EASTER EGG HUNT WELL ATTENDED

Scenes from the Easter Egg Hunt for the ages around 3 to 4 and under. Mothers helped the kids hunt eggs.

The old weatherman did it to us again it seems. Even though every one of us surely appreciated the wonderful showers we have gotten, most of us don't particularly enjoy the chilly, damp wind which seems a whole lot like winter, particularly the cold north winds. Brrr! Anyway most folks are very happy with the moisture as the top soil was beginning to get very dry and crusty. With these showers the moisture should meet again and then maybe the preparation of land will be easier and the seeding will go a lot better. We thank the Good Lord for the beautiful rain.

We really appreciate all the children entering the Easter Coloring Contest in the Progress. We had a very good number of entries and believe me ALL the colorings were fantastic. I sure am glad I could talk someone else into judging the colorings for me. Man that was a task that I just wouldn't tackle. I feel real fortunate to have secured some very great folks as judges, who I feel did a marvelous job. For reasons of their wishes, their names will not be published. Not because I wouldn't have published them if I had my way, but due to their wishes, which I respect most honorably, and when I brought them in to judge the contest I stated that if would be up to them whether or not their names were mentioned.

Any way, I cannot thank the judges enough for the great job they did, and likewise, I cannot express the absolute appreciation I have for each of the contestants. Thank you all, and may the Lord bless you.

There have been some asking where and to whom do they need to send the articles for the family histories for Eastland County? As far as I know the articles, etc., may be sent to the Gorman Chamber of Commerce, box 266, Gorman 76454, or they could be turned in at the Progress office and we will be glad to give them to the committee for the book, or drop them off at the City Office and I'm sure they will hold them until the next Chamber meeting and turn them in. There are quite a few folks working hard to see that this history of Eastland County gets into print, and we should all send in histories of our families to preserve for future generations.

We are hoping that more and more folks will start turning in their news of visitors and also the places they visited for the Progress. The local news is what makes up a good local newspaper that folks enjoy reading. So we will appreciate it very much if you will send in or call in news of your visitors, etc. so that we can publish the news. The national and state news is published in the larger dailies, but the good old local news is the backbone of the smaller weekly newspapers. That's the reason all the former residents, local folks and others subscribe to the Progress. So send in that news item NOW!

And remember to smile -- because God Loves Yoy!

The judges had a very, very difficult task of picking the winners and spent much time in their process of judging the ones to win the prize money. It was stated by the judges that all the entries were real great for the age brackets entered in the contest. The well qualified judges asked to remain anonymous, and we will respect their wishes. We can not thank them enough for the outstanding task they have performed for the Progress. We are indeed thankful and indebted to these judges for their task.

The winners may pick up their prize money at the Progress Office at any time beginning today (Thursday).

The Progress is very appreciative of all the interest in the contest and wishes to thank each entrant, personally, for their time and effort to make the contest such a success. Something Old. Something New.

At HCA Medical Plaza Hospital, we're breaking tradition through non-surgical alternatives for kidney stone sufferers.

Kidney stone removal used to mean painful surgery accompanied by a six week recovery period. Now, thanks to modern medical advancements, traditional surgery is something old.

Extracorporeal Shock Wave Lithotripsy, ESWL, is the name for a new, one hour non-surgical procedure that disintegrates painful kidney stones through the use of harmless shock waves. The spark plug replaces the scalpel. ESWL is in use at select medical facilities throughout the United States and in Fort Worth only at HCA Medical Plaza Hospital's Regional Stone Treatment Center.

ESWL is actually something borrowed from aircraft research on the destructive effects of shock waves.

These effects have been positively directed to create a medical miracle for those who are plagued by kidney stones. ESWL patients are partially submerged in a tub of warm water. The exact location of the stone is carefully pinpointed. Then, a series of shock waves is emitted directly toward the stone. Kidney stones are reduced to sand-sized particles and are

passed through normal elimination. And,

lithotripsy relieves most of the blues associated with kidney stone removal. Most ESWL patients report little or no pain with the procedure and recovery time is generally no more than two to three days. That means you spend less time in the hospital and you're back on the job sooner. Lithotripsy costs the same or less than traditional surgery and is covered by most insurance policies.

The Regional Stone Treatment Center at HCA Medical Plaza Hospital. From something old to something new. Something borrowed and a lot less blues. The perfect marriage of technology and medicine for kidney stone sufferers in the Fort Worth area.

SOME OF THE THINGS DISCUSSED HERE MIGHT SHOCK YOU.

But not if you follow these tips for working around electricity while working around the house or on the job.

- Keep ladders and trimming tools away from overhead wires.
- Call an expert if your electric meter or fuse box needs to be moved.
- Don't dig if you suspect there are underground wires—call us first.
- Make sure you're clear of all wires when installing an antenna; think about where it might land if it falls during installation.
- Make sure all tools that run on electricity are properly grounded and treat them with respect.

We don't mean to alarm you. But too many people become accident statistics simply because they forget to be cautious around electricity. And that's the shocking truth.

CITY CHIT CHAT

By Mayor Charlie Garrett

I want to take this opportunity to express my appreciation during "Secretary Week" to our City Secretary, Edna Joyce Brinegar. She is the one who gets there first in the morning and the last to leave in the afternoons. She takes care of the hundred and one things that develop each day. She hears all the complaints about water bills and taxes. When anything goes wrong, the first one that gets a call is Edna. She listens to all the complaints, usually with a smile, then handles the situation as best she can. As mayor, I want Edna to know that I appreciate her a lot for the many things she does. I feel that you, as a citizen, are well served by our City Secretary.

The Commission will soon be working on next year's budget. At the present time we are in good condition financially, but income from some sources is declining. Sales tax for 1987 is down exactly \$1000 for the first four months of the year as compared to 1986. As you know, Revenue Sharing is being

GLENDA BURGER HOSTS FAMILY REUNION

Glenda Burger of Eastland was reduced and will soon be gone. As in the past, we will continue to make every effort we can to stretch every dollar to give you the best service possible for each dollar we spend. I will inform you when we will have our budget hearing.

Remember that this is clean-up week. Be sure that you round up all unneeded and unwanted trash around your place and haul it or call the City to haul it for you. We are having trouble at the landfill with people dumping trash just any and everywhere. The pit is at the very back of the landfill where most trash is disposed. Up front only brush and lumber to be burned should be dumped. We may be forced to again close the grounds except during certain hours.

I have heard very little about your feelings about a charge on your utility bill to be used to help support the ambulance service. Neither have I heard from you about the possibility of a Federal grant. Let us know what you think.

Remember CLEAN UP WEEK.
