

Official Rules Set For Local Peanut Quality Contest

1. Peanuts must be marketed in Gorman.
Entry will be growers copy of Form MQ-94, inspection certificate and sales memorandum. Copies will be made if grower wishes to retain his copy.
3. Entry to be mailed to Chamber of Commerce, Box 266, Gorman, Texas, or may be dropped in sealed box located in Chamber office.
4. The MQ must represent a single load of peanuts weighing not less than 10,000 pounds net (line E of the MQ-94).
5. The peanuts must be eligible for price support.
6. The peanuts shall not exceed the following grade tolerances:
(a) 1 percent sound splits
(b) 1 percent loose shelled kernels
(c) 3 percent foreign material
(d) 0 percent damage
7. Segregation 2 and 3 peanuts are NOT eligible.
8. Peanuts found to have mold are not eligible.
9. Winners will be determined by the highest support value per ton. Divide line E by 2,000 to determine number of tons. Divide the answer into the total value of the lot as shown on line P (seed contracts, bonuses, etc., must be deducted from the ton value by dividing line G by 2,000 and multiplied by premium as shown on line I).
10. First place winner will receive a \$100 cash award at the annual Chamber of Commerce meeting of all membership which is tentatively set for January, 1971.
11. Second place winner will receive a smaller award dependent upon money contributed by all sponsoring organizations.
12. In case of tie; money to be divided equally.
13. A committee of Chamber of Commerce members will be appointed as judges to compute the value per ton from the MQ's in order to arrive at the winning grower who marketed the top quality peanuts in Gorman.

Peanut Tour In Area Slated Today

Peanut demonstrations in the Carbon and Gorman area will be toured Thursday morning. County Agent De Gordon said the tour will leave from the Carbon Peanut Dryers at 8:30 a. m. October 8th.
Among the demonstrations to be visited is a fertilizer demonstration on Jerry Mehauffey's farm and a peanut variety demonstration on B. E. Simpson's farm. Gordon said 25 different combinations of fertilizers were compared in the Mehauffey demonstration and seven different varieties of peanuts were compared in the Simpson demonstration.
The county agent said the Texas Peanut Producers organization and the Texas Experiment Station cooperated with the Extension Service on these demonstrations.
Several research and extension people will be among the visitors on the tour. They will include James S. Newman, Supt. of the Tarleton Experiment Station; Dr. Charles Simpson, plant breeder of the experiment station; and Dr. John Chapin, Extension Service Agronomist.

1st. Baptist Ladies Set Rummage Sale

The ladies of the First Baptist Church of Gorman will hold a rummage sale on Saturday, October 10th, beginning at 9:00 a. m. in the Masonic Lodge building next door to Higginbothams.

Robert Bisticks to Attend Governor's Conference Oct. 13

The Gorman Chamber of Commerce has accepted an invitation extended by Governor Preston Smith to participate in the 3rd Annual Governor's Conference on Industrial Expansion to be held Tuesday, October 13, 1970.
More than a thousand persons are expected to attend the day-long conference from throughout the state. The program will serve two basic purposes. It will allow Texas to honor expanding industries, and reveal for the first time the results of the inter-state study on plant location incentives being offered by the nation's leading industrial states.
The major areas of this study: taxes, financing, vocational/technical training will be discussed by three panels which will include a top state Legislative official, a leading professional industrial developer and a representative from the nationally-known consulting firm of Peat, Marwick and Mitchell, who is making the competitive studies.
Another highlight of the conference is the dramatic triplex-screen sound-on-film presentation portraying the expansions of five Texas companies in 1969.
Richard Watson announced that the chamber is sending Mr. and Mrs. Robert Bistick to attend the day-long conference to be held in Austin's Municipal Auditorium. They have taken a great interest in Gorman and we are looking forward to their bringing back some useful information to use in attracting new industry to Gorman.

State Fair Will Honor Area Youth

DALLAS — Several area rural youth will be among the 45 outstanding rural youth of Texas to be recognized Oct. 16 at the State Fair of Texas annual award dinner for 4-H Club, FFA and FHA members.
Dolph Briscoe Jr. of Uvalde will be speaker at the dinner in the Grand Ballroom of the Sheraton-Dallas Hotel.
Those to be honored include Brenda Browder of Gorman; Kelly Gaskins of Knott; Latrose Williams of Hamlin; Paula Carroll of O'Donnell and Carter Hounsell of Rising Star.
Brenda Browder was also a District winner at the Abilene Fair. Brenda entered her record in the Santa Fe. This awards program is sponsored by the Santa Fe Railroad. It is an achievement program which consists of achievement of projects and accomplishments in an over-all 4-H program.

Methodists Will Observe Layman's Day on Sunday

The Gorman First United Methodist Church will observe Layman's Day Sunday, October 11th. Othell Clark, Lay Leader, will preside. Speakers will be Charlie L. Garrett and Ross Wilson.
Others participating will be Tresa Duran, W. O. Parr and Z. O. Mehauffey.
Local laymen will speak at Desdemona Sunday morning, at the morning hour at Gorman, and also the evening service.
This also concludes the last Sunday of the Methodist "First Things First" crusade which has been going for the past six weeks. An increase in attendance has grown steadily and the largest crowd is expected on Sunday to support the Laity in observing Laymen's Day.

Misc. Gift Party In Rankin Home fetes Miss Kathy Wright

Kathy Wright, bride-elect of Randy Rainey, was named honoree at a miscellaneous gift party Monday evening in the home of Mrs. Ray Rankin.
Daughter of Mr. and Mrs. Luther Wright, Miss Wright will be married October 24 to the son of Mr. and Mrs. T. J. Rainey of Desdemona.
Mr. Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instruction. He is headquartered at Texas A&M University.
Mr. Waggoner, a native of Michigan, received his B. S. Degree in Agricultural Education from Michigan State University in 1942 and his Master's Degree in Ag. Economics in 1948 from the same institution. He taught Vocational Agriculture in Central Michigan five and one-half years. Since 1951 he has been associated with Ford Motor Company in several capacities in the Tractor & Implement Division. For three years prior to joining the Specialist Program, he trained service and sales personnel for the Ford Motor Company at Paris, Texas.
Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Bo Caraway, local Vocational Agriculture teacher.
The short course at Gorman is scheduled October 12th through October 15th at 7:30 p. m. in the vocational agriculture building.
During the dates the short course is in progress, Mr. Waggoner will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Mr. Caraway.
Farmers interested in attending the short course should write or call Mr. Jerry Anderson, or the Teacher of Vocational Agriculture, Mr. Bo Caraway. An entry fee of \$2 will be charged. Tractor Maintenance Short Course Certificates are to be presented to each individual who attends all the training sessions.

Mayor Proclaims National Pharmacy Week October 4-10

WHEREAS, the week of October 4-10, 1970, is being observed as National Pharmacy Week under the auspices of the American Pharmaceutical Association, the national professional society of pharmacists, and the pharmacists of Gorman;
WHEREAS, the theme for this year's observance is "Respect Medicines"; and
WHEREAS, the safe, effective use of medicines depends upon the physician, patient and pharmacist working together so that today's medicines can benefit the human body, not damage it;
NOW, THEREFORE, I, Eugene Baker, Mayor of the City of Gorman, do hereby proclaim the week of October 4-10, 1970, as National Pharmacy Week in our community, and I urge our citizens to consult with their pharmacist this week for advice and guidance on the safe, effective use of medicines.

D. R. CLARK INJURED IN AUTO ACCIDENT
D. R. (Speck) Clark received head lacerations and bruises in an auto accident Monday about three miles north of Lampasas.
The accident occurred around 4 p. m. when the 1967 Ford pickup he was driving hit a wet slick spot in the pavement and in order to avoid hitting a bridge, he swerved the pickup up and went off a 20 ft. embankment, landing upright. The pickup caught fire and burned.
He was taken to a Lampasas hospital for emergency treatment and released and he was admitted to Blackwell Hospital on Tuesday.
Clark was returning from San Antonio where he had spent the weekend with his son, Mr. and Mrs. Doyle Lynn Clark and family.

Maintenance Short Course on Tractors Set Here Oct. 12-15

A tractor maintenance short course for adult farmers will be held October 12-15 under the sponsorship of the Young Farmers organization, according to Mr. Jerry Anderson, President of the Young Farmers group.
Mr. Norman K. Waggoner, tractor maintenance specialist with the Vocational Agriculture Division of the Texas Education Agency and the Department of Agricultural Engineering at Texas A&M University, will do the instruction. He is headquartered at Texas A&M University.
Mr. Waggoner, a native of Michigan, received his B. S. Degree in Agricultural Education from Michigan State University in 1942 and his Master's Degree in Ag. Economics in 1948 from the same institution. He taught Vocational Agriculture in Central Michigan five and one-half years. Since 1951 he has been associated with Ford Motor Company in several capacities in the Tractor & Implement Division. For three years prior to joining the Specialist Program, he trained service and sales personnel for the Ford Motor Company at Paris, Texas.
Arrangements for the adult education short course in tractor maintenance and in other fields are made through Mr. Bo Caraway, local Vocational Agriculture teacher.
The short course at Gorman is scheduled October 12th through October 15th at 7:30 p. m. in the vocational agriculture building.
During the dates the short course is in progress, Mr. Waggoner will be available to assist farmers with individual tractor problems and to provide "on-the-farm" instruction, according to Mr. Caraway.
Farmers interested in attending the short course should write or call Mr. Jerry Anderson, or the Teacher of Vocational Agriculture, Mr. Bo Caraway. An entry fee of \$2 will be charged. Tractor Maintenance Short Course Certificates are to be presented to each individual who attends all the training sessions.

Omar Burleson To Be Honored On Oct. 30 at Abilene

The Legislative Committee of the Abilene Chamber of Commerce has set Friday, October 30, 1970, as OMAR BURLESON DAY in Abilene, and to honor Burleson on this day, a gigantic luncheon has been scheduled in the new Abilene Civic Center.
Mr. Burleson is congressional representative for the 17th District, an office he has held since 1946. His Washington career has included chairmanship of the House Administration Committee; number two ranking on the Foreign Affairs Committee; and since 1968, membership of the powerful Ways and Means Committee.
All residents of the Big Country are invited to attend the function and are urged to make reservations now. Civic organizations, business firms and towns are being encouraged to come and sit as a delegation. Tables of 8 or 12 may be purchased, and identifying signs will be furnished for each. Table location will be from front to rear on a first-reservation-received basis.
Tickets are now on sale and may be ordered by writing: BURLESON TICKETS, Box 2281, Abilene, Texas 79604, or they may be reserved by calling AC 915, 677-7241. The price is \$4.50 each.

HOSPITAL REPORT

Those listed as patients in the Blackwell Hospital as of Wednesday morning included:
Lester McNutt, Comanche
Silas C. Gregory, Rising Star
Mrs. J. A. Barrett, Dublin
Mrs. Elizabeth Williams, Ris. Star
Jim Johnson, Gorman

The Gorman Lions Club meets the first and third Tuesday of each month at 12 noon at Bo's Brown Jug.

Mrs. Hendricks Hosts Kokomo HD

The Kokomo Home Demonstration Club met in the home of Mrs. Albert Hendricks at 1:30 p. m. on September 28. Mrs. Billy Walker, president, presided. Mrs. J. L. Morrow led the club in the motto and creed. Mrs. J. C. Clearman gave the devotional from 1st. Tim: 6-12. Mrs. Joe O'Neal led the club in prayer.
Roll call was answered by seven members and one guest with "An old superstition I believe and observe" and "a time saver I find useful."
The council report was given by Mrs. Clearman. The club voted to hold only one meeting each month in October, November and December. These meetings will be on the second Monday of each month.
Agent Mrs. Janet Thomas gave a very interesting program on "Adjustments to Everyday Living." She also gave the highlights of her trip to the State Home Demonstration Convention in Galveston September 15-18.
Mrs. Albert Hendricks led the club in two games during the recreation period. Mrs. J. L. Morrow led the dismissal prayer. Refreshments were served.

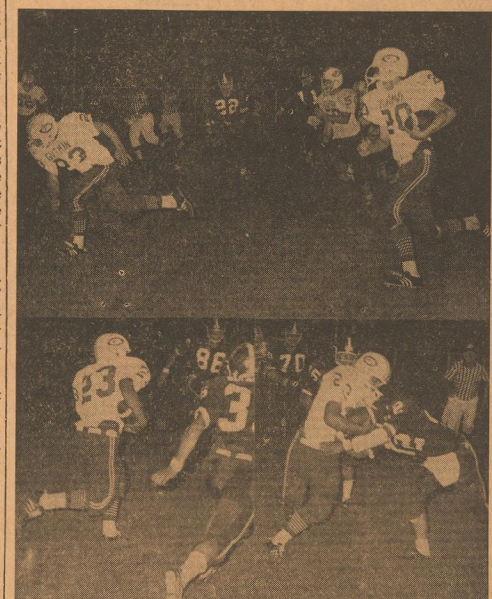

SCHOOL MENU

Following is the menu for the Gorman School Lunchroom for the week of October 12-16:
Monday — Fish sticks, french fries, tossed salad and rice pudding.
Tuesday — Minute steaks, creamed potatoes, green beans, hot rolls and cake squares.
Wednesday — Northern beans, kraut and wieners, corn, cornbread and apple cobbler.
Thursday — Spanish rice, English peas, carrot and raisin salad, hot rolls and pineapple pudding.
Friday — Pimiento cheese sandwich, vegetable soup, potato chips, Jello, fruit and cookies.

Mrs. Inez Shockey and Mrs. Wiley Ash of Fort Worth were visitors Sunday in the home of Mr. and Mrs. Nath McMullen. Mrs. Shockey is a niece of Mrs. McMullen.
Mrs. Barton Eppler visited in Eastland over the weekend with Mrs. Sallie Bishop.

Panthers Blanked By Cats; Host Blanket Friday Night

GAME AT A GLANCE	
Gorman	De Leon
10 First Downs	16
92 Yards Rushing	192
61 Yards Passing	108
6 of 24 Passes Comp.	6 of 12
0 Interceptions	2
6 Fumbles	1
3 Fumbles Lost	1
6 for 28 Punts, avg.	6 for 28
3 for 24 Penalties	7 for 45

18 YARD GAINER — Wesley Rogers is shown in top photo on a beautiful 18 yard quarterback roll out in the De Leon game. Johnny Scitern (23) is leading the way and Reggie Underwood (50) is coming up to help out with a block. Bottom photo at left shows Johnny Scitern on a 10 yard run. At bottom right Bill Self is shown being tackled after a short gain.

Gorman Cubs Run By Evant; Go To Hico Tuesday Nite

The Gorman Cubs continued their winning ways on Tuesday night as they displayed some fine running and defensive work to run past the Evant Junior High team by a score of 22-6.
The Cubs jumped out to a 16 to 0 lead at halftime and then added another six pointer in the second half to ice the game. Also a 55 yard pass interception by Ricky Fuller for a touchdown was nullified by a penalty.
Rodney Warren, Kris Brown, Mark Eaves, Ricky Fuller and Dean Weldon showed some fine improvement in their running.
John Miears, Stephen Gregory, David Eaves, Rodney Roberts, Lupe Torrez, Mike Shipman, Bill Underwood, Larry Thompson, and others looked good on the defense.
The Cubs travel to Hico on Tuesday night for a 7 p. m. game. The Cubs beat Hico in the previous game here by a score of 14-0. So this should be a good game Tuesday night.

GOOD GAINER — Top photo shows Rodney Warren being brought down after a good gain in the Hico game. At bottom left Dean Weldon is shown on a fine run. Bottom right shows Lupe Torrez tackling a Hico back for a big loss.

Boy, they really put us down, Charlie Brown! And that is no understatement of how the De Leon Bearcats handled the Panthers on Friday night at De Leon as the Bearcats held the Panthers scoreless while racking up 32 points. This score was a surprise to everyone, even the Bearcats as they, as well as everyone else, figured the game to be a tough, closely fought battle all

the way. But the Bearcats jumped on the Panthers at the beginning and never let up, and too, the Panthers couldn't have had a "worse" night if they had tried a million years. Nothing went right for the Panthers.
De Leon scored first with 4:45 left in the first period on a 28 yard pass to Randall Boen, capping a 64 yard drive in 10 plays. The kick for point failed.
The Bearcats added another TD in the second quarter with 8 minutes left with Herman Hardin getting the final yard on a QB sneak to cap a 56 yard drive. Hardin kicked the PAT.
De Leon scored again before the half going 68 yards in 6 plays with Ronnie Aguero getting the last yard off the right side with 2:30 left in the period. The kick for PAT failed, and the score read 19 to 0 at halftime.
The Panthers had only one good drive in the first half when they took the ball on their own 36 and moved to the Bearcat 10 or 12 yard line before being forced to try a field goal from just outside the 20 yard line after losing yardage on a fumble. Errors plagued the Panthers again, but in this game De Leon took advantage of Gorman's mistakes and turned them into scores.
De Leon came back in the second half, kicked off to the Big Red, recovered another Panther fumble on the kick off and rolled 35 yards in 7 plays with Hardin hitting Randall Boen on a pass for 4 yards and the TD with 3 minutes gone in the third. A pass try for extra points failed.
The final Bearcat tally came with 9:30 left in the fourth, with the Cats recovering another Panther fumble on the Gorman 49 and scoring in 10 plays with Toby Mahan going for the final 2 yards to score. Hardin kicked the PAT to make the score 32-0.
The Panthers moved deep into Bearcat territory late in the 4th period but could not score the tally to avoid the shut-out.
Wesley Rogers was the leading ground gainer for the Panthers on the ground with 49 yards in 9 carries for a 5 yard average. Johnny Scitern got only 29 yards in 9 trips, Billy Self managed 13 yards on 7 totes, and Jackie Selman had a plus 1 yard on 3 tries. The Panther offense sputtered throughout the game as they continued to be plagued with errors (6 fumbles and 2 interceptions). And with the kind of night De Leon was having, these costly misuses were the downfall for the Big Red in this game.
The only real bright spot for the Panthers was their kicking game, as Rogers got off punts of 33, 35, 26, 35, 20 and 39 for an average of 28 yards per kick.
The defensive standout for the evening just had to be Johnny Scitern who made tackles all over the field. Also a big pat on the back goes to Reggie Underwood who had a very fine night. So, as you may have already suspected, Johnny Scitern is our Outstanding Defensive Player of the Week. We will not even attempt to name an offensive player this week, as we feel no one player showed up on offense to be named outstanding. We hope that the Panther offense will get cranked up this week, will quit making the costly errors and mistakes, and get the offensive punch needed to have a winning season this year. They will have to if the Big Red expects to do any good in the district race.
The come back road is rough sometimes, but we feel the Panthers have the stuff necessary for a real fine team and expect them to start on the road back this week.
The Panthers will host the Blanket Tigers this Friday night at 8:00 at Brogdon Field. This should be a real fine game for the Panthers and all Big Red fans are sincerely urged to come out and back the Panthers and get them back in the winning column. There are plenty of seats and besides, if we fill up the Gorman side, I am sure there will be a few seats left on the Blanket side (if necessary). No, kidding, though, come out and show the boys we are still behind them! Because they will Sock It To The Tigers Friday Night. Right, Panthers!

Carbon Booster Club Plan For Harvest Festival

The Carbon Booster Club met on Monday night, October 6th.
New members are: Mr. and Mrs. Marvin Cates, Mr. and Mrs. J. D. Griffin, Mr. and Mrs. Larry Morrow, Mr. and Mrs. Truman Bryant, Mr. and Mrs. Marvin Hale, Mr. and Mrs. Durwood Webb, Mr. and Mrs. Hoyt Bryant, Mr. and Mrs. Enoch Cook, Mr. and Mrs. Mack Stubblefield, Mr. and Mrs. Bobby Tucker, Mr. and Mrs. Randy Pack, Mr. and Mrs. J. E. McDaniel, Mr. and Mrs. Merritt Dunn, Mr. and Mrs. Charlie Bradberry, Mrs. Lucille Rasberry
Our next meeting will be Monday night, November 2nd. at 8 o'clock. At that time we will make plans for the Harvest Festival which will be held in November.
We want to urge all members to be present and invite everyone to meet with us.
Refreshments will be served after the meeting.

Mr. and Mrs. Ray Hughes and family were weekend visitors with his parents, Mr. and Mrs. W. C. Hughes of Stamford.
Mrs. Douglas Rainey of Ogdon, Kansas is visiting her parents, Mr. and Mrs. Doyle Preston. Her husband is awaiting orders from the U. S. Army to be sent to Germany.

DESDEMONA NEWS

By ETHEL KEITH

Rev. John Lyons, pastor of the First Baptist Church, has been a house patient part of the past week, but has improved and was able to fill the pulpit on Sunday morning. The church served "dinner on the ground" to quite a large crowd at the lunch hour.

Mr. and Mrs. Moody Koonce carried Art Shoemaker to the

Veterans Hospital in Big Spring Monday of last week.

Mr. and Mrs. John Watson of Belton were recent visitors with Mr. and Mrs. H. T. Lane. The men were oil field buddies and both retired from Mobil Oil Co.

Mr. and Mrs. John Fair (Karen Guthery) spent a few days in Odessa last week visiting relatives.

John is in service for Uncle Sam, formerly at Ft. Polk, La., now on his way to Calif. on Oct. 12, then will leave for Vietnam.

Mrs. Bonnie Wood of Kilgore

and Mrs. Zireta Perry of Perryton are here visiting their brother, Mr. and Mrs. Lon Clayton.

Mr. and Mrs. Bill Norris of Dublin were Sunday visitors with her sister, the Craigs.

Mr. and Mrs. John Allen and daughter Jo spent the weekend in Denton with their daughter, Miss Lunelle Allen.

Mrs. and Mrs. Sam Poewrs were in Houston on the weekend to visit their son and family.

Be careful of rattle snakes up close to Mrs. Evah Williams' as four large ones were found and killed there last week.

Young Miss Lexie Jernigan gave a Tupperware party at the school building here last week. It was quite a success.

Mrs. Floyd Moore, Jr. will undergo surgery this week in Fort Worth.

Mr. and Mrs. H. T. Lane and Mrs. Myrtle Reid are at Granite Shoals on an outing.

Visitors at church were the two granddaughters of Mr. and Mrs. L. P. Hammonds, and Delinda Foreman, granddaughter of Mr. and Mrs. A. F. Lewis.

Mr. and Mrs. David Deguire went to Liberty, Texas last Friday to take Mrs. Emma Cummings home. She had been here visiting relatives.

Oct. 4-10 Rural Fire Prevention Week

County Judge Scott Bailey joins with Eastland County Farm Bureau President Jack Cozart and Fire Chief V. O. Huff to proclaim the week of October 4-10 as Rural Fire Prevention Week in Eastland County.

Judge Scott Bailey urged all rural citizens to be especially fire safety minded during this week and every week. "Utmost care should be used in handling all petroleum products," said the Judge. He further stated that "all buildings should be properly protected from lightning and fire hazards should be removed."

Chief Robinson urged all individuals to check their homes for fire hazards. "Many home fires are caused by faulty wiring, overloaded circuits, circuits overfused or pennies behind fuses and appliances not properly grounded," said the Chief.

"Rural fires usually are three to six times as destructive as city fires," he added, "because of the time involved in getting to the fire."

The chief further stated that "last year home fires killed at least 6,500 people or over half of the 12,000 lives lost."

"The total bill for U. S. fires in 1969 was \$2.4 billion, so be extremely careful not only during Fire Prevention Week but 365 days a year," the chief concluded.

Farm Bureau President Jack Cozart for Eastland County noted that "the Texas Farm Bureau has been active in promoting fire prevention by sponsoring more than 150 graphic fire demonstrations to schools annually, by offering fire extinguishers to members at reduced rates, sponsoring some 100 volunteer firemen to the Firemen's Training School each year, as well as paying a fire department \$75.00 for answering fire calls involving Farm Bureau insured property."

Wolverines Defeat Gustine 42-20; Open This Week

The Carbon Wolverines continued their victory streak as they defeated the Gustine Tigers Friday night, October 2 by the score of 42 to 20.

Bobby Carlton and Dale Jackson, both seniors, lead the Carbon Wolverines in scoring by making 12 points each. Bobby Carlton made his points on runs of 20 and 50 yards, the longest run of the game. Jackson made his points on runs of 42 and 41 yards. Two more seniors, each making 6 points, were Doug Bryant, who made his on a 15 yard play, and Larry Griffin, who made his on a 25 yard play. Don Duncan, a junior, made 6 points by making 3 of the extra point kicks.

Leading the Gustine Tigers was Allen Luker, who made 8 points by making 1 touchdown (6 yards) and tackling James Norris in the end zone for a safety (2 points). Joe Adams and Mike Gunter each made 6 points on plays of 20 and 25 yards.

The Carbon Wolverines sponsored the half time entertainment. Their drill was done to the music "Walking My Cat Named Dog."

The Wolverines were to play Novice at Carbon on Friday night but Carbon received word from Novice that they were short of players and could not play the Wolverines this week.

Omar Burleson Awarded Treasury Watchdog Award

WASHINGTON, D. C. — Congressman Omar Burleson was presented today the "Watchdog of the Treasury Award," of the National Associated Businessmen, Inc. The award was made in recognition of Burleson's voting for economy and against inflation. The presentation was made by H. Vernon Scott, Executive Vice President of the businessmen's organization.

The N.A.B. has been rating members of Congress on their votes for fiscal responsibility since 1964 and present awards for each Congress to those members whose records are for economy and against excessive Government spending. Burleson has received the award on previous occasions.

In accepting the award Burleson said, "Government, like an individual, cannot forever spend money it doesn't have and maintain the confidence and credibility necessary to support it. The interest on the public debt is now approaching \$20 Billion. The prospects are for more deficits and more borrowing." "In addition," Burleson said, "the Federal Government is engaging in costly programs for which it was never designed, which end in failure and waste. There is enough expense of Government without doing so many things of doubtful value."

In accepting the recognition, Burleson expressed his appreciation for the encouragement it gave him to continue efforts to keep the Country's financial position strong and at the same time restrain the inflationary pressures eroding the value of the dollar.

KEEPING UP WITH FRIENDS

Mrs. T. F. Morrow was a weekend visitor in Eastland with her sister, Mrs. Tom Haley.

Dr. and Mrs. A. A. Brown spent some time last week visiting in

"In the face of all the demands for more Federal money, restraints have got to be imposed if inflation is to be curbed," Burleson said. "I question no man's sincerity but I do question judgments. The symbol of the bulldog as watching the Treasury is good but sometimes I feel he is surrounded and outnumbered by the pack," the Congressman commented on the occasion of receiving the award.

Dallas with her sisters, Mrs. C. M. Bowden and Mr. and Mrs. C. A. Hendric.

Mr. and Mrs. Snooks Craddock and Mrs. Bubba Daniels and Clint of Sundown arrived Tuesday for a weeks vacation with her parents, Mr. and Mrs. Roy Crawley, and his sister, Mr. and Mrs. E. A. Lasater, and Estelle Craddock.

Rev. and Mrs. Eddie Overstreet and family of Hollister, Okla. visited over the weekend with their parents, Mr. and Mrs. Carl Bohannon and Mrs. Mary Overstreet.

Guests in the home of Rev. and Mrs. Frank Williams Sunday were Mr. and Mrs. Harold Wallace, Mark and Tresa of Waco.

Mr. and Mrs. J. F. Barker and Frank of Big Spring spent the weekend with her father, Mr. and Mrs. Don Rodgers.

Plastic Bags Are Dangerous

Editors Note: The following news item is being published at the request of the local cleaning plant, Munn Cleaners, in an effort to make his customers aware of the dangers of the plastic protector cleaning bags used by all cleaning plants.

A picture on the front page of the Tuesday morning, Sept. 30 edition of The Reporter-News has prompted a local doctor to revive the warning against putting plastic bags over one's head.

Dr. Herman Schaffer said he hoped the picture, showing two women using cleaning bags over their heads to keep off the rain, would not encourage others — particularly children — to imitate the practice.

"Cleaning bags, those thin bags put over dry cleaning, are very dangerous," Schaffer said. "These bags should be thrown away as soon as they are brought home."

"We've had several deaths that were attributed to suffocations in bags in the area during the past few years," he noted.

Similar warnings have been given periodically by many health organizations and others concerned with safety. Cleaning bags in particular are known to have static electricity, causing them to adhere to such substances as skin.

Parents have been warned not to use the bags for sheets in cribs, for example, since they easily may suffocate a child.

Oct. 4-10 National Newspaper Week

October 4th through 10th the U. S. will observe National Newspaper Week. The theme this year is "American Newspapers — 200 Years of Freedom — 1770's to 1970's." Just to read those words denoting the theme of Newspaper Week should be enough to warm the heart of Mr. Average U. S. Citizen. During the year, editors duly take notice of many worthy and memorable observances. But, they cannot be blamed for calling attention, with a certain degree of pride, as well as humbleness, to their own special week.

The fact that after 200 years personal liberty under representative government still prevails is due, in no small part, to the "eternal vigilance" of a free press. The community newspaper—and there are over 10,000 of them—is an institution that lends permanence and tangibility to individual rights as nothing else can. Every nation has its national observances. In most, however, there is no occasion to celebrate a National Newspaper Week. Where there is no free press, the less said about the newspaper, the better. Yes, National Newspaper Week is a heartwarming reminder that we have lived in freedom for 200 years and that the community newspaper has played no small role in preserving that freedom.

AMERICAN NEWSPAPERS.

Gorman, Texas

Send a letter to North Vietnam.

Right now hundreds of Americans are being held captive in North Vietnam. A few prisoners have made it back. They talk about bamboo cages. Vicious beatings. Malnutrition. Humiliation.

But the North Vietnamese will tell us nothing. And it's this silence that makes our appeal more urgent.

For the families at home, there is no word on who's alive. Who's dead. Or even who's being held. There is nothing. Except the anguish of not knowing.

Maybe you can change this. By writing to the one man who can change it: The President of North Vietnam.

Ask him to release the names of prisoners, allow them to write to their families, and let the Red Cross inspect the prisons to

insure proper medical treatment and living conditions.

Remind him that he is bound by the 1949 Geneva Convention which his country signed. And by the Istanbul resolution.

North Vietnamese leaders do care about American public opinion. And if they think they can gain something by bowing to it, they will.

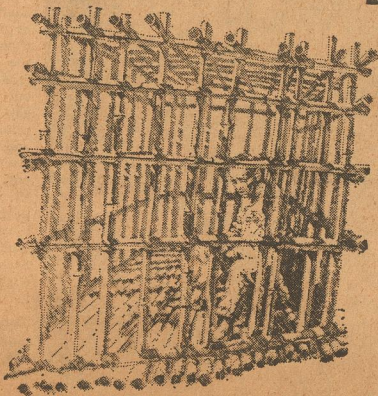

But one letter won't do it. Or a thousand. Maybe it will take millions. So we've got to write now. All of us. And often.

Write a letter tonight. And send it to: Office of the President, Democratic Republic of Vietnam, Hanoi, North Vietnam.

It'll cost you a quarter. But it might save a life.

THE AMERICAN RED CROSS

Maybe they'll open it.

Fish, Wildlife and Recreation Areas In Store For Area

A bill designed to encourage the establishment of fish, wildlife, and recreation areas in resource conservation and development (RC&D) projects will be of interest to residents of the Leon-Bosque Project.

The law authorizes federal aid to sponsors carrying out an RC&D project plan, according to Gene Gilbreath of Dublin, Chairman of the Leon-Bosque RC&D steering committee.

The assistance is limited to water-based recreation, fish and wildlife developments that will be open to public use. Under terms of the Act, the federal aid can be used for up to one-half of the cost of needed land rights and facilities for such developments.

The Leon-Bosque RC&D project embraces Bosque, Comanche, Eastland, and Erath Counties.

Gilbreath said that this is just one more legislative tool that can be used effectively through the RC&D Project and will help improve recreation facilities in the Leon-Bosque RC&D Area. A major objective of our project is to increase recreational opportunities on both private and public lands, Gilbreath said.

The Act limits cost-sharing to water-based developments consistent with a plan found adequate for purposes of the Land and Water Conservation Fund of 1965. It is not available if assistance can be provided under other authorities, and only one development can be authorized for each 75,000 acres of the project area.

Details for administering this assistance to local RC&D sponsors are being developed by the U. S. Department of Agriculture, Gilbreath said. Groups interested in securing help on this program should contact one of the RC&D Directors or Marion Porter, Project Coordinator of the Soil Conservation Service in Stephenville, who is assisting project sponsors in the development of our resource plan.

Atomic Energy Commission Plan Lecture at Cisco

Washington, D. C. - Congressman Omar Burleson has announced that the Atomic Energy Commission will conduct a high school lecture-demonstration program at the Cisco High School on November 20, 1970.

The program, "This Atomic World," is a graphic presentation of the story of nuclear energy and its peaceful uses.

Burleson advises the 40-minute assembly program by specially trained science teachers covers the highlights of basic nuclear physics, radioactivity, chain reaction, reactors and their uses, transmutation and application of radioisotopes in medicine, industry and agriculture. Students participate in a least three demonstrations.

The assembly program is designed to interest all students, although a more detailed discussion on nuclear science is available for science classes.

The lecturer uses a radiation counter, a reactor model, a Van de Graaff generator and a number of electrically activated panels to illustrate his talks. He is available to appear before local civic clubs or similar gatherings.

Peanuts To Be Publicized During State Fair of Texas

AUSTIN — Flower power, trees and peanuts will be brought to the attention of consumers more than ever before during October and November.

Commissioner John C. White announces that Texas honey, Texas forests and Texas peanuts will receive the Texas Agricultural Products (TAP) promotion during those two months to acquaint consumers with the importance of those products to the economy of Texas and to ask those consumers to buy more of them.

The Texas Department of Agriculture is cooperating with the

Texas Beekeepers Association, Texas Forestry Association and Texas Peanut Producers Board in the now famous TAP program that boosts all Texas agricultural products.

All three of the products will be emphasized in booths in the renovated Texas Foods and Fibers Pavilion at the State Fair in Dallas October 10-25. Other media to be used in the promotion include radio and TV, newspapers, posters, displays and demonstrations in stores.

Texas honey "Flower Power" will be emphasized as a natural sweetener.

"Trees Serve People" will be the slogan for the forestry story which began with the earliest sawmill in Texas in 1819. Now there are about 196 sawmills active in the state and the annual value of shipments from primary

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C. — ONE MAN—A PIECE OF EARTH and a growing thing — THE OLD SAYING "YOU CAN

and secondary timber manufacturing plants in Texas is placed at \$500,000,000.

Most of the commercial lumber produced in Texas comes from East Texas. The first kraft paper mill in the South was built at Orange in 1910; and now Texas pulp and paper industry adds about \$95 million a year to the Texas economy.

And, just as another example of how trees serve people, lumber produced in Texas in 1967 was enough to build 95,000 homes.

Of course, the lowly peanut is also one of Texas' most important crops adding about \$50,000,000 a year to the economy. About 50 per cent of the yearly peanut production goes into peanut butter, 30 per cent into canned nuts, 10 per cent into oil — and 10 per cent are eaten raw.

TAKE THE BOY out of the country but you can't take the country out of the boy" is true with a lot of us with such a background. It is the same instinct which urged Thoreau, Johnny Appleseed and John Muir to wander off from the hustle and bustle of their time to serve the earth in simplicity.

ERICAN DREAMS, among the more persistent for those who have known and loved the earth's soil is a return to it.

THERE IS A DIFFERENCE HOWEVER, in living in the country and being close to the land, because you like the earth's throbs and all it means, and being there to make a living for a family. The case of Tony New-

comb involves both. He quit his job as an economist with the Bureau of the Budget to become a vegetable farmer in Virginia. He was a farm boy from Ohio when he graduated from college and came to Washington. In the spring of 1962, he had the urge "to do a little gardening." With his wife and children he rented 40 acres of Fairfax County, Virginia, and lost over \$400 that year on his vegetable crops. He broke even the second year but renting more land and with improved methods he now nets around \$18,000 from the sale of his tomatoes, corn, beans, squash, okra, beets, cucumbers and peppers. And speaking of peppers, here's a story of a pepper bush — mini mini gardening.

SINCE IT IS NOT PRACTICAL TO CARRY on a gardening operation living in an apartment twelve stories above ground, the best that can be done is to try to raise something in a pot on a balcony.

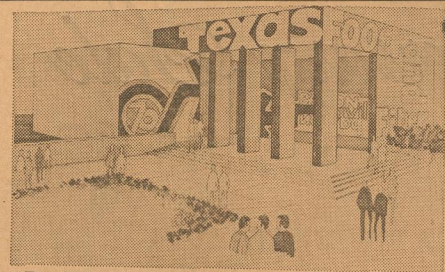

LAST SPRING OUR GOOD FRIEND, CONNIE KAZEN, wife of Congressman Kazen of Laredo, gave me a pepper plant. It has had all the care — water, sunshine, the main stalk carefully braced — everything to make it happy — but no peppers.

THOUGHT HAS BEEN GIVEN TO CALLING in a pepperologist from the Country's largest agriculture experiment station at Beltsville, Maryland, to diagnose the trouble. After due consideration a second thought occurred that he might need three or four other specialists for the examination which could require several days of around-the-clock observation and tests. Aside from such an expensive undertaking it would be a little crowded in the apartment. Of course, the cause of the bush's barrenness might be readily determined — like if it is a girl or a boy plant and there has to be another one of the opposite sex. It would be a little awkward to go to Mrs. Kazen and say "Now look, Connie, . . ." Besides it's getting late in the season. Visions of chipping up peppers in cornbread and sweet milk for a winter's night snack are fading.

A SECOND THOUGHT IN SEARCH OF A REMEDY was to call in the famous baby specialist, Dr. Spock. (After all, this is a young plant.) But then Dr. Spock would likely advise "permissiveness" for the youngster and against trying to force any discipline on it.

IT IS ASSUMED THAT JACK'S BEAN STALK did not produce beans either, but clearly this was not its primary purpose. Research would hardly be worthwhile for clues in this direction.

FOR THE LACK OF ANY SATISFACTORY answer to this unfortunate situation, seemingly it can only be resolved by adopting the philosophical approach of John Muir: "If I should be fated to walk no more with nature, be compelled to leave all I most devoutly love in the wilderness, return to civilization and be twisted into the characterless cable of society, then these sweet, free, cumberless roving will be as chinks and slits on life's horizons, through which I may obtain glimpses of the treasures that lie in God's wilds beyond my reach." TO SOME THIS MAY BE ROMANTIC GIBBERISH. To others, like the ex-Bureau of the Budget farmer, or even one who has just a bit of something growing in a pot, the chance for a touch of nature is a basic privilege — a little dirt under the fingernails — a concern about the weather for growing things — just to see things grow — to realize that the land is an ally and not an enemy, is worth a lot.

Face lifting for an old favorite. Fresh paint and plaster have transformed the Agriculture Building into the new Food and Fiber Pavilion, where food and fashion shows will be staged daily during the State Fair of Texas, "Exposition of the Seven Seas," opening in Dallas October 10 for a sixteen-day run.

This is where the Texas Peanut Booth will be located, and where Kernel Gene and Thereasa will be staying from October 10th through the 24th giving away peanuts and peanut recipes.

When you attend the State Fair in Dallas be sure to stop by the Peanut Booth for a visit.

Benjamin Franklin, Richard Henry Lee and John Adams are among the famous Americans who will people the Dallas Music Hall stage daily from Oct. 9 through 25. They and their compatriots of the Continental Congress give a gay and stirring version, complete with music and dance, of the exciting days of the U. S. Declaration of Independence, in the award-winning Broadway musical hit, "1776." Here Rex Everhart (Franklin) and Patrick Bedford (Adams) listen while Gary Oaks (Lee) sings of his family, "The Lees of Old Virginia," before writing the resolution that touched off the American Revolution.

**Practical Programs
Peanut Growers
Set in Stephenville**

STEPHENVILLE (spl) — Hundreds of Texas peanut growers will be here October 15.
The attraction will be a two-part program for presenting to them the latest findings in research and the results of on-the-farm demonstrations.

Part one will be a tour of the Jimmy Grissom Farm, where 48 agricultural chemicals are being demonstrated in the control of peanut diseases, by the Texas A&M Agricultural Extension Service.

Part two will be the annual field day of the Texas A&M University-Tarleton Experiment Station, where intensive research is under way in the harvesting and storing of peanuts in the field, the irrigation of peanuts, the control of insects and diseases in peanuts, the use of herbicides, and the breeding of new varieties.

The field day will be from 1 p. m. until 5, and will include tours of the research plots; a question-answer session; displays of farm machinery, live specimens of insects injurious to peanuts, irrigation equipment and the genetics laboratory.

The Extension Service tour of the Grissom Farm will leave the Experiment Station at 10 a. m. and return there in time for a Dutch-treat lunch.

The Grissom demonstration is the work of Erath County Agricultural Agent Richard B. Gray and Dr. C. Wendell Horne of the Texas Agricultural Extension Service. Guests will see the control of soilborne fungal diseases, nematodes, leafspot and seedling diseases. Promising new chemicals not now cleared for use, are in the test and their performance can be observed.

Flower Talk
By GENE FOSTER
**THE TALL
LOVELY CANNAS**

The largest of these brilliant flowers grows as high as 10 feet, and even the smaller kinds are between 2 1/2 and 4 feet tall.
Cannas grow very easily and have been widely cultivated as a garden plant in all parts of the United States. They need rich, warm soil and plenty of moisture. The big root must be dug at the end of the flowering season and stored for the winter.

It is so easy to have beautiful flowers in your home or sent to a special friend—all that is necessary is to telephone us at 5519, we will send them on their way.

**Now Is Time To
Apply For Army
ROTC Scholarships**

Are you a high school senior? Or the parent or educator of one? If so, are you informed about Army ROTC scholarships awarded annually to provide financial assistance to outstanding young men interested in the Army as a career?

Did you know that the scholarships pay for college tuition, books and lab fees and also provide a \$50 monthly allowance? Did you know that on Sept. 1 the Army began accepting applications from high school seniors desiring to compete for the nearly 1,000 four-year ROTC scholarships to be awarded to students entering college in 1971? And that the application period runs through Dec. 31?

A scholarship winner may attend any one of over 250 colleges and universities throughout the 50 states, Puerto Rico and the District of Columbia offering Army ROTC. He may pursue any course of study recognized by the college and leading to a baccalaureate degree. Following graduation he must serve as an active duty Army officer for a minimum of four years.

Selection is based on academic excellence, extracurricular activities, physical standards, Scholarship Aptitude Test (SAT) or American College Testing Program (ACT) results, and evaluation of motivation and leadership potential following the student's appearance before a scholarship selection board.

It is of note that from 16 to 24 per cent of our American business executives making from \$100,000 to \$300,000 per year, and top government executives, took ROTC training.

The Army plans also to award 400 three-year scholarships and 630 two-year scholarships to college men already enrolled in ROTC.

For details, residents in the Fourth Army area of Texas, Arkansas, Louisiana, Oklahoma and New Mexico, should write to Army ROTC Scholarships, Headquarters Fourth U. S. Army, Fort Sam Houston, Texas 78234.

**Gorman Relative
Buried In Hawley**

Mrs. Alfred Lucke, 61, of Hawley, died at 12:20 p. m. Sunday in the Anson General Hospital. Funeral services were held at 2:30 p. m. Tuesday in Hawley Church of Christ. Dale King officiated, assisted by Howard Swinney, minister of the Anson Church of Christ.

Mrs. Lucke was born Sept. 23, 1909 at Madisonville and moved to Jones County at the age of 9. She was married to Alfred Lucke on Sept. 25, 1926 and they had resided in Jones County most of their married life. She was a member of the Hawley Church of Christ.

She was a sister-in-law of Mrs. Gladys Lucke of Gorman.

**Booklet on Hog
Marketing in Texas
Now Available**

A new booklet, "The Feasibility of Commercial Hog Marketing in Texas," is available to producers and investors considering expanding or entering a feeder-pig and finished-hog marketing program on a commercial scale.

John C. White, commissioner of the Texas Department of Agriculture, said that the information was developed to assist in an orderly expansion of the state's swine industry which pumps about \$50 million annually into the Texas economy.

White indicated that strong hog prices the past two years, the fact that Texas is a "hog-deficit" state, and increased interest in agribusiness investment are prime factors in current demand for swine marketing feasibility information.

The study was completed for the Texas Department of Agriculture by Bill Nelson, consulting agricultural economist of Amarillo, and Dr. Charles M. Smallwood, dean of the School of Agriculture at West Texas State University, Canyon.

The study points out that opportunity exists for hog marketing operations to be established (1) on a part-time basis by individuals in farming, business or industry with year-round spare time, (2) one-man operator basis on farms with year-round excess labor, or (3) as a commercial enterprise organized for profit to specific inputs of capital, labor and professional management.

It is this last category toward which this booklet is directed. Ben Baisdon, director of Marketing for the Texas Department of Agriculture, said that copies of the multi-colored, 12-page booklet are available free on request to the department in Austin.

Girl Scout Report

By Cheryl Arnold
The Girl Scout Troop No. 161 held their second meeting of the year on Tuesday, October 6th. We are happy to have Mrs. Neal

Gurlin as our Scout Leader. We talked about our new badges and pins, and after that we went to our patrol corners and discussed plans for the new year. We went to the Dairy King for refreshments.

Public Notice

Federal Communications Commission

FCC 70-609 49130
June 10, 1970 - G

**Use of Telephone For
Debt Collection Purposes**

The Commission has received information that interstate telephone service is being increasingly used for collection of claimed debts in ways that are or may be in violation of applicable tariffs of the telephone companies and criminal statutes. Practices alleged include calling at odd hours of the day or night; repeated calls; calls to friends, neighbors, relatives, employers and children; calls making a variety of threats; calls asserting falsely that credit ratings will be hurt; calls falsely stating that legal process is about to be served; calls demanding payments for amounts not owed; calls to places of employment; and calls misrepresenting the terms and condition of existing or proposed contracts. Although many of these calls are placed on a local basis, there is increasing indication that such improper practices also involve use of interstate toll and Wide Area Telephone Service (WATS).

Tariffs of the telephone companies forbid use of the telephone "... for a call or calls, anonymous or otherwise, in a manner reasonably to be expected to frighten, abuse, torment, or harass another;" or for calls that "... interfere unreasonably with the use of the service by one or more other customers;" or calls for "... unlawful purpose." Upon violation of any of these conditions the telephone company can, by written notice, discontinue service "forthwith." These tariff regulations are filed with this Commission pursuant to Section 203 of the Communications Act, 47 U.S.C. 203, and are binding on the telephone company and customer alike. Users of the telephone service are also subject to the enforcement proceedings provided for in Sections 401 and 411 of the Communications Act.

In addition to the loss of telephone service for violation of the tariffs, Section 223 of the Communications Act makes it a crime to use the telephone in the District of Columbia or in interstate or foreign communication to make "repeated telephone calls, during which conversation ensues, solely to harass any person at the called number" or to knowingly permit "others to use his telephone" for such purpose. Penalties for violation of Section 223 are a fine up to \$500 or six months' imprisonment, or both, 47 U.S.C. 223.

The Commission is concerned that some users of telephone service may be unaware of their obligations to refrain from using the service for abusive or harassing calls. It is also concerned that other users may be willfully and repeatedly violating the provision of the tariffs and the applicable statutes, and that the telephone companies are not adequately enforcing their tariffs. Accordingly, the Commission is issuing this Public Notice in order that the public may be informed of the requirements of law in this area and so that users may be alerted to their legal obligations in the use of the telephone and the penalties for failure to abide thereby. The Commission has also this date sent letters to the Bell, General, United and Continental telephone systems requesting them to take positive steps to inform present and potential customers of the requirements of law, and to effectuate a more vigorous enforcement of their tariffs.

Action by the Commission June 10, 1970. Commissioners Bartley (Acting Chairman), Robert E. Lee, Johnson, H. Rex Lee and Wells, with Commissioner Cox not participating.

(Adv. paid by Gorman Telephone Co., Inc.)

Know Your School

By Charlie L. Garrett, Supt.
The Gorman Schools have just become the first school in the state to be approved for electronic equipment for special education. While I was in Austin last week attending the fall meeting of Texas School Administrators, I got the final approval for this equipment. The equipment was installed on Tuesday of last week and is now in operation. This type of equipment became available for the first time this year under an Act of the last Legislature. At the time I made application, there were no guide lines set up to follow, but these have now been established and we have installed the first equipment under this program.

The electronic equipment is a direct hook-up through the telephone company from the Gorman Schools to the home of Bill Clark. With this equipment, Bill can listen in on the classroom discussion from any part of the classroom and can ask or answer questions from his home that can be heard in any part of the classroom. By having this equipment available, Bill is able to take part in school work and is carrying three courses. This equipment will give Bill a chance to graduate with his class, which would have been very difficult without it.

Other programs to help our students have been investigated and it is hoped that some of these can be in operation by 1971-72. For the last two years we have tried to get an approval for a Special Education class for some of our students who are in need of special classroom help. We have been unable to secure funds for this project at this time. I learned in Austin last week that there would be more money available next year and that some of this program might be possible. The last Legislature made it possible to establish area vocational schools for students who need vocational training. Cisco Junior College made an effort to establish such a school this fall but was unable to do so. I have been informed that the possibility for such a school is real good for 1971-72. This type of training would be of great value to many local students.

During the meeting in Austin many subjects of interest to Texas Schools were discussed. Some topics of interest were the Federal Aid Programs, special problems of the small schools, financing local schools, assessing and collecting taxes, school law, and how state and local support should be divided.

Most widely discussed topics across the state at the present time are those dealing with school financing. The large, as well as the small school, is faced with money problems due to increased cost of operating the schools. We all know that the only source of revenue for schools is through taxes. The question that we are facing now is how much taxes can continue to be raised, especially on real estate. At the present time, the amount of money received from the state depends upon the Local Fund Assignment of the district, which is determined by an economic index of the county in which the school is located. Currently, Gorman receives about 86 percent of the cost of operating the Foundation Fund Program from the state. This does not include bond payments or repair and upkeep of buildings and equipment. Someone asked me down town the other day how long I thought that schools our size would last. I have felt for some time that schools our size would last for years to come if the people within the district were willing to pay the price. The cost is going to become greater year by year and the decision of meeting this cost will have to be made by the people of the community.
