PRESS POINTS

There was a small turnout of voters in the three elections here on Saturday...

The Lions Club is busy again planning for a Health Fair to be held at the school gym on April 25 from 1 to 6 p.m.

Also the Lions will be again sponsoring a men's softball tournament this year and will be announcing the dates as soon as details can be worked out.

All of you men in the community, both young and old, should be members of this fine club.

A new business is to open soon in our town. It will be named "Carousel" and will be located on Hwy. 6 east next door to Bob's Grocery.

We are always glad to see growth in our town, and we will be announcing more in the future.

We congratulate the youth of our community in their achievements in the one act play, the UIL competition, and the athletic field.

Thanks to the First National Bank for sponsoring the big ad this week on the writing campaign in an attempt to save the peanut program for our county as well as the state and nation.

GORMAN ONE ACT PLAY WINS FIRST

Gorman students won the North Zone One-Act Play contest held Tuesday March 21 and also District 14A UIL Contest held on Friday April 3.

Members of the cast are Toby Cordell, Kayla Odell, Kristy Barnett, Jackie Dennis, Susan Barnett, and Bill Townley.

Toby Cordell and Kayla Odell received the All Star Cast Award and Kristy Barnett and Bill Townley received Honorable Mention to All Star Cast at the District Contest.

Kayla Odell received Best Actress Award and Kristy Barnett received All Star Cast and Toby Cordell received Honorable Mention.

The students will compete in the Area contest at Tarleton State University on Thursday April 9. The competition will be held in the Fine Arts Building at approximately 6:00 P.M.

THANK YOU

The Gorman FFA and 4-H Clubs would like to thank all the buyers and supporters for their support at the recent Eastland Co. Fair.

MAGAZINE SALE

The Gorman FFA Chapter is sponsoring a magazine sale to help send students to the State FFA Convention in Dallas.

We will be looking for even greater things from these young people as time goes along.

Our family enjoyed a trip to Six Flags during the press weekend this past Saturday and Sunday. It was a tiring, but very enjoyable, day and we look forward to it each year.

LOOK WHO'S NEW IT'S A BOY

Mr. and Mrs. James Campbell of Longview announce the arrival of their son, James Reese, born at 6:30 p.m. Sunday, April 5, 1981 in Good Sheppard Hospital in Longview.

And remember to smile because God Loves You!

Members of the One Act Play Winning District 14A are shown from left to right Toby Cordell, member of the cast; Brenda Sciern, crew member; Kayla Odell, member of the cast.

SAMPLE LETTER

The following is a format to use to write your Congressman, Senators and Representatives, on the peanut situation now under consideration.

We are seeking your support of an extension of the present peanut program as recommended by the nation's peanut growers.

The administration has asked for the abolishment of acreage allotments and reduction of poundage quota at 10 percent per year from 1982 through 1985.

Peanut research folks confirm the fact that there is not alternative crop suitable to this area that will support anywhere near as many people per acre as peanuts.

May we also apologize for the inconvenience that my sudden illness caused some of you new dentist patients.

To all my friends who graciously remembered me during my three weeks stay in Blackwell Hospital with the wonderful shower of cards, flowers, visits, and especially your prayers and those who brought food to my home and to those who mowed my lawn.

I am especially grateful to Dr. L. Aguila and his fine staff and nurses. We are also fortunate to have such a fine hospital in Gorman.

Willie Seaton

I am thankful beyond measure for all the good friends who helped so much during the illness and death of my loved one, Sam Broom and especially the kindness shown by Dr. L. Aguila and the wonderful staff of nurses and personnel at Blackwell Hospital.

Pauline Broom

Sam Broom Laid To Rest Friday

Sam B. Broom, 72, a lifelong resident of the Gorman area, died at 7:35 p.m. Wednesday April 2, 1981 at Blackwell Hospital after a long illness.

The Rev. Richard Watson of New Hope Baptist Church officiated, assisted by the Rev. Marion Dennis of Congregational Methodist Church. Burial was in Oakland Cemetery near Gorman.

Survivors include his wife; two brothers, R.V. "Jim" of Gorman and Marvin of Clyde; and a sister, Burma

CARD OF THANKS

My husband and I wish to thank each one who made my surgery and hospital stay a pleasant one.

May we also apologize for the inconvenience that my sudden illness caused some of you new dentist patients.

We thank you, Gorman. Mrs. Betty Gray and Dr. Jim Gray

SENIOR CITIZENS NEWS

Well, here we are in April and are still eluding Old Jack Frost and at least the killing kind. That suits everyone, I believe, just keep it up.

What a tragedy in trying to assassinate the President. There is a terrible clamor for gun control. It is not the gun but the guy that pulls the trigger. President Ford least week said, "Make it mandatory 'Death Sentence' for any one that uses a gun on anyone. That would stop it. He said, 'He never owned a gun in his life. Tho the U.S. constitution gave us the 'Right to Bear Arms.'"

The first thing they would take your pistols. Tho the crooks might keep theirs. Then they would take over other guns. Then you would be a slave just as the Russian people are. Do you want that? Stop and Think? The people of Poland are about ready to feel the heel of the Russian boot. What a shame for a County that has known so many murdering conquerors. Remember Count Paleski came and fought for our Freedom with Washington. So did Lafayette of France helped. Remember that in WAR I, General Pershing went to the Cemetery and said "Lafayette we have come to pay our debt to you."

I moved to Gorman in January 1966 and in the

Spring I became sick. I thought it was Colon trouble. Elbert and Earl came over about 8 p.m. I told them I intended to see Dr. Rodgers the next morning. Elbert just went to my phone and called Dr. Rodgers. He said come on up then.

In those days they believed in doing right, no emergency prices for seeing. Dr. just charge for once a day if you saw him more than once.

He felt of my stomach. He said it is you kidney. Took specimen and in five minutes said I had kidney stones. So I entered Hospital next day and on second night at Midnight I rang for the nurse. I told her I had a nest full of eggs and I wanted something to stop the flow of tears in my eyes about like Niagra Falls.

I was ready to go home after a weeks vacation. Dr. asked me what I drank at meal times. I told him I drank sweet milk three times a day. He said drink tea at least twice a day. I drank tea for year and had quit it for several years. So when I arrived home that evening I drank over two large glasses of tea. That night was a night that about eight came to play 42. So I tanked up on tea again. When the couples left, I went to bed. You know the caffeine in that tea made me stay awake all night. So I quit tea. I just decided to drink water. So tea is off my list.

Our deepest heart felt sympathy goes out to the Sam Broom family, Mrs. Bertha Hazard Family. I attended school at Triumph in 1906 and later where she attended school. The be-reaved look to the one above who can help you in your time of sorrow.

After I was in Gorman awhile I joined in dominoe games. The men played at my house one and two tables. Just six days a week.

One day Barton's Wife came to see him about something. Barton told her he wanted to show her how nice a housekeeper I was. He carried her to the two bedrooms, bath, desk, dining room, and kitchen. He told

her my house was in that shape at all time. She complimented me about the way it looked. I told her that I had 17 years experience on that kind of job as my wife had been sick so long.

In the summer of 67 I had to see Dr. Rodgers for Colon trouble. He said for me to never eat a bite of Cante-loupe or watermelon as long as I lived. I have obeyed that very carefully.

It is nice to see where you youngsters have won in U.I.L., 4-H, FFA - Strive for the best always.

Look up. Smile. Be proud of what you are doing.

THE RAMBLER REPORTER

WEEK OF APRIL 2, 1981

Well, the rain seems to be eluding us. Tho the sprinkles last night (Saturday) was greatly appreciated.

Just two more days until April and Old Jack Frost has been so kind to us. It would be wonderful if he would wait until November to visit us. As we need a bountiful fruit crop and garden to help balance the budget during these high prices.

It looks like the gravy train for peanuts may be changing speed. The support price for peanuts has been raised again and again until it has killed the goose with the golden egg.

It does not look right to put a high support on peanuts and not do the same for cotton, corn, wheat and milo. The change will give all a chance to plant peanuts if they want too.

The Death Angel has called three from Gorman and this week. What a coincidence, generally they die here three close together.

Our deepest sympathy goes out to the family of Mrs. Tinkler, Gus Frossard, a dry goods Store owner for over 20 years, Silas Foster, an employee of Katy Railroad, for over a half century.

My niece, Nita Hagin was buried yesterday at Spur, after an 8 years fight with cancer. Her first husband was in perfect health. He had

\$14,000,000 TO EASTLAND COUNTY PEANUT FARMERS... That's just the amount paid to our Eastland County peanut farmers in 1980 - Multiply that many times (they spend a lot for food, machinery, clothes, cars, etc.) and you'll see how important this phase of agriculture is to our economy and state. Over \$116 million was paid to Texaspeanut growers.

THIS MONEY COULD DISAPPEAR If the peanut allotment is abolished as outlined by a new USDA Farm Program — Abolishment of the allotment system would wreck the peanut farmer, the agri-businessman and have a disastrous impact on the economy of Eastland County.

WRITE ONE OR MORE LEGISLATORS TODAY!

Dear Sir:

The peanut industry is mighty important to the economy of our county, as it is in many counties in Texas. We urge you to help us maintain the present peanut program.

Abolishment of the allotment quota system would wreck the peanut farmer, the agribusiness man and have a disastrous impact on our economy.

Please help us keep the present allotment system as part of the peanut program. Your vote and influence against proposed changes would certainly be appreciated.

Thank you.

FARM POND STOCKING

The size of your pond is the major factor that will determine what fish you need to stock. Although small pondowners traditionally want "bass in their tanks", these small ponds are not suited for good bass populations. They simply cannot produce the amount of forage required to support even a few big bass. Bass populations in small ponds invariably become "Unbalanced" and poor fishing results. Channel catfish provide excellent fishing and meat for the table. Muddy ponds are not suitable for bass because bass are sight feeders. Only catfish should be stocked in muddy ponds. Crappie should never be stocked in small ponds because they usually become overpopulated and stunted. Forage fish are small fish which are eaten by large fish. The rate of growth and size of your catfish will depend largely upon having an adequate amount of forage fish (minnows). Sunfish such as bluegill provide good forage for bass but are faster swimmers than catfish. Fathead minnows are slow swimmers and provide good forage for catfish but will be quickly consumed and eliminated by bass.

Stock 100 channel catfish fingerlings per surface acre if the fish are not going to be fed with commercial catfish food daily. Stocking two pounds of fathead minnows per acre will provide an improved food supply and increase the rate of growth.

The Upper Leon SWCD is taking orders for channel catfish and minnows until April 15th. You may contact Nancy Jewell or the Soil Conservation Service in Dublin, Comanche, or Eastland. The phone number in Comanche is 356-5186, in Eastland - 629-1480, or in Dublin 445-2276.

Superlatives!

Probably the most elegant jar ever designed was the one carved by Dionysio Miseroni in the 17th century. This precious, painted, jar was carved entirely from a 2,680 carat emerald, the largest cut gem in the world.

One of the most elegant watches ever designed is a delicate bangle watch that combines Swiss technology with French chic. This particular model is part of the Michel Herbelin line of French fashion watches. Herbelin watches are so unique that, in 1979, they were awarded the coveted design "Oscar" by the jewelers of France. Happily, this distinctive watch is now available in the United States, at fine jewelers.

Mae Pair was honored on her 75th Birthday on Saturday, March 21 by her children, Mr. and Mrs. C. E. Pair of Shallowater, Dr. and Mrs. John Pair of Wichita, Kansas, and Mr. and Mrs. Ray Williams of Conroe, Texas. Approximately one hundred guests called between 2:00 p.m. and 5:00 p.m. at the Seville Square Clubhouse. Mae was most happy to have her five grandchildren and three great-grandchildren with her, along with her oldest and only surviving sister from Oklahoma City. The serving table was beautifully draped with a lace table cloth and centered with a tiered display of pink rose buds decorating cup cake and topped with a spray of pink carnations and baby's

TESCO TO PROVIDE FINANCIAL INCENTIVES TO REPLACE COOLING EQUIPMENT

Texas Electric will begin a program April 15 to provide financial incentives to encourage customers to replace worn or obsolete air conditioning and water heating equipment with more energy-efficient equipment.

Details of the program will be available at that time. "The goal of our Residential Load Management Program will be to hold down electricity price increases by holding down the number of new power plants we have to build," said TESCO President Bill Marquardt.

Equipment with a higher EER (Energy Efficiency Ratio) rating costs more than lower-rated equipment. Therefore, to encourage customers to buy energy-saving equipment, TESCO will pay part of the difference in cost, he said.

"We will be actively encouraging our customers to install this equipment because this is an effective way to slow the rate of growth in the need for electricity during the summer 'peak load' season," Marquardt said.

If enough customers do so, he said, "We will need to build fewer new power plants to serve our customers' peak load in the future, and this in turn will help hold down increases in the future cost of electricity for all customers."

Marquardt said benefits to all customers will start coming about as soon as new equipment is installed. Each piece of equipment helps reduce the company's need to use high-priced natural gas fuel to meet summer peak loads, which in turn will mean smaller increases in fuel costs to customers.

Also, he said, each piece of new equipment will do its part to help delay the need to borrow money to design and build new power plants.

Customers who install high EER air conditioners or heat pumps and solar-assisted or energy-recovery water heaters will make a direct contribution toward this goal.

He noted that the cost of a new power plant today is more than three times the average cost of the plants now used by TESCO.

Marquardt said present circumstances make it apparent that customers will

benefit best if the company spends money to reduce growth in demand for electricity. "Otherwise, we'll have to spend this money -- and a great deal more -- to build a larger amount of new generating capacity in the future.

"The cost of electricity to our customers will be less if we spend it at the present time to reduce demand."

Because high-efficiency equipment uses less electricity, customers who install it will save money on their bills as long as the equipment is in use.

"But the initial cost of this equipment is higher than that of lower-efficiency units. So our program is designed to encourage customers to replace outmoded equipment sooner, and encourage them to invest in higher-efficiency units, than they might otherwise consider," Marquardt said.

Complete information on types of eligible equipment and amounts of financial assistance will be available when the program goes into effect on April 15.

CATFISH FINGERLINGS AVAILABLE FROM ULSWCD

The Upper Leon Soil and Water Conservation District has made arrangements with a fish farmer to sell channel catfish and minnows for stocking ponds, said Bill Brown, Board Director.

The catfish will be 4-6 inches long and sell for \$25.00 per hundred. The minnows will be sold for \$5.50 per pound. They are available as a food source for the fish. One pound is recommended for each hundred catfish. An additional charge of \$1.00 will be added for bagging less than 100 fish.

The fish can be ordered at the Soil Conservation Service Offices in Eastland - 629-1480, Comanche - 356-5186, or Dublin - 445-2276 or by contacting a District Director. Payment must be received before the order can be finalized.

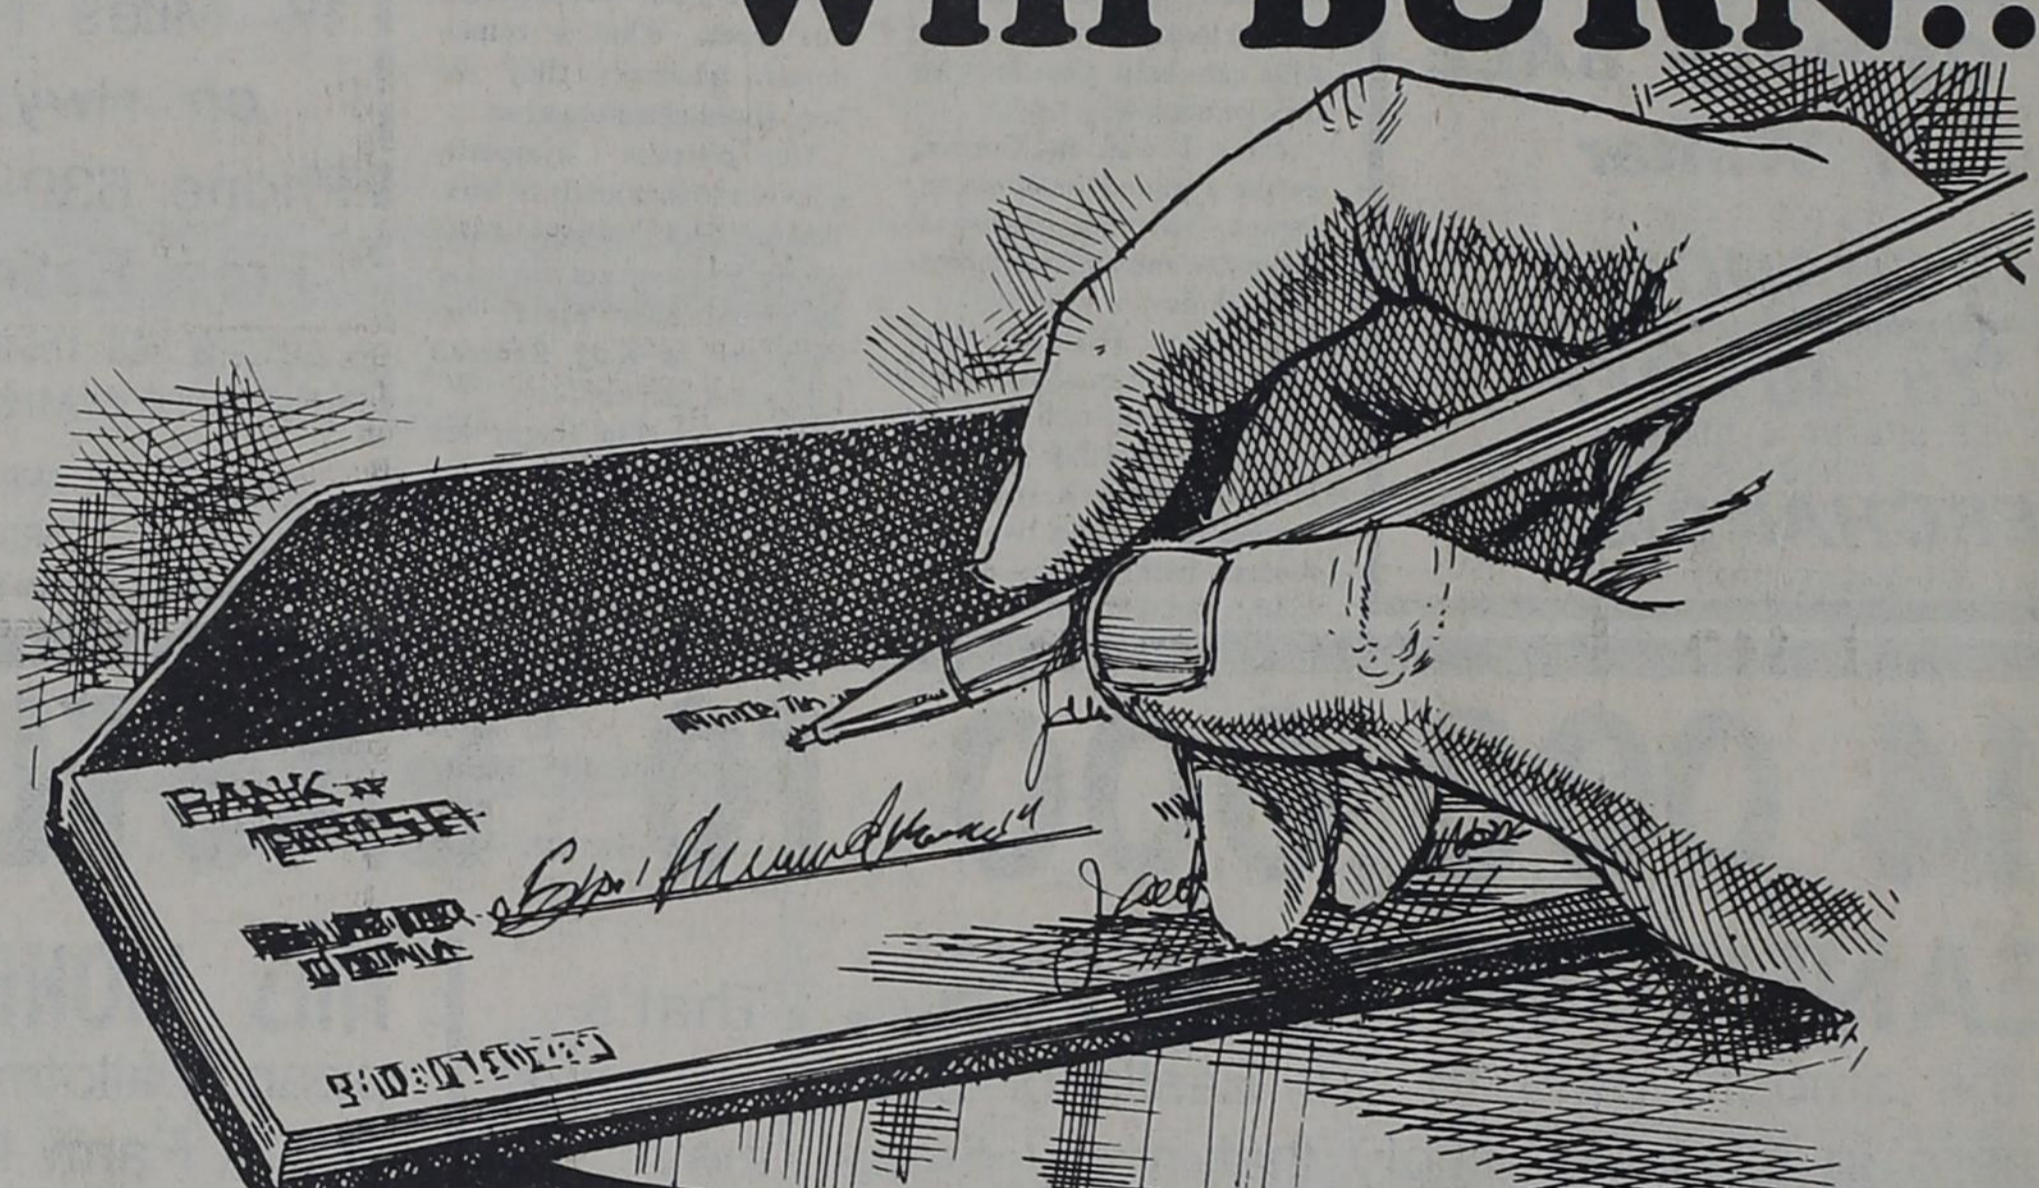

Delivery is tentatively set for the last 2 weeks in April. Orders should be placed no later than April 15th. The location of the delivery will depend upon the number of

Start average billing before you start your air conditioner

If you use the same amount of electricity this summer as you did last year, you're going to see a big increase in your summer bills.

Our Average Billing Plan can help, because it "averages out" your electric bills. You still pay for all the electricity you use, and your payments will still vary from month to month. But in high-use months you pay for less electricity than you use, and in low-use months you pay for more than you use.

Many customers find this helps ease the impact of high summer air conditioning bills. Our average billing plan is available to both residential customers and churches. If you'd like to know more, give us a call at Texas Electric.

LAWNDALE NEWS

By Jettie Daniels
Sunday at 2:30 p.m. The first Baptist brought our Sunday Service, there were about seventeen of them, about 12 or 13 residents.

Bro. Dossey, brought the message, was enjoyed by everyone. His message was; "What Price for your Soul? A subject which is well worth thinking about."

I did not attend the five Graham spent the weekend with Mr. and Mrs. John Rodgers and Jonna.

Mr. and Mrs. Fred Coburn, Melissa and Chad of Cleburne spent the weekend with Mr. and Mrs. D. D. Sandlin.

o'clock service, but we do appreciate all those that so freely give of their time each Sunday.

Also our thanks to, Luke Palmer for bringing our Bible Study last week. It was enjoyed by everyone.

Today, Tuesday, is Bingo day again. Our residents enjoy this time very much.

Last week's winners were: Game No. 1 Nattie Watts, No. 2 Nancy Holloway, No. 3 Myrna Winters, No. 4 Mary Timmons. Blackout winner was Lexie Wright. Our helpers were: Velma Bennett, Zelda Jordan and Kent Bridges. Thanks very very much.

We had a 42 party last Friday, had a nice time. Thanks to Mozelle Rhymes for giving of her time that day to make our resident's

day a nicer day.

This Wednesday our Bible Study will be brought by Frank Park from Eastland.

On the 15th, Brent Lasater will bring the Bible Study at 2 p.m.; One the 22nd. Charlie Garrett at 2 p.m. and On the 29th Richard Watson at 2 p.m.

Everyone is invited to attend these services, we need you, when I say we, I mean all of our residents, they are always glad to see you.

Remember, Thursday night is Singing night at 7 P.M.

We've been having real good singings. Thanks to everyone.

See you Thursday night.
