By KERNEL GENE BAKER, aPe

Kernel, will you please tell the citizens of Gorman that their Mayor is extremely proud of them and appreciates the way they are working with the City Commission.

Will do, Mr. Mayor. The Mayor of a nearby city was telling me of the problems and gripes he has. I asked him if he ever put any articles in the local paper. He said, NO. I said, try it. It is amazing how cooperative people will be when they know and understand what you are trying to accomplish.

Graydon Baze, Don Spraberry and your Mayor attended a meeting in Eastland Tuesday afternoon pertaining to Rural Community Development.

Marion S. Porter, Project Coordinator, Soil Conservation Service, Stephenville, spoke to the group on ways and means of obtaining assistance in local projects such as housing, water, sewage, etc.

An area meeting will be held Thursday afternoon in Stephenville.

Our water condition was discussed and Mr. Porter said he would inquire to see if there was any way his department could assist in improving our water.

Mr. Porter has made an appointment to come to Gorman in the near future to check several projects we hope will be beneficial to the whole community. Ed Harrison and Sam Powers of the Desdemona area, and representatives from other towns in Eastland County were present.

If you subscribe to the Eastland Telegram look for an article about the above meeting in this week's issue. Miss Jo Ann Baker, (no kin, but the Kernel wanted to establish kissin-cousin relations) senior, Eastland High School, is working as cub reporter while Mr. O'Brien is on vacation. Her interest and enthusiasm highlighted the whole program.

### Dreams Come True For Desdemona Home Dem. Club

In December, 1969, the Desdemona Home Demonstration Club decided to do something about the dangerous intersection of Highway 8 and Highway 16, where a number of automobile accidents, causing property damage, bodily injury, and at least one death, have occurred.

They met with County Judge Scott Bailey, Eastland, to ask his advice on the proper procedure for securing a traffic light at this intersection. He provided a petition for the citizens to sign, requesting the light. Also he was in contact with the Highway Department on several occasions on behalf of this petition.

Under the sponsorship of the Desdemona Home Demonstration Club, and with the cooperation of Judge Scott Bailey, the citizens of that area, and the Highway Department, Desdemona now has its traffic light up and flashing at the intersection of Highways 8 and 16.

Mr. and Mrs. Corby Brown and family are vacationing in Ruidosa, N. M. this week.

### Miss Linda Stamer and Mr. Jerry S. Fair Repeat Wedding Vows In San Antonio

Miss Linda Stamer, daughter of Mr. and Mrs. Robert W. Stamer, Sr. of San Antonio, became Mrs. Jerry S. Fair Saturday evening June 27th at 7:30 p. m. in the Oak Island Methodist Church in San Antonio. Mr. and Mrs. Stanley G. Fair of Gorman are parents of the groom. Mrs. J. C. Fair of De Leon is his grandmother.

A white criss-cross arch held winding English ivy and pink sweetheart roses formed a setting for the formal ceremony. The candlelight wedding showed iron candelabras with runners of ivy and roses behind the arch. Large floral baskets of gladioli and fern provided floral accents to the stairway. Mrs. J. C. Gayle was organist while Mrs. J. Boatwright sang "Because", "The Twelfth of Never" and "The Lord's Prayer."

Entering at the arm of her father, the bride chose a colonial fashion formal gown jeweled with an embroidered lace designed with a portrait neckline and long tapered sleeves pointing at the wrist adorned the bodice. The skirt had lace tiers framed by satin drapes edged with imported lace. The flowing satin train featured lace designs which attached at the shoulders. The shoulder length veil of imported illusion was attached to a crown of jewels and lace. Her bouquet was of white roses holding an orchid in the center.

In carrying out the old traditions she wore a blue garter, an old golden necklace from her grandmother, Mrs. Blank, a borrowed golden heart from another grandmother, Mrs. Stamer, and a penny in her shoe.

Miss Betty Jane McOsker served as maid of honor. Bridesmaids were Mrs. Kenneth Gayle, sister to the bride, Mrs. Robert W. Stamer, Jr., sister-in-law to the bride, all of San Antonio, also Mrs. Ricky Hanifan, sister of the groom of Brownwood. They wore formal gowns of empire design. Pink satin held an overlay of flowing pink chiffon with flowers accenting the empire line with pin-pleat sleeves and gorilla line.

In their hair they wore combs holding full gathered illusion. They held long stem pink sweetheart roses with satin streamers. Flower girl was Miss Kathleen Gayle of San Antonio, niece of the bride. Her dress was designed to match the bridesmaids. She carried a white basket dropping fresh rose petals.

Ring bearers were Mr. Ronald and Donald Glowka of San Antonio. They carried white satin heart-shaped pillows. They wore black attire with pink rosebud boutonnieres.

Best man was Mr. William Fair of De Leon, a cousin of the groom. Groomsman were Mr. Kenneth Gayle of San Antonio, brother-in-law to the bride, Mr. Robert W. Stamer, Jr., also of San Antonio, brother of the bride, and Mr. Ricky Hanifan of Brownwood, brother-in-law of the groom. They wore formal black with pink rosebud boutonnieres.

Mr. Joe V. Milliron of Arlington a cousin to the groom, and Mr. Verner Stamer of Dallas, an uncle

to the bride, ushered the formal ceremony.

Following the ceremony a reception was held at the church hall. Pink and white streamers formed a canopy illusion meeting over the large table where wedding bells hung. White lace covered the table. The three-tiered cake, decorated with pink and white flowers and other pieces, featured the miniature bride and groom, centered on the table. Large silver candelabras with burning white tapers gave an extra touch to the room. A silver service and punch bowl were on either side. Serving were Miss Christi McOsker, Miss Karen Buchsenschertz, Miss Carrie McOsker, all of San Antonio. They wore white formal gowns.

White rice bags were tied with pink satin ribbon and were placed on silver trays and distributed by Miss Ava Fair of De Leon, a cousin of the groom.

A lace clothed table with an arrangement of roses set off the white brides book. Miss Cheryl Gayle of San Antonio, a niece of the bride, and Miss Debbie Stamer of Dallas, a cousin of the bride, attended the book. They wore white semi-formals with chapel caps of lace and illusion. For her daughter's wedding Mrs. Robert W. Stamer, Sr. chose a three-piece pink lace suit with white accessories.

The mother of the groom, Mrs. Stanley G. Fair, chose a blue knit dress and white accessories. Both wore white orchid corsages. Showers included those given by the Oak Island HD Club, students of her school at Somerset and Mrs. Hallie Stephens and Mrs. Jess Hargrove, near De Leon.

Linda is a graduate of Somerset High School near San Antonio. She will soon graduate to work as a beautician.

Jerry is a graduate of Gatesville High School. He is now in the Air Force, stationed in San Antonio.

After their wedding trip they will make their home at 532 Rear Briggs Street, San Antonio. The parents of the groom hosted the rehearsal party in the home of the bride-to-be. The appointments were crystal with a floral arrangement of pink rosebuds on the table. The table was laid with a white lace cloth. Candlelight enchanted the room. Refreshments were coffee, cake, punch, mints and nuts. Mrs. Stanley G. Fair, mother of the groom, and Mrs. Ricky Hanifan, sister of the groom, served the occasion.

Guests from this area were Mrs. Jess Hargrove, Mrs. R. V. Milliron, Mrs. O. T. Owens, Miss Beth Court, Miss Ava Fair and Mr. William Fair.

### Gorman Families Benefit From New Mail Delivery

Congressman Omar Burleson today announced that nearly 20,000 families — about 60,000 individuals — have been provided with mail delivery services for the first time under a recent order from the Postmaster General.

The order benefits those persons served out of about 17,000 first, second or third class post offices that do not have city delivery services.

Where they live more than a half mile away from the post office they have been eligible for rural delivery services all along. However, under this new order, they will need to live only a minimum quarter mile away to get the service.

Many additional persons are qualified but service has not yet been extended because the advantages of the new program are not fully understood in some communities. For this reason, the Post Office Department has distributed information on the program widely.

Under the new order, those desiring the service in qualified areas need only contact their postmasters.

A total of 841 post offices have already provided mail deliveries under the new liberalized standards.

At Gorman, 40 families and 55 individuals have benefited.

## A Tribute To Our Hospital

To me Blackwell Hospital has always been like a second home when I get sick and need special care and attention.

Dr. George and Edd Blackwell were my doctors before the hospital was built. In 1923 Dr. George removed my tonsils and my room was where the dining room is now, and all through the years since, I have come here.

In sadness and sorrow my father and brother passed away here.

In 1940's Dr. Rodgers became my doctor and has been ever since. To me he is the best. I have been through surgery twice here, besides all my other illnesses. I find Dr. Rodgers very dependable. I wish each and everyone would appreciate our home hospital as I do.

**Host For Friendly Ladies Coffee**

It was a beautiful summer evening last Wednesday when the Methodist Friendly Ladies gathered in the home of Mrs. Bob Green for a coffee. A fresh cool southerly breeze blew in just a bit before the appointed 7:30, and there seemed to be an inclination toward lingering under the shade trees in front.

Mrs. Charles Day presided during the brief business meeting. Mrs. W. O. Parr read the previous minutes and gave the financial report. Seems most everyone is working on some project for the Lord's Acre, and those who haven't started are searching frantically for a really good "something" to do.

It is the custom for the hostess to give the devotional, and Mrs. Green followed in tradition by reading a short study entitled "What Is Love?" God, life, love - that magic thing that is vital to all, the meaning of life.

Coffee-time is quite a special time. This group certainly enjoys refreshments, but coffee-time is talk-time, too, and it may be that talking is the one thing enjoyed more than food, but just maybe. However, there was plenty of both. Assorted cookies (one kind was peanut, of course), and there were several flavors of beautiful little sandwiches, iced fruit punch, and coffee. To be honest, there really wasn't so much talking until after the second helpings. Another cup of coffee, and more talk-talk.

And so soon, time to go. Love is - it must be, for one thing, the Friendly Ladies Class. Sharing thoughts, laughs, sometimes troubles, class study, projects, fun agreeing, and sometimes disagreeing, worship, dinners. Bye-bye. See you Sunday.

Lydia Herring of Fort Worth, Amanda McCulloch of Hobbs, N. M., Miley Williams of Ranger, Rufus Williams and Louise of San Antonio, Thomas Tower of Kingsland and Terri Patterson visited Nora Fountain.

**WASHINGTON**

"As it looks from here"

**OMAR BURLESON**  
Congressman  
17th District

WASHINGTON, D. C. — ONLY A VERY FEW TIMES IN THE YEARS of writing this column has the first person "I" ever been used. This one is an exception. It is necessary to explain a trip Ruth and I plan to take during the week of August 3rd.

AMERICAN AIRLINES IS INAUGURATING a new flight to New Zealand and Australia and we are invited, along with my colleague from Fort Worth, Jim Wright, The Ambassadors of New Zealand and Australia are to be guests on the trip. Mayors of several cities and other officials will be along.

THE FLIGHT WILL LEAVE FROM NEW YORK CITY on August 1st, stop in San Francisco and then to Hawaii. From Ha-

wai the next stop scheduled is Pago Pago and from there to Auckland, New Zealand. After two days in New Zealand the flight to Sydney, Australia will be the end of the line.

ON THE RETURN TO HAWAII, ANOTHER STOP will be made in American Samoa. After a layover of a day or so in Hawaii, the trip will end back in New York.

IT IS ENTIRELY POSSIBLE THAT IMPORTANT matters in the Congress may prevent our making the trip but as of now we plan to go. On crucial votes an attempt will be made to have what is known as a "live pair." This simply means that a Member who is going to vote opposite of the way I vote, would announce his vote, withdraw his vote and vote "present." This cancels each against the other. A "general pair" is a record only and does not count in a tally of the total of "for" or "against."

NEITHER RUTH AND I ARE ENTHUSIASTIC TRAVELERS. We have been invited a num-

ber of times to make foreign "junkets" of one kind or another but have been too busy to take advantage of the invitation. Just recently friends invited us on a fishing trip to Norway where salmon fishing in lakes below Bergen is supposed to be the best in the world. No strings attached, but we simply felt we could not be away at the time and besides, it was to be a pretty fast pace. So is the schedule to New Zealand and Australia but there are opportunities on this trip as well as pleasure.

OUR COUNTRY HAS A GREAT DEAL in common with these English speaking Nations. We have some competition in trade matters, mainly in meats. Imports of beef from both these countries are an issue of importance to our cattle raisers. Voluntary agreements are now in effect but imports are a question involved in the Reciprocal Trade Bill now pending in the Ways and Means Committee of which I am a member. It would be highly preferable to have agree-

ment on the amount of beef and lamb imports without legislation but it may not be possible and protect our own producers. Something might be accomplished by some direct contact with the people who produce, rather than through the formal negotiations of diplomacy.

NEW ZEALAND AND AUSTRALIA HAVE BEEN on our side since World War I. They fought with the Allies in World War II and have contributed more than any other Nation to our side in Vietnam.

THERE ARE MANY AMERICAN INVESTMENTS in these two Countries. As a matter of fact, we have a considerable American interest in ranching in both Countries which complicates the meat import proposition. Of course, this is true in hundreds of cases in manufacturing and producers in many foreign countries and makes foreign trade exceedingly complicated.

WE ARE ESSENTIALLY A "FREE TRADE" COUNTRY but there must be reciprocity and

equal treatment on tariffs and quotas. Our balance of payments has got to be improved. We continue to run deficits in trade exchange which has reached a point of serious concern. We cannot continue forever in this unfavorable position.

IF THE PLANNED TRIP MATERIALIZES, an effort will be made to send back comments for next week's column.

**Carbon To Get New Post Office Bldg.**

Plans for a new Main Post Office at Carbon, Texas were announced today by Postmaster General Winton M. Blount.

"President Nixon wants the American people to have the best postal service in the world," Mr. Blount said. "New buildings such as this will help us to realize that goal."

"This project is but one facet of the Nixon Administration's program to completely modernize the postal service. This building will, in the long run, save money for the American taxpayers because it will enable us to operate more efficiently."

A 3300 square foot site will be sought for the new building. The site will be selected for its convenience to the public and for its operational advantages to the postal service.

The new building is to provide 1056 square feet of interior space, plus 80 square feet of platform area. There will be 2000 square feet for parking and maneuvering of postal vehicles.

The present building has 1116 square feet of interior area, no platform, and no area for parking and maneuvering of vehicles. The post office will vacate the present building after the new one is completed.

Mr. Blount said the decision to have a new building constructed was made only after it was determined that remodeling the present facility or the use of another existing building would be not feasible.

The Postmaster General said the building will be constructed under the Department's lease construction program, thus keeping on the local tax rolls.

Plans and specifications for the new building, as well as bidding forms and other pertinent data, will be made available to prospective bidders.

The site option will be assigned to the successful bidder, who will purchase the land, construct the building to postal requirements, and lease it to the Department.

Thursday following a weeks visit with her grandmother, Mrs. Jolene Eison.

Mrs. Ed Brown met her son, James of New Orleans in Jasper Sunday to get Mike and Cheryl who will spend two weeks here.

Mr. and Mrs. Clifford Rhinehardt and Mrs. Bert Cox of Rule visited Sunday with their brother, Mr. and Mrs. Fred Coker.
