

Jack Wheeler Is Public Affairs VP At North Texas

Jack Wheeler, assistant to the president of North Texas State University, will assume the post of vice president for public affairs.

Wheeler's appointment was approved by NTSU regents Friday during their regular quarterly meeting.

But Wheeler's appointment as vice-president is not his only new title in recent days. He also was elected grand president of the 116,000 member Sigma Phi Epsilon social fraternity at the group's recent national meeting.

The Gorman native was elected grand president of Sigma Phi Epsilon at the national fraternity's biennial meeting in St. Louis Aug. 22-25. The second largest social fraternity in the world, Sigma Phi Epsilon has 8,000 active undergraduate members and 108,000 alumni with 16 chapters and some 8,000 alumni in Texas alone.

Jack is married to the former Annye Kate Blair, daughter of Mrs. Marvin Blair of Gorman, and is the brother of Mrs. Wayne Eaves of Gorman.

Letter to the Editor

On behalf of the many lover of art, I wish to express appreciation, through the press, to Artist Sudderth for the loan of the paintings which added much to the success of the open house at our new bank.

The windmill scene brought a nostalgia for days when First National was young. The two gentlemen in conversation may have been past or contemporary.

Any artist or would-be artist would love to have the Sudderth technique in painting of still life.

Thanks to Artist Sudderth, Lucretia Fairbetter

Z. Koonce Laid to Rest on Tuesday

Zollie L. (Dude) Koonce, 68, of Desdemona died at 10:15 a. m. Monday, September 15, 1975 at Scott and White Hospital in Temple.

Services were held at 2:30 p. m. Tuesday in the Desdemona First Baptist Church with the Rev. L. C. Landers, the Rev. Darrell Dossey, and Clayton Young officiating. Burial was in the Desdemona Cemetery under the direction of De Leon Funeral Home.

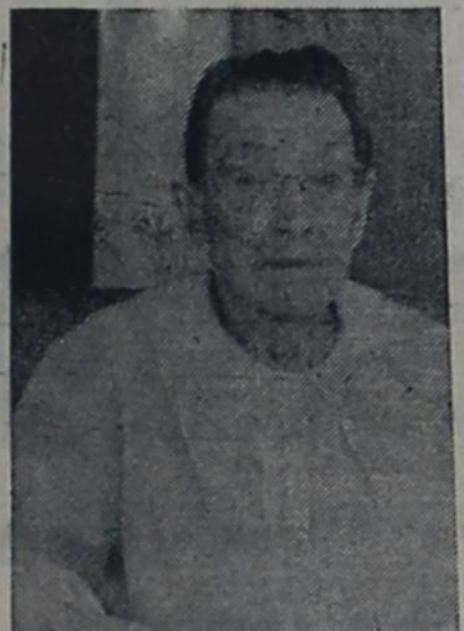

Born Nov. 6, 1906 in Desdemona, he had lived in Desdemona all of his life and was a farmer and rancher.

He married Johnnie Reed Oct. 7, 1925 in Comanche. He was a member of the Desdemona Baptist Church.

Survivors include his wife; four brothers, Ben and Moody both of Desdemona, Jim of De Leon and W. D. of Dallas; and a sister, Mrs. Vera Brown of De Leon.

CITIZEN OF THE WEEK AT LAWNDALE

Our Citizen of the Week this week at Lawndale Home is Addie Ormsby.

She was born to Sam and Jane White at Dublin, Texas in 1890.

She has two brothers, Leonard and Ed; two sisters, Rosa Hafford and Nellie. She married W. J. Ormsby in 1908 at Dublin. Mr. and Mrs. Ormsby will be remembered as having run a grocery store in Gorman for many years. She had five sons, 2 daughters, 13 grandchildren and several great-grandchildren.

While rearing her children she became "Mom" to all their friends. She loved to work with flowers and could always be counted on to give flowers for graduations, banquets or special occasions. She still wishes she could get out and work in the yard.

Mrs. Ormsby is a Methodist.

Upper Leon Waste Order Hearing Date Extended

A hearing conducted by the Upper Leon Municipal Water District Board of Directors to determine whether to implement a waste disposal order was opened Thursday, September 11. Because of limited representation of property owners and others within the zone to be affected, the Board will hold a second session at the Filter Plant near Lake Proctor Dam at 7:30 p. m., September 25. The Order, if adopted, would affect all areas within a 3 mile zone of the Lake Proctor shoreline at the elevation of 1,172 feet above sea level. The actual zone could involve a distance extending up to seven or eight miles from the shoreline if problem areas are defined where sewage may be filtering into the watershed of the lake.

The proposed water quality zone extends north to the De Leon Airport, south of Highway 377 some three or four miles in places, west well beyond Highway 16 and east to a point between Proctor and Dublin. The entire zone as specified in legislation permitting the Order will not be included, but areas within the zone posing problems will be involved.

Such waste disposal orders include inspection and licensing of septic disposal units already installed, septic disposal units to be installed in the future and organized sewage disposal units serving housing projects, recreational villages or other groups. Fees would be stipulated by the Board for expenses incurred in connection with licensing procedures provided an order is established. The Order may also include the control of areas where certain types of filth may pose a danger to water quality in the lake.

The Board in extending the Hearing has urged that all persons having interests within the zone defined generally in this release make every effort to be present on September 25 so that the Board may have the benefit of any and all suggestions and comments prior to implementing any order on waste disposal.

Such Orders are already in effect in regard to most lakes and municipal water sources in the State.

Farmres Peanut Co. Plans Open House Sept. 27

Just on the outskirts of Gorman on the De Leon Highway 6, there has been quite a flurry of activity going on the past four weeks, and a lot of scurry is still in progress. The company is getting ready to serve the peanut farmers of this area for drying and sand screening peanuts in the most efficient way possible.

The new company is the Farmers Peanut Co., Inc. The directors and personnel are quite anxious to have you come out and look around, ask questions, make your suggestions as to how they can better serve you, and the community in this new enterprise. They are interested!

Panthers Stun Dublin Lions 44-0; Travel To Throckmorton on Friday

GAME AT A GLANCE

Gorman	Dublin
13 First Downs	4
191 Yards Rushing	12
64 Yards Passing	25
4 of 10 Passes Comp.	3 of 6
1 Fumbles	2
4 for 36 Punts, avg. 7 for 28	9 for 75 Penalties 5 for 65

The Panthers "put it all together" at Dublin on Friday night as they stunned the Lions by the margin of 44-0 in a game that was as one-sided as the score. The Panthers took charge from the beginning of the game and never let up as they crushed the Dublin offense allowing only a total of 35 yards on offense, 12 on the ground and 25 in the air.

A new weapon surfaced on Friday for the Panthers as Billy Burgess came into his own as a great runner. In the opener the leader was James Webb, and when the Dublin defense started keying on Webb, Burgess began finding gaping holes in the Dublin defense. And when he did not find a whole, he would make one on his own. There was some great blocking in the Panther forward wall with good, crisp hitting, both on offense and defense.

The Panthers scored their first marker with 2:02 left in

the first period when Billy Burgess ran for the final yard to cap an 18 yard drive in 7 plays after the Panthers had taken over on a short Dublin punt. Kirk Arnold snagged a Mel Maxfield aerial for the 2-pointer and the score was 8-0.

The Big Red scored again with 3:49 left in the second quarter when Billy Burgess raced for the final 12 yards to up the score to 14-0. The run for two points failed and the score stood at 14-0.

The Panthers added another tally with only 22 seconds left in the first half when Billy Burgess again raced for 12 yards on a beautiful run for the score to cap a 42 yard drive in 5 plays, which featured a beautiful pass catching play by Kirk Arnold for 34 yards to set the Panthers up at the Dublin 10. Burgess ran for the two pointer and the score read 22-0 at half-time.

In the third quarter the Big Red machine cranked up another 42 yard drive and scored in only 3 plays with James Webb blasting for the final yard with 6:24 left in the period. This drive featured two beautiful back-to-back runs by Burgess for 24 and 16 yards. Mel Maxfield added the two pointer on a keeper

and the score climbed to 30-0. Following this score the Panthers substituted numerous players in the game the rest of the way.

With Burgess running at the quarterback slot the Panthers added another tally in the fourth period with 11:50 left on the clock when Webb rumbled in from 2 yards out for the tally after the Panthers had recovered a Dublin fumble on the Lion 21. Carl Burleson added the two pointer and the score stood at 38-0.

The final Panther tally came with 1:50 left in the game when Blaine Gibbs ran for the final 5 yards on a fine run for the score. This drive featured a thrilling 20 yard aerial from Burgess to Kirk Arnold. The run for points failed and the Panthers had blanked the Lions 44-0.

Burgess led the Big Red with a whopping 100 yards in 14 carries. Webb had 25 on 11 trips. Robert Lewis got 26 on 8 totes. Maxfield had 19 on 5 keeps, Carl Burleson hit for 11 on 6 and Blaine Gibbs got 10 on 5 carries.

Outstanding play was seen from the entire squad as the hitting was hard and the fine blocking of the forward wall opened gaping holes in the Dublin defense. The outstanding playing of Bruce Gibbs, and Stacy Webb on defense was evident. However the entire squad showed much improvement with real fine performances from Kirk Arnold, James Webb, Mel Maxfield, Robert Lewis, Carl Burleson, Billy Burgess, Doug Warren Jerry Troutman, Charles White, Clifford Lewis, Chuck Troutman, Edward Cox, Ed Murphy, Bobby Jay, Gary Mauney, and Tony Ripley.

The Panthers travel to Throckmorton to take on the tough Greyhounds Friday night in a game that is expected to be a real battle as these two teams always seem to be ready for each other. This should be a real good game and ALL the Panther backers are expected to attend this game.

Ge 'Em Panthers!

On Monday we had the Senior Citizens Band of Stephenville to entertain at 2:30. This was just great. The residents enjoyed this so very much as well as everyone else who heard them. We plan to have them again soon. You'd be surprised what you can do with rub board, wash tub, oil barrel and what have you. Tuesday is Bingo day. I had to attend a meeting in Cisco, so my daughter-in-law, Mrs. Jimmy Warren, called bingo. Oh! don't forget Michael, as he repeated for her. Thanks to Sandy as she is my volunteer worker.

Wednesday afternoon at 2 p. m. Joe O'Neal from Kokomo brought the Bible lesson.

Thursday night is singing night. We had a real nice crowd. Keep up the good work as this is something the residents look forward to. Thanks so much for all the help we get in this way.

Want to say thanks to The First National Bank for the orchids they sent to residents. They enjoyed them. We at the home appreciate every little thing everyone does.

Based on latest FPC figures, Texas Electric's residential rates are 27% below the national average.

The average family uses about 750 kilowatt hours of electricity per month. Based on the latest Federal Power Commission figures, Texas Electric's rates for this much electricity are about 27% below the national average.

But the costs of producing your electricity are going up.

New supplies of Texas Electric's major generating fuel - natural gas - are harder to get and much more costly.

So we're turning to lignite coal and nuclear fuels. While these fuels cost less

than new supplies of natural gas, plants that use them are considerably more expensive to build than gas-fired plants.

This means electricity will have to cost you more.

But we're working to keep your rates reasonable by using fuels that will keep costs lowest in the long run.

A nice Crowd of our town attended the Open House of the new First National Bank in Gorman Sunday afternoon. Congratulations to Gorman for such a beautiful building.

Mrs. Beulah DeGuire, Mrs. Ben Koonce and Mrs. Evelyn Yardley were in Hemple Saturday to meet Mrs. DeGuire's sister, Mrs. Emma Cummings

of Liberty, who came for an extended visit with relatives. While in Temple Mrs. DeGuire and Mrs. Koonce visited Mr. and Mrs. Zolle Koonce in Scott and White Hospital. Mr. Koonce was a patient there.

Mr. and Mrs. Floyd Moore visited this weekend in Big Spring with Mrs. Moore's sister, Mrs. Rudell Rogers and Mr. Rogers.

Mr. and Mrs. Jim Grimshaw visited Mr. and Mrs. Wesley Hammonds at North Park Home in De Leon Monday. They were neighbors in the

Howard Community.

Mr. and Mrs. Zollie Koonce returned home Friday. Zollie had been a patient in Scott and White in Temple for several days.

Our community was saddened Monday by the sudden death of Mrs. Ella Tidwell, who passed away at her home with a heart attack. She was laid to rest Wednesday by the side of her late husband, Mr. Guy Tidwell. Mrs. Tidwell was a friend to all and was loved by all who knew her. The family has our deepest sym-

pathy.

Some fifty-four women of the WMU of Cisco Baptist Association met Tuesday at Sims Lake Baptist cabin at Lake Leon for their yearly "Prayer Retreat". This is the most inspiring and uplifting meeting that anyone could attend. We hope many more will attend next year. Those from First Church Desdemona were Mrs. Sam Powers, Edd Crumbley, L. P. Hammond, Thelma Foote and Hattie Tate.

PUBLIC NOTICE

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S. J. R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to:

Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to:

Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to:

Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary, is amended to:

Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to:

Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to:

Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to con-

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS OF THE TEXAS CONSTITUTION."

effective January 1, 1979.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to:

Provide that the counties that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate offices, or combine the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the GENERAL PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 8 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to:

Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the MODE OF AMENDING PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

KOKOMO NEWS

By MRS. GLENN JORDAN

It is still very dry at Kokomo. Of all the rain that has fallen in the sate the past week or so we received only a very light shower or two. Some of the farmers are having to water their peanuts in order to be able to dig them because of the hard, dry ground.

Mr. and Mrs. Boland of Center Point, Texas visited with her brother, Bro. Bob Watson, on Sunday and attended the morning services at the Kokomo Baptist Church. The GA's, Caye Little, Donna Browning, Kathy Snider, Alice Ann Allison, Angela Burgess and Charla Little, with Mrs. Woodrow Browning at the piano, rendered the special music a the morning service.

Bro. and Mrs. Bob Watson were called to Houston on Monday night last week to be with her parents, Mr. and Mrs. Martin, when Mr. Martin underwent surgery in Herman Hospital on Tuesday. Bro. Watson returned home on Wednesday, but Mrs. Watson remained in Houston with her parents until Sunday. She reports that her father is recovering very satisfactory.

Mr. Jim Jordan has returned home from Harris Hospital in Fort Worth where he underwent hip surgery on August 22. This was the second hip surgery for Mr. Jordan as he underwent surgery on his right hip on June 20. He is improving daily and walks very well with the aid of a walker. Mr. and Mrs. Jordan have had many visitors since returning home, but I wouldn't attempt to name them as I would surely leave someone's name off.

Mr. and Mrs. J. C. Clearman ook her mother, Mrs. J. A. Stanford, to her home in Amarillo on Friday and remained for an overnight visit with a sister, Mrs. Jessie McCaffety, with whom Mrs. Stanford makes her home. Mrs. Stanford spent the summer here with the Clearmans.

Mr. and Mrs. Clearman and Mrs. Stanford were dinner guests of Mr. and Mrs. Gary Thompson, Cathy and Jo Beth of Plainview on Friday. The Clearmans spent Saturday nigh in Friona with Mr. and Mrs. Jackie Morgan and Charlie and attended the First Baptist Church services on Sunday morning. They also visited in Seminole with his sisters, Mr. and Mrs. Alton Freeman and Mr. and Mrs. Ross Moore and in Hereford with his brother, Mr. and Mrs. Hugh Clearman and family, in Summerfield and Lamesa with friends, before returning home on Monday.

Mr. and Mrs. Clifford Nelson spent the weekend in

We played 84 one night last week. Granny Kent is still on that strong bottle. Still wobbly. Mae is still slow on account of her ticker. It is not keeping her in the right step. Big Foot is still on the low speed gear. Mama is still twittering her tongue. I am still helping My Boss cook. I can really fix that okra. It is sure good with sugar in it. Try it once.

Fats is brewing some stuff that really has a kick to it. Murel says that he uses the

Lewisville with Mr. and Mrs. Jimmy Nelson, Tena, Travis and Teresa.

Mr. and Mrs. Vern Garrett visited during the weekend with Mr. and Mrs. Jerry Hallmark, Becky, Debby and Amy in San Angelo.

Mr. and Mrs. Jim Bennett of Lake Leon were recent visitors in Big Spring with their daughter, Mr. and Mrs. Don Anderson and family.

Mr. and Mrs. Roddy Miles, Robert, Joe and Sheri, and James Smith of Abilene visited on Sunday with Mr. and Mrs. Glenn Jordan. Mrs. Miles and the children also visited with the Jim Jordans.

Mr. and Mrs. Winston Boles and family of Eastland, Mr. and Mrs. Jimmy Little and family and Mr. and Mrs. Charles Little and family were dinner guests of their mother and grandmother, Mrs. Mamie Little, on Sunday.

Kevin and Jason Rodgers of Brownwood were recent visitors with their grandparents, Mr. and Mrs. Odis Rodgers.

Mr. and Mrs. John Rodgers, Kim and Jonna of Carbon, were supper guests of Mr. and Mrs. Odis Rodgers on Tuesday night.

Mrs. Cullen Rodgers was in Eastland last Wednesday for the Eastland County HD Council meeting. Mrs. D. F. Eaves attended the HD leaders training meeting in the County Extension Agents office on Tuesday.

same stuff as Granny on "Beverly Hillbillies." Its just as strong. Windy (our loss, but Carbons gain) has lost his job since the Bank is finished. Though he is still blowing yet. Tester is in the hospital with a heart attack. Hurry back, we miss you. Rooster Luke has been in the hospital for several days. He really enjoys those good shots. I was there and the doctor said "your kidney is just floating around in recycled tobacco juice." Luke says "my chews cost 50c each. So I am trying to economize some way, so I can pay my bills."

If you want to hear some one make the air turn blue, just ask Ott about his new teeth. He says they are really cussing teeth. I believe him, too.

Our office is rather busy now. So many strays drop in now. Tater Bat has got to where he uses a lot of foul language. Lover Boy is on the blues list now. Ham Hock is as crazy as usual. He is always tearing up my hair do. Doc is on the same list. He is really a professional thief and a crook with it. We have been missing a lot of fresh air, as the Air Man has been managng a peanut harvest. Trailer is still on the prowl. Marcy is still a sideline coach. I try to help him, though I make so many mistakes that I am at the bottom of the totem pole.

Slim Pickens (Rodgers) plays for blood. So does Speck. Though Speck has really changed since he found his "Rose." He hums and sings a lot now. He is a better mail carrier now. Stay in there Mr. Speck.

Mr. Monroe visited us the past week at the office and worked some. Digger is still on the slow list. Uncle Sam lets the work take him from the games at times.

The "Reaper" visited our community and called Hub Gilbert to his final resting place. He was a World War I Veteran. This community has lost several veterans who have heard the final bugle call.

Our sympathy goes out to the bereaved.

Remember someone's name money from the church. Sure is on the next page. So live a low down thing to do. Smile, remember that the sun is shining behind the here is some here that is so darkest cloud. Look up. Honest, Reporter

UMW Hear Of Mission Tour

Speaking to United Methodist Women Monday afternoon Mrs. Milton Fairbetter told how the Fairbetter family and hundreds of thousands of other visitors in California saw and heard the wonderful presentation of "The Story of Christ, His Last Week on Earth" in the Hall of Crucifixion and of the Missions on El Camino Real.

The panorama presented in the Hall of Crucifixion at Forest Lawn is for the living. The painting is a replica of an 18th Century of Jan Styko with The Resurrection following.

Twenty-one missions on the Pacific Coast, established in the 18th Century in fifty-four years, some in ruins, are memorials to their funders, the Franciscan Order.

Seeing them is to remember "Blessed are the Meek," Saint Francis of Assisi and Junipere Serro who lead the Friars in founding nine of the missions before his death at 73 years.

Still bearing witness for Christ, the missions are the sites of now beautiful cities.

United Methodist Women are sponsoring the Good Will Clothing Drive September 19 thru 30th. Please bring donations to Fellowship Hall.

LOCAL NEWS

Mr. and Mrs. Darrell Rodgers of Midkiff were weekend visitors with her grandmother, Mrs. Effie Crews.

Lorena Clark and Estelle Craddock visited over the weekend in Tyler with Kay Ann Craddock and also visited in Longview with Mrs. Grace Nix and Mr. and Mrs. Batt Peterson. Kay Ann is still doing well, but will remain for some time at the hospital.

Hospital Board Meeting Held

The Board of Directors of the South Eastland County Hospital District met at Blackwell Hospital at 7:30 p. m. on Monday, September 15, for their regular monthly meeting.

For the month of August, 1975, there were a total of 58 admissions to the hospital. There were four deaths and one birth recorded for the month. A review of the tax activities through August 15 shows that taxpayers have received a total of \$255.26 in tax discounts by paying their taxes in September. The 3 percent discount continues until September 30. A 2 percent discount will be offered in October.

The board reviewed the proposed budget for Fiscal Year 1975-1976 and approved it with the stipulation that all possible efforts be used to hold down spending in all areas of the hospital.

The next monthly meeting of the Board of Directors is scheduled for Oct. 20 at 7:30 p. m. at Blackwell Hospital. Public notices will be posted at least three days before that meeting.

FRED GRAY NAMED OUTSTANDING YOUNG MAN OF AMERICA

Fred Allen Gray of Raton, N. M., son of Mr. and Mrs. H. E. Gray of Gorman, has just been chosen as one of the Outstanding Young Men of America for 1975.

Only a select number of young men from the entire United States will receive this distinguished honor for their excellence in both professional endeavors and civic participation. These men who work diligently to make their cities and country a better place in which to live, are outstanding and deserve to be recognized for their achievements.

Kokomo Com'nity Club Meets

The Kokomo Community Club met for a regular meeting at the Community Center on Monday night, Sept. 15. President, Albert Hendricks, presided. The opening prayer was by J. L. Morrow. Mrs. D. F. Eaves gave the treasurer's report.

There was a discussion of a need for more insurance covering on the additional furnishings that had been added to the community center during the past few months, and then a vote to increase our insurance coverage.

The need for a new butane system was discussed.

Our "Miss Kokomo", Nelda Little, represented us in the Peanut Bowl Parade at Eastland on Saturday, Sept. 13. Another one of our young people, Deliah Eaves, drove the car for Nelda. We are very proud of our young people at Kokomo.

Refreshments were served following the business session.

Goodwill Uses Used Clothing

With season change, summer slipping into fall, clothes closets will be checked.

Goodwill can use your rejects. The United Methodist Women, sponsors of the drive now on, will place box containers in Fellowship Hall Sept. 19 thru 30. Please bring your donations of clothing, good wearable shoes, blankets and other usable items.

Remember, Goodwill hires the handicapped.

Fred is a graduate of Gorman High and McMurry University and received his masters from Texas Tech University. He is married to the former Janet Ivy of Tucson, Ariz. They have two daughters, Cherie Louise, age 7, and Kristi, age 4. They have lived in Raton 10 years where Fred has served as band director in the Raton Schools.

KOKOMO ARTS & CRAFTS — Kokomo Arts and Crafts represented Gorman at the Peach and Melon Festival. Shown with many of their works of art and craft are Mrs. Neva Ross and Mrs. Dorothy LeBlau, both of Gorman. The booth was sponsored by The Gorman Progress.

Public Servants Bite Bullet, Too

Biting the bullet by declining to accept the cost of living pay-raise scheduled for October are nine congressmen, namely Bob Carr, D-Michigan, Charles E. Bennett, D-Fla., Martha Keys, D-Kans., Larry Pressler, R-S.D., Robert J. Carnell, D-Wis., Floyd J. Fithian, D-Ind., Andrew J. McGuire, D-N.J., Andrew Jacobs, Jr., D-Ind., and Philip Sharp, D-Ind.

And now in Texas' Legislature eight senators have n-formed Secretary Charles Schmabel they do not want to be paid expense of \$30 per day during the lengthy trial in the impeachment trial of District Court Judge O. P. Carillo of Benavides.

The four, who wrote their rejections were Betty Andujar of Fort Worth, Grant Jones of Abilene, Kent Hance of Lubbock and Mike McKinnon of Corpus Christi.

The scores for good ethics in politics is of worthy notation. L. F.
