New Program Aimed
At Strengthening
Land Values

A new long-term loan program
 offered by the Federal Land Bank of
 Texas should encourage new pur-
 chases of agricultural real estate and
 help strengthen declining land val-
 ues in the state, says Dr. Danny
 Klinefelter, economist-management,
 with the Texas Agricultural Exten-
 sion Service, The Texas A&M Uni-
 versity System.

On May 1, the Land Bank began
 offering 10-year fixed interest rate
 real estate loans. These loans are
 match-funded by 10-year securities
 purchased by the Land Bank at the
 time the loans are made, Klinefelter
 explains.

The loans will convert to the
 bank's variable rate at the end of the
 10 years. The current interest rates
 on these loans are 8 7/8 percent for
 farm loans and 9 1/8 percent for
 farm related businesses and rural
 home loans, he adds.

Borrowers must qualify under the
 Land Bank's usual credit standards
 and use the money only for new land
 purchases, Klinefelter says.

We add our congratulations to all of those in the community and area to the graduating seniors of 1987. We wish all of you the very best in the years ahead and hope that you put your best foot forward as you go along. We have pictures of the Gorman graduates and the Carbon graduates in this year's graduation

edition. We have been wanting to print the Carbon graduates pictures for a good long time but the opportunity just didn't come up. But this year the Carbon School got the pictures for us and we are more than proud to include them in the Progress Graduation Edition.

—J—
And thanks to all the advertisers in this issue who have made it possible for us to print all the pictures, class will, and other information on the graduates. Our advertisers really cooperate with us on these special

occasions and we truly appreciate it. Thank them the next time you are in the stores.

—J—
I attended the meeting the other night on the ambulance situation here in Gorman following the City Commission meeting, and also set in on a portion of the City Commission.

All the folks in attendance seemed ready to get things underway for securing volunteer ambulance service for our community. A meeting has been scheduled for Thursday, June 4, beginning at 7 p. m. at the Senior Citizens Center to discuss the possibility of forming a volunteer ambulance service for Gorman similar to the one now operating in Rising Star. It is doing an outstanding service for those folks, and the folks at the meeting seemed to think that if it can be done in Rising Star, then we can do it here also. Anyway, it will be discussed again at the June 4 meeting and all those interested in Gorman having an ambulance service should be in attendance at this meeting. Your input is badly needed.

—J—
The Lions Club did pretty good with their hamburger stand and rummage sale on Saturday at the watermelon shed. However, this week the Lions will move their hamburger concession stand downtown and will also sell cold drinks

and some rummage if they can get it rounded up. So come on out and eat a hamburger with the Lions Club from 11 a. m. to 2 p. m. and support their Miss Gorman contestant Sue Ann Osborne.

—J—
The Lions Club appreciates all the support they get in the community and area.

—J—
Here's a letter to the editor:
Dear editor:

I would like to subscribe to your paper. Enclosed is my check for one year.

My sister gave me an issue of your paper the other day and I read so many interesting articles. When I was a teenager and a young woman, I went to Gorman quite a lot as I lived nearby. Also I went to New Hope to school and church until I married. I read about so many friends that I knew back then. Some of them I had not heard of in over fifty years.

I look forward to enjoying many more articles. Thank you so much.

Lucy Baker Holloway
501 Fuller St. Apt. #136
Arlington, Tx 76011

—J—
Thanks for the good words Mrs. Holloway. We do try real hard to have good news stories in the Progress for folks to enjoy. Sometimes the news get a little short, but

we keep on chugging along, trying to get as much news of local interest as we possibly can. That's what the Progress is all about. Thanks again. Happy reading.

—J—
Well the slab has been poured for the building out on Hwy. 6 west, and the metal for the structure has been hauled in, but we still haven't been able to run down any solid facts about the project. Maybe we can get something for the paper next time. We have heard some rumors, but as far as we know, that's exactly what they are.

—J—
The different things going on now to raise funds for the Miss Gorman candidates is really in full swing as the different clubs and organizations are trying real hard to help their candidates win.

—J—
We plan on publishing pictures and information on the Miss Gorman candidates, as well as the Little Miss Gorman candidates in next week's paper. We are trying to get all the

pictures in for the paper, and if you haven't gotten yours in be sure and do so as quickly as possible, so we will have them.

—J—
These contests each year help raise a lot of funds for different projects. This year's proceeds will be used for a very worthwhile community project, so do what you can to get in on the fun and help your favorite candidate win.

—J—
The Chamber of Commerce is interested in seeing if anyone is interested in the land out on Highway 6 west on the curve where the old dump grounds used to be located, just outside the city limits. The land is available for a business opportunity which would help the employment situation here. The land is free to the right kind of business venture and the Chamber will be glad to discuss the land acquisition with a deserving possibility.

cans is the only way these girls have of raising money. Please support at least one, or even more, candidates by putting your change (or bills) into their cans. The contest will end at noon Saturday, June 20.

Once again, the candidates for Miss Gorman are: Becky Cordell representing the Chamber of Commerce; Amy Scitern representing the Gorman Business Alliance; Nikki Warren representing the Fire Dept.; and Sue Ann Osborne representing the Lions Club.

There are many different fund raising projects now underway to help these girls raise money. Each organization has projects planned for their candidate. Show your support for their help.

TO GHS 1987 GRADUATES

In the hustle and bustle of business, with its saving and slaving grind we are too apt to give credit to the works of our own hands and minds.

But we pause at this Graduation Time to give credit where it is really due to you kids and your parents and thankfully say that our progress results from you and their friendship.

You will meet some unsavory and immoral characters along the road of life and its is both you duty and responsibility to help change thier step where possible but never to fall into the path that they had trod. Keep America way ahead of anything in second place.

We express the same **Happy Graduation Greetings** we have extended each class for the past **Sixty-two years.**

CITY CHIT CHAT

By Mayor Charlie L. Garrett

I want to express my thanks to all who attended the City Commission meeting las Thursday evening. The mayor and all commissioners were present along with three city employees and a number of citizens. Some came for the budget hearing and some for the discussion on an ambulance service for Gorman. The Commission reviewed the budget that had been drawn up by the City Secretary from figures presented to her by the members of the Commission. The budget will be adopted at the meeting on June 4 at our regular meeting. I will give you more information about the budget after final adoption. There was a good discussion on a volunteer ambulance service. James Miears and Kenneth Roberts had attended a meeting of the Rising Star Volunteer Ambulance Service and presented information that they got to the group. Many expressed their desire to see this service started. This will be a major undertaking, but it can be done if the citizens of Gorman want an ambulance service bad enough. A public meeting is called for June 4 in the Senior Center at about 6:45 to try to organize something. Tell your neighbors and come out to the meeting. Patsy Clark of Comfort and Mrs. Ricky Clark, Garrett and Travis of Pflugerville visited Sunday with Lorena Clark and Estelle Craddock.

COMANCHE COUNTY TELEPHONE COMPANY

1987 SENIOR CLASS PROPHECY

INTRODUCTION

Due to popular demand and a loan made available by the "Puffs Loan Company", a sequel to "The Lone Road Warrior" was made in Mexico. Because of the deserts in Mexico, this setting was the perfect location for "Mad Mike's" second movie. When the need of extras for the movie became apparent, "Mad Mike" demanded that his friends from high school be immediately flown to Mexico City to fill the spots. Upon arrival the extras were met by the director of the movie and the star of the 1987 one-act play, Miss Bobbie, who then escorted them to the party for the new cast. When the banquet began, appreciation was given for the many services rendered such as:

Entertainment - "Is it live or is it Lance?"

Food - "Brody Beef"
Dessert - Toby Snider
Security - Tim Dennis
Wardrobe Rental - "Sambo"
All Transportation - "Super Vehicles, Inc."

And the dinner conversation was reported as follows:

JOEY BEATY

Joey was accepted into the World Wrestling Federation. He became well known for inhuman acts, which includes dismantling 3 of the 4 ring turnbuckles with his head, and reverse head locks (which is sure to make any wrestler go to sleep).

SAM BRINEGAR

After many years of observation, the Army chose Sam to design a new clothes line for the "in style GI" who wants the SAMBO look.

GLENN BURGESS

Glenn decided to follow in his father's footsteps and raise cattle. Glenn was unsatisfied with inferior breeds on the Burgess farm, so he starts his own new breed of cattle he calls "BRODY BEEF".

MICHAEL BURNS

After experimenting with many different types of fuel for racing

performance during high school, Michael formulates his own special fuel mixture for high performance engines at a cheaper price. After losing the Indianapolis 500 and many Grand Prix races, he finally realizes that putting propane in his special formula prevents his 4X4 truck from having the power to compete with formula one racing cars.

TIM DENNIS

After graduation he goes to the Police Academy and graduates at the top of his class. After several years on the police force, he was chosen by the Governor to head a task force for drug prevention that, fortunately, he was well equipped for with a static free walkie talkie and detective badge. After many late night busts, Tim cannot handle the pressure and retires in Gorman.

DAVID GIBBS

David decides to follow in his "Dad's" footsteps by going to college and becoming a coach. After his Dad's retirement, he is thrilled by the opportunity to take the job as head coach at Gorman.

LANCE JONES

After high school Lance pursues a talent which he formed during all his rock-n-roll sessions at the Methodist Church. That is, he will impersonate the lead vocals of many heavy metal bands, and will start an impersonating service called "IS IT LIVE OR IS IT LANCE?".

GRACIELA LANDA

After many years of work at the Dairy Queen, Graciela realizes the seriousness of burns and goes to work at the Shriners Burn Center.

SUE ANN OSBORNE AND KIM CANET

After graduation, they start a plumbing company called "Suey-Can It, Inc." After business slows down, Kim is forced to supplement their income by joining forces with Sue Ann at the Dairy Queen.

BILL (BUB) PLAUNTY

After graduation, Bill attends technical school to become a welder. He decides to expand his ability and build a high tech engine for his "Super Vehicles".

ARMANDO RAMIREZ

After many years of extensive training, Armando entered and won the Boston Marathon. As a result of this, the small town of Gorman soon grew rapidly to become the U.S. training center for the 1992 Olympics. Armando was the founder and president of this organization.

SARAH RODGERS

Sarah starts her own loan agency, called "Puffs Loan Company" with a maximum loan of \$50. The customer must promise that it will be paid back within 24 hours.

JENNIFER SIMMONS

After failing at her secretarial career, she is forced to return to her old job at McDonalds. Even though she has it made at McDonalds she is haunted by the fact that she wants to work at K-Mart. Finally Jennifer cannot live with herself, and she is forced to open up her own chain of stores called "J-Mart" so she can sleep at night.

STACEY SLAMPA

Because of being such a great success at basketball in college, she is able to quit her job at Wal-Mart. After her first year in Pro Women's basketball, she is able to buy herself a new car, a "Mini Car".

NAN SLOTH

After graduation, she returns to Denman, but no one recognizes her because of her great Texas tan.

MIKE SNIDER

After high school, Mike tries his hand in Hollywood. After many auditions, he takes Mel Gibson's place in his "Mad Max" movie sequels. It took 2 million dollars and one year of filming, but his first movie was finally produced, "Mad Mike" in the "Lone Road Warrior".

TOBY SNIDER

Toby made so much money writing and singing songs about pop tarts, he starts his own company designing pop tart clothes. Each set of clothes comes in wild colors and designs with the traditional pop tart on each one. His #1 hit was "Total Eclipse of the Tart".

RONNIE STANDRIDGE

After many speeding tickets from the highway patrol and many hours of defensive driving, he becomes an instructor for the Highway Patrol. Many students request his class because of his special technique of singing all traffic rules. In order to pass the class, each student is

Homemakers Class Meets at Home of Joan Butler

The Homemakers Sunday School Class of First Baptist Church met on Tuesday night, May 12, in the lovely country home of Joan Butler. We always enjoy our meetings with Joan. We, as usual, enjoyed a delicious salad supper with angel food cake with fresh strawberries and two delicious pies.

We then took care of business, reading all reports and then Annie Faye Foster brought reports from nominating committee. Juanita Fuller will be our new President, Mayvis Lasater vice President, and Irene West, Mayvis and Ora Lee Lawrence will serve on the Nominating Committee. Grace Townley will be our secretary, Elaine Skinner will remain our teacher for another year. Mayvis brought our devotional on Gaston Foot's article on "Where is God Now". He found God in every page of our Bible. He looked for and found God in everything around him.

He tells us God is still in the recruiting business for his work here, and he asks us to tell everyone that God is very much alive and well. Those enjoying the fellowship were Annie Faye, Lula, Frances, Grace, Juanita, Mayvis, Ora Lee, Iris, Euna, Thelma, Billie, Bea, and Irene with Joan as hostess.

SCHOOL HILL NEWS

Phone 758-2537

By Mrs. Oma Lee Ridell

We were so saddened to learn of the death of Brad Moon on Monday afternoon. He was laid to rest in the School Hill Cemetery. His family have our deepest sympathy.

Rev. Nelson and Elaine Wilhelm of Arkansas and Lanny Spruill of Burleson were here for Brad's funeral.

Sammie Lee and Odessa Outlaw were here to visit with me on Monday morning.

Cleta Cox of Albany has been here to visit with friends this week.

William and I decided to take the day out the other day and did fairly well for awhile then things seemed to go wrong. While we were sorta enjoying having breakfast out I spilled a glass of water in the seat and had to back out of that establishment. When I got into my vehicle I had a fight with that blasted seat belt. William finally noticed my sullen slashes with the belt and grudgingly offered to help. He got it hung together some way and I mean, it hung.

We went to the bank where I let him out and went on to Walmart. The stupid thing wouldn't let go of me. I wrestled till I gave out. Then I decided to make some policeman pay

for making me wear the thing in the first place. About halfway back to town I got paranoid and stopped at a station. That nice man fought thing just like Kevin Von Erich would have. He went back in for parts so often that I know it was to laugh.

He lay on the seat for a while then sat on my lap (if you want to call it that). Finally he got in the back seat to pull while I pushed. When we had my back against the back of the seat and my head through the steering wheel I almost got one leg through. There I sat like a contortionist. I could look out from between one leg and one arm and see people with huge grins on their faces but not a sound.

We decided to go the other way. After about an hour I lay on my sping with my knees under the dash and all of my chest around my neck. I could see I would smother this way so I got up after considerable time.

did you ever see anyone with a whiplash and a hernia at the same time and get it from a car that wasn't even moving? Finally I had an idea. W.D. 40. Just a few squirts and I was free. I'll never be without it in my purse again. There's just so much strain those things will put up with.

Keep going, grads. Success awaits you.
