Boy Scout Troop 38 Attend Camp At Camp Billy Gibbons

The Boy Scouts of Troop 38 returned home about 5 p.m. Sunday from a weekend camp-o-ree at Camp Billy Gibbons. The camp is located on Brady Creek about sixteen miles south of Richland Springs and has been at it's present location since 1947. About 350

scouts from nearby counties attended. Friday evening was spent setting up camp, Saturday afternoon the troop entered various contests and took three second place awards. They did very good considering their level of experience. One of the instructors said, "the troop from Gorman worked harder than any other troop". The events were designed to promote scouting skills such as map reading, physical fitness, knots, and others. The camp closed after a brief chapel service Sunday morning. Then everyone went to the creek and had a good long swim.

The scouts attending were: Verl Ervin, Daniel Reeves, Daniel Sanchez, Josh Evans, Brent Skaggs, Kenneth Rainey, Tim Fox, Trino Escalante, Christian Clark, Natan Hawkins, Mario Rodreguez, Charlie Torrez, Michael Singleton, William Rainey, Jonray Childers, Freddie Huff, Scoutmaster Roscoe Reeves and Assistant Scoutmaster Gene Skaggs. Now that all the cuts and scratches are healed, the ticks picked off, and everyone is rested.....they are ready to go again.!

WHATSIS OUT BACK, RUNS WINTER, AND SAVES

A heat pump. And there are three good reasons you should get one. A HEAT PUMP COOLS. HEATS AND SAVES.

Replace your old air conditioner with a new electric heat pump. It's a high efficiency air conditioner in summer. In winter, it's your most energy efficient heating system, especially when the temperature is above 32°

TEXAS IS HEAT PUMP TERRITORY.

Since it stays above freezing 94% of the time in our area, you can't beat a heat pump for money-saving efficiency.

A HEAT PUMP CAN SAVE \$130 A YEAR.

Compared to a gas furnace, a heat pump is more energy efficient. And TU Electric's low rates make heating and cooling your home with a heat pump an even better value. Tests have shown you can save \$130 or more a year by installing a heat pump.*

GET MORE INFORMATION.

You can find out more about the amazing heat pump, including details on rebates, from your local heat pump dealer.

*Typical costs based on 1,658 sq. ft. home, comparing 9.0 SEER heat pump to 9.0 SEER air conditioning unit with a gas furnace, using TU Electric rates. (\$0.0385/kWh winter electric rate, \$0.065/kWh summer electric rate.)

THE GORMAN PROGRESS MAY 4, 1989

Marge Hudson Betty Quinn of Saginaw, Glenn and Honored By Edna Smith Class

Mary Margaret Hudson (affectionally known to everyone as Marge) is secretary of the First Baptist Church in Gorman. She is such a wonderful secretary, doing much more than she is hired to do. She helps so many that come to her, saying "can you print this or that for me?'

She has been such a help to the Edna Smith Class. She makes our vearbooks, as she does for other classes, and the Edna Smith Class wanted to show their appreciation for her by taking her out for dinner on April 20th. We had such a good time visiting together and sampling all those great dishes at the Golden Corral in Stephenville.

Those participating were Louise Brown, Hazel Smith, Bonnie Croft, Frankie Jo Shipman, Connie Hall, Anna Rush, Estell Erwin, Geraldene Wright and Gladys Chambless.

A wonderful time of fellowship with all our visitors was enjoyed by all. We really appreciate Bro. Our grandson, Joe Miles of Abilene, and his pit crew, sure know what problems with a race car can be, as Joe lost a wheel and broke an axle during the feature race of the late model economy class at the Abilene Speedway Saturday night. He still placed 6th as only 5 cars finished the race before him. He had a better run in the heat races, finishing 2nd in the first heat, and 3rd in the second heat.

Robert Miles spun out on the 10th lap in his heat in the stock car races. but placed 7th out of 22 cars in the feature race, and I understand that he did some very good driving.

And the HAIL came on Tuesday night, along with an inch of rain and a lot of high wind, all within about 20 minutes or so. The ground was pretty well covered with the hail ranging from marble to golf ball size. It didn't completely strip the trees as hailstones in the past have done, but there is still lots of leaves on the ground. Just about the most beautiful garden that we've ever had lies in sad shape this Wednesday morning, and I feel sure that there is some roof damage. But we are thankful that it wasn't worse.
