MARCH 3, 1983

GORMAN, EASTLAND COUNTY TEXAS 76454

OUR 83RD YEAR OF SERVICE NUMBER THREE

Joe Bennett, Publisher

We are very happy to announce that the Progress now has a correspondent for the New Hope Community. Beverly Seaton has graciously volunteered to gather the news for the Progress at New Hope and will begin the new column next week. Anyone in the community may call Beverly at 639-2255 and give her the names of your visitors, news items, etc., and she will include the items in her column. We are extremely proud to be able to add this column to "your newspaper" as we continue to try and make the paper a better news source for the readers. So, if you will call Beverly as early as possible (preferably by Monday) it will help to get your news in the paper for that week. We hope all the folks in the New Hope community will turn in their news so the column can be great. We appreciate Beverly for taking on this worthwhile task.

The Panthers wound up a very good season on Tuesday night when they went down to defeat to Meredian by the score of 66 to 58 in the Stephenville gym. The Panthers played their hearts out but came up a little short. Dane Gressett, one of the starting players for the Panthers, who had torn up an ankle in the previous game, underwent surgery on Tuesday and was out of action for the game. Dane's injuries were more serious than expected at first with more damage than first thought. Dane's surgery came along fine and he should be okay after rehabilitation is completed. The Panthers sure missed him in the game Tuesday night. We congratulate the Panthers on a fine season.

Have you noticed Wanda Patterson's home recently? She has completed a remodeling project on the home with new siding, trim, etc. and it sure looks great.

The Lynvoss Aldridges are in the process of a renovation of the former Gene Baker home on the old Carbon Highway. They are doing extensive repairs and have removed the old garage. The project has turned into more of a project than planned at first, but Herb Crenshaw is working hard to get the job done. The Aldridges moved here recently.

We welcome Larry and Joy Campbell in their new business venture of managing the Gorman Exxon Station on Hwy. 6 west. The Campbells are well known in the community and we wish them great success in their new business venture.

We have just completed the printing of the Eastland County Livestock Show books for this year in preparation of the show to be held on March 16, 17, 18 and 19. We urge everyone's support of our youth in this show. Our FFA and 4-H members have worked hard raising and caring for these show animals and they deserve all the support we can muster for them in this annual show. It means so much for the youth to do good in this show and we want them to know we are behind them 100 percent. Contact the 4-H and FFA Booster Club and see what you can do to help them.

The weather the past few days has been great with the warm, sunny days. It sure has made one feel like taking off work and getting out to go fishing, etc. However, most of us poor guys have too much yard or garden work to do and those slave-driving

Beverly Seaton Joins Progress Correspondence Staff

We are happy to announce that Beverly Seaton has joined the area correspondence staff. She will be reporting the news and activities of the New Hope Community.

Up to now this area of our community has not been represented by a correspondent. Those in the New Hope Community are urged to call Beverly at 639-2255 and tell her of your visitors, parties, meetings, anniversaries and etc. With your help she can produce a good New Hope news column. Her first column should appear in next weeks issue of the Progress.

wives just won't let us off the hook. Oh well, the weatherman has said our weather will change the next day or so and we should get some rain, MAYBE. And if its raining us slaves sure can't do any outside work.

4-H — FFA BOOSTER CLUB NEWS

Eastland Co. Stock Show time is almost here. The show will be March 17, 18, 19 with Swine showing on the 17th, Sheep, Rabbits and Chichens, Goats and Dairy Animals showing on the 18th, and Beef Cattle and Steers showing on the 19th with the big wind-up with Sale on Saturday night.

We have raised some money but still need the support of the whole town. If you would like to make a donation to this worthwhile project, you can make a donation to the Gorman 4-H — FFA Booster Club, account No. 08-248-1, at First National Bank of Gorman or call Bill Gressett, President, 734-2805 or Jan Slampa, Secretary-Treasurer at 734-2092.

PEANUT MEETING AT CARBON MARCH 8

Peanut production in 1983 will be the topic of a program for growers Tuesday night, March 8. The Extension Service sponsored program will be in the Carbon School Cafeteria and will begin at 7:30 p.m.

County Extension Agent, DeMarquis Gordon, says the program is planned to help growers reap maximum profits from their 1983 peanut crop.

Terry Clark Makes Statement

If elected I understand I could not serve a full term as your representative on the School

Board. I do not feel this would be in the best interest of our School, nor would it be fair to the People who voted for me or the Candidates now running.

As a result, I am withdrawing my name as Candidate for this Terms

control. The fourth spaker will be Dr. Jesse Cocke, Entomologist, who will discuss the latest insect control recommendations.

Peanut growers from throughout Eastland County are encouraged to attend this meeting.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

School Board. With the Interest I have in our School and our Youth, I hope to run at a future date, and I will work in any way possible for the Betterment of our School and all our Youth Activities.

Thank You, Terry Clark

RANGER GARDEN CLUB OBSERVES ARBOR DAY

In Memory of Louise and Ray Rankin, two pecan trees were recently planted at Gorman High School. This effort was sponsored by the Ranger Garden Club. The trees were donated by W. C. (Check) Smith of Gorman and Kayla Sult of De Leon, a Ranger Garden Club member.

A brief ceremony was held to dedicate these trees with the entire student body present. G. W. Maxfield, School Superintendent, gave a brief program on Arbor Day, its history and purpose. Mrs. Lois Raley, Garden Club President, recited "Trees" by Joyce Kilmer. All

joined in giving the Pledge of Allegiance to the Flag. Other members of the Ranger Garden Club participating were Thelma Powell of Ranger and Ida Chandler of Gorman.

Three Ag boys, Bill Crain, John Woodall and Rodney Reese dug holes for the trees.

A Magnolia tree donated as memorial to Mr. Donald Bolt by Mr. and Mrs. Murl Pittman has been planted on the Blackwell Hospital grounds. Mrs. Pittman of Gorman is a member of the Ranger Garden Club and supervised the planting of the tree.

GARDEN CLUB MEMBERS — Left to right - Mrs. Thelma Powell and Mrs. Lois Raley of Ranger and Mrs. Ida Chandler of Gorman, represented the club in planting the pecan trees at the High School on Monday of last week.

ALL KINDS OF HELP — John Woodall and Rodney Reese with the help of the High School Student Body, crowd around one of the trees planted in Memory of Louise and Ray Rankin.

HELPING HAND — Jack Harrison, right, supervised the planting of the Arbor Day trees. Ag Boys Bill Crain and John Woodall provide the man power.

DEALINE NEAR FOR INSURANCE COVERAGE

March 15th is the last day to apply for insurance coverage for grain sorghum, corn, peanuts, and cotton grown in Eastland County, Texas, according to Ardell M. Kalmbach, District Director of the Federal Crop Insurance Corporation (FCIC).

"Several new features for 1983 are available to producers who insure with Federal Crop Insurance," Kalmbach says.

A new Individual Yield Coverage (IYC) plan is available for producers of corn, cotton, dry beans, flax, grain sorghum, rice, sunflowers, and soybeans. This plan allows producers to establish a production guarantee based on their individual farm yield data.

Producers who feed a portion of their individual farm yield data. Producers who feed a portion of their crops to livestock and poultry may be eligible for an Individual Certified Yield (ICY) plan offered on corn, barley, grain sorghum, and oats. "Having last year's production records qualifies producers for this plan," Kalmbach says.

Farmers participating in the Payment-in-Kind (PIK) program should consider the FCIC increased insurance guarantees of up to 10 percent which are available to them for their 1983 spring-planted corn, grain sorghum, rice, and cotton. "Percent increases in the FCIC guarantee are based on the amount of acreage reductions above the regular farm program set aside," Kalmbach states. To obtain full details, producers are encouraged to contact an agent authorized to sell and service FCIC crop insurance policies before March 15.

To select an agent, or for more information, producers should visit the local ASCS office as soon as possible, Kalmbach says.

SCHOOL HILL NEWS

By Oma Lee Riddell

Randy, Tammy and Brandon Merriman Moved last Tuesday to Pony Creek.

F. D., Janie and Teresa Hogg and Sherri Lewis all of Stephenville and I all visited last Sunday afternoon with Renia Hogg.

Heard that Helen Grimshaw had walked near all the way to Austin Calling Jody and Jason. Bet she aged forty years in one day. These kids have a way of doing that to us. Don't they?

We thoroughly enjoyed the play "Anything Goes" at Tarleton the other night. Our friend, Michael Hurst had the male lead and did a super job along with the entire cast. We all met at Leslie's house to go together. Jimmy and Tena left, Jeane and her family left. William,

performance of their duties on behalf of the Air Force.

Gregory is a navigation equipment technician with the 2064th Communications Squadron.

His wife, Vicki, is the daughter of John G. and Hazle Martin of 1490 Melissa Drive, Stephenville, Texas.

The sergeant is a 1973 graduate of Stephenville High School.

Leslie and I were going with Jane. We left then I realized we had misplaced William. We went back and found that Leslie had locked the house with William in it. He sure was scratching and Whining to be let out.

It has been Rodeo time on Gobbler Knob again. This time Gene played a big part. It started out as a simple birthing by a heifer cow - and ended up an all night affair. When William and Gene decide to help a Cow

calve they're going to help her whether she needs help or not. When they make up their minds that she is going to have trouble, I'll guarantee - she's going to have more trouble than she ever dreamed of having. Gene called William at five one afternoon and William came dragging in at five the next morning. Leslie and I stayed with Jeane, Will and Niki until Will got sorta violent about the time. I haven't heard words like he said in awhile. Back to the cow though - Think she could have picked out a bad spot - At least she and the men couldn't get together on where? And a three hundred acre field should provide some nice places, but they got so bad off that Gene ran the pick-up back and forth in

BIRTHDAY PARTY HELD AT GORMAN CARE CENTER

Valentine was the theme for the birthday party at Gorman Care Center on Feb. 24.

Residents of the home having February birthday's were Jessie Atchison, and Elizabeth Williams, Nancy Holliday, and Annie Haile.

Mrs. John Rice entertained the group with piano selection prior to the singing of "Happy Birthday".

The ladies were presented gifts of red and white carnations and Mr. Atchison received hankerschiefs.

A red and white decorated birthday cake and red punch was served by the Kokomo Home Extension Club.

the field with William in back to rope the cow - Which he did then Gene ran the pick-up up onto the rope to stop her. They got the birthing over then found her too wild to turn loose. They decided to cut the rope a couple of foot from her head and figured she'd sling it off in a day or two. She didn't. She's wearing it like a banner. Real proud. She knows it's connected in some way to birthing, probably to remind her to run like the dickens if it ever happens again. Gene is thinking about going after another rope to catch her again to get the first rope off. He surely won't. He told me later that he felt if they'd have left her alone she'd probably have had that calf in two hours. Some days turn out that way.

Is your heating/cooling system gobbling up too much money?

If electric bills are taking too big a bite out of your budget, consider equipment with a higher energy-efficiency rating. The higher the rating, the less electricity it takes to heat and cool your home. And using less electricity will help hold down your bill.

High-efficiency equipment costs more, but when the equipment qualifies, Texas Electric will give you a *bonus check* to help pay the

difference. So if you're planning to install a room unit, or replace central air conditioning or a year-round heat pump, ask your dealer about equipment that qualifies for a bonus check from Texas Electric.

And put money back in your pocket.
