George Warren and Arlon Smith examine the first crop of 1970 peanuts which were bought by Smith on August 26th.

Durwood Burgess was assisted by his young son, Glenn, in harvesting his first crop of 1970 peanuts on August 24. The peanuts were dried in a home dryer at the farm and were sold to Arlon Smith on August 28. Burgess is farming 285 acres of peanuts with 240 under irrigation.

George Warren harvested the first 1970 peanut crop, and brought the first load to the Smith Dryer Service on August 26. Durwood Burgess brought his first load for sale on August 28th. His peanuts were harvested August 24th and sold to Smith on August 28th.

Warren's crop produced 44,460 pounds on 1 1/2 acres of irrigated land or 77 bushels to the acre, and graded 66 and 69. There were 140 days between planting and harvesting.

Warren farms 245 acres of peanuts with 190 under irrigation. The average production of the Burgess crop was 60 bushels to the acre on the 11 acres harvested and graded 67 and 65.

The moisture of 1 to 2 inches that fell in the area Monday should help to increase the dry land production.

## Senior Citizens Club News

The Senior Citizens met at the Fire Hall at 11 a. m. Tuesday for a covered dish luncheon. My, what a dinner. Possum and taters, and just name it, we had it.

We played games of 42, 84 and dominoes. We had so many nice visitors: Mrs. L. C. Cooper, Eva Brown, Ora Dempsey, Myrtle Tankersley, Mrs. Roy Grayson, James Lloyd, Gladys Lloyd, Ina Lee Morgan, all of Comanche, L. M. Black of De Leon. We want you to come back any time.

Others present were Shorly and Lucy Harris, Newton and Double Six Bennett, Honest and Bossy Bennett, Flora Perrin, Nola Underwood, Grace Skiles, Compton C. Easter, Cannot Play Kent, Eula Caldwell, Kate Allen, Arthur and Wild Bidder Littlefield, Tall Man and Loser Henderson, Charles Harris, and Gladys (Never Bids) Harris, S.O. S. Director.

Some were too tired to come until after dinner. Poor old folks. See you at 2 p. m. Tuesday.

**DYESS PHARACHUTIST** — A member of the Dyess AFB Parachute Club performing at the City-County Airport dedication at Comanche August 29, demonstrated what could be done without a parachute. His "chute" formed a wing as he bailed out of a high flying Cessna. The "wing" had to have forward motion to maintain flight and lift. The chutist demonstrated how maneuverable the wing was by leaving a trail of colored smoke as he did figure eights, circles, and even a stall. The forward motion landing required about 3 or 4 steps to maintain balance which left the performer standing for applause.

## FARMERS ARE WARNED OF PARATHION USE

Quite a number of growers are applying Parathion through irrigation water. This seems to be a very effective method of controlling certain insects, but at the same time may be extremely hazardous to human health. It was brought to the attention of this office that growers should be informed of the health hazard involved. This practice is not recommended by chemical companies or A&M.

Entomologists say growers engaged in this practice should stay out of the field for at least 48 hours after application. Parathion builds up in the blood without any way of detecting damage except by blood test. It works in the nerve transmission and gives no warning before severe damage has resulted.

Anyone involved in this practice is urged to have frequent blood tests run.

## Family Day Set At West Texas Fair

Thursday, September 17, has been designated as "Family Day" at the 64th annual West Texas Fair which is to be held September 14-19, both days inclusive, at the West Texas fairgrounds, according to Fair President Harvey Baker.

The biggest family to attend the Fair on this particular day will receive free midway tickets as well as tickets to the Coliseum Show - the first RCA-sponsored rodeo ever presented at what has become known as "West Texas' Biggest Annual Event," according to Baker.

To qualify as winner of the event a family must have:

1. The entire family present for the day.
2. Proof of relationship, birth certificates or other means of identification.

Bonus for the winning family will be the opportunity to meet the top performers who will be in the Coliseum on Thursday, September 17, none other than the internationally known Roy Rogers and Dale Evans and a singing group, "The Sons of the Pioneers."

Contestants in the "biggest family" event should enter Gate 3 and register at the lobby of the Livestock Building. The registration will close at 11:00 a. m., at which time the name of the winning family will be announced over the Fair's public address system.

The Rodeo Cowboys Association rodeo will be presented in the Coliseum on Thursday, Friday and Saturday nights at 8:00 p. m. and at 2 p. m. Saturday of Fair Week.

WASHINGTON  
"As it looks from here"  
OMAR BURLESON  
Congressman  
17th District

WASHINGTON, D. C. — AS AMERICANS, WE HAVE JUSTIFIABLE reasons to be thankful and proud. Traveling and visiting again in Texas during the Congressional recess, it seems strikingly evident that we in this part of the country have particular cause for confidence.

PERHAPS TOO LONG WE HAVE MAGNIFIED our problems and taken too seriously the obstacles that hinder us.

UNEMPLOYMENT IS CONSIDERED beyond tolerable limits when it reaches 3 1/2 to 4 percent of our total population. The figure nationally is now approaching 5 percent. In our area of Texas, though some are certainly underemployed, the figure is not near that level.

ECONOMICALLY, THE WIDE DIVERSITY of our resources in small manufacturing, oil, ranching, farming, and service related businesses, gives stability to our communities. The growth is not spectacular, nor does it reach our hopes, but comparatively we are less affected by day to day fluctuations in interest rates, consumer demands and employment than the more highly industrialized and specialized areas which do not enjoy such a dependable base.

OUR LAKES, FARMS, RANCHES, and "Open Spaces" provide places for our people to enjoy life without the distractions of crowding, noise, and pollution. Here at home, we can take time to think and make calm decisions concerning our lives and actions we choose to help others.

OUR CHURCHES ARE WELL ATTENDED and reflect the stable faith and moral integrity of our people. By comparison, in some places in our country, lack of interest has resulted in financial disaster for heretofore strong religious groups.

THE GREAT BATTLES OF THE FUTURE will not be solved on the battlefield, in halls of government, or workshops of commerce. The decisions that really count for lasting good are those of the spirit: how to be happy, how to adjust to change, - how to get along with our fellowman.

THE ADVANTAGES WE SEE ABOUT us here in the 17th Congressional District provide the climate for producing clear thinking, solid citizens with moral integrity - who seek proper values to solve the problems of our time.

OUR SEVERAL COLLEGES AND UNIVERSITY provide a wholesome climate for our young people coming from good public schools. Here they receive sound academic training that further equips them for challenges that are all about us.

THESE, OUR YOUNG PEOPLE, are our greatest blessing. To continue opportunity for their development is the greatest contribution we can make to insure the future of our great land. In a world of turmoil, doubt, and fear - there is reason for encouragement and basis for genuine hope.

COMPARED TO ANY OTHER SECTION of this Nation, our assets here at home, both materially and in the character of people, are indeed great.

## Peanut Quality Improvement Program Now On

Because of the increasing economic importance of peanut producers in the Southwest, industry leaders have instigated an intensive quality improvement program. This program is aimed at pointing up economical factors vitally important to growers in harvesting and marketing a high quality peanut. New varieties have been developed in the other peanut producing areas and have very successfully met high quality standards through efforts of researchers and the self-assessment programs. Therefore, to stay competitive it is imperative that Southwest growers put forth their best efforts to market a higher quality product. It is extremely important that special emphasis be placed on harvesting methods and mechanical drying practices as they relate to sound splits and loose shelled kernels.

This program is being conducted and sponsored by the Oilseeds and Special Crops Division, ASCS USDA, the Oklahoma and Texas Extension Services, the Southwestern Peanut Growers' Association, the Southwestern Peanut Shellers Association, the Oklahoma Peanut Commission, and the Texas Peanut Producers Board.

There are many important phases of this program. Probably one of the most important is setting up quality contests with local civic organizations. Many of these contests have already begun, especially in the South Texas area. This contest is based on the idea of giving a cash prize to the producer marketing the highest quality peanuts.

The following suggestive rules may be somewhat rigid, but truly sets out the quality we are trying to achieve.

1. The grower's copy of the Form MQ-94, Inspection Certificate and Sales Memorandum, will be the official contest entry document.
2. The Form MQ-94 must represent a single load of peanuts weighing not less than 10,000 lbs. net (Line E of the MQ-94).
3. The peanuts must be eligible for price support.
4. The peanuts shall not exceed the following grade tolerances:
  - (a) 1 percent sound splits
  - (b) 1 percent loose shelled kernels
  - (c) 3 percent foreign material
  - (d) 0 percent damage
5. Segregations 2 and 3 peanuts are not eligible.
6. Peanuts found to have mold are not eligible.
7. Winners shall be determined by the highest support value per ton. Premium payments not included.
8. The number of individual awards shall be set by the local sponsoring organization.

The maximum benefits of this program can be realized only by each producer doing his best to improve his individual operation by applying the data made available to him.

To participate in the contest a producer need only to present a copy of his MQ-94 to the sponsoring organization in his marketing locality.

(Note: This article was released by the Southwest Peanut Quality Committee.)

## THANKS TO FIRE DEPT.

We wish to express our thanks to the Gorman Fire Department for their quick action during the grass fire at the Robert Atchison farm last Saturday afternoon. Due to your efforts and quick action only a few acres of grass were burned and if the fire had not been extinguished before the windstorm that hit at the time of the fire, there would have been many more acres of grass destroyed.

## PANTHERS TO HOST EARLY FOR SCRIMMAGE FRIDAY NIGHT AT 7

The Gorman Panthers of 1970 will host the Early Longhorns for a football scrimmage on Friday, September 4 at 7:00 p. m. at Brogdon Field.

The Early team is expected to be a fine ball club this year and are a rather large football team. This should be another real test for the Panther offense and defense, who are picked as favorites to take the honors in District 17-B this season.

The Coaches have really been putting the Panthers through some tough workouts in preparation for the Early scrimmage, and also due to the lack of the usual alert hard hitting and tackling which the Panthers had shown prior to the scrimmage with the Albany Lions last Friday night. The Panthers didn't do near as well as expected in this scrimmage despite the fact that they were playing a Class A club.

## Band Students Elect New Officers

The Gorman Band students elected officers Tuesday and named Anna Lee Butler, president; Bill Mears, vice-president; Becki White, secretary; June Collins, Librarian; and George Ann Bettis, reporter.

The band is getting off to a good start according to Band Director Russell Fuller. He said "after two rehearsals the band shows great promise and with a lot of hard work by the students we can have a good band this year."

Aptitude tests were given 5th and 6th grade students on Wednesday, and students showing music ability will be notified within the next few days and they will be eligible to join the band. All students in these grades who would like to become members of the band are asked to contact Mr. Fuller.

A Tonette Band for 4th grade students has been organized and the students are very enthusiastic and are showing great interest in this band.

A representative of Caldwell Music Co. in Abilene will be here on Tuesday, September 14 from 6 to 8 p. m. to meet with B Band students (5th and 6th grades) students and parents who are interested in renting an instrument. Band rehearsal for B Band students will not begin until the 14th of September.

High School band practice will be held Tuesday, September 14 from 3:45 to 5:45 p. m.

## AUDUBON'S BIRDS AND FLOWERS

We have all seen the famous American bird pictures painted by John J. Audubon, organizer of the famous Audubon Society. This famous painter had mastered the technique of painting the intricate feathers and features of birds, but he acquired the services of other artists to paint in the floral and plant backgrounds on his pictures.

Flowers, he thought, are special, and need special artists to capture their delicate beauty.

We feel flowers are special, too. That is why we fill our orders with special care. You can be confident that when you order flowers from us, they will be just what you want, carefully prepared.

# 4th Annual Meet Comanche County Telephone Group

An estimated attendance of 300 people were present for the Annual Meeting of Shareholders of Comanche County Telephone Co., Inc. held at Lake Eanes Park Friday evening, August 28 at 8 p. m.

The well attended meeting was highlighted by the paying of outstanding aid to construction amounts due early day cooperative subscribers. This action taken by company officials thereby cancels all non-active outstanding stock, thus leaving only a \$10.00 par value subscriber participated voting type stock, limited to one share per main station telephone subscriber.

Other items of interest were in the election of new directors where in two vacancies were filled. Director candidates priorly nominated were: Thomas E. Moore and Billy J. Hare from De Leon, and Glenn Justice and Paul Norris from Carbon. Stockholder balloting named Thomas E. Moore to serve as director representative for the De Leon Exchange, and Glenn Justice to represent the Carbon Exchange.

Directors whose terms had expired because of by-law provision were R. L. Mull, who had served a most outstanding position as board president for the last decade, and Loel D. Clark, also a charter member of the board, having served since 1965.

Mr. and Mrs. Terry are sisters of Sam Powers. Myrt Reid and Neta Gee attended the funeral of Mrs. Clara Gray in De Leon on Friday.

The latest report is that black-eyed peas are getting scarce. If you have any surplus, please contact Dud and Hazel Koonce. Hazel has gathered her last mess of peas.

Our Thought For The Week: If it was folly to be wise many years ago, think how much smarter it is to be dumb today when there is so much more to be ignorant about.

Visiting the J. W. Atchisons over the weekend were Mr. and Mrs. Chessley Atchison and children of Fort Worth, Mr. and Mrs. Lee Roy Burleson of Desdemona and Mr. and Mrs. Charles Atchison on De Leon.

Mr. and Mrs. Melvin Daniels visited the B. A. Hirsts Tuesday night.

The H. T. Rawls were visiting the Luke Palmers Sunday afternoon.

Mrs. A. D. Bryan was visiting her sister, Mr. and Mrs. Grover Perry, on Saturday.

Mrs. Arno Dupuy of Odessa and Mrs. Ted Touchstone of Rising Star were visiting Mrs. Claud Smith Saturday afternoon.

Mr. and Mrs. Claude Smith and grandson spent Sunday in Eastland with their daughter, Mr. and Mrs. Milton Underwood and family.

Mr. and Mrs. Pete Urevick of Fort Worth visited Mrs. Bond and Mrs. Doris Bryan Sunday. Mrs. Urevick and Mrs. Bond are sisters.

Visiting in our home this past week were Mr. and Mrs. Clyde Setzler and Mrs. Hardy Parker. Mr. and Mrs. Clyde Setzler spent last weekend in Clyde with their son and family.

Mrs. Janet Thomas,  
County Home Dem. Agent

The Kokomo Community Club is up and coming announces Mrs. Janet Thomas, County HD Agent. Kokomo, along with Nimrod, are centers carrying on community efforts for social and economic improvement. They are participants of the Texas Community Improvement Program conducted by the Texas Agricultural Extension Service and sponsored by the electric companies in Texas.

On August 22nd, thirty-five community leaders met on the picnic grounds of the community for an ice cream social and the election of officers.

Officers elected include President, Mr. Billy Bob Walker; Vice-President, Mr. J. C. Clearman; Secretary, Mrs. Oren Webb; Treasurer, Mr. Alvin Lasater; and Reporter, Mrs. Glenn Jordan.

Good luck to Kokomo is vying for the awards as 1970-71's "most progressing" communities.

Congratulations to the Nimrod Community! Nimrod Progressive Neighbors Club has been an enrollee in the Texas Community Improvement Awards Program for some 17 years. On September 9th in College Station they will be the recipient of a silver tray which is awarded for their continuing successful accomplishments. Thirty-nine communities in the State will receive recognition at this time.

Governor Preston Smith will be the keynote speaker for the evening banquet. Traveling from College Station to accept the award on behalf of the club members will be Mr. and Mrs. Herman Harrelson, Mr. and Mrs. Herman Schaefer, and Mr. and Mrs. Jack Cozart. We are most proud of Nimrod and their history of accomplishments.

Another group we are excited about is the Morton Valley Home Demonstration Club. These club ladies have been having bake sales at auctions to finance improvements to the club house in Morton Valley.

As you come into Morton Valley at the "Y" intersection, notice the new paint and roof job to the club house. The club house is used by other groups in the community, and the H. D. ladies are most energetic in their efforts for improving their community.

Here are some ideas on how to harvest and cure decorative gourds:

Proper harvesting and curing methods are essential in order to preserve the color and attractiveness of the small decorative gourds frequently grown in the garden. The thick fleshy rind requires careful handling if they are to remain attractive for fall arrangements.

They should be picked when fully mature and before frost to reduce danger of spoilage during the curing process. The stem will shrivel and turn brown as they ripen. The rind will be hard but the outer skin will be tender. The fruit will usually be more attractive if a short portion of the stem is retained, so cut the fruit from the vine with pruning shears.

Avoid bruising and scratching the gourds when harvesting as such damage will result in rot and unsightly spots. Using a cloth dampened with rubbing alcohol, carefully wipe each fruit to remove dirt and decay organisms. If the gourds are extremely dirty they may be washed in warm water using a mild soap or detergent. Use a household disinfectant in the rinse water. Dry each fruit with a soft cloth.

Place the clean gourds on a shallow slatted tray or open shelf in a well-ventilated porch, garage, or shed taking care that they do not touch each other.

Turn the fruit daily and discard any that shrivel or develop soft spots.

After the first week of curing the skin will become hard and tough. They may then be stored in shallow wood or cardboard trays in a well ventilated room or attic for an additional three weeks to complete the curing process. Inspect every few days to remove any fruit which shrivel or show signs of decay. Do not store in a damp basement or a tight unventilated container. The attractive colors of well cured gourds will usually last three to four months. To enhance their appearance and prolong their usefulness for an additional month or two, apply a protective coat of white shellac, floor wax, or furniture wax to the dry, completely cured fruit.

The decorative gourds are especially attractive when used with fall and winter arrangements. They are extremely colorful when used in a fruit bowl, cornucopia, or as a loose arrangement on a table, chest, or mantel. Your imagination will be the only limiting factor in finding uses for the attractive decorative gourd.

## Just as I Am

The doctor stopped his carriage at the Anglican parsonage in Brighton, England. But there was nothing in his medicine kit to help the paralyzed sister of the Rev. Henry V. Elliott. He was calling to offer his usual word of cheer and to leave one of the little leaflets he had brought to distribute among his shut-in patients.

The leaflets were selling all over England, he said, and were being translated into many foreign languages. And for a good cause, too. Someone had written a poem to help finance the building of a school for children of poor clergymen. It said so at the top of the page. . . . "Sold for the benefit of St. Margaret's Hall, Brighton." Under that, the line, "Him that cometh to me I will in no wise cast out." Then came the six-verse poem.

Tears welled in Charlotte Elliott's eyes as she read the lines. Her memory went back to the

day her brother had organized a bazaar to start his school. Everybody in town had helped. That is, everybody except her . . . a 48-year-old spinster who could hardly drag about the room. Lonely and helpless, she had written a poem to console other invalids. She had sent it to a publisher in the hope that from its sale she could contribute a few shillings to her brother's school. And now, her little poem was bringing in more revenue than all the bazaars the town could give.

The doctor was pleased with his call. He had left his patient so happy that she was crying.

The following year Charlotte Elliott published a whole book of hymns and she wrote many another before she died at the age of 82. Perhaps the good doctor might have kept a little himself that day in 1834 had he known it was his patient who had written. . . .

Just as I am—poor, wretched, blind;  
Sight, riches, healing of the mind,  
Yea, all I need in Thee to find,  
O Lamb of God, I come! I come!

Just as I am—Thou wilt receive,  
Wilt welcome, pardon, cleanse, relieve,  
Because Thy promise I believe,  
O Lamb of God, I come! I come!

Just as I am, without one plea,  
But that Thy blood was shed for me,  
And that Thou biddest me come to Thee,  
O Lamb of God, I come! I come!

Just as I am, though tossed about  
With many a conflict, many a doubt,  
Fights and fears within, without,  
O Lamb of God, I come! I come!

### IT'S A BOY

Mr. and Mrs. Charles Little are proudly announcing the arrival of their son, Charles Allen, born in the Eastland Memorial Hospital on Monday, August 31, 1970 at 8:55 p. m. He weighed 7 pounds and 7 ounces.

Charles Allen has two sisters, Caye and Charla. Mrs. J. L. Little of Route 1, Eastland is the paternal grandmother. Mr. and Mrs. Dean Collins of Route 2, Gorman, are the maternal grandparents. Mrs. L. L. Collins of Route 2, Gorman, is the maternal great-grandmother.

Another rain shower fell in the community on Monday night. As usual, we received about half an inch here at our house, but the Vern Garretts reported an inch at their house. A light shower is falling this morning (Wednesday).

Mrs. Ben Goolsby of Sara Antonio, Mrs. Tom Yos of Gatesville and Mrs. Merle Hodges of Dallas spent last week with their sister, Mrs. J. C. Timmons.

Mr. and Mrs. Ed Rodgers of Hamlin visited during the weekend with his brother, Mr. and Mrs. J. C. Rodgers.

Mr. and Mrs. Roy Buchanan and Kelly of Arlington visited from Thursday night until Sunday evening with her parents, Mr. and Mrs. Albert Hendricks. Others visiting in the Hendricks home were Mr. and Mrs. Billy Bob Walker, Rev. and Mrs. Joe O'Neal and Mrs. Doris Bryan.

Mr. and Mrs. J. C. Clearman and Mary Jo spent Friday night and Saturday with his brother-in-law and sister, Mr. and Mrs. Ferrell Creager, in Kaufman.

Mr. and Mrs. Vern Garrett spent the weekend in Abilene with a daughter, Mr. and Mrs. Jerry Hallmark, Becky and Debby.

Milford Fuller and two friends of Arlington, Va. and Mr. and Mrs. Roy Dennis, Vicky and Roy Lynn of Midland, visited with their parents, Mr. and Mrs. Q. D. Fuller, during the weekend.

Mr. and Mrs. A. F. Winn of Lake Leon and Mr. R. L. Fields of Big Spring visited with Mr. and Mrs. Vernon Fields and family on Tuesday. Mr. Fields remained for a longer visit with his son and family. Mrs. Winn is a sister of Mr. Vernon Fields.

School bells rang for the children in the community who attend the Gorman Schools on Tuesday. It's kind of sad that we don't have one in the Gorman Schools this year.

Teddy Jordan and Dwayne Snider were among those who started classes at Tarleton State College at Stephenville on Monday of this week. Joe and Teresa Fields will begin their classes at Cisco Junior College on Thursday.

Mr. and Mrs. Roy Buchanan and Kelly of Arlington were visitors at the Kokomo Baptist Church on Sunday morning. Mrs. Ed Rodgers of Hamlin and Mrs. A. L. Dean of Gorman were visitors on Sunday night.

### Texas Veteran Population As Of December 31, 1969

There are 2,030 veterans in Eastland County and 1,354,000 in Texas, according to Veterans Administration figures released today based on America's 27.3 million former servicemen as of the beginning of 1970.

According to the latest available figures, of the 131,000 veterans who have served during the Vietnam era, 250 were from Eastland County.

World War II veterans make up the largest group of veterans with 1,150 from Eastland County, and 738,000 from the state as a whole.

The number of Texans serving in the Korean Conflict was 290,000, and 280 came from Eastland County.

Some 220 Eastland Countians saw military service only between the Korean Conflict and the Vietnam Era, and 154,000 from the entire state.

Of 73,000 World War I veterans in Texas, 220 are from Eastland County.

An estimated 176 of America's 5,000 Spanish-American War veterans live in Texas.

Veterans with questions on benefits are urged to contact their nearest VA office. Those who served since Feb. 1, 1955, may be eligible for G. I. Bill training. Those who served since June 27, 1950, may be eligible for home loans.

Proposed **CONSTITUTIONAL AMENDMENT**  
NUMBER SIX ON THE BALLOT (SJR32)  
General Election Nov. 3, 1970

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Section 51, Article XVI, Constitution of the State of Texas be amended to read as follows:

"Section 51. The homestead, not in a town or city, shall consist of not more than two hundred acres of land, which may be in one or more parcels, with the improvements thereon; the homestead in a city, town or village, shall consist of lot, or lots, not to exceed in value ten thousand dollars, at the time of their designation as the homestead, of any improvements thereon; provided, that the same shall be used for the purposes of a home, or as a place to exercise the calling or business of the head of a family; provided also, that any temporary renting of the homestead shall not change the character of the same, when no other homestead has been acquired."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1970, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment increasing the value of the homestead which is exempt from forced sale."
