—J— I heard a lot of talk this week about the second Friday Night Musical held at the Fire Hall. From all indications the participation and the crowd size is ncreasing. Everyone has a t of fun and also inhale a lot of good food that the ladies prepare. So, if you are looking for something to do on the second Friday night of each month, be sure and attend the musical. If Vardie, Velma and the rest of the gang say its good, then it must be that

The Panthers have been working very hard in preparation of the upcoming season. The Panthers will be scrimmaging Tolar this week at Tolar and Priin week at Tolar and Perrin next week here. At the Perrin scrimmage the Panther supporters will hold Towel Night and all the fans are urged to bring a towel for the Panthers.

With all the good workouts that the coaches have been putting the Panthers through, they sjould be in good shape for the upcoming season. So be sure and turn out for the scrimmage games the next two Friday nights.

I received a nice note from Johnnie and Kay Watson the other day congratulating us on opening the new printing plant at Eastland. They wished us every success in the new venture. Thanks ya'll for the good words. Things are a little slow right now while we are trying to get started, but we look for business to pick up real soon. If you are in Theater and visit with the better half for awhile. She sure has been working real

In Loving Memory of Margaret Ann Abbe

This is a beautiful world if we make it that way Our days are numbered, we are free to live them as we may So many times we fuss, and feel life is cruel and unfair God works in mysterious ways that brings us to our knees But Margaret is at ease for the Lord had control and she follows where he leads. When the Dr. told her the bad news, she knew her time was short Many things ran through her mind but she hardened not her heart There was lot to be thankful for, as long as there was life, she had to fight Gladly she bore the suffering, if it would help others see the light Margaret loved her family and also the Lord above How can we grieve for her, I only feel love For one who had so much courage through thick and thin Till her Lord called her home at the very end.

DEADLINE NEARS FOR WHEAT INSURANCE

The final application date for Federal Crop Insurance on 1984-crop wheat in EASTLAND County is August 31st, according to Ardell M. Kalmbach, district director of the Federal Crop Insurance Corporation. Kalmbach adds, however, that wheat growers interested in participating in the special Individual Yield Coverage Program should apply for the necessary yield certification at least 15 days prior to that

Farmers who can qualify for the IYC plan are offered higher yield guarantees at no additional cost. To be eligible, Kalmbach explains, producers must have records to show that average wheat yields during the three most recent crop years have been above the average for the area.

Yield records should be submitted to the ASCS Office in EASLT. ND County for certification. Kalmbach suggests that interested producers may want to contact the ASCS Office in Abilene in advance to determine the kinds of acreage and production records that are needed.

Once a certification of above-average yields has been obtained, it should be given to the insurance agent who is writing the policy. The additional coverage will be added automatically. For each bushel that an IYC participant's yields are above the local average, Kalmbach explains, up to \$3.00 per acre of additional protection can be obtained with no increase in the premium.

Federal Crop Insurance policies, which provide coverage against most avoidable causes of crop loss, are sold by independent insurance agents and private insurance companies. A list of those authorized to sell insurance in EASTLAND County is available from the ASCS office.
