Going Skiing?

If you're headed to the ski slopes this winter and spring, some new developments might prove of interest.

Previously, the operator of the ski slope was responsible for your safe trip uphill but the one down was on you — legally speaking — to make it down safely.

While the final outcome has yet to be determined, the Vermont

judge ruled that ski area operators no longer could rely on the assumption of risk doctrine because of today's "sophisticated trail maintenance programs." Appeals in that state were upheld in 1978, but an uncertain legal climate quickly spread to other states.

Since ski insurance is a speciality form of insurance coverage, make sure yours is in order before taking that skiing vacation. The issue hasn't been settled yet, and the best recommendation is for you to get fully-covered — both with insurance and clothing before beginning to enjoy yourself.

CITY CHIT CHAT

By Charlie L. Garrett, Mayor
The Gorman City Commission met in regular meeting on May 3, 1979 with the Mayor and all Commissioners, except Mr. Cordell present.

Regular business of approving minutes and bills for April was taken care of.

The Police Department reported that he had issued 19 citations, had found four business places left open, and had answered two calls on stray dogs.

Pat reported that there were 19 cases filed in Municipal Court with 5 of them settled and 14 pending.

Robert reported that the City had made one water and sewer tap, had repaired some leaky sewer pipes, had hauled a number of loads of gravel, had filled some mud holes, done some shredding, and hauled of some heavy items in connection with the City Clean-up Campaign.

We also hope to have some dry warm days so that we can patch some pot holes in the streets. We know that we have a lot to do, but are trying to do all we can with the number of employees we have.

After a years study on present and future needs of the City and what to do about taxes, a resolution was passed to raise taxes 10% across the board with adjustments made where necessary, some may be more and some less, but in general the 10% will affect all tax payers.

Commissioner Smith was appointed to head a committee to decide how we would go about getting sand in the theater building so the floor can be run.

We considered three bids on a new police car, which we had been planning for some time to buy, and Smith Brothers had the best bid for an out right purchase of the car.

of the TML and some engineers, we wanted a Texas based company. The Water Tower Repair Service of Dallas has been in business in Dallas for 52 years and they checked out very favorably. This was the third time that Mr. Cline had met with us and we did accept his bid of \$15,845 to clean the inside of the tank and to put a white metal coat on the inside of the tank and then apply four coats of epoxy type finish to make it 2 to 3 mils thick.

We considered three bids on a new police car, which we had been planning for some time to buy, and Smith Brothers had the best bid for an out right purchase of the car.

Notices will appear concerning the tax increase and the budget hearing in the Progress. Watch for the notices so that you will know about them. We have tried to make a realistic budget and

CJC TO HOLD COMMUNITY SQUARE DANCE COURSE

Cisco Junior College will offer a community service square dance course beginning Monday evening May 14, 1979 at 8:00 p.m. at the Vocational II Building located at the northwest corner of the campus.

The instructor will be Mr. Ralph McMullen, popular square dance instructor and caller from Baird, Texas. Only male and female couples may enroll because of the requirements of the dance--so bring another half!

The cost of the course will be \$2.50 per couple for each of the 16 weeks lessons. Because of the cost, students will be allowed to pay one-fee that we have and will assure you that if we can cut it as time goes on, we will do so.

I would like to say, "Thank You", to the city employees, the Lions, and employees from Birdsong Peanuts for time given in helping haul trash on Saturday, May 5. We tried to get all requests, but if you were missed, call 2317 and we will still try to haul what ever you have.

MRS. M.E. PITTMAN DELEGATE TO UW TEXAS DIVISION CONVENTION

Lilia E. Pittman of Texas Woman's University and Gorman attended the American Association of University Women State Division Convention held April 26-28 in Amarillo. Mrs. Pittman and Mrs. Evelyn Frambrough of Ranger were chosen as delegates to the convention.

Mrs. Pittman is a senior at Texas Woman's University.

CHURCH OF CHRIST HONORS SENIORS WITH ICE CREAM SUPPER

The Church of Christ honored the Senior Class with a cake and ice cream supper Tuesday evening May 2nd in the fellowship hall.

The tables were decorated with the school colors and half of the tuition at registration and one-half after 8 weeks.

Interested couples may pre-register through the CJC Registrar's office, or at the time of the first class meeting.

For more information call the Registrar's office or John Muller at Cisco Junior College at 442-2567. If there is a course that anyone would like to have offered, bring this to the attention of John Muller; it may be that the class can be offered in the near future.

FIRST BAPTIST TO PRESENT FILM ABOUT UNDERGROUND EVANGELISM

The Film entitled "To Russia With Love" will be viewed at the First Baptist Church. The time will be Sunday Night May 13th at 6:00 p.m. In the film the viewers will see how people

are crossing dangerous Communist borders to deliver Bibles. They will see Christians who risk their lives to provide Bibles for Russian citizens. They will see suspense-filled Iron Curtain crossings. Also, they will see Russian believers worshipping in "Underground" meetings. One of the highlights of the film is to see the joy of the people as the Bibles arrive.

Underground Evangelism is a Gospel outreach to the people of the Communist world. You will never forget this outstanding film. Don't miss it. You are cordially invited to bring your friends and see for yourself.

SCHOOL HILL

Kathy and Patti Roberson, Harold, Anna and Jana Fox, all of Stephenville, Cleil and Dorothy Bays of Lingleville, Roger, Conic, Wade, And Melani Armstrong of High-

land, Bit Lewis of Desdemona, Randy Merriman of Dublin, Danny and Cindy Decker, J.C., Patsy, Tammy and Becky Moon all spent the weekend in Lemmons Camp at Bend. Leslie says that's one place he doesn't want to hear about, since that's where he got bit by the copperhead snake there.

We really did enjoy the good rain, and are so thankful that we didn't have any storms. The garden looks good and will be fine if we can get into it soon with the hoe.

bob Boles and Jack Blackwell of Ranger visited with us on Friday. Jack and Cora Hare were here on Wednesday. The have moved to Desdemona.

We visited on Monday night with Tommy and Balera Brown and sons. Valera has been on the sick list, but was feeling better on Friday night.

Ruby Johnson has been visiting with her brother and sister-in-law, Mr. and Mrs. Fred Ross of Austin.

Mrs. Elijah Keith of Strawn has been staying a few days with Ralph and Aline Elston. Aline and Marion Pack took here Friday to Rosebud, Texas.

Gene, Will, and Niki Grimshaw of Howard visited with us on Monday night. Old Will cried twice for William to take him, and he won't do anything but call me "Hey". Gene told me to get a big maching to let him ride in. Think I'll go over there next time on the old farm tractor, then maybe I can get his attention.

Mr. and Mrs. Warren Christian of Smith Springs spent Thursday night with Black and Delilah Morrison.

Weatherstrip and caulk now to stop energy leaks.

In time, even tiny air cracks can add up to large heating and cooling losses. But sealing those energy-robbing cracks isn't all that hard. You can do it yourself with Texas Electric's free booklets on caulking and weatherstripping. They're part of a series we're offering to energy-conscious homeowners who want to make their homes energy efficient. Using basic tools and readily available materials, even unhandy people can caulk and weatherstrip their own

homes to keep energy costs down. Other booklets in the series cover insulation,

storm windows, ductwork, and general maintenance. Just call us, or ask for the booklets on the comments section of your electric bill. See how easy it is to make your home energy efficient.
