PRESS POINTS
Joe Bennett, Publisher

Well it seems as though Texas will have a new Governor in the upcoming year. Maybe this one can solve all our problems and woes. If you think that I know of some good swamp land for sale in Louisiana. I'm sure that Mr. Clements will also have his hands full (like Mr. White did) when he tries to bring our state back economically. When we start having to add to our taxes, everyone will probably feel just about as bad as Clements as we did White when our pocketbooks were hit for more taxes. The way I see it, the world was not coming to an end no matter who won the Gubernatorial race. Its still our elected officials in the State Capitol who will actually make the decisions as far as taxes, etc. is concerned. Good Luck Bill!

Our State Representative, Jim Parker, was an easy winner in the balloting.

We need to be thinking about giving our needed efforts toward the Benefit Dinner for Brent Foster which is coming up on November 22nd. If everyone in the community and area pitch in together, we can make this most-worthwhile project a huge success. So whatever you are asked to do, please give it your best effort and we can help this family with their tremendous medical expenses.

Brent was home for a short while on the weekend, but had to be back in Dallas on Monday. However, he is reported as coming along great and everyone hopes he will be home for good real soon. You have our prayers Brent.

Cecil Self returned home on October 27 and is coming along well. It's a slow process in recovering from this type heart surgery, but little by little Cecil is gaining some strength back is beginning to eat a little now. Cecil and Christine are most appreciative of their friends, neighbors and everyone in the community for their thoughts and deeds during Cecil's time of illness. Cecil stated there was no way to thank folks for what they had done for him during this time.

Had a couple of letters come in:
Dear Sirs:
When I was at Gorman a few years ago and could not find anyone that I knew, I was told the elderly folks had a meeting once a year there. I feel sure you could tell me if they still have it and when.
I was born and grew up at Gorman 98 years ago. If you would tell me I would appreciate it.

What do you get for the Progress now. I am 98 years old. Thank you.
I. L. Capers
Rt. 2, Box 164, Mexia, Tx 76667

I don't know of an elderly folks meeting here each year. I believe they have had them at Carbon, but don't know if they still do.
Dear Mr. Bennett -
We have been away for four years, but still enjoy the Gorman Progress. Good luck to Gorman and its fine folks.
Leo and Willie Page, Lubbock

Also got a note from Jonnie Bell: Hi Joe,
I really enjoy the paper. Sorry I missed the Homecoming, but was in Kansas City. It rained all time we were there but still enjoyed the convention and the tours.
My aunt Emma said she would like the paper for her birthday (Nov. 16th), so I am enclosing a check.
We are spending Thanksgiving in Los Angeles with my husband's family.
Keep up the good work,
Jonnie
Jonnie sent along a couple of clippings from a Duncanville paper concerning her and her family.

METHODIST CHURCH LORD'S ACRE SET THURSDAY & FRIDAY

The annual Lord's Acre Harvest Festival will be held Thursday and Friday at the church.

The bake sale, coffee for coffee breaks, and the garage sale and trash and treasure sale as well as the arts and crafts sales will begin at 8 a.m. and will close at 5 p.m. each day.

Coffee, doughnuts and sweet treats will be available throughout the day for coffee breaks.

The noon meal will be served from 11 a.m. to 2 p.m.

The dinner menu will consist of chicken and dumplings, corn bread, chili and beans, plain chili, slaw, stew, fruit cobbler, tea and coffee.

Also pie, cake and brownies.

The bake sale will include cakes, pies, cookies and candy.

There will be a large rummage sale, and also a trash and treasure sale.

The arts and crafts will consist of hand make foot stools, wooden flower stands and towel holders and many home made items.

Among the items in the garage sale will include a nice Dearborn gas heater, a bathroom wall heater, a clay back heater and a fireplace, lots of clothing of all sizes, and much, much more.

The church members invite everyone to come by and visit and browse.

1936 CLASS REUNION HELD

CLASS OF 1936 — front row, Ardith Pittman, Arline "Brown" Pittman, Jack Perry, Juanita "McMullen" Files, Gena "Bennett" Turley, Dr. Bob Stubblefield, back row - Alvis Wood, Frances "Perry" Guyer, Ardell Kirk, Sybil "McMullen" Brockwell, Garth Cooper, Odell Kirk, Ward Webb, Zilpha Dean "Cook" Norwood and Evalyn "Lane" Hayes had to leave early and could not be in the picture.

The Class of 1936, Gorman High School, met for their 50th Reunion on Saturday, October 25th in the home of Ardith and Arline Pittman. Needless to say, it was a wonderful experience for each and everyone of us.

Those attending were: Mrs. Gena Bennett Turley, El Paso; Mrs. Zilpha Dean Cook Norwood, Brownwood; Mr. and Mrs. Garth Cooper, Grand Prairie; Ardell Kirk, Ft. Worth; Mr. and Mrs. Odell Kirk, Pasadena; Mrs. Evelyn Lane Hayes, Desdemona; Juanita McMullen Files and Vernon, Gorman; Mrs. Sybil McMullen Brockwell, Abilene; Frances Perry Guyer and John, Denton; Jack Perry, Gorman; Ardith and Arline Pittman, Gorman; Dr. and Mrs. Bob Stubblefield, Houston; Mr. and Mrs. Ward Webb, Granbury; and Mr. and Mrs. Alvis Wood, Bandera.

Also attending were two of our former teachers and coaches, Mr. and Mrs. Wilbur Williams, Gorman, and Mr. and Mrs. Carr Spraberry, Odonnell, Texas.

We did a lot of visiting and reminiscing, looking at old pictures, reviewing years gone by in an old scrapbook and taking pictures. Many friends from other classes came by to visit with us. Thank you for coming.

Odell took pictures and made very nice nametags for our class and many others. Thank you Odell.

Our class was honored in a special way by having one of our group, Arline Brown Pittman elected Coming Home Queen. Thank you.

Thank each of you for coming and helping make our 30th Annual Homecoming and 50th Class Reunion a great day.

the photos that were printed.

The Panthers really did great at Baird on Friday night. They played their hearts out, but came up a little short. All of us in the community are proud of our Panthers and their outstanding pride and sportsmanship. They are a great bunch of kids.

The different organizations of Gorman are joining together to help purchase some new Christmas decorations for our town this season. It sure will brighten up downtown during the season and we appreciate all their efforts in securing these new decorations. They should be in before long and we anticipate they will be up following the Thanksgiving holidays.

And remember to smile - because God Loves You!

The Gorman Panthers traveled to Baird on Friday night to take on the Bears in a crucial District 8-A contest which could have sent the district race into a three-way tie for first. However, it was not to be for the Panthers to win this one, evidently. They fought their hearts out all through the game and played toe to toe with the Bears most of the way and really put a scare into the Bears before coming up 6 points short at the final gun and a 28 to 34 loss. But don't think that the Panthers came away with their heads down. It wasn't the Big Red who should be ashamed of their performance. Its the officials who should hang their heads and go off and hide somewhere for the very horrible decisions they made on numerous calls in this game which meant so much to the Panthers as far as this season is concerned. Not that the Big Red complained that much about the officiating, because they have too much pride for that. They took it like the great sportsmen that they are and congratulated the Bears on their win. However, it didn't set too great with most of the ardent Panthers fans, who knew that the Big Red truly should have won this battle. But due to some untimely calls, the Panthers were denied the win. All I can say is that I hope the Good Lord will forgive the officials their calling of this game.

The Bears held the Panthers on their first possession and took over on their own 22 and moved the distance in only two plays. On the first down, there was no gain. However, on the next play Dwayne Burns hit to the outside, found the corner and raced into the end zone virtually untouched for the score

with 8:50 left on the clock. The kick for PAT was good and the Bears led 7-0.

The score stayed the same until 5:16 of the second quarter when the Panthers took over the ball on their own 31 on a fumble by the Bears and scored in only 3 plays with Glen Burgess rambling for the final 63 yards on a beautiful run to the end zone. A pass to David Gibbs lifted the Panthers to an 8 to 7 lead.

Then with only 31 seconds left in the first half, the Bears intercepted a Panther pass at the Gorman 35 and went the distance in 7 plays with the help of a 15 yard penalty on the Panthers. Gary Duncan hit the middle for the final 1 yard for the score. A pass try for two points was incomplete and the Bears moved ahead 13 to 8. The half ended with this score.

Following the halftime intermission, the teams exchanged possessions when the Panthers had a great goal line stand against the Bears at the one yard line and took over the ball. However, disaster struck immediately as the Panthers fumbled on the first play and the Bears got the ball at the Gorman 1. From there quarterback Codie Parkhill kept the ball on a qb sneak for the score with 5:43 left in the third period. The PAT was good and the Bears extended their lead to 20 to 8.

But the Panthers were not to be denied again on the next possession as they took the ball at their own 13 following a 15 yard penalty and moved 87 yards in 9 plays with Don Rodgers scoring the TD on a beautiful 11 yard pass from Scott Gressett with 2:19 left in the period. The drive featured two other passes for 31 and 15, and a 15 yard run by David Gibbs. The try for two points failed and the Panthers trailed 20 to 14.

The teams exchanged possessions again and then the Bears took the ball on their own 19 and went the distance in 9 plays with Dwayne Burns again breaking free around right end for 52 yards and the score with 5:32 left in the game. The PAT was good and the Bears were ahead 27 to 14.

But again the Panthers were not dead, as they took the ball on their

own 35 and moved the distance in 9 plays with Burgess getting the score from 1 yard out with 3:29 left on the clock. The drive featured a great pass play for 35 yards to Don Rodgers from Scott Gressett that was stopped at the 1 yard line. The pass try for two points failed and the Panthers trailed 27 to 20.

On the next Bear possession the Panthers had a fumble recovery and return for a touchdown called back on a call by the official. Following this play the Panthers stopped the Bears on two plays, before Guy Duncan took the toss to the outside, got outside the containment and raced for 42 yards for another score with just 2:24 left on the clock. The pass try for two failed and the Bears were out front 34 to 20.

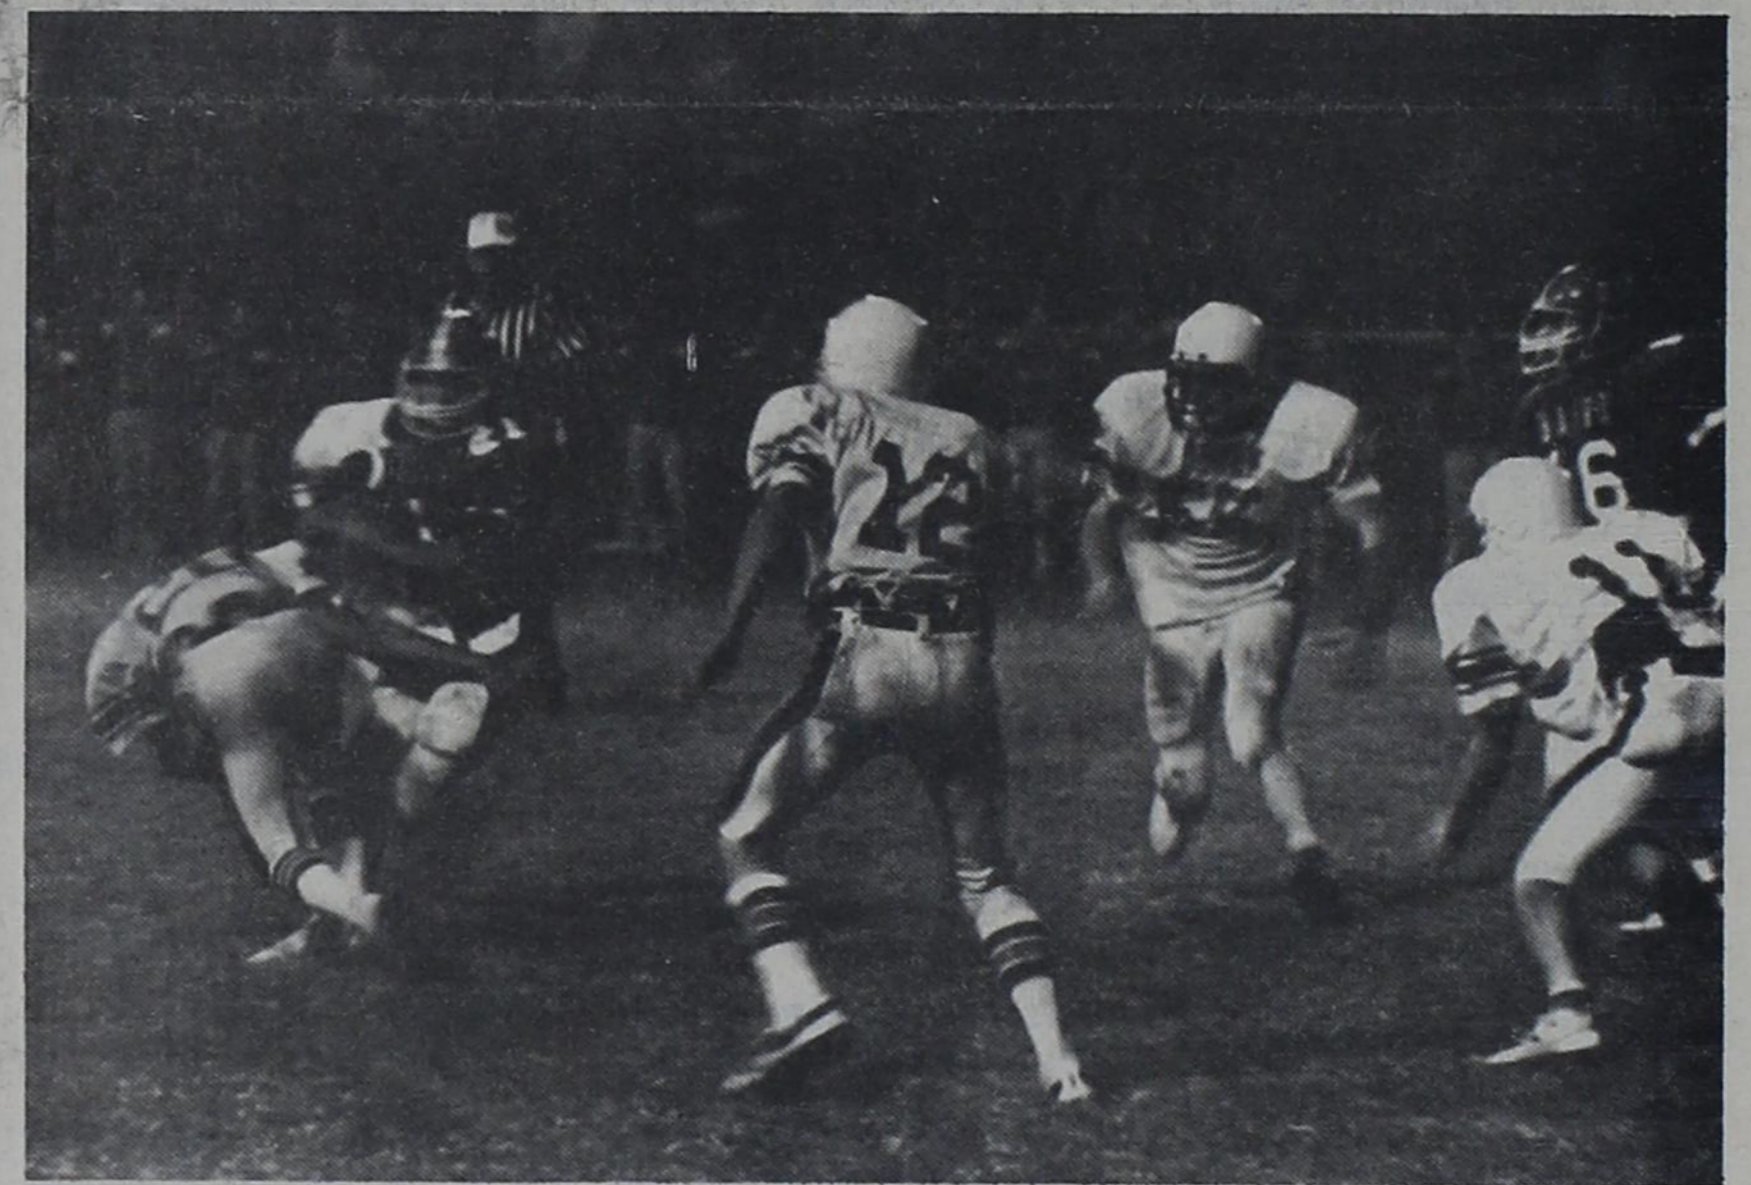

But again the Panthers were not done for the night as they took the ball on their own 31 and went the distance in 5 plays with Don Rodgers catching a pass for the final 1 yard as time ran out. The drive featured a 10 yard pass and a beautiful 37 yard pass to Burgess. Also a fine 15 yard run. The Panthers ran for the two pointer to make the score 34 to 28. The Bears were such good sports that they just lined up at the back of the end zone on the two point try and let the Panthers run the play undefended. Ugh! How terrible this looked on their part. I would never have thought a coach would have let his team do this type of thing. Anyway, the game is over and the Bears came away undefeated so far in district play. The Panthers now stand in third place with Rising Star in second place.

Burgess again led the Panthers on the ground with 123 yards on 15 carries. David Gibbs had 59 yards on 10 tries. Randall Gibbs got 14 on 4 trips.

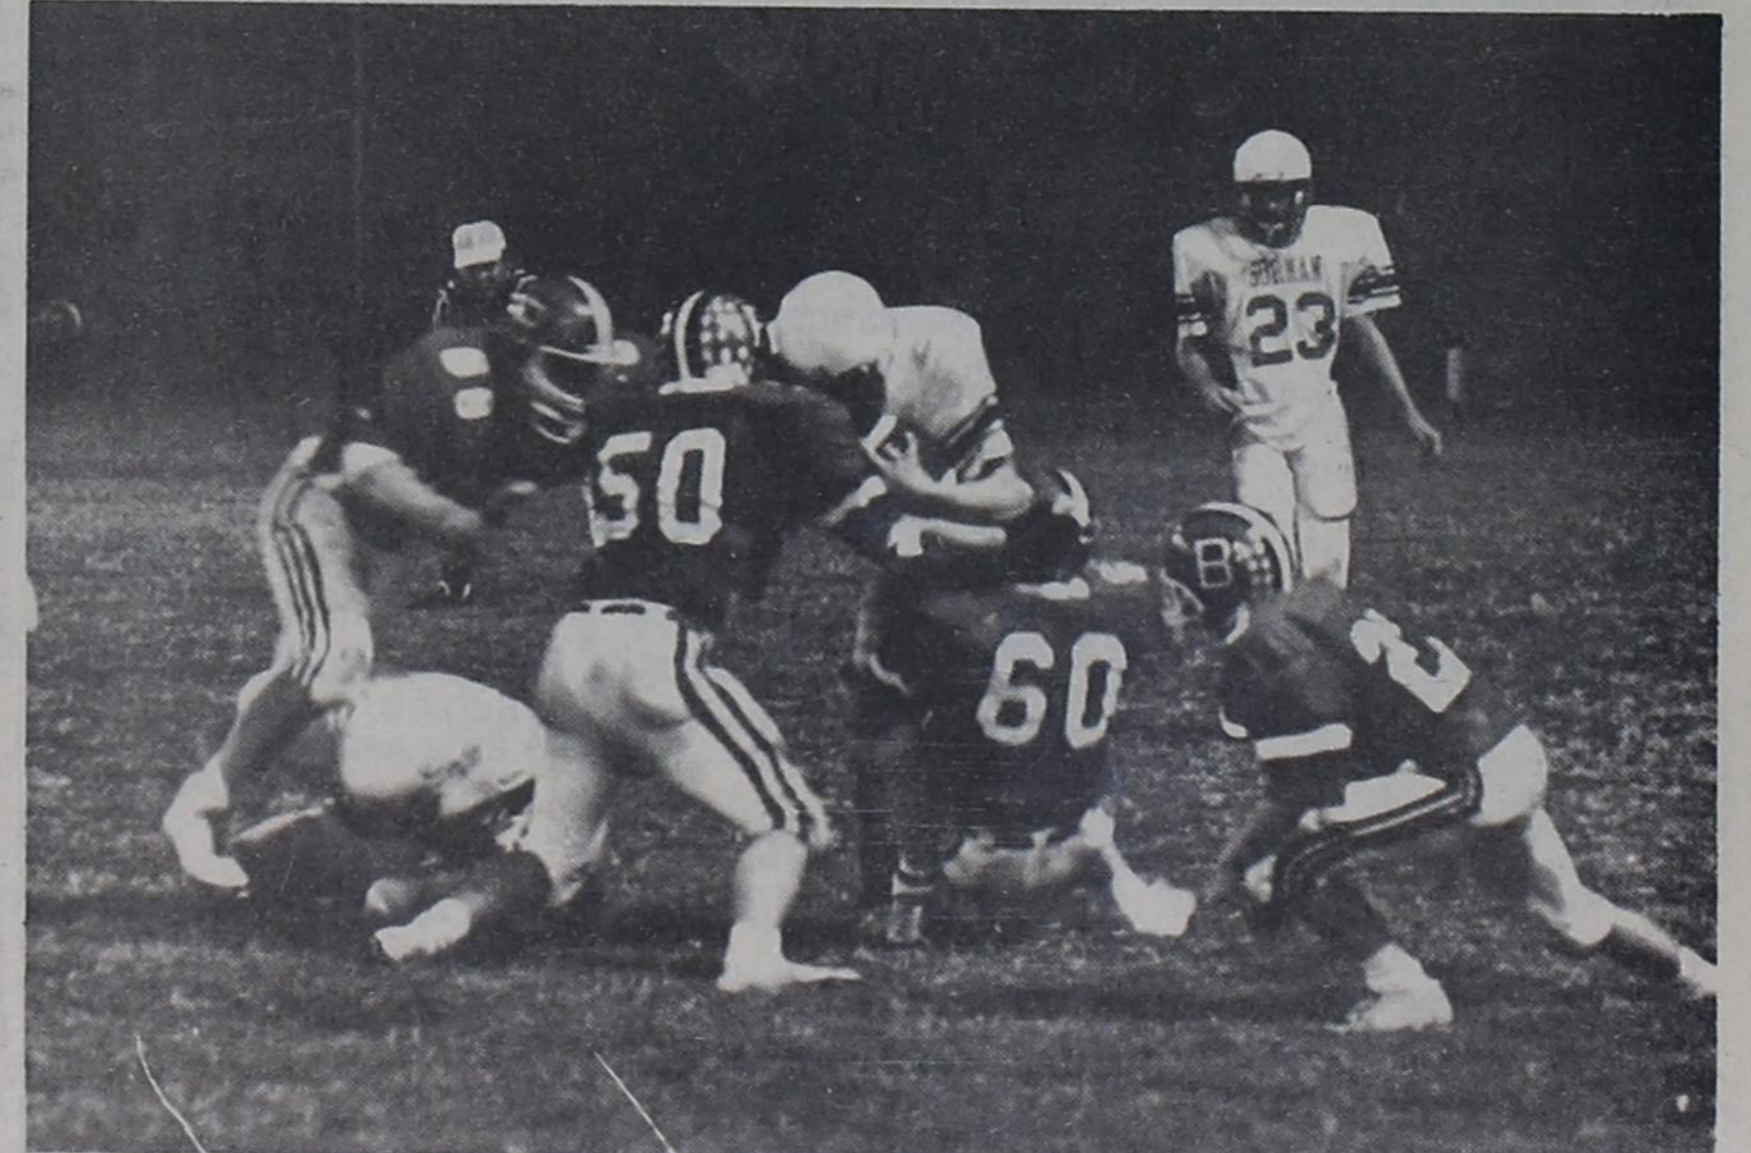

The Panthers can truly be proud of their effort on this night, for they never gave up and kept on fighting all the way to the end.

This Friday night the Panthers are on the road again as they travel to Rochelle for another District 8A contest. We know the Big Red will be ready for this one and will be seeking another district win, so follow the Panthers to Rochelle and cheer them on to victory.

Go Get 'Em Big Red!

PANTHERS DEFENSE — The Panther defense showed the Bears that they couldn't run away with the title without a strong battle. Pictured are Don Rodgers, Glen Burgess, Tommy Campbell and Joe Rodgers putting a stop to a Bear running play.

WALL OF RESISTANCE — Panther running back David Gibbs shown running in several Baird Bears in game action Friday. Despite the Bear defense Panthers scored 28 points.

Ann Staude kept Joshua Fondon over the weekend for Belinda and Eddie while they attended a wedding.

Luke told me the other day, "Grandma, I love you, but you need to know that I love my mother and daddy too." I agreed that was the way it should be done. He said, "I just don't know about Bill. I wish he was normal." I asked what he thought normal was. He said, "I

don't know, but I sometimes think Bill is an alium from outer space."

I told Luke that he made me think about the little boy that was sent to the spring after water. When he got there all he could see were two big eyes staring back at him. He dropped his bucket and ran back. He told his mother about the eyes. She said, "Oh you musn't be afraid of him. That's just the old alligator. He won't hurt you. He was just as afraid of you as you were of him." The boy said, "If he was as afraid of me as I was of him, then that water isn't fit to drink."

"Alice In Wonderland" To Be Presented At Tarleton State University Nov. 13, 14, 15

Lewis Carroll's classic fairy tale, "Alice in Wonderland" will be presented on stage in the auditorium of the Clyde H. Wells Fine Arts Center on November 13, 14, and 15. The production is a seasonal gift from the Department of Fine Arts and Speech at TSU.

Colorful costumes, outlandish scenery and a few theatrical tricks of the trade help bring the mystical world of "Through the Looking Glass" to life. This Charles Turner adaptation of Carroll's famous tales promises to be entertaining for theatre-goers of all ages.

"Alice" Director Eleanor Bynoe says the TSU production includes some music but she is quick to point out that it is far from a full-fledged musical. "The songs add to the entertainment of the show," said Bynoe. She also said that "while this show has great appeal to the young, it is not narrowly oriented to children. Everyone will enjoy it."

This is the first full length production that Ms. Bynoe, who prefers to be called Ellie, has directed. She joined the faculty in the Department of Fine Arts and Speech this fall coming to Tarleton from the Baptist Radio and Television Commission. Her enthusiasm and her innovative ideas have spilled over to the cast and crew of the show.

"She is extremely eager and energetic," said Dr. Mary Jane Mingus, Associate Professor of Speech and creator of the "Alice" costumes. "She is doing a wonderful job with the students and the case she has selected should do an excellent job."

As with all TSU productions, "Alice" is a learning experience for the theatre students. "I have this idea in my mind about what the final production will look like," said Ellie. "When I see the actors rehearsing on stage, I can see them in my mind in costumes and with complete scenery." This special insight often puts her a step ahead of her cast and pours fuel on her already high-pitch excitement. "They always ask me am I laughing at them or with them, and in a way it's a little of both."

The TSU production has eliminated a few of the songs to get away from the "musical" concept. Also the matinee performances, which are directed more specifically for the younger theatre go-ers, will be slightly shorter than the evening shows.

"I envision this show much like a cartoon," said the director. "Not because of animation but because in cartoons, there is always something happening; it is non-stop movement. We hope to have this same effect (in the TSU production) of keeping the senses going."

Dr. Mingus worked closely with Ellie in designing the costumes and Richard Denning, Fine Arts Center Technical Director, is creating the set which will include reality and fantasy. Many of the over 30 costumes are of animals and all are "bigger than life" using bright colors and exaggerated features to create a magical world. The set includes a "real-world" room setting and a "wonderland" created much as a child would imagine it.

Reproducing some of the special effects Carroll wrote into his story creates a challenge for live theatre, but that is another part of the "learning experience" for the director, cast and crew. "Tricks is not really a good word for them," said Ellie. "It involves more craft and skills, much like those used by an artist to create a concept in a painting. After he has finished, you look at the painting and you don't see exactly what he has done to achieve his goal but you appreciate the skill of design and construction he used to reach the finished product."

One thing that Ellie has learned in the few weeks she has been working with the show is that it is best to just let some things happen. "We will be working on things right through the dress rehearsals," she said. "And some of the things that end up working best will probably come from experimenting or just by accident."

The unique quality of live theatre is the contributions the audience makes to the show. "Nothing ever comes out exactly the same," Ellie said, "and the major reason is the audience. They work together with the actors to create the energy of the show."

"Spectators come to the theatre prepared to enjoy what is presented before them. They know these are live people that they can reach out and touch, but still there is that illusion that is created by the costumes and the sets, it's a real aesthetic enjoyment."

Ellie says that the most important element in this show is the viewer's imagination. "Alice is the only 'real' person in the entire cast," she explains. "The rest are imaginary creatures who say some of the funniest things...What we want to do

is supply the moving parts and let the audience's imaginations do the rest."

"Alice in Wonderland" is scheduled for evening performances Thursday, Friday and Saturday with matinees also set all three days. Ticket information is available by calling the Fine Arts Center Ticket Office at 817-968-9634.

DRIVE TO REVISE IMMIGRATION

U.S. Sen. Phil Gramm predicts that a drive to revise the recently passed immigration bill that grants amnesty to illegal aliens will be launched when Congress reconvenes.

"Texas and America need legitimate immigration reform, but this bill is the wrong solution to the problem," the senator said.

"Until Mexicans have greater incentive to stay home than to cross into the United States, they will keep coming," he said. "This bill, unfortunately, constitutes a welcome mat on the Texas border."

Gramm noted that over two-thirds of the Texans in Congress voted against the immigration bill.

During debate on the Senate floor, Gramm staunchly opposed the proposal, pointing out that it will cost taxpayers billions of dollars and that the amnest provisions are extreme.

Noting that 1.9 million people worldwide are on waiting lists to gain legal admission to the United States, Gramm attacked one provision of the immigration bill that will allow illegal aliens who have been in the United States only 90 days to become legal residents.

"This bill says that if you violated the law for 90 days last year as an illegal alien, you are given preference over almost 2 million human beings, some of whom have waited decades to come to America," he said. "That is absurd."

"I agree that we must consider those who have made a life here and become a productive part of their community, but who will argue that an illegal alien who worked in agriculture for only 90 days is part of the fabric of America?" the Senator asked.

AMERICAN CANCER SOCIETY

Do you remember what happened in your life October 31, 1983?

Gladys and her family will never forget that day.

Many of you know my sister, Gladys Bibby, for her loving care of you or some of your family in Western Manor Nursing Home of Ranger General Hospital over these last 16 years.

Question: Gladys, what happened in your life Oct. 31st?

Answer: I woke up spitting up blood by the cupfull. We went to Ranger Hospital where the doctor examined my and quickly called West Texas Hospital and transported me there. On Nov. 1, my birthday, the doctors removed all of my left lung, full of cancer. After 2 weeks in ICU and another week in the hospital, I was able to come home.

Question: When you asked your doctor about your surgery what did he say?

Answer: He said I had "black lung" as miners do.

Question: Did you smoke?

Answer: No, I did not.

Question: How was your recovery?

Answer: In nine months I had to have 30 cobalt treatments for a tumor in the top of my right lung. And I'm still going for checkups. I thank my family and friends for NOT smoking in my presence. I thank my Lord that I am still here, for I know I almost died three years ago.

SOCIAL SECURITY SERVICES IMPROVED

A continuing objective for us at Social Security is to better serve you, the public. Here are some improvements our agency has made in recent years:

The average processing time for retirement claims has been reduced. Most retirees get a check within 2 to 3 weeks after applying.

A person applying for a Social Security number can be issued one in about 11 days, as opposed to 6 weeks a few years ago.

A 3-year backlog of earnings postings has been eliminated. And over 95 percent of 1985 earnings are already recorded on individuals' Social Security earnings records.

A mid-year reminder to beneficiaries on reporting work activity is saving \$200 million a year in overpayments and reducing post-entitlement workloads.

Modernization of computer systems is speeding up processing of changes in beneficiary actions (such as change of address).

The new continuing disability review process ensures fair and compassionate treatment of disabled persons. Cases are more carefully and completely documented, and decisions are more accurate and uniform nationwide.

Major improvements have been made in the quality, design and readability of notices to the public.

An increasing number of employers are responding to our encouragement to report earnings my magnetic media rather than on paper. This results in faster, more accurate reports and saves both employers and the Government money.

In coming months and years, we at Social Security will make every effort to serve you more effectively and efficiently. Meanwhile, you can help us to help you in several ways:

If you receive benefits, promptly report any changes that may affect benefits such as change of address, work activity, medical improvement (if you are disabled), and other events.

Learn as much as you can about Social Security. For example, inquire before you retire so you will be prepared with the necessary proofs and information when you apply.

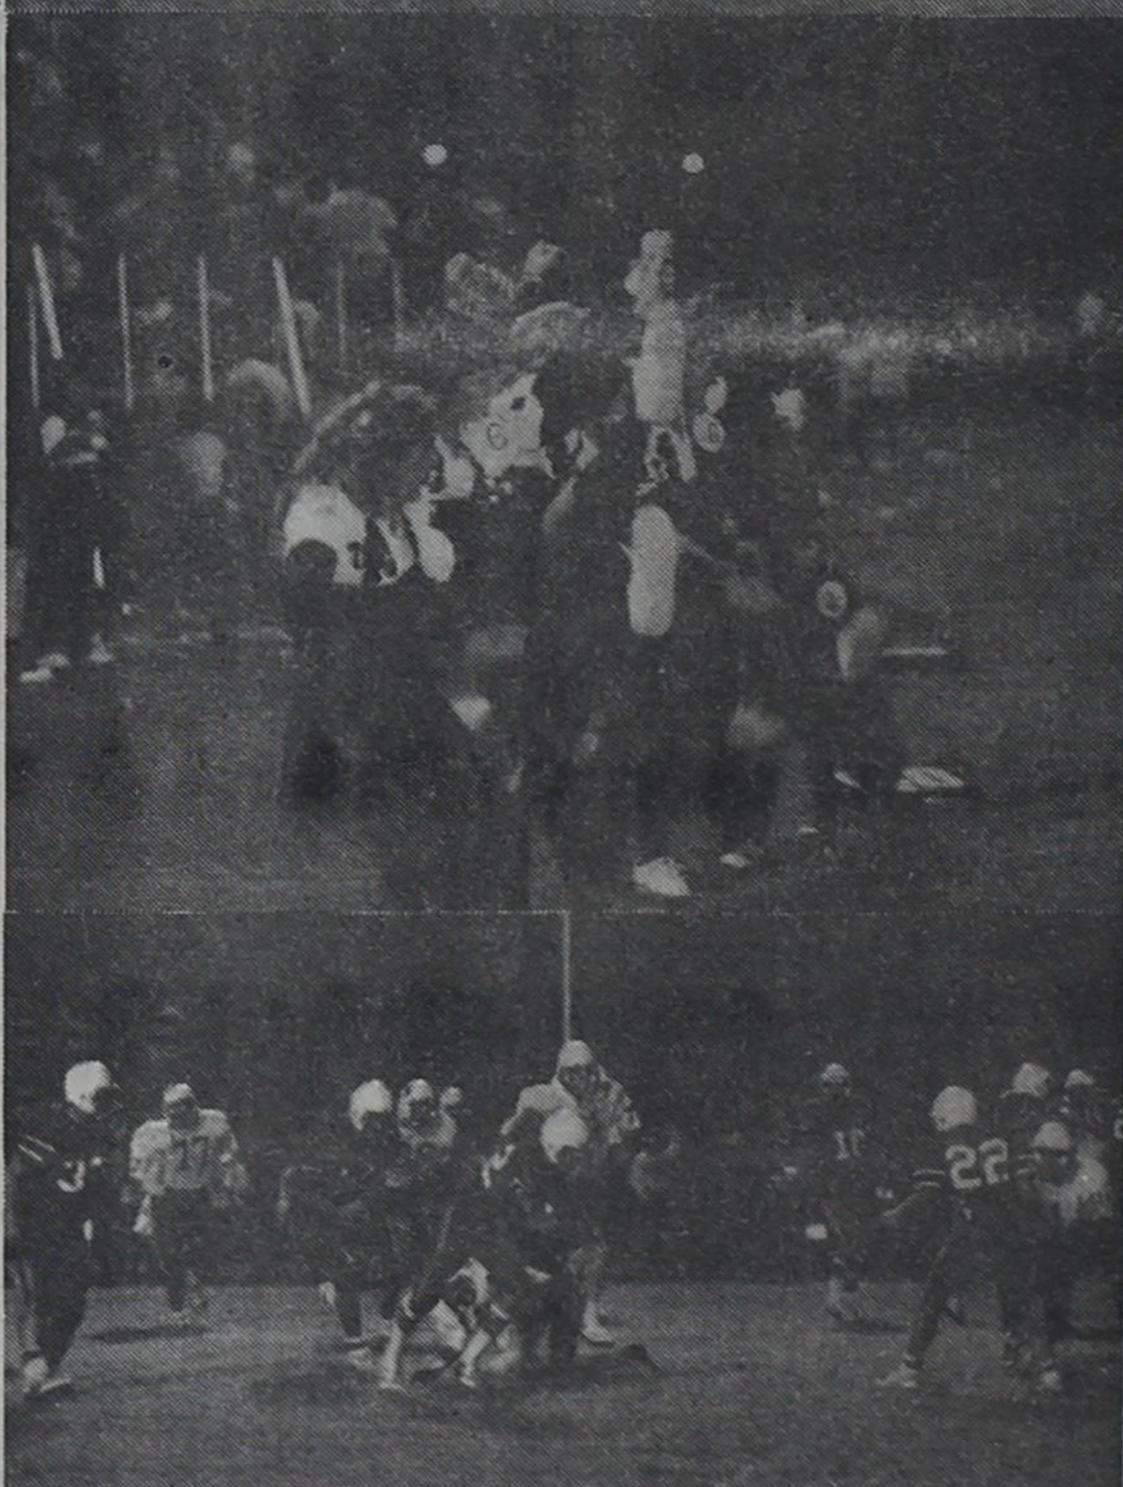

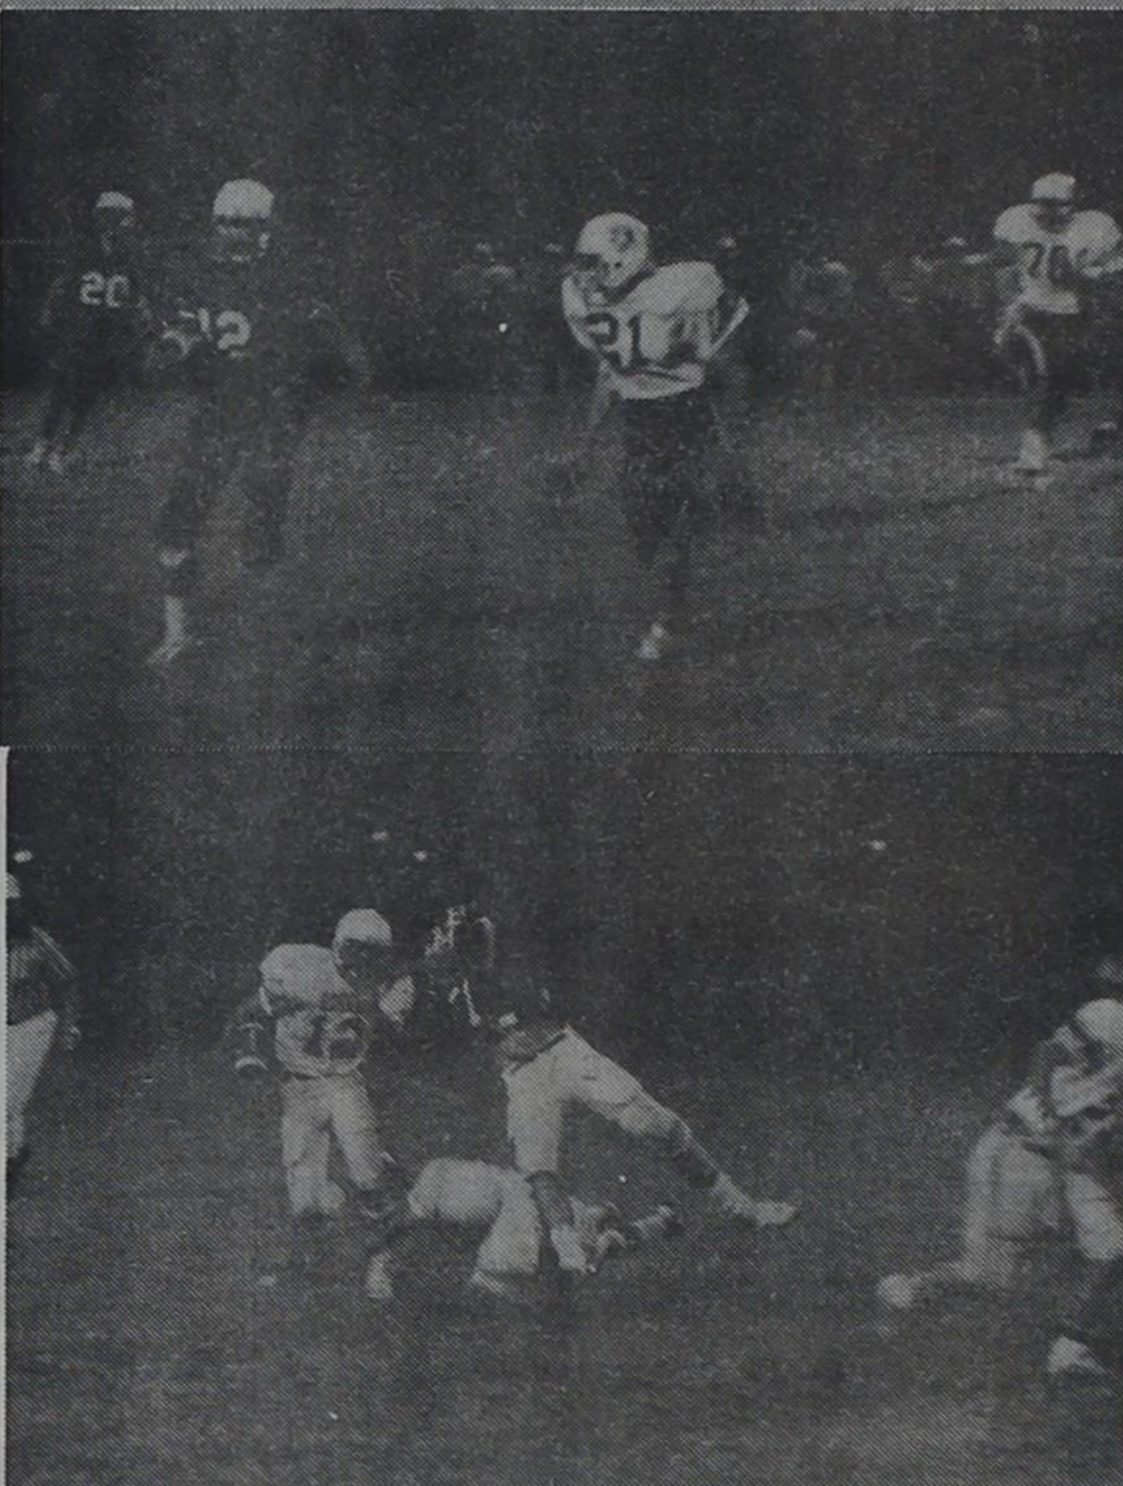

Make more use of your phone. Most Social Security business can be handled this way. You may telephone the Abilene office by calling (915) 698-1360.
