

HULLS

By KENNEL GENE BAKER, aPe

The Kernel regrets to announce that after this week all courtesy copies of the Gorman Progress will be discontinued. We were informed on January 28th by a Postoffice Inspector that it was a violation of our Mailing Permit to mail FREE copies of the paper. We have never charged men and women in the Armed Forces for the Progress - and have been sending complimentary copies to a few relatives and old friends without charge.

Of course these papers have been included in "pound rate" used for mailing papers. This rate was set up many years ago before radio or TV by Congress so folks in rural areas could receive newspapers at a nominal fee.

As to the merits of a Weekly Paper, it needs no champion. From birth to death it records the life of a community and area around it. I have never asked any special favors, and sincerely appreciate the many courtesies extended by our local postoffice personnel. If I have been free-loading on the mail service it has not been intentional. I have always tried to reciprocate by publishing any and all articles from the Postoffice without charge - they always come in as news releases (not advertising).

Am going to try and figure somewhere to keep the Service Personnel on the mailing list. Maybe I can get Theresa to let me use part of her (weakly) allowance to pay for the mailing.

Gorman Peanuts Present Equipment to Fire Department

Gorman Peanuts have presented the Gorman Volunteer Fire Department with 10 feet of 2 1/2 inch suction hose, two fire extinguishers, 1 3/4 inch coupling, 50 foot 1 1/2 inch hose and 50 foot of 3/4 inch hose.

A demonstration of the equipment and fire fighting demonstration with the newly purchased fire truck was presented by the Fire Department Monday night.

Gorman Peanuts will host a steak dinner for the Fire Department members at the Brown Jug Tuesday evening in appreciation for the departments fine work in extinguishing the recent fire at Gorman Peanuts.

AREA WINNERS IN TEXAS PEANUT QUALITY CONTEST ANNOUNCED

C-RUNNER-UP WINNERS — Troyat, left, and Ted Underwood, right, were named co-runners-up in the Texas Peanut Quality Contest for 1970.

Two Eastland County peanut farmers and one Brath County farmer have won the State Quality Peanut Producers Award for 1970.

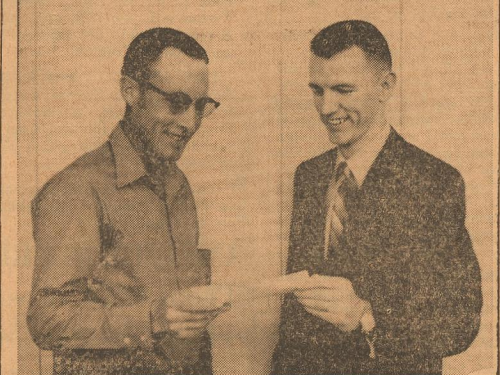

J. H. Fair of Route 3, Dublin is winner of the Texas Quality Contest. His entry was based on a load of peanuts of 18,294 pounds. The dollar value per ton on the load was \$280.38. Fair has farmed for 20 years in the Highland community of Brath County, but has only 4 years experience growing peanuts. He produced sixty acres of peanuts last fall. He also produces alfalfa, sudan and oats for his dairy and beef cattle operation. He and his wife, Frances, constitute the entire family farming operation.

Co-Runner-Ups in the Texas contest is the brother team of Troyat and Ted Underwood of Gorman. Troyat, age 31, and Ted, age 32, farm 273 acres of irrigated peanuts and 79 acres of dryland peanuts. They do not have

JOINT MEETING OF CHAMBER & INDUSTRIAL GROUP HELD 28TH

STATE WINNERS — Mr. and Mrs. J. H. Fair, left receive a check for \$100 from Gorman Chamber of Commerce president, Richard Watson, for winning the Texas Peanut Producers Quality Award. Presentation was made Thursday night, January 28 at the Gorman Chamber of Commerce meeting in Gorman. The contest was co-sponsored by the Gorman Chamber of Commerce, Young Farmers, Young Homemakers and the Farmers Union. The Fairs will also receive an all expense paid trip to the Bahamas by Elanco Corporation, sponsors of the state-wide contest.

CO-WINNER — Troyat Underwood receives \$50 check from CC president, Richard Watson, as co-winner of the Texas Peanut Quality Contest. Troyat and his brother, Ted, were named co-runners-up of the Texas contest. Troyat will leave February 19 for an all expense trip to the Bahamas and a peanut seminar in Ft. Lauderdale, Florida. Gorman sponsors and the entire community are very proud that two of the state winners of the contest were from this area and marketed their peanuts in Gorman.

The annual joint meeting of the Gorman Chamber of Commerce and Gorman Industrial Foundation was held in the Gorman School Cafeteria last Thursday night with the senior class serving a chili supper to approximately 70 members and a few honored guests.

The high point of the evening was Richard Watson, the Gorman Chamber of Commerce president,

presenting Mr. J. H. Fair of Dublin his \$100 check for having the best peanut quality entry in the quality contest which was co-sponsored by the Chamber, Young Farmers, Farmers Union, and Young Homemakers. Richard also presented a second place check of \$50 to Ted and Troyat Underwood. Peanut tie bars were presented to all with Gorman engraved on them as an extra award of appreciation to these fine farmers.

Donnie Mauney opened the Industrial Foundation meeting by asking for nominations from the floor for directors. Gene Foster and James Mears were both nominated. Those directors whose terms were expiring were Graydon Baze, E. R. Arnold and Lester Seaton. After ballots were marked, collected, and tallied it was announced by Mr. Mauney that the three directors whose terms were expiring had been re-elected and would serve another three years.

A lengthy discussion among the Chamber members was held on the best solution to handle the installation and removal of the Christmas lighting each year. James Mears made the motion that no motion be accepted by the Chamber by all who would donate for this project and that Ray Williams be appointed as chairman to get this completed at the proper time each year and be paid \$150 to be used to get labor necessary for it. This was seconded and carried. Since this was over the budget that was formally adopted at this same meeting the Chamber would appreciate all donations being mailed or brought to the Chamber office at this time in order to clear this expenditure as soon as possible.

Another lengthy discussion ensued about the prospects of having a promotional project in Gorman on a monthly basis. Businessmen, you will be receiving a questionnaire on this in the very near future.

Jim Holquist gave a progress report on the future hospital construction. Everyone was happy to hear that things were progressing and are looking forward to seeing a building begin real soon.

Donnie Mauney presented past presidents of the Gorman Chamber of Commerce, James Mears and W. C. Browning, with tie bars with the popular peanut and Gorman engraved on them for their extra time and efforts that

Plan Now to Attend Washpot Bowl Game February 11

If you have ever used a washpot (or even if you haven't had the pleasure) you will surely want to attend Washpot Bowl Game at the Gorman gym on Thursday, February 11th. There will be thrills, spills, chills, (and probably doctor bills) as the top basketball players of the area compete in the top bowl game in the nation. Competition is real keen in this game as it will mean a lot of prestige for the players (also there is a chance that players in this game will be called upon to make commercials for the big companies such as rubbing alcohol, lenament, salves, ankle wraps, crutches, etc). So you can bet the players will really be looking forward to this game... 'er battle... 'er something!

Coach Monroe stated as soon as game is over he and his Thugs will board a plane for a European tour and is sorry that Coach Rodgers' team is not good enough to go on a world tour.

Coach Rodgers stated that after his Hobos get through with those Thugs they will have to be shipped out of this country... and probably out of this world.

It was also reported from a reliable (?) source that Coach Monroe was seen at the Brown Jug trying to bribe Coach Rodgers. This is a fact, too, as he was buying him some coffee. And if Monroe buys the coffee, you know there has to be something shady going on. However Coach Rodgers stated that this payoff will have no effect on the game whatsoever.

According to the committee chairman (who by the way still refuses to give his name) it seems that the nurses at Blackwell Hospital and Lawndale Home are real excited about having to dress like Hobos and Thugs for the Washpot Bowl.

The chairman also stated that each player will be introduced in the Washpot Bowl, just the same as they do in all the big bowl games.

Remember, all proceeds from this game goes to the Hospital Fund.

We appreciate Mrs. Mae Dunn who is 87 years young, for giving \$1.00 for the proceeds of the game even though she will not be able to attend. She wanted to help with the hospital fund.

Rubella Shots to be Given February 10

Free Rubella inoculations will be given to children in Gorman and the surrounding area on February 10th in the Gorman High School gym. Pre-school children through 5th grade are eligible for free inoculations. Each child is required to have an application blank. Children who have had rubella (commonly known as the German measles) will not need the inoculations.

The inoculation for rubella is sponsored by Texas Health Department through the cooperation of the school and Dr. A. E. Pino and the Blackwell Hospital staff.

they put forth on behalf of the Chamber and the Industrial Foundation. Without many hours of time donated by many people these two organizations could not function.

PLANNING ON SABANNO VALLEY PROJECT BEGUN

SABANNO VALLEY DIRECTORS — Ross Wilson, (center seated) chairman of the Sabanno Valley Watershed Development, discussed plans for the project at a meeting held in Gorman last Thursday with Directors Chuck Elliott, right, of Star Route, Carbon, Cecil Shults, left, of Rising Star. Standing are (left) Donnie Mauney, Gorman, and Dean Pounds of Duster.

The Sabanno River Watershed Improvement Project — designed to control flooding and provide other water conservation benefits on a quarter million acres of farm and ranch land in southern Eastland and northern Comanche counties — took another long step toward reality in a meeting at Gorman Thursday of last week at 1:30 p. m.

In that meeting held at the offices of the Southwestern Peanut Growers' Association, officials and technicians of the Soil Conservation Service told landowners and representatives of sponsoring agencies what in cooperation would be needed to expedite surveys and planning of the project.

The first survey, to establish points of equal elevation around the perimeter of the basin and provide other topographical data on which planning will be based, is due to get under way about mid-March, Joe Camp, SCS technician of San Marcos and planning chief, told the meeting.

The meeting was called by the Sabanno Valley Landowners Association, an organization of farmers, ranchers and others directly interested, which made the application for the project in 1967. Ross Wilson, Gorman, president of the applicant group, presided.

Sponsoring agencies are the commissioners courts of Comanche and Eastland counties and the Upper Leon Soil and Water Conservation District.

Some twenty, including County Judge Fred Hall of Comanche, County Judge Scott Bailey of Eastland, members of two commissioners courts and directors of the Upper Leon district, attended. The project received congressional approval for planning early last fall.

Actual surveying will be done by technicians from the Stephenville area of the Soil Conservation Service, Irvin Poff, conservationist in charge of the 10 county area, told the group.

E. E. McAlister, conservationist in charge of the Eastland office of the SCS, has been designated coordinator for the project. All parts of the program will be kept in liaison through his office.

Actual planning will be done by Mr. Camp and his group, who will develop the overall design or "blue book", by which the project will be laid before Congress, seeking its approval and final authorization of funds.

Hopefully the project will eventually in a pattern of interrelated water control structures to be built upon the Sabanno watershed by the government, maintained by the local sponsoring agencies, and owned and controlled in all other respects by the landowners who give the necessary easements.

The first step necessary, Mr. Camp told the group, is to secure landowner agreements for the SCS survey parties to enter upon their properties to make the sur-

veys.

He stressed the need for continuing close liaison between the planning agencies and the landowners, and pointed out that the sponsoring agencies could serve indispensably in maintaining this mutual understanding.

"We need your help," he said. "This must be your plan. You can help greatly in identifying local problems and benefits and in developing the general plan."

He emphasized that from start to finish there would be no "under the table" dealings. "Everything will be open and above board and mutually understood," he said.

As a project develops, the SCS men said, there will be frequent public meetings between planners and landowners to keep the sponsors and landowners advised of details and to seek their help in developing features of the design.

Following the meeting Ross and his group huddled on plans to carry information to the owners of land in the basin and to secure their agreements for the surveys.

Poff pointed out that these agreements obtained in advance would greatly expedite the work of the SCS survey crews and enable the project to be taken to Congress sooner. He estimated that from two to three years would be necessary to accomplish this.

Basic purpose of the project is flood control. Camp told the group that a preliminary estimate showed about 12,000 acres of the district subject to severe flood damage. The SCS has already run some leads on the sites he said.

Other benefits involved relate to municipal water supplies and to irrigation. There is good possibility that towns and municipalities in the area may find additional sources of water supply in some of the structures which could be enlarged for the purpose at the community expense.

Farmers and ranchers could also use water from the structures for irrigation under the same conditions with respect to state law in which they may use water from structures built at their own expense, it was pointed out. Poff explained that the role of the Soil Conservation Service is limited to providing the technical assistance necessary to developing and realizing the plan.

Sponsors point out that the project would result in millions of dollars of new income in the form of increased crops, heavier livestock carrying capacity and other benefits over the years.

T. L. (DICK) JAY LAID TO REST HERE FRIDAY

Funeral services for Thurman Lee (Dick) Jay, Sr., 66, were held at 2:30 p. m. Friday in Higginbotham Funeral Home Chapel with the Rev. Taylor Henley of San Angelo officiating, assisted by the Rev. Huron Polnac of Gorman. Burial was in the Oaklawn Cemetery.

Mr. Jay died at 12:15 a. m. Thursday in the intensive care unit at Hendrick Memorial Hospital in Abilene of injuries sustained in a head-on collision just outside of Gorman about 6 p. m. Wednesday, January 24th.

Mr. Jay was born November 24, 1904, in Comanche County and had lived most of his life in Eastland County. He owned and operated a grocery store in Gorman since 1934.

Mr. Jay served as mayor of Gorman from 1960 to 1962. He was a member of the Baptist Church and was a 32nd Degree Mason. He was a member of Moshlah Shrine Temple in Fort Worth.

Survivors include his wife, Cu Bell, of the home; two sons, Thurman and William Fred, both of Gorman; six grandchildren; his mother, Mrs. Mary Lee Jay of Gorman; two sisters, Mrs. Mavis Lasater of Gorman and Lorene Jay of Fort Worth; and one brother, Floyd Jay of Gorman.

Pallbearers were Oscar Schkade Ben Schkade, Clarence Schkade, Ben R. Towrnley, Wilbur Shell and Keith Whit.

LAST RITES FOR AGNES OWENS ON THURSDAY

Mrs. Dick (Agnes) Owens, 72, died at 6:45 a. m. Wednesday in Lawndale Nursing Home.

Funeral services were held at 2 p. m. Thursday, January 25 in the Higginbotham Funeral Home Chapel with the Rev. Frank Williams, pastor of First United Methodist Church, officiating.

Burial was in Desdemona Cemetery. Mrs. Owens was born August 16, 1898 in Abilene, Kans. and had lived in Eastland County 50 years.

Survivors include three sons: Weldon (Bill) of Odessa, Guy of Houston and Clyde of North Carolina; one daughter, Mrs. Jeanette Kuehler of Hobbs, N. M.; eight grandchildren; one sister, Mrs. W. M. Chancey of Roff, Okla.

Pallbearers were John Holland, Rim Pack, Morgan Roberts, Pug Guthery, Bobby Wisdom and Clyde Johnson.

Know Your School 13 Families Move to Love Acres Units

By Charlie L. Garrett, Supt. Semester grades have now gone out and I am sure that many parents were not too happy with grades. I am disturbed about the number of students that are making low or failing grades. There may be many reasons why your child is making below average grades, but I feel that there are at least three things affecting many grades. I would list; lack of study, unconcern, and poor attendance as three factors that are affecting many grades.

No teacher has a student more than fifty-five minutes per day in any given class. During these fifty-five minutes, it is impossible for a teacher to give very much individual attention to any one student. During the class period, the teacher makes an effort to go over any assigned work for the day and to introduce any new work that will be covered the next class period. It is almost impossible for the average student to absorb enough information during the class period to make an average or above average grade. It is very vital that most students spend some time outside of the classroom in study and preparation. This we find lacking in many students. Many students tell teachers that they do not study more than five to ten minutes outside of school. This is just not enough time for the average student. I urge parents to encourage students to make preparation each and every day. I find that many students just seem to be unconcerned. Students continue to come to class with little or no work ready for the day and will make no effort to correct this situation. Students are encouraged to go to teachers for help when needed, but very few make any effort to get help. In my classes and in others, test papers are returned to students and reviewed with the entire class. They are then ask to make corrections, checking with me on the problems that they cannot work, but it is next to impossible to get some of these corrections back. I feel that this is one of the best ways to learn to solve problems that were missed. After asking for these three or more times, I always get the answer from several that they have lost their papers. Students need to become more concerned.

Flower Talk

By GENE FOSTER

FLOWERS ARE OUR HELPERS

The beauty and lovely fragrances of flowers are not all they offer in the order of things. The school child knows the important function plants offer by absorbing carbon dioxide, and giving off life's oxygen in return. Let us not forget another helpful plant, the cotton blossom literally put the shirt on our backs for many, many years.

We still feel the joy of receiving flowers is one of the great pleasures of life. We put a little of ourselves into all our flowers... each order has our very special attention.

Dorothy Tells How A Hymn Saved Four Lives

Mrs. Dorothy Hatcher, in bringing a devotional to the Friendly Ladies when they were guests in her home Wednesday evening, told a beautiful story.

The story goes: A male chorus at a chautauga in Indianapolis had just completed their program. The finale was ABIDE WITH ME. A question was posed by the leader of the group, "Did you ever know a hymn to be of any value?"

"Well, yes," the leader replied and continued, "I know one hymn that saved four lives. It was the year 1916. The Lusitania was braving the Atlantic with the captain, the crew and all aboard hoping to steer clear of the submarines that prowled the sea.

There were four of us among the many others scanning the rippling waves. Our vigilance was fruitful. We glimpsed the sub. Anticipating the torpedo four of us went overboard with the sound of the explosion. We swam fast and far as we could, lest we be sucked down with the ship as she turned stern up and bowed under.

When time had passed and our strength spent, we felt that only death was before us. We wanted to pray but we were unaccustomed to prayer but we could sing. So we agreed to sing one verse of ABIDE WITH ME and then together slip into the deep.

We sang and as we sang the sound of a fog horn came to us. The sea was being searched for survivors. We did not stop singing until our rescuers found us. Waited on airwaves the song had saved the four of us."

The story is from the writings of William Stidger. But the story is not all the absentees missed. There was a bit of business conducted by Margaret Day and Virginia Parr, much of the news "since last I saw you," and then buffet supper was served. You have to see Dorothy's China before you know the joy of seeing such beauty. Her dining-room safe, recently acquired from the Parker farm, dates from early days of Grandmother Parker.

Before good-byes were said there were discussions, like attending your church services, anticipating the new hospital and remembering the sick.

But you won't want to miss the February Party.

L. F.

Mr. and Mrs. Clayton Rhyne of Carbon visited Sunday with their daughter, Mr. and Mrs. Joe Bennett and family.

NEW HOPE NEWS

By Mrs. Gerald Scitern
I'm sorry I didn't have any news last week but my messenger boy (Gerald) forgot to turn it in. Mrs. Newton Bennett has been a patient in the hospital but was able to return home on Friday. We hope she is feeling better. Visiting with Mr. and Mrs. Orval Treadway and Windell were Mr. and Mrs. Lane Campbell and boys of Springtown, Mr. and Mrs. Butch Boyd, Paula and Sherri, Mr. and Mrs. Oscar Treadway of

Eastland, and Rev. and Mrs. Clarence Wilson, Lowell and Cynthia of Carbon.
Mr. and Mrs. Donald Cook and family of Cleburne visited over the weekend with his parents, Mr. and Mrs. Enoch Cook, Jimmy and Lyndall.
Mr. and Mrs. Alvis Scitern and Veda visited on Saturday with his parents, Mr. and Mrs. Henry Scitern, and on Sunday with Mr. and Mrs. J. E. Daniel of Gorman and Mr. and Mrs. Melvin Daniel of Oliver Springs.
Rebecca Parker of Gorman spent Saturday with Veda Scitern.
Roberta Baker of Carbon visit-

ed over the weekend with Donna Blaneet.
Mr. and Mrs. Troy Wilcoxson and Jeffrey, Mrs. Donnie Self and Mrs. Modess Self visited Mr. and Mrs. Cecil Self, Billy and Charlene.
Mrs. Enoch Cook visited Mrs. Harley Hobbs.
Gerald, the girls and I visited Mr. and Mrs. Henry Scitern, Mr. and Mrs. Alvin Lasater, Mr. and Mrs. Glenn Scitern and children, and Mr. and Mrs. Alvis Scitern and Veda.
Mr. and Mrs. Glenn Scitern and children and Mr. and Mrs. Alvis Scitern visited us.
There was a little excitement around our house on Thursday afternoon when our horse stepped on Nita's boot and tripped her, then stepped on her arm at the Elbow. It wasn't broken but was badly bruised. She is feeling just fine though.

CATHERINE PARR PLEDGED TO CHI OMEGA AT NTSU
DENTON — Mary Catherine Parr of Gorman is among 47 spring semester pledges to 8 of the 11 national social sororities at North Texas State University. Names of the new pledges were announced by Mrs. Carol Chappell, assistant dean of students. Miss Parr, daughter of Mr. and Mrs. Willie O. Parr, Gorman, pledged Chi Omega Sorority.

Desdemona Home Dem'stration Club Meetings Held

The Desdemona Home Demonstration Club met Tuesday, January 19th for the first meeting of the year. Theo Barker presided as president in the absence of Mary Dietz. No regular program was held at this time.
Plans were discussed for future meetings. Punch and cookies were served to Mesdames Theo Barker, Bethel Clark, Bobby McKilip, Wilma Logan, Ethel Keith and Jewel McMasters.
January 26
This was work day. Six ladies came with their knitting bags, knitting needles, crochet hooks and wool thread. We began to overcast, drop one, add one, and purl two. But as usual time passed too fast. However, we did get off to a good start.
Come and join in the fun. Work day will be February 23rd. If you have any hand work it would be a good time to work with the group. What about an all-day quilting?
The knitters were Inez Heeter, Theo Barker, Hattie Tate, Jewel McMasters, Lorene Stewart, and Ethel Keith.

4-H Specialist To Be In Eastland on Monday At 7:30

Marshall Crouch, State 4-H Club Specialist from College Station, will present a program on Monday night, February 8 at 7:30 p. m. at the Farm Bureau building in Eastland.
Mr. Crouch will speak to interested 4-H junior and adult leaders and parents on 4-H projects and 4-H Club expansion.
He will include in his program points to consider when keeping 4-H records and organizing and maintaining projects.
Mr. Crouch received B. S. and M. S. degrees from Texas A&M University. He was first employed with the Texas Agricultural Extension Service as Assistant County Agent in Bexar County in 1954. He served in that capacity until 1958 at which time he became Assistant State 4-H Club Leader.
All 4-H parents are urged to attend the meeting as this will be an opportune time to become more familiar with 4-H Club work.

Whirlpool TRASH MASHER* COMPACTOR
How's it work?
It's so simple. Everytime you toss cans, bottles, bones or paper trash into the drawer just close it, push a button and the trash is compacted to 1/4 its size. A key lock keeps kids from tinkering with it. A chemical deodorizer sprays each load of trash or garbage you put in to control odors. It's America's newest appliance idea from Whirlpool Corporation — and just in time to fight pollution on the home front. Can be used as free-standing model or as a built-in. Come see for yourself.

An electric range is a kindness for the cook. It's your time-saver, your work-saver. Here are 4 reasons why:

Cooking's cooler. An electric range uses heat more efficiently, so it wastes less heat into your kitchen.

Cooking's cleaner. Flameless electric heat is the cleanest heat of all. The clean-

ness shows on your pots and pans, curtains, drapes, walls and woodwork. **Cooking's easier.** An electric range with automatic set-and-forget features sets you free from watch-and-wait cooking routines. **Cleanups are automatic.** Save yourself some real time and work by making the oven a self-cleaning model.

Get your dealer's special wiring allowance!

Your appliance dealer is making it easy for you to own and enjoy a new free-standing electric range. For a limited time, he's offering a special wiring allowance to customers served by Texas Electric. Save the money. See him for the details while his offer lasts.

DESDEMONA NEWS

By ETHEL KEITH

The Keith home narrowly escaped a bad tragedy early Sunday morning when one of the twins who, with their grandparents, Mr. and Mrs. Mutt Wilcox-son of Odessa, were visiting when she backed up to an open stove and got her outing gown afire. Luckily, however, both grandmother and great-grandmother were close by and soon extinguished the flames, but not before several blisters on the child and on the adult hands were burned.

Mrs. Agnes A. Owens was laid to rest Friday in the Desdemona Cemetery. All of her four living children were present. They are Bill Owens of Odessa, Clyde of North Carolina, Mrs. Jeanette Owens Kulher of Hobbs, N. M., and Guy Owens of Houston. She was preceded in death by a son, and two daughters. This community extends deep sympathy to the family.

Mrs. Roberts of Granbury, mother of Mr. Morgan Roberts, was in a car accident last week and is now reported resting fairly well.

Mrs. Doby Williams, who has been so ill for more than three weeks, is now quite improved at her daughter's home, Mrs. Morgan Roberts.

Mr. and Mrs. Fred Shelton are both patients in the Dublin Hospital.

Mr. Leslie Riddell is also a patient in the Dublin Hospital. Mr. and Mrs. Morgan Roberts visited his mother in Granbury Hospital Sunday.

The Clarence Raglands spent the past weekend in Maljamar, N. M. with their son, Bobby, and family. Bobby was to be ordained as a deacon into the First Baptist Church.

Mrs. Letha King is a patient in the Gorman hospital at this writing.

Mr. and Mrs. Albert Johnson spent Sunday in Ranger with Mrs. Creasie Hunter.

Mr. and Mrs. Bill Norris of Carlton spent a while Friday afternoon and evening with a sister, Mr. and Mrs. Curley Craig.

Mr. and Mrs. H. T. Lane are home after spending a week with her sister, Mr. and Mrs. Ayers.

Mr. and Mrs. Bill Lee and daughter, Debbie of Fairfield, Calif., visited Mr. and Mrs. Pug Guthery and Belinda. Bill is in the U. S. Air Force and is being transferred to Tampa, Florida.

Mrs. Hubert Rainey is a patient in the Eastland Hospital.

It was voted at church to redo the First Baptist Church inside and out. More later about this.

Willard M. Moates Funeral Services Held in Houston

Willard M. Moates, 84, of Houston, died January 8 in Houston. Burial was in Forrest Park in Houston.

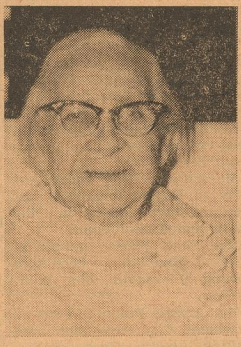

Mr. Moates was born in Comanche County and was a former resident of Gorman. He had lived the past 32 years in Houston and was in the real estate business.

He is survived by his wife, Mamie; two daughters, Mrs. Frances Moore of Houston, and Mrs. Lena Stone of Fort Worth; three grandchildren, four great-grandchildren and many nieces and nephews.

Lawndale Residents Are Honored At Monthly Birthday Celebration Jan. 29th

Friday, January 29, 1971 was birthday time again at Lawndale Home For Senior Citizens.

This month's party honored Mr. Green Wood, 93, Miss Cora Patterson, 66, Sheila Jones, 69, Emma McKeehan, 88, and Annie Westmoreland, 83.

ANNIE WESTMORELAND, 83

SHEILA JONES, 69

CORA PATTERSON, 66

Mrs. Carol Gilbert, who usually organizes the party, was sick and unable to come, so volunteer helpers went to work. Iris Smith baked the cake, Lillie Ogle iced the cake, and Ethel Sutton decorated the cake, and last but not least, Viola Broom concocted a delicious punch.

The birthday girls were proudly sporting white corsages and the birthday lad a bottle of cologne.

A good time was had by one and all.

EMMA McKEEHAN, 88
