

HULLS

By KERNEL GENE BAKER, aPe

Dear Kernel:
Your "Hair" item last week was interesting, and properly represents that conservative point of view. However, it seems only fair to hear both sides of any question, so here is more.

Most dope-addicts, draft dodgers, and perverts do not have long hair. Instead it is about the same length around the edges as Gene Bakers. Times change you know, but some people are reluctant to admit change, even when it brings progress. George Washington, Jesus Christ, and my Grandfather all had long hair, and the short hairs were the freaks in those days. That day is coming again and soon.

The length of another man's hair is really not any of your business I think, so be careful not to be prejudiced against all the fine young men and women who have long hair. Or older ones. Better to watch out for the hypocrites. My compliments to you and your paper for the absolutely great job that you have done for your community on the hospital issue. I doubt if any other paper has ever done better in its service to its people. Cities are built by men on sites provided by God.

Sincerely,
Ham Locke
De Leon, Texas

As the French would say: "Touche".

Thanks for your letter Ham. Your point is well taken and a few local folk have told me the same thing — that is about the Great Man. None of them compared me with that type but a few have used rather strong language in regards to my character, etc.

All I can say to you is that I hope the next time you play golf your ball will hit a rock and bounce on the green and make you a hole in one. Thanks also for the compliment in regards to our Progress.

Speaking of the hospital, am hoping to have some good news in regard to a new doctor around the first of December. Dr. Pino is doing his best to take care of all who need his services, but it is almost too much for one man.

Carbon Defeated By Strawn; Travel To Tolar Friday

The Strawn Greyhounds defeated the Carbon Wolverines by a score of 38 to 13 last week. This was Carbon's second district game and Strawn's first.

The scoring for Strawn was done in all four quarters. Wesley Whitley scored twice on runs of 5 and 36 yards. Glenn Ross kicked his only extra point of the night after Whitley's first touchdown. Next scoring for the Strawn Greyhounds was Pee Wee Lynn on runs of 5 and 11 yards. Also scoring was Billy Hinkson on a 10 yard run and a 10 yard pass from Bill Lowhorn.

Scoring for the Carbon Wolverines was done by just two players. Scoring first was Jimmy Cook on a 15 yard pass from James Norris. Then scoring was Don Duncan on a one yard plunge. All the Carbon boys played a real good game. These boys are really improving every game they play.

The Carbon Wolverines travel to Tolar on Friday night, November 5 at 7:30 p. m. All the Carbon fans hope that our team will win this game.

CARD OF THANKS

I wish to express my sincere thanks to all who remembered me during my stay in the Brownwood Hospital. Thank you for the beautiful cards, flowers, and gifts. A very special thanks for your prayers.

May God bless each one of you.

J. O. Jackson, Jr. Named to Farmers Union Committee

The state office of Texas Farmers Union has announced the appointment of J. O. Jackson, Jr., of Gorman to the Program Committee to draft resolutions which will be considered by the delegates at the 68th annual convention of the organization which will be held at the St. Anthony Hotel in San Antonio, December 6 through 8.

The 17-member committee will assemble the resolutions adopted by the county affiliates of Texas Farmers Union into a proposed draft of the state program for consideration in San Antonio. County groups will be making their views known to the state organization in the form of county resolutions adopted at the local annual meetings.

In announcing the names of members of the statewide Program Committee, Texas Farmers Union President Jay Naman of Waco states, "We have an outstanding Program-Drafting Committee this year composed of leading farmers that represent all commodities and commodity producing areas across the state. These farm leaders will undertake the tough responsibility of combining county resolutions into a proposed draft of the policy statement to be heard by our convention delegates. We are proud to make public the names of the leaders who are giving of their time to accomplish this important job," Naman said.

The first meeting of the Program Committee has been scheduled at the Holiday Inn Southwest in Waco November 15 and 16. The committee will meet again prior to the convention on December 5th.

Jackson is a native of Eastland County and has lived most of his life near Gorman. He served in the Navy for four years during the Korean Conflict. Jackson's farming operation consists of a stock farm, peanut operation consisting of 1136 acres. Jackson is a member of various civic and community activities. He is currently Chairman of the Texas Peanut Producers Board, and serves as Vice President of the Gorman School Board. Jackson is a community committeeman for the Agricultural Stabilization and Conservation Service. He also serves as a member of the Gorman Industrial Foundation Board. Jackson is a member of the Eastland County Farmers Union.

Letter To The Editor

There are many ways in which to interpret the Bible. This, in my opinion is the reason for the many denominations of churches. But if you have the Holy Spirit in you, you belong to God's Church. And if I am a member of God's Church, then who is to say my belief is wrong?

It says in the Bible "Judge not others least God judge you, because God will judge you in the same way you judge others." Can this be interpreted in any but one way? (taken from Good News for Modern Man - Mathew 7, vs. 1-2.)

De Leon Church set Harvest Festival

November 6th is a red letter day in the De Leon United Methodist Church parish. This is the day to celebrate their 9th Harvest Festival which is a climax to their Lord's Acre—Lord's Hour program.

It is always a pleasure to invite out-of-town friends to come enjoy the day that begin at 10:00 a. m. There will be a new look but the same unusual and enjoyable day. Those who come early get the best buys. Clear all calendars and come to spend the day.

A barbecue dinner will be served from 5:00 to 7:00 p. m. followed by a lively auction. Those who miss the auction will miss a real treat — along with a chance to buy rare and unusual items.

A BIG WELCOME is out in De Leon from the United Methodist Church. Time: All day, November 6th. Place: De Leon City Hall.

Know Your School

By Charlie L. Garrett, Supt.

I have had some fans ask me about how we select officials for our home games. All officials used in all high school games are members of some SFOA chapter of officials. The schedule of games is sent to the chapter that the school will be using, who will assign officials for that game. The two coaches must agree on the officials that are to be used. All officials are rated within a chapter and are assigned according to these ratings. First assignments made are to class AAAA, then AAA, then AA, then A, and finally class B. By the time the chapter gets down to the class B school, the selections are very limited. This is the best that can be done on assignments, since officials who can, will go to the games that pay more money. Officials are paid according to the gate.

Fans must remember that officials often call a play from an altogether different angle from where the fan sees the play. I feel that officials make their calls as they see the play, even though it may sometimes be wrong. This is the only way that it can be. We must remember that we are striving to teach sportsmanship along with how to play football; therefore it is necessary that we try to show sportsmanship in the stands. You can rest assured that when we feel that an official is not doing his job, he will not be used in future games.

It is the obligation of the home school to afford protection to players, fans, and officials, and we will try to do at all times. A school can be suspended from the league for even a verbal attack on officials. If this should happen, the ones that would be hurt are the students in our school. Let us try to be as open minded as possible toward all officials, giving them the benefit of the doubt, because we might be wrong. Fans can cause tempers of players to flare and create problems that can hurt the team. We can't expect the players to be good sports if we as fans can not show sportsmanship.

Halloween Carney Raises \$533.55

The Gorman School's annual Halloween Carnival was a success by all measures on Thursday evening. A large crowd of folks had a fine time, students certainly deepened their feelings of school spirit, and some profit resulted.

Total raised was \$533.55 with 25 percent going to the individual classes and 75 percent to the athletic fund.

All class candidates for king and queen participated in the coronation.

Winners of the grades one through four was third graders Kristy Barnett, daughter of Mr. and Mrs. Gene Barnett, and Steve Spivey, son of Mr. and Mrs. Wesley Spivey. Winners of the second grade or Junior High were fifth graders Susan Borden, daughter of Mr. and Mrs. Gerald Smith, and Billy Don Simpson, son of Mr. and Mrs. B. E. Simpson. High School King and Queen were sophomores Amette Jackson, granddaughter of Mrs. Lizzie Jackson, and Claude Riden, son of Mr. and Mrs. C. M. Riden.

Third grade raised \$48.64, fifth grade \$37.57, and the sophomore class \$92.34.

Freshman candidates were Rodney Warren and Charlene Self, Juniors were Lonnie Bennett and Sha Rogers, and Seniors were Marilyn Thompson and Truman Brown.

Mrs. Donald Bolt and Mrs. Karen Burleson were in charge of the coronation activities.

90-Day Freeze To Be Modified

The Cost of Living Council announced today that the regulations which made the 90-day program a "freeze" will be modified to make the system more effective. George E. Hastings, Regional Director of the Office of Emergency Preparedness in Dallas, stated that there will be no automatic ending on November 13 of present freeze rules on wages, prices, and rents. They will be changed only by the introduction of new regulations, thus preventing a gap that would occur if present rules were allowed to end before new ones had been instituted.

Hastings noted that, as stated in the President's Executive Order of October 15, the provisions of the Economic Stabilization Program which have been in force since August 15 will continue until they are specifically modified by the Pay Board, Price Commission, or the Cost of Living Council. However, changes will occur only through explicit action taken by competent authority. It is anticipated that initial modifications to the freeze rules will be announced prior to November 13.

The October 15 Executive Order states, in part: "Pending action under this Order, and except as otherwise provided in Section 202 of the Economic Stabilization Act of 1970, as amended, prices, rents, wages, and salaries are stabilized effective as of August 16, 1971, at levels not greater than the highest of those pertaining to a substantial volume of actual transactions by each individual, business, firm, or other entity of any kind during the 30-day period ending August 14, 1971, for like or similar commodities or services. If no transactions occur during that period, the ceiling will be the highest price, rent, salary, or wage in the nearest preceding 30-day period in which transactions did occur. No person shall charge, assess, or receive, directly or indirectly, in any transaction, prices or rents in any form higher than those permitted hereunder, and no person shall, directly or indirectly, pay or agree to pay, in any transaction, wages or salaries in any form, or to use any means to obtain payment of wages and salaries in any form, higher than those permitted hereunder, whether by retroactive increase or otherwise."

Mr. Johnson has four sons and six daughters; 32 grandchildren; 56 great-grandchildren, and 5 great-great-grandchildren.

Those attending the birthday dinner in his honor were Lola Johnson, Mr. and Mrs. Henry Underwood, Mrs. Lenis Rice, Mr. and Mrs. Buster Johnson, Mr. and Mrs. W. E. Panthers Stun Lometa 38-0 To Host Evant Friday Night

The Gorman Panthers opened their District 17-B race with a big bang on Friday night when they took on the Hornets of Lometa and came out on the winning side of a 38-0 lopsided score.

The game was played on even terms for the entire first half with the Panthers managing only 3 points while holding the Hornets scoreless. It was Lometa's homecoming and boy those Hornets were really fired up, and the Panthers didn't get control of the game until late in the third period.

Leon-Bosque RC-D Initiate Plans for Project Operations

The Leon-Bosque Resource Conservation and Development (RC&D) Project Steering Committee met October 28 in Stephenville to initiate plans to begin operations in the project area. This meeting followed work received by telegrams from Senator John Tower and Congressman Omar Burleson that the U. S. Department of Agriculture had approved the local project plan and authorized accelerated financial and technical assistance from the Agriculture Department and the Soil Conservation Service.

Chairman Joe Fambro of Stephenville presided at the meeting and expressed the pleasure of his organization at receiving the authority to begin operations. This is the goal we have worked for since we made application for assistance in 1965. Our Project Plan has been developed over many months of work and planning throughout Bosque, Comanche, Eastland, Erath and Somervell Counties.

Fambro said that the plan focuses attention on the opportunities available to help stimulate our economic growth through the development and wise use of our natural resources. We will help local groups, communities, clubs and local units of government obtain needed programs of assistance to benefit the 61,890 people that live in the project. The plan contains many proposed measures to expand and improve present recreation and wildlife opportunities to benefit local people and to attract customers living within a 100 mile radius.

The telegram from Senator Tower read: "Department of Agriculture today approved Leon-Bosque Resource Conservation and Development Project as eligible for accelerated financial and technical assistance from Agriculture Department and Soil Conservation Service. Assistance is now authorized for RC&D planning by Leon-Bosque RC&D serving Bosque, Comanche, Eastland, Erath and Somervell Counties."

Past Chairman Gene Gilbreath of Dublin expressed his appreciation to all directors, representatives of the project sponsors, and the various civic groups that have helped since 1965. We believe the results from the taking advantage of this program and the technical and financial assistance will enable us to accomplish many things over the next few years, he said.

Fambro said that copies of the Project Plan will be available to those desiring them within the next 30 days. Guidelines for setting work priorities have been adopted by the Board.

Marion Porter is Project Coordinator representing the Soil Conservation Service and the Department of Agriculture.

He also rendered the special service at the 11 a. m. worship service. Mr. Perkins will be conducting daily services at the Fireman's Hall in Eastland through Saturday.

Bill Self got the Panthers on the scoreboard on a 2 yard plunge for the TD. Steve Patterson caught a pass from Kelly Henderson for the 2-point conversion, and this score remained the same until after halftime.

Following the half-time intermission which featured some very outstanding marching, playing and twirling by the Gorman Panther Marching Band and majorettes, the Panthers got all fired up and began to really roll. Bill Self put Gorman on the scoreboard for the second time on a 5 yard run behind some fine blocking. A pass to Self added two more points. This made the score read 16-0.

Steve Patterson capped another Panther drive a few minutes later when he banged over from 2 yards for the TD. Rudy Espinoza added the 2-pointer and the score rose to 24-0.

As I stated in last week's issue, "If you will back these Panther players by your support and attendance at the game they will play their hearts out for you." Well, that's exactly what they did and on top of this several were a bit under the weather with sickness all week before the game.

The front four on defense, Windell Treadway, Jim Jackson, Steve Patterson and Danny Snider turned in an exceptional game, with outstanding play from the linebackers, Bill Self and Mark Arnold, along with Jim Guthery, Bimbo Roberts, Kelly Henderson, Danny Ervin and Rudy Espinoza in the defensive backfield. Others doing an outstanding job were Phillip Lewis, Rodney Warren, Manuel Torres, James Michaels, Lupe Torres, Bill Baze, and gosh, just all the whole gang: Hattox, Fuller, Brown, Weldon, Moore, Underwood, Shipman, Mears, Stimett, and all the rest.

For the Panther of The Week, I will again name two players because of their outstanding efforts throughout the game. They are Jim Jackson and Phillip Lewis. Jim did an outstanding job in the front wall on defense as well as offense, and Phillip turned in another fine game of blocking on the front line for the Big Red, often opening up real big holes for the runners and protection for the passer.

As you have probably already heard this scribe had auto trouble and did not get to the game until just before half-time. Therefore, I do not have the usual statistics for first downs, yardage, etc., plus how many yards the ball carriers made and how many yards passing. But believe me friends, the Panthers turned in some kind of performance on that football field. And if you are not seeing this fine bunch of young gentlemen "do their thing" on the gridiron, you are missing a treat.

The Panthers will host the Evant Elks on Friday night at Brogdon Field at 7:30 p. m. in another District 17-B game. The Elks are a much improved team over last year and will be out to knock off Panthers. However, with the continuation of the fine attitude of the Big Red, and the continuation of the outstanding support of the Panther fans, we feel very, very strongly that the Panthers will be 2-0 in District 17-B after this week. Right, Panthers?

WASHINGTON
"As it looks from here"
OMAR BURLESON
Congressman 17th District

WASHINGTON, D. C. - THE ACCEPTANCE OF THE ADMINISTRATION'S wage-price freeze has been almost phenomenal. According to official estimates between 70 and 75 percent of the people approved the President's initial action in setting up Phase I. There appears to be just as strong support for Phase II. Of course, those who had an agreement on wage or salary increases were disappointed and it is not difficult to understand they would be. Many had depended on a raise and had planned their affairs accordingly.

GENERALLY, HOWEVER, CONSUMERS are so fed up with constantly increasing prices that they are willing to submit to controls of about any kind. Most of the biggest businesses in the country endorsed controls and some executives and economists even suggested a ceiling on profits and interest rates. The only trouble here is that no one could really come up with any satisfactory plan of making it work. The prevailing argument has been that if wages and prices are successfully controlled, profits and interest rates will adjust in the economic process. Although not enough time has elapsed there are some signs to indicate it may be working in this direction.

HAVING SAID THIS, there is a fear and concern on the part of many that temporary controls may turn out to be something permanent. Within government has been heard - "They may say they (the people) will take an administered economy after 45 to 60 days of it but this attitude will change after about 90 days." Those of this opinion feel certain that after a year's experience under controls people will want no more of it. They

cite what happened in the 40's and 50's when controls were imposed. At first the reaction was accepted and supported as a necessary evil. At the present time, there is recognition that runaway inflation must be checked and that "something is being done." It furnishes a comfortable feeling.

THE RUB COMES WHEN THE CONTROLLERS start to make "adjustments". Not everyone is going to be happy if they are "adjusted" and pretty soon probably no one is going to like it.

GOVERNMENT ADMINISTRATORS say they see "a million problems involved." After the new years off and there is less cooperation from business and individuals the problem of enforcement will be immense. Whereas now there is good voluntary response, the time will likely come when it will take an army of enforcers and there are never enough. This is when the going will be rough, even with past efforts showing favorable results. During World War II the

people and those old enough to remember will recall the black-marketting that became rampant. Even under patriotic influence prevailing at that time many simply didn't respect what they considered to be undue and burdensome controls. The obedience to controls became something like our conscience towards violating traffic laws or some other laws we feel the violation of which is really no violation at all. Laws not respected are difficult to enforce.

WHO IS REALLY SMART ENOUGH to figure out equitable "adjustments" on every segment in our vast economy? It is a question which will occur more and more if controls are extended indefinitely.

WE CAN ONLY HOPE AT THIS POINT and time that controls issued with Phase II will cool inflation to a tolerable level before public support cools.

IMAGINE WHAT MIGHT HAPPEN if the Country had a permanent system of price and wage

controls. It's no joke but remember the fellow with a bear by the tail going around and around a tree? A friend who had managed to climb the tree to safety shouted down to ask if he should come down and help hold the bear. His

companion said no but he could come down and help him turn him loose. So with a controlled economy - just as soon as prices are stabilized and unemployment reduced to an acceptable level, the economy should be turned loose.

OLIVER SPRINGS NEWS

By FLORENCE RICHARDSON

Our Thought For The Week: Every life we touch is a field, everything we do and all the words we speak are seed. What will the harvest be?

Mr. and Mrs. Dewey Lindley,

Mrs. Jewell Parker, Mrs. Irby Mauney and the Homer Richardsons attended the graveside rates of Mrs. Garrett (Sadie Miller) at Oliver Springs Saturday afternoon. Mrs. Garrett at one time lived in Gorman. Her mother and father are old settlers of Oliver Springs. Her parents were Mr. and Mrs. Homer Miller.

The R. H. Watsons spent the weekend in Breckenridge and Graham with the Jess Goodins and Harvey O'Neals.

Visiting in our home this past week were Mr. and Mrs. Henry Long of Wagner, Okla., Mrs. Claude Smith, Mr. and Mrs. Lucien Warren of Abilene. The Warrens also visited in Stephenville with Mrs. A. D. Bryan, who is still a patient in the hospital, but she is improving.

Visitors in the Claude Smith home Friday night were Mr. and Mrs. Ted Touchstone of Rising Star Mr. and Mrs. Nath McMullen and the Henry Longs.

Visiting the Jessie Atchisons this past week were Mr. and Mrs. Chesley Atchison and son and Mrs. Tommy Carr and son, Bradley.

THE GORDON SPOT

Don't put the gardening tools away for winter. November and the winter months are a prime gardening season.

This season is an ideal time for planting and trans-planting trees and shrubs in the landscape. In late fall nurseries are restocking with new plants. You will have a good supply to choose from.

November and the Thanksgiving season is the time to look around us at our natural beauty, the beauty of the autumn color cloaked on blackjack, sweet gum, red oak, sumac, and maples, and thank God for a bountiful harvest in a land rich with beauty and goodness.

Examine closely any plants brought into the house for the winter as they may carry scale, an assortment of bugs, an occasional cutworm, and other pests.

The cleaning operation should start with a yard bath for the plant. Sturdier plants can be sprayed with a garden hose and the more tender varieties may require a sink spray.

Dusting all surfaces of the plant with an all-purpose dust such as rose or tomato dust will aid in the control of the pest problem. Another method is to hold the soil in the flower pot and dip the plant head-first into malathion and water mixture. Then turn it over and dip in the entire pot. The malathion and water mixture should be the same ratio as you would mix if spraying the mixture onto the plant.

With cold weather approaching you may have an insect problem in your home. Some of the most troublesome pests are earwigs, crickets, pillbugs, and certain cock roaches.

Using insecticides as a preventative measure is not recommended because of the possibility of an adverse effect on the environment. Use insecticides only when you know you need them.

A chloradane or diazinon spray

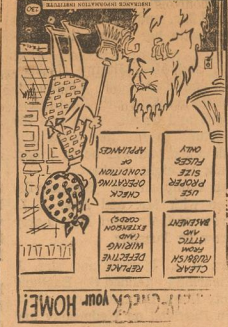

applied to the outside foundation of your home will keep out most of these unwanted invaders. To control pests inside the home, use an approved commercial household formulation of insecticide.

Spraying is the best method of killing the pests. Treat the outside walls and foundations from sill to sill and about five to six inches of soil next to the foundation.

Also treat along edges of sidewalks and driveways. If a sprayer isn't available, then a sprinkler will do, or treating window sills and thresholds, a paint brush makes a good applicator.

Read the label of the insecticide before application and follow the manufacturer's recommendations. Do not treat plant foliage with the spray.

Livestock producers in Eastland County who are interested in actual in-depth field training in artificial insemination and pregnancy determination are encouraged to register now for one of the seven clinics being sponsored by the Texas Agricultural Extension Service and the American Breeders Service. Let me know if you are interested. The first clinic will be in San Angelo November 9-12.

USDA Announces Final Support Price 1971-Crop Peanuts

A national average support price of \$288.50 per ton for 1971-crop peanuts was announced by the U. S. Department of Agriculture. This is \$1.50 more than the preliminary minimum announced on March 1 (Press Release USDA 697-71). The final figure represents 75 percent of the peanut parity price for Aug. 1, the beginning of the 1971-72 marketing year.

Support prices, by type, per ton of average quality peanuts are:

Type	Dollars per ton
Virginia	\$278.54
Runner	261.26
Southwest Spanish	268.42
Southwest Spanish	263.86

Valencia in the Southwest area suitable for cleaning and roasting 278.54

Values for each percent of sound mature and sound split kernels, on a per ton basis, are: Virginia type, \$3.862; Runner type, \$3.823; Southeast Spanish type, \$3.823; Southwest Spanish type, \$3.823; Valencia type in the Southwest area suitable for cleaning and roasting, \$4.238; other Valencia type, in all areas, \$3.823.

All other provisions of the 1971-crop program remain as announced on June 2, 1971 (Press Release 1749-71).

Final prices for 1971-crop shelled peanuts to be bought from shellers, in cents per pound for the different grades and qualities, compared with 1970 are:

Grade and Quality	1970 Crop	1971 Crop
U. S. Extra Large -		
Virginia	23.1	24.3
U. S. Medium -		
Virginia	20.7	21.8
U. S. No. 1	19.4	20.4
With Splits	—	20.2
U. S. Splits	18.9	19.9
No. 1 Size	18.4	19.4
Large Whole	17.6	18.6
Large Splits	18.1	19.1
Small Whole	11.0	11.0
Fall Through	6.0	6.0

The shelled peanut prices are subject to discounts for excess damage, unshelled kernels, minor defects, foreign material, and aflatoxin contamination.

Farmers stock peanuts will be purchased at the 1971-crop support price plus \$6 per ton out-weight out-grade basis.

Price schedules can be obtained from the three peanut associations - GFA Peanut Association, Camilla, Georgia; Southwestern Peanut Growers' Association, Gorman, Texas; and Peanut Growers Cooperative Marketing Association, Franklin, Virginia.

DESDEMONA NEWS

By MRS. ETHEL KEITH

Now since the fairies and goblins are gone home for another year, we'll begin to look forward to our Thanksgiving Program which will be a musical, chili and stew and pie in the lunchroom on November 20th. Everyone invited to attend.

The "Domino" Club met Tuesday night on their regular time at the school house. We enjoy everyone who attend and we invite more to come and enjoy the time with us.

Mr. Curley Craig returned home Thursday from Dallas where he had gone for eye surgery.

Mr. and Mrs. Clyde Ward and family of Denver, Colo. spent the past weekend here with her parents, Mr. and Mrs. Billy Craig.

Mrs. Emma Quinn and Mrs. George Whitlock and children visited Sunday in Mineral Wells with

Frank Quinn and family.

Mr. and Mrs. John Webb are home from a vacation trip to New Mexico and into Utah and reported a wonderful trip.

Mrs. Nina Lohman of San Angelo was here for the past weekend with Ethel Keith and Emma Quinn. Also visited with Mr. and Mrs. R. H. Abel in De Leon.

Mrs. Ina Jones of Azle was here this week and she and her sister, Ethel Keith, were in Abilene visiting the Jones brothers and sisters.

Mr. and Mrs. Jimmy Shane and children were here on the weekend visiting her parents, the John Allens.

James Hardy Tidwell and wife and Valerie of Stephenville, spent the weekend with his parents, Mr. and Mrs. Hardy Tidwell and Mrs. Ella Tidwell.

Mrs. Dora Parant of De Leon spent the past weekend here with her sister, Mrs. Hallie Mae Cook.

Mr. and Mrs. Gary Barker and Garrett of Teague visited her parents, Mr. and Mrs. Bobby Wisdom and Marsha.

KOKOMO NEWS

By MRS. GLENN JORDAN

Tinnia and Brenda Sanders rendered the special music at the Kokomo Baptist Church on Sunday morning. Mr. and Mrs. Henry Lovell of Carbon and Mrs. Jimmy Nelson and Travis of Lewisville were visitors.

Mr. and Mrs. Lovell were visiting on Sunday with their daughter, Mr. and Mrs. Bill Brown and Kris.

Mr. and Mrs. C. E. Freeman of Aspermont and their daughter, Mrs. Andy Ussery of Jayton were recent visitors with Mr. Freeman's sister, Mrs. W. A. O'Neal, and a niece, Mrs. Albert Hendricks.

Sunday visitors with Mr. and Mrs. H. L. Scitern were Mr. and Mrs. John Wilson of Valley Mills, Mr. and Mrs. John Scitern, Mr. and Mrs. Tommy Carr and Bradley, Mr. and Mrs. Johnny Scitern, Mr. and Mrs. Gene Foster and Lisa, and Mr. and Mrs. Jackie Grice, all of Gorman.

Mrs. Susie Wharton returned to her home in Carbon on Friday. She has been a resident of Lawndale Home in Gorman for several

months. Mr. and Mrs. R. J. Crawley and Mr. and Mrs. Jim Jordan visited with her during the weekend.

Mr. and Mrs. Jimmy Nelson, Tena and Travis of Lewisville, spent the weekend with the Clifford Nelsons and Cassie. Tena had the misfortune to fall last week and break a leg and will be in a cast for six to eight weeks.

Bob Campbell of Stephenville visited with Mr. and Mrs. J. L. Morrow and Mr. and Mrs. Larry Morrow on Tuesday.

Mrs. J. L. Morrow and Mrs. J. C. Clearman attended the Eastland County Home Demonstration Council in Eastland on Wednesday and help set up the Senior Citizens Bazaar following the meeting.

Mr. and Mrs. D. F. Eaves and Mr. Woodrow Browning were among those attending the Texas Electric Banquet in Graham on Tuesday night.

Alvin Lasater underwent surgery Tuesday in the Eastland Memorial Hospital. We wish him a speedy recovery.

KEEPING UP WITH FRIENDS

Mr. and Mrs. J. F. Barker and Brent of Big Spring and Mr. and Mrs. Jim Rodgers and family of Carlton visited Sunday with Mr. and Mrs. Don E. Rodgers.

Mr. and Mrs. Othell Clark attended the funeral Monday of Mrs. Nora Wood in Eastland. Mrs. Wood was the mother of Mrs. Clark's brother-in-law, Brownie Wood, of Midland.

Lester Seaton of Gorman and his brother, Floyd of Lubbock, are in Dove Creek, Colorado this week deer hunting.

"Oldest Bank In Eastland County"

At your service:
Electricity that costs less than 10 years ago.

It's true. Your dollar buys more electricity now than it used to. Because Texas Electric's rates for electric service have not increased since 1961.

In fact, there have been two rate reductions since 1961—in 1963 and 1965.

While the cost of living is up about 30 percent over 1961, the average price of electricity per residential kilowatt hour is down more than 30 percent (see chart).

If your bill for electric service at your residence is higher, it's because you're using more electricity. You may have added air conditioning, a clothes dryer, frost-free refrigerator or color TV.

It all adds up to this: In spite of continuing inflation you're getting more electricity for your dollar than you did in 1961. You're also getting all the extra comfort and convenience that electricity makes possible.
