Our City Commission will meet Monday, May 3 at 7:30 a. m. All commissioners were present for our meeting Monday night and a few things were accomplished. To the average citizen it may look as though your city commission does very little. You are welcome to sit in on a meeting any time.

We have had several inquiries on the cemetery work parties are being contacted and it is hoped a contract will be let this week.

The Commission is also trying to work out some method to keep people from unlawfully dumping trash and dogs around our dump grounds.

Clean-up Week was discussed and it is hoped students will have time to assist us in this project.

An ordinance on alcoholic beverages is being published in this week's Progress.

The commission voted to urge Senator Creighton, Rep. Frank Calhoun and Joe Hanna to vote against HB 419, the revised penal code and Senate Bill 182, the adult probation act.

Some pipe is being purchased to replace whistlers and place in ditches which will improve our streets and driveways. Other work is being planned and we will do our best to keep you posted.

If at any time you have any questions come by or stop one of your commissioners and they will be glad to discuss improvements with you.

LAWRENCE R. ALREAD SERVING IN VIETNAM WATERS WITH COAST GUARD

(20BB11409) (FHTNC) USCGC RUSH April 21 — Coast Guard Chief Warrant Officer Lawrence R. Alread, of Desdemona, Texas, participated in the sinking of a North Vietnamese trawler attempting to infiltrate South Vietnamese territorial waters. He was serving aboard the Coast Guard Cutter Rush when the action occurred April 10.

The Rush was operating with the Navy gunboat USS Antelope and the Coast Guard Cutter Morgenthau when the trawler was repeatedly challenged and received a warning shot across her bow in an attempt to halt her. Rush fired illumination shells and directed the Antelope to take the trawler under fire. The trawler returned the Antelope's fire and sought to evade the U. S. craft.

All the U. S. units, then engaged the trawler at a point about two miles off shore. Two Navy aircraft joined the attack. Finally a large explosion was observed aboard the trawler and the vessel disappeared from the radar scopes of the allied units.

Rush is credited with the sinking of another North Vietnamese infiltration trawler in November, 1970.

Smith Wants Texas To Be 'Tough State'

AUSTIN — Governor Preston Smith said Tuesday he wants Texas to have the national reputation of being a "tough state" — tough on traffic violators.

"I want this state to be a tough one on people who care so little for the lives of others that they drive while drunk, drive recklessly, speed excessively, and indeed do everything but 'drive friendly,'" the Governor told his Traffic Safety Committee meeting.

CARD OF THANKS

I wish to thank all who remembered me during my stay in the Dublin Hospital. I am most grateful for the visits, cards, flowers, gifts and for the food brought to my home.

May God bless each of you.

Eastland County Placed Under Hog Cholera Quarant'n

Eastland County has been placed under a Federal Hog Cholera Quarantine beginning Monday, May 3, 1971. County Agent De Gordon says this is in addition to the state quarantine on hogs that has been in effect for the last 30 days.

He says this means that all hogs in the county will require inspection prior to any movement beginning Monday. The requirements of a Federal Quarantine on swine specify that all swine movements be regulated to the extent that swine can still be marketed, but with some restrictions to hold to a minimum the possible spread of hog cholera. One of the provisions requires that all hogs on the premises be inspected prior to the movement of any hogs either to slaughter or to another premise. Feeding and breeding hogs are ear tagged at the time of inspection with only one farm to farm movement permissible. The inspection permit is valid for seven days. The original copy must accompany the hogs to the new premise and is given to the purchaser. A duplicate copy with the recorded ear tags is retained by the Texas Animal Health Commission.

Slaughter hogs are paint marked after inspection of all the hogs on the premises. They are allowed movement directly to either slaughter or through a concentration point consigned to slaughter. The permit for slaughter hogs within the area of quarantine is valid for four days.

For the swine owners convenience it is advisable to contact a field office maintained in Breckinridge at the Maridde Motel - Room 30, phone 559-2065, between 8:00 a. m. and 7 p. m., or your local County Agricultural Agent, phone 629-2674 in Eastland. In the interest of Eradication of Hog Cholera please call the above offices if sick swine are found in your herd. There will be no charge to have hogs inspected by federal and state swine inspectors.

"Texas Fun Night" Enjoyed by WSC Monday Evening

Occasionally the Woman's Study Club enjoys a really superb evening, and such it was last Monday when the group met in the home of Mrs. Claude Fuller for "Texas Fun Night." One guest, Mrs. Glenn Jordan, was welcomed to the fun fest.

Of course, Texans love to eat, so the first pleasure was a salad supper — with Texas-size helpings. Each member brought her favorite salad, thus there was a wide assortment from tuna, ham, chicken, and macaroni to several varieties of fruit and gelatin salads. Mrs. Fuller offered cake, coffee, tea, and assorted cold drinks to complete a perfect dinner, all served buffet style from the large dining table covered with a beautiful cut-work cloth. So delicious — and so much.

"Texas — Dress the part, do your stuff, or pay the price, of five bucks" — meaning everyone must perform on the program. Judge Roy Bean (Ozella Pulley) held forth with court just west of the dining table (wonder if the judge was ever called a hippie? He surely had a luxuriant beard, handle bar mustache, and quite long hair). Principal case before the court concerned the Peanut Princess Contest. A new crown had been ordered and was shown — it is beautiful. The rules and entry blanks will be mailed this week, and all the plans seem to be working well.

Mrs. Don Spraberry was program conductor, thus she introduced each member in turn to "do her stuff, or pay five bucks." Mrs. Corky Brown led as all stood and repeated the Pledge to the Texas Flag. From that point on, the participating ranged silly to sublime, all equally enjoyable. There was a trio, appropriately dressed for pipe moving, who sang a very good original composition about dry weather and moving irrigation pipe. There was San Antonio Rose, well dressed for her song of the same name as well as a little bar room dance. The story of Sam Bass in poem was read by a real western cowboy. A western song was performed by two old fashioned women dressed in long early style dresses. There were piano numbers, "Texas, Our Texas," and "Yellow Rose of Texas." A good, serious presentation by a lady in an Uncle Sam top hat, holding a picture of the Statue of Liberty, was entitled "I Am an American" (the U. S. is, of course, suburban Texas). A poem, "Greetings for Two — Howdy and Hello," was read by an early day school marm attired in her ankle length, high necked old fashioned dress. A History of Texas was given in art of a type done by Gorman first graders — coloring of Texas symbols: the flag, mockingbird, blue bonnets, pecan, and a Texas map outline with "Texas, Our Texas" written inside. There was a little old fashioned bread maker, dressed in early-day style, with wooden bread bowl and spoon. And true to Texas, one western looking performer stated, "I'm a Braggart—Texas Proud and Loud," then proceeded to prove it with information (and misinformation) about Texas.

Texas is indeed many things, no small measure of which is a "Texas Fun Night" such as this—all are native born Texans — Proud and Loud.

Members of the band and Mr. Russell Fuller, director, express their thanks to Mrs. Ruby McCormack for the liberal contribution she has made to the new band uniform fund. The miscellaneous contributions that have been made are also appreciated.

Special guests were the honoree's mother, Mrs. Tom Brown, and Mrs. Linda Leeth, senior class sponsor.

Miss Broom will attend Cisco Junior College this summer and her future plans are to become a registered nurse.

Eugene Pullin

I wish to thank the Gorman Volunteer Fire Department for answering my call for help in extinguishing the grass fire at my home last Thursday. Without their assistance the fire could have caused extensive damage.

THANKS TO FIREMEN

Special guests were the honoree's mother, Mrs. Tom Brown, and Mrs. Linda Leeth, senior class sponsor.

Panther Band To Play at Lingleville

The Gorman Panther Marching Band presented an assembly program in the high school auditorium Wednesday in their new full dress uniforms. The new suits must have sparked their spirits for the band sounded great and these students will be one of the sharpest looking and best dressed bands in the area. Everyone will get a chance to see the band perform in the new uniforms at the spring concert to be held on May 21st.

The band will make a trip to Lingleville Friday and will play in an assembly at Lingleville and be guests of the Lingleville School for lunch. They were also scheduled to play at the Carbon School in the afternoon, but since the storm which struck Carbon on Wednesday evening caused the school to dismiss the rest of this week, this part of their tour will be cancelled.

Band officers are Bill Mears, president; Becki White, secretary, and June Collins, librarian.

Members of the band and Mr. Russell Fuller, director, express their thanks to Mrs. Ruby McCormack for the liberal contribution she has made to the new band uniform fund. The miscellaneous contributions that have been made are also appreciated.

Nancy Hendricks Club Woman of Year At Kokomo

The Kokomo Home Demonstration Club met for a regular meeting on April 26 in the home of Mrs. Albert Hendricks. Mrs. J. L. Morrow presided and led the opening exercises. Six members answered roll call with "A favorite TV star that I would like to meet."

Mrs. Albert Hendricks was elected our Outstanding Club Woman of the Year. She is an active, energetic member of the club and is our prize ticket seller, having sold more tickets to our stew suppers than the combined efforts of the other members. This is very important as the stew supper is an annual money-making project for the club.

Nancy is the club recreation leader and has done her job so well she has been re-elected for another year. She is a member of the H. D. Council recreation committee and helped plan the Spring tour and luncheon held recently in Eastland.

Her home is always open to the club for meetings anytime it is needed and she is a gracious hostess, making each club meeting a very special time for all.

She helped get the reporter's book and the educational exhibit ready for achievement day, represented the club at the bake sale sponsored by the H. D. Council at the Senior Citizen's Fall Fair and Bazaar in Eastland. She is the type of club member that is willing and capable of doing any job called for in the club activities. She will be a nominee for the Outstanding H. D. Club Woman of the Year in Eastland County.

The H. D. Agent, Mrs. Janet Thomas, gave a very interesting and enlightening program on "All About Meat — that Key Item," showing slides of different cuts of meat to be purchased in the market or prepared for the home freezer and the proper ways to cook them.

Members of the Kokomo Club will be participating in the Achievement Day activities in Eastland on May 5th in the First Christian Church Annex.

Church of Christ Honor Seniors At Ice Cream Supper

Centerpiece for the food table was a graduate head with graduation cap, white satin color with a blue bow tie. Approximately 150 artificial flowers formed the face, with colored flowers outlining facial features. Red roses were used on the Senior's table.

Approximately 18 freezers of ice cream and 12 cakes of all

Thurber Cemetery Being Restored

Gomer Minnick of Strawn, chairman of the Thurber Cemetery Restoration Committee since 1968, has announced that work on the cemetery has been halted once again due to lack of funds. The cemetery, located on the hilltop northeast of the old Thurber townsite, was neglected for many years and in a state of disrepair when the Thurber Historical Association undertook to restore the cemetery. Gomer has headed the work force and the cemetery is once again regaining a semblance of order and repair.

The Executive Committee of the Thurber Historical Association met recently and voted an amendment to the by-laws authorizing that donations to the cemetery fund can be made to the Strawn Security Bank in Strawn, the First National Bank in Gordon, or to Gomer Minnick personally. All donations are tax deductible and checks should be made payable to the Thurber Cemetery Fund. All interested persons are urged to contribute to this fund, so that the restoration of this cemetery can be completed.

It is hoped that the cemetery will be accepted by the Historical Society as a historical landmark.

kinds were served to the approximately 70 persons attending, and included all members of the school faculty and members of the Board of Trustees.

AMERICA'S "LITTLE SWITZERLAND"

THIS VIEW FROM ATOP SPRUCE KNOB IS ALMOST UNREAL IN ITS NATURAL BEAUTY.

Good news for the budget-minded vacationer and his family—America's "Little Switzerland" is investing \$2.5 billion in public and private money to develop new highways, state parks, marinas, resorts and special attractions. This place, immortalized by the feuding Hatfields and McCoys and John Brown's raid on Harper's Ferry, is West Virginia.

Several buildings in Carbon were badly damaged. The Carbon Trading Post had one corner of the brick building torn off and an old metal garage just off main street was blown down. The Carbon School building had extensive damage with all windows broken out on the north-west side and one wall ripped out of the top story and school has been dismissed for the remainder of the week. The building is hoped to be repaired in time for resuming school on Monday.

Dwayne McDaniels, his wife, Nelda, and one year old daughter, Shana, were all reported in good condition in Eastland Memorial Hospital after their mobile home in which they were living was torn apart by th winds. Several other mobile homes were reported destroyed and damaged. Up to 3 and 4 inches of hail was reported to have fallen along with one and one-half inches of rain. Hours after the storm the ground looked as if it was covered with a blanket of snow.

Hail in Gorman was mostly large, golf ball and larger size with some measuring five and one-half inches in circumference. .50 inches of rain was recorded.

Kokomo reported two inches of rain and a very large amount of hail, but hail damage had not been estimated at press time on Thursday.

The club officers invite all residents of the Gorman and Kokomo areas to be guests on the tour next Thursday. The organization officers consist of Billy Walker, President; J. C. Clearman, Vice President; Mrs. Glenn Jordan, Secretary; and Alvin Lasater, Treasurer.

Dept Transport'n May Reopen Talks Truck Regulations

Jack Cozart, president of Eastland County Farm Bureau, said information had been received from the AFBF that the Department of Transportation has indicated willingness to reopen the question of exempting light-weight trucks — including pickups from the proposed regulations.

This came to light in a meeting April 1 between the DOT and agricultural organizations. The DOT scheduled the meeting after receiving AFBF's petition.

Dr. Robert Kaye, director of the Bureau of Motor Carrier Safety of the Department, indicated that the trucks under 10,000 lbs. gross weight could be exempted and asked for counsel on whether to institute this modification prior to consideration of the other controversial provisions.

In answering, Roger Fleming, AFBF secretary-treasurer, said "We believe it would be preferable to defer such action until a broader area of agreement has been developed. To take such limited action now would only result in confusing the issue by leading many affected people to believe that such limited revision of the driver qualification regulations was all that was contemplated by the Department."

Connie Park, Dwayne Snider and Mr. and Mrs. Billy Taylor attended Six Flags Over Texas Saturday.

NARCISUS

Another lovely spring flower that can stand the winter outdoors, and come bursting forth in the spring, is the narcissus.

According to Greek mythology, there was a handsome youth who fell so in love with his own image, that he spent all his time looking at his reflection in a clear pool. He was so entranced with himself, he couldn't leave the water. There he died and was changed into the flower narcissus.

An interesting story, but we feel flowers are just God's way of letting all of us view his creative beauty. We take pride in the way we prepare them when you order our flowers.

Slumber parties for teens call for a special breakfast in the morning. Shown here is a nutritionally-balanced menu of Peanut Pancakes with brown 'n' serve sausages, maple syrup, margarine, orange juice and milk.

PEANUT PANCAKES
1 1/4 cups milk
1 egg
3 tablespoons Planters Peanut Oil
1 1/4 cups unsifted flour
2 tablespoons sugar
2 teaspoons baking powder
1/2 teaspoon salt
1 1/4 cups whole kernel corn
1/4 cup chopped Planters Cocktail Peanuts

In a large bowl, blend together milk, egg, and Planters Peanut Oil. Add flour, sugar, baking powder and salt; beat with rotary beater until smooth. Stir in corn and Planters Cocktail Peanuts. For each pancake, pour about 2 tablespoons batter onto hot greased griddle and brown on both sides, turning once. Makes about 20 pancakes.

A party can be spur-of-the-moment milk and cookies for two, or a month-in-the-planning prom for two hundred. It can be held anywhere, at any time, for any reason—or for no reason at all.

To help the young host and hostess plan and execute a successful party for any occasion is the purpose of a new booklet, "Mr. Peanut's Guide to Entertaining." Written especially for teens, it includes important background information on selecting the date, place and time, choosing a theme, working with a budget, deciding on a guest list and sending invitations as well as tips for planning the menu, decorations and party activities.

"Mr. Peanut's Guide to Entertaining" features 19 complete party plans, including suggested menus, recipes for featured dishes, ideas for decor and possible activities. They include every type of formal occasion from New Years Eve and Halloween to bridal showers, fund-raising fetes and the senior prom.

Slumber parties, a popular informal way for girls to entertain, call for a midnight snack before settling down to sleep, as well as something special for breakfast the next morning. Mr. Peanut's party plan for this occasion includes snack suggestions and this complete menu for a nutritionally-balanced breakfast featuring Peanut Pancakes.

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman
17th District

WASHINGTON, D. C. — THE CONTROVERSY CONTINUES TO RAGE OVER WHETHER or not the FBI taps telephones of Members of Congress.

NO ONE HAS COME UP WITH ANY SUBSTANTIATED EVIDENCE that the FBI has ever tapped a Congressman or a Senator's telephone although many accusations are made.

AS A MATTER OF FACT, it is wholly contrary to the policy of the FBI and the Justice Department of which it is a part.

FOR YEARS THE RADICALS HAVE criticized the Federal Bureau of Investigation, just as they criticize law and order of any kind. They criticize efforts at protecting our internal security because this is what many of them would like to destroy.

PARDON THE PERSONAL REFERENCE but as an agent of the FBI at one time I know that its practices are extremely strict and exacting.

THE FBI HAS ALWAYS SOUGHT to avoid any act which could involve its agents in controversy of any kind. It has kept out of politics and has shunned all actions which might be interpreted as political.

MR. J. EDGAR HOOVER, HAVING HEADED the FBI all these years, has had the highest confidence of eight Presidents without ever having the criticism which has recently been heaped upon him. At the age of 76, he is vigorous, alert and unquestionably dedicated to serving the best interest of our Country.

IN 1917 J. EDGAR HOOVER was a 22-year-old lawyer who became Assistant Attorney General in the Department of Justice. Seven years later the Attorney General at that time, Harlan Fiske Stone, appointed Mr. Hoover as Director of the Bureau of Investigation. He was directed to reconstruct the Bureau "According to the highest ethical and executive standards and remove all actions from partisan politics."

He was instructed to remove from the Bureau any man as to whose character there was any ground for suspicion. Mr. Hoover withdrew the Bureau from all extralegal activities and made it an efficient organization for the investigation of criminal offenses against the United States.

IN 1934 THE FBI, ADAPTING to the wave of Federal crime, particularly a great increase in bank robberies, became the na-

Mrs. H. C. Whitlock returned home Sunday from a weeks visit in Fort Worth with her daughter, Mr. and Mrs. William Snider. Mr. and Mrs. Charles Brown of Tulsa spent the weekend with her mother, Mrs. Dorothy Hatcher.

Mr. and Mrs. Bill Traphagan of Columbus, Ohio visited over the weekend with Mr. and Mrs. Frank Rhymes.

Mr. and Mrs. R. L. Sharp, Mr. and Mrs. Larry Majors and Kelli Darlene, visited over the weekend with Mr. and Mrs. Lendon Shipman.

national criminal law enforcement arm of the United States. Under law it assumed the internal security protection to identify radicals of both the far right and the left.

IN WAR AND IN PEACE, IN ECONOMIC DEPRESSION and prosperity, in times of violence and moral decline, Mr. Hoover has remained an American symbol of law and order. Striving for excellence and integrity for the entire organization, he has himself been an example of these virtues.

MR. HOOVER'S AGE IS USED AS THE FIRST point of attack on him but those close to the Bureau's operation can distinguish no difference in standards than those which it has historically maintained.

THE FBI DOES NOT conduct its business apart from other law enforcement agencies. It works in cooperation with State and local law enforcement authorities. It seeks no publicity and, as a matter of fact, avoids it where possible.

THE POLICY OF THE FBI IS ONE of concentrating on gathering of facts, leaving to the courts and juries to act on its findings. It does not decide to prosecute. Information assembled is turned over to the Justice Department for Federal Grand Juries to act on. It is coldly objective in its investigations to determine facts. It does not offer conclusions, opinions, or involve itself in personalities. This has been its mission from the beginning and remains the case at present. Whether it be a member of Congress, people in high or low positions, the FBI will investigate if there is reason to suspect wrongdoing. Their obligation is no less regardless of where the chips may fall. It does not, however, snoop for the sake of snooping nor tap telephones in the hope of finding something not connected with law violations.

ACCUSATIONS ARE MADE BY PROMINENT Members of Congress that the FBI has placed surveillance upon the radicals participating in militant demonstrations. We can be thankful that someone is keeping an eye on those who would destroy this Nation by subversion, espionage and conspiracies.

How gas heating that heats in the winter can be an air-conditioner that cools in the summer.

You already have half a central air conditioning system.

It's a simple matter to install a cooling unit to your gas heating system. You can probably use the furnace blower and ductwork you already have. You'll save up to half the installation costs of starting from scratch.

Temperature control in your home is a year-round proposition, but not an expensive one. We have special rates for gas air conditioning during the summer. And no matter what the season, you pay less for gas than electricity.

Another nice thing about gas central air conditioning is its simplicity. There are fewer moving parts. Fewer breakdowns. Fewer repairs.

Wake up your central gas heating to central gas cooling. You'll sleep better this summer.
