

Cooler this afternoon and tonight than Sunday afternoon and night.

Japs Near India, Stalled In China

The most active theater of war in the far Pacific, the tangled Burma battle zone, produced Chinese claims today that the enemy had been curbed in the China frontier region and a Tokyo claim that on the other side of Burma Japanese forces were within four miles of India's border.

A Tokyo broadcast said that Japanese pursuit of the British and Chinese forces still in Burma continued relentlessly. It referred not at all to the hard sledding the Japanese have encountered in their drives into China's Yunnan province, along the Burma Road.

A Chungking communique said that in the Yunnan sector north-east of Lungling, the western bank of the Salween river had been cleared of Japanese.

Another Japanese force advancing northward between the Salween and Mekong rivers in the eastern Shan states of Burma, some 250 miles to the south of the Yunnan battalions, was said to have renewed attacks southeast of Kentung, one of the Shan state capitals, after two repulses by the Chinese.

Chinese reinforcements pouring across the Salween river for counter-attacks on Japanese forces in Yunnan province around Lungling and Tengyueh had completely canceled the Japanese threat to the Burma road city of Paoshan, Chungking dispatches said.

The Chinese defense appeared to have lapsed into the sort of guerrilla infiltration tactics which have served them so well in other sec-

FDR Hears Petition For Oil Pipeline

Congressional Leaders Confer On Solution To Eastern Shortage

WASHINGTON, May 18 (AP)—Congressional leaders talked with President Roosevelt today about the oil and gasoline shortage along the Atlantic seaboard and said there would be an investigation at once of the possibility of constructing a pipeline or lines to relieve it.

Senator Barkley (D-Ky.), the majority leader, said there was a discussion of using some idle pipe lines that could be taken up and laid elsewhere. There might be as many as two lines, he said. Perhaps connecting Texas or Oklahoma fields with Florida, or the Ohio River or any other eastern spot "where we can get transportation into the northeast section."

But the location, he asserted, is a detail that must await a decision following a survey by government agencies.

Barkley said he did not know how much pipeline would cost and added that any congressional action would be delayed until the investigation was made.

Secretary of the Interior Ickes has advocated construction of a pipeline from Texas but the huge amount of steel that would be required resulted in the war production board frowning on the project.

Speaker Rayburn expressed the opinion that within four months after a congressional authorization a large and pipeline system could be established to relieve the east's petroleum situation.

He said pipeline construction appeared to be "the quickest way of getting some oil to the east coast."

During the morning Maj. Gen. Eugene Reybold, chief of the army engineer corps, recommended construction of a pipeline and a canal across Florida, and said the work should start as quickly as possible to help the nation's war effort.

He told the house rivers and harbors committee that a 185-mile-long, 24-inch pipeline costing \$10,000,000 and capable of moving 250,000 barrels of oil a day from Jacksonville to Jacksonville, Fla., could be completed within six months if materials could be obtained "reasonably promptly."

Reybold said construction of a canal connecting Fort Ingalls, on Florida's west coast, with the St. John's river leading to Jacksonville would probably require three years even if there were no unreasonable delay in getting equipment.

"We've lost the war," was the common judgment.

The obvious efforts to hide the heavy casualties of the eastern campaign began to make the Germans question for the first time the veracity of the high command's war communiques. Propaganda phrases such as "our losses are low when compared with our successes" didn't sit well.

Though Hitler announced astonishingly low casualty figures, the law of averages told the Germans that the figures couldn't be right. The eastern campaign struck close to home. Everyone could count up relatives or friends within their small circles who had been or been badly wounded, and then strike an average.

The heavy losses hurt morale at home. At the same time, mothers, fathers and sweethearts of soldiers were receiving vivid accounts of the hardships and horrors on the Russian front.

Worry and fear aggravated the wartime sacrifices, discomforts, See GERMAN, Page 5, Column 5

City Adds Second Police Patrol Car

Patrol car business is due to increase in volume shortly for the police department.

Another patrol car is being added, which will enable the department to more adequately cover the city area, and to give quicker service on all calls.

At the same time, two factory-built transmitters are being ordered for installation in the cars. Generating 22 watts power, the transmitters will give the patrol cars forceful two-way communication with headquarters, which also is expected to expedite service.

Three Killed In Mine Explosion

M'MECHEN, W. Va., May 18 (AP)—A terrific explosion killed three men in the Hitchman Coal and Coke company mine early today and seriously burned two others.

A preliminary check failed to show definitely the nature of the explosion, although observers agreed it probably was caused by an accumulation of gas.

No First Voters Present, But — Large Crowd At Patriotic Program

First voters were honored in absentia Sunday at the Lions club sponsored second annual "I Am An American" day program at the city auditorium.

In reply to 138 special invitations mailed to first voters, the attendance total stood at exactly zero. However, Joe Blum, manager of the local Texas Defense Guard company, was on hand as the lone first voter of the day.

But the program was far better supported this year than the first effort last season. Several hundred people came to the auditorium to hear a variety of music and speeches, highlighted by an address by the Rev. O. L. Savage, Well received was the municipal

Russians Gain, British Hint Of Opening New Front — War Decisive Stage Near

German Cruiser Suffers Damage

A new, decisive stage has been reached in the global war, as indicated today by word that the expanding Russian offensive had cut into the Germans' communications in southern Russia, by hints that the British were preparing to open a second European front and by a claim that Japanese invaders were within four miles of India's frontier.

Improving the United Nations' position facing the German-dominated continent was a heavy blow struck at German seapower—aerial torpedoing of the 10,000-ton German Cruiser Prinz Eugen off the southern tip of Norway. The warship "evidently was making her way back to a dockyard in Germany" when attacked by the RAF yesterday, the British air ministry said.

Apparently the Prinz Eugen was gravely damaged, although the British lacked a complete report. The cruiser had taken refuge at Trodheim after her February dash through the English channel in company of the German battleships Scharnhorst and Gneisenau. The vessel had been damaged already by a British submarine.

"The Prinz Eugen was escorted by four destroyers and by formations of fighters," the air ministry said. "There was a heavy engagement in which the Beaufighters (a kind of combat plane) raked the decks of the destroyers with cannon fire and many combats took place."

The British said they knocked down five of the naval formation's Messerschmitt escort and acknowledged that nine British planes were missing.

The German high command declared, however, that the attack was "ineffective," crediting the cruiser and escort with downing seven fighters and 22 bombers—more than half the attacking formation. The Germans said further that the British lost 62 planes yesterday and last night in actions against German naval forces and occupied territories and, reporting on the U-boat campaign, said that operations off the east coast of the United States, in the Caribbean and off the Mississippi in the Gulf of Mexico had netted destruction of 17 more ships, totaling 108,000 tons.

The RAF kept the German-occupied coast of France, along the channel, under repeated assaults today, hammering targets from Dunkerque to Boulogne for more than two hours in the first attack, before dawn.

German planes struck at a southern coast of England at dawn, destroying three houses and killing two persons. In the No. 1 war zone the Red army was said by a British military commentator to have doubled the scope of its drive in the Kharkov region, now advancing on a 700-mile front which curved sharply to the southwest of Kharkov, resting on Krasnodar.

This represented a deep flanking action against Kharkov, supplementing a frontal assault still unchecked. Krasnodar is an important railway center which evidently had been nullified for German use. It lies 60 miles southwest of Kharkov.

The Russians said that weekend operations in the region netted advances of 12 to 37 miles, vast quantities of German war material captured or destroyed and the death of 12,000 German soldiers.

The London commentator said that the Russian advance, now six days old, undoubtedly had been slowed down in some places by the German resistance, but

House Demo Whip Dies

SCRANTON, Pa., May 18 (AP)—U. S. Representative Patrick J. Boland, democratic whip in the house, died of a heart attack at his home today on the eve of Pennsylvania's primary election at which he was seeking renomination for a seventh term.

The 65-year-old legislator, a close friend of President Roosevelt, returned to Scranton from Washington Saturday and spoke last night over a local radio station in the interest of his campaign.

Friends who played cards with him after the broadcast said he was in excellent spirits. He was stricken at 5 a. m. today and died before a physician arrived.

A native of Scranton, Rep. Boland had set a record for service from Pennsylvania's 11th congressional district—predominantly republican—before he first sought election to congress in 1930.

He was appointed democratic whip in his second term. He had a great capacity for work, a fact that was recognized by all the speakers under whom he served—Byrnes, Barkhead and Rayburn. Frequently his predictions on the outcome of critical legislation were astonishingly accurate.

Boland was a contender for his party's leadership in the house in 1940 but yielded in favor of Rep. McCormack of Massachusetts before nominations were formally made.

Before entering congress Boland was a member of the firm of Boland Brothers, general contractors, and had served in several local elective offices. His father, Christopher T. Boland, also was a prominent Scranton contractor.

Target Shooting In The Sky—As his plane passes a target, towed by the machine to the left, a cadet machine gunner in the rear cockpit of an advanced trainer lets go at a rayon target (center, right). The ships are traveling about 500 miles an hour.

Senate Refuses To Cut Travel Bill Of Agriculture Department

US, PANAMA SIGN TREATY FOR BASES

WASHINGTON, May 18 (AP)—The United States and the Republic of Panama signed a treaty at Panama today covering the use of defense areas in the republic by armed forces of the United States, which already have occupied them.

The state department said the American troops occupied the areas by permission of the Panamanian government. They will develop them as gun emplacements, airplane detector stations, bombing ranges, and auxiliary air fields—the largest of which is the Rio Hato air base some 80 miles southwest of the Panama Canal.

The signing of the treaty came as American negotiators at Martinique were continuing their discussion with French authorities on measures to safeguard French Caribbean possessions against possible axis moves.

In its announcement of the new treaty with Panama the state department asserted the pact was another significant landmark in the history of relations between the United States and Panama and constitutes an important contribution to the security of the Canal and the defense of the hemisphere.

Russell said a controversial section of the bill authorizing the sale of 125,000 bushels of government-held wheat for livestock feeding purposes might not be reached until tomorrow. Farm bloc leaders hoped to work out a compromise.

War Bonds Tickets To Night Club

CHICAGO, May 18 (AP)—The customers at one of Chicago's swankiest night clubs had a million and a quarter dollars worth of fun last night, and so did Uncle Sam.

The money represented the amount a select group of 689 men and women paid out for the purchase of government war bonds. In return, the management picked up their checks and had the top ranking stage and screen stars put on a show for their entertainment.

To gain entrance into the club for the free dinner and show, there was only one demand. The committee of business executives in charge of the party requested that each table of 10 persons buy at least \$1,000 (face value) in war bonds.

Brazil Calls Up Reserve Officers

RIO DE JANEIRO, May 18 (AP)—President Getulio Vargas authorized Gen. Enrico Gaspar Dutra, Brazil's war minister, today to call up all reserve army officers for active duty.

This decree, together with one April 8 which authorized Dutra to increase the number of reserves and open enlistments, placed Brazil closer to a war footing.

Several classes of reserves already have been called into training. This decree, together with one April 8 which authorized Dutra to increase the number of reserves and open enlistments, placed Brazil closer to a war footing.

Committee Okays Airport Program

WASHINGTON, May 18 (AP)—The senate appropriations committee recommended today a \$199,740,000 airport program, involving the proposed development of 168 new airports and improvements of 296 existing fields.

Also included were funds to complete certain landing fields in Alaska and to provide the army ferrying commens with new landing fields in the United States.

German Morale Slips, But No Revolt Likely

EDITOR'S NOTE: Edwin A. Shanks, who gives this view of inside Germany, is a member of the former Berlin bureau of the Associated Press who has arrived in Lisbon from internment at Bad Nauheim with United States citizens being exchanged for axis nationals.)

By EDWIN A. SHANKS LISBON, May 18 (AP)—German civilian morale is slipping.

But that doesn't mean that nation is near internal collapse or that revolution is just around the corner.

Such an estimate of Germany today would be pure wishful thinking. For it must be remembered that the Nazis keep the police-ridden country in hand, with a Gestapo agent behind every bush and every neighbor a potential informer.

But it does signify a letdown in the general day-to-day efficiency, a slackening in the German war effort which in the long run will have a telling effect.

The sinking spirits at home are being transmitted in turn to the soldier at the front—honey-combing what until recently had been high morale. Letters from home convey to the soldiers part of the picture. Home leave, when granted, does the rest.

German morale reached its crest after the smashing Balkan campaign in 1941. That was natural. The German army had an unbroken string of victories. The nation appeared united as never before. The mass of the people still hadn't seriously thought of the United States as a potential enemy.

But then a series of elements entered the picture which began to undermine morale.

These included the flight of Adolf Hitler's confidante, Rudolf Hess, to England; the invasion of Russia; Nazi party favoritism; persecution of the churches; deterioration of food and general living conditions; false promises of peace; entry of the United States into the war; the dismissal of Field Marshal Weither from Brauchitsch; and tension between Heinrich Himmler's SS (Elite Guard) troops and the army.

In the German mind today, Hess is a traitor who flew to the enemy to reveal Hitler's general war strategy to the British.

Nothing disclosed the panic in high Nazi quarters better than the steps taken to counteract the demoralizing effects of Hess' flight. Police and plain clothes men were in a general state of alarm. Nazi wardheerers in muffi circled in cafes and bars and other public centers to report anyone discussing the Hess case.

The departure of Hess was the first big smashup in the Nazi hierarchy since the blood purge of 1934. No amount of hushing could minimize its repercussions. When officials tried to explain the flight as the act of a "crazy man," the people asked themselves "Are we being ruled by crazy men?"

Then came the invasion of Russia. Germans were not prepared for it mentally. The advisability of tackling such a giant—with Brit-

Food Figures Are Gigantic

CHICAGO, May 18 (AP)—Agricultural "assembly line" production figures of an astronomical character depicted today the gigantic wartime production of food products by America's 6,000,000 farmers.

Every hour the American farm plant is turning out 6,486,000 quarts of milk, 5,236,000 eggs, 134 carloads of hogs or enough to fill thirty-two 100 car trainloads a day, 88 carloads of beef and veal, 40 tons of peanut oil, 68 tons of soybean oil.

The figures were given by Fred S. Wallace, chief of the agricultural adjustment agency, in an address before all the state AAA chairmen, assembled to outline the 1943 production program.

"And I want to emphasize that those hourly production totals are coming off the farm 'assembly line' 24 hours a day and 365 days a year," Wallace said.

Mrs. M. A. Sarvis Burial Set Here

Mrs. M. A. Sarvis will be buried in city cemetery here at 6 p. m. today, the body being due to arrive overland from Hobbs, N. M., following an early afternoon funeral there.

Mrs. Sarvis died Sunday at Hobbs. She is a former resident of this area. Local arrangements are in charge of Eberley funeral home.

Brinkley Trial Is Postponed

LITTLE ROCK, Ark., May 18 (AP)—Acting on the recommendation of four physicians, U. S. District Judge T. C. Trimble today postponed indefinitely the June 8 trial of Dr. John R. Brinkley, Del Rio, Tex., gland specialist, of an indictment charging mail fraud in connection with his sex-rejuvenation advertisements.

The physicians' certificates said the 57-year-old surgeon was suffering with a severe heart ailment and that his health would be jeopardized if forced to face trial now.

Brazil Calls Up Reserve Officers

RIO DE JANEIRO, May 18 (AP)—President Getulio Vargas authorized Gen. Enrico Gaspar Dutra, Brazil's war minister, today to call up all reserve army officers for active duty.

This decree, together with one April 8 which authorized Dutra to increase the number of reserves and open enlistments, placed Brazil closer to a war footing.

# Big Ten's Athletic Profits To Be Donated To Army-Navy Relief

CHICAGO, May 18 (AP)—The Big Ten's patriotic-profit plan today was expected to spread to other conferences and raise thousands of dollars for army and navy relief funds during the football season.

The plan, approved by Big Ten athletic directors at their annual spring meeting, calls for the pooling of all football revenue above the actual cost of financing sports programs. The money is to be con-

tributed in the name of the Big Ten conference—not individual members—to the army and navy funds.

At South Bend, Frank Leahy, Notre Dame's football coach and athletic director, said that such a plan met with his approval and that he would confer with school authorities in regard to adopting it. Patriotic-profits also met with the favor of Jimmy Hagen, Pittsburgh's athletic director, and other headmen of outside the Big Ten who were at the meeting.

Increased expenses, however, were foreseen because of the support to vast programs of physical fitness courses.

The plan, which major John L. Griffith, athletic commissioner, termed a climax to the Big Ten's preparedness program built up since the last war, had wide approval.

"We have been building programs of physical fitness through athletics ever since the last war taught us the lesson that we needed able bodied men," he asserted.

"Every school also has given room to house enlisted men's unit training groups studying signal work, radio or engineering. Most of these classes, under direction of staff officers, are held in gyms and fieldhouses which the Big Ten gladly has given to save the necessity of constructing cantonments."

## Dim-Out Rules May Mean End Of Night Baseball

NEW YORK, May 18 (AP)—New York police, at the instance of military officials, apparently have thrown the switch which will darken all ball parks and sports stadiums in the metropolitan area for the duration.

Mayor LaGuardia yesterday broadcast eight regulations which would deepen the city's dim-out. The fifth banned all floodlighting for sports events unless it could be screened to prevent glow or reflection.

Asked later if that meant no night baseball, LaGuardia replied "I guess so." Then he explained "It seems almost impossible to eliminate objectionable light reflection there."

A definite decision is expected before Friday when the New York Giants and the Brooklyn Dodgers are scheduled for a night game in the Polo Grounds.

Both the National league clubs have 14 home games listed for night and if all are banned the loss in revenue to the two has been

## Three Repeaters In Scholastic Baseball Event

DALLAS, May 18 (AP)—Three of the teams that played here last year will be back Thursday when the sixth annual state high school baseball tournament opens at Rebel field.

One of them—Carthage—already boasting a victory over the strong Texas freshmen, who beat Austin and Hondo, two of the entries in the state tournament, the undefeated Carthage crew that went to the finals last season is expected to walk off with the pennant this time.

Here is the field that goes after the title in the tournament Thursday, Friday and Saturday:

Witharal and Poly (Ft. Worth), West Texas, Carthage of East Texas, Austin and Whitney of Central Texas, Mesquite and Adamson (Dallas) of North Texas and Hondo of the Rio Grande Valley.

Carthage, Mesquite and Hondo played in last year's tournament.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR. Wide World Sports Columnist

NEW YORK, May 18.—We don't know much about the pitching record of Corp. Tito Torcolletti of Gunter Field, Ala., but from the report forwarded by Lieut. Elmer Salter, we'll bet Tito is a good soldier. . . . Seems he used to pitch right handed but decided he wasn't getting enough work that way, so he learned to pitch from the wrong side, too. . . . Down at Gunter Field, he works in the outfield on his days off from pitching and is a leading heavyweight boxer. . . . Torcolletti's only complaint about this program is that he has to wear toe plates on both shoes and the shoes take a terrific beating. . . . Here's the last word on that Angot-Stols scrap in the Garden Friday, as delivered by Tony Galento: "That Angot is a worse fighter than I was."

Today's Guest Star

Dennis Brown, Mount Clemens (Mich.) Monitor-Leader: "A hot rivalry is developing between Chicago and Philadelphia. . . . Chicago has never had twin-billing in the dugout at the season's end, and though both Cubs and Sox are trying like mad this year, they are getting a tough battle from the main line city, striving for its seventh double-feature in the cellar."

Monday Matinee:

Some guys get all the breaks—here's Howie Odell just taking over the coaching job at poor old Yale when word comes that Bernie Sherman, Jr., about the best prep back in Minnesota last fall, and Emery Larson, Jr., a crack fullback at Lawrenceville, will be in the next freshman class. . . . Ab Jenkins, Salt Lake City's racing mayor, wants to make a run (not political) on the Bonneville salt flats for charity. He says don't worry about the rubber because those small tires on his racing car wouldn't make a handful of rubber bands if he recuperates. . . . In case you're wondering what those Dodgers are doing to the National league, nine of the last ten pitchers to start against them have been belted out.

Father's Day

When Bobby Bragan of the Phils was receiving congratulations on becoming a pappy the other day, various teammates mentioned that they, too, expected to be handing out the cigars soon. . . . After hearing eight of the boys announce future blessed events, Manager Hans Lobert snorted: "I thought the Stork club was a night spot in New York, but here I find out it's a ball club and I'm managing it."

Out in Pittsburgh the fans tell one about the time Rip Sewell was tossing up a few for his young son, Jimmy, to hit. The kid wasn't doing so well and Lee Handley cracked: "There's a pitcher for you. He won't even give his own son a good one to hit."

Has A Big Night On The Mound

POCATELLO, Idaho, May 18 (AP) Tony Jell of Twin Falls pitched one of the Pioneer league's rare no-hit baseball games last night to win from Pocatello, 4 to 2. But that only a small part of his feat. He also: Fanned 11 batters. Walked seven. Made a wild pitch. Hit three batters once each with a pitched ball. Hit a fourth batter twice. And he's not a left hander, either.

## Borger Blasts Bombers For 18-2 Victory

Borger's batmen lambasted three Big Spring pitchers and scored almost at will, in the WT-NM clash at Borger Sunday. The final score was 18-2 for the Gasers, who evened up the two-game schedule with the Bombers.

Neal Rabe and his lads move to Pampa today for a two-game stand.

The Bombers took a lead with two runs in the second, but the Gasers came right back with three tallies, then cut loose with their big guns in the fifth, when they made 11 scores. In all, Borger registered 20 base blows. Big Spring . . . 020 000 000—2 6 1, Borger . . . 030 0111 03x—18 20 2

Johnson, Timmons, Speir and Brown; Ross and Warren.

## Paul Dean On The Way Back; Wins Fourth

By the Associated Press

Maybe the Texas star is thawing out Paul Dean's arm or perhaps the former St. Louis Cardinal hurler has found some recondite means of regaining his old cunning, but whatever the reason, Dean's brother won his fourth straight league game yesterday.

The 37-year-old moundman, who has high hopes of making a comeback in the big time, held Shreveport to six scattered hits to defeat the Sports 5-3 in the nightcap of a double bill at Houston. The Sports won the 12-inning opening contest 4-3.

The league-pacing Beaumont Exporters continued their fast clip before the home fans by sweeping a doubleheader with San Antonio, 6-4 and 4-3. The cellar-dwelling Dallas Rebels cut loose at last and took two games from the visiting Fort Worth Panthers, 6-1 and 4-3. At Oklahoma City the Indians and Tulsa split a two-game feature, the Oilers winning the first, a 13-inning affair, 6-5, and the Tribe annexing the second 2-1.

The Beaumont-San Antonio game was delayed an hour due to non-arrival of the Missions, and the second contest was called after the sixth inning because of darkness.

Merv Connors, Rebel first baseman, was ball of fire in both Fort Worth games. In the opener he hit two home runs, a double and reached base when struck by the pitcher, scoring a total of four runs. In the second he walked, singled and sacrificed and scored the tying run.

STAMFORD, May 18.—There will be no shortage, rationing, or priorities on entertainment or patriotism when the thirteenth annual Texas Cowboy Reunion is held here July 2, 3, and 4. In fact, every effort will be put forth to make this year's show even bigger than in past performances.

Arena shows, staged twice daily, and breath-taking in their bigness, are only a part of the panorama. Old fashioned dances, held each night of the Reunion, furnish relaxation for the real cowboys and ranch hands, as well as the "drug-store cowboys" who enjoy stepping to the tune of "Little Brown Jug", and other square dance and folk dance tunes. Popular bands entertain modern dancers in the sponsors' pavilion nightly.

Dozens of old fiddlers will stage their own show, furnishing amusement for themselves and for countless "fiddling" fans who look forward to that portion of the program.

Cowgirl sponsors, representing a widespread section of the West, will again be part of the official program, and will take part in regular performances. These sponsors, selected for their personality, beauty and riding ability, are real riders and have earned the right to appear on horseback with the best of horsemen.

# White Sox Takes Sixth In Row As Rigney Wins One For Boss-Wife

## Yanks' Lead Is Trimmed To A Half Game

By AUSTIN BEALMEAR Associated Press Sports Writer

Johnny Rigney, ace of the Chicago White Sox mound staff, will do his future pitching for Uncle Sam, but before he decided to don the navy blue he had to win one for the boss.

The boss is Mrs. Johnny Rigney, the former Dorothy Comiskey, treasurer of the White Sox. And Johnny's present to her in his last major league appearance for the duration of the war was a three-hit pitching job against the Washington Senators in the second game of yesterday's doubleheader.

After winning the first game, 7-1, behind the six-hit hurling of Ted Lyons, the White Sox rallied to overcome a three-run deficit and pull the nightcap out of the fire for Rigney, 4-3.

The double victory didn't get the White Sox out of the American league cellar, but it stretched their winning streak to six straight games and put them within striking distance of seventh place.

Bobby Estalella drove in all of Washington's runs, with a homer in the first game and a second-inning double in the afterpiece which emptied the bases that had been loaded on a pair of passes and a single.

But Don Kolloway came to Rigney's rescue in the second game, hitting in three runs with at many doubles and scoring the winning marker on a two-bagger by Sam West.

Rigney, a 27-year-old right hander, expected to enlist in the navy. He told reporters that yesterday's game was "definitely" his last for the duration.

The New York Yankees saved their lead in the American league by gaining an even break with the St. Louis Browns, but the second-place Cleveland Indians sliced the margin to half a game by bumping the Philadelphia Athletics twice.

At St. Louis, a three-run homer by Chet Laabs featured a four-run assault on Charley Ruffing in the first inning of the opening game and the Browns coasted to a 4-3 decision as Eldon Auker limited the world champions to seven hits.

Atley Donald pitched five-hit ball for the Yanks in the second game and Frank Crosetti's single brought in the run that won it, 3-2, scoring Joe Gordon who had three hits in four times at bat.

Jim Bagby and Al Milnar turned in a pair of sparkling four-hit

for the Cleveland Indians, who downed the Athletics, 4-1 and 9-3. Jimmy Bloodworth's tenth-inning home run gave the Detroit Tigers a 4-3 victory over the Boston Red Sox in a single game at Detroit.

In the National league, the Brooklyn Dodgers hiked their lead from five games to six and a half, sweeping a twin bill with the Chicago Cubs.

Bucky Walters stole Jim Tobin's thunder at Boston, pitching the Cincinnati Reds to a 9-3 victory over the Braves. Walters yielded only seven blows and blasted a two-run homer off Tobin, who hit three home runs in a row against Chicago last Wednesday. Weather cut the scheduled doubleheader to a single game.

The Philadelphia Phils kept the Pittsburgh Pirates two percentage points behind the second-place

Graves by winning the second game, 5-4, after the Pirates had grabbed the first game, 7-2.

The New York Giants and St. Louis Cardinals divided their double bill to remain deadlocked in fourth place. Carl Hubbell scattered eight hits for a 7-1 decision in the opener, his first triumph of the year, but the Cards came from behind to take the afterpiece, 5-4.

## Beginner Snatches Lead In Bowling

Howard Smith, high school lad classed as a beginner bowler, snatched off the lead in the first annual city tournament as it got underway here Sunday.

With the aid of a good handicap, Howard also got hot with his bowling to run his total in singles for the day to 725 pins, including the high single game of 268 for the day.

Equally impressive was the lead game posted in doubles by Rat Ramsey and Jake Douglass, who had to turn on the heat in the final round of the day to post 1,336 to overcome a 1,215 pattern fired by Russ and Alexander, junior bowlers. Douglass had a 262 game, but it was under young Smith's best.

In the only team games—which are not match but high pin play—Schlitz came out ahead with 3,166 to 2,962 for Cosden.

Behind Smith in the singles were Rat Ramsey 684; Kelly Neville 635; Olive Cauble 632; Chester Wiley 624; and Luke LeBlou 609.

Besides the leaders in doubles, others in the doubles chase were Olive Cauble and Spec Rust 1,228; Stanley Wheeler and Ward Hall 1,190; Chester Wiley and B. T. Cardwell 1,188; V. A. Merrick and Ruff Peters 1,171; and Bob Ward and George Zachariah 1,134.

Participants in the tournament are playing with handicaps worked on their average from a 300 base. Play continues through the week and must be concluded by Sunday.

## Jess Woody Wins Southwest Meet

STANTON, May 18.—Jess N. Woody returned last week from Dallas where he participated in the two-day Southwest pistol tournament and emerged with the championship award.

Woody fired a 1,723 total to take top honors from G. Huddleston of Kansas City.

## Spring's Grid Feature Set For Tuesday

Quick and scrappy, the 1942 Steer footballers will be subjected to the acid test here Tuesday at 4:30 p. m. when they give away more than 12 pounds to the man in tangling with graduating members of last season's squad.

The seniors, led by such notables as Kasch, H. Bostick, Barton et al, will go into the game with an average weight of 178 1-2 pounds as against only 166 for the young, inexperienced charges of Coach John Eibral.

Yet the outcome is far from a fargone conclusion. Weight and experience may give the seniors an early advantage, but condition and maneuverability are due to put the Steers in better light as the game wears on.

At any rate, calibre of the opposition will definitely offer a critical basis on which to judge prospects of the Steers for next autumn. If they can go against the seniors, they ought to be able to do considerable good against the average 3-A team.

The formidable senior line-up will be something like this: Lemuel Nations and James Tidwell at ends; Calvin Boykin and Wofford Hardy, Jr., at tackles; Billy Shaw Eibral, Billy Suggs at guards; Paul Kasch at center; Billy Womack, Junior Moore, Frank Barton and Horace Bostick in the backfield. Lowell Matlock and Donald Patton, subs.

Contesting these under the high school colors will be Long John

Urey and Peppy Blunt, ends; Bobby Boykin and Silent; Glen Brown, tackles; Robert Coffey and Darrell Webb, guards; Barkley Wood or Billy Bob McDonald, center; Dewey Stevenson, quarterback; Doyle "Hunka" Stewart, fullback; Ernest Bostick, left half, and Hugh Cochran or Billy Mims, right halfback.

Urey and Peppy Blunt, ends; Bobby Boykin and Silent; Glen Brown, tackles; Robert Coffey and Darrell Webb, guards; Barkley Wood or Billy Bob McDonald, center; Dewey Stevenson, quarterback; Doyle "Hunka" Stewart, fullback; Ernest Bostick, left half, and Hugh Cochran or Billy Mims, right halfback.

## Cowboy Event At Stamford 'As Usual'

STAMFORD, May 18.—There will be no shortage, rationing, or priorities on entertainment or patriotism when the thirteenth annual Texas Cowboy Reunion is held here July 2, 3, and 4. In fact, every effort will be put forth to make this year's show even bigger than in past performances.

Arena shows, staged twice daily, and breath-taking in their bigness, are only a part of the panorama. Old fashioned dances, held each night of the Reunion, furnish relaxation for the real cowboys and ranch hands, as well as the "drug-store cowboys" who enjoy stepping to the tune of "Little Brown Jug", and other square dance and folk dance tunes. Popular bands entertain modern dancers in the sponsors' pavilion nightly.

Dozens of old fiddlers will stage their own show, furnishing amusement for themselves and for countless "fiddling" fans who look forward to that portion of the program.

Cowgirl sponsors, representing a widespread section of the West, will again be part of the official program, and will take part in regular performances. These sponsors, selected for their personality, beauty and riding ability, are real riders and have earned the right to appear on horseback with the best of horsemen.

STAMFORD, May 18.—There will be no shortage, rationing, or priorities

# Stanton Study Club Has Last Session Of Year

STANTON, May 18 (Sp.)—The Stanton Study club met with Mrs. J. E. Kelly for the last meeting of the current year. Mrs. Clara Long gave a report from the general convention of Women's Clubs which met in Fort Worth. Others on the program were Mrs. Harry Hall, who gave "Women in the Americas"; Mrs. O. B. Bryan of Big Spring, "Music and Dances of Latin America"; "Adventures in Taste" was given by Mrs. J. E. Kelly.

On May 26th the club will hold its annual picnic at the city park when families of the members will be invited.

Those present were Maud Alexander, Mrs. Phil Berry, Mrs. Morgan Hall, Mrs. Calvin Jones, Mrs. Dale Kelly, Mrs. Emmett Pittman, Mrs. Harry Hall, Mrs. O. B. Bryan, Mrs. E. F. Smith, Mrs. John Teila Atcherson, Mrs. Floyd Smith and Mrs. Edmund Tom.

Mrs. Phil Berry and Mrs. Calvin Jones served tea at the home of Mrs. Berry as a farewell to Mrs. Poe Woodard, who left last week for Big Spring to remain with her parents, Mr. and Mrs. George Wilks, until her husband, Poe Woodard, is established in an army service location. Woodard enlisted to train in officers training school.

Mr. and Mrs. John Pinkston gave a dinner honoring Mrs. Pinkston's parents, Mr. and Mrs. Tom Angel of Snyder. Chicken dinner was served to the children and grandchildren of Mr. and Mrs. Angel. Present were Mr. and Mrs. Ted Blankenship and children, Mr. and Mrs. Earl Burns, Mr. and Mrs. Herman Clements and children, Mrs. A. T. Angel and daughters, Mr. and Mrs. Minter McReynolds of Midland.

**NUTRITION CLASS**  
Tuesday and Friday, 7:30 o'clock to 9:30 o'clock at Red Cross Headquarters. Fontilla Johnson instructor.

### — Downtown Stroller

Looked odd to see WYLBERT MOORE, whom we used to see in a cheer leader's uniform, wearing a U.S. Navy uniform. Right off, though, when the navy is agreeing with him, because he looks most hale and healthy.

Another home town boy who is making good in a big way is JOHNNIE NALL, who is wearing the uniform of the Royal Canadian Airforce now. According to JOHNNIE, you tell the folks in Canada you live in Texas and that makes you one of the regulars up there.

JIM OBRERO has a story to tell about his friends and sugar rationing. Seems one of his best friends came to call and JIM asked him if he brought his sugar with him. His friend had forgotten so JIM began doing the sugar out, one teaspoon. But his friend asked for more. "You see I only come to visit you but once in awhile, so I ought to get more," he declared.

And speaking of sugar rationing, we wonder if others have our same trouble. We never use it, and now our drinks arrive on our table about half the time, already sweetened and have to be sent back.

Home for the weekend was MARIE DUNHAM, who observed a birthday anniversary this week. She is a student at Tech and looking forward to that good old vacation pretty soon.

### 16 Ship Sinkings Credited To Nazis

NEW YORK, May 18 (AP)—Enemy submarines officially were credited last week with sending 16 United Nations vessels to the bottom in the western Atlantic ocean for a war total of 191 allied sinkings in that area.

The navy announced casualty list put the dead in the sinkings at 83, missing at 115 and the survivors at 470.

### 6 Texans Die In Accidents

Six persons lost their lives in traffic accidents in Texas yesterday.

A train-auto collision four miles north of Kilgore resulted in the deaths of Lawrence George, 19, of Laneville, Rusk county, Mildred Eastland, 20, of Kilgore, and Marion Benson and Cleo Hammett, both of Rusk county. William Lunsford, riding in the car with the other four, was critically injured. The girl died instantly and the other three later.

Allene Serwenka, 18, of El Campo, student at the Texas State College for Women at Denton, was killed and six other persons were injured in the collision of two automobiles three miles north of Denton on the Gainesville highway.

Geraldine Tucker, 8, was killed, when she was struck by an automobile at Coleman. It was the first traffic death in Coleman in more than a year.

### Ship Workers Give Up Wage Increases

CHICAGO, May 18 (AP)—In line with President Roosevelt's policy to prevent an upward spiraling of prices, representatives of more than a half million workers in the nation's shipyards have accepted an agreement which provides for a smaller increase in the uniform wages in the industry than warranted by existing contracts.

The increase in wages will average about 8 cents an hour and represents a total of from \$125,000,000 to \$150,000,000 in the next year. Under the "cost of living" clauses in existing contracts, the workers were entitled to increases totaling \$225,000,000 for the next 12 months. Thus labor's representatives in the first major demonstration endorsing the president's anti-inflation program, agreed to relinquish an estimated \$75,000,000 to \$100,000,000 in wage hikes.

### SURVIVORS MACHINEGUNNED WILLEMSTAD

WILLEMSTAD, Dutch West Indies, May 18 (AP)—Nineteen survivors of a United States freighter were brought here today and reported that an axis submarine, after sinking their ship Saturday night near the island of Bonaire, machinegunned the crew in lifeboats.

### 'Honor Guests' Are Overlooked When Program Cancelled

ST. LOUIS, May 18 (AP)—Two hundred elderly naturalized citizens sat for nearly an hour outdoors enduring unfavorable weather because no one thought to tell them an "I Am An American Day" program had been cancelled.

The program participants had been notified three hours earlier. Until a stagehand made the announcement apparently no one had thought of the "honor guests."

### BUILD-UP FOR LET-DOWN! MIDLAND ARMY FLYING SCHOOL

—Eight weeks of intensive training is required before a man is entrusted with the vital job of folding parachutes used by aviation cadets at this world's largest bombardier college.

# Girl Scouts Have Picnic At The City Park

A picnic was held Saturday evening at the city park by the Girl Scout troop sponsored by the South Ward school which has named itself the Lily of the Valley troop.

Picnic lunch was served and attending were Billie Jean O'Neal, Mary Ann Ross, Mary Joyce Sumner, Norma Lou Ross, Nancy Elizabeth Hooper, Mary Louise Porter, Joan Carpenter, Mary Beth Morgan, Mary Louise Davis, Nancy Jane Lovelace, Doris Jean Clay, Mrs. R. E. Porter, Mr. and Mrs. Jimmy Broom, Mr. and Mrs. Stanley Mate.

# People Must Make Sacrifice For War, Stevenson Says

AUSTIN, May 18 (AP)—Gov. Coke Stevenson asserted today "the average American family has not known, and does not now know, the real meaning of thrift, economy and sacrifice."

In his regular weekly broadcast, the governor declared: "The winning of this war is not going to depend entirely upon our men in the armed forces. Neither will it depend entirely upon the men and women in our defense industries. Every man, woman and child has a prime responsibility to his country during these days."

The public now is becoming convinced of the necessity for a revival of both religion and patriotism, Stevenson said, stating "the convention of Southern Baptists at San Antonio is symbolic of the one, and the observance of 'I Am An American' day is a token of the other."

The public now is convinced that effective foundations are necessary for building character, he continued.

COUNTRY CLUB members will hold an open house dance at the clubhouse.

MODERN WOMAN'S FORUM will meet at 8 o'clock at the home of Mrs. W. F. Cook, four miles northwest of town.

# Stanton Band Ends Season

STANTON, May 18—The Stanton high school band gave its last concert for the season at the Red Cross sing-song Friday night. Old favorite songs were sung, with quite a number participating. For the last few months the band has been under direction of a student instructor, Elton Hull, who took the place of the regular instructor who resigned to enter the army. Supt. O. C. Southall announced that with the storing away of the band suits Monday, suspension of activity would likely be for the duration, as band instructors are unobtainable.

This week Mrs. Bill Ethridge of Stanton was informed that her brother, David Allen of Midland, was a prisoner at Camp Zentaula, Japan, and could be reached through the Red Cross in Switzerland. He has been heard over short wave radio broadcasting messages to his wife and baby at Midland.

Pupils of the upper grammar grades and high school grades have started a movement to raise funds to purchase a service flag for Stanton school. The flag has been ordered and will have 78 stars on it when delivered. The stars will represent students who have graduated or attended Stanton school and not graduating from any other high school, and who are now in the army service.

At their regular monthly meetings last week the Stoger-Estes post of the American Legion of Stanton decided to sponsor and promote a project for erecting a suitable memorial to the men of Martin county serving in the present war.

Mr. and Mrs. Ray Wright returned Friday from a week's visit with Mr. Wright's parents in Lubbock. On their return trip they stopped at the navy recruiting station in Big Spring where Mr. Wright enlisted in the navy and is to appear May 25 for induction. Mr. Wright has been assistant under Postmaster Morgan Hall here for the past several months.

The county commissioners court met last week as a board of equalization and made no changes in the property valuation from last year.

Leonard White received word this week from his son, Howell (Red) White, that he had arrived in Australia and said: "Well, happy... don't worry... Love on"

# University Women To Hear Program On Exiled Governments

The American Association of University Women will meet at 4:15 o'clock Thursday at the Settles hotel penthouse for election of officers and a program on "Governments in Exile."

Speakers will be Mrs. John Ratliff, Mrs. Sylvan Delmont, Mrs. Tom Roberts, Mrs. Charles White. It is to be guest speaker and will relate stories of her former home in Denmark.

# Big Spring Hospital Notes

Mrs. J. T. Bell, Garden City, underwent surgery Monday.

Mrs. C. E. Yarnell, San Angelo, underwent surgery Monday.

G. L. Griffin, route two, had surgery Sunday.

Mrs. Florrie Nell is receiving medical treatment.

Mrs. Dock Wallace underwent medical treatment Sunday.

Mrs. Warner Robinson and infant daughter returned home Monday.

Mrs. G. W. Williams, Ackerly, has returned home after treatment.

Mr. and Mrs. William Schaefer, route two, are the parents of a son born Monday weighing 8 pounds, 14 ounces.

# Mother's Day In Australia

The cablegram was sent on May 1th.

Mrs. Clay Floyd, Midland, daughter of Mrs. Geo. Tom, Stanton, left this week for Wichita, Kas., to take a four week's course in airplane construction.

Teachers of five Martin county rural schools met Thursday night with County Superintendent R. F. White in his office and graded the schools for permanent standardization. The schools that made the grade and their teachers are: Valley View, Valls Fuller, Virginia Denton, Cloma McClane; Wolcott, Mrs. A. C. Fleming; Brown, E. Lauderdale, Mrs. Lauderdale, Miss Velma Blagrove; South Plains, Geo. N. White, Mrs. White, Mrs. Irene Jackson; Leno, E. F. White, Mrs. White, Grover Springer, Mrs. Springer. All the rural schools of the county will close next Friday.

# Mrs. Woodard Is Hostess To Her Bridge Club

Mrs. Poe Woodard entertained the Stanton Bridge luncheon club in the George Wilks home here Saturday and included Mrs. Bryan Lawless as a guest.

High score went to Mrs. Clara Long and low to Mrs. Jim Tom. Roses were used for room decoration and a patriotic theme was used in the tables.

Pottery vases were given as prizes. Other guests were Mrs. E. L. Powell, Mrs. Earl Powell, Mr. Owen Ingram, Mrs. Jim Kelly, Mrs. Herbert Martin.

# Central Ward To Have Meeting On Wednesday Afternoon

New officers will be in charge when the Central Ward Parent-Teacher Association holds its meeting Wednesday at 3:15 o'clock at the school. New chairman of committees will be appointed, and Mother Singers will be special guests.

# THE ASSOCIATED PRESS NEWS IN PICTURES

**STROLLERS ON A MOVIE LOT**—These between-the-strollers on a Hollywood movie lot are Starlets Marie McDonald (left) and Nan Wynn.

**NAVY GETS 2,000 MODEL PLANES**—Displayed on a "V" shaped counter are about 2,000 scale model planes presented by Los Angeles high school students to the navy. The models will be used to train pilots, gunners and civilian observers.

**'PERFECT'**—"Four O in the navy means perfection. That's what the boys call their adopted sweetheart, Renee Haas.

**JUST AN OLD BOSTON CUSTOM**—Charlotte Greenwood, who went to school in Boston, Mass., and Jerry Colonna, who was born in Boston, indulge in an old Boston custom—eating Boston baked beans. They stole into their hotel kitchen to sample the famous Boston dish while appearing with the Hollywood victory caravan at a benefit show in Boston.

**HIGH STYLE**—For wear high above the earth, this "stratosphere suit" is modeled by Elaine DeCuir. In her hand she holds a signal-flare pistol. The outfit is of elk hide, fleecelined and trimmed with brown leather.

**A-GARDENING GO THESE COLLEGE GIRLS**—Wellesley college girls at Wellesley, Mass., took up their shovels and hoes to plant victory gardens as their part of the war effort.

**CURLERS**—Dodging metal priorities, Ann Sothern uses old fashioned rag curlers, says they work as well as metal ones.

**POSTURE**—The College of Osteopathic Physicians and Surgeons chose Film Actress Alexis Smith as "The Perfect Posture Girl." Good posture was stressed as civilian defense asset.

**NORTH ATLANTIC SEASCAPE**—A United States destroyer on patrol off the Grand Banks, Newfoundland, steams through sea and early morning mist. Cold arctic winds sweeping down over the warm Gulf Stream creates the low-hanging fog.

**SUGGESTED FOR THE COMPLETE SLEEPER**—These solid timber air raid shelters, available for home use, are made entirely of non-priority materials. They afford protection against falling debris. The wood is joined, using no nails or glue. The Arch Shelter (top) will stand up under 10 tons of debris. It has room for a double bed mattress and equipment. The Table Shelter (below) will support 5 tons and may be used as a piece of furniture. It will hold a twin bed mattress with room for equipment. Each shelter is equipped with ventilator holes.

**MACARTHUR IN NEEDLEPOINT**—Julia Svirsky-Smith, Russian-born sculptor and artist living in the United States, created this original needlepoint design forming the image of General Douglas MacArthur, America's No. 1 military hero.

**WAR OR NO WAR, CIRCUSES ARE FUN**—The famed Woods twins of Bronx, N. Y., both laughed heartily at the antics of a clown at a circus in New York City. Jimmy (left) "just growed" like Topsey. Johnny (right) has been scientifically raised by a clinic since birth. These sons of Mr. and Mrs. Dennis Woods were not the only ones who found fun under the big top.

# BIG SPRING BUSINESS and PROFESSIONAL ACTIVITIES

## THESE FIRMS AND INDIVIDUALS OFFER HIGHEST TYPE SERVICE AND VALUES

### No Govt. Restrictions On Repair Work, Rockwell Bros. Manager Points Out

Uncle Sam has sharply curtailed new housing construction, but now is the time for repair and maintenance work.

There is a \$500 limit on new construction, and that figure must include labor and everything, but there is no limit on the amount of repair and maintenance work that may be done. Uncle Sam wants people to keep the property they already have in good repair.

In case the property owner wants to remodel his place a bit, he may spend up to \$500 in alterations—such as the removal of

partitions—and then spend an additional amount for repairing the original building—putting on new roofing, paint, paper, and the like.

Rockwell Bros. and Company is one of Big Spring's leading firms selling material for such repair and modernization jobs. Manager Buck Richardson reports that although the firm has had practically no big contracts to fill in the past several months, total volume of business compares favorably with last year because of the large number of repair jobs underway.

Repair jobs may be done the easy payment way, even though the federal government is cutting down on other types of credit. FHA insured repair loans require no down payment, no mortgage on the property, and cost about 5 1/4 per cent interest. Rockwell Bros. can give full details on this type loan and handle all the details of securing it.

With the army air school due to bring a great increase in the demand for housing here, lumbermen believe the time is ripe for improving local property, and creating new apartments. This can be done now, but within the near future lumber stocks may be exhausted or seized by the government. Now is the time to act.

**YOU, TOO, CAN DO THIS—**

New government regulations have frozen new construction, but with an FHA title one repair and modernization loan, you can change an old house like the one below to a modern new home like that pictured above. No down payment and no mortgage is required. Rockwell Bros. & Co., local lumber dealers, did this modernization job for George Lynn Brown, the property being located just west of the Cotton Oil mill. (Photo by Kelsey).

### Sales 'Localized' For Stock Raisers

One of the major trends in livestock marketing in the Southwest in recent years has been the "localizing" of sales through independent commission firms.

One of the major such operators in this part of Texas is the Big Spring Livestock Auction company, which—as its volume proves—has been an important agency in linking the farmer-seller and the packer-buyer.

In operation here for more than two years, the local concern last year handled more than a million dollars in livestock. With trading strong in recent months, the 1942 volume likely will be far beyond that. Sales in the past few weeks have averaged \$25,000 per week and better, with all the way from 400 to 800 head going through the ring.

The company, of which A. L. Cooper is manager, holds sales each Wednesday. They usually are all-day affairs, with representatives of major packers on hand to make their selections from offerings brought in by livestock growers in the area. The sales also give farmer-stockmen an opportunity to dispose of their saleable stock and to purchase whatever type animals they might need for their herds.

The local ring has been of great advantage to the smaller producer, since he is provided a market without making long and expensive hauls.

**Wilke Improves His Facilities For Better Service In Optometry**

Dependable service—established over a period of more than a score years here—is the thing that George W. Wilke, optometrist, holds out to the people of the Big Spring area.

Long an established figure in his field, Wilke has continued to improve his facilities, and recently added considerable new equipment, including some of the most modern devices for measuring vision, to his office.

The same meticulous care, plus even increased precision, goes into Wilke's quality work. Nor is this lost by use of inferior products once eyes are fitted. "We use only the highest grade of lens obtainable," explained Wilke. "Too, it is possible to get any type of glasses, rims or fittings—all to suit the individual's taste."

As an evidence of dependability of his service, Wilke can show an unusually long record of endeavor here. On March 8th of this year he closed out 20 years as an optometrist in Big Spring.

In addition to this activity, Wilke also is an experienced watch and jewelry repair man, and has built up a wide following in this extra specialty of his over his period of years here.

was familiar with the films already in production, or because he remembered how far ahead of the game Hollywood was in pre-war days when its anti-Axis films won the wrath of several members of Congress.

Editorial - - Here's OUR War Job

Every day one hears the question: "How can I help win this war?" It's true elsewhere as well as Big Spring. Answers to the following 10 questions might be the answer:

- 1. Do I realize we are fighting, not for conquest, but for our very existence as a people? 2. Have I stopped putting my personal profit above the national interest? 3. Am I willing to use my spare time (I do have to make a living) to co-operate in civilian defense work?

- 4. Am I determined to stop grumbling about the job that's being done when I'm not sure of my facts, and to send constructive suggestions to the proper authorities? 5. Am I being as careful as I can about repeating groundless rumors that might obstruct the work or help the enemy? 6. Am I doing everything possible to economize in the use of essential materials, — rubber, oil, electricity, etc.?

Washington Daybook— Information Center Does Big Business

By JACK WEINERT WASHINGTON — The capital in wartime: Much to the consternation of its critics, Lowell Mellett's "Madhouse"—officially known as the U. S. Information Center—did a thriving business on its opening day, with more than 4,000 questions asked and answered.

employees during the day when the mercury reaches a certain level. The only hitch so far is establishing the temperature dismissal level in each building. The first employees to get sent home on hot days will be those working in the temporary buildings, most of which are bake ovens when the mercury climbs over 88.

war effort, didn't have enough volunteers to handle the crowds. In many sections, less than 50 per cent of the persons who had volunteered for jobs as registrants showed up for work.

UNFAIR TO LOVE By Watkins E. Wright

Chapter Seven GOOD TIME FOR JOE The thing to do, Uncle Frank decided unoriginally, was to throw Joe and Ruby together — make Kathleen think that Joe was falling for some one else — an actress, of all people! The old jealousy angle.

"Don't talk like a nit-wit!" said Uncle Frank. "By the way, how are you progressing — with your career, I mean?" "Oh, so-so."

**Mass Launching Friday Will Mark Ship Building Speedup**

WASHINGTON, May 18 (AP)—A great mass launching of 30 merchant vessels Friday will inaugurate the new two-ships-a-day production program of the maritime commission.

While the large number of ships will go into the water as part of the National Maritime day celebration, Chairman Emory S. Land said none had been delayed to group them on that day.

The program now calls for the building of some 2,300 vessels of 23,000,000 deadweight tons this year and next.

At the same time it was announced from Chicago that representatives of the nation's shipyard workers had agreed to relinquish between \$75,000,000 and \$100,000,000 in wage increases. A stabilization agreement was reached covering more than a half million workers in private yards. It provided, in part, for increases of eight per cent, totalling from \$125,000,000 to \$150,000,000 instead of an estimated \$225,000,000 which would have been called for under existing contracts.

**Demonstration In Cereals Given At H.D. Club Meeting**

KNOTT, May 18 (Sp.)—The Hi-way home demonstration club met in the home of Mrs. J. W. Fryar, Sp., for an all-day meeting and demonstration of whole grain cereals and flour, both of which furnish far more health-giving and vitamin values than white flour. In the business session Mrs. Sons Raspberry was elected as vice president to replace Mrs. Frank Fryar who has moved away. A covered-dish luncheon was served to Mrs. R. V. Fryar, Mrs. W. A. Farar, Mrs. Harvey Fryar, Mrs. Wilmon Burks, Mrs. L. C. Mathies, Mrs. R. A. Brown, Mrs. Shirley Fryar, Mrs. C. A. Burks, Mrs. Elmo Birkhead, Mrs. Don Raspberry, home demonstration agent Fontilla Johnson, who made the demonstrations and the hostess, Mrs. Fryar. The next meeting will be in the home of Mrs. R. V. Fryar on May 28.

J. W. Puckett, who is employed on the Shockey farm suffered a heart attack Friday at noon and was taken to a Big Spring hospital for treatment.

Mr. and Mrs. Fred Adams and children, June and Jerry, spent last weekend with their parents, Mr. and Mrs. John C. Adams of Coahoma.

Mr. and Mrs. Frank Fryar and children left recently to make their home in California where he will be employed as a welder in a defense industry.

Mr. and Mrs. Whitey Griffin and children spent the weekend visiting relatives at Hamlin.

Mr. and Mrs. J. T. Gross has as visitors her aunt and uncle, Mr. and Mrs. Britton Key of Dallas. They visited Mrs. Gross's daughter and husband, Mr. and Mrs. Herschell Johnson, of Lenora during the week.

Mr. and Mrs. Don Raspberry had as guests over the weekend Mr. and Mrs. W. L. Graham of Winters, Mr. and Mrs. J. W. Graham, Mr. and Mrs. Claude Graham of Ackerly, Mr. and Mrs. Walter Barbee and children of Knott, Mr. and Mrs. Jack Bailey and son of Lamesa.

Mr. and Mrs. Bob McLamore and daughter, Patricia, of Ira spent last week visiting her parents, Mr. and Mrs. L. C. Gibbs and family.

Mr. and Mrs. Leo Lawson left last week for Canada where he will be employed by an oil company. Accompanying them was Mrs. Louis Stump who will join her husband in Wisconsin. He is in army training there.

Reece Adams, well-known farmer and stockman who has been ill for two months was able to be out Sunday and is reported to be well on the road to recovery.

**Stevenson Gets His Name On Ticket**

AUSTIN, May 18 (AP)—Jocularity asserting "Well, I've finally decided to run," Governor Coke Stevenson today formally filed his candidacy for the governorship in this summer's political campaign.

The governor, who will be trying for his first election to the chief executive's post, forwarded the regular \$100 filing fee to E. B. Germany of Dallas, chairman of the state democratic executive committee, with the request his name be placed on the ballot.

**Appointments Made To State Boards**

AUSTIN, May 18 (AP)—Governor Coke R. Stevenson today announced he had appointed R. L. Burgess of Bowie to the state board of embalming and Jack Warden of McKinney to the state board of barber examiners.

Burgess will succeed himself on the embalming board to a six-year term expiring May 31, 1948. Warden succeeds W. J. Stephens of Sherman, deceased, to a term expiring Oct. 14, 1943.

**Uncle Sam Drafting Trained Dogs**

By WILLIAM C. BARNARD Associated Press Staff

If you can't join the army, you can enlist your dog.

Uncle Sam's fighting forces have drafted 500 dogs, and now they are calling for 5,000 more.

Russ Ellis, who is regional co-director in Dallas for Dogs For Defense, Inc., explains that the animals taken in the first batch will be used for sentry duty.

Dogs for defense will become active this week in Texas, Louisiana and New Mexico and Ellis will call for volunteer workers and the enlistment of dogs.

Ellis demonstrated the sort of training required, using his champion Afghan.

"Heel," the co-director said, and Zaretta promptly sprang to her master's side, with her muzzle about five inches from his left knee.

"She'll stay right with me," he said. "Watch."

He started walking, slowly at first and then more rapidly, zig-zagging down the street. Then he swerved off into a vacant lot and began trotting in circles and finally he did a series of figure-8s at full speed. The Afghan never missed a beat; at the end of the workout her nose was still a faithful five inches from his left knee.

After this, Zaretta stopped on command and demonstrated her obedience to the order, "stay."

"It is very important," Ellis explained, "that the sentry dog should stay where he is put."

Illustrating, he marched the Afghan down the street and told her to "stop and stay."

Then he came back and went into the house. Zaretta didn't move a muscle and she paid absolutely no attention to passersby.

One fellow made a move to pet her. She growled throatily and he changed his mind. When her master came out of the house five minutes later she serenely resisted any doglike desire to greet him. Instead, she remained intact until she was called.

"And now," Ellis said, "we come to the most important duty of the dog—to give warning of a stranger."

In a minute a fellow is going to appear in the front doorway of this house. Keep your eye on Zaretta.

Even before the man appeared, Zaretta knew it. Suddenly there was that low rumbling growl and then the long hair along her back bristled menacingly. She swung around and "pointed" the doorway.

The Afghan barked sharply as the door opened a trifle.

"Go out!" Ellis shouted, and Zaretta streaked toward the entrance, yipping as she went. The door was banged shut.

"She wouldn't attack unless I directed it," Ellis pointed out. "The army requires that the dogs it enlists should not attack, since a man with a gun is there to do the fighting. Besides, the army doesn't want its sentry dogs to get hurt."

Only trained dogs are wanted by the armed services. Mongrels are not, no matter how intelligent they appear to be.

If you enlist Rover, he'll be properly fed and cared for and you'll get him back when the war's over.

**Here 'n There**

Wonder if this guy is out yet? Police received a complaint, maybe a low moon better describes it, from Dreamland hotel, the negro hostelry, that a patron was confined to his quarters because somebody had stolen his shoes. At last accounts, he was still fresh out of foot gear.

Most relieved man in town surely must be W. C. Newton, who could have done something drastic in his despair and caused no comment. Some super-mean crook stole five comparatively new white stowale tires and wheels from his car. Fortunately, these were found abandoned near here and returned to Newton.

Two youngsters who ran away from home at O'Donnell Saturday were returned home Sunday, but not until after they spent considerable time in the city bastille. Intercepted by officers, they were to have been sent back by bus, but they waited five minutes too long to get caught and missed the last bus Saturday.

John Nall, who has been in training with the Royal Canadian Air Force at Prince Edward Island, has been visiting here since Friday. He was due to return to Canada Tuesday morning and probably will be transferred into instructor duties. Johnny likes flying the best in the world.

Mrs. A. H. Walker, Irvin, visited with her husband, who is yeoman at the navy recruiting station, here during the weekend. She is to join him here in two weeks.

Private placements by the United States Employment Service showed a pronounced gain in April over the same month a year ago. O. R. Rodden, manager, reported that the month produced 158 new private jobs as compared with 144 for April of 1941. At the rate things are going now, May will show still an even greater margin, exclusive of the intense activity at the airport, which are regarded as public placements.

The Howard county selective service board and the clerical staff is due to attend the district meeting for selective service official personnel Friday at 7:30 p. m. in Odessa. Selective service problems will be talked by high state officials, who also will answer local board questions.

Business at the U. S. Army recruiting station was picking up over the weekend. Sgt. Troy Gibson, recruiting officer, reported. He had three to ship Saturday night and four ready to go Monday.

The U. S. Navy recruiting station reported that Sam Hugh Brown, Midland, had enlisted for V-6 as radio maintenance man. S. L. Cooke, in charge of the office, was on his western swing Monday and was expected to return several candidates for enlistment.

**Germans**

Continued From Page 1

complaints and repercussions and shot through the once buoyant spirit of confidence in an early victory with apprehension for the future.

Nazi persecution of the Catholic and Protestant faiths had embittered the faithful. Many find religion their last comfort.

More than two years of conflict have been one long story of sacrifice and more sacrifice by the people at the crack of the Nazi party's whip. In that time, reserves which every household stored have dwindled away. Clothes are threadbare, with no chance of replacement. Store shelves are empty. Rations are becoming slimmer and slimmer.

Housewives spend most of their time day after day, standing in long lines to get food. Recollections of the hungry days after the first World War have been awakened.

Germans with "connections" are perhaps the only exceptions today. "I have a friend in the party," has become the formula for squeezing extra rations out of the storekeeper and exacting special privileges.

Illegal traffic in clothing and food rationing cards by petty Nazi officials at prices as high as 100 marks per card is widespread and countenanced.

Bureaucracy and overlapping duties have grown out of hand to provide party favorites with soft wartime jobs at a safe distance from the fronts.

And so it goes—at the expense of the public morale, for such practices become known rapidly.

As the economic pinch grew fonder, Nazi propaganda statements have tried to lull the nation into the notion the war was coming to a rapid end and that all troubles soon would be over.

Peace is the straw which the Nazis are holding out for the nation to clutch. In the meantime, Goebbels' propaganda machine is feeding the Germans a one-sided "victory" diet—a one-sided, in fact, that most Germans once really believed the eastern campaign was won last October and the Russian army "destroyed."

**Volunteers May Enlist Through Draft Board**

It is not necessary to wait until called in order to enter the armed services through selective service, officials of the local board reminded registrants Monday.

Registrants may volunteer through the board as well as through established recruiting services. This applies to young men in the 18-19 age brackets, who are not listed with but who may volunteer through the board.

After a full in this type of activity, board members were cheered to note that of the third registration group which signed in February, 35 already have volunteered.

For those who anticipate offering their services, board officials suggested that volunteering through the board simplified matters when it came to answering questions, and although the county equivalent gets credit for any other enlistment, there is a long interim period before this credit is imposed.

**Selectees To Leave Tuesday**

Selectees, in answer to another call on the Howard county board, will leave Tuesday morning for induction at Lubbock.

Among those with the local board are Eldred E. Cole, Joe Henry Rattiff, Kenneth Barney Guley, Eudell Curtis Davidson, William Ingram Powell, Othel David Jackson, James Albert Franklin, Samuel Leath Smith, and James Horace Lea, Jessie B. Thomas and Noah Barney Jackson, included in the call, were to be inducted from other points.

Transfers, an unusually large number, leaving with Howard county selectees, include William Vee Gibbs, Jessie Viera, Ernest Clifton Miller, Antonio G. Martinez, C. D. Robinson, Jr., Otto E. Hansen, Oscar Dean Lark, John Rodriguez Perez, J. L. Pelton, and John Alfred Ross.

**Nine Die In Crash Of Army Bomber**

BARKSDALE FIELD, La., May 18 (AP)—Barksdale Field suffered the worst crash in its history today when a four-engine bomber crashed near the field, killing its crew of nine.

The plane struck a tree and exploded near the south border of the reservation.

The aerial bomber cleared the field about four minutes before the crash on a routine flight.

**Paper Collection More Than Enough**

WASHINGTON, May 18 (AP)—Householders have responded so generously to the waste paper salvage drive that the country now has "an unusual surplus," the War Production Board reported, today.

Therefore WPB's bureau of industrial conservation said today it was considered "undesirable" at this time to urge further collection at points distant from paper mills "when the railroads are straining to the utmost to carry the war load."

The bureau advised each community to check its local markets to determine how much paper local waste dealers can handle.

**Launching Of 30 Ships Set Friday**

WASHINGTON, May 18 (AP)—A great mass launching of 30 merchant vessels Friday will inaugurate the new two-ships-a-day production program of the maritime commission.

The program now calls for the building of some 2,300 vessels of 23,000,000 deadweight tons this year and next.

**Weather Forecast**

U. S. Department of Commerce Weather Bureau

WEST TEXAS: Scattered light showers and thunderstorms and cooler east of the Pecos Valley and Del Rio-Eagle Pass area this afternoon and tonight; temperatures about same as during past 24 hours.

EAST TEXAS: Cooler in northeast and north-central portions, showers in southeast portion tonight.

**Veterans Office Representative to Be Here Tuesday**

W. A. Wilhite, field representative of the Veterans State Service office will be here Tuesday, May 19th at the chamber of commerce office to assist war veterans and their dependents with problems of military service.

In the past, this assistance was confined to World War No. One veterans but has recently been extended to include veterans and dependents of the present war.

Since the government provides certain benefits for dependents of those who are killed or die in military service, Wilhite is anxious to see all such people and to offer assistance.

The services of the office are directed by George C. Betts whose headquarters are in the Land Office Building at Austin. Wilhite asks that those who contact him bring all papers in their possession pertaining to their claims.

**Texas-Oklahoma Group Asks Cotton Acreage Extension**

WASHINGTON, May 18 (AP)—Representatives of cotton growers in Texas, Oklahoma and New Mexico met today with congressmen from their states in an effort to obtain an increase in acreage allotments for areas where late planting is possible.

They planned to confer later in the day with Secretary Wickard, giving him data to support their contention that unless the agriculture department granted their request, the 27,400,000 planted acreage goal set by the department this spring will not be reached.

**Credit Group Studies Wartime Regulations**

An open forum discussion of new wartime credit regulations was the principal subject on the regular luncheon program of Big Spring retail credit men Monday.

A committee of four members will be appointed at the next meeting to keep abreast of these regulations and pass on information to the membership.

Louis Rix, vice president, presided in the absence of the president, Carl Strom led the forum. Next meeting will be held June 1.

**Chaplains Honored At Baptist Session**

SAN ANTONIO, May 18 (AP)—Southern Baptists were reminded by an army chaplain today that a million men were fighting on world fronts to preserve for them the privilege of meeting in unrestricted assembly and that the repressed peoples of the world were looking to them for preservation of the ideals of freedom and practical Christianity.

The speaker was Col. O. J. Cohee, eighth corps army chaplain, who said "if you could only see as I have seen how the peoples on the China sea look to you to be true to and preserve the ideals of freedom—the privileges of which you do not always appreciate and enjoy—you would not hesitate a second to continue to send us your best men."

**Midland Negroes Put Under Curfew**

MIDLAND, May 18 (AP)—The city council ordered the negro section closed at midnight hereafter as a result of a disturbance in which two policemen were injured slightly yesterday.

Patrolman V. G. Hudson, 32, was wounded in the hand by buck shot and Patrolman Joe Pierce suffered face cuts when a rifle bullet shattered the windshield of their car.

**LEGION TO MEET**

Regular monthly meeting of the American Legion Post will be held at 8:30 p. m. today in the Settles hotel, Post Commander Charles Sullivan announced Monday. As is the custom, it will be a dinner event. Ex-service men were invited to attend.

**BANKS CLOSED**

BERLIN (From German Broadcasts), May 18 (AP)—Two hundred and twenty branch offices of German banks will be closed May 31 for the duration of the war to free the employes for work in "war important establishments," the German radio said today.

A son was born to Mr. and Mrs. Pete Nova, route 1, Sunday morning.

Gordon Cain, Brennan, Ga., was admitted Sunday for medical attention.

**Low Ayres Goes Into The Medical Service**

HOOD RIVER, Ore., May 18 (AP)—Low Ayres, the war-hating Hollywood film actor who sacrificed his career, at least temporarily, for his principles, came out of a conscientious objectors' camp today to be inducted into the army.

The actor, who rose to prominence as a war-embittered soldier in "All Quiet on the Western Front," said his hatred of arm-bearing was unchanged.

He was entering the army, he said, because he had been assured he would be assigned to medical duty, for which he has taken training in civilian courses.

**FROG EVENT**

ANGELS CAMP, Calif., May 18 (AP)—Leaping 18 feet, 3 inches, to outdistance 150 competitors, Sugar, a frog entered by Beverly Fisher of Stockton, Calif., won the 15th annual Mark Twain jumping frog jubilee here yesterday.
