approaching marriage of their daughter, Deborah Chassie, to Jackie Glenn Goyd, son of Mr. and Mrs. Jack Boyd of Desdemona and grandson of Mr. and Mrs. G. O. Boyd of Gorman.

Vows will be read at 7 p. m. Saturday, November 9th at Kokomo Baptist Church. All friends and relatives are invited to attend the wedding and the reception to be held in Fellowship Hall of the church immediately following the ceremony.

PANTHERS LOSE TO EDEN 19-0; TO HOST SANTA ANNA FRIDAY

The Gorman Panthers took a long, long journey on Friday night to open District 6-B action when they traveled to Eden to take on the Bulldogs on their own ground. The outcome didn't make the trip back home any easier as the Panthers suffered a 19-0 defeat by the Bulldogs.

The Panthers were not at full strength for the contest, but one thing can be said for the Fighting Panthers - they never say die, as they continue to play their hearts out in every game.

Having to change personnel around has hurt the Panthers, both offensively and defensive-

ly. However, they or I make no excuses to anyone, because they put out all they have and, after all, what else can anyone ask?

Eden scored six points in the first quarter on an 8 yard run by Fred Rogers. The try for point failed. Then late in the second quarter the Bulldogs scored from 4 yards out on a fifth down run by Rogers for the score. The referees made an error on the number of downs and the Bulldogs had an extra down to score their second touchdown. However, just one of those things and just one of those things that happen. Anyway, Eden went in at the half leading 13-0 instead of 6-0.

The final Eden tally came in the final quarter with Darrel Fort going over from 1 yard out to make the final score 19-0.

The Panthers face another tough test on Friday night when they host the Santa Anna Mountaineers in another 6-B District contest. The Mountaineers are a very tough and experienced team. The Panthers will really have to turn in another outstanding performance to score a victory over the Mountaineers. And that's exactly what we think they will do, especially if some of the injured players are well enough to return to action.

Game time will be 7:30 p. m. and the Big Red needs all the support that we can give them. So come on out and back the Panthers to victory over Santa Anna on Friday night.

Get 'Em Panthers!

A Special Thank You

As Adult Leaders of the Gorman 4-H Club we would like to thank all the people who helped make our 4-H County Awards Banquet a great success. We had numerous compliments from our out of town guests that it was the best they had attended.

First, thanks to the school and Mr. Maxfield for letting us use the gym and cafeteria, Jay's Grocery for discounts on groceries; Gorman Milling for getting the very fine hams and Nutri-rich Nut Co. for the donation of peanut favors; the Baptist Church and Methodist Church for the tables and chairs; to Dwaine Brown for the use of the FFA silverware and the FFA boys, Tony Ripley, Kris Brown, Brent Foster, Carl Burleson and Darrell Swanner for presenting the entertainment. And to Lone Star Gas Co., Texas Electric Service and West Texas Utilities for purchasing tickets for the boys and girls who received awards.

Thanks to the parents that brought food: Shirley Good, Charlotte Snider, Daisy Slaton, Sylvia Townley, Shirley Eaves, E. J. Whitlock, Ruth Broom, Margorie Swanner, Wynell Brown, Gaynell Jackson, and Fay Tucker of the Carbon 4-H. And the ones that cooked at the school and helped serve: Linda Gibbs, Jerry Brown, Nelda Mauney, Marceil Laminack, Aletha Burgess, Fannie Underwood and Mary Jeffs.

A special thanks to Andy Broom and all the Gorman 4-H boys and girls who helped decorate and do all the hard chores that come up.

Thanks to all of the people who bought tickets and were unable to attend. You missed a fine dinner and good entertainment but most of all you missed seeing these boys and girls from Gorman and Eastland County being recognized for their outstanding leadership and accomplishments for the past year.

Mr. and Mrs. W. M. Fairbeter and family of Abilene and Mr. and Mrs. Wade Russell and family of Everman visited Sunday with their parents, Mr. and Mrs. M. H. Fairbetter, and Milton and Mr. and Mrs. Whit Russell.

It's been said that 4-H is a kids' club, but it is not. It's a family club and the way the families and 4-H members cooperated and worked together to present such a successful banquet show a good example of how 4H works.

Very few adults could present a program as well as our Ten Junior Leaders of the county did. But this is only part of what 4-H is all about. Any adult leader that has done any recruiting or talked to parents or boys and girls about joining 4-H have heard this story so many times: "We just don't have time to be in 4-H, we play football, basketball, band or we are in the pep squad or some other activity." Most of the kids in 4-H do all of these things and are outstanding in all school activities. They take time and put forth the extra effort with their parent's help. It may be time consuming, tiring, and expensive at times, but where else can a family join together to learn, work and have fun doing it. School and other activities are fine and are needed, but how many pro football players, basketball players or professional cheerleaders will we have; but on the other hand, how many boys will ever go out into the world in agricultural or livestock business. Or how many of these girls will ever use sewing, food and nutrition in later life. How many will use the leadership, sense of responsibility and cooperation they will learn in 4-H. We think 4-H is one of the best training clubs available anywhere and this may sound over-rated and extravagant, but you parents bring your kids out to some 4-H activity and see what these 4-H kids can do and what they are learning. How they work together, compete against each other, you may want your family to try it.

Thank you,
W. F. Jeffs and Marceil Laminack

W. J. Atchisons to Mark 50th Anniversary Oct. 27

Atchison of Temple and Mr. and Mrs. Chesley Atchison of Fort Worth.

TRIBUTE TO GRANDFATHER

Editor's Note: The following poem was written by Jan Welch, in a hospital waiting room only a short time before the death of her grandfather, B. E. Brannon, who passed away August 25th.

A simple man, some folks might say

And maybe he was in a very special way.

A loving man so kind and so good

He gave of himself as only he could.

The love that he gave with so much pleasure

Will be ours forever to hold and to treasure

So Lord, when you take him down here from below

Let the angels sing and trumpets blow.

So those who love him will know you've welcomed him in

And maybe someday we'll see him again.

Good-bye Grandpa

Acteens Elect New Officers

By Amy Warren

In the Tuesday meeting of the Acteens held Oct. 8 in the First Baptist Church, new officers were elected.

Sarah Porter was elected president; Carla Good, study leader; Sephanie Slampa, community relations chairperson; Melinda Harrington, treasurer Kelly Mauney, reporter and Amy Warren, secretary.

We hope to accomplish many activities and hope to earn enough money to go to Memphis, Tenn. to the "National Acteens Convention" to be held in June.

We are going to try to earn the money by having bake sales, pottery making, embroiderings and other things.

We urge all girls who are seventh through twelfth graders to meet with the Acteens at First Baptist Church each Tuesday after school. It will be a blessing to God if you come.

4-H CLUB NEWS

By Bethany Gibbs

Our 4-H Club meeting was held at the Fire Hall Oct. 8 at 7:30 p. m.

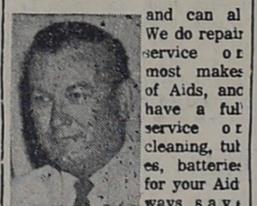

We had a vote that each member was to bring 25c dues every meeting. We also decided if you miss three meetings without an excuse, you will be put out of 4-H. Carla Good, our treasurer, collected \$7.50 in dues our last meeting.

Our next meeting will be held at the Fire Hall Nov. 12 at 7:30 p. m.

Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have an Electronic Hearing test made to find why and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your time. We check your ears for packed wax, the tubes that let your ears breathe, then with the machine we check your hearing nerve, (bone reading) air conduction, (outside sounds) then measure how much sound the ear will take. We can pinpoint your problem and explain in plain English what can be done to help you. then you make your own decision. We never try to high-pressure you into buying anything. There are thousands of people today suffering from hard of hearingness, (even some that wear Hearing Aids) just because they waited too late to do something about it . . . don't let this happen to you.

Mr. Joe Treadway will hold his regular Hearing Aid Workshop at the City Library at City Hall in De Leon on Monday, October 21st from 10:30 A.M. til noon. We invite you to come in for your free test

and can also do repair service on most makes of Aids, and have a full service of cleaning, tubes, batteries for your Aid ways save money. We are Licensed by the State of Texas to fit and Dispensing of Hearing Aids. We are always close by when you need us. We are in the Stephenville office, (Skipper Real Estate Bldg.) every Thursday, and in the Hamilton office every Friday to run special tests and assist you in every way.

Desdemona News

By HATTIE TATE
REUNION

Descendants of the late William and Lucy Eddleman met in Desdemona Community Center Saturday, Sept. 23 for the second reunion. Doors were opened early. At noon a beautiful basket lunch was spread on tables in the spacious gym. After lunch a business meeting was held, followed by a memorial service in honor of Mrs. Georgia (Preston) Eddleman, who had passed away this past year. This day happened to be Miles Eddleman's 77th birthday. He was presented a beautiful "birthday cake." After singing Happy Birthday, they all joined in for group singing led by Paul Massengale of Fort Worth, and Eula Justice of Gorman at the piano. The rest of the afternoon was spent in taking and viewing old pictures. At 6 o'clock 28 members of Dixie Land Band of Stephenville arrived and played music until the evening meal was served, which was enjoyed by all. There were 60 families present and 21 visitors.

Relatives spent the night in this area.

Mr. and Mrs. Bruce Reid, Fort Worth, Mr. and Mrs. Wofford Jones, Orange, A. Reid, Las Cruces, N. M.; Mr. and Mrs. John Sullivan and family, Big Spring; Marie Miller, Big Spring; Mr. and Mrs. Murry Morrison and Joe, Ruby Cushionberry, Quitaque, Mrs. Neva Hickey, Dimmitt, W. P. and Miles Eddleman of Lingleville all had dinner with the Fairs on Sunday. Several visited different cemeteries where they had relatives buried: Mt. Zion, School Hill, and Alameda. They are making plans for a bigger and better reunion in 1975.

Desdemona is very grateful to have a place large enough to have gatherings like this and to have people who appreciate it to want to come back. "Welcome".

A good many of Desdemona friends were in Stephenville

Wednesday to attend the funeral of a long-time friend, Mrs. Myrtle (Russell) Trice, who passed away Monday in Stephenville. Our sympathy goes out to the family.

We are glad to report that Karen Creed is able to be back home after being ill for several days and able to be at work in her beauty shop. Those attending the WMU

annual meeting of Cisco Association Thursday were Mmes. Sam Powers, Hattie Tate, Fred Watkins, L. C. Landers and Ed Crumbley. The Carbon First Baptist Church was the host church. A beautiful noon meal was spread in the Fellowship Hall. Mrs. Garrett, a missionary, showed slides of their work in Rhodesia, Africa. She and her husband, Dr.

Garrett, and children are living in Eastland while home on furlough.

While in Eastland Thursday, Mrs. Sam Powers and Mrs. Hattie Tate visited Mrs. Jewel (Horace) Browning, who had just returned home after being in the hospital for several days. Also visited Mrs. Jim (Nona) Grimshaw, who had surgery Tuesday in Eastland

Memorial Hospital.

Mr. and Mrs. Gerald Hammond and daughters, Angela and Tammy of Pittsburgh, Texas, spent the weekend with their parents, L. P. and Evelyn Hammond.

Bro. Bob Copé and Mrs. Cope, the new pastor and wife, were in the Desdemona Methodist Church Sunday morning for their worship service. They replaced Bro. Marrs, who was moved to a church near Fort Worth. Their residence is in Gorman.

Bro. and Mrs. L. C. Landers were dinner guests Sunday in the home of Mr. and Mrs. Sam Powers.

Mr. and Mrs. J. B. Foote have returned home in San Antonio after spending several days with Mrs. Thelma Foote.

Eva Northcutt, who is living in North Manor Home in De Leon, had her sister, Pearl Schlenberg, and husband in our midst last week to distribute her household goods and vacate the house. They returned to their home in Austin Saturday.

Don't forget the Monthly Musical Saturday night, Oct. 19 at the Community Center.

Remember "Mary's Putting Shop" will be open each Thursday afternoon from 2 to 6 p. m. Come and enjoy visiting your friends.

BROWNWOOD — Ralph E. Williams, 64, of Brownwood, died at 1:30 a. m. Friday, Oct. 11, 1974 in Brownwood Community Hospital after a six-week illness.

Funeral services were held at 3 p. m. Saturday in St. John's Episcopal Church with the Rev. Thomas Keithly, pastor, officiating. Burial was in Greenleaf Cemetery under the direction of the Davis-Morris Funeral Home.

Born Jan. 10, 1910 in Mills County, Mr. Williams married Henrietta Wilson on Feb. 28, 1940, in Brown County. He was the owner of Handy's Liquor Store and a member of St. John's Episcopal Church where he was a former ves-

Shower Honors The Hal Lasaters In Arnold Home

Mr. and Mrs. Hal Lasater of Venus were honored with a wedding shower in the home of Mrs. Erich Arnold Saturdayman.

A World War II veteran, having served in the U. S. Army, Mr. Williams was a life member and past commander of the Veterans of Foreign Wars and held district and national offices.

Survivors are his wife; his mother, Mrs. T. C. Williams of Brownwood; one brother, H. C. (Buck) of Blanket; four sisters, Mrs. Gwendlyn Herman, Mrs. Norma Thompson, Mrs. Edwina Butler and Mrs. Farrar Dean Allen, all of Brownwood; three nieces; and six nephews.

day, Oct. 5 from 1 to 3 p. m. Co-hostesses with Mrs. Arnold were Mesdames Wayne Eaves, Lendon Shipman, Arnold Butler, James Mears, Jim Fonville, Florence Underwood, W. V. Crews, Gus Frossard, G. O. Boyd, Bill Simpson, John West, Gene Foster, Fichard Burgess and Fred Rogers.

Greeting guests with the honorees were her mother, Mrs. V. H. Easterwood, Jr. and grandmother, Mrs. V. H. Easterwood, Sr. of Midlothian, and the groom's mother, Mrs. Hulon Lasater.

Guests were registered by Mrs. Brent Lasater of Gorman, sister-in-law of the groom.

The bride's table was laid with a linen cutwork cloth centered with an arrangement of wine colored chrysanthemums and pink carnations in a pedestal crystal vase.

Mrs. Jackie Selman and Cheryl Arnold served guests. Appointments were crystal and silver.

FHA Plays Slated on Monday Night

On Monday, October 21 at 7 p. m. the Gorman FHA Chapter will present three outstanding one-act plays.

The title of the first play is "Outsiders". This play is about a girls basketball team that plays a championship game. Nelda Little plays the part of Margaret Webb, the team captain. Other members of the team are Dianne Kent, as Harriet Harmon, Tammy Dake as Edith Roland, Lissa Warren as Alice Jones and Teresa Underwood as Josephine Brown. Leslie Long, the outsider, is played by Donna Lewis, and her sister, Phyllis Long, is played by Sammie Pettit.

The second play is entitled "Did You Say Mink." It is about a woman who is trying

Mrs. Gene Rodgers of Midlothian, sister of the groom, was a special guest.

to hire a maid to work for her. She has a hard time getting applicants until she advertises that the maid will get to wear her mink coat on days off. The lady with the mink coat is Mrs. Martin, played by Beverlie Tindall. Her neighbor, Mrs. Willoughby, is played by Terri Patterson. Playing the parts of the applicants are Dianne Vaughn as Ruth Doyle, Deliah Eaves as Bessie Potts, Mendy Carr as Essie Potts, Kellye Stewart as Mrs. Chandler, Shelia Couch as Azalea, Debra Hutson as Matilla Brown, Louise Guthrie as Lorraine May, and Robin Dake as Winfred Wiggins. Playing the part of Mrs. Shelly Mortimer, the boss's wife, is Betty Jo Garrett.

The last play is the Shoemaker's Wife. It is about a shoemaker who does not believe his wife loves him anymore. To see if she really does, he pretends to be dead and that's when the fun begins. Playing the part of the shoemaker is George Broom. The Shoemaker's wife is Vicki Vaughn. Mike Carr plays the part of the bewildered farmer.

You won't want to miss these plays. The admission price to see all three plays is \$1.00 for adults and 50c for students.

County Hay Show Slated Tuesday In Eastland

The Eastland County hay show will be held at the county livestock shown barn north of Eastland Tuesday, October 22. Hay producers have entered thirty five bales of hay in the second annual show. Protein analysis have been made of each bale entered.

Dr. John Chapin, Extension Agronomist, will judge the hay and present a program on production of quality hay. Entries will be classified on the basis of maturity, texture, leafiness, freedom from non-injurious foreign material, color and protein analysis. Each entry will be awarded a blue, a red, or a gold ribbon, if it is scored 50 points or better by the judge.

The hay show is being sponsored by the Eastland County USDA Rural Development Committee and the following agricultural stores in Eastland County: Gorman Milling Co. and Brown's Feed Store of Gorman; Perkins Implement Co., C&D Feed Store and Squiers Farm Store of Eastland; Ratliff Feed and Seed Store in Ranger; Carbon

Farm Supply in Carbon; Jones Feed and Seed Store and Shults Implement Co. of Rising Star; Thornton's Feed Mill and Farm and Ranch Supply of Cisco.

The Rural Development Committee is composed of De Gordon, County Agent; David Martin, ASCS Director; Charles Henderson, FHA Supervisor; and Ronald Bailey, Soil Conservationist.

Everyone interested in hay production is invited to attend the hay show and meeting which begins at 10 a. m. October 22nd.

The hay entered in the show

Mrs. Velma Bennett and Mrs. Ruby Bennett visited on Sunday in Eastland with Mr. and Mrs. L. A. Bennett and Mrs. Della Reynolds.

Mrs. Ola Newell of Houston, S. M. Mauney and Mrs. Lois Weaver of De Leon and Mr. and Mrs. Milton Gilbert of Breckenridge visited last weekend with Mr. and Mrs. Jack Mauney.

4 ways to make electricity work more efficiently in the laundry.

Here are several good ways to make the most of the electricity you use in the laundry. These tips may make laundry day a little easier, too.

1. Sort clothes according to type of fabric, color, texture, degree of soil and garment construction. And try to accumulate a full load before you do a washing to save water.
2. Choose the washing cycle that is correct for the clothes

you are washing. A "hot" setting may not be necessary. Except for white or colorfast items, most loads will come clean in either a cold or warm wash.

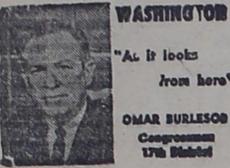

3. If your washer has a water-level selector, choose the correct setting for the load. You'll use less hot water.
4. Clean the lint filter on your clothes dryer after each load to help it operate more efficiently and reduce drying time.

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman 17th District

WASHINGTON, D. C. — UNLESS PLANS HAVE TO BE CHANGED, beginning tomorrow, October 11, the Congress will be in recess until the 12th of November.

IN MOST PARTS OF THE COUNTRY THE GENERAL ELECTION on November 5 means the real election. Since all House Members and one-third of the U. S. Senators are up for re-election they feel they must get back to campaign and there is little time left for them to be active back home. Those who are being contested are aware that people are restive about many things and that it is not a favorable time for incumbents. It is a time of "get the rascals out" and catches everyone who is "in".

A "LAME DUCK" SESSION IS SCHEDULED TO BEGIN on November 12 and could continue until Christmas but the hope is to adjourn about December 6 until January. There are big issues remaining to be resolved. Some legislation, such as appropriation bills, of which there are fourteen covering major operations of the Government, must be enacted. In other areas there is legislation considered to be a "must" before the expiration of the 93rd Congress. This sometimes becomes a matter of opinion, but whatever can be done to deal with inflation and all things connected with it is a real necessity. No real course of action has yet been decided upon by the Congress or the President, although a myriad of ideas and proposals are kicking around.

THE PRESIDENT IS SUBMITTING TO THE CONGRESS his recommendations in some of these areas, including tax changes. Although it is not wise to speculate on what may be done, time runs short for producing about anything connected with tax changes. A wide difference of opinion always prevails in this area, regardless of the situation. Unless the Senate attaches to some other measure as changes, it would be a fairly good guess that there will be no general tax revision in this Session, but no doubt will be taken up again in the 94th Congress beginning in January.

IN CONNECTION WITH THE ELECTION on November 5, Federal Law prohibits mass mailings twenty-eight days before the Election. To comply with this requirement, this release will be discontinued until it can be resumed at an appropriate time.

Price Declines of Crops Due to Ford Administration

WACO (Spl) — The president of the Texas Farm Bureau has warned that the Ford Administration "must accept responsibility for the unusually sharp price declines in certain crops that are dependent upon foreign markets."

J. T. (Red) Woodson said the so-called voluntary system for limiting exports of wheat, soybeans and feed grains will not be acceptable to American farmers if this plan results in continued disastrous price drops and loss of future export markets.

In a telegram sent to President Ford on Tuesday, Woodson said, "We respectfully request that you not use Presidential powers to restrict legitimate dollar sales of any farm commodity to any nation."

The president of the state's largest farm organization said "the best solution to economic problems is non-interference by the federal government. The current supply-demand situation in grains and the problems in the livestock and dairy industries mostly have resulted from price controls and government-caused inflation," Woodson said.

"We must let the market system work if we are to have adequate supplies of food and fiber for the American people with enough left over for

A. C. Daniels Buried Wednesday in Stephenville

Alvie Clyde Daniels, 86, of Stephenville, died at 11:35 p. m. Monday, Oct. 7, 1974 in the Stephenville Hospital after a short illness.

Funeral services were held at 3:30 p. m. Wednesday in Stephenville Funeral Home Chapel with the Rev. Emil V. Becker, pastor of First Baptist Church, officiating. Burial was in the West End Cemetery.

Born Oct. 28, 1887, in Bell County, Mr. Daniels married Rebecca Elizabeth Nabors Nov. 5, 1905 in Comanche County. She died in Dec., 1961.

Mr. Daniels married May Lincoln Dec. 5, 1962, in Weatherford. He was a retired house mover and a Methodist. He had lived in Stephenville since 1929.

Survivors include his wife; two sons, Clyde of Fort Worth and Grady of Stephenville; one daughter, Mrs. Beth Boldt of Fort Worth; one step-son, Douglas Lincoln of Stephenville; three step-daughters, Mrs. Geneva Moser of Stephenville, Mrs. Kathleen Jackson of Crosby and Mrs. Joyneil Ditto of Missouri; one brother, Ernest Daniels of Gorman; one sister, Mrs. Vera Wedkin of Fort Worth; ten grandchildren; 15 great-grandchildren; and two great-great-grandchildren.

Immunization Program Slated
By Judd Maxfield

The Gorman Schools are updating the immunization program. The county health department checked the student records and found many of the records incomplete. Before the records can be complete, dates must be shown on the records. Incomplete records of the students were sent home to parents to show what shots or booster shots are necessary for the students shot records to be up to date.

The county unit will be at the school Tuesday, Oct. 22 to give shots or booster shots to those students who need them. There will be no charge for the shots. However, if any parents do not want this program to get their child's record up to date, we will need the dates of shots from your doctor.

The immunization program is a state law that students have to have their shot record on file at the school. If you have any doubt about the dates of shots, please come by the principal's office.

School Menu

Following is the menu list for the Gorman School Lunchroom for the week of Oct. 21-25:

Wednesday — Steak fingers, English peas, glazed carrots bread and butter and apple cobbler.

Thursday — Home made pizza, salad, peach halves, peanut butter and crackers.

Friday — Corney Dogs, vegetable soup, potato chips and cookies.

earning much-needed dollars in foreign markets," the farm leader said.

"All farm exports represent a significant part of the total market for our agricultural production," Woodson continued. "If this hard-earned foreign market is taken away by Presidential decree, it will disrupt the entire agricultural economy for years to come. In this era of shortages, the greatest shortage of all may then be a shortage of food."

of De Leon and Mr. and Mrs. J. E. Whitesides of Brownwood visited over the weekend with Mr. and Mrs. Bill Chandler. It was the first time in 37 years the family had seen their brother, Monty.
