> -GP-**CARD OF THANKS**

Words cannot express the gratitude we feel to all who were so kind to us during the time of Minnie's illness and

We wish to thank the doctors and nurses at Blackwell Hospital who cared for her, those who sent flowers and cards, the ladies who prepared the delicious food and served it, and especially those who spoke the kind words just when they were needed. Our thanks to the ministers and pallbearers. God Bless you all.

WOMAN'S STUDY CLUB

The Women's Study Club met at the home of Mrs. Rita Higginbottom on Monday evening, May 11th for the last meeting of the club year. Each member brought a favorite salad and the evening began with a salad supper. The hostess served a delicious cake for dessert.

Roll Call was answered by members' recalling favorite programs and making suggestions for 1981-82 pro-

Mrs. Joan Butler, president, gave a review of the club's meetings and accomplishments of the club year. Highlights included the program given by East End Coop, visits with the residents

of the Hotel Appartments, the Christmas party at the Baze Home. Eula Lee Miears' oil painting demonstration and other interesting programs. Our success is raising money for the cemetery fund continues to encourage us in sending out the cemetery letters, and the satisfaction gained from contributing to West Texas Rehab Center is worth the hard work involved in giving our Annual Bean Supper. One of our successes this year was the Spaghetti Supper given to help our Candi-. date in the Miss Gorman Pageant, Miss Kayla Odell.

After this meeting the Woman's Study Club takes a summer vacation until September.

About 10,000 species of plants are cultivated for their ornamental flowers alone.

Start average billing before you start your air conditioner.

If you use the same amount of electricity this summer Las you did last year, you're going to see a big increase in your summer bills.

Our Average Billing Plan can help, because it "averages out" your electric bills. You still pay for all the electricity you use, and your payments will still vary from month to month. But in high-use months you pay for less electricity than you use, and in low-use months you pay for more than you use.

Many customers find this helps ease the impact of high summer air conditioning bills. Our average billing plan is available to both residential customers and churches. If you'd like to know more, give us a call at Texas Electric.
