Kokomo News

By Zelda Jordan

After a few days of nice spring weather, winter has decided that it isn't ready to go yet so we are having some rather cold days right now. I received .8 of an inch of rain on Friday night during the thunderstorm that rolled through our area.

Jimmy Little directed the music at the Kokomo Baptist Church on Sunday with Ruby Lee Kinser at the piano and Glynda Bond at the organ. Ruby Lee Kinser and Daryl Hirst, with Glynda Bond at the piano rendered the special music. Charles and Mary Jane Ellison of Lexington, Mississippi were visitors.

Woodrow Browning is directing the music at the revival at the Olden Baptist Church, Sunday through Wednesday this week. His wife, Helen, accompanied him to Olden for the services.

Charles and Mary Jane Ellison of Lexington, MS have been visiting with Earl and Betty Little. Charles and Carolyn Little and Jimmy and Verna Lee Little had lunch with them on Sunday in the Earl Little home.

Nelda and Jarad Fails of Arlington visited during the weekend with Jimmy and Verna Lee Little and James and Jill

Little and Ashley and Breckley. Ashley and Breckley visited with their grandparents, Jimmy and Verna Lee Little at times while their mother underwent surgery in Abilene Regional Hospital. I am happy to report that Jill is home and doing fine. Those visiting with Jill, James, Ashley and Breckley since she has been home were Shirley Clement, Jerry, Nancy, Jett Lowrance of Eastland, Jack and Darla Lowrance and their children, Jackie, Keely and Austin of Mortan Valley, Clista McNabb and Sarah of Eastland, Bethany Jacobs of Eastland, Charla Burgess of Gorman, Nelda and Jarad Fails of Arlington, Jimmy and Verna Little, Earl and Betty Little and Charles and Mary Jane Ellison of Lexington, MS. Jill appreciates all these and those who visited with her at the hospital and all the telephone calls and cards that she has received. We wish Jill a very speedy recovery.

Cody Fails, son of Nelda Fails and grandson of Jimmy and Verna Little returned home Saturday night from a trip to Rome, Venice and Florence, Italy. He accompanied the Arlington High School Choir on a singing tour as a sponsor, but also sang with them.

He was a member of the choir while he was in high school. Cody is a sophomore at Tarrant County Jr. College now.

June and Gladene Cates and Laverne Neefe of Big Spring visited with Vernon, Deon and Lindell Fields on Sunday. Teresa Nachtigall of Morgan Mill spent one night and day last week with her parents, Vernon and Deon Fields while she was on spring break from school. Teresa is a 5th and 6th grade teacher at Morgan Mill.

Ray Neal, Melissa and Emily Little were at Texas Tech in Lubbock recently where Emily played her flute and received a scholarship. Our congratulations to Emily.

Budding and Grafting Workshop to be Held at Womack's Nursery

Fruit and nut tree growers won't want to miss the unique opportunity of attending a special budding and grafting workshop to be held at Womack's

Our sincere sympathy goes to the family of Mabel Garrett of Eastland who passed away last week. She was an aunt of Verna Lee Little of our community.

Glenda Black of Abilene spent Tuesday night with her mother, Zelda Jordan.

Nursery in DeLeon. The Budding and Grafting Workshop will be held Wednesday, March 28 at Womack's Nursery starting at 1:00 p.m. and lasting till 4:00 or 5:00 p.m. Womack's Nursery is located on Hwy 6 between DeLeon and Gorman. Participants will get a chance to see up close different techniques for budding and grafting as well as a chance

to actually do some of their own. Larry Jim and Larry Don Womack will be our instructors and both have years of experience with all kinds of fruit and nut trees. A special part of the workshop will be a tour of the nursery operations to learn how fruit and nut trees and bushes are grown from little seeds or roots to great trees. Pause To Think

Let's take another look at what Paul had to say in 1 Corinthians 2:9-14. But as it is written, Eye hath not seen, nor ear heard, neither have entered into the heart of man, the things which God hath prepared for them that love him. But God hath revealed them unto us by his Spirit: for the Spirit searcheth all things, yea, the deep things of God. For what man knoweth the things of a man, save the spirit of man which is in him? even so the things of God knoweth no man, but the Spirit of God. Now we have received, not the spirit of the world, but the spirit which is of God; that we might know the things that are freely given to us of God. Which things also we speak, not in the words which man's wisdom teacheth, but which the Holy Ghost teacheth; comparing spiritual things with spiritual. But the natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned.

It is extremely important that we become interested in the things that God wants to freely give us, and to understand that they cannot be discerned by natural senses or elements. Paul declares that no eye has ever seen them, and that no ear has ever heard. Also, no one has ever imagined in his/her heart the things that God has prepared for those who love him. God is not limited to what we have seen, heard, or imagined. However, our natural senses are very limited, especially when it comes to realizing the depth of spiritual gain/growth that each of us could obtain.

It is important for us to understand clearly that we will never acquire those things that God desires to freely give us as long as we walk after the flesh. The scriptures also say that we will never discern them with the flesh. The things of God are spiritually discerned. Paul also stated, that they are taught or revealed to us by the Holy Ghost. Therefore it is extremely important that we receive the Holy Ghost/Spirit into our lives. When we are filled with His Spirit, it enables us to transcend the limitations of our flesh.

I have been amazed this past week at the ability of Russian scientist, cosmonauts, and others who may have assisted with the destruction of the Mir Space Station. These men and women were able through natural perception to harness the natural resources that God set in order, to build and maintain the Mir for several years. However, the Mir's final descent was truly amazing. Think with me how much time, effort, and learning preceded the Russian Space program's ability to remotely fire Mir's rockets thus launching the Mir into a trajectory of destination over the Fiji Islands and into a remote portion of the Ocean. They were able to do this because of their natural commitment to the study of God's natural resources until they were able to harness and use them constructively.

If we think for one moment that God put more effort into the provision of natural resources than he did the spiritual, we are wrong. The Bible plainly states that in the last days, men would obtain a form of godliness, but deny the power thereof: **II Timothy 3:5**. It is high time that we who profess Christianity remove the parameters that we have placed on God and let Him work in and through our lives, as He desires to do. There may be those who would say that we can't put parameters on God, and that is a true statement with regard to his sovereignty. However, with regard to God's ability to work the fulness of His plan in our lives, we can most certainly limit Him with what we choose to believe and what we choose to deny. Look at **Matthew 13:54-58**.

FSA--Approved Texas Counties Accepting Livestock Assistance Program Applications

Eastland, Texas—March 20, 2000

The Eastland County Farm Service Agency is now accepting applications for the Livestock Assistance Program (LAP). According to David W. Martin, County Executive Director, LAP regulations were published as a final rule on March 19, 2001 and sign-up will end on April 27, 2001. LAP provides direct payments to producers who suffered grazing losses due to natural disaster during calendar year 2000.

"Often, producers equate Farm Service Agency assistance with row crops. However, LAP is one of the many livestock oriented programs available to producers through FSA," said Martin. "We recognize that individuals who raise livestock only, and those who raise livestock in conjunction with row crops have suffered devastating losses on both accounts due to recent natural disasters," he said.

According to Martin, 2001 LAP payments are available to qualifying counties. In Texas, 240 counties have been approved for LAP, including Eastland County. Eligible counties must have sustained a 40 percent or greater loss of available grazing for at least three consecutive months. Losses may have resulted from drought, excessive heat, disease, insect infestation and other adverse impacts attributed to a natural disaster event.

"LAP provides assistance to eligible livestock producers who have owned or leased qualifying livestock for at least three months prior to the payment period," said Martin. "Producers interested in LAP should be prepared to provide information including the number and kind of livestock, acres, location and type of grass forage used to support livestock, and an estimated percent of grazing loss."

Eligible livestock under LAP provisions are beef and dairy cattle, buffalo and beefalo when maintained on the same basis as beef cattle, sheep, goats, swine and equine animals used commercially for human food or kept for the production of food or fiber on the owner's farm.

The Secretary of Agriculture is authorized to provide approximately \$430 million in LAP assistance by the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2001, Pub. L. 105-277.

For more information regarding Livestock Assistance Program eligibility and to schedule an appointment to file an application, contact the Eastland County office at 254-629-1636 extension 2 or visit FSA on the World Wide Web at <http://www.fsa.usda.gov>.
