JANUARY 4, 1979

PRESS POINTS JOE BENNETT, Publisher

Sure hope old Santa Claus was as good to you as he was to me and mine. It was a marvelous Christmas and hol iday season. Sure hope that you and yours have had the best of joyous seasons and that you have the best possible in the new year. If we all strive hard it can be a good year for everyone. But if we set back and wait for the other fellow to do everything, then it could be that the new year is bad for everyone. So lets all pitch in and do our part, plus some, to make it a good year for all. With all of us pitching in, and with the help of the Creator, things can go great in 1979.

-J-The weather sure has been something else the past several days with all the ice, sleet and some snow. It put a damper on some travel. It has also played havoc with a whole lot of the plumbung in and around here with frozen water pipes, etc. We have been lucky in this area, however, as we have not run short on energy to heat our homes and cook with. This has sure been a bad spell of weather all around. However it was clearing out on Tuesday afternoon late and up in the morning on Wednesday it had started warming up. Sure hope it clears up for a few days and lets folks get back to normal. We need moisture, but not the frozen kind and also a whole lot more than a little ice and snow can bring. Its time to order another one of those. big, big rains, so lets get with it.

Brisk oil activity continues in this area as more and more wells are being drilled and many of them have made good wells and others have good showings so far. This has sure made things look a lot brighter for some folks in the area. I also understand that the activity will continue for the time being. Some seem to think that we have just touched the surface as far as drilling is concerned. Sure hope that this is true. We need something to give this area a big boost so that the growth of the area continues and that it can increase. With God's help it will become a reality. -J-

NEWS RELEASE FROM THE HOSPITAL BOARD

The Board of Directors of South Eastland County Hospital District, meeting in regular session Friday night, heard representatives of Vista Medical Inc., announce that, due to the continued

low census at Blackwell Hospital, temporary lay-offs of some personnell will take place this week. Charles M. Upshaw, Pres-

ident of Vista Medical, asked the Board to approve a fund drive to raise funds to help pay off the mortgage on the building and some pieces of equipment. The proposed fund drive was approved along with several items in the report.

Upshaw said, that Dr. Eddy Reischman will return to Gorman on January 2nd. Stanley Parks, Administrator, reported that despite erroneous information being given out by some people, Dr. Carpenter, from Rising Star, has been covering the hospital during the holidays and has admitted two patients to the hospital.

In other action, the Board approved a proposal to operate a 24 hour emergency radio dispatch service from the hospital and instructed the Administrator to move immediately to collect delinquent taxes.

Krista Henderson and Van Nelson Combest, both of Lubbock, were united in marriage in a candlelight ceremony at the First Baptist Church in Gorman on Saturday, December 30, 1978. The nuptial hour was 7:00 p.m.

The bride is the dauther of Mr. and Mrs. E.G. Henderson and the granddaughter of Mrs. Ava Mason and Mr. and Mrs. C.L. Henderson, all of Gorman.

The groom is the son of Mr. and Mrs. Theodore Combest, Jr. of Electra. He is the grandson of Mrs. H.B. Turner of Chillicothe.

The wedding party assembled in front of a background centered with a heart shaped candleabra with candleabras on each side which provide illumination for the ceremony. Acenting the candleabras were baskets of tropical greenery. Pews were marked with white satin bows and leather leaf fern.

The bride, who was given in marriage by her father, wore a white gown of organza accented with Venise lace. The moulded bodice featured a Queen Anne neckline edged in Venise lace and seed pearls. The front bodice was accented with Venise lace and sprinkled with seed pearls. Venise lace motifs framed the yoke in the back.

The bishop sleeves repeated the Venise lace motifs and featured a wide cuff with Venise lace motif. The cuffs were edged in an organza ruffle which fell over each

community is the ice storm that has just about paralyzed the community as far as travel is concerned. The ice is not so heavy on the trees, etc., but the roads and highways are very slick and hazardous, so most people are staying in the house and not risking a fall or accident. Church services were canceled at the Kokomo Baptist Church on Sunday. Doesn't seem like a very good way to start a new year, but perhaps the snow and ice will be

beneficial to our land. Mr. and Mrs. Roy Buchanan of Clyde spent the weekend with Mr. and Mrs. Albert Hendricks and Kelly and Yancy Buchanan. Kelly and Yancy returned home with their parents on Sunday, following a week's visit with their grandparents. They also visited with the Glenn Jordans.

Hearth warming efficiency is yours in

Atlanta has combined quality with good looks and efficiency in the HOMESTEADER line of heaters. Two basic models are available: the 240 with cast iron liner which burns only wood (above right), or the 240DG (above left) with firebrick liner and Duplex Grate designed for coal but which will also burn wood. Both models feature automatic front-mounted thermostat control, cast iron flue collar, and gasket-sealed fire and ash doors. The HOMESTEADER cabinet is a rich brown, Bonderized enamel with a louvered top that literally "projects" warm air into the room. The Bonderized finish is scratch resistant and easily wipes clean. The cabinet has a double bottom with air space in between that is an important safety factor, and 4" high legs hold it off the floor for extra circulation and cleaning convenience. Once lit the HOMESTEADER will hold a fire for hours and hours... even overnight when turned down. To make this heater even more useful, optional manual or thermostat controlled 150cfm blowers are available that spread a blanket of warm air across the floor.

As a primary heat source the HOMESTEADER is ideal. It is also a valuable supplementary heater that can cut fuel bills and serve as a standby for emergencies...infact, with the top removed, it can even be used for cooking!

SENIOR CITIZENS

My! What a nice day to bid old 1978 good by. Many things have happened to be happy about. Tho at the same period of time many sad things have happened to many people. So it seems that we take the bitter with the sweet. It generally balances out even. Tho there are exceptions to all rules.

We returned from a ten day visit in West Texas Wednesday. So I do not know any local news.

We went to Rankin where my grandson, Ted Bennett lives. He is with Phillips. Near there El Paso Gas was drilling four wells. So I decided to try for a Rough Neck job. The foreman said he could use me and he wanted to know if I was afraid of height, I told him

"The sky is the limit, if I had two sky hooks." He told me that I would have to work in the Crows nest and at times when it was foggy, the fog would freeze up there. I told him that I had cold feet and faint heart. Tho I would try that on June tenth. He told me that the nest would be full of Crow eggs then. I told him the only was I like crow eggs was when they were pickled.

I told him that I would take a job in a rocking chair with a good light and a newspaper.

He told me that a job like that might come up after the 1st. So he put my name at the top of the list. So if I happen to leave suddenly you all may know that I have that job. Wish me well.

I just made three Christmas dinners in eight days, at Elberts, Vernons and Mamy Prescott, Lolas daughter. Believe me I lost two pounds during the Holidays. I guess it was worrying about my job

that I had Gangreene. They had to do a by-pass and

remove some of my colon. I would gain consciousness at times and then go into oblivion for three days. On Wednesday morning my Dad was in the room. The Doctors came in and said young man you are going to make it tho

you are lucky. As we were afraid you would not make it. They said I was young and had a strong constitution was all that saved me.

Tho that has been many

Gee! Wouldn't it be fine to be one the farm such weather as this. You could get out and cut some wood. Feed the livestock and water them. Get up early in the morning and try to get that fire going. Then get out and milk those cows. If it was too cold the milk would freeze and you would just get an arm full, then quit.

HONORED WITH BRIDES MAID LUNCHEON

Mrs. M.E. Shell of Stephenville was hostess for a brides maid luncheon honoring Krista Henderson at 12: o'clock noon on December 30, 1978.

Mr. and Mrs. Shell greeted the guest at their home at 2111 Mimosa.

A beautiful table, which carried out the bride's chosen colors, was covered with a white linen cloth with navy napkins. The centerpiece was an arragement of coordinating spice colored silk flowers which were placed in a lovely navy container.

After a toast to the bride elect made by Mrs. Shell and a very delicious meal, a gift of sterling was presented to the honoree by the hostess.

Those attending with the honoree was Pat Holdridge, Deming, N.M.; Sheri Earl, Seminole; Camile Beville, Lubbock; Phyllis and Debora Guthery, Stephenville; Mrs. Theodore Combest, Jr.; and Mrs. E.G. Henderson of Gorman.

Hearing Tests Are Important

If you have a hearing problem of any kind you owe it to yourself to have a Electronic Hearing Test made to find why, and what can be done to help you before it is too late. The tests are free and will only take about 20 minutes of your

time. We can pinpoint your problem and explain in plain English what can be done to help you, then make your own decision. We never try to highpressure your into buying anything. There are thousands of people today suffering from hard of hearingness (even some who wear hearing aids) just because they waited to late to do something about it don't let this happen to you.

Mrs. Joe Treadway will hold a regular Hearing Aid Workshop at the City Hall in Gorman, Monday January 15 from 1:30 - 3:30 p.m.. We invite you to come in for your free test. We do repair service on most makes of Aids, and have a full service on cleaning, tubes, batteries, for your Aid, and can always save you money. We are licensed by the State of Texas to fit and dispense Hearing Aids. We are always close by when you need us. We are in the Hamilton office every Friday to run special tests and assist you in every way.
