

Warming somewhat this afternoon; quite cold again tonight.

1943 Our Year Of Advance, Says FD

KEY NAZI BASE THREATENED BY RUSSIAN BREAK-THROUGH

New Bombardiers Go Forth Pledged To 'Do The Job'

"It will be a job well done." This was the pledge from Lieut. L. E. Dixon, St. Louis, Mo., cadet commander of his class, son of a brigadier general and brother of a naval officer who gave his life in action and another naval flier who was injured in battle against the Japs, made in responding on behalf of the graduating class 43-1-second for the Big Spring Bomber School...

LIEUT. L. E. DIXON

Declaring that America was again "adding strength at a time the Allies were almost bled white," Judge Brooks asserted that "we are going to war with a purpose that is righteous and going forth in strength sufficient to defend the flag." Speaking for the civilian population, he "pledged you our full support in pushing forward with the tide and against the enemy to victory for us all."

Col. Ellis had reminded the bombardiers that "as you expect the pilot, navigator and gunners to get you to and from your mission—so they expect you to hit the target." He wished the new officers "best of luck and best of hunting."

In his response, Lieut. Dixon paid tribute to officers and men who had made possible their training record, one Col. Ellis said was superior to the initial class. He was chosen for the honor on his own merits although he comes from a military family. His father is Brig. Gen. Larrell Dixon, military intelligence. His brother, Lt. Commander Larry Dixon, was lost in the Pacific while in action with a patrol bomber. Another brother, Bob, pilot in a scout bomber off an aircraft carrier until he was wounded in action. Lieut. Dixon enlisted the day after Pearl Harbor, quitting his studies at St. Louis University and although he had soloed at the age of 13 years, he chose to become a bombardier because "a bomb does more damage than the chattering machine gun of a fighter ship."

The shortage was reported after the OPA slashed fuel oil rations by 25 per cent for all non-residential buildings in 17 eastern states. The strike, which started December 30 in one gillery and spread to nine others, was primarily in protest against a 50 cents a month increase in union dues voted at a UMW convention in Cincinnati last October, union spokesmen said. The workers also sought a \$2 a day wage increase.

Range Prospects Greatly Improved

Cattlemen reported Thursday that the current damp spell had further enhanced winter range prospects and made them among the best on record. Winter weeds and grasses already were growing rapidly due to heavy December precipitation and the light rain this week was right to maintain rapid growth. Farmers were facing a problem. It was virtually too wet to plow in most sections and weeds were about to take the land before they could put it up. All agreed that if they can list their fields soon that 1943 sub-soil moisture will be even better than last year.

Bomber Burns After Crash

MADILL, Okla., Jan. 7. (AP)—A big four-motored army bomber crashed and burned last night two miles southwest of Lebanon, a village near the Red river, a civilian ambulance driver dispatched to the scene reported today. Two farmers, over whose homes the big ship lumbered apparently in trouble, told of hearing a terrific explosion, and one eye witness said he saw it burst into flames and crash only 200 yards from his house.

Degree Work Slated For This Evening

Work in the Enter Apprentice degree will be given by the Staked Plains Masonic lodge at 7:30 p. m. today and next Wednesday evening as the Herald erred in reporting. Lodge officials extended an invitation to the public to witness these ceremonies today. Refreshments will be served following the work.

Red Army Now Only 75 Miles From Rostov

Many Towns Recaptured As Offensive Rolls On

By HENRY C. CASSIDY MOSCOW, Jan. 7. (AP)—The Red army of the lower Don has broken through German lines on a 20-mile front on both sides of the river and has driven within 75 miles of Rostov, key to the whole Nazi salient into the Caucasus, the Russians announced today. Dispatches from the front said the Russian forces, commanded by Lieut. Gen. Constantin Rokossovsky, veteran of last winter's battle of Moscow, had pushed forward 30 miles since capturing the Don river bridgehead of Tsimlyansk two days ago.

The advanced point which the Russian thrust was said to have recaptured yesterday was Bolshaya Orlovka on the Sal river just southeast of its confluence with the Don mid-way between Tsimlyansk and Rostov. Recaptured in the sweep down the Don were the towns of Marinsk on the Don 25 miles downstream from Tsimlyansk; and the villages of Kargalako-Beliansky, Kamshchikaya, Yasirev and Kholodny, scattered along both banks of the river. There the Russian offensive was rolling into the flat, low-lying region which stretches past Rostov to the Don mouth on the sea of Azov—a sector which previously proved to be one of the most difficult of the entire front to defend.

Strike Brings Coal Shortage

WILKES-BARRE, Pa., Jan. 7. (AP)—An outlaw strike of 12,000 miners in the Pennsylvania anthracite fields created a shortage of hard coal today, even as the eastern seaboard felt the pinch of tightened rationing of fuel oil. Outgoing shipments were curtailed sharply and deliveries to domestic consumers here in the heart of the anthracite region were limited to one ton. Meanwhile, three local unions of the United Mine Workers of America, disregarding leaders' pleas that they return to work immediately, voted to remain on strike.

The shortage was reported after the OPA slashed fuel oil rations by 25 per cent for all non-residential buildings in 17 eastern states. The strike, which started December 30 in one gillery and spread to nine others, was primarily in protest against a 50 cents a month increase in union dues voted at a UMW convention in Cincinnati last October, union spokesmen said. The workers also sought a \$2 a day wage increase.

Jap Shipping Increased At Rabaul Base

Concentration Is Larger Than Before Had At First

MELBOURNE, Jan. 7. (AP)—Air reconnaissance over Japan's big base at Rabaul, New Britain island, has revealed that the concentration of Japanese shipping there has been augmented since Tuesday, when it was first disclosed by an Australian government spokesman, it was asserted in government circles today.

Photos returning from missions over Rabaul were said to have reported that the amount of war-ship-protected shipping now gathered at Rabaul exceeds the forces gathered by the Japanese for their first counter-attack on the eastern Solomons, held by United States forces.

SOLOMONS RAIDS

WASHINGTON, Jan. 7. (AP)—The navy reported today that two new raids had been carried out on Japanese airfields in the Solomons area and that a "possible hit" had been scored on a Japanese transport.

The text of the communique number 243, follows: "South Pacific (all dates east longitude). "1. On January 6: "(A) Flying fortresses (Boeing B-17) with Lightning (Lockheed P-38) and Warhawk (Curtis P-40) escort, attacked a Japanese transport in the Shortland island area, possible hit on the stern of the ship was reported.

"(B) U. S. aircraft bombed the airfield at Kahlil near Ebuin on Bougainville island. Haze prevented observation of results.

"(C) At noon U. S. aircraft bombed the air field at Munda on New Georgia island. Results were not reported."

Farm Mobilization Meeting On Jan. 12

Mobilization Day for farmers, proclaimed for January 12 by Governor Coke Stevenson, will be held here at 2 o'clock in the district courtroom, AAA officials announced today.

The day is being set aside to have a meeting of all farmers to plan to raise agricultural products needed most by the government during war time. Plan sheets showing war goals will be discussed by the farmers. Farmers are being asked to furnish in 1943 crops most vitally needed and to limit production of foods not essential to war time uses.

Army Plane Forced Down Near City

No serious injuries resulted when an army plane was forced down east of here near Gooden refinery late Wednesday afternoon, it was announced through public relations office of the Big Spring Bomber School.

President's Talk On Radio Tonight

NEW YORK, Jan. 7. (AP)—Rebroadcasts of President Roosevelt's state of the nation message to congress have been scheduled by the networks for tonight. NBC and Mutual will transmit at 11:15 and the Blue at 12.

GIRL RETURNED

SAN ANTONIO, Jan. 7. (AP)—Marjorie Gildewell, missing girl, was returned by Sheriff Daniel to Weslaco, her home, it was announced here today.

Mann Concerned Over Wartime Office Vacancies

AUSTIN, Jan. 7. (AP)—Attorney Gerald C. Mann, who for months has been in sharp disagreement with the supreme court on the troublesome question of wartime office vacancies, today renewed his legal dispute in a tartly-worded reply to the jurists' most recent holding on the question. Emphasizing the likely effects upon legislative processes, he requested the court to reconsider its split decision in which it was held that a district judge who accepted an army commission of indefinite term did not vacate his civil office. Fear that the ruling — from which Chief Justice James V. Alexander dissented — would hamper the functioning of the fast-approaching 48th session of the legislature was formerly voiced by the attorney general in his petition for re-hearing in the case of William Cramer of Dallas. When Judge Dixon of the 95th district court accepted appointment as a "major, the Dallas case, the attorney general contended that the majority of the court—Associate Justices John H. Sharp and Richard Criss—"committed an error of grave import to civil government in Texas." He said that his department "would be derelict in duty to the public did we not exhaust the last means available to us."

Production Miracle Hailed In Message

WASHINGTON, Jan. 7. (AP)—President Roosevelt confidently told the new congress today that he saw 1943 as a year of "very substantial advance" toward Berlin, Rome and Tokyo, and he said a "miracle of production" at home was backing the country's 7,000,000 fighting men.

"I do not prophesy when this war will end," the commander-in-chief said, but elsewhere in a thunderously-applauded speech he declared: "The Axis powers knew that they must win the war in 1942—or eventually lose everything."

"I tell you it is within the realm of possibility that this seventy-eighth congress may have the historic privilege of helping greatly to save the world from future fear."

Speaking from the platform of the house chamber of the guarded capitol, Mr. Roosevelt summed up progress so far toward victory, called the United Nations "the mightiest military coalition in history" and said that, still united, they must stamp out any attempt after the peace to rearm in Germany, Italy, Japan, "or in any other nation which seeks to violate the Tenth Commandment—'Thou shalt not covet.'"

Loud cheers and yells punctuated his aggressive passages. Delivering his annual message to the legislators in person in the house chamber, he called on them to put aside bickering over economic measures, and to strive to contribute to national unity.

The president's address on the state of the nation was divided into three major sections: A review of the progress of the war, a report on America's military production, and a general outline of his hopes for the peace to follow the conflict and for guaranteeing freedom from want and fear.

"By far the largest and most important developments in the whole strategic picture of 1942," Mr. Roosevelt asserted, "were the events on the long front in Russia: first the implacable defense of Stalingrad; and, second, the offensive by the Russian armies at various points which started in the latter part of November and which still roll on with great force and effectiveness."

The capitol was the scene of unusual precautions taken to safeguard the chief executive. Hours before his arrival time police, secret service men and regular army personnel threw a cordon around the hill.

Steel-helmeted soldiers, bayonets affixed to Garand rifles, stood at attention all around the capitol and in its plaza. Special capitol police, their numbers augmented by metropolitan police, were on guard at all entrances and were stationed throughout the capitol. No one was permitted to enter the building without a special pass or identification. Admission to the house galleries was by special card only.

Mr. Roosevelt told the lawmakers that the period of "our defensive attrition in the Pacific" was passing, adding: "Now our aim is to force the Japanese to fight. Last year, we stopped them. This year, we intend to advance."

In the African theater, he predicted the "best results of Axis powers would be driven from the south shores of the Mediterranean."

"I do not prophesy when this war will end," the chief executive said. "But I do believe that this year of 1943 will give to the United Nations a very substantial advance along the roads that lead to Berlin, and Rome, and Tokyo."

"I tell you it is within the realm of possibility that this 78th congress may have the historic privilege of helping greatly to save the world from future fear."

"Therefore, let us—all of us—have confidence, let us redouble our efforts."

The president opened his address with his summary of war operations, and, in it, said that "we are going to strike—and strike hard—in Europe."

"I can not tell you," he said, "whether we are going to hit them in Norway, or through the Low countries, or in France, or through Sardinia, or Sicily, or through the Balkans, or through Poland—or at several points simultaneously."

"But I can tell you that no matter where and when we strike by land, we and the British and the Russians will hit them from the air heavily and relentlessly. Day in and day out we shall heap stones upon tons of explosives on their war factories and utilities and seaports."

The eventual outcome of the fighting in the Pacific, the president said, can be put on a mathematical basis, since it is known that Japanese strength in ships and planes declines daily and American strength rises. He said this would become evident to the Japanese people "when we strike at their own home islands and bomb them constantly from the air."

Near the close of his address to the new congress, Mr. Roosevelt said that all the United Nations wanted a "decent peace and a durable peace."

"These facts and figures will give you a real and comfort to the enemy. On the contrary, I can imagine they will give him considerable discomfort. I suspect Hitler and Tojo will find it difficult to explain to the German and Japanese people just why it is that 'decadent, inefficient democracy' can produce such phenomenal quantities of weapons and munitions—and fighting men."

Mr. Roosevelt conceded mistakes had been made and that there had been too many complicated forms and questionnaires. The latter, he said, represented an honest and sincere attempt to see to it that supplies of food and other essential civilian goods were distributed on a fair and just basis and that living costs were held at a stable level.

"Our experience," he continued, "will enable us during the coming year to improve the necessary mechanisms of war-time economic controls and to simplify administrative procedures. But we do not intend to leave things so lax that loopholes will be left for cheaters, for chislers, or for the manipulators of the black market."

"I sincerely hope that we will be increasing the sharp pinch of inflation, but he said there were few Americans who placed appetite above patriotism. "The overwhelming majority realize," Mr. Roosevelt asserted, "that the food we send abroad is for essential military purposes, for our own and Allied fighting forces, and for necessary help in areas that we occupy."

"We Americans intend to do this great job together. In our common labors we must build and fortify the very foundation of national unity—confidence in one another."

"We take off our hats, he said, to those responsible for production records, to farmers, facing a task of feeding much of the world, to those in private life and in government who have endured rationing and other stringencies with good humor and good will. The president said it was of essential human needs and security if we run the risk of another World War in ten or twenty or fifty years. He said he shuddered to think what would happen to humanity if the conflict ended in "an inconclusive peace."

"Undoubtedly a few Americans, even now," he said, think that this nation can end this war comfortably and then climb back into an American hole and pull the hole in after them. "But we have learned that we can never dig a hole so deep that it would be safe against predatory animals. We have also learned that if we do not pull the fangs of the predatory animals of this world, they will multiply and grow in strength—and they will be as our threats once more in a short generation."

Germany, Italy and Japan, he said, must be disarmed and kept disarmed, and must abandon a philosophy which has brought suffering to the world. If they remain armed, he said, or are permitted to rearm, inevitably they will be ROOSEVELT, Page 5, Col. 4

Majors Staging Great Search For New Spring Training Sites

NEW YORK, Jan. 7 (AP)—Major league baseball's biggest search party since Joe Di Maggio lost his favorite bat was on today as officials scattered in all directions to find spring training sites within an A-card's distance of their home grounds.

Undaunted and apparently unaffected by the OPA ban on pleasure driving in eastern states, the clubs proceeded on the theory that enough customers can get to the ball parks in public conveyances to make the 1948 season worthwhile.

Carrying out the plan adopted Tuesday to hold spring training without any unnecessary travel, officials of most of the clubs began beating the brush for practice facilities that will be close enough for convenience and still warm enough for comfort.

Paul Kruttschnitt, New York Yankee scout, crossed the Hudson to New Jersey to look over prospective camps at Asbury Park, Lakewood and New Brunswick. Yankee President Ed Barrow preferred one of the first two, in spite of the handy Rutgers university gym at New Brunswick.

Mel Ott, manager of the Giants, came all the way from his New Orleans home to discuss the situation with President Horace Stoneham.

President Branch Rickey of the Dodgers has an eye on the field house at Yale university.

The world champion St. Louis Cardinals and their American league neighbors, the Browns, are considering several cities in Missouri.

The Detroit Tigers will pitch camp at Evansville, Ind.

Larry French Into The Naval Reserve

LOS ANGELES, Jan. 7 (AP)—Brooklyn Dodgers Pitcher Lawrence (Larry) French, 34, is going back to Brooklyn, wearing a new kind of uniform.

French will be sworn into the naval reserve Friday as a lieutenant, junior grade. Assigned to Brooklyn navy yard, he expects to leave Sunday.

Women Bowlers Whipped By 819th

The 819th School Squadron rose up and plastered the all-star women's bowling team Tuesday evening in three straight games.

Lecky won high game with 186 and also had high series at 517.

Playing for the women were Lecky, Kristof, Eiert, Cipriani, and Namark. For the women bowlers were Lois Eason, Minnie Howe, Kathryn Morgan, Grace Appin, Olive Caudle.

Fighter Ratings Are Listed By The Natl. Association

NEW YORK, Jan. 7 (AP)—The National Boxing Association issued its quarterly ratings of fighters in all the weight divisions today, but the lightweight championship was left vacant.

Beau Jack, recognized by New York boxing commission as the successor to Sammy Angott, retired lightweight champ was named "leading contender" by the N.B.A., which listed 11 other 135-pounders as "logical contenders."

The 11 are eligible for a tournament which the N.B.A. has planned with a view toward sending the winner against Beau Jack for the title.

SPORTS ROUNDUP

By HUGH FULLERTON, JR.
NEW YORK, Jan. 7 (AP)—Mel Ott was a visitor in our town yesterday and re-enacted the scene of a year ago, when he was introduced as the new manager of the Giants.

A double-row of sports writers gathered around Eddie Brannick's big desk while Mel took over the club secretary's chair, tilting far back and looking with steady eyes at each questioner as he tried to come up with the answers.

... What you noticed the most was the way he rubbed his chin before replying to the hard ones and his quick smile and the wrinkles around his eyes — the only noticeable sign of his profession.

... The questions were mostly about training sites and Ott's answers weren't definite as last year, when he could talk about the makeup of his club.

... He was sure the Polo grounds wouldn't be suitable for spring training, even though one scribe pointed out that it would be handy to the Stevens kitchen.

... The Giants have just begun to look for a nearby site and when someone pressed for a definition of "nearby," Mel parried: "I don't quite know the boundaries of the Potomac."

Colorado Soldiers Meet Unexpectedly At Alaskan Base

COLORADO CITY, Jan. 7.—Two Colorado City soldiers, have reason to repeat the oft-quoted adage, "It's a small world after all."

A letter received in Colorado City this week by the family of Pvt. Sherman Hart, proves the point. The letter, written Christmas day, began with the announcement, "I have arrived safely somewhere in Alaska."

"I am feeling very far from home," it continued, "and pretty lonesome." Then, "I just looked across the writing room and got the biggest surprise of my life. There sat Porter Richardson writing to his dad and mother."

Pvt. Richardson, son of Mr. and Mrs. J. Ed Richardson, has been in Alaska with a radio division since the first of December. He is a recent graduate of an advanced radio school in Florida. Hart, induced three months ago and the son of Mr. and Mrs. Rube Hart, is attached to a quartermaster corps.

The men attended Colorado City high school together and were later both employed by the Colorado Amusement company. Neither was aware of the other's present location.

Captured Germans Sent To Britain

LONDON, Jan. 7 (AP)—An authoritative British source said today that "certain members" of the German armistice commission, who were captured in French North Africa by forces under American command, had been brought to Britain.

This source added that they were being held in custody in Britain "pending clarification of the general position in regard to them."

S'west Has Sent Its Allotment Of Doctors To War

FORT WORTH, Jan. 7 (AP)—Texas, New Mexico, Arkansas, Oklahoma and Louisiana have contributed their share of physicians, dentists and veterinarians to the armed forces, and very few will be called from these states during 1943, the Eighth Corps Area procurement and assignment revealed at a meeting yesterday.

Assurances were given that enough doctors will be retained in civil life to care for the needs of communities.

Select the man who does not need the job, but who wants to serve the District. Vote for Cecil H. Barnes. (Pd. Pol. Adv.)

Steers Edge Out An 814th Team, 25-23

The boys from the army were breathing down their necks before it was over with, but the Big Spring high school Steers emerged with a 25-23 victory over an 814th squadron quintet in a tightly-played cage contest in the school gym Wednesday night.

It was a closely played game throughout, but the schoolboys, managed to jump in front at the start and maintained their lead. They were weakening at the finish, probably as a result of too little rehearsal during the holidays, and had to fight to save off a final quarter rally by the 814th shot makers.

Two-tall Peppy Blount, the Steers' ace center, was top man in the scoring, with 11 points, while Urey at forward followed him with 7. Mass of the 814th also was credited with 7 tallies, while Schwantes had 6.

The Steers got to Westbrook Friday night for a tilt with the Westbrook aggregation.

Box score on last night's game:

Steers	FG	FT	TP
Urey, f	2	3	4
Cagle, f	2	0	4
Blount, c	5	1	11
Bostick, g	1	3	3
Mims, g	0	0	0
Stevenson, g	0	0	0
Totals	10	5	25

814th Sqn.	FG	FT	TP
Miller, f	2	0	4
Schwantes, f	2	2	6
Mass, c	2	3	7
Vinco, g	0	0	0
Nyes, g	0	1	1
McPherson, g	1	3	2
Hensen, g	0	2	2
Early, g	0	0	0
Totals	8	7	23

Schools Will Have To Be Careful With Footballs

CHICAGO, Jan. 7 (AP)—The national interscholastic football committee, more concerned with preserving equipment than with rules deliberations, will open a three-day meeting today.

H. V. Porter, secretary of the national federation of state high school athletic associations, said only a limited number of footballs could be manufactured because of priority limitations on materials but added that a survey indicated there would be no serious shortage for 1943 if proper care were exercised by the various schools.

Winning Coach Is Presented With Pig

KNOXVILLE, Tenn., Jan. 7 (AP)—Coach John Barnhill, whose Tennessee Volunteers defeated Tulane in the Sugar Bowl football game New Year's Day, has a new pig.

It was presented to him at the annual football banquet last night to add to his herd of hogs at his suburban farm.

In Austin experience counts. Elect Barnes. (Pd. Pol. Adv.)

Planning For '43 Poultry, Livestock
By O. P. GRIFFIN, County Farm Agent

There has always been good reason for careful planning of agricultural production; and the lack of planning on a nationwide scale has resulted in disaster many times in the past. Now it is much more important that proper planning be done, because of the war. Perhaps the best feature of the agencies set up by the government during the depression was the fact that farmers had to plan their operations on a national scale so as to produce less of those products that had a poor market outlet, and more of things that would be needed to supply the farm family with the products needed for the home food supply.

New Treasury Drive Planned In The Spring

WASHINGTON, Jan. 7 (AP)—The treasury having just scored the greatest money-raising triumph in history, is turning its attention to plans for another huge war fund drive expected to be undertaken in the spring.

No financial goal has been mentioned for the new borrowing campaign, which Secretary Morgenthau said would start probably in April, and officials declined to predict whether it would be higher, lower or the same as that of the record-breaking victory loan campaign in December.

Farmer Urged To Grow Gardens

Secretary Wickard's announcement of forthcoming rationing of canned and dried fruits and vegetables carried a second message. It is the opinion of J. F. Rosborough, horticulturist for the A. and M. college extension service, that it carried a challenge to every farm family and to every other family who can do so to grow a home garden next year. Rationing, of course, means that supplies of these food articles available for civilian use will be shared equally. No person will be able to buy more than another. But the secretary made it clear that stocks of canned or preserved foods on pantry shelves will not be affected by the rationing regulations. A well stocked pantry is the reward for cultivating a garden, and an assurance that the owner will not have to compete with others for the limited supplies at the grocery store.

Masonic Lads Stop Football 'Til They Grow

FORT WORTH, Jan. 7 (AP)—Masonic Home's mighty mites are through felling the giants of Texas as schoolboy football.

At least they won't return to state grids any time soon.

Supt. Thomas Fletcher announced today that the Masons, who always were outmanned but whose spirit and devotion carried them to sensational heights, are dropping out of the grid game next year because the boys will not be big enough to carry on.

Steer Gridders To Be Honored At Banquet

Annual banquet honoring members of the Big Spring Steer football team will be held next Wednesday (Jan. 13) at the Settles Hotel, Lawrence Robinson, president of the sponsoring Lions club, announced today.

Del Morgan, coach of the Texas Tech Raiders, will be the chief speaker on the occasion, he said, and Morgan will present shots from some of Tech's best games during the past season.

Buzz Wagner's Body Found

ELGIN FIELD, Fla., Jan. 7 (AP)—A farmer looking for his cows in an isolated Florida pasture edged the five-week search for Lieut. Col. Boyd D. (Buzz) Wagner, destroyer of an untold number of Japanese warplanes and one of America's first aces of World War II.

The crushed body of the flyer, missing since Nov. 29, was found yesterday in the wreckage of his P-40 pursuit plane 25 miles east of here.

The 26-year-old airman—one of the youngest lieutenant colonels in the army—took off from Elgin Field at 8 p. m. Nov. 29 for a routine flight to Maxwell Field, Ala., and Nashville, Tenn. Brig. Gen. Gardner, Elgin commandant, said he apparently ran into bad weather north of here.

Victory Concerts Mean Stamp Sales

AUSTIN, Jan. 7 (AP)—The federal treasury was \$938,488 richer today from war bonds and stamps sold by 121 Texas high schools in the first three of eight Victory concerts.

The Center high school led the state in sales at the December concert with a total of \$100,200. By month, the totals were \$492,619 for December \$320,036 for November and \$125,829 for October.

BASKETBALL RESULTS

Kansas 69, Missouri 44.
Texas 135, Rice 26.
Sam Houston State 44, Texas A. and M. 42.
Texas Christian 35, Baylor 31.

War Board News

With livestock and feed. Many a hog raiser has come to grief because his supply of feed ran out. And, likewise, ranchmen have failed because of overstocking their range. The danger of getting out of balance would be greatly intensified if a drought should come in the summer of this year.

Longhorns, Frogs Winners In First Conference Games

By The Associated Press
While the University of Texas Longhorns were opening their Southwest conference basketball season with a trim 55-36 triumph over the Rice Owls last night, Texas Christian University won a thriller from Baylor and Texas A. and M. went out of the conference to lose to Sam Houston State 44-42.

The Longhorns had an easy time with the Owls. Running up a lead of 16-0 in the first 11 minutes, Texas was never in danger, for all the long shots by Willie Croucher and Harold Lambert of Rice.

Jumping John Hargis, Texas center, was high point man with 19 and held Bill Tom Closs of the Owls to one free throw. When Closs fouled out with 11 minutes to play, Hargis held his substitute scoreless.

Florida Race Parks Closed

MIAMI, Fla., Jan. 7 (AP)—Fifteen hundred thoroughbreds were stranded here today by the closing of the Miami race tracks, leaving owners and trainers in a quandary about what to do with animals that go right on eating even though there are no more purses to win.

The Florida racing season folded yesterday after the Office of Price Administration announced a ban on all automobile pleasure driving.

Tropical Park called off its meeting after 15 days of operations, and Hialeah Park decided not to attempt a season in the face of the drastic gasoline curbs.

Stories Of Valor Written By Men In Patrol Planes

WITH THE UNITED STATES FLEET IN THE SOUTH PACIFIC, Dec. 24. (Delayed)—Some of the great war stories in the South Seas are being written in the air by patrol planes. Light-armed Catalina flying boats into almost certain death—suicide missions epitomized by one pilot who radioed his carrier:

"Am shadowing (following Japanese warships). Notify our next-look."

Ten minutes later that pilot was dead.

The Catalinas can fly tremendous distances on patrol, but these pilots are using the slow planes as dive-bombers, fighters, and torpedo planes in missions deep in enemy territory.

To give you an idea of their exploits, here is Lieut. Comdr. Clayton C. Macy, 36, of Lanser, Wyo. who flew his patrol plane from the Philippines to Borneo and Java one jump ahead of the Japanese, ferrying 21 refugees at a time:

Lieut. Charles (Whiskey) Fountain Willis of Baltimore, Md., who gets his name because he doesn't drink, who volunteered to rescue an army bomber crew deep in Japanese territory:

Lieut. (J. G.) Donald L. Jackson who singly made a night torpedo attack on an enemy carrier—and hit it!

Lieut. Willard (Bill) King, Lexington, Va., who was forced down in 30-foot waves, but battled successfully for four days to save his plane.

Lieut. Melvin K. Atwell, who bombed an enemy cruiser at night at such a low altitude that his plane was blown 200 feet upward by the explosion.

Lieut. (JG) R. E. Clark who fought a duel with nine enemy planes.

Lieut. Comdr. James O. Cobb, who helped turn back a Japanese landing attack on Guadalcanal by bombing enemy ships at night.

Lieut. George P. Poulos, 25, of Manteca, Calif., who "shadowed" a Japanese cruiser task force three hours despite fierce opposition.

Then there's the story of Lieut. Sammy Ogden, 29, of Warrington, Fla. He has made gruelling patrol trips, staying up in the air 72 hours at Midway taking time only to refuel, shooting down Zeros and rescuing pilots. But he talked instead of three of his patrol plane crews shot down in two days "shadowing" Japanese task forces.

"First there's Melvin," he said. (Lieut. Melvin Butler of Cadron, Neb.) "His contact report tapped out in code was cool and precise. Then in the middle he spelled in plain English 'hit hit hit' and went on getting his message out. In the middle of his third report his key went dead."

Then there's Gordon Lieut. (JG) Gordon E. Snyder of Riverside, Calif. I told him to stay low but he didn't want to miss them and climbed to 6,000 feet. He was shot down in flames but his message kept coming in until his plane hit the ocean. Of his crew only one man, Aviation Pilot Vernon Pugh of Pensacola, Fla., was rescued by Lieut. Richard J. Teltch flying in

Sadie Puckett And Aldrich Walker Are Married Here

MRS. ALDRICH WALKER
Bride

Double Ring Ceremony Read By Rev. Smith

Sadie Puckett, daughter of Mr. and Mrs. R. I. Puckett, and Aldrich Walker were married Monday evening in a double ring ceremony read at the First Methodist parsonage. The pastor, the Rev. H. Clyde Smith, read the wedding vows at 7:30 o'clock.

Mrs. Walker, attended by her sister, wore a winter white wool jersey ensemble, and her accessories were turf tan. She wore a shoulder corsage of sweetheart roses, and carried a white Bible topped with showers of small white flowers, tied with ribbon streamers.

The bridegroom was attended by Cecil Westerman.

Mrs. Walker was graduated from Big Spring high school and received her degree from T.S.W. Denton. She has been employed at Iva's Jewelry for several years. The couple left for 29 Palms, Calif., following the wedding, where the bridegroom has been assigned as tow pilot instructor at the advanced glider school. For traveling, the bride wore a black suit with black accessories.

Mrs. Watkins Entertains The Kongenial Klub

Mrs. E. C. Boatler was guest at a party given by Mrs. D. A. Watkins Wednesday afternoon for members of the Kongenial Klub.

Mrs. Jack Smith won high score in bridge. Mrs. Herschel Petty, and second high. Mrs. R. W. Halbrook was awarded a bingo prize.

Refreshments were served and others attending were Mrs. Bill Edwards, Mrs. C. S. Edmonds, Mrs. Ollie Anderson, Mrs. Escot Compton.

Mrs. Ollie Anderson will entertain the club January 29 at her home.

WARNING! BEWARE OF BOWEL WORMS

Roundworms inside you or your child can cause real trouble. And you may not know what is wrong. Warning signs are: "picky" appetite, nervousness, uneasy stomach, itching parts. Get Jayne's Vermifuge right away! JAYNE'S is America's leading proprietary worm medicine; used by millions. Acts easily and safely. Roundworms. Be sure you get JAYNE'S VERMIFUGE!

CHECKING THAT COLD

By WILDA CAMERY, R.N., Community Service Society of New York

One of our oldest enemies is the common cold. Medical science has fought it for years and is yet unable to isolate the germ that causes it. This we do know: It causes more time lost from work and school than do all the other minor illnesses combined.

Everywhere we encounter the cold virus and, when a condition exists within our bodies suitable to its growth, we catch cold. That condition may be chilling, overwork, loss of sleep, carelessness in diet or other illness. If all of us would heed the advice we've been given so often, "Go to bed on the first sign of a cold, isolating yourself from other persons," we might be successful in lessening colds. Many serious illnesses which often develop from the neglected cold might then also be avoided. But pressure of work, and crowded living conditions make it difficult for most of us to follow this advice.

There is a substitute protection available for all of us—that is to

Philathea Class Has Covered Dish Luncheon

Members of the Philathea Class entertained with a covered dish luncheon in the basement of the First Methodist church Wednesday.

Mrs. Ollie Cordill, president of the class, presided at the business meeting, and group reports from class committees were given.

Luncheon was served and those attending were Mrs. W. B. Graddy, Mrs. S. H. Newberg, Mrs. W. R. Phillips, Mrs. M. A. Cook, Mrs. C. T. Riggs, Mrs. Garner McAdams, Mrs. Ralph Towler, Mrs. O. R. Rodden, Mrs. Henry Clark, Mrs. Charles Watson, Mrs. Bernard Lamun, Mrs. Albert Smith, Mrs. F. E. Wilson, Mrs. Ollie Cordill.

Mrs. Cleo Richardson, the Rev. and Mrs. H. Clyde Smith, Mrs. J. D. O'Barry, Mrs. F. L. Eudy, Mrs. Randle Pickle, Mrs. R. E. Satterwhite, Mrs. Arthur Davis, Mrs. Harold Parks, Mrs. C. R. Moad, Mrs. Robert Hill, Mrs. S. R. Nobles, and Mrs. Lewis Murdock.

VISITS AND VISITORS

After a two week vacation in Fort Scott and Topeka, Kas., Jack Cadzow has returned to his home in Big Spring. He visited with several relatives during the holiday season in Kansas. Although it was cold and traveling was difficult, Cadzow reports a good vacation trip.

Mrs. Merle M. Grove and children, Mickey and Tommie of Abilene, are visiting Mr. and Mrs. C. M. Shaw for several days.

Mr. and Mrs. Russell Manion left Tuesday morning for Marfa to attend funeral services of Mrs. Manion's brother.

Sybil Oliver returned to Alpine, Texas, where she is a student in Sul Ross College. She has been visiting her parents here.

Mrs. Bob Eubank left Thursday morning for Hope, Ark. to be at the bedside of her sister, Mrs. Henry Walker, who was reported to be seriously ill.

Sgt. John T. Moore returned to his station at Love Field, Dallas, Tuesday after visiting here with his parents, Mr. and Mrs. L. Y. Moore. He had a flying sergeant's rating and was to be commissioned as a flight officer upon his return to Love Field. He won his wings Aug. 5, 1942.

Club To Hold A Rummage Sale

The P. D. C. club will hold a rummage sale January 16 to raise money for a dance which will be given soon.

Plans for the dance and rummage sale were discussed Wednesday evening when the club met with Wilma Jo Taylor in regular weekly session.

Helen Blount, president of the club, presided at the business session.

Refreshments were served and those present were Ann Blankenship, Betty Lou McGinnis, Bobby Jane Bobb, Cora Ellen Selkirk, Mary Nell Cook, Betty Smith, Pat McCondon, Joyce Jones, Betty Nobles, Bobbie Jo Dunlap, M. Iba Dean Anderson, Anna Clara Waters, Jean Ellen Chowna, Helen Blount and the hostess.

P-T.A. Council To Sponsor An Art Exhibit

The Parent Teacher's association council which convened Wednesday afternoon at the high school, voted to sponsor an art exhibit here in the near future, and plans for the show were discussed at the monthly business meeting.

Mrs. Della K. Agnell, member of the safety council, gave a monthly report, and Mrs. C. R. Moad was elected treasurer to succeed Mrs. Sidney Smith, whose resignation was accepted by the association.

Unit reports were given by Mrs. Robert Hill, representative from West Ward and Mrs. Buel Fox, representative from Central Ward. Mrs. H. D. Stewart, council member, also attended.

Conference Called On Rail Demands

CHICAGO, Jan. 7. (UP)—The federal government, through the national railway mediation board, called in representatives of class 1 railroads and labor today in an effort to settle amicably wage and closed shop demands of more than 900,000 non-operating employees.

George A. Cook, chairman of the board, planned separate, closed conferences each day with spokesmen for both parties at which he hoped to mediate their differences. The board took jurisdiction of the dispute involving 15 unions on December 22.

Demands for a closed shop and wage increases of 20 cents an hour, with a minimum of 70 cents an hour, were served on the railroad companies Sept. 25, 1942.

Miss Laneous Officers Installed At Lodge Meeting

Notes
MARY WHALEY

Mrs. Florence Rose
President

To make a city-reared child realize all the fun he missed, just listen to the country-reared adults reminisce about life on the farm when they were little—a small red, of playing frays.

Tales of playing in orchards and eating apples, green and in haystacks and chasing rabbits make you positively melancholy to think of your own city life.

How can playing-hop scotch on a city sidewalk or going swimming in a city pool compare with tales of wading in brooks on hot summer days or building forts and having snow fights in the winter?

Building play houses in trees and racing across unbroken fields with a herd of children and favorite dogs behind you sound much more entertaining than summer playgrounds and supervised games that come as fare for city slicker's children.

Riding horseback, with or without saddle, and taking a fall from the hayloft with surprisingly little personal damage makes for vivid memories than roller skating on crowded thoroughfares or hitching a ride on the back of a car stopped for a traffic signal.

It may be true that time lends enchantment to childhood fun and the other times of having to milk the cows, feed the chickens, and chop the wood, may be pushed back in the mind now. Times that might not be labeled pure pleasure. But just to hear a group recount childhood memories of life on a farm makes you sorry you have no similar stories to exchange.

Portugal's colonies contain 26 times more territory than the mother country and have 15 million inhabitants.

Engagement Of Teresa Ann Perry Announced

Mrs. Eunice Goolsby announced Thursday the engagement of her daughter, Teresa Ann Perry, to Pvt. Pasquale Joseph Capan, who is stationed at Miami Beach, Fla., in the air corps.

Miss Perry plans to leave here Feb. 15 for Miami Beach and the wedding ceremony will take place a few days later in Guass Catholic church at Miami Beach. Miss Perry has resided here for the past six years.

Sewing Club Meets With Mrs. Pacey

Mrs. W. C. Pacey entertained the Rainbow Sewing Club in her home Wednesday afternoon, and members exchanged gifts.

Refreshments were served, and those attending were Mrs. F. L. Eudy, Mrs. J. A. Magee, Mrs. W. B. Tolison, Mrs. R. O. Burnett, Mrs. L. C. Chapin and the hostess, Mrs. W. R. Tolison will be next hostess when the club meets January 20.

Dewey Calls For Tax Revisions

ALBANY, N. Y., Jan. 7 (AP) — Thomas E. Dewey, the first republican governor to address a New York legislature in 20 years, called today for increased state participation in the war and two measures to relieve taxpayers burdened by its cost.

To help taxpayers meet "an unprecedented burden of federal taxes," the governor exhorted the republican-controlled senate and assembly to authorize quarterly payments of state personal income taxes.

Dewey also proposed revision of the personal income tax law to provide "reasonable" deductions for life insurance premiums and unusual medical expenses, including costs of childbirth, and exemption for dependents over 18 who are in school.

Vote for Cecil H. Barnes. (P. Pol. Adv.)

Pull the Trigger on Constipation, with Ease for Stomach, too

When constipation brings on discomfort after meals, stomach upset, bloating, dizzy spells, gas, coated tongue, and bad breath, your stomach is probably "crying the blues" because your bowels don't move. It calls for Laxative-Senna to pull the trigger on those lazy bowels, combined with Syrup Pepsin for perfect ease to your stomach in taking. For years, many Doctors have given pepsin preparations in their prescriptions to make medicine more agreeable to a touchy stomach. So be sure your laxative contains Syrup Pepsin. Insist on Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin. See how wonderfully the Laxative-Senna wakes up lazy nerves and muscles in your intestines to bring welcome relief from constipation. And the good old Syrup Pepsin makes this laxative so comfortable and easy on your stomach. Even finicky children love the taste of this pleasant family laxative. Take Dr. Caldwell's Laxative-Senna combined with Syrup Pepsin, as directed on label or as your doctor advises, and feel world's better. Get genuine Dr. Caldwell's.

DINNER SERVING 2 or 3
 Oysters Delmonico
 Baker Sweet Potatoes
 Bread
 Grape Jam
 Fruit Salad
 French Dressing
 Ginger Cream
 Coffee

Oysters Delmonico
 1 pint small oysters
 2 cups rolled crisp crackers
 1 teaspoon paprika
 1-4 teaspoon celery salt
 2 teaspoons finely chopped parsley
 1 tablespoon minced pimientos
 1-2 cup butter, melted
 1 egg beaten (or 2 yolks)
 2-3 cup canned cream of mushroom soup
 Mix crackers and seasonings. Stir in butter. Sprinkle a half inch layer of crumbs in buttered shallow baking dish. Add oysters and 1-4 cup soup with egg beaten into it. Cover with more crumbs and top with rest of oysters. Add remaining soup mixture and rest of crumbs. Make 4 cuts down through the oyster blend to let the moistening penetrate. Bake one hour in moderate oven.

Ginger Cream
 1 tablespoon granulated gelatin
 3 cups milk
 4 tablespoons honey
 1-8 teaspoon salt
 3 egg yolks, beaten
 1-3 cup chopped candied ginger
 1-3 cup broken nuts
 1 teaspoon grated orange rind
 1 egg whites, beaten
 Soak gelatin 5 minutes in milk then beat over hot water (in double boiler) until gelatin has dissolved. Add honey, salt and yolks. Beat well. Stir in ginger and nuts. Cool until a little thick, fold in rest of ingredients and pour into mold. Chill until firm.

Florida Beets
 3 cups cooked diced beets
 2 tablespoons flour
 2 tablespoons butter
 1-4 teaspoon salt
 1-8 teaspoon white pepper
 1 tablespoon lemon juice
 1-8 cup orange juice
 1-2 teaspoon grated orange rind
 1-4 teaspoon grated lemon rind
 Blend beets with flour and butter. Add rest of ingredients. Simmer, covered, 8 minutes—or until very hot. Stir several times.

Roll Oat Cookies
 1-2 cup fat
 2-3 cup sugar
 2 eggs, beaten
 1-4 cup sour cream
 1 cup rolled oats (uncooked breakfast cereal)
 1 teaspoon vanilla
 1 cup chopped raisins
 1-2 cup salted peanuts
 1-4 teaspoon salt
 2 cups flour
 1 teaspoon soda
 Cream fat and sugar, add eggs and stir. Beat well and then lightly stir in rest of ingredients, chill dough and drop portions from spoon.

Water Was Precious; Bird And Fish Were Food For Capt. Cherry's Group

Rickenbacker's Pilot Her e, Tells Experiences—

Almost recovered from his ordeal of 21 days afloat on the vast expanse of the Pacific after the plane he was piloting for Captain Eddie Rickenbacker and party was forced down, Capt. William T. Cherry, Jr., is as anxious to "get back into the same type of work I was in."

He has back all but a few pounds of his weight and the score or more of salt water sores about his legs have healed. His legs, after climbing a stairway, tell him he is not completely over the harrowing experience yet, he said here Wednesday at the home of a brother, John Cherry, with whom he was visiting.

Captain and Mrs. Cherry, and their three-year-old daughter, Paula, who was bubbling over with excitement of the promise that she could "go to California and play on the beach and eat oranges," were to leave Wednesday night for Corpus Christi to visit another brother, Ed Cherry, former all-America football star at Hardin-Simmons university. With him here was still another brother, Tom, Grand Prairie.

So remarkable have been his recuperative powers that it is almost incredible that Captain Cherry had weathered three tortuous weeks in a tiny craft with a minute amount of water and even less food.

"We weren't bothered by hunger," he recalled—"the thirst was so intense."

Small Fish

All the food they had was four mackerel about the size of a hand and several small fingerlings. All the water came from aquaria. A small canvas square helped turn some but most of it came wringing out soaked clothes.

Ingeniously found a way to conserve this precious water. It was trapped in an empty flare shell and then placed in the mouth and blown into a Mae West (life jacket) which served as the canteen. From this meagre supply, the men got maybe a jigger a day.

At the start, related Captain Cherry, there were some fish hooks in the crowd. There came the bird killing episode about which Captain Rickenbacker told in his recent statement to the press. One fellow tried to bait it, but it mostly went for bait.

"But mostly the sharks just took hook and all when we dropped them," said the flier. "We caught one shark but couldn't eat him. He was too tough."

"We ate the other fish with relish, bone and all. We laughed about going the college boys' goldfish eating stunt one better, because we not only ate the little fish alive but chewed them up."

Overturned Once
 "It wasn't so painful sitting in the small rubber rafts, but one had to ride mighty low when the going got rough. One night, with 20-30 foot waves rolling, Capt. Cherry's raft was overturned, but he made it back aboard. At that time the seven were still together. "Spirit remained remarkably good, although there were bound to be occasional cross words between starving men."

"I figured we had a fine bunch," said the captain. "They kept up hope even though I believe all of us had begun to doubt we would ever be found—all but Captain Rickenbacker. He never gave up, at least that's what he told us. He kept saying we would be found. That man's a swell fellow and a man of iron."

The men kept seeing planes fly over and finally concluded that they would stand a better chance of being picked up if they were to scatter. So on the 19th day they cut loose. Captain Cherry alone in the small craft, three in the raft which bore Captain Rickenbacker and two others on the third raft.

"It didn't make any difference," admitted Captain Cherry. "After 19 days you get so lonesome it makes no difference whether you're with someone or alone. I

talked to my fingers and my toes. I talked to the waves."

On Nov. 11, late in the afternoon, the faint roar of an airplane motor pounded its way through to his numbed senses. He tried to spot the plane, but his eyes wouldn't focus. Straining, he saw it. His heart pounded. Then his eyes wandered off into distance. Again he focused on the plane and it was coming nearer.

Sighted

Finally, it came over at about 500 feet and the machinist's mate spotted Captain Cherry's raft. The flier could see the mate motioning to the pilot of the plane.

"They circled around and lost me and had to circle twice before they picked me up again. Then they flew off."

"I knew they had seen me. Yet after all those days you don't know what your mind's doing. I laughed and I cried. I felt despair because I feared they had not seen me. My hopes soared. I jabbered to myself."

"They had gone back to the island and got a PT boat which followed back out. I knew in my heart they had either gone back for a bigger plane or a boat."

"I was so weak I couldn't walk even when I got to land. I told them in a sort of guttural whisper—for we had talked for days like a person with a severe case of laryngitis—I figured the

Wage Problems To Be Discussed At Angelo Parley

A clinic and public meeting on wage stabilization—the so-called "wage freeze" which experts say is no freeze at all, will be held Wednesday, Jan. 13, in the Cactus hotel at San Angelo, it was announced here today.

Speakers will include John W. Thomas, investigator of the wage-hour and public contracts division of the U. S. department of labor. Wage-hour officials are acting as field agents for the war labor board in administration of the wage stabilization act.

Others on the program include W. M. Ouzts, Dallas, representative of the distributive education division of the state board of vocational education. This unit helped the San Angelo board of city development arrange the clinic.

After preliminary remarks, the meeting will be thrown open to questions and answers.

"This is no flag-waving affair," said Culberson Deal of the San Angelo board of city development.

"It is simply a down-to-earth discussion to give employers and employees definite instructions as to how they are to proceed where wage adjustments are deemed necessary."

Farm Program To Be Taken Before Women's Clubs

A 1943 program of work which stresses production and preservation is being carried to Howard county home demonstration clubs which started in a series of meetings with one at Coahoma Wednesday afternoon.

Thursday Fontilla Johnson, county home demonstration agent, visited the Overton club, and will make similar appearances at all other community clubs before the end of the month.

Stress is being placed on producing food, feed and fiber during 1943, said Miss Johnson, and women will be urged to conserve everything possible. Major objectives are to be demonstrated in victory home food supply, repairing of the house, and victory clothing. There will be individual demonstrators for each club in the county in each phase of the work, said Miss Johnson. Most club women have signed the victory demonstrator's pledge which holds for production and conservation.

In her January visits with clubs, she is to demonstrate a new method of canning meats. Under this system, she explained, meat is packed cold and raw in jars (seasoning having placed in the jar bottoms). For pints, heating is done for 60 minutes with open petcock in a cooker. Then the jars are sealed and cooked under 16 pounds pressure for 40 minutes. It is less trouble and more effective as a way to can meat, she said.

Particular stress is being made on conservation of meat, for thus farmers will stay within allowances and not get drawn already taxes consumer supplies.

Tips On How To Stretch Your Meat Ration

By MRS. ALEXANDER GEORGE, AP Food Editor

Join the share-the-meat campaign now. It's not only patriotic to cooperate in the voluntary meat ration plan but it's smart house-keeping to get accustomed to making the most of the weekly ration which is to be made compulsory soon.

Voluntary rationing applies to the usual cuts of beef, veal, lamb, mutton and pork. It does not apply to fowl, fish or the so-called variety meats including such cuts as heart, liver, kidneys, sweetbreads, tongue, tripe, ox-joints, knuckles and hocks.

Some of these unrestricted meats are among the most nutritious and also fall into classes highly prized by gourmets. Get acquainted with the non-restricted and learn which are most available in your market. And your family may become braised-ox-joint or broiled-pork-ribs enthusiasts.

If you have 4 or so in your family you might start the week with a 4 pound Roast of beef or veal (chuck or rump cut is thrifty). Since bones are counted in your weight, make sure that you get all cut out from the meat and use them for soup or meat stock. With a varying meat supply at your market you'd better be ready with a second and third choice. Loin pork roast is another good buy. Veal cutlet, round or flank steak for stuffing are nutritious and good. The small family of 2 or 3 should stick to steaks, chops and small pot roasts for their meat selections.

A roast goes well with browned vegetables and gravy the first day. It reappears the second, sliced cold or reheated in the gravy. If there are still leftovers they make delicious hash, pot pie, pastry meat filled roll, creamed or scalloped.

FRESH BEEF TONGUE will do for one main meal and several lunches. Wash the tongue thoroughly in cold water. Place in large pan, add 2 tablespoons salt, 4 whole cloves, 2 bay leaves, 1-2 cup celery leaves, 2 onion slices, 2 tablespoons vinegar and cold water to cover by 2 inches. Cover and slowly bring to the boiling point. Boil gently 15 minutes, then reduce heat and simmer 3 1-2 hours

or until tongue is tender when tested with fork. Let tongue cool in water. Remove it and discard skin and roots at the end. Place tongue in shallow baking dish, add 1-4 cup tongue stock, 1-2 teaspoon salt, 1-4 teaspoon paprika and 3 tablespoons butter. Bake 20 minutes. Serve hot with raisin sauce, baked or buttered potatoes and scalloped cabbage.

I am giving you two suggestions for extending a pound of chopped beef, veal or pork or a combination of all three, so that it will serve 5 or 6. COSMOPOLITAN

Roast chicken or stewed chicken with dumplings or a pastry cover usually offers enough leftovers for an interesting second meal. CHICKEN SOUP is filled with nutrition and appetite appeal when made this way: Cover leftover bones, skin and any stuffing, by 4 inches with cold water. Add 1 onion slice and 1-3 cup celery leaves. Cover and simmer slowly 1 1-2 hours. Strain and add any leftover gravy, a cup of regular vegetable white sauce and 1 cup cooked vegetables (peas, diced carrots, small onions, potatoes, rice, macaroni or corn), 2-3 teaspoon salt, 1-4 teaspoon paprika and 1 tablespoon chopped parsley. Serve with crisp crackers, reheated muffins or hot toast, a substantial fruit salad and simple dessert and you have a satisfying meal.

Roast chicken or stewed chicken with dumplings or a pastry cover usually offers enough leftovers for an interesting second meal. CHICKEN SOUP is filled with nutrition and appetite appeal when made this way: Cover leftover bones, skin and any stuffing, by 4 inches with cold water. Add 1 onion slice and 1-3 cup celery leaves. Cover and simmer slowly 1 1-2 hours. Strain and add any leftover gravy, a cup of regular vegetable white sauce and 1 cup cooked vegetables (peas, diced carrots, small onions, potatoes, rice, macaroni or corn), 2-3 teaspoon salt, 1-4 teaspoon paprika and 1 tablespoon chopped parsley. Serve with crisp crackers, reheated muffins or hot toast, a substantial fruit salad and simple dessert and you have a satisfying meal.

Soil-Water Conservation Program Extends Over 295,000 Acres In Area

Soil and water conservation plans have been developed on 295,759 acres in the Martin-Howard Soil Conservation district during the past 17 months, according to a report of the supervisors issued at their regular monthly meeting Tuesday afternoon in Stanton.

The district, said E. T. O'Daniel, chairman, has assisted 255 farmers and ranchers in developing erosion control and conservation plans for their farms and ranches. These plans, he continued, cover erosion control and water conservation for 77,835 acres of farm land and 217,924 acres of range land.

Among measures planned for farm land, said O'Daniel, are stubble management, contour farming, crop rotation, terracing, strip cropping, and land preparation. Ranch plans, for the most part, cover proper stocking contour furrows, watering units and other management practices.

O'Daniel said that farmers cooperating with the district have had terrace lines run on approximately 40,000 acres, installed contour tillage on 47,792 acres and in general they have all made an effort to maintain their soil and reduce blowing by proper stubble management, land preparation, crop rotation and strip cropping.

Ranchers, added O'Daniel, have made a sincere effort to maintain a good grass cover to reduce runoff and erosion and aid in production of more beef per section. Utilization of conservation measures, said O'Daniel, has aided materially in meeting increased demands on agriculture for higher production, and stressed the need for more widespread use of conservation practices into operation this year since it has been definitely proven that conservation will increase production immediately. This intensive production will partly offset labor and equipment shortages.

major consideration at the parley. Attending the meeting Tuesday were O'Daniel, Gordon Stone, Secretary, R. L. Warren, Earl Heald, O. P. Griffin, Howard county agent, Hubert Martin, Martin county agent, and E. J. Hughes, district conservationist for the soil conservation service.

Keep 'em rolling. Your scrap metal is needed now.

First loyalty is the District. Elect Barnes. (Pd. Pol. Adv.)

Personal Items From Coahoma

COAHOMA, Jan. 7 — Mr. and Mrs. C. H. Little have received word that her nephew, Dewayne Gilliam of Freestone county was killed in action in England, recently.

Mr. and Mrs. Fred Merworth and daughter, Barbara, of Archer City have been here visiting Mr. and Mrs. Ralph White, Mr. and Mrs. Donald Lay and Mr. and Mrs. Fred Parker. Mrs. Merworth is a sister to Mrs. White, Mrs. Parker and Lay.

Mrs. Finis Daniels and Donette of Stamford are here to see her mother, Mrs. Ophelia Sullivan.

Willadene Mullins of Dallas spent the weekend with her parents, Mr. and Mrs. J. D. Mullins. Mrs. Mullins accompanied her back to Dallas for a visit.

Mr. and Mrs. A. M. Sullivan of Odessa were here Saturday visiting their daughter, Mrs. Smith Cochran and Mr. Cochran.

Corp. Herman Nelson of Camp Barkeley was here over the weekend visiting friends.

Mrs. B. R. Thomason is spending the week in Toyah with Mr. and Mrs. Dave Thomason.

Sue Read and Ezelle Read of Big Spring spent the weekend with their parents, Mr. and Mrs. H. Noble Read.

H. R. Leath of Walters, Okla., is visiting his daughter, Mrs. J. C. Briscoe and Mr. Briscoe.

Charlie Sullivan has returned from Odessa where he spent several days visiting relatives.

Holiday notes on the teachers: Mrs. Marie Vick was in San Angelo to see her husband stationed at Goodfellow Field; Edythe Wright spent the holidays in Roscoe with relatives; Emmabeth Pittman was in Albany for the holidays; Ronell Thomas has returned from Loraine, where she spent the holidays; Ethel Rives Byrd visited her parents in Brownwood; Sibyl Myers was in Olney for the holidays; Mrs. Imogene Burkett and Mrs. Vida James were in Abilene; Mrs. Mayo Hobbs has returned from Salt Lake City, Utah, where she visited her husband, who is stationed there, and Archie Boyd visited relatives in Comanche.

Over \$500 Netted From Scrap Sale

While the collection of scrap from school grounds still continues, payments to date have exceeded the \$500 mark. E. J. McDaniel, chairman of the civilian defense salvage committee, said Thursday.

Metal payments have amounted to \$447, he said, while rubber in the scrap heap amounted to \$180. He said that around 90 tons have been worked out of the big city-wide drive for scrap two months ago. The end is not yet in sight.

Few Objectors In U.S. Draft List

WASHINGTON, Jan. 7 (AP) — Selective service headquarters said today its latest compilation showed only 5194 men out of the millions classified under the draft act had been sent to camps for conscientious objectors, and 250 of them had transferred to the army.

Besides the number already sent to the camps, where discipline is maintained along military lines, 1,083 others have been ordered to report to these camps, making a total of 6,277 classified as conscientious objectors.

Texas Drills 3,076 Wells In Past Year

AUSTIN, Jan. 7 (AP)—Texas oil operators completed 3,076 wells during 1942 compared with a national figure of 10,988.

Eighty-two wildcat oil wells were drilled, 30 wildcat gas wells and 782 wildcat wells, the railroad commission reported.

Dry holes totaled 1,242, dry wells plugged 1,222, gas wells plugged 83 and oil wells plugged 1,505.

For the period Dec. 19, 1942 to Jan. 1, 1943, 70 oil well completions were recorded for the state, eight gas well completions, 45 dry holes, 96 regular drilling applications and 162 total wells plugged.

Barnes is qualified for representative. (Pd. Pol. Adv.)

PRODUCE SHIPMENT

LAREDO, Jan. 7 (AP)—Approximately 400 carloads of tomatoes of high quality and 75 carloads of sweet peppers were marketed by the Laredo District farmers before the year end of 1942.

A Piece Of Scrap Copper For Uncle Sam Is Admission

WAVE Recruiters To Be Here Jan. 18

Big Spring is to be included as a two-day stop for a WAVES recruiting party here 10-days hence. Recruiters seeking women for service in the U.S. Navy's auxiliary unit will spend Jan. 18-19 at the navy recruiting sub-station in the post office basement, said Fred Baucum, recruiter in charge. He urged women interested in interviews to contact his office in advance for details. Women in good health and between the ages of 20 and 36, are eligible to become WAVES. They must have high school education or equivalent business background. Price purpose of the WAVES is to relieve able-bodied men for ship to foreign points. Enlistment is as will be placed aboard ship or go to foreign points. Enlistment is as apprentice seaman and pay rates are same as for identical rank in the navy. It is possible to earn \$125 per month plus expenses and medical care. "Don't expect a glamor job," said Ensign Marguerite Stuart, WAVES procurement officer in a statement. "There aren't any." There is a need for women of higher education for officer training, she said. The average recruit will be given four months training on the campus of some college.

Giraud Sees Sure Defeat For Germany

NEW YORK, Jan. 7 (AP)—The Dakar radio said today that General Henri Honore Giraud, high commissioner for French North and West Africa, declaring the defeat of Germany to be beyond doubt, had urged all Frenchmen to unite to "liberate our fatherland and avenge the infamous treatment inflicted by the Germans on the French people." He spoke at Dakar where he arrived Jan. 5 to confer with Vice Admiral William A. Glassford, Jr., head of a United States mission there, and with Pierre Boisson, governor-general of French West Africa. "I am certain of this, Germany is to be defeated," Giraud was quoted. "I have a very good and simple reason for being so sure of it. I was a prisoner in Germany, a prisoner visited by high officers... through these contacts I could observe the decline of German might... which, in 1942 already, showed clear signs of exhaustion."

E. P. Ellwood, Big Ranch Owner, Dies In De Kalb, Ill.

COLORADO CITY, Jan. 7.—L. L. Ellwood, Mitchell county rancher, received word here Wednesday of the death in De Kalb, Ill., of his father, E. P. Ellwood, one of the owners of the Randerbrook (Spade) ranch, which is among the largest ranches in Texas. Son of the original Colonel L. L. Ellwood who first made his fortune from barbed wire, E. P. Ellwood has for the past several years spent part of his time at Randerbrook, but has made his home chiefly in De Kalb. The younger Ellwood, L. L., makes his home at the Mitchell county ranch and in Colorado City. The Ellwoods also have large land holdings near Lubbock. Randerbrook, purchased from the late Captain D. H. Snyder and J. W. Snyder of Georgetown, has grown under Ellwood ownership from 130,000 acres to more than 200,000 acres. It revolutionized ranching tactics in this part of Texas by being successful at running sheep when most cattlemen were fighting sheep raisers. It stocked short-horn cattle when the majority of the ranchmen clung to the rangy old longhorn breed. Now some 40,000 acres are fenced for sheep. The Ellwoods were among the first to fence their ranges during the days when cattlemen fought a losing battle for open ranges.

Add Congressional Changes: There Are Considerably More Bald Heads

WASHINGTON, Jan. 7 (AP)—As the resurgent GOP's glittering domes did slightly outnumber the new dealers—but the be-ribboned crowning glory of Clare Booth Luce made up for a lot. The guys with gray hair—some 65 in all—were parted pretty well in the middle. The democrats sported the most mistakes by a 10 to 2 count, but the light was not too good and some GOP-bristles may have slipped by in the shadows. One record was broken. The first hour passed without a yawn from an old member—but one new democrat was fidgety. He scratched his head, rubbed his itching nose and twisted in his seat. Finally he leaned back and yawned a mighty yawn—exactly 64 1/2 minutes after the 78th session opened. It was the gentleman from California, Will Rogers, Jr.

BOMB HITS

OUT AT THE 1047th GUARD SQDN.

With the new ratings came a lot of cigars as is the custom; the most noticeable brand were the "twofers" passed out by the newly-made corporal, Harry A. Davis, Jr. Harry must have received these as a Christmas present back in 1938, or so. The Grenlins did it again: our basketball team lost its last encounter to the 818th by the score of 20 to 21. Why can't the pesky Grenlins back some other outfit and not always the 1047th? Our next game has been pushed up an hour; maybe they haven't heard of this so we may be able to do a little better against the 965th. The mail orderly noticed the following nicknames on recent letters addressed to some of our boys: "Bubbles" Jarvie, "Junior" Harrington and "Buttercup" Barnett. Why is it that a man can be your best buddy in camp but when you meet him in town with a girl friend he pretends not to notice you? It has been rumored that Pvt. George Caluori has been seeing quite a little of one of the local girls; it must be something to have George's typically Brooklyn accent blend with a Texas drawl. . . . Pfc. Elmer Singleton, our repair man, is doing our organization quite a bit of good. Elmer likes to tinker with various mechanical gadgets and after he finishes working on these they are ready to be salvaged. . . . Who are the three boys from Barrack No. 3 who had a blind date a short while ago? . . . That handsome new M.P. that the girls are all raving about is "Willie" Kitchens, former all-state basketballer from "Gawga."

Stringent Oil-Gas Edict To Ban Pleasures In The East

WASHINGTON, Jan. 7 (AP)—Dwindling gasoline and fuel oil supplies in the east brought orders for an end to pleasure driving in 17 Atlantic seaboard states today and a cut in the use of heating oil in non-residential establishments to 45 per cent of normal requirements. The stringent edict, announced by the Office of Price Administration last night gave schools, stores, churches, theaters and similar structures a choice of curtailing their hours or days of operation or continuing as usual to a "too cool for comfort" basis. The ban on "driving for fun" specifically forbade motoring to theaters, race tracks and similar amusement centers, or to meet "purely social engagements." Any motorist disobeying the order, effective at noon today, faces cancellation of all or part of his gasoline ration, OPA said. Pending an official definition of pleasure driving, OPA authorities said motoring to church, to a doctor or hospital does not constitute a violation. The best test, OPA added, is that "if it's fun it's out." Price Administrator Leon Henderson said the order is necessary because "there simply isn't enough fuel oil or gasoline to go around." Military and civilian demands, he asserted, are exhausting eastern reserves of petroleum more rapidly than over-stained tank cars, tankers and pipe lines can replenish them.

Suspects In Hale Center Bank Holdup Are Arrested

DALLAS, Jan. 7 (AP)—R. D. Danner, agent in charge of the federal bureau of investigation here, announced today the arrest in Tallahassee, Ala., of Flavis Godfrey Gilbert, 27, as a second suspect in the Nov. 27 holdup of the First National bank of Hale Center, Tex. Talbert Jackson Layman previously was reported arrested in Los Angeles in connection with the robbery, which netted two men \$9,486. The robbers scooped the currency up in a pasteboard box as bank employees and customers were held at bay with pistols. Danner said charges of bank robbery were on file against the men in federal court at Fort Worth and that they would be returned to Texas, probably to Lubbock, where trial would be held. He said Layman yesterday waived a removal hearing at Los Angeles and was held under \$50,000 bond, but that no hearing had been held for Gilbert at Tallahassee. Danner said Gilbert was arrested by special agents while walking along a street, but that he had been working as a bartender in an army officers club. The FBI said Gilbert was sentenced in New Mexico for armed robbery on Feb. 23, 1939, was conditionally released Sept. 22, 1942, and two days later began working at the Inspiration Consolidated Copper mine at Miami, Arizona. Gilbert worked there, Danner related, until Nov. 24, when he told his employers he was "resigning to take a better position." The bank robbery occurred three days later. Layman and Gilbert returned to Miami for a week after the robbery, Danner said, then the loot was split and Layman went to the west coast and Gilbert to Florida.

Death Claims Noted Surgeon

CLEVELAND, Jan. 7 (AP)—Dr. George Crile, 78, renowned surgeon, died today at the Cleveland clinic where he had been under observation for the past three weeks. Death occurred at 9 a. m. and was caused by a heart ailment. He entered the hospital for treatment Dec. 16, but physicians several days ago abandoned hope for his recovery. Recognized internationally for his surgical skill, Dr. Crile was known to scientists primarily for his more than 60 years of research work on the nature of life and the loss of energy that attended death. This research, pursued in distant parts of the world and devoted principally to energy-controlling organs, led to new surgical methods and medical theories. It was estimated that he removed 25,000 gallbladders in his life and trained scores of young doctors in his method.

Ration Board Work OK'd By Inspector

Earl Dawkins of Lubbock, OPA regional inspector, spent Wednesday in the Big Spring War Price and Rationing board office checking the board's work and general routine of business. Some problems for discussion included the increased population adjustments made with regard to the local office. After checking work of panel members and office personnel, Dawkins gave an official O.K. on the work being done here.

FSA Clients Pay Off Faster Than Borrowers Come In

Complete liquidations have exceeded the number of new loans for the Farm Security Administration here, Ur D. Kindrick, farm supervisor, said Thursday. A survey of FSA financial records for his office show 25 payments in full as against 20 new accounts. At the same time, Kindrick pointed out, a large part of the old borrowers remaining on the roll not only have their accounts up to date and paid in advance but in many cases are financing their own operations next year. Payments in full were twice what Kindrick had anticipated, although some represented the liquidation of interests to move or enter defense work. Most new loan cases represented a return to the farm by persons who had been in urban areas or the better equipping of farmers to meet food production demands during 1943, said the supervisor. With-out exception, clients have included plans for more pigs, cows, and chickens as well as providing for a greater garden effort.

\$22,000 Grossed In Local Cattle Sale

Cattle sales got off to a good start for 1943 Wednesday when the regular weekly sale of Big Spring Livestock Commission Co. grossed \$22,000 for 575 head. Of the total, approximately 75 were hogs and ran from 13.00-16.00. The cattle market was steady to strong. Bulls were up to 10.50, the high for 1943. Fat cows also were up to 10.50, highest in a month. Butcher cows went from 7.00-8.00 and butcher yearlings up to 12.50. Ordinary butchers two to three cents lower. Stocker steers were up to 13.50 and stocker heifers had a 13.00 top, the highest since last August.

Wall Street

NEW YORK, Jan. 7 (AP)—A number of stocks edged forward in today's market, after the president's address to congress but many leaders continued to suffer from neglect. The list was hesitant at the start and, while scattered recoveries appeared in the final hour, declines of fractions to 2 or more points predominated. Dealings, slow the greater part of the day, picked up at intervals and transfers for the full proceedings were around 700,000 shares. Stocks contesting the downward trend with mild success included Houston Oil, which touched a new 1942-43 peak; Consolidated Edison, North American, U. S. Steel, Youngtown Sheet, Chrysler, General Motors, Yellow Truck, U. S. Rubber, Kennecott, United Aircraft and Northern Pacific. Loew's and Dow Chemical dropped 2 points or so each. Fluctuations at intervals were Bethlehem, American Telephone, Western Union, Southern Pacific, N. Y. Central, Great Northern, Montgomery Ward, Sears Roebuck, International Harvester, Allied Chemical, Warner Bros., Paramount Pictures, Twentieth Century-Fox, Eastman Kodak and Owens-Illinois.

Speeder Fined

Only case before justice court Thursday morning was the conviction of one speeder who paid a \$14 fine, Judge Walter Grice said today.

Here 'n There

Big Spring included in the list of recently commissioned flight officers at the Bombardier school are Ollie I. Deel, son of Mr. and Mrs. J. E. Deel, and Jake S. Bishop, son of Mr. and Mrs. J. S. Bishop, Sr. William Gordon Miller, son of Mrs. Cleo Puller of Big Spring, has been selected for training as a naval aviation cadet and will be ordered to duty shortly. Miller finished high school here in 1940, and played in the band for four years. He has been at Texas Tech for a semester. Another chosen as a naval aviation cadet is Tabor Rowe, son of Mr. and Mrs. H. M. Rowe. Also a high school graduate here, he attended A&M for a year and a half. Both youths will report to the navy pre-flight school at the University of Georgia. The Hamilton county selective service board has advised The Herald that it has a "missing" registrant reportedly working in Big Spring at the present time. He is Jose Teller Ramirez, and he has been advised to report to the board immediately. Sneed Christian has been inducted into the army at the Camp Wolters reception center. He is the son of Mr. and Mrs. Dave Christian of route 1, Big Spring, and finished high school here in 1940. He was in the enlisted reserve corps as a student at Texas Tech.

Livestock

FORT WORTH, Jan. 7 (AP)—All classes of cattle and calves found an active market here today with prices steady to strong. Butcher hogs were steady to 15c above Wednesday's average levels and packing sows were 25c higher. The sheep supply was small and at 10:30 most salesmen were holding for higher prices on the lambs and yearlings. Good fed steers and yearlings in the 12.50-13.50 range included four lots of steers average 960 pounds at 13.50. Good beef cows mostly 10.25-11.00. Good weighty bulls 10.50-11.50. Choice fat calves up to 13.25. Stocker steer calves on best grades up to 13.25. Most good and choice 190-300 lb. butcher hogs 14.70-15.50. Packing sows 13.50-75. Early sales in the sheep yards included some yearlings and two-year-old wethers mixed at 12.00 and some cull ewes at 5.75. Seven tons of copper are fired in a single minute of combat by a squad of fifty fighter planes.

Without Painful Backache
Many sufferers relieve nagging backache quickly once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up night, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 million of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.
